REGULATION (EEC) No 628/74 OF THE COMMISSION**of 21 March 1974****fixing the corrective amount applicable to the refund on cereals**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1346/73⁽²⁾, and in particular the third sentence of the first subparagraph of Article 16 (4) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 16 (4) of Regulation No 120/67/EEC provides that the export refund applicable to cereals on the day on which application for an export licence is made, adjusted for the threshold price in force during the month of exportation, must be applied on request to exports to be effected during the period of validity of the export licence; whereas, in this case, a corrective amount must be applied to the refund;

Whereas Regulation No 633/67/EEC⁽³⁾, as last amended by Regulation (EEC) No 1461/72⁽⁴⁾, lays down detailed rules for the advance fixing of the export refund on cereals;

Whereas that Regulation provides that the refund applicable on the day on which application for an export licence is made must, when the refund is fixed in advance, be reduced by not more than the difference between the cif forward delivery price and the cif price where the former exceeds the latter by more than one unit of account per metric ton; whereas, on the other hand, the refund must be increased by not more than the difference between the cif price and the cif forward delivery price where the former exceeds the latter by more than one unit of account per metric ton;

Whereas the cif price is that determined in accordance with Article 13 of Regulation No 120/67/EEC;

whereas the cif forward delivery price is that determined in accordance with Article 3 (2) of Regulation No 140/67/EEC⁽⁵⁾, as amended by Regulation (EEC) No 2435/70⁽⁶⁾, based, in respect of each month for which the export licence is valid, on the cif price calculated on the basis of offers for shipment during the month of exportation;

Whereas the corrective amount so fixed will be altered if application of the calculation procedure described above entails a change in that amount of more than 0.125 unit of account;

Whereas, however, Article 2 of Regulation No 633/67/EEC provides that the corrective amount applicable to the amount of the refund fixed in advance on exports to be effected after the third month following that during which the licence was issued should be fixed on the basis of foreseeable market trends; whereas to this end account should be taken of availabilities and foreseeable trends on the Community market and of forward trends on the world market, in particular on those markets whose specific requirements have made it necessary to vary the refund;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying all these provisions that the corrective amount must be fixed as shown in the Table annexed to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

REGULATION (EEC) No 629/74 OF THE COMMISSION
of 21 March 1974

fixing the refunds applicable to cereals and wheat or rye flour, groats and meal

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1346/73⁽²⁾, and in particular the first sentence of the fourth subparagraph of Article 16 (2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 16 of Regulation No 120/67/EEC provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products in the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation No 139/67/EEC⁽³⁾ of 21 June 1967 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the world market on the other; whereas the same article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and, furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas Article 3 of Regulation No 139/67/EEC defines the specific criteria to be taken into account when the refund on cereals is being calculated;

Whereas these specific criteria are defined, as far as wheat and rye flour, groats and meal are concerned, in Article 4 of Regulation No 139/67/EEC; whereas, furthermore, when the refund on these products is being calculated, account must be taken of the quantities of cereals required for their manufacture; whereas

these quantities were fixed in Regulation No 162/67/EEC⁽⁴⁾, as amended by Regulation (EEC) No 1607/71⁽⁵⁾;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas the refund must be fixed once a week; whereas it may be altered in the intervening period;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying the rules outlined above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market, that the refunds, should be fixed as shown in the Annex to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The refunds on the products listed in Article 1 (a), (b) and (c) of Regulation No 120/67/EEC, exported in the natural state, are hereby fixed as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 22 March 1974.

REGULATION (EEC) No 630/74 OF THE COMMISSION
of 21 March 1974
fixing the export levies on cereals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1346/73⁽²⁾;

Having regard to Council Regulation (EEC) No 1968/73⁽³⁾ of 19 July 1973 laying down general rules to be applied in the event of the cereals market being disturbed, as amended by Regulation (EEC) No 2632/73⁽⁴⁾ and in particular Article 4(2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 19 of Regulation No 120/67/EEC provides that the necessary measure may be taken if the cif price of one or more products is appreciably higher than the threshold price and if that situation is likely to continue thereby disturbing or threatening to disturb the Community market;

Whereas Regulation (EEC) No 1968/73 specifies that the cif price may be regarded as appreciably higher than the threshold price when it exceeds it by at least 2 %; whereas this excess may be regarded as being likely to continue where an imbalance between supply and demand is established and where this imbalance is likely to persist having regard to foreseeable production and market price trends;

Whereas the high level of prices in international trade could impede importation of common wheat maize, rye, barley, sorghum and wheat groats and meal into the Community or provoke exportation from the Community;

Whereas the situation described above can be said to exist at the present time; whereas to ensure supplies in the Community an export levy should be introduced for these products;

Whereas, in view of the relationship between the basic product and the products processed from it and given the market situation for certain processed products, an export levy for these products must also be fixed;

Whereas the threshold prices for the 1973/74 marketing year were fixed by Council Regulation (EEC) No 1964/73⁽⁵⁾ of 17 July 1973;

Whereas Article 3 of Regulation (EEC) No 1968/73 specifies that when the export levy is being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the world market on the other; whereas the same article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas for the products, other than starches, listed in Article 1(c) and (d) of Regulation No 120/67/EEC the specific factors set out in Article 3(2) of Regulation (EEC) No 1968/73 must also be taken into account;

Whereas the export levy may be varied if the world market situation or the specific requirements of certain markets make this necessary;

Whereas, if the levy system is to operate normally, the following should be used to calculate the levies:

- for currencies the exchange rates for which are kept at any given moment within a band of 2.25 %, at a conversion rate based on their actual parity;
- for other currencies a conversion rate based on the arithmetic mean of the spot market rates for each of these currencies against the Community currencies referred to in the preceding paragraph over a specified period;

⁽¹⁾ OJ No 117, 19. 6. 1967, p. 2269/67.

⁽²⁾ OJ No L 141, 28. 5. 1973, p. 8.

⁽³⁾ OJ No L 201, 21. 7. 1973, p. 10.

⁽⁴⁾ OJ No L 272, 29. 9. 1973, p. 18.

⁽⁵⁾ OJ No L 201, 21. 7. 1973, p. 3.

Whereas it follows from applying the rules outlined above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market, that the export levies, should be fixed as shown in the Annex to this Regulation ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION :

Article 1

The export levies referred to in the first indent of Article 2(1) of Regulation (EEC) No 1968/73 are hereby fixed at the amounts shown in the Annex.

Article 2

This Regulation shall enter into force on 22 March 1974.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 632/74 OF THE COMMISSION**of 21 March 1974****fixing the premiums to be added to the levies on rice and broken rice**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC⁽¹⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by the Act⁽²⁾ annexed to the Treaty⁽³⁾ on the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, signed at Brussels on 22 January 1972, and in particular Article 13 (6) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas the premiums to be added to the import levies fixed in advance for rice and broken rice must include a premium for the current month and a premium for each of the following months until the expiry of the period of validity of the import licence; whereas this period of validity was laid down in Article 20 (2) of Commission Regulation (EEC) No 2637/70⁽⁴⁾ of 23 December 1970, as last amended by Regulation (EEC) No 128/73⁽⁵⁾;

Whereas Council Regulation No 365/67/EEC⁽⁶⁾ of 25 July 1967, as last amended by Regulation (EEC) No 2435/70⁽⁷⁾, lays down rules for the advance fixing of levies on rice and broken rice;

Whereas under the terms of Regulation No 365/67/EEC, where the cif price for husked rice for milled rice or for broken rice determined on the day on which the premiums are fixed is higher than the cif forward delivery price for the same product, the premium should as a general rule be equal to the difference between these two prices; whereas the cif price is that determined in accordance with Article 16 of Regulation No 359/67/EEC on the day on which the premiums are fixed; whereas the detailed rules for determining cif prices were laid down in Regulation (EEC) No 1613/71⁽⁸⁾, as last amended by Regulation (EEC) No 363/72⁽⁹⁾; whereas the cif forward delivery price must also be determined in accordance with

Article 16 of Regulation No 359/67/EEC but on the basis of offers at North Sea ports; whereas this price must be the cif price for shipment during the month in which the import licence is issued in the case of imports to be effected during that month; whereas this price must be the cif price for shipment during the month in which importation is expected to take place in the case of imports to be effected during the month following the month in which the import licence is issued; whereas this price must be the cif price for shipment during the month preceding the month in which importation is expected to take place in the case of imports to be effected during the remaining months for which the import licence is valid; whereas, if no offer for forward delivery is made for shipment during a given month, this price should be the price ruling for shipment during the last month in which an offer for forward delivery was made;

Whereas the premium is equal to 0 units of account if the cif price determined on the day on which the scale of the premiums is fixed is equal to the cif forward delivery price or exceeds that price by not more than 0.025 units of account per 100 kilograms;

Whereas the premium may, however, be fixed at a higher level in exceptional circumstances and within certain specified limits;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying all these provisions that the premiums should be fixed as shown in the Table annexed to this Regulation; whereas the amount of the premiums should be altered only if application of the abovementioned provisions entails a change of more than 0.025 unit of account,

REGULATION (EEC) No 633/74 OF THE COMMISSION
of 21 March 1974

fixing the export refunds on rice and broken rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC⁽¹⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by the Act⁽²⁾ annexed to the Treaty⁽³⁾ on the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, signed at Brussels on 22 January 1972, and in particular the first sentence of the fourth subparagraph of Article 17 (2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 17 of Regulation No 359/67/EEC provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation No 366/67/EEC⁽⁴⁾ of 25 July 1967 laying down general rules for granting export refunds on rice and criteria for fixing the amount of such refunds, as amended by Regulation No 1019/67/EEC⁽⁵⁾, provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of rice and broken rice on the Community market on the one hand and prices for rice and broken rice on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on the rice market and, furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbance of the Community market;

Whereas Regulation No 669/67/EEC⁽⁶⁾, as amended by Regulation (EEC) No 1057/68⁽⁷⁾, lays down the maximum percentage of broken rice allowed in rice for which an export refund is fixed and specifies the percentage by which that refund is to be reduced where the proportion of broken rice in the rice exported exceeds that maximum;

Whereas Article 3 of Regulation No 366/67/EEC defines the specific criteria to be taken into account

when the export refund on rice and broken rice is being calculated;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas the refund must be fixed once a week; whereas it may be altered in the intervening period;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying these rules and criteria to the present situation on the market in rice and in particular to quotations or prices for rice and broken rice within the Community and on the world market that the refund should be fixed at the amounts shown in the Annex to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The refunds on the products listed in Article 1 of Regulation No 359/67/EEC with the exception of those listed in paragraph 1 (c) of that Article, exported in the natural state, are hereby fixed as shown in the Annex to this Regulation.

REGULATION (EEC) No 634/74 OF THE COMMISSION

of 21 March 1974

fixing the corrective amount applicable to the refund on rice and broken rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC⁽¹⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by the Act⁽²⁾ annexed to the Treaty⁽³⁾ on the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, signed at Brussels on 22 January 1972, and in particular the first subparagraph of Article 17 (4) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas the first subparagraph of Article 17 (4) of Regulation No 359/67/EEC provides that the export refund applicable to rice and broken rice on the day on which application for an export licence is made, adjusted for the threshold price which will be in force during the month of exportation, must be applied on request to exports to be effected during the period of validity of the licence;

Whereas Regulation No 474/67/EEC⁽⁴⁾, as amended by Regulation (EEC) No 1397/68⁽⁵⁾, lays down detailed rules for the advance fixing of the export refund on rice and broken rice;

Whereas that Regulation provides that the refund applicable on the day on which application for an export licence is made must, when it is fixed in advance, be reduced by an amount no greater than the difference between the cif forward delivery price and the cif price, where the former exceeds the latter by more than 0.025 unit of account per 100 kilograms; whereas, on the other hand, the refund must be increased by an amount no greater than the difference between the cif price and the cif forward delivery price, where the former exceeds the latter by more than 0.025 unit of account per 100 kilograms;

Whereas the cif price is that determined in accordance with Article 16 of Regulation No 359/67/EEC; whereas the cif forward delivery price is that determined in accordance with Article 3 (2) of Regulation No 365/67/EEC⁽⁶⁾, as last amended by Regulation (EEC) No 2435/70⁽⁷⁾, based, in respect of each month for which the export licence is valid, on the cif price calculated on the basis of offers for shipment during the month of exportation;

Whereas if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying all these provisions that the corrective amount applicable on 22 March 1974 must be fixed as shown in the Table annexed to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The corrective amount referred to in Article 17 (4) of Regulation No 359/67/EEC which is applicable to the export refunds fixed in advance in respect of rice and broken rice is hereby fixed as shown in the Table annexed to this Regulation.

This Regulation shall enter into force on 22 March 1974.

REGULATION (EEC) No 635/74 OF THE COMMISSION**of 21 March 1974****fixing the export levies on rice**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC ⁽¹⁾, of 25 July 1967 on the common organization of the market in rice as last amended by the Act of Accession ⁽²⁾;

Having regard to Council Regulation (EEC) No 2737/73 ⁽³⁾ of 8 October 1973 laying down general rules to be applied in the event of the rice market being disturbed, and in particular Article 4 (2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 21 of Regulation No 359/67/EEC provides that the necessary measures may be taken if the cif price of one or more products is appreciably higher than the threshold price and if that situation is likely to continue thereby disturbing or threatening to disturb the Community market;

Whereas Regulation (EEC) No 2737/73 specifies that the cif price may be regarded as appreciably higher than the threshold price when it exceeds it by at least 2 %; whereas this excess may be regarded as being likely to continue where an imbalance between supply and demand is established and where this imbalance is likely to persist having regard to foreseeable production and market price trends;

Whereas the high level of prices in international trade could impede importation of rice into the Community or provoke exportation from the Community;

Whereas the situation described above can be said to exist at the present time; whereas to ensure supplies in the Community an export levy should be introduced for this product;

Whereas in view of the relationship between the rice and products processed from it and given the market situation for these products, an export levy must also be fixed for all products processed from rice;

Whereas the threshold prices for husked rice, wholly milled rice and broken rice were fixed for the 1973/74 marketing year by Regulations (EEC) No 1962/73 ⁽⁴⁾ and No 2024/73 ⁽⁵⁾;

Whereas Article 3 of Regulation (EEC) No 2737/73 specifies that when the export levy is being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of rice on the Community market on the one hand and prices for rice and products processed from it on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on rice markets and furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas for the products listed in Article 1 (c) of Regulation No 359/67/EEC the specific factors set out in Article 3 (2) of Regulation (EEC) No 2737/73 must also be taken into account;

Whereas the export levy may be varied if the world market situation or the specific requirements of certain markets make this necessary;

Whereas, if the levy system is to operate normally, the following should be used to calculate the levies:

- for currencies the exchange rates for which are kept at any given moment within a band of 2.25 %, a conversion rate based on their actual parity;
- for other currencies a conversion rate based on the arithmetic mean of the spot market rates for each of these currencies against the Community currencies referred to in the preceding paragraph over a specified period;

Whereas it follows from applying the rules outlined above to the present situation on the market in rice, and in particular to quotations or prices for these products within the Community and on the world market, that the export levies should be fixed as shown in the Annex to this Regulation;

REGULATION (EEC) No 638/74 OF THE COMMISSION

of 20 March 1974

fixing the maximum tolerance for quantity losses resulting from the storage of
raw tobacco by intervention agencies

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community;

Having regard to Council Regulation (EEC) No
1697/71 ⁽¹⁾ of 26 July 1971 on the financing of inter-
vention expenditure for raw tobacco, and in particular
the first indent of Article 4 (2) (c) thereof;

Whereas Regulation (EEC) No 1697/71 provides that,
above a maximum tolerance which is to be fixed,
quantity losses are to be borne by intervention agen-
cies; whereas quantity losses relate to both the quanti-
ties taken over in the relevant year and quantities in
store at the beginning of that year;

Whereas, since the tobacco stored is packaged, the
tolerance to be fixed must be calculated taking into
account the characteristics of the packaged product,
particularly with regard to storage;

Whereas slight variations in humidity connected with
both the nature of the product and normal ware-
housing conditions may occur during storage;
whereas losses in weight due to unavoidable handling
may also occur;

Whereas these losses can vary significantly according
to variety and storage period; whereas losses are

higher during the first year of storage and
subsequently become more regular; whereas it is desir-
able to adjust the tolerance limits to take account of
these conditions;

Whereas the measures provided for in this Regulation
are in accordance with the Opinion of the Manage-
ment Committee for Raw Tobacco,

HAS ADOPTED THIS REGULATION:

Article 1

In respect of accounts to be drawn up as at 31
December of each year, beginning with those to be
drawn up as at 31 December 1971, the maximum
tolerance referred to in Article 4 (2) (c) first indent of
Regulation (EEC) No 1697/71 is hereby fixed in the
Annex for an unchanged number of packages. It will
be applied to the quantities actually bought in the
course of a year, to the theoretical quantity resulting
from the permanent stock-list and after exhaustion of
the actual stock to the product in question.

Article 2

This Regulation shall enter into force on the third day
following its publication in the *Official Journal of
the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

Whereas Article 9 (2) of Regulation (EEC) No 816/70 provides that, in respect of each wine for which a reference price is fixed, a free-at-frontier offer price for all imports shall be determined on the basis of all available information;

Whereas Commission Regulation (EEC) No 1019/70 ⁽³⁾ of 29 May 1970 lays down detailed rules for establishing free-at-frontier offer prices and fixing the countervailing charge in the wine sector; whereas the second sentence of Article 1 (1) thereof provides that Member States are to communicate to the Commission, *inter alia*, the particulars contained in customs documents and in trade documents; whereas,

in view of the heterogeneous nature of such particulars, this provision should be replaced by a provision to the effect that the information given to the Commission by the Member States should indicate the customs value of imported products;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Wine,

HAS ADOPTED THIS REGULATION:

COMMISSION DECISION

of 14 March 1974

fixing the minimum export levy for the invitation to tender for the export of
milled long grained rice issued under Regulation (EEC) No 3553/73

(74/141/EEC)

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,Having regard to the Treaty establishing the European
Economic Community;Having regard to Council Regulation No 359/
67/EEC⁽¹⁾ of 25 July 1967 on the common organiza-
tion of the market in rice, as last amended by the Act
of Accession⁽²⁾;Having regard to Council Regulation (EEC) No
2737/73⁽³⁾ of 8 October 1973 laying down general
rules to be applied in the event of the rice market
being disturbed, and in particular Article 4 (2) thereof;Having regard to Commission Regulation (EEC) No
3197/73⁽⁴⁾ of 23 November 1973 establishing the
conditions for the application of the system of
tendering for export levies on rice, and in particular
Article 5 (1) thereof;Whereas an invitation to tender for the export levy on
milled long grained rice was issued under Commis-
sion Regulation (EEC) No 3553/73⁽⁵⁾ of 21 December
1973; whereas the notice of invitation to tender⁽⁶⁾
associated with this Regulation specified that the total
tonnage for which the export levy could be fixed was
approximately 20 000 metric tons;Whereas Article 5 (1) of Regulation (EEC) No 3197/73
allows the Commission, in accordance with the proce-
dure laid down in Article 26 of Regulation No 359/
67/EEC, to fix a minimum export levy; whereas,
when this minimum levy is being fixed, account must
be taken of the criteria set out in Article 3 (1) (b) and
(d) of Regulation (EEC) No 2737/73, namely:

- the objectives of the common organization of the
market in rice, namely to balance that market
both as regards supplies and as regards trade, and

- the economic aspect of the exports;

Whereas Article 5 (2) of Regulation (EEC) No 3197/73
stipulates that the award is made to the tenderer or
tenderers whose tenders quote a levy equal to or
higher than the minimum;Whereas it follows from applying these rules to the
present situation on the market for the rice in ques-
tion that the minimum export levy should be fixed as
shown in Article 1; whereas the tonnage of milled
long grained rice to which this minimum applies is
895 tons;Whereas the measures provided for in this Decision
are in accordance with the Opinion of the Manage-
ment Committee for Cereals,

HAS ADOPTED THIS DECISION:

*Article 1*The minimum export levy for milled long grained
rice fixed on the basis of tenders submitted for 14
March 1974 is hereby fixed at 150 units of account
per metric ton.*Article 2*

(74/142/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC⁽¹⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by the Act of Accession⁽²⁾;

Having regard to Council Regulation (EEC) No 2737/73⁽³⁾ of 8 October 1973 laying down general rules to be applied in the event of the rice market being disturbed, and in particular Article 4 (2) thereof;

Having regard to Commission Regulation (EEC) No 3197/73⁽⁴⁾ of 23 November 1973 establishing the conditions for the application of the system of tendering for export levies on rice, and in particular Article 5 (1) thereof;

Whereas an invitation to tender for the export levy on husked long grained rice was issued under Commission Regulation (EEC) No 3554/73⁽⁵⁾ of 21 December 1973;

Whereas Article 5 (1) of Regulation (EEC) No 3197/73 allows the Commission to decide, in accordance with the procedure laid down in Article 26 of Regulation No 359/67/EEC, and on the basis of tenders submitted, either to fix a minimum export levy, taking account in particular of the criteria laid down in Article 3 (1) (b) and (d) of Regulation (EEC) No 2737/73, or to discontinue the invitation to tender;

Whereas none of the tenders submitted makes it possible, given the present market situation for the rice in question, to fix a minimum levy in accordance with the criteria laid down in Article 3 (1) (b) and (d) of Regulation (EEC) No 2737/73; whereas the invitation to tender should therefore be discontinued;

Whereas the measures provided for in this Decision are in accordance with the Opinion of the Management Committee for Cereals,

HAS ADOPTED THIS DECISION:

Article 1

No action shall be taken on the tenders submitted for 14 March 1974 in response to the invitation to tender for the export levy on husked long grained rice referred to in Regulation (EEC) No 3554/73.

available to the new Member States which are
contained either in the Act concerning the Condi-
tions of Accession and the Adjustments to the Trea-

other Member States should therefore be permitted to
take measures to protect their livestock which will
apply for the time necessary to eradicate this epizootic
disease ;

are in accordance with the Opinion of the Permanent
Veterinary Committee,
