REGULATION (EEC) No 2048/73 OF THE COMMISSION

of 17 July 1973

establishing certain marketing centres for cereals and the derived intervention prices
applicable therein for the 1973/74 season

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the
European Economic Community;

Having regard to Council Regulation No 120/67/
EEC ⁽¹⁾ of 13 June 1967 on the common organization
of the market in cereals, as last amended by Regulation
(EEC) No 1346/73 ⁽²⁾, and in particular Article 4 ⁽⁶⁾
thereof;

Whereas the derived intervention prices fixed by the
Council for the principal marketing centres provide
only the framework of the price regionalization
operating in the Community; whereas to build upon
this framework by fixing other derived intervention
prices operative in other marketing centres will serve
the particular purpose of facilitating the free
movement of cereals;

Whereas these additional derived intervention prices
must be calculated in accordance with the rules
contained in Council Regulation No 131/67/EEC ⁽³⁾
of 13 June 1967 laying down the rules for fixing the
derived intervention prices and for determining
certain marketing centres for cereals, as last amended
by Regulation (EEC) No 1205/69 ⁽⁴⁾; whereas,
moreover, the choice of additional marketing centres
to which they apply must be dictated by the
application of criteria also prescribed in the
last-named Regulation;

Whereas the single intervention prices for maize,
durum wheat and rye have been fixed in Council
Regulation (EEC) No 1927/73 ⁽⁵⁾ of 16 July 1973
determining for the 1973/74 marketing year the
principal marketing centres for cereals and the
derived intervention prices applicable at these centres
and the single intervention price for maize, for durum
wheat and for rye; whereas, it is appropriate to apply
these to the marketing centres concerned for these
cereals;

Whereas the consultations provided for in Article 4
⁽⁶⁾ of Regulation No 120/67/EEC have taken place;

Whereas the measures provided for in this Regulation
are in accordance with the Opinion of the
Management Committee for Cereals;

HAS ADOPTED THIS REGULATION:

Article 1

For the 1973/74 marketing season the marketing
centres referred to in Article 4 ⁽⁵⁾ (a) of Regulation
No 120/67/EEC and the derived intervention prices
applicable therein with effect from 1 August 1973
shall be as determined in the Annex to this
Regulation.

Article 2

This Regulation shall enter into force on 1 August
1973.

⁽¹⁾ OJ No 117, 19. 6. 1967, p. 2269/67.

⁽²⁾ OJ No L 141, 28. 5. 1973, p. 8.

⁽³⁾ OJ No 120, 21. 6. 1967, p. 2362/67.

⁽⁴⁾ OJ No L 155, 28. 6. 1969, p. 7.

⁽⁵⁾ OJ No L 199, 19. 7. 1973, p. 4.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 17 July 1973.

For the Commission

The President

François-Xavier ORTOLI

REGULATION (EEC) No 2049/73 OF THE COMMISSION

of 19 July 1973

laying down general rules concerning the components designed to ensure, within the cereals and rice sectors, the protection of the processing industry as regards trade within the Community for the 1973/74 marketing year

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 224/73 ⁽¹⁾ of 31 January 1973 laying down general rules concerning the components designed to ensure, within the cereals and rice sectors, the protection of the processing industry, and fixing those components in respect of the new Member States, and in particular the second indent of Article 1 (3) thereof;

Whereas under Article 61 (3) of the Act ⁽²⁾ annexed to the Treaty on the Accession of new Member States to the European Economic Community and to European Atomic Energy Community, signed at Brussels on 22 January 1972, the components for protection of the processing industry — hereinafter called 'fixed components' — are to be progressively abolished between the Community as originally constituted and the new Member States and between the new Member States themselves at the beginning of the marketing year specified for the basic product in question in accordance with the timetable provided for in Article 59 (1) of the aforementioned Act; whereas consequently the first reduction reduces those fixed components to 80 % of the basic fixed components;

Whereas, furthermore, no authorization has been granted under Article 59 (4) of the Act;

HAS ADOPTED THIS REGULATION:

Article 1

For the 1973/74 marketing year, the fixed components to be levied on imports from the new Member States into the Community as originally constituted and on imports into each new Member State from the other Member States shall be as shown in the Annex.

Article 2

The fixed components referred to in Article 1 shall apply:

- from 1 August 1973 in respect of products coming under Council Regulation No 120/67/EEC ⁽³⁾ of 25 July 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1346/73 ⁽⁴⁾;
- from 1 September 1973 in respect of products coming under Council Regulation No 359/67/EEC ⁽⁵⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by the Act on the Conditions of Accession and the Adjustments to the Treaties.

Article 3

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 19 July 1973.

For the Commission

REGULATION (EEC) No 2050/73 OF THE COMMISSION

of 25 July 1973

fixing the sluice-gate prices and levies for eggs

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 122/67/EEC ⁽¹⁾ of 13 June 1967 on the common organization of the market in eggs, as last amended by the Act ⁽²⁾ on the Conditions of Accession and Adjustments to the Treaties, and in particular Articles 3 and 7 (1) thereof;

Whereas a levy fixed in advance for each quarter should be charged on the products referred to in Article 1 (1) of Regulation No 122/67/EEC when these are imported into the Community; whereas the levies were last fixed by Regulation (EEC) No 1055/73 ⁽³⁾ for the period up to 31 July 1973 and a new levy should accordingly be fixed for the period from 1 August to 31 October 1973;

Whereas the levy on eggs in shell consists of two components;

Whereas the first component must be equal to the difference between prices within the Community and on the world market for the quantity of feed grain specified in Annex I of Council Regulation No 145/67/EEC ⁽⁴⁾ of 21 June 1967 laying down rules for calculating the levy and the sluice-gate price for eggs;

Whereas the price within the Community for that quantity of feed grain should be determined in accordance with Article 2 of Regulation No 145/67/EEC; whereas the price for the like quantity on the world market should be determined in accordance with Article 3 of that Regulation;

Whereas Article 3 aforesaid provides that the price for each type of feed grain is equal to the average of the cif prices determined for that cereal for the period of six months preceding the quarter during which the

said component was calculated; whereas that period runs from 1 November 1972 to 30 April 1973;

Whereas the second component must be equal to 7 % of the average of the sluice-gate prices operative for the four quarters preceding 1 May in each year;

Whereas the levy on eggs for hatching must be calculated by using the same method as for the levy on eggs in shell, whereas, however, the quantity of feed grain used for the calculation must be that fixed in Annex I of Regulation No 145/67/EEC; whereas the second component must be equal to 7 % of the average of the sluice-gate prices applicable to eggs for hatching;

Whereas the levy on the products referred to in Article 1 (1) (b) of Regulation No 122/67/EEC must be derived from the levy for eggs in shell by applying the coefficients fixed in the Annex to Commission Regulation No 164/67/EEC ⁽⁵⁾ of 26 June 1967 fixing the factors for calculating levies and sluice-gate prices for derived egg products, as amended by Regulation (EEC) No 1005/68 ⁽⁶⁾;

Whereas the sluice-gate prices for the products referred to in Article 1 (1) of Regulation No 122/67/EEC must be fixed in advance for each quarter; whereas, since the sluice-gate prices were last fixed by Regulation (EEC) No 1055/73 for the period up to 31 July 1973, they must now be fixed for the period from 1 August to 31 October 1973;

Whereas the sluice-gate price for eggs in shell consists of two components;

Whereas the first component must be equal to the price on the world market for the quantity of feed grain specified in Annex II of Regulation No 145/67/EEC;

Whereas the price for that quantity of grain must be determined in accordance with Article (4) 2 and (3) of Regulation No 145/67/EEC;

Whereas under that Article 4 the price for each cereal on the world market is to be equal to the average of the cif prices determined for that cereal for the period

of six months preceding the quarter during which the said component is calculated; whereas that period runs from 1 November 1972 to 30 April 1973;

Whereas the second amount, reflecting other feeding costs and overhead costs of production, was fixed by Annex II to Regulation No 145/67/EEC;

Whereas the sluice-gate price for eggs for hatching must be calculated using the same method as that used for calculating the sluice-gate price for eggs in shell; whereas, however, the price for the quantity of feed grain must be the price for the quantity fixed in Annex II to Regulation No 145/67/EEC; whereas the standard amount must be that fixed in the same Annex;

Whereas the sluice-gate price for the products mentioned in Article 1 (1) (b) of Regulation No 122/67/EEC must be derived from the sluice-gate price for eggs in shell by taking into account the less value of the basic material, the coefficients for those products fixed pursuant to Article 5 (2) of that Regulation, and the standard amount referred to in the Annex to Regulation No 164/67/EEC;

Whereas, with regard to the less value to be included in the calculation of the sluice-gate prices for whole products, account should be taken firstly of the lack of certain specific marketing costs for eggs in shell, and of a percentage reflecting the lower prices generally obtained for eggs reserved for processing; whereas these marketing costs — to be deducted from the sluice-gate price for eggs in shell — may be

assessed at 0.0413 u.a./kg; whereas the percentage to be deducted from that reduced sluice-gate price may be assessed at 15 %;

Whereas, with regard to the loss value to be included in the calculation of the sluice-gate price for separated products, the same marketing costs as those used for whole products should be taken into account; whereas, however, the percentage to be used should be lower than that used for whole products, as fresh eggs must be used in separated products; whereas that percentage may be assessed at 7 %;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Poultrymeat and Eggs;

HAS ADOPTED THIS REGULATION:

Article 1

The levies provided for in Article 3 of Regulation No 122/67/EEC and the sluice-gate prices provided for in Article 7 of that Regulation for the products referred to in Article 1 (1) of that same Regulation are fixed in the Annex.

Article 2

This Regulation shall enter into force on 1 August 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 2051/73 OF THE COMMISSION
of 25 July 1973

fixing sluice-gate prices and levies for poultrymeat

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 123/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in poultrymeat, as last amended by the Act⁽²⁾ on the Conditions of Accession and Adjustments to the Treaties, and in particular Article 3 and Article 7 (1) thereof;

Whereas a levy, fixed quarterly in advance, must be charged on imports into the Community of the products referred to in Article 1 (1) of Regulation No 123/67/EEC;

Whereas levies were last fixed by Regulation (EEC) No 1089/73⁽³⁾, for the period ending 31 July 1973, and new levies must thereof be fixed for the period from 1 August to 31 October 1973;

Whereas the levy on slaughtered poultry consists of two components;

Whereas the first component must be equal to the difference between prices within the Community and on the world market for the quantity of feed grain determined in Annex 1 to Council Regulation No 146/67/EEC⁽⁴⁾ of 21 June 1967 laying down rules for calculating the levy and the sluice-gate price for poultrymeat, as amended by Regulation (EEC) No 988/73⁽⁵⁾;

Whereas the price for the quantity of feed grain in the Community must be fixed in accordance with the provisions of Article 2 of Regulation No 146/67/EEC; whereas the price of that quantity on the world market must be fixed in accordance with the provisions of Article 3 of the said Regulation;

Whereas the said Article 3 provides that the price of each of the cereals on the world market must be equal to the average of the cif prices determined for

that cereal for the period of six months preceding the quarter during which the component is calculated; whereas this period is that from 1 November 1972 to 30 April 1973;

Whereas the second component must be equal to 7 % of the average of the sluice-gate prices applicable during the four quarters to 1 May of each year;

Whereas the levy on chicks must be calculated in the same way as the levy on slaughtered poultry; whereas, nevertheless, the quantity of feed grain used for the calculation must be that shown in Annex I to Regulation No 146/67/EEC; whereas the second component must be equal to 7 % of the average of the sluice-gate prices applicable to chicks;

Whereas the levy applicable to the products referred to in Article 1 (2) (d) of Regulation No 123/67/EEC must be derived from the levy on slaughtered poultry on the basis of the coefficients fixed in the Annex to Commission Regulation No 199/67/EEC⁽⁶⁾, of 28 June 1967, fixing the coefficients for calculating levies on derived poultrymeat products, as last amended by Regulation (EEC) No 1087/73⁽⁷⁾;

Whereas, for the products falling within heading and subheading Nos 02.03, 15.01 B, and 16.02 B I of the Common Customs Tariff, in respect of which the rate of duty payable has been bound within GATT, the levies shall be limited to the amount resulting from that binding;

Whereas, for the products referred to in Article 1 (1) of Regulation No 123/67/EEC, sluice-gate prices must be fixed in advance for each quarter; whereas sluice-gate prices were last fixed by Regulation (EEC) No 1089/73 for the period ending 31 July 1973, and new prices must, therefore, now be fixed for the period from 1 August to 31 October 1973;

Whereas the sluice-gate price for slaughtered poultry is made up of two components;

Whereas the first component must be equal to the price on the world market of the quantity of feed grain shown in Annex II to Regulation No 146/67/EEC;

⁽¹⁾ OJ No 117, 19. 6. 1967, p. 2301/67.

⁽²⁾ OJ No L 73, 27. 3. 1972, p. 14.

⁽³⁾ OJ No L 110, 27. 4. 1973, p. 24.

⁽⁴⁾ OJ No L 125, 26. 6. 1967, p. 2470/67.

⁽⁵⁾ OJ No L 99, 13. 4. 1973, p. 6.

⁽⁶⁾ OJ No 134, 30. 6. 1967, p. 2831/67.

⁽⁷⁾ OJ No L 110, 27. 4. 1973, p. 32.

Whereas the price of this quantity of cereals must be fixed in accordance with the provisions of Article 4 (2) and (3) of Regulation No 146/67/EEC;

Whereas the said Article 4 provides that the price of each cereal on the world market shall be equal to the average of the cif prices determined for that cereal for the period of six months preceding the quarter during which the said component is calculated;

Whereas this period is that from 1 November 1972 to 30 April 1973;

Whereas the second amount, which includes other feeding costs, as well as general production and marketing costs, is fixed in Annex II to Regulation No 146/67/EEC;

Whereas the sluice-gate price for chicks must be calculated in the same way as the sluice-gate price for slaughtered poultry; whereas, nevertheless, the quantity of feed grain used for the calculation must be that shown in Annex II to Regulation 146/67/EEC; whereas the standard amount must be that fixed in the same Annex;

Whereas the sluice-gate prices for products referred to in Article 1 (2) (d) of Regulation No 123/67/EEC must be derived from the sluice-gate prices for slaughtered poultry on the basis of the coefficients

fixed for these products in accordance with Article 5 (3) of this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Poultrymeat and Eggs;

HAS ADOPTED THIS REGULATION:

Article 1

1. The levies provided for in Article 3 of Regulation No 123/67/EEC and the sluice-gate prices provided for in Article 7 of that Regulation for the products referred to in Article 1 (1) thereof are specified in the Annex.

2. However, for products falling within heading No 02.03 and subheading Nos 15.01 B and 16.02 B I of the Common Customs Tariff, in respect of which the rate of duty has been bound within GATT, the levies shall be limited to the amount resulting from that binding.

Article 2

This Regulation shall enter into force on 1 August 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 2052/73 OF THE COMMISSION

of 25 July 1973

fixing the sluice-gate prices and the import duties for ovalbumin and lactalbumin

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 170/67/EEC of 27 June 1967 on the common system of trade for ovalbumin and lactalbumin and repealing Regulation No 48/67/EEC ⁽¹⁾, as amended by Regulation (EEC) No 1081/71 ⁽²⁾, in particular Article 2 (2) and the second subparagraph of Article 5 (5) thereof;

Whereas the sluice-gate prices and the duties on imports of the products referred to in Article 1 of Regulation No 170/67/EEC must be fixed quarterly in advance;

Whereas, since the sluice-gate prices and the duties on imports for ovalbumin and lactalbumin were last fixed by Regulation (EEC) No 1056/73 ⁽³⁾ for the period up to 31 July 1973, they must be fixed again for the period from 1 August 1973 to 31 October 1973; whereas they must be based on the sluice-gate price and the levy for eggs in shell operative for the same period;

Whereas that sluice-gate price and that levy were fixed by Commission Regulation (EEC) No

2050/73 ⁽⁴⁾ of 25 July 1973 fixing the sluice-gate prices and the levies for eggs;

Whereas the methods for calculating sluice-gate prices and duties on imports are laid down in Regulation No 200/67/EEC ⁽⁵⁾; whereas these methods should be used for calculating the sluice-gate prices and duties on imports for the coming quarter;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Poultrymeat and Eggs;

HAS ADOPTED THIS REGULATION:

Article 1

The duties on imports provided for in Article 2 of Regulation No 170/67/EEC and the sluice-gate prices provided for in Article 5 of that Regulation for the products listed in Article 1 of that Regulation shall be as shown in the Annex.

Article 2

This Regulation shall enter into force on 1 August 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 25 July 1973.

REGULATION (EEC) No 2053/73 OF THE COMMISSION

of 25 July 1973

fixing the compensatory amounts for eggs

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty ⁽¹⁾ signed in Brussels on 22 January 1972 on the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, as amended by the Decision of 1 January 1973 ⁽²⁾;

Having regard to Council Regulation (EEC) No 237/73 ⁽³⁾ of 31 January 1973 laying down general rules for the system of compensatory amounts for eggs, and in particular Article 9 (2) thereof;

Whereas compensatory amounts for eggs were fixed for the period until 31 July 1973 by Regulation (EEC) No 237/73 and Commission Regulation (EEC) No 369/73 ⁽⁴⁾ of 31 January 1973;

Whereas the compensatory amounts applicable from 1 August 1973 for eggs in shell are to be calculated on the basis of the compensatory amounts fixed for these products in Regulation (EEC) No 237/73 and by reference to the variation in the compensatory amounts applicable for the quantity of feed grains required to produce of one kilogramme of eggs in shell or hatching eggs in the Community;

Whereas the compensatory amounts applicable in the same period for other egg products must be derived from the compensatory amount for eggs in shell, other than hatching eggs, by means of the coefficients fixed by Commission Regulation No 164/67/EEC ⁽⁵⁾ of 26 June 1967 fixing the factors for calculating levies and sluice-gate prices for derived egg products, as amended by Regulation (EEC) No 1005/68 ⁽⁶⁾;

Whereas the compensatory amounts for ovalbumin and lactalbumin must be derived from the same compensatory amounts by means of the coefficients fixed by Commission Regulation No 201/67/EEC of 28 June 1967 on detailed rules for the application of Regulation No 170/67/EEC on the common system of trade for ovalbumin and lactalbumin and repealing Regulation No 48/67/EEC ⁽⁷⁾;

Whereas the calculation of the compensatory amounts for trade with Denmark results in minimal amounts; whereas in implementation of Article 55 (4) of the Act of Accession there is no need to fix compensatory amounts for that country;

Whereas the Management Committee for Poultrymeat and Eggs has not delivered an Opinion within the time set by its Chairman;

HAS ADOPTED THIS REGULATION:

Article 1

The compensatory amounts for egg products, ovalbumin and lactalbumin applicable from 1 August 1973 until 3 July 1974 in trade between the Community as originally constituted and the new Member States, and between those States and third countries, shall be fixed as shown in the Annex.

Article 2

This Regulation shall enter into force on 1 August 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Whereas the compensatory amounts applicable from 1 August 1973 for slaughtered poultry and chicks are to be calculated on the basis of the amounts fixed for these products in Regulation (EEC) No 235/73 and by reference to the variation in the compensatory amounts applicable for the quantity of feed grains required to produce one kilogramme of poultrymeat or one chick in the Community;

Whereas the compensatory amounts applicable for the same period for other types of whole poultry must be derived from the compensatory amounts for

slaughtered poultry by means of the coefficients determined by Commission Regulation No 199/67/EEC ⁽⁷⁾ of 28 June 1967 fixing the coefficients for calculating levies on derived poultrymeat products, as last amended by Regulation (EEC) No 1087/73 ⁽⁸⁾;

Whereas the calculation of the compensatory amounts for trade with Denmark results in minimal amounts; whereas in implementation of Article 55 (4) of the Act of Accession there is no need to fix compensatory amounts for that country;

REGULATION (EEC) No 2055/73 OF THE COMMISSION

of 25 July 1973

further amending the Annex to Regulation No 451/67/EEC determining the quantity of potatoes required for the manufacture of 100 kilogrammes of starch

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC ⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1346/73 ⁽²⁾;

Having regard to Council Regulation No 371/67/EEC ⁽³⁾ of 25 July 1967 fixing production refunds on starches and quellmehl, as last amended by Regulation (EEC) No 179/73 ⁽⁴⁾, and in particular Article 5 thereof;

Whereas Council Regulation (EEC) No 1964/73 ⁽⁵⁾ of 17 July 1973 fixing the threshold price for cereals for the 1973/74 marketing year fixed the threshold price for maize at a level higher than that which was operative for the 1972/73 marketing year; whereas, pursuant to Article 1 (1) of Regulation No 371/67/EEC, this increase entails an increase in the production refund on maize for the manufacture of starch; whereas under paragraph 2 of that Article the production refund granted per 100 kilogrammes of potato starch is to be equal to the refund granted on the quantity of maize required for the manufacture of 100 kilogrammes of starch therefrom;

Whereas the Annex to Regulation No 451/67/EEC ⁽⁶⁾, as last amended by Regulation (EEC) No 1503/72 ⁽⁷⁾, should therefore be amended by means of an adjustment, designed to reflect the

aforementioned increase in the threshold price, to the figures for the production refund payable per 100 kilogrammes of potatoes and also, given that under Article 3 of Regulation No 371/67/EEC, the amount of such refund is to be included in the minimum price to be paid to the potato grower, to the figures for that price;

Whereas Article 1 (4) provides that for Ireland and the United Kingdom the production refund on potato starch is to be calculated net of the relevant compensatory amount; whereas such compensatory amount is likely to fluctuate in the course of the marketing year; whereas it is therefore impossible to calculate the exact minimum price to be paid to potato growers in Ireland and the United Kingdom; whereas the prices set out in Annexes A and B should therefore be regarded as provisional and should be fixed finally at the end of the 1973/74 marketing year, when the exact amount of the production refund for these two Member States will be known;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals;

HAS ADOPTED THIS REGULATION:

Sole Article

1. With effect from 1 August 1973 the Annex to Commission Regulation No 451/67/EEC of 14 August 1967 determining the quantity of potatoes required for the manufacture of 100 kilogrammes of starch is replaced by Annexes I, II and III to this Regulation.

2. However, the figures set out in Annexes I and II in respect of the production refund per 100 kilogrammes of potatoes and of the minimum price to be paid to the grower per 100 kilogrammes of potatoes shall, with effect from 1 August 1973, be confirmed or replaced in the light of the amount of production refunds actually granted on maize.

REGULATION (EEC) No 2056/73 OF THE COMMISSION

of 27 July 1973

fixing compensatory amounts for pigmeat products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty ⁽¹⁾ concerning the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, signed at Brussels on 22 January 1972, as amended by the Decision of 1 January 1973 ⁽²⁾;

Having regard to Council Regulation (EEC) No 234/73 ⁽³⁾ of 31 January 1973 laying down general rules for the system of compensatory amounts for pigmeat, and in particular Article 8 (2) thereof;

Whereas the compensatory amounts applicable up to 31 July 1973 for pigmeat products were fixed in Regulation (EEC) No 234/73 and in Commission Regulation (EEC) No 467/73 ⁽⁴⁾ of 31 January 1973;

Whereas the compensatory amounts applicable to pig carcasses from 1 August 1973 are to be calculated by taking as a basis the amounts fixed for these products in Regulation (EEC) No 234/73 and adjusting them to take account of the variation in the compensatory amounts applicable in respect of the quantity of feed grain required to produce one kilogramme of pigmeat in the Community;

Whereas the compensatory amounts applicable from that same date for products other than pig carcasses are to be derived, by means of coefficients expressing the

ratio referred to in Article 10 (1) and (2) (a) of Council Regulation No 121/67/EEC ⁽⁵⁾ of 13 June 1967 on the common organization of the market in pigmeat, as last amended by the Act, annexed to the Treaty of Accession, from those applicable for pig carcasses;

Whereas calculation of the compensatory amounts applicable to Denmark produces minimal amounts, and whereas therefore, in accordance with Article 55 (4) of the Act of Accession, no compensatory amounts should be fixed for that country;

Whereas the Management Committee for Pigmeat, has not delivered an opinion within the time limit set by its Chairman;

HAS ADOPTED THIS REGULATION:

Article 1

The compensatory amounts for pigmeat products applicable from 1 August 1973 to 31 July 1974 in trade between the Community as originally constituted and the new Member States, and between the latter and third countries, shall be as shown in the Annex hereto.

Article 2

This Regulation shall enter into force on 1 August 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 27 July 1973.

For the Commission

The President

François-Xavier ORTOLI

REGULATION (EEC) No 2057/73 OF THE COMMISSION

of 27 July 1973

re-establishing Common Customs Tariff duties on sheep- and lamb-skin leather falling within subheading No 41.03 B II, originating in Lebanon, to which the preferential tariff arrangements set out in Council Regulation (EEC) No 2762/72 of 19 December 1972 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 2762/72⁽¹⁾ of 19 December 1972 establishing preferential tariffs in respect of certain products originating in developing countries, and in particular Article 4 (2) thereof;

Whereas Article 1 (3) and (4) of that Regulation provides that the Common Customs Tariff duties may, for each category of products, be suspended up to a Community ceiling, expressed in units of account, which will usually be equal to the sum arrived at by adding together the value of the products in question imported cif into the Community in 1968 and coming from countries and territories covered by those arrangements, but not including products coming from countries and territories already covered by various preferential tariff arrangements established by the Community, and 5 % of the value of 1970 cif imports coming from other countries and from countries and territories already covered by such arrangements;

Whereas, having regard to that ceiling, the amounts for products originating in any one of the countries or territories listed in Annex B to that Regulation should be within a maximum Community amount representing 50 % of that ceiling, with the exception of certain products for which the maximum amount is to be reduced to the percentage indicated in Annex A to that Regulation;

Whereas Article 2 (2) of that Regulation provides that the Common Customs Tariff duties may be re-established at any time in respect of imports of the products in question originating in any of the said countries or territories once the relevant Community maximum amount has been reached;

Whereas, in respect of sheep- and lamb-skin leather of subheading 41.03 B II, the ceiling, calculated as indicated above, should be 1 123 000 units of account, and therefore the maximum amount 561 500 units of account; whereas on 24 July 1973 the amounts of imports into the Community of sheep- and lamb-skin leather of subheading 41.03 B II originating in Lebanon, a country covered by preferential tariff arrangements, reached that maximum amount; whereas, bearing in mind the objectives of Council Regulation (EEC) No 2762/72, which provides that maximum amounts should not be exceeded, Common Customs Tariff duties should be re-established in respect of the products in question in relation to Lebanon;

HAS ADOPTED THIS REGULATION:

Article 1

As from 31 July 1973, Common Customs Tariff duties, suspended in pursuance of Council Regulation (EEC) No 2762/72 of 19 December 1972, shall be re-established in respect of the following products imported into the Community and originating in Lebanon:

CCT heading No	Description of goods
41.03	Sheep- and lamb-skin leather, except leather falling within heading Nos 41.06, 41.07 or 41.08: B. Other: II. Other

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

⁽¹⁾ OJ No L 296, 30. 12. 1972, p. 15.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 2058/73 OF THE COMMISSION

of 27 July 1973

re-establishing Common Customs Tariff duties on woven fabrics of silk or of waste silk other than noil falling within heading No 50.09, originating in India, to which the preferential tariff arrangements set out in Council Regulation (EEC) No 2766/72 of 19 December 1972 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 2766/72 ⁽¹⁾ of 19 December 1972 establishing preferential tariffs in respect of certain textile products and footwear originating in developing countries, and in particular Article 4 (2) thereof;

Whereas Article 1 (3) and (4) of that Regulation provides that the Common Customs Tariff duties may, for each category of textile products, be suspended up to a Community ceiling equal to the sum arrived at by adding together the metric tonnage of the products in question, imported into the Community in 1968 and coming from countries listed in Annex B to that Regulation, but not including products coming from countries already covered by various preferential tariff arrangements established by the Community, and 5 % of the 1970 metric tonnage of such imports coming from other countries and from countries already covered by such arrangements; whereas, having regard to that ceiling, the amounts for products originating in any one of the countries listed in Annex B to that Regulation should be within a maximum Community amount representing 50 % of that ceiling; whereas Article 2 (2) of that Regulation provides that Common Customs Tariff duties may be re-established at any time in respect of imports of the products in question originating in any of the said countries once the relevant Community maximum amount has been reached;

Whereas, in respect of woven fabrics of silk or of waste silk other than noil, the ceiling, calculated as

indicated above, should be 110 metric tons, and therefore the maximum amount 55 metric tons; whereas on 23 July 1973 the amounts of imports into the Community of woven fabrics of silk or of waste silk other than noil, originating in India, a country covered by preferential tariff arrangements, reached that maximum amount; whereas, bearing in mind the objectives of Council Regulation (EEC) No 2766/72, which provides that maximum amounts should not be exceeded, Common Customs Tariff duties should be re-established in respect of the products in question in relation to India;

HAS ADOPTED THIS REGULATION:

Article 1

As from 31 July 1973, Common Customs Tariff duties, suspended in pursuance of Council Regulation (EEC) No 2766/72 of 19 December 1972, shall be re-established in respect of the following products imported into the Community and originating in India;

REGULATION (EEC) No 2059/73 OF THE COMMISSION

of 27 July 1973

re-establishing Common Customs Tariff duties on sacks and bags, of a kind used for the packing of goods, of cotton, falling within subheading No 62.03 B ex II, originating in South Korea, to which the preferential tariff arrangements set out in Council Regulation (EEC) No 2764/72 of 19 December 1972 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 2764/72⁽¹⁾ of 19 December 1972 establishing preferential tariffs in respect of certain textile products originating in developing countries, and in particular Article 4 (2) thereof;

Whereas Article 1 (3) and (4) of that Regulation provides that the Common Customs Tariff duties may, for each category of products, be suspended up to a Community ceiling equal to 75 % of the sum arrived at by adding together the value of the products in question, in metric tons, imported into the Community in 1968 and coming from countries listed in Annex B to that Regulation, but not including products coming from countries already covered by various preferential tariff arrangements established by the Community, and 5% of the 1970 metric tonnage of such imports coming from other countries and from countries already covered by such arrangements; whereas, having regard to that ceiling, the amounts for products originating in any one of the countries listed in Annex B to that Regulation should be within a maximum Community amount representing 50% of the ceiling with the exception of certain products for which the maximum amount is to be reduced to the percentage indicated in Annex A to that Regulation; whereas, for those products, this reduced percentage will be 30%; whereas Article 2 (2) of that Regulation provides that Common Customs Tariff duties may be re-established at any time in respect of imports of the products in question originating in any of the said countries once the relevant Community maximum amount has been reached;

Whereas, in respect of sacks and bags, of a kind used for the packing of goods, of cotton, of subheading 62.03 B ex II, the ceiling, calculated as indicated

above, should be 138·750 metric tons and therefore the maximum amount 41·625 metric tons; whereas on 23 July 1973 the amounts of imports into the Community of sacks and bags, of a kind used for the packing of goods, of cotton, of subheading 62.03 B ex II originating in South Korea, a country covered by preferential tariff arrangements, reached that maximum amount; whereas, bearing in mind the objectives of Council Regulation (EEC) No 2764/72, which provides that maximum amounts should not be exceeded, Common Customs Tariff duties should be re-established in respect of the products in question in relation to South Korea;

HAS ADOPTED THIS REGULATION:

Article 1

As from 31 July 1973, Common Customs Tariff duties, suspended in pursuance of Council Regulation (EEC) No 2764/72 of 19 December 1972, shall be re-established in respect of the following products, imported into the Community and originating in South Korea:

CCT heading No	Description of goods
62.03	Sacks and bags, of a kind used for the packing of goods: B. Of other textile materials: ex II. Other: — of cotton

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.
