REGULATION (EEC) No 117/75 OF THE COMMISSION
of 17 January 1975
fixing the export levies on starch products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 85/75⁽²⁾;

Having regard to Council Regulation No 359/67/EEC⁽³⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by Regulation (EEC) No 1129/74⁽⁴⁾;

Having regard to Council Regulation (EEC) No 1132/74⁽⁵⁾ of 29 April 1974 on production refunds in the cereals and rice sectors, amended by Regulation (EEC) No 2518/74⁽⁶⁾, and in particular Article 7 (2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas, pursuant to Article 7 (2) of Regulation (EEC) No 1132/74, an export levy may be introduced for products falling within subheadings 11.08 A, 11.09, 17.02 B II, 17.05 B and 23.03 A I of the Common Customs Tariff when world market prices for maize and common wheat on the one hand, and for broken rice on the other hand exceed respectively 8.745 and 10.907 units of account;

Whereas, by Regulation (EEC) No 1981/74⁽⁷⁾, as last amended by Regulation (EEC) No 2518/74, the Commission laid down detailed rules for the application of the export levy on starch products; whereas Article 2 (1) of that Regulation provides that a levy is introduced when it is found that the import levy for maize, wheat or broken rice is at least 0.30 unit of account/100 kg less than the amount of the production refund valid in the current month and that the average of the levies in the immediately following fortnight is at least 0.30 unit of account/100 kg less than the average of the production refund valid in that fortnight;

Whereas the export levy must be equal, per 100 kg of basic product, to the difference between the production refund valid on the day on which this export levy is fixed and the average of the levies applicable on the seven days preceding the day it comes into force; whereas this difference must then be multiplied for the products mentioned in Article 1 by the coefficients relating to these products shown in column 4 of the Annex to Regulation (EEC) No 1052/68⁽⁸⁾, as last amended by Regulation (EEC) No 881/73⁽⁹⁾;

Whereas the production refund on maize, common wheat and broken rice intended for the manufacture of starch is defined in Article 1 of Regulation (EEC) No 1132/74;

Whereas, pursuant to Article 2 (3) of Regulation (EEC) No 1981/74 for the new Member States the amounts to be considered respectively as import levy and production refund shall be the levy and the production refund for the product in question respectively, minus the applicable compensatory amount;

Whereas the export levy must be fixed once a week; whereas it is altered only if application of Article 2 (2) (a) of Regulation (EEC) No 1981/74 entails an increase or a reduction of more than 0.08 unit of account/100 kg of basic product;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, at a rate of exchange based on their effective parity;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying all these provisions to the world market price of maize, common wheat and broken rice and to the import levies that an export levy should be introduced for the products listed in the Annex,

HAS ADOPTED THIS REGULATION:

Article 1

The export levies provided for in Article 7 (2) of Regulation (EEC) No 1132/74 are hereby fixed as shown in the Table annexed to this Regulation for the products listed therein.

Article 2

This Regulation shall enter into force on 18 January 1975.

It shall apply from 18 January 1975 for starch products derived from maize, from 20 January 1975 for starch products derived from soft wheat, and from 21 January 1975 for starch products derived from broken rice.

REGULATION (EEC) No 118/75 OF THE COMMISSION

of 17 January 1975

fixing the refunds on milk and milk products exported in the natural state

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community ;

Having regard to Council Regulation (EEC) No
804/68 ⁽¹⁾ of 27 June 1968 on the common organiza-
tion of the market in milk and milk products, as last
amended by Regulation (EEC) No 662/74 ⁽²⁾, and in
particular Article 17 (4) thereof ;

Having regard to the Opinion of the Monetary
Committee ;

Whereas Article 17 of Regulation (EEC) No 804/68
provides that the difference between prices in interna-
tional trade for the products listed in Article 1 of that
Regulation and prices for those products within the
Community may be covered by an export refund ;

Whereas Council Regulation (EEC) No 876/68 ⁽³⁾ of
28 June 1968 laying down general rules for granting
export refunds on milk and milk products and criteria
for fixing the amount of such refunds, as amended by
Regulation (EEC) No 2429/72 ⁽⁴⁾, provides that when
the refunds on the products listed in Article 1 of Regu-
lation (EEC) No 804/68, exported in the natural state,
are being fixed account must be taken of :

- the existing situation and the future trend with
regard to prices and availabilities of milk and milk
products on the Community market and prices for
milk and milk products in international trade ;
- marketing costs and the most favourable transport
charges from Community markets to ports or
other points of export in the Community, as well
as costs incurred in placing the goods on the
market of the country of destination ;
- the aims of the common organization of the
market in milk and milk products which are to
ensure equilibrium and the natural development
of prices and trade on this market ;
- the need to avoid disturbances on the Community
market ; and

— the economic aspect of the proposed exports ;

Whereas Article 3 (1) of Regulation (EEC) No 876/68
provides that when prices within the Community are
being determined account should be taken of the
ruling prices which are most favourable for exporta-
tion, and that when prices in international trade are
being determined particular account should be taken
of :

- (a) prices ruling on third country markets ;
- (b) the most favourable prices in third countries of
destination for third country imports ;
- (c) producer prices recorded in exporting third coun-
tries, account being taken, where appropriate, of
subsidies granted by those countries ; and
- (d) free-at-Community-frontier offer prices ;

Whereas Article 4 of Regulation (EEC) No 876/68
provides that the world market situation or the
specific requirements of certain markets may make it
necessary to vary the refund on the products listed in
Article 1 of Regulation (EEC) No 804/68 according to
destination ;

Whereas Article 5 (1) of Regulation (EEC) No 876/68
provides that the list of products on which export
refunds are granted and the amount of such refunds
should be fixed at least once every four weeks ;
whereas the amount of the refund may, however,
remain at the same level for more than four weeks ;

Whereas Article 2 of Commission Regulation (EEC)
No 1098/68 ⁽⁵⁾ of 27 July 1968 on detailed rules for
the application of export refunds on milk and milk
products, as last amended by the Act annexed to the
Treaty on the Accession of new Member States to the
European Economic Community and the European
Atomic Energy Community, signed at Brussels on 22
January 1972, provides that the refund on products
falling within subheading 04.02 B is equal to the sum
of two components, the first representing the quantity

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 13.

⁽²⁾ OJ No L 85, 29. 3. 1974, p. 51.

⁽³⁾ OJ No L 155, 3. 7. 1968, p. 1.

⁽⁴⁾ OJ No L 264, 23. 11. 1972, p. 1.

⁽⁵⁾ OJ No L 184, 29. 7. 1968, p. 10.

of milk products and the second representing the quantity of added sucrose; whereas, however, the latter component applies only if the added sucrose was produced from beet or cane harvested within the Community;

Whereas for the products falling within subheading 04.02 B II a) or 04.02 B II b) 1 with a fat content not exceeding 9.5 % by weight the first component referred to above is fixed for 100 kg of the whole product; whereas for the other products falling within subheading 04.02 B this component is calculated by multiplying the basic amount by the milk product content of the product in question; whereas this basic amount is the refund on 1 kilogramme of milk products contained in the product;

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation No 1009/67/EEC⁽¹⁾ of 18 December 1967 on the common organization of the market in sugar, as last amended by Regulation (EEC) No 1602/74⁽²⁾;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 17 January 1975.

Whereas it follows from applying these rules to the present situation on the market in milk and milk products, and in particular to prices for these products within the Community and on the world market, that the refund should be fixed at the amounts shown in the Annex to this Regulation;

Whereas the Management Committee for Milk and Milk Products has not delivered an opinion within the time limit set by its Chairman,

HAS ADOPTED THIS REGULATION:

Article 1

1. The refunds referred to in Article 17 of Regulation (EEC) No 804/68 on products exported in the natural state are hereby fixed at the amounts shown in the Annex.
2. No refunds are fixed for exports to Zone E.
3. No refunds are fixed for the products listed in the Annex containing more than 35 %, by weight, of sucrose (including invert sugar expressed as sucrose) however, excluding the products falling within subheadings ex 04.02 B II a) 2) (code 2810 20) and ex 04.02 B II b) 1 bb) (code 2910 75).

Article 2

This Regulation shall enter into force on 18 January 1975.

REGULATION (EEC) No 119/75 OF THE COMMISSION**of 17 January 1975****fixing the amounts applicable as compensatory amounts for pigmeat**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty⁽¹⁾ concerning the accession of new Member States to the European Economic Community, and the European Atomic Energy Community, signed at Brussels on 22 January 1972;

Having regard to Council Regulation (EEC) No 234/73⁽²⁾ of 31 January 1973 laying down general rules for a system of compensatory amounts for pigmeat, as amended by Regulation (EEC) No 2879/73⁽³⁾, and in particular Article 8 (3) thereof;

Whereas compensatory amounts for pigmeat products were laid down in Council Regulation (EEC) No 234/73 and Commission Regulation (EEC) No 1922/74⁽⁴⁾ of 23 July 1974, as amended by Regulation (EEC) No 2518/74⁽⁵⁾; whereas, however, if the situation referred to in Article 7 of Council Regulation (EEC) No 229/73⁽⁶⁾ of 31 January 1973 laying down general rules for a system of compensatory amounts for cereals should arise, the amounts applicable as compensatory amounts, except from the amounts for products falling under subheading 15.01 A of the Common Customs Tariff, are fixed in accordance with Article 3 of Regulation (EEC) No 234/73;

Whereas in the sector of pigmeat the calculation of the compensatory amounts results in minimal amounts; whereas there is therefore no need to fix compensatory amounts,

HAS ADOPTED THIS REGULATION:

Article 1

1. The amounts referred to in Article 3 of Regulation (EEC) No 234/73 and applicable as compensatory amounts for pigmeat for the period 1 February 1975 to 30 April 1975 are fixed at 0, except for amounts for products falling under subheading 15.01 A of the Common Customs Tariff.

2. The amounts applicable as compensatory amounts for products falling under subheading 15.01 A of the Common Customs Tariff are determined in the Annex.

Article 2

This Regulation shall enter into force on 1 February 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 17 January 1975.

REGULATION (EEC) No 120/75 OF THE COMMISSION

of 17 January 1975

making special provision to cover the transition from the 1974/75 to the 1975/76 milk year as regards the levying of accession compensatory amounts on butter in trade with the United Kingdom

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to the Treaty ⁽¹⁾ concerning the accession of new Member States to the European Economic Community and to the European Atomic Energy Community, signed at Brussels on 22 January 1972 ;

Having regard to Council Regulation (EEC) No 804/68 ⁽²⁾ of 27 June 1968 on the common organization of the market in milk and milk products, as last amended by Regulation (EEC) No 662/74 ⁽³⁾, and in particular Article 5a thereof ;

Having regard to Council Regulation (EEC) No 233/73 ⁽⁴⁾ of 31 January 1973 laying down general rules for the system of compensatory amounts for milk and milk products, and in particular Article 6 (1) thereof ;

Whereas the alignment with effect from the start of the 1975/76 marketing year of butter prices in the new Member States in pursuance of Article 52 (2) of the Treaty of Accession ⁽⁵⁾ will lead to a modification of the compensatory amounts laid down in Commission Regulation (EEC) No 710/74 ⁽⁶⁾ of 29 March 1974 as amended by Annex VII C to Regulation (EEC) No 2518/74 ⁽⁷⁾ ;

Whereas in view of the marked reduction in the compensatory amounts applicable to certain products in trade between the United Kingdom and the other Member States there is a risk of deflection of trade as a result of speculative transactions ;

Whereas in order to avoid such deflection it is advisable to provide that, for those products which are liable to speculation, the compensatory amounts currently in operation should continue to apply after the beginning of the 1975/76 milk year in the case of exports from the United Kingdom in respect of which it is not established that the products concerned were

produced in or exported to the United Kingdom after the beginning of the new milk year ; whereas such a measure is proved to be necessary now for butter and can be extended to other products should the need arise ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION :

Article 1

1. With regard to products falling within Common Customs Tariff heading No 04.03 exported from the United Kingdom after the beginning of the 1975/76 milk year :

- (a) the compensatory amounts fixed in Annex VII C to Regulation (EEC) No 2518/74 will remain applicable in respect of exports to third countries ;
- (b) without prejudice to the compensatory amounts in force for the 1975/76 milk year, the United Kingdom shall charge on exports to other Member States an amount equal to the difference between the compensatory amount fixed in Annex VII C to Regulation (EEC) No 2518/74 and that applicable under the terms of the Regulation fixing the accession compensatory amounts for the 1975/76 milk year.

2. However, paragraph 1 shall not apply to products in respect of which proof is furnished that they were, after the beginning of the 1975/76 milk year :

- (a) produced in the United Kingdom,
- or

- (b) exported to the United Kingdom within the meaning of Article 4 of Commission Regulation (EEC) No 269/73 ⁽⁸⁾ of 31 January 1973 laying

Whereas Regulation (EEC) No 269/73 lays down detailed rules for the application of the system of accession compensatory amounts; whereas Article 5 of that Regulation provides that in certain circumstances payment of the compensatory amount is to be conditional on the furnishing of proof that customs import formalities have been completed in the Member State of destination; whereas pursuant to that Article such proof is to be furnished by production of the control copy provided for in Article 1 of Commission Regulation (EEC) No 2315/69⁽⁴⁾ of 19 November 1969 on the use of Community transit documents for the purpose of applying Community measures for verifying the use and/or destination of goods, as last amended by Regulation (EEC) No 690/73⁽⁵⁾;

Whereas it may happen that by reason of circumstances beyond the control of the party concerned the control copy as aforesaid cannot be produced although the product has reached its intended destination; whereas such a situation may impede trade; whereas in such circumstances other documents should be recognized as equivalent;

Whereas the measures provided for in this Regulation are in accordance with the Opinions of all the relevant Management Committees,

Such supporting documents must include the transport document and the document whereby the product concerned is entered with the customs authorities for home use in the Member State of destination, or a copy or photocopy thereof certified by the competent authorities.

Member States shall each 1 March and 1 September send returns to the Commission showing for each product sector the number of applications made under the preceding subparagraph, the reasons, where known, for the failure to return the control copy, the quantities concerned, and the compensatory amount claimed.'

REGULATION (EEC) No 125/75 OF THE COMMISSION
of 17 January 1975
determining the world market price for colza and rape seed

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 136/66/EEC⁽¹⁾ of 22 September 1966 on the establishment of a common organization of the markets in oils and fats, as last amended by Regulation (EEC) No 1707/73⁽²⁾;

Having regard to the Opinion of the Monetary Committee;

Whereas, pursuant to Article 9 (4) of Regulation (EEC) No 2300/73, the Commission must determine the world market price for colza and rape seed;

- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas, applying all these provisions, the world market price for colza and rape seed should be fixed as shown in the Table annexed to this Regulation,

REGULATION (EEC) No 126/75 OF THE COMMISSION
of 17 January 1975
fixing the export levies on cereals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 85/75⁽²⁾;

Having regard to Council Regulation (EEC) No 1968/73⁽³⁾ of 19 July 1973 laying down general rules to be applied in the event of the cereals market being disturbed, as last amended by Regulation (EEC) No 86/75⁽⁴⁾ and in particular Article 4(3) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 19 of Regulation No 120/67/EEC provides that measures may be taken when the quotations or prices on the world market for one or more products reach the level of Community prices; whereas that situation is likely to continue and to deteriorate, thereby disturbing or threatening to disturb the Community market;

Whereas Regulation (EEC) No 1968/73 specifies that the quotations or prices on the world market shall be regarded as having reached the level of Community prices when they approach or exceed the threshold price; whereas the continuation and the deterioration of that situation may be regarded as being likely to continue where an imbalance between supply and demand is established and where this imbalance is likely to persist, having regard to foreseeable production and market price trends;

Whereas the high level of prices in international trade could impede importation of common wheat, barley, rye, oats, maize, millet and sorghum into the Community or provoke exportation from the Community;

Whereas the situation described above can be said to exist at the present time; whereas to ensure supplies in the Community an export levy should be introduced for common wheat, barley, rye, oats, maize, millet and sorghum;

Whereas, in view of the relationship between the basic product and the products processed from it and given

the market situation for certain processed products, an export levy for certain of these products must also be fixed;

Whereas the threshold prices for the 1974/75 marketing year were fixed by Council Regulation (EEC) No 1427/74⁽⁵⁾ of 4 June 1974, as amended by Regulation (EEC) No 2518/74⁽⁶⁾;

Whereas Article 3 of Regulation (EEC) No 1968/73 specifies that when the export levy is being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the world market on the other; whereas the same article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas for the products, other than starches, listed in Article 1(c) and (d) of Regulation No 120/67/EEC the specific factors set out in Article 3(2) of Regulation (EEC) No 1968/73 must also be taken into account;

Whereas the export levy may be varied if the world market situation or the specific requirements of certain markets make this necessary;

Whereas, if the levy system is to operate normally, the following should be used to calculate the levies:

- for currencies the exchange rates for which are kept at any given moment within a band of 2.25 %, at a conversion rate based on their actual parity;
- for other currencies a conversion rate based on the arithmetic mean of the spot market rates for each of these currencies against the Community currencies referred to in the preceding paragraph over a specified period;

Whereas it follows from applying the rules outlined above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market, that the export levies, should be fixed as shown in the Annex to this Regulation,

Article 1

The export levies referred to in the first indent of Article 2(1) of Regulation (EEC) No 1968/73 are hereby fixed at the amounts shown in the Annex.

COMMUNITIES,

Having regard to the Treaty establishing the European Coal and Steel Community, and in particular Article 66 thereof;

Having regard to High Authority Decision No 24/54⁽¹⁾ of 6 May 1954 laying down in implementation of Article 66(1) of the Treaty a Regulation on what constitutes control of an undertaking;

Having regard to the application submitted on 20 May 1974 by the British Steel Corporation, London, for authority to acquire, through its subsidiary British Steel Corporation (UK) Ltd, the whole or the majority of the share capital of Lye Trading Company Ltd, Lye, Stourbridge, Worcestershire;

Having obtained the comments of the Government of the United Kingdom of Great Britain and Northern Ireland;

Having taken into account the considerations set out in the following paragraphs:

I

The British Steel Corporation, London (BSC), is an undertaking engaged in steel production within the meaning of Article 80 of the Treaty, with a capital of £ 500 000 000.

British Steel Corporation (UK) Ltd is a 99.9 % subsidiary of BSC, set up to hold BSC's investments in United Kingdom companies.

BSC owns the entire share capital of £ 27 004 in H. F. Spencer & Co. Ltd, Wolverhampton (Spencer), an undertaking engaged in steel distribution within the meaning of Article 80. BSC is in a position to control Spencer within the meaning of Decision No 24/54 and accordingly BSC and Spencer form a concentration within the meaning of Article 66(1).

Lye Trading Co. Ltd, Lye, Stourbridge, is a holding company with an issued share capital of £ 813 283, which owns the entire share capital in the following undertakings mainly engaged in steel distribution:

Undertaking	Registered office	Issued share capital (£)
Lye Steel Co. Ltd	Lye, Stourbridge	300
Lye Tinplate Co. Ltd	Pontardulais, Swansea	10 000
Cummins & Cutler Ltd	Amblecoat, Stourbridge	5 000

⁽¹⁾ OJ of the ECSC, 11. 5. 1954, p. 345.

Lye Trading Co. Ltd controls these undertakings and with them forms a concentration (Lye).

The proposed transaction will give to BSC the control of Lye and therefore bring about a concentration between BSC and Lye.

II

BSC produced about 24 million metric tons of crude steel and delivered 16.4 million metric tons of Treaty steel products in 1973, which made BSC the largest steel producer in the Community. In the United Kingdom market for Treaty steel products, BSC's deliveries accounted for 72 % of the total, the remaining 28 % being supplied by other United Kingdom producers or by imports. BSC's turnover for Treaty steel products in its financial year 1973/74 was £ 1 336 million.

Almost all of BSC's sales of Treaty steel products are made direct from its mills to steel consumers or to steel merchants independent of BSC, many of whom engage in stockholding and processing activities before reselling the steel to consumers. BSC's own stockholding activities concerned with Treaty steel products are limited to about 1 % of its deliveries of those products, mainly handled by Spencer which stocks, processes and delivers 90 000 metric tons per year of Treaty steel products exclusively within the United Kingdom market. Spencer, which has an annual turnover of about £ 8 million, operates from warehouses at Wolverhampton and Swansea.

Lye is a stockholder of Treaty steel products, many of which it processes by slitting, shearing and cutting to customers' requirements. Lye has warehouses at Stourbridge (Worcestershire), Pontardulais (Glamorgan), East Kilbride (Lanarkshire), Staines (Middlesex) and Leeds (Yorkshire), which give it a reasonably wide coverage of the United Kingdom market. Lye, with an annual turnover of about £ 20 million, delivers about 190 000 metric tons per year of Treaty steel products, exclusively within the United Kingdom. Lye obtains the majority of its supplies (70 %) from BSC, the balance being imported.

In considering the relevant market for this case, it is appropriate to note that the steel stockholding trade in the United Kingdom is conducted by steel merchants who have specialized in supplying steel mainly to small and medium size customers whose requirements are not large enough to be supplied conveniently by producers; the latter prefer the large orders which enable them to secure the economies associated with long mill runs. Also, stockholders tend to operate on a regional basis, delivering steel products to users who find it advantageous to deal

with a local supplier and to have direct contact with a stockholder. There are some stockholders, including Lye, who are able to cover most of the United Kingdom from a small number of warehouses geographically dispersed round the country. In 1973, total United Kingdom consumption of Treaty steel products from United Kingdom production and imports was 16.2 million metric tons and stockholders provided nearly 4.5 million metric tons or about 27 % of this total. Exports by stockholders outside the United Kingdom are negligible. In these circumstances, the relevant market can be regarded as that part of the United Kingdom steel market which is supplied by stockholders.

BSC/Spencer and Lye combined will account for 280 000 metric tons a year of Treaty steel products, representing 7 % of total sales of these products by stockholders on the relevant market in 1973. Another British steel producer/stockholder has a 20 % share; several stockholders have shares of 5 % to 7 % (including one steel producer/stockholder), and there are over 300 other stockholders of medium or small size in the British steel market. BSC/Spencer and Lye will not, therefore, have a particularly important position in the United Kingdom stockholders' market, but together they will be brought more into balance with some of the larger UK stockholders. BSC/Spencer and Lye have no presence in the stockholders' market elsewhere in the Community.

Having regard to the circumstances described, the proposed transaction will not give the undertakings concerned the power to determine prices, to control or restrict production or distribution or to hinder effective competition in a substantial part of the market for Treaty steel products.

The proposed transaction will give BSC a wider geographical coverage of the United Kingdom steel stockholders' market than was possible with Spencer alone. However, BSC and Lye will not be in an artificially privileged position, bearing in mind that there are several important producers in the Community who already control steel distribution undertakings, some with ex-stock sales substantially exceeding those of BSC/Spencer and Lye combined, including one in the United Kingdom.

Consequently, the proposed transaction does not give the undertakings concerned the power to evade the rules of competition instituted under the Treaty, in particular by establishing an artificially privileged position involving a substantial advantage in access to supplies or markets.

Accordingly, the Commission finds that the proposed transaction satisfies the conditions for authorization

set out in Article 66 (2) and may therefore be authorized.

HAS ADOPTED THIS DECISION :
