REGULATION (EEC) No 3006/74 OF THE COMMISSION
of 29 November 1974
fixing the export levies on starch products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1996/74⁽²⁾;

Having regard to Council Regulation No 359/67/EEC⁽³⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by Regulation (EEC) No 1129/74⁽⁴⁾;

Having regard to Council Regulation (EEC) No 1132/74⁽⁵⁾ of 29 April 1974 on production refunds in the cereals and rice sectors, and in particular Article 7 (2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas, pursuant to Article 7 (2) of Regulation (EEC) No 1132/74, an export levy may be introduced for products falling within subheadings 11.08 A, 11.09, 17.02 B II, 17.05 B and 23.03 A I of the Common Customs Tariff when world market prices for maize and common wheat on the one hand, and for broken rice on the other hand exceed respectively 8.20 and 10.20 units of account;

Whereas, by Regulation (EEC) No 1981/74⁽⁶⁾, as amended by Regulation (EEC) No 2267/74⁽⁷⁾, the Commission laid down detailed rules for the application of the export levy on starch products; whereas Article 2 (1) of that Regulation provides that a levy is introduced when it is found that the import levy for maize, wheat or broken rice is at least 0.30 unit of account/100 kg less than the amount of the production refund valid in the current month and that the average of the levies in the immediately following fortnight is at least 0.30 unit of account/100 kg less than the average of the production refund valid in that fortnight;

Whereas the export levy must be equal, per 100 kg of basic product, to the difference between the production refund valid on the day on which this export levy is fixed and the average of the levies applicable on the seven days preceding the day it comes into force; whereas this difference must then be multiplied for the products mentioned in Article 1 by the coefficients relating to these products shown in column 4 of the Annex to Regulation (EEC) No 1052/68⁽⁸⁾, as last amended by Regulation (EEC) No 881/73⁽⁹⁾;

Whereas the production refund on maize, common wheat and broken rice intended for the manufacture of starch is defined in Article 1 of Regulation (EEC) No 1132/74;

Whereas, pursuant to Article 2 (3) of Regulation (EEC) No 1981/74 for the new Member States the amounts to be considered respectively as import levy and production refund shall be the levy and the production refund for the product in question respectively, minus the applicable compensatory amount;

Whereas the export levy must be fixed once a week; whereas it is altered only if application of Article 2 (2) (a) of Regulation (EEC) No 1981/74 entails an increase or a reduction of more than 0.08 unit of account/100 kg of basic product;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, at a rate of exchange based on their effective parity;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying all these provisions to the world market price of maize, common wheat and broken rice and to the import levies that an export levy should be introduced for the products listed in the Annex,

HAS ADOPTED THIS REGULATION:

Article 1

The export levies provided for in Article 7 (2) of Regulation (EEC) No 1132/74 are hereby fixed as shown in the Table annexed to this Regulation for the products listed therein.

Article 2

This Regulation shall enter into force on 30 November 1974.

It shall apply from 30 November 1974 for starch products derived from maize, from 2 December 1974 for starch products derived from soft wheat, and from 3 December 1974 for starch products derived from broken rice.

REGULATION (EEC) No 3008/74 OF THE COMMISSION**of 29 November 1974****fixing the export refunds on products processed from cereals and rice**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1996/74⁽²⁾, and in particular the first sentence of the fourth subparagraph of Article 16 (2) thereof;

Having regard to Council Regulation No 359/67/EEC⁽³⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by Regulation (EEC) No 1129/74⁽⁴⁾, and in particular the first sentence of the fourth subparagraph of Article 17 (2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 16 of Regulation No 120/67/EEC and Article 17 of Regulation No 359/67/EEC provide that the difference between quotations or prices on the world market for the products listed in Article 1 of those Regulations and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation No 139/67/EEC⁽⁵⁾ of 21 June 1967, as amended by Regulation (EEC) No 1997/74⁽⁶⁾, and Article 2 of Council Regulation No 366/67/EEC⁽⁷⁾ of 25 July 1967 laying down general rules for granting export refunds on cereals and rice respectively and criteria for fixing the amount of such refunds, as amended by Regulation No 1019/67/EEC⁽⁸⁾, provide that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals, rice and broken rice on the Community market on the one hand and prices for cereals, rice and broken rice on the world market on the other; whereas the same Articles provide that it is also important to ensure equilibrium and the natural development of prices and trade on the markets in cereals and rice and, furthermore, to take into account the economic aspect of the proposed exports, and the need to avoid disturbances on the Community market;

Whereas Article 6 of Council Regulation (EEC) No 1052/68⁽⁹⁾ of 23 July 1968 on the import and export system for products processed from cereals and from rice, as last amended by Regulation (EEC) No 881/73⁽¹⁰⁾, defines the specific criteria to be taken into account when the refund on these products is being calculated;

Whereas, on the basis of the criteria laid down in Regulation (EEC) No 1052/68, particular account should be taken of the prices and quantities of basic products used to calculate the variable component of the levy; whereas, therefore, as is laid down for the determination of the variable component, account should be taken of the average of the levies on the basic products concerned during a representative period, namely the first 25 days of the month preceding the month of exportation; whereas this average should be adjusted for the threshold price for these basic products which will be in force during the month of exportation; whereas Article 8 of Regulation (EEC) No 1052/68 and Article 1 of Regulation (EEC) No 1077/68⁽¹¹⁾, amended by Regulation (EEC) No 2764/71⁽¹²⁾, provide that the amount of the export refund should, for certain products, be reduced by an amount equal to the production refund granted in respect of the basic product;

Whereas it follows from applying these rules and criteria to the present situation on the market in products processed from cereals and rice that the export refund should be fixed at an amount which will cover the difference between Community prices and world market prices;

Whereas when the refund is being calculated account should be taken of the quantities of raw materials used to determine the variable component of the levy; whereas the quantities of raw materials used for certain processed products may vary according to the end use of the product; whereas, depending on the manufacturing process used, products other than the main product are obtained, the quantity and value of which may vary with the nature and quality of the main products being manufactured; whereas cumulation of the refunds on the various products manufactured by a single process from the same basic product

may make it possible, in certain cases, to export to third countries at prices which are lower than world market prices; whereas the refund on certain products should therefore be limited to an amount which, while allowing access to the world market, will ensure that the aims of the common organization of the markets are respected;

Whereas the refund to be granted in respect of certain processed products should be graduated on the basis of the ash, crude fibre, tegument, protein, fat and starch content of the individual product concerned, this content being a particularly good indicator of the quantity of basic product actually incorporated in the processed product;

Whereas there is no need at present to fix an export refund for manioc, other tropical roots and tubers or flours obtained therefrom, given the economic aspect of potential exports and in particular the nature and origin of these products; whereas, for certain products processed from cereals, the insignificance of Community participation in world trade makes it unnecessary to fix an export refund at the present time;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas Regulation (EEC) No 2806/71⁽¹⁾ lays down additional rules for granting export refunds for certain products processed from cereals and rice;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1 (d) of Regulation No 120/67/EEC and in Article 1 (1) (c) of Regulation No 359/67/EEC and subject to Regulation (EEC) No 1052/68 are hereby fixed as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 1 December 1974.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 3009/74 OF THE COMMISSION**of 29 November 1974****fixing the export refunds on cereal-based compound feedingstuffs**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1996/74⁽²⁾, and in particular the first sentence of the fourth subparagraph of Article 16 (2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 16 of Regulation No 120/67/EEC provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation No 139/67/EEC⁽³⁾ of 21 June 1967 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds, as amended by Regulation (EEC) No 1997/74⁽⁴⁾, provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on the cereal markets;

Whereas it follows from applying rules and criteria to the present situation on the market in cereal-based compound feedingstuffs that the export refund should be fixed at an amount which will cover the difference between Community prices and world market prices;

Whereas Article 7 (1) of Council Regulation (EEC) No 968/68⁽⁵⁾ of 15 July 1968 on the system to be applied to cereal-based compound feedingstuffs, as amended by Regulation (EEC) No 2196/69⁽⁶⁾, provides that,

when export refunds on cereal-based compound feedingstuffs are being fixed, only the products normally used in the manufacture of compound feedingstuffs for which a refund may be fixed should be taken into account;

Whereas Commission Regulation (EEC) No 1913/69⁽⁷⁾ of 29 September 1969 on the granting and the advance fixing of the export refund on cereal-based compound feedingstuffs provides that calculation of the export refund must be based on the levy applicable to maize; whereas this calculation must also take account of the cereal products content; whereas, therefore, in the interest of simplification, compound feedingstuffs should be placed in categories and the refund for each category should be fixed on the basis of a quantity of maize which is representative of the usual cereal products content for the category concerned; whereas, furthermore, the amount of the refund may also take into account the situation on the market in cereal products other than maize;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for compound feedingstuffs according to destination;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

REGULATION (EEC) No 3010/74 OF THE COMMISSION

of 29 November 1974

fixing the basic amount of the import levy on syrups and certain other sugar products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 1009/67/EEC⁽¹⁾ of 18 December 1967 on the common organization of the market in sugar, as last amended by Regulation (EEC) No 2476/74⁽²⁾, and in particular Article 14 (7) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 14 (1) of Regulation No 1009/67/EEC provides for charging a levy on imports of the products listed in Article 1 (1) of that Regulation;

Whereas the levy on the products listed in Article 1 (1) (d) of Regulation No 1009/67/EEC must be calculated, where appropriate, at a standard rate on the basis of the sucrose content (including other sugars expressed as sucrose) of the product concerned and of the levy on white sugar; whereas, however, the levies on maple sugar and maple syrup are limited to the amount resulting from application of the rate of duty bound within GATT;

Whereas Article 7 of Commission Regulation (EEC) No 837/68⁽³⁾ of 28 June 1968 on detailed rules for the application of levies on sugar, as amended by Regulation (EEC) No 1491/70⁽⁴⁾, provides that the basic amount of the levy for 100 kilogrammes of product must be fixed per percentage of sucrose content;

Whereas the basic amount of the levy must be equal to one hundredth of the average of the levies applicable to 100 kilogrammes of white sugar during the first twenty days of the month preceding the month for which the basic amount of the levy is fixed; whereas, however, the levy applicable to white sugar on the day preceding the fixing of the basic amount must be substituted for the average of the levies, where that levy differs by at least 0.40 unit of account from that average;

Whereas the basic amount must be fixed every month; whereas it must, however, be altered during

the period between the day on which it is fixed and the first day of the month following the month for which the basic amount is applicable, if the levy on white sugar differs by at least 0.40 unit of account from the average referred to above or from the levy on white sugar used to fix the basic amount; whereas, in this case, the basic amount must be equal to one hundredth of the levy on white sugar used to calculate the alteration;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas the basic amount thus fixed must be adjusted on the basis of variations in the threshold price for white sugar occurring between the month in which the basic amount is fixed and the period of application; whereas this adjustment, equal to one hundredth of the difference between these two threshold prices, must be deducted from or added to the basic amount in the circumstances provided for in Article 7 (6) of Regulation (EEC) No 837/68,

HAS ADOPTED THIS REGULATION:

Article 1

The basic amount of the import levy on the products listed in Article 1 (1) (d) of Regulation No 1009/67/EEC is hereby fixed, per 100 kilogrammes of product, at 0 unit of account per percentage point of sucrose content.

REGULATION (EEC) No 3011/74 OF THE COMMISSION**of 29 November 1974****fixing the export refunds on molasses, syrups and certain other sugar products
exported in the natural state**

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community;

Having regard to Council Regulation No 1009/
67/EEC⁽¹⁾ of 18 December 1967 on the common
organization of the market in sugar, as last amended
by Regulation (EEC) No 2476/74⁽²⁾ and in particular
the first sentence of the last subparagraph of Article
17 (2) thereof;

Having regard to the Opinion of the Monetary
Committee;

Whereas Article 17 of Regulation No 1009/67/EEC
provides that the difference between quotations or
prices on the world market for the products listed in
Article 1 (1) (c) and (d) of that Regulation and prices
for those products within the Community may be
covered by an export refund;

Whereas Article 6 of Council Regulation (EEC) No
766/68⁽³⁾ of 18 June 1968 laying down general rules
for granting export refunds on sugar, as last amended
by Regulation (EEC) No 881/73⁽⁴⁾, defines the price
factors, both within the Community and on the world
market, which must be taken into account when the
refunds on molasses exported in the natural state are
being fixed; whereas the same Article provides that
the economic aspect of the proposed exports should
also be taken into account;

Whereas the world market situation of the specific
requirements of certain markets may make it neces-
sary to vary the refund on molasses according to desti-
nation;

Whereas Article 8 of Regulation (EEC) No 766/68
provides the export refund on 100 kilogrammes of the
products listed in Article 1 (1) (d) of Regulation No
1009/67/EEC is equal to the basic amount multiplied
by the sucrose content, including, where appropriate,

other sugars expressed as sucrose; whereas the sucrose
content of the product in question is determined in
accordance with the provisions of Article 13 of
Commission Regulation (EEC) No 394/70⁽⁵⁾ of 2
March 1970 on detailed rules for granting export
refunds on sugar;

Whereas Article 7 of Regulation (EEC) No 766/68
provides that the basic amount of the refund on
sorbitol exported in the natural state must be equal to
the basic amount of the refund less one hundredth of
the production refund applicable pursuant to Council
Regulation (EEC) No 765/68⁽⁶⁾ of 18 June 1968
laying down general rules for the production refund
on sugar used in the chemical industry, as last
amended by Regulation (EEC) No 2477/74⁽⁷⁾, to the
products listed in Annex I to that Regulation;

Whereas the basic amount of the refund on the other
products listed in Article 1 (1) (d) of Regulation No
1009/67/EEC exported in the natural state must be
equal to one hundredth of an amount which takes
account, on the one hand, of the difference between
the intervention price for white sugar for the Commu-
nity area with the largest surplus for the month for
which the basic amount is fixed and quotations or
prices for white sugar on the world market and, on
the other, of the need to establish a balance between
the use of Community basic products in the manufac-
ture of processed goods for export to third countries
and the use of third country products brought in
under inward processing arrangements;

Whereas the application of the basic amount may be
limited to some of the products listed in Article 1 (1)
(d) of Regulation No 1009/67/EEC;

Whereas, if the refund system is to operate normally,
refunds should be calculated on the following basis:

— in the case currencies which are maintained in
relation to each other, at any given moment,
within a band of 2.25 %, a rate of exchange based
on their effective parity;

— for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas the refunds referred to above must be fixed every month; whereas they may be altered in the intervening period;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

REGULATION (EEC) No 3015/74 OF THE COMMISSION
of 29 November 1974
fixing the export refund on olive oil

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 136/66/EEC⁽¹⁾ of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by Regulation (EEC) No 1707/73⁽²⁾;

Having regard to Council Regulation No 162/66/EEC⁽³⁾ of 27 October 1966 on trade in oils and fats between the Community and Greece;

Having regard to Council Regulation No 171/67/EEC⁽⁴⁾ of 27 June 1967 on export refunds and levies on olive oil, as last amended by Regulation (EEC) No 2429/72⁽⁵⁾, and in particular the first sentence of Article 7 thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 18 of Regulation No 136/66/EEC provides that, where prices within the Community are higher than world market prices, the difference between these prices may be covered by a refund when olive oil is exported to third countries;

Whereas Article 8 of Regulation No 162/66/EEC provides that Article 18 of Regulation No 136/66/EEC and the measures taken in application thereof apply, subject to the provisions of the Agreement establishing an Association between the European Economic Community and Greece, to trade between the Community and Greece;

Whereas the rules and other provisions for fixing and granting export refunds on olive oil are contained in Regulation No 171/67/EEC and (EEC) No 616/72⁽⁶⁾;

Whereas Article 2 of Regulation No 171/67/EEC provides that the refund must be the same for the whole Community;

Whereas Article 3 of Regulation No 171/67/EEC provides that when the refund on olive oil is being fixed account must be taken of:

— the existing situation and the future trend with regard to prices and availabilities of olive oil on the Community market and prices for olive oil on the world market;

— the aims of the common organization of the market in olive oil which are to ensure equilibrium and the natural development of prices and trade on this market;

— the need to avoid disturbances on the Community market; and

— the economic aspect of the proposed exports;

Whereas, furthermore, Article 4 of Regulation No 171/67/EEC provides that the said refund must be fixed in accordance with the following criteria:

— olive oil prices in the main producing areas of the Community;

— the most favourable quotations recorded on the various markets of importing third countries and Greece; and

— marketing costs and the most favourable transport charges from Community markets in the main producing areas to ports or other points of export in the Community, as well as costs incurred in placing the goods on the world market;

Whereas Article 5 of Regulation No 171/67/EEC provides that the refund on olive oil may be varied according to destination where the world market situation or the specific requirements of certain markets make this necessary;

Whereas Article 7 of Regulation No 171/67/EEC provides that the refund must be fixed at least once every month; whereas it may, if necessary, be altered in the intervening period;

Whereas it follows from applying these rules and other provisions to the present situation on the market in olive oil and in particular to olive oil prices within the Community and on the markets of third countries and Greece that the refund should be fixed at the amounts shown in the Annex to this Regulation;

⁽⁶⁾ OJ No L 78, 31. 3. 1972, p. 1.

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION :

Article 1

The refunds on the products listed in Article 1 (2) (c) of Regulation No 136/66/EEC, exported to third countries and Greece, are hereby fixed as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 1 December 1974.

REGULATION (EEC) No 3016/74 OF THE COMMISSION
of 29 November 1974
fixing the export refund on oil seeds

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community ;

Having regard to Council Regulation No 136/
66/EEC⁽¹⁾ of 22 September 1966 on the establish-
ment of a common organization of the market in oils
and fats, as last amended by Regulation (EEC) No
1707/73⁽²⁾ ;

Having regard to Council Regulation No 162/
66/EEC⁽³⁾ of 27 October 1966 on trade in oils and
fats between the Community and Greece ;

Having regard to Council Regulation No 142/
67/EEC⁽⁴⁾ of 21 June 1967 on export refunds on
colza, rape and sunflower seeds, as last amended by
Regulation (EEC) No 2429/72⁽⁵⁾, and in particular the
first sentence of Article 2 (3) thereof ;

Having regard to the Opinion of the Monetary
Committee ;

Whereas Article 28 of Regulation No 136/66/EEC
provides that a refund may be granted on exports to
third countries of oil seeds harvested within the
Community ; whereas the amount of this refund may
not exceed the difference between prices within the
Community and prices on the world market where
the former are higher than the latter ; whereas Article
21 of Regulation No 136/66/EEC provides that, at
present, Article 28 of that Regulation applies only to
colza, rape and sunflower seeds ;

Whereas Article 8 of Regulation No 162/66/EEC
provides that Article 28 of Regulation No 136/
66/EEC and measures taken in application thereof
apply, subject to the provisions of the Agreement estab-
lishing an Association between the European
Economic Community and Greece, to trade between
the Community and Greece ;

Whereas Article 3 of Regulation No 142/67/EEC
provides that when the refund is being calculated
account must be taken of prices ruling on the various
Community markets which are representative from
the point of view of processing and exportation ; the
most favourable quotations recorded on the various
markets of importing third countries and Greece, and
costs incurred in placing the goods on the world
market ; whereas, when the amount of the refund is
being fixed, account must also be taken of the level of
market prices within the Community for the oil seeds
referred to in Article 21 of Regulation No 136/
66/EEC and the future trend of these prices ; whereas,
furthermore, account should be taken of the economic
aspect of the proposed exports and the situation in the
Community regarding the supply of and demand for
these seeds ;

Whereas Article 1 of Commission Regulation (EEC)
No 651/71⁽⁶⁾ of 29 March 1971 on certain detailed
rules for the application of export refunds on oil seeds
provides that the amount of the refund must be calcu-
lated on the basis of the weight of exported seeds ;
whereas this weight must be adjusted to take account
of any differences between the percentages of mois-
ture and impurities found to exist and those used to
define the standard quality for which the target price
is fixed ; whereas, when this adjustment is being
made, the weight of the exported seeds must be
increased by the amount of the difference between the
actual moisture and impurities content and that used
to define the standard quality if the former is lower
than the latter ; whereas, if the opposite applies, the
weight of the exported seeds must be reduced by the
same amount ;

Whereas the standard quality referred to above is
defined in Article 2 of Council Regulation (EEC) No
1122/74⁽⁷⁾ of 29 April 1974 fixing the target prices
and basic intervention prices for oil seeds for the
1974/1975 marketing year, as amended by Regulation
(EEC) No 2496/74⁽⁸⁾ ;

Whereas Article 2 of Regulation No 142/67/EEC
provides that the refund may be varied according to
destination where the world market situation or the
specific requirements of certain markets make this
necessary ;

⁽³⁾ OJ No 197, 29. 10. 1966, p. 3393/66.

⁽⁷⁾ OJ No L 128, 10. 5. 1974, p. 8.

⁽⁸⁾ OJ No L 268, 3. 10. 1974, p. 1.

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying these rules and criteria to the present situation on the market in oil seeds, and in particular to quotations or prices for these products within the Community and on the markets of third countries and Greece, that the refund should be fixed at the amounts shown in the Annex to this Regulation for those products for which the marketing year has already begun;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION:

Article 1

The refunds on the products referred to in Article 21 of Regulation No 136/66/EEC, exported to third countries and Greece, are hereby fixed as shown in the Annex to this Regulation.

Article 2

REGULATION (EEC) No 3018/74 OF THE COMMISSION**of 29 November 1974****fixing the refunds on milk and milk products exported in the natural state**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 804/68⁽¹⁾ of 27 June 1968 on the common organization of the market in milk and milk products, as last amended by Regulation (EEC) No 662/74⁽²⁾, and in particular Article 17 (4) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 17 of Regulation (EEC) No 804/68 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Council Regulation (EEC) No 876/68⁽³⁾ of 28 June 1968 laying down general rules for granting export refunds on milk and milk products and criteria for fixing the amount of such refunds, as amended by Regulation (EEC) No 2429/72⁽⁴⁾, provides that when the refunds on the products listed in Article 1 of Regulation (EEC) No 804/68, exported in the natural state, are being fixed account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade;
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination;
- the aims of the common organization of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market;
- the need to avoid disturbances on the Community market; and

— the economic aspect of the proposed exports;

Whereas Article 3 (1) of Regulation (EEC) No 876/68 provides that when prices within the Community are being determined account should be taken of the ruling prices which are most favourable for exportation, and that when prices in international trade are being determined particular account should be taken of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of destination for third country imports;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices;

Whereas Article 4 of Regulation (EEC) No 876/68 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of Regulation (EEC) No 804/68 according to destination;

Whereas Article 5 (1) of Regulation (EEC) No 876/68 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; whereas the amount of the refund may, however, remain at the same level for more than four weeks;

Whereas Article 2 of Commission Regulation (EEC) No 1098/68⁽⁵⁾ of 27 July 1968 on detailed rules for the application of export refunds on milk and milk products, as last amended by the Act annexed to the Treaty on the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, signed at Brussels on 22 January 1972, provides that the refund on products falling within subheading 04.02 B is equal to the sum of two components, the first representing the quantity

⁽²⁾ OJ No L 85, 29. 3. 1974, p. 51.

of milk products and the second representing the quantity of added sucrose; whereas, however, the latter component applies only if the added sucrose was produced from beet or cane harvested within the Community;

Whereas for the products falling within subheading 04.02 B II a) or 04.02 B II b) 1 with a fat content not exceeding 9.5 % by weight the first component referred to above is fixed for 100 kg of the whole product; whereas for the other products falling within subheading 04.02 B this component is calculated by multiplying the basic amount by the milk product content of the product in question; whereas this basic amount is the refund on 1 kilogramme of milk products contained in the product;

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation No 1009/67/EEC⁽¹⁾ of 18 December 1967 on the common organization of the market in sugar, as last amended by Regulation (EEC) No 1602/74⁽²⁾;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 29 November 1974.

Whereas it follows from applying these rules to the present situation on the market in milk and milk products, and in particular to prices for these products within the Community and on the world market, that the refund should be fixed at the amounts shown in the Annex to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

1. The refunds referred to in Article 17 of Regulation (EEC) No 804/68 on products exported in the natural state are hereby fixed at the amounts shown in the Annex.
2. No refund is fixed for exports to Zone E.
3. No refunds are fixed for the products listed in the Annex containing more than 35 %, by weight, of sucrose (including invert sugar expressed as sucrose) however, excluding the products falling within subheadings ex 04.02 B II a) 2) (code 2810 20) and ex 04.02 B II b) 1 bb) (code 2910 75).

Article 2

This Regulation shall enter into force on 2 December 1974.

of 29 November 1974

fixing the rates of the refunds applicable from 1 December 1974 to sugar and molasses exported in the form of goods not covered by Annex II to the Treaty

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Whereas Article 4 (3) of Regulation (EEC) No 2682/72 provides that, when the rate of the refund is being fixed, account should be taken, where appropriate, of refunds, aids or other measures having equivalent effect applicable in all Member States in accordance with the Regulation on the common organization of the market in the product in question to the basic products listed in Annex A to that Regulation or to assimilated products; whereas a production refund is granted in respect of white sugar or raw sugar under the conditions laid down in Council Regulation (EEC) No 765/68⁽⁴⁾ of 18 June 1968 laying down general rules for the production refund on sugar used in the chemical industry, as last amended by Regulation (EEC) No 2477/74⁽⁵⁾;

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 804/68⁽¹⁾ of 27 June 1968 on the common organization of the market in milk and milk products, as last amended by Regulation (EEC) No 662/74⁽²⁾, and in particular Article 17 (5) thereof;

Whereas Article 17 (1) of Regulation (EEC) No 804/68 provides that the difference between prices in international trade for the products listed in Article 1 (a), (b), (c) and (e) of that Regulation and prices within the Community may be covered by an export refund; whereas Council Regulation (EEC) No 2682/72⁽³⁾ of 12 December 1972 laying down general rules for granting export refunds on certain agricultural products exported in the form of goods not covered by Annex II to the Treaty, and criteria for fixing the amount of such refunds, specifies the products for which a rate of refund should be fixed, to be applied where these products are exported in the form of goods listed in the Annex to Regulation (EEC) No 804/68;

Whereas, in accordance with the first subparagraph of Article 4 (1) of Regulation (EEC) No 2682/72, the rate of the refund per 100 kg for each of the basic products in question must be fixed for each month;

Whereas Article 11 (1) of Regulation (EEC) No 804/68 provides for the payment of aid for Community-produced skimmed milk processed into casein if such milk and the casein manufactured from it fulfil certain conditions set out in Article 1 of Council Regulation (EEC) No 987/68⁽⁴⁾ of 15 July 1968 laying down general rules for granting aid for skimmed milk processed into casein or caseinates as last amended by the Act of Accession⁽⁵⁾; whereas, pursuant to Article 1 (2) (b) of Regulation (EEC) No 2682/72, skimmed milk thus defined is assimilated to milk powder complying with the definition of the pilot products Group No 2 listed in Annex I to Council Regulation (EEC) No 823/68⁽⁶⁾ of 28 June 1968 determining the groups of products and the special provisions for calculating levies on milk and milk products, as last amended by Regulation (EEC) No 2518/74⁽⁷⁾; whereas a rate of refund should be fixed for this milk powder;

REGULATION (EEC) No 3024/74 OF THE COMMISSION
of 29 November 1974

fixing the rates of the refunds applicable from 1 December 1974 to certain cereals and rice products exported in the form of goods not covered by Annex II to the Treaty

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1996/74⁽²⁾, and in particular the first sentence of the fourth subparagraph of Article 16 (2) thereof;

Having regard to Council Regulation No 359/67/EEC⁽³⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by Regulation (EEC) No 1129/74⁽⁴⁾, and in particular the first sentence of the fourth subparagraph of Article 17 (2) thereof;

Whereas Article 16 (1) of Regulation No 120/67/EEC and Article 17 (1) of Regulation No 359/67/EEC provides that the difference between quotations of prices on the world market for the products listed in Article 1 of each of those Regulations and the prices within the Community may be covered by an export refund;

Whereas Council Regulation (EEC) No 2682/72⁽⁵⁾ of 12 December 1972 laying down general rules for granting export refunds on certain agricultural products exported in the form of goods not covered by Annex II to the Treaty, and the criteria for fixing the amount of such refunds, specifies the products for which a rate of refund should be fixed, to be applied where these products are exported in the form of goods listed in Annex B to Regulation No 120/67/EEC or in Annex B to Regulation No 359/67/EEC as appropriate;

Whereas, in accordance with the first subparagraph of Article 4 (1) of Regulation (EEC) No 2682/72, the rate of the refund per 100 kg for each of the basic products in question must be fixed for each month;

Whereas, in accordance with paragraph 2 of that Article, that rate must be determined with particular reference to:

- (a) the average costs incurred by processing industries in obtaining supplies of the basic products in question on the Community market and the prices ruling on the world market;
- (b) the level of the refunds on exports of processed agricultural products covered by Annex II to the Treaty which are manufactured under similar conditions;
- (c) the need to ensure equality of competition for the industries which use Community products and those which use third-country products under inward processing arrangements;

Whereas Article 4 (3) of Regulation (EEC) No 2682/72 provides that, when the rate of the refund is being fixed, account should be taken, where appropriate, of production refunds, aids or other measures having equivalent effect applicable in all Member States in accordance with the Regulation on the common organization of the market in the product in question to the basic products listed in Annex A to that Regulation or to assimilated products; whereas a production refund is granted in respect of soft wheat, maize and broken rice under the conditions laid down in Council Regulation (EEC) No 1132/74⁽⁶⁾ of 29 April 1974 on production refunds in the cereals sector, as amended by Regulation (EEC) No 2518/74⁽⁷⁾; whereas, for the purposes of applying the provisions of Article 4 (3) of Regulation (EEC) No 2682/72, the amount of the production refund applicable during the month of exportation should be taken into account;

REGULATION (EEC) No 3025/74 OF THE COMMISSION**of 29 November 1974****fixing for the 1974/75 marketing year the reference prices for sweet oranges**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 1035/72⁽¹⁾ of 18 May 1972 on the common organization of the market in fruit and vegetables, as last amended by Regulation (EEC) No 2745/72⁽²⁾, and in particular Article 27 (1) thereof;

Whereas Article 23 (1) of Regulation (EEC) No 1035/72 provides that reference prices for the whole Community are to be fixed each year before the beginning of the marketing year;

Whereas the importance of sweet orange production in the Community is such that a reference price must be fixed for that product;

Whereas the period during which oranges harvested during a given crop year are marketed extends from October to the following June; whereas the quantity put on the market during October and November and during the following May and June represents only a small percentage of that marketed over the whole marketing year; whereas the reference price should therefore be fixed only for a period running from 1 December to 30 April of the following year;

Whereas Article 23 (2) of Regulation (EEC) No 1035/72 provides that reference prices for oranges are to be based on the arithmetic mean of producer prices in each Member State, average fluctuations in basic prices and purchasing prices also being taken into account;

Whereas, since the different varieties of sweet oranges are not comparable as regards their commercial value, they should be classed in three groups;

Whereas the solution best suited to the particular nature of the Community market for the product in question is to fix for each group a single reference price for the whole marketing year;

Whereas producer prices are to correspond to the average of the prices recorded on the representative market or markets situated in the production areas where prices are lowest during the three years prior to the date on which the reference price is fixed, for a home-grown product with defined commercial characteristics being a product or variety representing a substantial proportion of the production marketed

over the year or over part thereof and satisfying specified requirements as to packaging; whereas for each representative market the average of the prices must be established disregarding prices which appear excessively high or low as compared with normal fluctuations on that market;

Whereas for the purpose of calculating entry prices the varieties imported from third countries of which the entry prices are respectively to be compared with the prices fixed for Groups I, II and III must be specified; whereas, moreover, certain varieties imported from third countries are not directly comparable, as regards their commercial value with the Community variety groups; whereas provision should therefore be made to fix, by reference to their respective commercial values, conversion factors to be applied for the purpose of calculating the entry price to the prices for these varieties imported from third countries so as to make them comparable with the Community variety groups;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:

Article 1

1. For the 1974/75 marketing year, the reference prices for fresh sweet oranges (subheading 08.02 A I of the Common Customs Tariff), expressed in units of account per 100 kg net and valid Class I products of all sizes, packed, shall be as follows:

Group I: from 1 December to 31 March 18.90,
Group II: from 1 January to 30 April 16.28,
Group III: from 1 December to 30 April 9.03.

2. The variety groups referred to in paragraph 1 shall consist of the following varieties:

Group I: Moro and Tarocco,
Group II: Sanguinello,
Group III: Biondo comune.

3. The entry prices of imported products shall be compared:

(a) in the case of the Moro and Tarocco varieties, with the price fixed for Group I;

(b) in the case of the varieties Biondo comune (Blanca comuna, Blonde commune) Grano de Oro (Impe-

(c) in the case of varieties not specified in (a) or (b):

- for the month of December, with the price for Group I,
- for the period 1 January to 30 April, with the price fixed for Group II.

4. In calculating the entry prices as referred to in paragraph 3, the prices for products imported from

third countries shall, after deduction of customs duties, be adjusted as follows:

- in the case of products as specified in paragraph 3 (b), by the conversion factor 0.76;
- in the case of products to which the first indent of paragraph 3 (c) applies, by the conversion factor 1.20;
- in the case to which the second indent of paragraph 3 (c) applies, by the conversion factor 1.00.

REGULATION (EEC) No 3026/74 OF THE COMMISSION**of 29 November 1974****fixing for the 1973/74 sugar marketing year the amount of the production levy
and the amount to be paid by sugar manufacturers to sellers of sugar beet**

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community;

Having regard to Council Regulation No 1009/
67/EEC⁽¹⁾ of 18 December 1967 on the common
organization of the market in sugar, as last amended
by Regulation (EEC) No 2476/74⁽²⁾, and in particular
Article 27 (7) thereof;

Whereas Article 7 (1) of Commission Regulation
(EEC) No 700/73⁽³⁾ of 12 March 1973 laying down
certain detailed rules for the application of the quota
system for sugar, provides that the amount of the
production levy must be fixed for each sugar
marketing year; whereas the criteria for fixing the
amount are laid down in by Article 27 (2) of Regula-
tion No 1009/67/EEC, and by Article 7 (2) of Regula-
tion (EEC) No 700/73;

Whereas Articles 6 and 7 of Regulation (EEC) No
1637/73⁽⁴⁾ rule out elements for calculation of the
amount of the production levy applicable for the
1973/74 sugar marketing year;

Whereas from 1 October 1973 to 30 September 1974
according to information provided by Member States,
the quantity disposed of for human consumption in
the Community can be estimated to have been equal
to 10 314 000 metric tons;

Whereas the quantities effectively produced in the
1973/74 marketing year within the limit of the
maximum quotas amounted to 8 858 925 metric tons;
whereas this quantity is to be adjusted on the one
hand with the difference between the quantity effec-
tively sold for human consumption and the foreseen
sales and on the other hand with the difference

between the permitted import by virtue of Protocol 17
to the Act⁽⁵⁾ and the quantities effectively imported
into the United Kingdom;

Whereas the result of this calculation indicates that
for the 1973/74 sugar marketing year the guaranteed
quantity is exceeding the adjusted production;
whereas, in consequence, the production levy is fixed
at zero;

Whereas Article 27 (4) of Regulation No 1009/
67/EEC provides that sugar manufacturers must,
where the production levy is less than the maximum,
pay to the beet sellers a part of the difference between
those two amounts; whereas Article 6 (1) of Regula-
tion (EEC) No 700/73 provides that this amount shall
be fixed at the same time as the amount of the produc-
tion levy;

Whereas the measures provided for in this Regulation
are in accordance with the Opinion of the Manage-
ment Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The amount of the production lev for the 1973/74
sugar marketing year is fixed at 0 unit of account per
100 kilogrammes of white sugar.

Article 2

The amount to be paid pursuant to the second sub-
paragraph of Article 27 (4) of Regulation No 1009/
67/EEC for the 1973/74 sugar marketing year is fixed
at 7.36 units of account per metric ton of standard
quality beet.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation (EEC) No 805/68 ⁽¹⁾ of 27 June 1968 on the common organization of the market in beef and veal, as last amended by Regulation (EEC) No 1855/74 ⁽²⁾, and in particular Article 6 (5) thereof ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION :

Article 1

REGULATION (EEC) No 3028/74 OF THE COMMISSION

of 29 November 1974

on certain transitional measures to be taken in the United Kingdom in respect of beef

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty ⁽¹⁾ concerning the accession of new Member States to the European Economic Community and to the European Atomic Energy Community, and in particular Article 63 of the Act ⁽²⁾ annexed thereto;

Whereas the special situation on the beef market in the United Kingdom, which had already led to the adoption of transitional measures in order to facilitate the changeover from the system in force before the accession of that Member State to that resulting from the application of the common organization of the market, has also led to the suspension of buying-in by the intervention agency of that Member State; whereas the application of intervention measures in the United Kingdom therefore calls for transitional measures to enable the buying-in prices for the products listed in Annex II to Commission Regulation (EEC) No 1896/73 ⁽³⁾ of 13 July 1973 on detailed rules for the application of intervention measures on the market in beef and veal, as last amended by Regulation (EEC) No 3027/74 ⁽⁴⁾, to be progressively increased;

Whereas it should be made possible for beef producers to be guaranteed as of now the income which will accrue to them as a result of this increase in prices; whereas this objective may be attained by the temporary granting of aid for the slaughter of certain adult bovine animals other than cows;

Whereas this aid must not exceed the difference between the intervention price actually applied and that normally applicable; whereas the payment of such aid may nevertheless cause deflection of trade; whereas it is therefore necessary to offset its effect at the frontier of the Member State concerned;

Whereas the economic situation of beef producers in Ireland depends very largely on the United Kingdom market; whereas it is therefore necessary, in order to prevent distortion of competition between producers from these Member States, to provide for special measures to ensure that the pattern of trade is maintained unchanged;

Whereas the operation of measures of a kind provided for in this Regulation calls for the Commission to be

kept fully informed as to the measures taken and the result obtained in order for it to be able to assess their effectiveness and their possible effect on the operation of Council Regulation (EEC) No 805/68 ⁽⁵⁾ of 27 June 1968 on the common organization of the market in beef and veal, as last amended by Regulation (EEC) No 1855/74 ⁽⁶⁾;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

1. The United Kingdom intervention agency shall buy in meat from the animals specified in the section headed 'United Kingdom' in Annex II to Regulation (EEC) No 1896/73.

2. The buying-in price free at the intervention centre's refrigeration plant shall be fixed by the United Kingdom intervention agency, within the limits laid down in the Annex hereto for each product having regard to the age, weight, conformation and finish of the animal from which it was obtained.

Article 2

The United Kingdom is hereby authorized until 31 January 1975 to grant a national aid for the slaughter in that Member State of certain adult bovine animals other than cows of a live weight of not less than 330 kg.

The maximum amount of such aid per 100 kg of live weight shall be as follows:

— from 18 November to 1 December 1974:	24·108 u.a.
— from 2 December to 15 December 1974:	20·664 u.a.
— from 16 December to 29 December 1974:	17·220 u.a.

Article 3

If the United Kingdom makes use of the authorization provided for in Article 2, it shall levy on the export of all beef to other Member States or to third countries an amount equivalent to the amount of aid applicable on the fourteenth day prior to the day of export, multiplied by the coefficients fixed pursuant to Articles 12 and 13 of Regulation (EEC) No 805/68.

Article 4

If the United Kingdom makes use of the authorization provided for in Article 2, Ireland and the United Kingdom shall take all the necessary measures to ensure that beef originating in Ireland and destined for the United Kingdom benefits from financial advantages identical to those resulting from the granting of the aid provided for in Article 2 on beef from animals slaughtered in the United Kingdom.

Article 5

1. Ireland and the United Kingdom shall inform the Commission of the measures taken by them in implementation of this Regulation.

2. For each of the periods specified in Article 2 and in the Annex hereto, the Member States concerned shall each week communicate to the Commission particulars as follows :

- (a) the quantities of meat, broken down by product, bought in pursuant to Article 1 ;
- (b) the number of animals in respect of which the aid provided for in Article 2 was granted, together with the amount of aid actually paid ;
- (c) the quantities broken down by product exported under the arrangements provided for in Article 3 ;
- (d) the quantities of meat, broken down by product, having benefited under the measures provided for in Article 4.

REGULATION (EEC) No 3029/74 OF THE COMMISSION
of 29 November 1974

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 804/68 ⁽¹⁾ of 27 June 1968 on the common organization of the market in milk and milk products, as last amended by Regulation (EEC) No 662/74 ⁽²⁾, and in particular Article 7 ⁽⁵⁾ thereof;

Whereas the United Kingdom intervention agency holds certain quantities of skimmed-milk powder which, by reasons of its age and its packaging, which was such as to require derogation in order to enable it to be bought in, is now difficult to conserve and no longer satisfies the requirements of Article 1 (1) of Commission Regulation (EEC) No 1108/68 ⁽³⁾ of 27 July 1968 on detailed rules of application for public storage of skimmed-milk powder, as last amended by Regulation (EEC) No 1636/74 ⁽⁴⁾; whereas Commission Regulation (EEC) No 2826/74 ⁽⁵⁾ of 11 November 1974 on the opening of an invitation to tender for skimmed-milk powder held by the United Kingdom intervention agency, laid down the conditions for the sale of an initial quantity consisting of the oldest lots; whereas it has become necessary to invite tenders for a second quantity; whereas Regulation (EEC) No 2826/74 may be applied as regards the tendering procedure;

Whereas the majority of the lots, because of their high humidity, will be used for animal feeding and will thus qualify for the aid provided for in Article 10 of Regulation (EEC) No 804/68; whereas provision should therefore be made for the origin of the goods to be indicated by means of a description capable of being understood throughout the Community;

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 29 November 1974.

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Milk and Milk Products,
