REGULATION (EEC) No 3/75 OF THE COMMISSION
of 2 January 1975
fixing the export levies on cereals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1996/74⁽²⁾;

Having regard to Council Regulation (EEC) No 1968/73⁽³⁾ of 19 July 1973 laying down general rules to be applied in the event of the cereals market being disturbed, as last amended by Regulation (EEC) No 676/74⁽⁴⁾ and in particular Article 4(2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 19 of Regulation No 120/67/EEC provides that the necessary measure may be taken if the cif price of one or more products is appreciably higher than the threshold price and if that situation is likely to continue thereby disturbing or threatening to disturb the Community market;

Whereas Regulation (EEC) No 1968/73 specifies that the cif price may be regarded as appreciably higher than the threshold price when it exceeds it by at least 2 %; whereas this excess may be regarded as being likely to continue where an imbalance between supply and demand is established and where this imbalance is likely to persist having regard to foreseeable production and market price trends;

Whereas the high level of prices in international trade could impede importation of common wheat, barley, rye, oats, maize, millet and sorghum into the Community or provoke exportation from the Community;

Whereas the situation described above can be said to exist at the present time; whereas to ensure supplies in the Community an export levy should be introduced for common wheat, barley, rye, oats, maize, millet and sorghum;

Whereas, in view of the relationship between the basic product and the products processed from it and given

the market situation for certain processed products, an export levy for certain of these products must also be fixed;

Whereas the threshold prices for the 1974/75 marketing year were fixed by Council Regulation (EEC) No 1427/74⁽⁵⁾ of 4 June 1974, as amended by Regulation (EEC) No 2518/74⁽⁶⁾;

Whereas Article 3 of Regulation (EEC) No 1968/73 specifies that when the export levy is being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the world market on the other; whereas the same article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas for the products, other than starches, listed in Article 1(c) and (d) of Regulation No 120/67/EEC the specific factors set out in Article 3(2) of Regulation (EEC) No 1968/73 must also be taken into account;

Whereas the export levy may be varied if the world market situation or the specific requirements of certain markets make this necessary;

Whereas, if the levy system is to operate normally, the following should be used to calculate the levies:

- for currencies the exchange rates for which are kept at any given moment within a band of 2.25 %, at a conversion rate based on their actual parity;
- for other currencies a conversion rate based on the arithmetic mean of the spot market rates for each of these currencies against the Community currencies referred to in the preceding paragraph over a specified period;

⁽¹⁾ OJ No 117, 19. 6. 1967, p. 2269/67.

⁽²⁾ OJ No L 209, 31. 7. 1974, p. 1.

⁽³⁾ OJ No L 201, 21. 7. 1973, p. 10.

⁽⁴⁾ OJ No L 83, 28. 3. 1974, p. 3.

⁽⁵⁾ OJ No L 151, 8. 6. 1974, p. 1.

⁽⁶⁾ OJ No L 270, 5. 10. 1974, p. 1.

Whereas it follows from applying the rules outlined above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market, that the export levies, should be fixed as shown in the Annex to this Regulation ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION :

Article 1

The export levies referred to in the first indent of Article 2(1) of Regulation (EEC) No 1968/73 are hereby fixed at the amounts shown in the Annex.

Article 2

This Regulation shall enter into force on 3 January 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 2 January 1975.

REGULATION (EEC) No 5/75 OF THE COMMISSION**of 2 January 1975****fixing the premiums to be added to the import levies on rice and broken rice**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 359/67/EEC⁽¹⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by Regulation (EEC) No 1129/74⁽²⁾, and in particular Article 13 (6) thereof ;

Having regard to the Opinion of the Monetary Committee ;

Whereas the premiums to be added to the import levies fixed in advance for rice and broken rice must include a premium for the current month and a premium for each of the following months until the expiry of the period of validity of the import licence ; whereas this period of validity was laid down in Article 20 (2) of Commission Regulation (EEC) No 2637/70⁽³⁾ of 23 December 1970, as last amended by Regulation (EEC) No 1454/74⁽⁴⁾ ;

Whereas Council Regulation No 365/67/EEC⁽⁵⁾ of 25 July 1967, as last amended by Regulation (EEC) No 2435/70⁽⁶⁾, lays down rules for the advance fixing of levies on rice and broken rice ;

Whereas under the terms of Regulation No 365/67/EEC, where the cif price for husked rice for milled rice or for broken rice determined on the day on which the premiums are fixed is higher than the cif forward delivery price for the same product, the premium should as a general rule be equal to the difference between these two prices ; whereas the cif price is that determined in accordance with Article 16 of Regulation No 359/67/EEC on the day on which the premiums are fixed ; whereas the detailed rules for determining cif prices were laid down in Regulation (EEC) No 1613/71⁽⁷⁾, as last amended by Regulation (EEC) No 1057/73⁽⁸⁾ ; whereas the cif forward delivery price must also be determined in accordance

with Article 16 of Regulation No 359/67/EEC but on the basis of offers at North Sea ports ; whereas this price must be the cif price for shipment during the month in which the import licence is issued in the case of imports to be effected during that month ; whereas this price must be the cif price for shipment during the month in which importation is expected to take place in the case of imports to be effected during the month following the month in which the import licence is issued ; whereas this price must be the cif price for shipment during the month preceding the month in which importation is expected to take place in the case of imports to be effected during the remaining months for which the import licence is valid ; whereas, if no offer for forward delivery is made for shipment during a given month, this price should be the price ruling for shipment during the last month in which an offer for forward delivery was made ;

Whereas the premium is equal to 0 units of account if the cif price determined on the day on which the scale of the premiums is fixed is equal to the cif forward delivery price or exceeds that price by not more than 0.025 units of account per 100 kilogrammes ;

Whereas the premium may, however, be fixed at a higher level in exceptional circumstances and within certain specified limits ;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph ;

Whereas it follows from applying all these provisions that the premiums should be fixed as shown in the Table annexed to this Regulation ; whereas the amount of the premiums should be altered only if application of the abovementioned provisions entails a change of more than 0.025 unit of account,

REGULATION (EEC) No 6/75 OF THE COMMISSION
of 2 January 1975
fixing the export refunds on rice and broken rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 359/67/EEC⁽¹⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by Regulation (EEC) No 1129/74⁽²⁾, and in particular the first sentence of the fourth subparagraph of Article 17 (2) thereof ;

Having regard to the Opinion of the Monetary Committee ;

Whereas Article 17 of Regulation No 359/67/EEC provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund ;

Whereas Article 2 of Council Regulation No 366/67/EEC⁽³⁾ of 25 July 1967 laying down general rules for granting export refunds on rice and criteria for fixing the amount of such refunds, as amended by Regulation No 1019/67/EEC⁽⁴⁾ provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of rice and broken rice on the Community market on the one hand and prices for rice and broken rice on the world market on the other ; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on the rice market and, furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbance of the Community market ;

Whereas Regulation No 669/67/EEC⁽⁵⁾, as amended by Regulation (EEC) No 1057/68⁽⁶⁾ lays down the maximum percentage of broken rice allowed in rice for which an export refund is fixed and specifies the percentage by which that refund is to be reduced where the proportion of broken rice in the rice exported exceeds that maximum ;

Whereas Article 3 of Regulation No 366/67/EEC defines the specific criteria to be taken into account

when the export refund on rice and broken rice is being calculated ;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination ;

Whereas the refund must be fixed once a week ; whereas it may be altered in the intervening period ;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph ;

Whereas it follows from applying these rules and criteria to the present situation on the market in rice and in particular to quotations or prices for rice and broken rice within the Community and on the world market that the refund should be fixed at the amounts shown in the Annex to this Regulation ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION :

Article 1

The refunds on the products listed in Article 1 of Regulation No 359/67/EEC with the exception of those listed in paragraph 1 (c) of that Article, exported in the natural state, are hereby fixed as shown in the Annex to this Regulation.

REGULATION (EEC) No 7/75 OF THE COMMISSION

of 2 January 1975

fixing the export levies on rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC⁽¹⁾, of 25 July 1967 on the common organization of the market in rice, as last amended by Regulation (EEC) No 1129/74⁽²⁾;

Having regard to Council Regulation (EEC) No 2737/73⁽³⁾ of 8 October 1973 laying down general rules to be applied in the event of the rice market being disturbed, and in particular Article 4 (2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 21 of Regulation No 359/67/EEC provides that the necessary measures may be taken if the cif price of one or more products is appreciably higher than the threshold price and if that situation is likely to continue thereby disturbing or threatening to disturb the Community market;

Whereas Regulation (EEC) No 2737/73 specifies that the cif price may be regarded as appreciably higher than the threshold price when it exceeds it by at least 2 %; whereas this excess may be regarded as being likely to continue where an imbalance between supply and demand is established and where this imbalance is likely to persist having regard to foreseeable production and market price trends;

Whereas the high level of prices in international trade could impede importation of rice into the Community or provoke exportation from the Community;

Whereas the situation described above can be said to exist at the present time; whereas to ensure supplies in the Community an export levy should be introduced for this product;

Whereas in view of the relationship between the rice and products processed from it and given the market situation for these products, an export levy must also be fixed for all products processed from rice;

Whereas the threshold prices for husked rice, wholly milled rice and broken rice were fixed for the 1974/75 marketing year by Regulations (EEC) No 1718/74⁽⁴⁾ and (EEC) No 1935/74⁽⁵⁾, as amended by Regulation (EEC) No 2518/74⁽⁶⁾;

Whereas Article 3 of Regulation (EEC) No 2737/73 specifies that when the export levy is being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities

of rice on the Community market on the one hand and prices for rice and products processed from it on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on rice markets and furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas for the products listed in Article 1 (c) of Regulation No 359/67/EEC the specific factors set out in Article 3 (2) of Regulation (EEC) No 2737/73 must also be taken into account;

Whereas the export levy may be varied if the world market situation or the specific requirements of certain markets make this necessary;

Whereas, if the levy system is to operate normally, the following should be used to calculate the levies:

- for currencies the exchange rates for which are kept at any given moment within a band of 2.25 %, a conversion rate based on their actual parity;
- for other currencies a conversion rate based on the arithmetic mean of the spot market rates for each of these currencies against the Community currencies referred to in the preceding paragraph over a specified period;

Whereas it follows from applying the rules outlined above to the present situation on the market in rice, and in particular to quotations or prices for these products within the Community and on the world market, that the export levies should be fixed as shown in the Annex to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export levy referred to in the first indent of Article 2 (1) of Regulation (EEC) No 2737/73 is hereby fixed as shown in the Annex for the products listed therein.

Article 2

This Regulation shall enter into force on 3 January 1975.

REGULATION (EEC) No 9/75 OF THE COMMISSION
of 2 January 1975
fixing the average producer prices for wine

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 816/70⁽¹⁾ of 28 April 1970 laying down additional provisions for the common organization of the market in wine as last amended by Regulation (EEC) No 3166/74⁽²⁾, and in particular Article 4 (1) thereof;

Whereas Article 4 of Regulation (EEC) No 816/70 provides that an average producer price must be fixed for each type of wine for which a guide price is fixed; whereas this average price must be fixed for each marketing centre for the type of wine in question on the basis of all the facts available;

Whereas the marketing centres for table wines are determined in Commission Regulation (EEC) No 1020/70⁽³⁾ of 29 May 1970 on recording quotations and fixing average prices for table wines, as last amended by Regulation (EEC) No 528/74⁽⁴⁾;

Whereas Article 10 of Regulation (EEC) No 1020/70 provides that the average price must be fixed on the basis of the average of the quotations notified, particular account being taken of the extent to which these quotations are representative, the comments of the Member States, and the alcoholic strength and quality of table wines which have been the subject of transactions;

Whereas arrangements for the notification by the Member States of quotations and information related thereto are specified in Regulation (EEC) No 1020/70; whereas, where this information is not available for any marketing centre, the average price for the preceding week must be maintained;

Whereas the average price for the type of wine in question must be fixed per degree/hl or per hl as appropriate; whereas, if the Tuesday is a public holiday, the average price must be fixed on the following working day;

Whereas it follows from applying these rules to the information at present available to the Commission that the average price should be fixed as shown in the Annex to this Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

The average prices referred to in Article 4 (1) of Regulation (EEC) No 816/70 are hereby fixed as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 3 January 1975.

REGULATION (EEC) No 10/75 OF THE COMMISSION**of 31 December 1974****amending Regulation (EEC) No 2012/74 laying down detailed rules as regards
production refunds in the cereals and rice sectors**

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community ;

Having regard to Council Regulation No 120/
67/EEC⁽¹⁾ of 13 June 1967 on the common organiza-
tion of the market in cereals, as last amended by Regu-
lation (EEC) No 1996/74⁽²⁾ ;

Having regard to Council Regulation No 359/
67/EEC⁽³⁾ of 25 July 1967 on the common organiza-
tion of the market in rice, as last amended by Regula-
tion (EEC) No 1129/74⁽⁴⁾ ;

Having regard to Council Regulation (EEC) No
1132/74⁽⁵⁾ of 29 April 1974 on production refunds in
the cereals and rice sectors, as last amended by
Council Regulation (EEC) No 3113/74⁽⁶⁾ ;

Whereas Regulation (EEC) No 2012/74⁽⁷⁾ lays down
that the production refund is adjusted by reference to
the threshold price of the basic product concerned ;
whereas this adjustment is not economically justified
where the threshold price applicable on the day of
processing is less than the price applicable on the day
which the application for the product to be placed
under official supervision was accepted ;

Whereas where the amounts laid down in Articles 1, 4
and 5 of Regulation (EEC) No 1132/74 are amended
in order to establish equitable conditions for competi-
tion between producers, it is necessary to provide for a
corresponding adjustment to the production refund ;

Whereas, in order to guarantee the actual repayment
of the adjustment which where applicable is to be
made by the person entitled to the refund to the
competent agency, provision should be made that the
security is not released until after this repayment has
been made ;

Whereas for reasons of clarity it is advisable to repu-
blish the whole of Article 2(3) of Regulation (EEC)
No 2012/74 ;

Whereas the measures provided for in this Regulation

ence to the threshold price applicable on the day
on which the application for the basic product to
be placed under official supervision was accepted
and shall be paid within 30 days following accep-
tance of such application.

The production refund shall be increased by the
difference between the threshold prices, where the
threshold price for the basic product concerned
applicable on the day of processing is more than
the threshold price applicable on the day on
which the application for the product to be placed
under official supervision was accepted. The
amount of this increase shall be paid by the
competent agency to the person entitled to the
refund within 30 days following the day of
processing. However, no adjustment shall be made
in respect of that part of the change in the
threshold price resulting from the decision to
increase prices of 7 October 1974.

Where the amounts laid down in Article 1(1) and
(2), Article 4(2) and Article 5(2) of Regulation
(EEC) No 1132/74 are adjusted between the day
on which the application for the basic product to
be placed under official supervision is accepted
and the day of processing, the production refund
shall be adjusted for 100 kg of the basic product in
proportion to this adjustment. The amount of this
adjustment shall be :

- (a) repaid by the person entitled to the production
refund to the competent agency where the
adjustment necessitates a reduction in the
production refund ; or
- (b) shall be paid by the competent agency to the
person entitled to the refund where the adjust-
ment necessitates an increase in the produc-
tion refund within 30 days following the day of
processing'.

ANNEX II

ARRANGEMENTS REFERRED TO IN ARTICLE II OF THE AGREEMENT

CHAPTER I

General provisions

Article 1

Delivery shall be effected and all risk shall pass from the Community to the country of destination at the moment at which the goods are put down at the point of exportation named by the Commission of the European Communities at the berth specified by the country of destination or its agent referred to in Article 2 and under the terms specified in this Annex. Without prejudice to Articles 7 and 8 the Community shall bear all costs prior to delivery and the country of destination those after delivery.

Article 2

For the purpose of implementing the provisions of this Annex the Community shall appoint — if necessary for each consignment — an agent whose name and address it shall make known to the country of destination immediately following his appointment. For each port of shipment the country of destination shall appoint an agent whose name and address it shall make known to the Community with all dispatch and if possible before the appointment of the agent of the Community.

Article 3

Before implementing the procedure for appointing the agent of the Community referred to in Article 2, the Commission of the European Communities and the country of destination shall establish by joint agreement the period during which delivery must begin.

CHAPTER II

Obligations of the Community

Article 4

Where the Community is not in a position to carry out delivery on the date and, if applicable, according to the schedule laid down in Article 6, all costs arising for the country of destination — in particular demurrage void freight and dead freight — shall be borne by the Community.

The charges and the arrangements relating to demurrage laid down in the contract concluded between the country of destination and the carrier must have previously been agreed by the country of destination and the agent of the Community.

The other costs referred to in the first paragraph shall be refunded by the Community only if they have been paid by the country of destination with the approval of the Community.

Article 5

Where it is impossible for the Community to supply all or part of the goods on the date and within the time-limits provided for in Article 6 the agents of the Community and of the country of destination may, without prejudice to Article 4, agree on a new date and a new time-limit for the delivery of all the goods or of the undelivered part thereof.

CHAPTER III

Obligations of the country of destination

Article 6

After contacting the Community, the country of destination shall procure to transport all the quantities provided for in Article I of the Agreement one or more vessels of dimensions corresponding to the normal capacity of the port of shipment; these vessels must be ready for loading on a date falling within the period referred to in Article 3.

The agent of the country of destination shall inform the Community of this date and of the date for commencement of delivery as soon as he knows them, if possible 20 days in advance and in any case 10 days before the date for commencement of delivery.

He shall establish with the agent of the Community the schedule according to which delivery shall take place.

Article 7

Where the country of destination is unable to begin loading on the date provided for in the first paragraph of Article 6, the agent of the country of destination shall inform the agent of the Community without delay.

In this event the agents of the Community and of the country of destination may agree on a new date for the commencement of delivery and, if applicable, a new schedule. The costs arising from the delay in loading shall in all cases except *force majeure* be borne by the country of destination.

Should the new date provided for in the second paragraph be more than 30 clear days after the date for loading provided for in the first paragraph of Article 6, the Community may dispose of the goods without prejudice to its commitment under Article I of this Agreement.

Article 8

Where the quantity made available for loading on a vessel cannot be loaded on board in its entirety, the country of destination shall inform the Community as soon as possible, and no later than 15 clear days after loading has been

completed, whether it intends to accept or to renounce the balance.

In the former case the second and third paragraphs of Article 7 shall apply to the balance, if delivery has not yet taken place.
