REGULATION (EEC) No 3299/74 OF THE COUNCIL

of 19 December 1974

on the opening, allocation and administration of a Community tariff quota for certain hand-made products

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof;

Having regard to the proposal from the Commission;

Whereas as regards certain hand-made products, the European Economic Community has declared its readiness to open an annual duty-free Community tariff quota of an overall amount of 5 000 000 units of account with a limit of 500 000 units of account for each tariff heading or subheading in question; whereas in pursuance of the Declaration of Intent concerning trade relations with certain Asian countries, the total amount of the quota and the maximum for each tariff heading or subheading were raised with effect from 1 January 1974 to 10 000 000 and 1 000 000 units of account respectively; whereas it is appropriate in pursuance further of the said declaration to extend the benefit of the tariff quota in question to certain other textile products manufactured from hand-woven fabrics; whereas products may however be admitted under the Community tariff quota only on the submission by the recognized authorities of the country of origin to the Community's customs authorities of a document certifying that the goods concerned are hand-made; whereas it is accordingly appropriate to open the tariff quota in question with effect from 1 January 1975 postponing possible implementation in respect of the new textile products until 1 April 1975; whereas the duties to be applied by the new Member States under the said tariff quota must comply with the relevant provisions of the Act of Accession;

Whereas equal and continuous access to the quota should be ensured for all Community importers and the rate of levy for the tariff quota should be applied

consistently to all imports until the quota is used up; whereas, in the light of the principles outlined above, a Community tariff arrangement based on an allocation between the Member States would seem to preserve the Community nature of the quota;

Whereas to represent as closely as possible the actual development of the market in the said goods the allocation should follow proportionately the requirements of the Member States calculated both from statistics of imports from third countries during a representative reference period and according to the economic outlook for the tariff year in question;

Whereas, however, there is no specific classification of the said goods in the statistical nomenclatures; whereas it has thus been impossible to collect sufficiently precise and representative statistics; whereas the extent to which the current Community tariff quota has been used is not such that the real requirements of each of the Member States can be firmly ascertained; whereas the only possibility is therefore to divide the tariff quota volume into eight parts, of which one would be allocated to the Benelux countries, Denmark, Germany, France, Ireland, Italy and the United Kingdom respectively, the last part being held in reserve to cover the later requirements of Member States which use up their initial shares;

Whereas the initial shares may be used up fairly quickly; whereas, therefore, to avoid disruption of supplies any Member State which has almost used up its initial share, shall draw a supplementary share from the Community reserve; whereas this must be done by each Member State as each one of its supplementary shares is almost used up, and as many times as the reserve allows; whereas the initial and supplementary shares must be valid until the end of the quota period; whereas this form of

administration requires close collaboration between the Member States and the Commission, and the Commission must be in a position to follow the extent to which the tariff quota has been used up and inform the Member States thereof; whereas this collaboration must be all the closer since it does not seem necessary, at present, to provide for special measures in this Regulation to avoid exceeding the maximum allocation of 1 000 000 units of account per tariff heading or subheading;

Whereas if, at a given date in the quota period, a Member State has a considerable quantity left over it is essential that it should return a significant percentage thereof to the reserve to prevent a part of the Community quota from remaining unused in one Member State while it could be used in others;

Whereas since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are jointly represented by the Benelux Economic Union any measure concerning the

administration of the shares allocated to that Economic Union may be carried out by any of its members,

HAS ADOPTED THIS REGULATION:

Article 1

REGULATION (EEC) No 3301/74 OF THE COUNCIL

of 19 December 1974

on the duty-free importation of goods in small consignments of a non-commercial character within the Community

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Articles 43 and 235 thereof;

Having regard to the proposal from the Commission;

Having regard to the Opinion of the European Parliament ⁽¹⁾;

Having regard to the Opinion of the Economic and Social Committee ⁽²⁾;

Whereas Article 32 (2) (c) of the Act of Accession ⁽³⁾ provides that duty-free entry shall, from the date of accession, apply to imports which benefit from the provisions relating to tax exemption applicable to persons travelling from one Member State to another; whereas the purpose of this provision is to facilitate personal contacts within the enlarged Community;

Whereas the exchange of small consignments of goods is a factor in cementing relationships between private persons residing in different Member States, just as is the movement of the persons themselves; whereas, because of this similarity between the situations, Council Directive No 74/651/EEC ⁽⁴⁾ of 19 December 1974 on the tax reliefs to be allowed on the importation of goods in small consignments of a non-commercial character within the Community, provides that small consignments of goods sent by a private person in one Member State to a private person in another Member State shall be relieved from turnover taxes and excise duties;

Whereas, for the same reason, relief from customs duties and charges having equivalent effect should be introduced for small consignments of goods sent between the Community as originally constituted and the new Member States or between the new Member

States themselves by analogy with the arrangements for exemption provided for under Article 32 (2) (c) of the Act of Accession; whereas to this end Article 235 of the Treaty should be invoked;

Whereas relief should, where appropriate, also be allowed on amounts chargeable on exchanges between Member States under the common agricultural policy and in respect of those prescribed for goods covered by Council Regulation (EEC) No 1059/69 ⁽⁵⁾ of 28 May 1969, laying down the trade arrangements applicable to certain goods resulting from the processing of agricultural products, as last amended by Regulation (EEC) No 1491/73 ⁽⁶⁾,

HAS ADOPTED THIS REGULATION:

Article 1

1. Goods meeting the requirements of Articles 9 and 10 of the Treaty which are sent in small consignments of a non-commercial character between the Community as originally constituted and the new Member States or between the new Member States themselves by any private person, wherever may be his permanent or usual residence or his principal place of business, to another private person, shall be relieved from customs duties and charges having equivalent effect, provided they benefit from tax relief pursuant from Council Directive No 74/651/EEC.

2. In exchanges between Member States, relief shall be allowed, under the same conditions, in respect of amounts chargeable under the common agricultural policy and amounts prescribed for goods covered by Regulation (EEC) No 1059/69.

Article 2

This Regulation shall enter into force on 1 April 1975.

COUNCIL

COUNCIL DIRECTIVE

of 19 December 1974

on the tax reliefs to be allowed on the importation of goods in small consignments of a non-commercial character within the Community

(74/651/EEC)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS DIRECTIVE:

Having regard to the Treaty establishing the European Economic Community, and in particular Articles 99 and 100 thereof;

Having regard to the proposal from the Commission;

Having regard to the Opinion of the European Parliament ⁽¹⁾;

Having regard to the Opinion of the Economic and Social Committee ⁽²⁾;

Whereas the tax impediments at present hindering the dispatch from one Member State to another of small consignments of goods intended for private persons constitute an obstacle to the creation of an economic market with characteristics similar to those of a domestic market; and whereas the elimination of such impediments is the corollary to freedom of movement and freedom of establishment for persons in the Community;

Whereas such impediments should be reduced as far as possible in respect of small consignments from one private person to another in order to assist personal and family contacts between private persons in different Member States,

Article 1

1. Goods dispatched from a Member State in small consignments of a non-commercial character by a private person, wherever may be his permanent or usual residence or his principal place of business, intended for another private person in another Member State shall be allowed relief from turnover taxes and excise duties payable on importation.

2. For the purpose of paragraph 1, small consignments of a non-commercial character mean consignments of goods which:

- (a) have been acquired in the Community subject to the taxation normally imposed in the domestic market in one of the Member States and without relief from turnover taxes and/or excise duties;
- (b) are not intended for commercial use and appear from their nature and quantity to be intended solely for the personal or family use of the recipient;
- (c) are not sent against payment of any kind by the recipient; and
- (d) do not have a total value exceeding 40 units of account for each consignment.

3. Notwithstanding the foregoing provisions of this Article, Member States shall have power to

⁽¹⁾ OJ No C 129, 11. 12. 1972, p. 58.

⁽²⁾ OJ No C 142, 31. 12. 1972, p. 3.

reduce the relief allowed for small consignments for products which are subject to the quantitative limits referred to in Article 4 ⁽¹⁾ of Council Directive No 69/169/EEC ⁽¹⁾ of 28 May 1969 on the harmonization of provisions laid down by law, regulation or administrative action relating to the relief from turnover taxes and excise duty collected on importation in international passenger traffic, as amended by Council Directive No 72/230/EEC ⁽²⁾, or to exclude those products from the benefit of the said relief.

Article 2

1. Member States shall put into operation the measures necessary to comply with this Directive not later than 1 April 1975.

2. Each Member State shall inform the Commission of the measures it takes to apply this

Directive. The Commission shall communicate this information to the other Member States.

Article 3

This Directive is addressed to the Member States.
