REGULATION (EEC) No 2249/74 OF THE COMMISSION**of 29 August 1974****fixing the export refunds on products processed from cereals and rice**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1996/74⁽²⁾, and in particular the first sentence of the fourth subparagraph of Article 16 (2) thereof;

Having regard to Council Regulation No 359/67/EEC⁽³⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by Regulation (EEC) No 1129/74⁽⁴⁾, and in particular the first sentence of the fourth subparagraph of Article 17 (2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 16 of Regulation No 120/67/EEC and Article 17 of Regulation No 359/67/EEC provide that the difference between quotations or prices on the world market for the products listed in Article 1 of those Regulations and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation No 139/67/EEC⁽⁵⁾ of 21 June 1967, as amended by Regulation (EEC) No 1997/74⁽⁶⁾, and Article 2 of Council Regulation No 366/67/EEC⁽⁷⁾ of 25 July 1967 laying down general rules for granting export refunds on cereals and rice respectively and criteria for fixing the amount of such refunds, as amended by Regulation No 1019/67/EEC⁽⁸⁾, provide that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals, rice and broken rice on the Community market on the one hand and prices for cereals, rice and broken rice on the world market on the other; whereas the same Articles provide that it is also important to ensure equilibrium and the natural development of prices and trade on the markets in cereals and rice and, furthermore, to take into account the economic aspect of the proposed exports, and the need to avoid disturbances on the Community market;

Whereas Article 6 of Council Regulation (EEC) No 1052/68⁽⁹⁾ of 23 July 1968 on the import and export system for products processed from cereals and from rice, as last amended by Regulation (EEC) No 881/73⁽¹⁰⁾, defines the specific criteria to be taken into account when the refund on these products is being calculated;

Whereas, on the basis of the criteria laid down in Regulation (EEC) No 1052/68, particular account should be taken of the prices and quantities of basic products used to calculate the variable component of the levy; whereas, therefore, as is laid down for the determination of the variable component, account should be taken of the average of the levies on the basic products concerned during a representative period, namely the first 25 days of the month preceding the month of exportation; whereas this average should be adjusted for the threshold price for these basic products which will be in force during the month of exportation; whereas Article 8 of Regulation (EEC) No 1052/68 and Article 1 of Regulation (EEC) No 1077/68⁽¹¹⁾, amended by Regulation (EEC) No 2764/71⁽¹²⁾, provide that the amount of the export refund should, for certain products, be reduced by an amount equal to the production refund granted in respect of the basic product;

Whereas it follows from applying these rules and criteria to the present situation on the market in products processed from cereals and rice that the export refund should be fixed at an amount which will cover the difference between Community prices and world market prices;

Whereas when the refund is being calculated account should be taken of the quantities of raw materials used to determine the variable component of the levy; whereas the quantities of raw materials used for certain processed products may vary according to the end use of the product; whereas, depending on the manufacturing process used, products other than the main product are obtained, the quantity and value of which may vary with the nature and quality of the main products being manufactured; whereas cumulation of the refunds on the various products manufactured by a single process from the same basic product

may make it possible, in certain cases, to export to third countries at prices which are lower than world market prices; whereas the refund on certain products should therefore be limited to an amount which, while allowing access to the world market, will ensure that the aims of the common organization of the markets are respected;

Whereas the refund to be granted in respect of certain processed products should be graduated on the basis of the ash, crude fibre, tegument, protein, fat and starch content of the individual product concerned, this content being a particularly good indicator of the quantity of basic product actually incorporated in the processed product;

Whereas there is no need at present to fix an export refund for manioc, other tropical roots and tubers or flours obtained therefrom, given the economic aspect of potential exports and in particular the nature and origin of these products; whereas, for certain products processed from cereals, the insignificance of Community participation in world trade makes it unnecessary to fix an export refund at the present time;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas Regulation (EEC) No 2806/71⁽¹⁾ lays down additional rules for granting export refunds for certain products processed from cereals and rice;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1 (d) of Regulation No 120/67/EEC and in Article 1 (1) (c) of Regulation No 359/67/EEC and subject to Regulation (EEC) No 1052/68 are hereby fixed as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 1 September 1974.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 2250/74 OF THE COMMISSION
of 29 August 1974
fixing the export refunds on cereal-based compound feedingstuffs

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1996/74⁽²⁾, and in particular the first sentence of the fourth subparagraph of Article 16 (2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 16 of Regulation No 120/67/EEC provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation No 139/67/EEC⁽³⁾ of 21 June 1967 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds, as amended by Regulation (EEC) No 1997/74⁽⁴⁾, provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on the cereal markets;

Whereas it follows from applying rules and criteria to the present situation on the market in cereal-based compound feedingstuffs that the export refund should be fixed at an amount which will cover the difference between Community prices and world market prices;

Whereas Article 7 (1) of Council Regulation (EEC) No 968/68⁽⁵⁾ of 15 July 1968 on the system to be applied to cereal-based compound feedingstuffs, as amended by Regulation (EEC) No 2196/69⁽⁶⁾, provides that,

when export refunds on cereal-based compound feedingstuffs are being fixed, only the products normally used in the manufacture of compound feedingstuffs for which a refund may be fixed should be taken into account;

Whereas Commission Regulation (EEC) No 1913/69⁽⁷⁾ of 29 September 1969 on the granting and the advance fixing of the export refund on cereal-based compound feedingstuffs provides that calculation of the export refund must be based on the levy applicable to maize; whereas this calculation must also take account of the cereal products content; whereas, therefore, in the interest of simplification, compound feedingstuffs should be placed in categories and the refund for each category should be fixed on the basis of a quantity of maize which is representative of the usual cereal products content for the category concerned; whereas, furthermore, the amount of the refund may also take into account the situation on the market in cereal products other than maize;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for compound feedingstuffs according to destination;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

REGULATION (EEC) No 2251/74 OF THE COMMISSION

of 30 August 1974

fixing the basic amount of the import levy on syrups and certain other sugar products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 1009/67/EEC⁽¹⁾ of 18 December 1967 on the common organization of the market in sugar, as last amended by Regulation (EEC) No 1602/74⁽²⁾, and in particular Article 14 (7) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 14 (1) of Regulation No 1009/67/EEC provides for charging a levy on imports of the products listed in Article 1 (1) of that Regulation;

Whereas the levy on the products listed in Article 1 (1) (d) of Regulation No 1009/67/EEC must be calculated, where appropriate, at a standard rate on the basis of the sucrose content (including other sugars expressed as sucrose) of the product concerned and of the levy on white sugar; whereas, however, the levies on maple sugar and maple syrup are limited to the amount resulting from application of the rate of duty bound within GATT;

Whereas Article 7 of Commission Regulation (EEC) No 837/68⁽³⁾ of 28 June 1968 on detailed rules for the application of levies on sugar, as amended by Regulation (EEC) No 1491/70⁽⁴⁾, provides that the basic amount of the levy for 100 kilogrammes of product must be fixed per percentage of sucrose content;

Whereas the basic amount of the levy must be equal to one hundredth of the average of the levies applicable to 100 kilogrammes of white sugar during the first twenty days of the month preceding the month for which the basic amount of the levy is fixed; whereas, however, the levy applicable to white sugar on the day preceding the fixing of the basic amount must be substituted for the average of the levies, where that levy differs by at least 0.40 unit of account from that average;

Whereas the basic amount must be fixed every month; whereas it must, however, be altered during

the period between the day on which it is fixed and the first day of the month following the month for which the basic amount is applicable, if the levy on white sugar differs by at least 0.40 unit of account from the average referred to above or from the levy on white sugar used to fix the basic amount; whereas, in this case, the basic amount must be equal to one hundredth of the levy on white sugar used to calculate the alteration;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas the basic amount thus fixed must be adjusted on the basis of variations in the threshold price for white sugar occurring between the month in which the basic amount is fixed and the period of application; whereas this adjustment, equal to one hundredth of the difference between these two threshold prices, must be deducted from or added to the basic amount in the circumstances provided for in Article 7 (6) of Regulation (EEC) No 837/68,

HAS ADOPTED THIS REGULATION:

Article 1

The basic amount of the import levy on the products listed in Article 1 (1) (d) of Regulation No 1009/67/EEC is hereby fixed, per 100 kilogrammes of product, at 0 unit of account per percentage point of sucrose content.

Article 2

This Regulation shall enter into force on 1 September 1974.

REGULATION (EEC) No 2252/74 OF THE COMMISSION**of 30 August 1974****fixing the export refunds on molasses, syrups and certain other sugar products
exported in the natural state**

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community;

Having regard to Council Regulation No 1009/
67/EEC⁽¹⁾ of 18 December 1967 on the common
organization of the market in sugar, as last amended
by Regulation (EEC) No 1602/74⁽²⁾, and in particular
the first sentence of the last subparagraph of Article
17 (2) thereof;

Having regard to the Opinion of the Monetary
Committee;

Whereas Article 17 of Regulation No 1009/67/EEC
provides that the difference between quotations or
prices on the world market for the products listed in
Article 1 (1) (c) and (d) of that Regulation and prices
for those products within the Community may be
covered by an export refund;

Whereas Article 6 of Council Regulation (EEC) No
766/68⁽³⁾ of 18 June 1968 laying down general rules
for granting export refunds on sugar, as last amended
by Regulation (EEC) No 881/73⁽⁴⁾, defines the price
factors, both within the Community and on the world
market, which must be taken into account when the
refunds on molasses exported in the natural state are
being fixed; whereas the same Article provides that
the economic aspect of the proposed exports should
also be taken into account;

Whereas the world market situation of the specific
requirements of certain markets may make it neces-
sary to vary the refund on molasses according to desti-
nation;

Whereas Article 8 of Regulation (EEC) No 766/68
provides the export refund on 100 kilogrammes of the
products listed in Article 1 (1) (d) of Regulation No
1009/67/EEC is equal to the basic amount multiplied
by the sucrose content, including, where appropriate,

other sugars expressed as sucrose; whereas the sucrose
content of the product in question is determined in
accordance with the provisions of Article 13 of
Commission Regulation (EEC) No 394/70⁽⁵⁾ of 2
March 1970 on detailed rules for granting export
refunds on sugar;

Whereas Article 7 of Regulation (EEC) No 766/68
provides that the basic amount of the refund on
sorbose exported in the natural state must be equal to
the basic amount of the refund less one hundredth of
the production refund applicable pursuant to Council
Regulation (EEC) No 765/68⁽⁶⁾ of 18 June 1968
laying down general rules for the production refund
on sugar used in the chemical industry, as amended
by Regulation (EEC) No 2486/69⁽⁷⁾, to the products
listed in Annex I to that Regulation;

Whereas the basic amount of the refund on the other
products listed in Article 1 (1) (d) of Regulation No
1009/67/EEC exported in the natural state must be
equal to one hundredth of an amount which takes
account, on the one hand, of the difference between
the intervention price for white sugar for the Commu-
nity area with the largest surplus for the month for
which the basic amount is fixed and quotations or
prices for white sugar on the world market and, on
the other, of the need to establish a balance between
the use of Community basic products in the manufac-
ture of processed goods for export to third countries
and the use of third country products brought in
under inward processing arrangements;

Whereas the application of the basic amount may be
limited to some of the products listed in Article 1 (1)
(d) of Regulation No 1009/67/EEC;

Whereas, if the refund system is to operate normally,
refunds should be calculated on the following basis:

— in the case currencies which are maintained in
relation to each other, at any given moment,
within a band of 2.25 %, a rate of exchange based
on their effective parity;

(1) OJ No 308, 18. 12. 1967, p. 1.

(4) OJ No L 86, 31. 3. 1973, p. 30.

(5) OJ No L 50, 4. 3. 1970, p. 1.

(6) OJ No L 143, 25. 6. 1968, p. 1.

(7) OJ No L 314, 15. 12. 1969, p. 8.

— for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas the refunds referred to above must be fixed every month; whereas they may be altered in the intervening period;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The refund to be granted on the products listed in Article 1 (1) (c) and (d) of Regulation No 1009/67/EEC, exported in the natural state, is hereby fixed as shown in the Annex to this Regulation.

REGULATION (EEC) No 2255/74 OF THE COMMISSION
of 30 August 1974
fixing the export refund on olive oil

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 136/66/EEC⁽¹⁾ of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by Regulation (EEC) No 1707/73⁽²⁾;

Having regard to Council Regulation No 162/66/EEC⁽³⁾ of 27 October 1966 on trade in oils and fats between the Community and Greece;

Having regard to Council Regulation No 171/67/EEC⁽⁴⁾ of 27 June 1967 on export refunds and levies on olive oil, as last amended by Regulation (EEC) No 2429/72⁽⁵⁾, and in particular the first sentence of Article 7 thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 18 of Regulation No 136/66/EEC provides that, where prices within the Community are higher than world market prices, the difference between these prices may be covered by a refund when olive oil is exported to third countries;

Whereas Article 8 of Regulation No 162/66/EEC provides that Article 18 of Regulation No 136/66/EEC and the measures taken in application thereof apply, subject to the provisions of the Agreement establishing an Association between the European Economic Community and Greece, to trade between the Community and Greece;

Whereas the rules and other provisions for fixing and granting export refunds on olive oil are contained in Regulation No 171/67/EEC and (EEC) No 616/72⁽⁶⁾;

Whereas Article 2 of Regulation No 171/67/EEC provides that the refund must be the same for the whole Community;

Whereas Article 3 of Regulation No 171/67/EEC provides that when the refund on olive oil is being fixed account must be taken of:

— the existing situation and the future trend with regard to prices and availabilities of olive oil on the Community market and prices for olive oil on the world market;

— the aims of the common organization of the market in olive oil which are to ensure equilibrium and the natural development of prices and trade on this market;

— the need to avoid disturbances on the Community market; and

— the economic aspect of the proposed exports;

Whereas, furthermore, Article 4 of Regulation No 171/67/EEC provides that the said refund must be fixed in accordance with the following criteria:

— olive oil prices in the main producing areas of the Community;

— the most favourable quotations recorded on the various markets of importing third countries and Greece; and

— marketing costs and the most favourable transport charges from Community markets in the main producing areas to ports or other points of export in the Community, as well as costs incurred in placing the goods on the world market;

Whereas Article 5 of Regulation No 171/66/EEC provides that the refund on olive oil may be varied according to destination where the world market situation or the specific requirements of certain markets make this necessary;

Whereas Article 7 of Regulation No 171/67/EEC provides that the refund must be fixed at least once every month; whereas it may, if necessary, be altered in the intervening period;

Whereas it follows from applying these rules and other provisions to the present situation on the market in olive oil and in particular to olive oil prices within the Community and on the markets of third countries and Greece that the refund should be fixed at the amounts shown in the Annex to this Regulation;

⁽⁶⁾ OJ No L 78, 31. 3. 1972, p. 1.

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION :

Article 1

The refunds on the products listed in Article 1 (2) (c) of Regulation No 136/66/EEC, exported to third countries and Greece, are hereby fixed as shown in the Annex to this Regulation.

REGULATION (EEC) No 2256/74 OF THE COMMISSION

of 30 August 1974

fixing the export refund on oil seeds

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 136/66/EEC⁽¹⁾ of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by Regulation (EEC) No 1707/73⁽²⁾;

Having regard to Council Regulation No 162/66/EEC⁽³⁾ of 27 October 1966 on trade in oils and fats between the Community and Greece;

Having regard to Council Regulation No 142/67/EEC⁽⁴⁾ of 21 June 1967 on export refunds on colza, rape and sunflower seeds, as last amended by Regulation (EEC) No 2429/72⁽⁵⁾, and in particular the first sentence of Article 2(3) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 28 of Regulation No 136/66/EEC provides that a refund may be granted on exports to third countries of oil seeds harvested within the Community; whereas the amount of this refund may not exceed the difference between prices within the Community and prices on the world market where the former are higher than the latter; whereas Article 21 of Regulation No 136/66/EEC provides that, at present, Article 28 of that Regulation applies only to colza, rape and sunflower seeds;

Whereas Article 8 of Regulation No 162/66/EEC provides that Article 28 of Regulation No 136/66/EEC and measures taken in application thereof apply, subject to the provisions of the Agreement establishing an Association between the European Economic Community and Greece, to trade between the Community and Greece;

Whereas Article 3 of Regulation No 142/67/EEC provides that when the refund is being calculated account must be taken of prices ruling on the various Community markets which are representative from the point of view of processing and exportation; the most favourable quotations recorded on the various markets of importing third countries and Greece, and costs incurred in placing the goods on the world market; whereas, when the amount of the refund is being fixed, account must also be taken of the level of market prices within the Community for the oil seeds referred to in Article 21 of Regulation No 136/66/EEC and the future trend of these prices; whereas, furthermore, account should be taken of the economic aspect of the proposed exports and the situation in the Community regarding the supply of and demand for these seeds;

Whereas Article 1 of Commission Regulation (EEC) No 651/71⁽⁶⁾ of 29 March 1971 on certain detailed rules for the application of export refunds on oil seeds provides that the amount of the refund must be calculated on the basis of the weight of exported seeds; whereas this weight must be adjusted to take account of any differences between the percentages of moisture and impurities found to exist and those used to define the standard quality for which the target price is fixed; whereas, when this adjustment is being made, the weight of the exported seeds must be increased by the amount of the difference between the actual moisture and impurities content and that used to define the standard quality if the former is lower than the latter; whereas, if the opposite applies, the weight of the exported seeds must be reduced by the same amount;

Whereas the standard quality referred to above is defined in Article 2 of Council Regulation (EEC) No 1122/74⁽⁷⁾ of 29 April 1974 fixing the target prices and basic intervention prices for oil seeds for the 1974/1975 marketing year;

Whereas Article 2 of Regulation No 142/67/EEC provides that the refund may be varied according to destination where the world market situation or the specific requirements of certain markets make this necessary;

⁽¹⁾ OJ No 172, 30. 9. 1966, p. 3025/66.

⁽²⁾ OJ No L 175, 29. 6. 1973, p. 5.

⁽³⁾ OJ No 197, 29. 10. 1966, p. 3393/66.

⁽⁴⁾ OJ No 125, 26. 6. 1967, p. 2461/67.

⁽⁵⁾ OJ No L 264, 23. 11. 1972, p. 1.

⁽⁶⁾ OJ No L 75, 30. 3. 1971, p. 16.

⁽⁷⁾ OJ No L 128, 10. 5. 1974, p. 8.

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph ;

Whereas it follows from applying these rules and criteria to the present situation on the market in oil seeds, and in particular to quotations or prices for these products within the Community and on the markets of third countries and Greece, that the refund should be fixed at the amounts shown in the Annex to this Regulation for those products for which the marketing year has already begun ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION :

Article 1

The refunds on the products referred to in Article 21 of Regulation No 136/66/EEC, exported to third countries and Greece, are hereby fixed as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 1 September 1974.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 2258/74 OF THE COMMISSION
of 30 August 1974
fixing the export levies on starch products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1996/74⁽²⁾;

Having regard to Council Regulation (EEC) No 1132/74⁽³⁾ of 29 April 1974 on production refunds in the cereals and rice sectors, and in particular Article 7 (2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas, pursuant to Article 7 (2) of Regulation (EEC) No 1132/74, an export levy may be introduced for products falling within subheadings 11.08 A, 11.09, 17.02 B II, 17.05 B and 23.03 A I of the Common Customs Tariff when world market prices for maize and common wheat on the one hand, and for broken rice on the other hand exceed respectively 8.20 and 10.20 units of account;

Whereas, by Regulation (EEC) No 1981/74⁽⁴⁾, as amended by Regulation (EEC) No 2267/74⁽⁵⁾, the Commission laid down detailed rules for the application of the export levy on starch products; whereas Article 2 (1) of that Regulation provides that a levy is introduced when it is found that the import levy for maize, wheat or broken rice is at least 0.30 unit of account/100 kg less than the amount of the production refund valid in the current month and that the average of the levies in the immediately following fortnight is at least 0.30 unit of account/100 kg less than the average of the production refund valid in that fortnight;

Whereas the export levy must be equal, per 100 kg of basic product, to the difference between the production refund valid on the day on which this export levy

is fixed and the average of the levies applicable on the seven days preceding the day it comes into force; whereas this difference must then be multiplied for the products mentioned in Article 1 by the coefficients relating to these products shown in column 4 of the Annex to Regulation (EEC) No 1052/68⁽⁶⁾, as last amended by Regulation (EEC) No 881/73⁽⁷⁾;

Whereas the production refund on maize, common wheat and broken rice intended for the manufacture of starch is defined in Article 1 of Regulation (EEC) No 1132/74;

Whereas, pursuant to Article 2 (3) of Regulation (EEC) No 1981/74 for the new Member States the amounts to be considered respectively as import levy and production refund shall be the levy and the production refund for the product in question respectively, minus the applicable compensatory amount;

Whereas the export levy must be fixed once a week; whereas it is altered only if application of Article 2 (2) (a) of Regulation (EEC) No 1981/74 entails an increase or a reduction of more than 0.08 unit of account/100 kg of basic product;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, at a rate of exchange based on their effective parity;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying all these provisions to the world market price of maize, common wheat and broken rice and to the import levies that an export levy should be introduced for the products listed in the Annex,

*Article 2**Article 1*

The export levies provided for in Article 7 (2) of Regulation (EEC) No 1132/74 are hereby fixed as shown in the Table annexed to this Regulation for the products listed therein.

This Regulation shall enter into force on 31 August 1974.

It shall apply from 31 August 1974 for starch products derived from maize and from 2 September 1974 for starch products derived from soft wheat.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 2259/74 OF THE COMMISSION
of 30 August 1974
altering the export levies on cereals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC ⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1996/74 ⁽²⁾;

Having regard to Council Regulation (EEC) No 1968/73 ⁽³⁾ of 19 July 1973 laying down general rules to be applied in the event of the cereals market being disturbed, as last amended by Regulation (EEC) No 676/74 ⁽⁴⁾ and in particular Article 4(3) thereof;

Whereas Article 19 of Regulation No 120/67/EEC provides that the necessary measure may be taken if the cif price of one or more products is appreciably higher than the threshold price and if that situation is likely to continue thereby disturbing or threatening to disturb the Community market;

Whereas Regulation (EEC) No 1968/73 specifies that the cif price may be regarded as appreciably higher than the threshold price when it exceeds it by at least 2 %; whereas this excess may be regarded as being likely to continue where an imbalance between supply and demand is established and where this imbalance is likely to persist having regard to foreseeable production and market price trends;

Whereas the high level of prices in international trade could impede importation of common wheat, barley, rye, oats, maize, millet and sorghum into the Community or provoke exportation from the Community;

Whereas the situation described above can be said to exist at the present time; whereas to ensure supplies in the Community an export levy should be introduced for common wheat, barley, rye, oats, maize, millet and sorghum;

Whereas, in view of the relationship between the basic product and the products processed from it and given the market situation for certain processed products, an export levy for certain of these products must also be fixed;

Whereas the threshold prices for the 1974/75 marketing year were fixed by Council Regulation (EEC) No 1427/74 ⁽⁵⁾ of 4 June 1974;

Whereas Article 3 of Regulation (EEC) No 1968/73 specifies that when the export levy is being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the world market on the other; whereas the same article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas for the products, other than starches, listed in Article 1(c) and (d) of Regulation No 120/67/EEC the specific factors set out in Article 3(2) of Regulation (EEC) No 1968/73 must also be taken into account;

Whereas the export levy may be varied if the world market situation or the specific requirements of certain markets make this necessary;

Whereas it follows from applying the rules outlined above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market, that the export levies, fixed by Regulation (EEC) No 2236/74 ⁽⁶⁾, should be altered as shown in the Annex to this Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

The export levies referred to in the first indent of Article 2(1) of Regulation (EEC) No 1968/73 are hereby altered, in respect of the products listed in the Annex to Regulation (EEC) No 2236/74, to the amounts shown therein.

Article 2

This Regulation shall enter into force on 1 September 1974.

REGULATION (EEC) No 2263/74 OF THE COMMISSION

of 30 August 1974

introducing, in respect of the 1974/75 milk year, private storage aid for pecorino romano cheese

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 804/68 ⁽¹⁾ 27 June 1968 on the common organization of the market in milk and milk products, as last amended by Regulation (EEC) No 662/74 ⁽²⁾, and in particular Articles 9 (3) and 28 thereof;

Whereas, under Council Regulation (EEC) No 508/71 ⁽³⁾ of 8 March 1971 laying down general rules on private storage aid for long-keeping cheeses, where there is a serious imbalance of the market which could be eliminated or reduced by seasonal storage, private storage aid may be granted for cheeses which are manufactured from sheep's milk and require at least six months for maturing;

Whereas the market in pecorino romano cheese, which is traditionally exported largely to the United States, is particularly hard hit by the abolition of the refund on exports to that destination; whereas abolition of the refund is provoking a sharp drop in prices and a marked increase in stocks; whereas seasonal storage should therefore be introduced with a view to improving the situation and allowing producers to find other outlets for their cheese;

Whereas detailed rules for granting private storage aid for this type of cheese should be laid down; whereas contracts should contain provisions calculated to ensure that the system functions properly and that its operation can be effectively checked;

Whereas, in order that it may keep the operation of this measure under review, the Commission must be informed regularly of the quantities of cheese covered by storage contracts;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

For the remainder of the 1974/75 milk year aid shall be granted in respect of the private storage of peco-

rino romano cheese manufactured in the Community which satisfies the requirements of Articles 2 and 3.

Article 2

1. Storage contracts may be concluded where the following conditions are satisfied:

- (a) the batch of cheese to which the contract relates must comprise at least 2 metric tons;
- (b) the cheese must have been manufactured at least 90 days before the date specified in the contract as being the date of commencement of storage, and after 1 January 1974;
- (c) the cheese must have undergone tests which established that it satisfies the condition laid down in (b) and that it is of first quality;
- (d) the storer shall undertake:
 - to keep the cheese during the entire period of storage in premises where the maximum temperature is +6°C;
 - not, during the term of the contract, to alter the composition of the batch covered by the contract without authorization from the intervention agency;
 - to keep stock records and to inform the intervention agency each week of the cheeses put into and withdrawn from storage during the previous week.

2. Contracts may not be concluded before the cheese has been put into storage.

3. Contracts may not be concluded for periods extending beyond 31 March 1975.

Article 3

1. Aid shall be granted only for cheese put into storage during the period 1 September to 31 December 1974.

2. No aid shall be granted in respect of storage for less than 90 days.

3. The maximum aid payable shall be an amount corresponding to 180 days' storage, such storage to be terminated before 1 April 1975.

⁽²⁾ OJ No L 85, 29. 3. 1974, p. 51.

⁽³⁾ OJ No L 58, 11. 3. 1971, p. 1.

Article 4

1. The amount of aid shall be 1.29 units of account per metric ton per day.
2. The period on which calculation of aid is to be based shall run from the date on which the batch of cheese to which the contract relates was put into storage.

Article 5

The intervention agency shall take the measures necessary to ensure that checks are kept on the batches covered by storage contracts. It shall in particular make provision for the cheeses comprised in those batches to be marked.

Article 6

Member States shall communicate to the Commission on or before the Tuesday of each week particulars as to the following:

- (a) the quantities of cheese for which storage contracts have been concluded during the preceding week;
- (b) any quantities in respect of which the authorization referred to in the second indent of Article 2 (d) has been given.

Article 7

This Regulation shall enter into force on 1 September 1974.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 2264/74 OF THE COMMISSION

of 30 August 1974

amending Regulation (EEC) No 289/71 as regards the detailed rules for granting private storage aid for certain types of preserved pigmeat

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 121/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in pigmeat, as last amended by Regulation (EEC) No 1861/74⁽²⁾, and in particular Articles 5 (4) and 7 (2) thereof;

Whereas Commission Regulation (EEC) No 289/71⁽³⁾ of 10 February 1971 laying down detailed rules for granting private storage aid for pigmeat provides for meat to be held in cold storage; whereas, however, frozen pigmeat can be stored only for a limited period of time before deteriorating and, consequently, cannot in all cases be stored for a sufficient length of time; whereas, furthermore, the available cold storage capacity is limited, mainly due to the existence of stocks resulting from intervention in other sectors of agriculture;

Whereas provision should therefore be made to permit the storage of certain types of preserved

pigmeat; whereas, however, such provision should be confined to those products the storage of which is most likely to relieve the market;

Whereas the Management Committee for Pigmeat has not delivered an opinion within the time limit set by its Chairman;

HAS ADOPTED THIS REGULATION:

Article 1

Article 2 (2) of Regulation (EEC) No 289/71 is replaced by the following:

'2. Private storage aid may be granted only for products held in cold storage or as preserved products containing not less than 80 % pigmeat and provided that such products are derived from animals recently slaughtered.'

Article 2

This Regulation shall enter into force on 2 September 1974.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 2265/74 OF THE COMMISSION

of 30 August 1974

amending Regulation (EEC) No 1637/74 so as to make private storage aid available for certain pigmeat products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 121/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in pigmeat, as last amended by Regulation (EEC) No 1861/74⁽²⁾, and in particular Article 5 (4) (a) and (b) thereof;

Whereas private storage aid for certain pigmeat products has been granted since 10 July 1974 under Commission Regulation (EEC) Nos 1637/74⁽³⁾ of 27 June 1974 on special conditions for granting private storage aid for pigmeat and 1774/74⁽⁴⁾ of 9 July 1974 determining the commencement of intervention measures for pigmeat; whereas, in view of the current situation and foreseeable trends on the pigmeat market the possibility of granting such aid should be extended, notably so as to allow for longer periods of storage and to cover products which do not need to be held in cold storage plants, the capacity of which is limited;

Whereas, in these circumstances, the powers available under Commission Regulation (EEC) No 289/71⁽⁵⁾ of 10 February 1971 laying down detailed rules for granting private storage aid for pigmeat, as last amended by Regulation (EEC) No 2264/74⁽⁶⁾, should be used in order to provide for private storage aid in respect of preserved hams, fillets, loins and shoulders, while at the same time unboned shoulders and loins should be inserted in the list of products covered by Regulation (EEC) No 1637/74;

Whereas the Management Committee for Pigmeat has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

1. Article 1 (1) of Regulation (EEC) No 1637/74 is replaced by the following:

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 30 August 1974.

'1. The products for which private storage aid may be granted under Regulation (EEC) No 289/71, together with the amounts of such aid per metric ton of fresh product exclusive of packaging for products held in cold storage and per metric ton of net weight for those stored as preserves, are listed in the Annex hereto.'

2. The Annex to Regulation (EEC) No 1637/74 is replaced by the Annex to this Regulation.

Article 2

Article 2 of Regulation (EEC) No 1637/74 is replaced by the following:

Article 2

The minimum quantities per contract and per product shall be as follows:

1. for products held in cold storage:

- (a) 50 metric tons for carcasses,
- (b) 20 metric tons for hams,
- (c) 20 metric tons for shoulders,
- (d) 20 metric tons for loins,
- (e) 20 metric tons for bellies (streaky),
- (f) 30 metric tons for boned meat,
- (g) 40 metric tons for back-fat

2. for products stored as preserves:

- (a) 15 metric tons for hams, fillets and loins,
- (b) 15 metric tons for shoulders.'

Article 3

Regulation (EEC) No 1774/74 is hereby repealed.

REGULATION (EEC) No 2266/74 OF THE COMMISSION

of 30 August 1974

fixing the percentage applicable to the reference quantity for the purpose of applying the system of import licences for preserved mushrooms

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 865/68 ⁽¹⁾ of 28 June 1968 on the common organization of the market in products processed from fruit and vegetables, as last amended by Regulation (EEC) No 2429/72 ⁽²⁾;

Having regard to Council Regulation (EEC) No 1427/71 ⁽³⁾ of 2 July 1971 introducing protective measures for products processed from fruit and vegetables, and in particular Article 1 (2) thereof;

Whereas Commission Regulation (EEC) No 2107/74 ⁽⁴⁾ of 8 August 1974 laying down protective measures applicable to imports of preserved mushrooms laid down protective measures applicable to imports of preserved mushrooms from third countries; whereas for this purpose the Regulation set up machinery for restricting imports by means of a system of import licences;

Whereas pursuant to Article 2 (2) of the abovementioned Regulation the Commission is responsible for assessing the situation and for deciding on the quantities of products for which import licences are to be issued, fixing a percentage to be applied to each applicant's reference quantity; whereas such assessments and decisions must be based primarily on notifica-

tions by Member States giving the quantities in respect of which licences have been applied for;

Whereas the Commission has the power of decision as to the quantities for which applications have been made in Member States importing preserved mushrooms; whereas it is necessary to fix the percentage applicable to imports from third countries at such a level that the situation on the Community market will not be aggravated by the importation of such quantities,

HAS ADOPTED THIS REGULATION:

Article 1

With effect from 2 September 1974 applications for import licences made in accordance with the provisions of Article 1 of Regulation (EEC) No 2107/74 shall be granted in respect of an amount equal to whichever is the lower of (i) the amount specified in the application and (ii) in the case of preserved wild mushrooms the reference quantity referred to in Article 3 of that Regulation, or in the case of preserved cultivated mushrooms half that reference quantity.

Article 2

This Regulation shall enter into force on 2 September 1974.

REGULATION (EEC) No 2267/74 OF THE COMMISSION
of 30 August 1974
amending Commission Regulation (EEC) No 1981/74 concerning the export levy
on starches

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community;

Having regard to Council Regulation No 359/
67/EEC⁽¹⁾ of 25 July 1967 on the common organiza-
tion of the market in rice, as last amended by Regula-
tion (EEC) No 1129/74⁽²⁾;

Having regard to Council Regulation (EEC) No
1132/74⁽³⁾ of 29 April 1974 on production refunds in
the cereals and rice sectors, and in particular Article 9
(a) thereof;

Whereas Commission Regulation (EEC) No
1981/74⁽⁴⁾ of 25 July 1974 laying down detailed rules
for the application pursuant to Article 7 (2) of Regula-
tion (EEC) No 1132/74 of an export levy on starches,
provides in Article 1 that an export levy shall be fixed
for starch manufactured from broken rice; whereas
the conditions under which that export levy is fixed
should be defined; whereas for the sake of consis-
tency the same conditions should be specified for
broken rice as those fixed for maize and common
wheat;

Whereas as a result of a clerical error it is necessary to
specify in the German, Danish French and Dutch
versions the quantity of broken rice to which the
figure of 10.20 units of account refers in the second
indent of Article 1 of Regulation (EEC) No 1981/74;
whereas the other versions are correct on this point;

Whereas the measures provided for in this Regulation
are in accordance with the Opinion of the Manage-
ment Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The text of paragraph 1 of Article 2 of Regulation
(EEC) No 1981/74 is replaced by the following:

'An export levy shall be introduced whenever it is
found that the import levy on maize, on common
wheat or on broken rice is at least 0.30 unit of
account per 100 kilogrammes less than the
amount of the production refund valid in the
current month and that the average of the levies
on the relevant product valid in the immediately
following fortnight is at least 0.30 unit of account
per 100 kilogrammes less than the average of the
production refund valid in that fortnight'.

Article 2

The text of the second indent of Article 1 of Regula-
tion (EEC) No 1981/74 is replaced, in the German,
Danish, French and Dutch versions respectively by

States.

REGULATION (EEC) No 2268/74 OF THE COMMISSION

of 29 August 1974

fixing the rates of the refunds applicable from 1 September 1974 to sugar and molasses exported in the form of goods not covered by Annex II to the Treaty

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 1009/67/EEC⁽¹⁾ of 18 December 1967 on the common organization of the market in sugar, as last amended by Regulation (EEC) No 1602/74⁽²⁾, and in particular the first sentence of the sixth subparagraph of Article 17 (2) thereof;

Whereas Article 17 (1) of Regulation No 1009/67/EEC provides that the difference between quotations or prices on the world market for the products listed in Article 1 (1) (a), (c) and (d) of that Regulation and prices within the Community may be covered by an export refund; whereas Council Regulation (EEC) No 2682/72⁽³⁾ of 12 December 1972 laying down general rules for granting export refunds on certain agricultural products exported in the form of goods not covered by Annex II to the Treaty, and the criteria for fixing the amount of such refunds, specifies the products for which a rate of refund should be fixed, to be applied where these products are exported in the form of goods listed in the Annex to Regulation No 1009/67/EEC;

Whereas, in accordance with the first subparagraph of Article 4 (1) of Regulation (EEC) No 2682/72, the rate of the refund per 100 kilogrammes for each of the basic products in question must be fixed for each month;

Whereas, in accordance with paragraph 2 of that Article, that rate must be determined with particular reference to:

- (a) the average costs incurred by processing industries in obtaining supplies of the basic products in question on the Community market and the prices ruling on the world market;
- (b) the level of the refunds on exports of processed agricultural products covered by Annex II to the

Treaty which are manufactured under similar conditions;

- (c) the need to ensure equality of competition for the industries which use Community products and those which use third-country products under inward processing arrangements;

Whereas Article 4 (3) of Regulation (EEC) No 2682/72 provides that, when the rate of the refund is being fixed, account should be taken, where appropriate, of refunds, aids or other measures having equivalent effect applicable in all Member States in accordance with the Regulation on the common organization of the market in the product in question to the basic products listed in Annex A to that Regulation or to assimilated products; whereas a production refund is granted in respect of white sugar or raw sugar under the conditions laid down in Council Regulation (EEC) No 765/68⁽⁴⁾ of 18 June 1968 laying down general rules for the production refund on sugar used in the chemical industry, as last amended by Regulation (EEC) No 1862/74⁽⁵⁾;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The rates of the refunds applicable from 1 September 1974 to the basic products appearing in Annex A to Regulation (EEC) No 2682/72 and listed in Article 1 (1) of Regulation No 1009/67/EEC, exported in the form of goods listed in the Annex to Regulation No 1009/67/EEC, are hereby fixed as shown in the Annex to this Regulation.
