REGULATION (EEC) No 3361/73 OF THE COMMISSION**of 13 December 1973****fixing the corrective amount applicable to the refund on cereals**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1346/73⁽²⁾, and in particular the third sentence of the first subparagraph of Article 16 (4) thereof ;

Having regard to the Opinion of the Monetary Committee ;

Whereas Article 16 (4) of Regulation No 120/67/EEC provides that the export refund applicable to cereals on the day on which application for an export licence is made, adjusted for the threshold price in force during the month of exportation, must be applied on request to exports to be effected during the period of validity of the export licence ; whereas, in this case, a corrective amount must be applied to the refund ;

Whereas Regulation No 633/67/EEC⁽³⁾, as last amended by Regulation (EEC) No 1461/72⁽⁴⁾, lays down detailed rules for the advance fixing of the export refund on cereals ;

Whereas that Regulation provides that the refund applicable on the day on which application for an export licence is made must, when the refund is fixed in advance, be reduced by not more than the difference between the cif forward delivery price and the cif price where the former exceeds the latter by more than one unit of account per metric ton ; whereas, on the other hand, the refund must be increased by not more than the difference between the cif price and the cif forward delivery price where the former exceeds the latter by more than one unit of account per metric ton ;

Whereas the cif price is that determined in accordance with Article 13 of Regulation No 120/67/EEC ;

whereas the cif forward delivery price is that determined in accordance with Article 3 (2) of Regulation No 140/67/EEC⁽⁵⁾, as amended by Regulation (EEC) No 2435/70⁽⁶⁾, based, in respect of each month for which the export licence is valid, on the cif price calculated on the basis of offers for shipment during the month of exportation ;

Whereas the corrective amount so fixed will be altered if application of the calculation procedure described above entails a change in that amount of more than 0.125 unit of account ;

Whereas, however, Article 2 of Regulation No 633/67/EEC provides that the corrective amount applicable to the amount of the refund fixed in advance on exports to be effected after the third month following that during which the licence was issued should be fixed on the basis of foreseeable market trends ; whereas to this end account should be taken of availabilities and foreseeable trends on the Community market and of forward trends on the world market, in particular on those markets whose specific requirements have made it necessary to vary the refund ;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph ;

Whereas it follows from applying all these provisions that the corrective amount must be fixed as shown in the Table annexed to this Regulation ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

(1) OJ No 117, 19. 6. 1967, p. 2269/67.

HAS ADOPTED THIS REGULATION :

REGULATION (EEC) No 3362/73 OF THE COMMISSION**of 13 December 1973****fixing the refunds applicable to cereals and wheat or rye flour, groats and meal**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 120/67/EEC ⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1346/73 ⁽²⁾, and in particular the first sentence of the fourth subparagraph of Article 16 (2) thereof ;

Having regard to the Opinion of the Monetary Committee ;

Whereas Article 16 of Regulation No 120/67/EEC provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products in the Community may be covered by an export refund ;

Whereas Article 2 of Council Regulation No 139/67/EEC ⁽³⁾ of 21 June 1967 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the world market on the other ; whereas the same article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and, furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market ;

Whereas Article 3 of Regulation No 139/67/EEC defines the specific criteria to be taken into account when the refund on cereals is being calculated ;

Whereas these specific criteria are defined, as far as wheat and rye flour, groats and meal are concerned, in Article 4 of Regulation No 139/67/EEC ; whereas, furthermore, when the refund on these products is being calculated, account must be taken of the quantities of cereals required for their manufacture ; whereas

these quantities were fixed in Regulation No 162/67/EEC ⁽⁴⁾, as amended by Regulation (EEC) No 1607/71 ⁽⁵⁾ ;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination ;

Whereas the refund must be fixed once a week ; whereas it may be altered in the intervening period ;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph ;

Whereas it follows from applying these rules and criteria to the present situation on the market in cereals and in particular to quotations or prices for these products within the Community and on the world market that the refund should be fixed at the amounts shown in the Annex to this Regulation ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION :

Article 1

The refunds on the products listed in Article 1 (a), (b) and (c) of Regulation No 120/67/EEC, exported in the natural state, are hereby fixed as shown in the Annex to this Regulation.

REGULATION (EEC) No 3364/73 OF THE COMMISSION

of 13 December 1973

fixing the premiums to be added to the levies on rice and broken rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC⁽¹⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by the Act⁽²⁾ annexed to the Treaty⁽³⁾ on the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, signed at Brussels on 22 January 1972, and in particular Article 13 (6) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas the premiums to be added to the import levies fixed in advance for rice and broken rice must include a premium for the current month and a premium for each of the following months until the expiry of the period of validity of the import licence; whereas this period of validity was laid down in Article 20 (2) of Commission Regulation (EEC) No 2637/70⁽⁴⁾ of 23 December 1970, as last amended by Regulation (EEC) No 128/73⁽⁵⁾;

Whereas Council Regulation No 365/67/EEC⁽⁶⁾ of 25 July 1967, as last amended by Regulation (EEC) No 2435/70⁽⁷⁾, lays down rules for the advance fixing of levies on rice and broken rice;

Whereas under the terms of Regulation No 365/67/EEC, where the cif price for husked rice for milled rice or for broken rice determined on the day on which the premiums are fixed is higher than the cif forward delivery price for the same product, the premium should as a general rule be equal to the difference between these two prices; whereas the cif price is that determined in accordance with Article 16 of Regulation No 359/67/EEC on the day on which the premiums are fixed; whereas the detailed rules for determining cif prices were laid down in Regulation (EEC) No 1613/71⁽⁸⁾, as last amended by Regulation (EEC) No 363/72⁽⁹⁾; whereas the cif forward delivery price must also be determined in accordance with

Article 16 of Regulation No 359/67/EEC but on the basis of offers at North Sea ports; whereas this price must be the cif price for shipment during the month in which the import licence is issued in the case of imports to be effected during that month; whereas this price must be the cif price for shipment during the month in which importation is expected to take place in the case of imports to be effected during the month following the month in which the import licence is issued; whereas this price must be the cif price for shipment during the month preceding the month in which importation is expected to take place in the case of imports to be effected during the remaining months for which the import licence is valid; whereas, if no offer for forward delivery is made for shipment during a given month, this price should be the price ruling for shipment during the last month in which an offer for forward delivery was made;

Whereas the premium is equal to 0 units of account if the cif price determined on the day on which the scale of the premiums is fixed is equal to the cif forward delivery price or exceeds that price by not more than 0.025 units of account per 100 kilograms;

Whereas the premium may, however, be fixed at a higher level in exceptional circumstances and within certain specified limits;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying all these provisions that the premiums should be fixed as shown in the Table annexed to this Regulation; whereas the amount of the premiums should be altered only if application of the abovementioned provisions entails a change of more than 0.025 unit of account,

REGULATION (EEC) No 3365/73 OF THE COMMISSION
of 13 December 1973
fixing the export refunds on rice and broken rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC⁽¹⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by the Act⁽²⁾ annexed to the Treaty⁽³⁾ on the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, signed at Brussels on 22 January 1972, and in particular the first sentence of the fourth subparagraph of Article 17 (2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 17 of Regulation No 359/67/EEC provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation No 366/67/EEC⁽⁴⁾ of 25 July 1967 laying down general rules for granting export refunds on rice and criteria for fixing the amount of such refunds, as amended by Regulation No 1019/67/EEC⁽⁵⁾, provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of rice and broken rice on the Community market on the one hand and prices for rice and broken rice on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on the rice market and, furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbance of the Community market;

Whereas Regulation No 669/67/EEC⁽⁶⁾, as amended by Regulation (EEC) No 1057/68⁽⁷⁾, lays down the maximum percentage of broken rice allowed in rice for which an export refund is fixed and specifies the percentage by which that refund is to be reduced where the proportion of broken rice in the rice exported exceeds that maximum;

Whereas Article 3 of Regulation No 366/67/EEC defines the specific criteria to be taken into account

when the export refund on rice and broken rice is being calculated;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas the refund must be fixed once a week; whereas it may be altered in the intervening period;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying these rules and criteria to the present situation on the market in rice and in particular to quotations or prices for rice and broken rice within the Community and on the world market that the refund should be fixed at the amounts shown in the Annex to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The refunds on the products listed in Article 1 of Regulation No 359/67/EEC with the exception of those listed in paragraph 1 (c) of that Article, exported in the natural state, are hereby fixed as shown in the Annex to this Regulation.

REGULATION (EEC) No 3366/73 OF THE COMMISSION
of 13 December 1973

fixing the corrective amount applicable to the refund on rice and broken rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC⁽¹⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by the Act⁽²⁾ annexed to the Treaty⁽³⁾ on the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, signed at Brussels on 22 January 1972, and in particular the first subparagraph of Article 17 (4) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas the first subparagraph of Article 17 (4) of Regulation No 359/67/EEC provides that the export refund applicable to rice and broken rice on the day on which application for an export licence is made, adjusted for the threshold price which will be in force during the month of exportation, must be applied on request to exports to be effected during the period of validity of the licence;

Whereas Regulation No 474/67/EEC⁽⁴⁾, as amended by Regulation (EEC) No 1397/68⁽⁵⁾, lays down detailed rules for the advance fixing of the export refund on rice and broken rice;

Whereas that Regulation provides that the refund applicable on the day on which application for an export licence is made must, when it is fixed in advance, be reduced by an amount no greater than the difference between the cif forward delivery price and the cif price, where the former exceeds the latter by more than 0.025 unit of account per 100 kilograms; whereas, on the other hand, the refund must be increased by an amount no greater than the difference between the cif price and the cif forward delivery price, where the former exceeds the latter by more than 0.025 unit of account per 100 kilograms;

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 13 December 1973.

Whereas the cif price is that determined in accordance with Article 16 of Regulation No 359/67/EEC; whereas the cif forward delivery price is that determined in accordance with Article 3 (2) of Regulation No 365/67/EEC⁽⁶⁾, as last amended by Regulation (EEC) No 2435/70⁽⁷⁾, based, in respect of each month for which the export licence is valid, on the cif price calculated on the basis of offers for shipment during the month of exportation;

Whereas if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying all these provisions that the corrective amount applicable on 14 December 1973 must be fixed as shown in the Table annexed to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The corrective amount referred to in Article 17 (4) of Regulation No 359/67/EEC which is applicable to the export refunds fixed in advance in respect of rice and broken rice is hereby fixed as shown in the Table annexed to this Regulation.

REGULATION (EEC) No 3369/73 OF THE COMMISSION
of 13 December 1973
fixing the export levies on cereals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 120/67/EEC ⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1346/73 ⁽²⁾ ;

Having regard to Council Regulation (EEC) No 1968/73 ⁽³⁾ of 19 July 1973 laying down general rules to be applied in the event of the cereals market being disturbed, as amended by Regulation (EEC) No 2632/73 ⁽⁴⁾, and in particular Article 4 (2) thereof ;

Having regard to the Opinion of the Monetary Committee ;

Whereas Article 19 of Regulation No 120/67/EEC provides that the necessary measure may be taken if the cif price of one or more products is appreciably higher than the threshold price and if that situation is likely to continue thereby disturbing or threatening to disturb the Community market ;

Whereas Regulation (EEC) No 1968/73 specifies that the cif price may be regarded as appreciably higher than the threshold price when it exceeds it by at least 2 % ; whereas this excess may be regarded as being likely to continue where an imbalance between supply and demand is established and where this imbalance is likely to persist having regard to foreseeable production and market price trends ;

Whereas the high level of prices in international trade could impede importation of common wheat, maize and barley into the Community or provoke exportation from the Community ;

Whereas the situation described above can be said to exist at the present time ; whereas to ensure supplies in the Community an export levy should be introduced for these products ;

Whereas, in view of the relationship between the basic product and the products processed from it and given the market situation for certain processed

products, an export levy for these products must also be fixed ; however the situation for products processed from maize does not necessitate at this moment the fixing of an export levy ;

Whereas the threshold prices for the 1973/73 marketing year were fixed by Council Regulation (EEC) No 1964/73 ⁽⁵⁾ of 17 July 1973 ;

Whereas Article 3 of Regulation (EEC) No 1968/73 specifies that when the export levy is being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the world market on the other ; whereas the same article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market ;

Whereas for the products, other than starches, listed in Article 1 (c) and (d) of Regulation No 120/67/EEC the specific factors set out in Article 3 (2) of Regulation (EEC) No 1968/73 must also be taken into account ;

Whereas the export levy may be varied if the world market situation or the specific requirements of certain markets make this necessary ;

Whereas, if the levy system is to operate normally, the following should be used to calculate the levies :

- for currencies the exchange rates for which are kept at any given moment within a band of 2.25 %, a conversion rate based on their actual parity ;
- for other currencies a conversion rate based on the arithmetic mean of the spot market rates for each of these currencies against the Community currencies referred to in the preceding paragraph over a specified period ;

⁽¹⁾ OJ No 117, 19. 6. 1967, p. 2269/67.

⁽⁴⁾ OJ No L 272, 29. 9. 1973, p. 18.

⁽⁵⁾ OJ No L 201, 21. 7. 1973, p. 3.

Whereas it follows from applying the rules outlined above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market, that the export levies should be fixed as shown in the Annex to this Regulation ;

Whereas the Management Committee for Cereals has not delivered an opinion within the time limit set by its Chairman,

HAS ADOPTED THIS REGULATION :

Article 1

The export levy referred to in the first indent of Article 2 (1) of Regulation (EEC) No 1968/73 is hereby fixed as shown in the Annex for the products listed therein.

Article 2

This Regulation shall enter into force on 14 December 1973.

REGULATION (EEC) No 3370/73 OF THE COMMISSION**of 13 December 1973****fixing the export levies on rice**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC⁽¹⁾, of 25 July 1967 on the common organization of the market in rice as last amended by the Act of Accession⁽²⁾;

Having regard to Council Regulation (EEC) No 2737/73⁽³⁾ of 8 October 1973 laying down general rules to be applied in the event of the rice market being disturbed, and in particular Article 4 (2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 21 of Regulation No 359/67/EEC provides that the necessary measures may be taken if the cif price of one or more products is appreciably higher than the threshold price and if that situation is likely to continue thereby disturbing or threatening to disturb the Community market;

Whereas Regulation (EEC) No 2737/73 specifies that the cif price may be regarded as appreciably higher than the threshold price when it exceeds it by at least 2 %; whereas this excess may be regarded as being likely to continue where an imbalance between supply and demand is established and where this imbalance is likely to persist having regard to foreseeable production and market price trends;

Whereas the high level of prices in international trade could impede importation of rice into the Community or provoke exportation from the Community;

Whereas the situation described above can be said to exist at the present time; whereas to ensure supplies in the Community an export levy should be introduced for this product;

Whereas in view of the relationship between the rice and products processed from it and given the market situation for these products, an export levy must also be fixed for all products processed from rice;

Whereas the threshold prices for husked rice, wholly milled rice and broken rice were fixed for the 1973/74 marketing year by Regulations (EEC) Nos 1962/73⁽⁴⁾ and No 2024/73⁽⁵⁾;

Whereas Article 3 of Regulation (EEC) No 2737/73 specifies that when the export levy is being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of rice on the Community market on the one hand and prices for rice and products processed from it on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on rice markets and furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas for the products listed in Article 1 (c) of Regulation No 359/67/EEC the specific factors set out in Article 3 (2) of Regulation (EEC) No 2737/73 must also be taken into account;

Whereas the export levy may be varied if the world market situation or the specific requirements of certain markets make this necessary;

Whereas, if the levy system is to operate normally, the following should be used to calculate the levies:

- for currencies the exchange rates for which are kept at any given moment within a band of 2.25 %, a conversion rate based on their actual parity;
- for other currencies a conversion rate based on the arithmetic mean of the spot market rates for each of these currencies against the Community currencies referred to in the preceding paragraph over a specified period;

Whereas it follows from applying the rules outlined above to the present situation on the market in rice, and in particular to quotations or prices for these products within the Community and on the world market, that the export levies should be fixed as shown in the Annex to this Regulation;

REGULATION (EEC) No 3371/73 OF THE COMMISSION

of 13 December 1973

fixing the export refunds on beef and veal for the period beginning 1 January 1974

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation (EEC) No 805/68 ⁽¹⁾ of 27 June 1968 on the common organization of the market in beef and veal, as last amended by Regulation (EEC) No 187/73 ⁽²⁾, and in particular the first sentence of Article 18 ⁽⁵⁾ thereof ;

Having regard to the Opinion of the Monetary Committee ;

Whereas Article 18 of Regulation (EEC) No 805/68 provides that the difference between prices on the world market and prices within the Community for the products listed in Article 1 of that Regulation may be covered by an export refund ;

Whereas Council Regulation (EEC) No 885/68 ⁽³⁾ of 28 June 1968 lays down general rules for granting export refunds and criteria for fixing the amount of such refunds ;

Whereas it follows from applying these rules and criteria to the foreseeable situation on the market in beef and veal that the refund should be fixed as indicated below ;

Whereas, in the case of edible meat of domestic bovine animals, boned or boneless, salted and dried, there are traditional trade flows to Switzerland ; whereas, to the extent necessary to allow this trade to continue, the refund must be fixed at an amount which will cover the difference between prices on the Swiss market and export prices in the Member States ;

Whereas, in the case of the preserved meats set out in Annex I to Commission Regulation (EEC) No 1082/68 ⁽⁴⁾ of 26 July 1968 fixing coefficients expressing the meat content of preserved meats manufactured from frozen meat, as amended by Regulation (EEC) No 207/70 ⁽⁵⁾, which contain 40 % or more of meat, Community participation in international trade may be ensured by granting a refund which takes account of the refund hitherto granted to exporters ;

Whereas, in the case of other beef and veal products, a refund need not be fixed since Community participation in world trade in these products is not significant ;

Whereas Article 92 of the Act ⁽⁶⁾ annexed to the Treaty ⁽⁷⁾ concerning the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, signed at Brussels on 22 January 1972, provides that the refund on exports from the new Member States for the products specified in Article 1 (b) and (c) of Regulation (EEC) No 805/68 shall be corrected by the amount of the difference between the customs duties on the products from which these products are produced ;

Whereas if the refund system is to operate normally, refunds should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION :

The list of products on which the export refund referred to in Article 18 of Regulation (EEC) No 805/68 is granted and the amount of that refund is hereby fixed as shown in the Annex.

REGULATION (EEC) No 3372/73 OF THE COMMISSION

of 13 December 1973

fixing the basic amount of the import levy on syrups and certain other sugar products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 1009/67/EEC⁽¹⁾ of 18 December 1967 on the common organization of the market in sugar, as last amended by Regulation (EEC) No 1928/73⁽²⁾, and in particular Article 14 (7) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 14 (1) of Regulation No 1009/67/EEC provides for charging a levy on imports of the products listed in Article 1 (1) of that Regulation;

Whereas the levy on the products listed in Article 1 (1) (d) of Regulation No 1009/67/EEC must be calculated, where appropriate, at a standard rate on the basis of the sucrose content (including other sugars expressed as sucrose) of the product concerned and of the levy on white sugar; whereas, however, the levies on maple sugar and maple syrup are limited to the amount resulting from application of the rate of duty bound within GATT;

Whereas Article 7 of Commission Regulation (EEC) No 837/68⁽³⁾ of 28 June 1968 on detailed rules for the application of levies on sugar, as amended by Regulation (EEC) No 1491/70⁽⁴⁾, provides that the basic amount of the levy for 100 kilogrammes of product must be fixed per percentage of sucrose content;

Whereas the basic amount of the levy must be equal to one hundredth of the average of the levies applicable to 100 kilogrammes of white sugar during the first twenty days of the month preceding the month for which the basic amount of the levy is fixed; whereas, however, the levy applicable to white sugar on the day preceding the fixing of the basic amount must be substituted for the average of the levies, where that levy differs by at least 0.40 unit of account from that average;

Whereas the basic amount must be fixed every month; whereas it must, however, be altered during

the period between the day on which it is fixed and the first day of the month following the month for which the basic amount is applicable, if the levy on white sugar differs by at least 0.40 unit of account from the average referred to above or from the levy on white sugar used to fix the basic amount; whereas, in this case, the basic amount must be equal to one hundredth of the levy on white sugar used to calculate the alteration;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas the basic amount thus fixed must be adjusted on the basis of variations in the threshold price for white sugar occurring between the month in which the basic amount is fixed and the period of application; whereas this adjustment, equal to one hundredth of the difference between these two threshold prices, must be deducted from or added to the basic amount in the circumstances provided for in Article 7 (6) of Regulation (EEC) No 837/68,

HAS ADOPTED THIS REGULATION:

Article 1

The basic amount of the import levy on the products listed in Article 1 (1) (d) of Regulation No 1009/67/EEC is hereby fixed, per 100 kilogrammes of product, at 0 unit of account per percentage point of sucrose content.
