REGULATION (EEC) No 746/73 OF THE COMMISSION

of 16 March 1973

fixing the refunds on milk and milk products exported in the natural state

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation (EEC) No 804/68 ⁽¹⁾ of 27 June 1968 on the common organization of the market in milk and milk products, as last amended by the Act ⁽²⁾ annexed to the Treaty ⁽³⁾ on the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, signed at Brussels on 22 January 1972, and in particular Article 17 (4) thereof ;

Having regard to the Opinion of the Monetary Committee ;

Whereas Article 17 of Regulation (EEC) No 804/68 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund ;

Whereas Council Regulation (EEC) No 876/68 ⁽⁴⁾ of 28 June 1968 laying down general rules for granting export refunds on milk and milk products and criteria for fixing the amount of such refunds, as amended by Regulation (EEC) No 2429/72 ⁽⁵⁾, provides that when the refunds on the products listed in Article 1 of Regulation (EEC) No 804/68, exported in the natural state, are being fixed account must be taken of :

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade ;
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination ;
- the aims of the common organisation of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market ;

— the need to avoid disturbances on the Community market ; and

— the economic aspect of the proposed exports ;

Whereas Article 3 (1) of Regulation (EEC) No 876/68 provides that when prices within the Community are being determined account should be taken of the ruling prices which are most favourable for exportation, and that when prices in international trade are being determined particular account should be taken of :

- (a) prices ruling on third country markets ;
- (b) the most favourable prices in third countries of destination for third country imports ;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries ; and
- (d) free-at-Community-frontier offer prices ;

Whereas Article 4 of Regulation (EEC) No 876/68 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of Regulation (EEC) No 804/68 according to destination ;

Whereas Article 5 (1) of Regulation (EEC) No 876/68 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks ; whereas the amount of the refund may, however, remain at the same level for more than four weeks ;

Whereas Article 2 of Commission Regulation (EEC) No 1098/68 ⁽⁶⁾ of 27 July 1968 on detailed rules for the application of export refunds on milk and milk products, as last amended by the Act annexed to the Treaty on the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, signed at Brussels on 22 January 1972, provides that the

⁽³⁾ OJ No L 73, 27. 3. 1972, p. 5.

refund on products falling within subheading No 04.02 B is equal to the sum of two components, the first representing the quantity of milk products and the second representing the quantity of added sucrose; whereas, however, the latter component applies only if the added sucrose was produced from beet or cane harvested within the Community;

Whereas for the products falling within subheading No 04.02 B II a) or 04.02 B II b) 1 with a fat content not exceeding 9.5 % by weight the first component referred to above is fixed for 100 kg of the whole product; whereas for the other products falling within subheading No 04.02 B this component is calculated by multiplying the basic amount by the milk product content of the product in question; whereas this basic amount is the refund on 1 kilogramme of milk products contained in the product;

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation No 1009/67/EEC⁽¹⁾ of 18 December 1967 on the common organization of the market in sugar, as last amended by Regulation (EEC) No 174/73⁽²⁾;

Whereas, if the refund system is to operate normally, refunds should be calculated on the basis of an exchange rate which is based, in the case of currencies which are floating or whose central rate differs from the official parity, on the effective rate or the

central rate of these currencies and, in the case of the US dollar, on the change in parity announced on 13 February 1973;

the European Atomic Energy Community, signed at Brussels on 22 January 1972;

Whereas it follows from applying these rules to the present situation on the market in milk and milk products, and in particular to prices for these products within the Community and on the world market, that the refund should be fixed at the amounts shown in the Annex to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee of Milk and Milk Products;

HAS ADOPTED THIS REGULATION:

Article 1

The refunds referred to in Article 17 of Regulation (EEC) No 804/68 on products exported in the natural state are hereby fixed at the amounts shown in the Annex.

Article 2

This Regulation shall enter into force on 19 March 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Whereas, pursuant to Article 2 (2) of Regulation No 371/67/EEC, an export levy may be introduced for products falling within subheadings Nos 11.08 A I, III, IV and V, 11.09, 17.02 B II, 17.05 B and 23.03 A I of the Common Customs Tariff when world market prices for maize or common wheat exceed 6.80 units of account;

Whereas, by Regulation (EEC) No 1604/71⁽⁶⁾ of 26 July 1971, as amended by Regulation (EEC) No 347/73⁽⁷⁾, the Commission laid down detailed rules for the application of the export levy on starch products; whereas Article 2 (1) of that Regulation provides that a levy is introduced when it is found that the import levy is at least 0.30 unit of account/100 kg less than the amount of the production refund valid in the current month and that the average of the levies in the immediately following fortnight is at least 0.30 unit of account/100 kg less than the average of the production refund valid in that fortnight;

Whereas the export levy must be equal, per 100 kg of basic product, to the difference between the production refund valid on the day on which this export levy is fixed and the average of the levies applicable on the seven days preceding the day it

comes into force; whereas this difference must then be multiplied for the products mentioned in Article 1 by the coefficients relating to these products shown in column 4 of the Annex to Regulation (EEC) No 1052/68⁽⁸⁾, as last amended by Regulation (EEC) No 2728/71⁽⁹⁾;

Whereas the production refund on maize and common wheat intended for the manufacture of starch and quellmehl is defined in Article 1 of Regulation No 371/67/EEC;

Whereas, pursuant to Article 4 (a) of Regulation (EEC) No 1604/71 for the new Member States the amounts to be considered respectively as import levy and production refund in accordance with the preceding Articles shall be the levy and the production refund for the product in question respectively, minus the applicable compensatory amount;

Whereas the export levy must be fixed once a week; whereas it is altered only if application of Article 2 (2) (a) of Regulation (EEC) No 1604/71 entails an increase or a reduction of more than 0.08 unit of account/100 kg of basic product;

Whereas, if the levy system is to operate normally, levies should be calculated on the basis of an exchange rate which is based, in the case of currencies which are floating or whose central rate differs from the official parity, on the effective rate or the central rate of these currencies and, in the case of the US dollar, on the change in parity announced on 13 February 1973;

Whereas it follows from applying all these provisions to the world market price of maize and common wheat and to the import levies that an export levy should be introduced for the products listed in the Annex;

HAS ADOPTED THIS REGULATION:

Article 1

The export levies provided for in Article 2 (2) of Regulation No 371/67/EEC are hereby fixed as shown in the Table annexed to this Regulation for the products listed therein.
