REGULATION (EEC) No 538/75 OF THE COMMISSION

of 28 February 1975

amending Regulation (EEC) No 1463/73 laying down detailed rules for the application of monetary compensatory amounts

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 974/71 ⁽¹⁾ of 12 May 1971 on certain measures of conjunctural policy to be taken in agriculture following the temporary widening of the margins of fluctuation for the currencies of certain Member States, as last amended by Regulation (EEC) No 475/75 ⁽²⁾, and in particular Article 6 thereof;

Whereas Article 4 (3) of Commission Regulation (EEC) No 1463/73 ⁽³⁾ of 30 May 1973 laying down detailed rules for the application of monetary compensatory amounts, as last amended by Regulation (EEC) No 490/75 ⁽⁴⁾, provides that in intra-Community trade and in trade with third countries, certain amounts must be multiplied by a coefficient representing the percentage used to calculate the compensatory amounts; whereas depending on the currency, the frequency with which these coefficients are altered varies;

Whereas, in order that the system may be better understood, all coefficients should be presented

together when the compensatory amounts are fixed; whereas it is therefore necessary to amend accordingly the provisions of the paragraph concerned;

Whereas the measures provided for in this Regulation are in accordance with the Opinions of all the Management Committees for the common organization of agricultural markets,

HAS ADOPTED THIS REGULATION:

Article 1

In Article 4 (3) of Regulation (EEC) No 1463/73:

- the second sentence in the first subparagraph is deleted;
- the words 'for the other Member States, the coefficient' in the second subparagraph are replaced by the words 'this coefficient'.

Article 2

This Regulation shall enter into force on 3 March 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 28 February 1975.

REGULATION (EEC) No 539/75 OF THE COMMISSION

of 28 February 1975

fixing the monetary compensatory amounts and certain rates for their application

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 974/71 ⁽¹⁾ of 12 May 1971 on certain measures of conjunctural policy to be taken in agriculture following the temporary widening of the margins of fluctuation for the currencies of certain Member States, as last amended by Regulation (EEC) No 475/75 ⁽²⁾, and in particular Article 6 thereof;

Whereas Article 1 (1) of Regulation (EEC) No 974/71 provides that any Member State which for the purposes of commercial transactions allows the exchange rate of its currency to fluctuate by a margin wider than that permitted by the international rules in force on 12 May 1971 shall, in the case of products as referred to in paragraph 2 of that Article and in respect of trade with other Member States and with third countries:

- (a) where its currency has appreciated by more than the margin of fluctuation, levy compensatory amounts on imports and grant compensatory amounts on exports;
- (b) where its currency has depreciated by more than the margin of fluctuation, levy compensatory amounts on exports and grant compensatory amounts on imports;

Whereas, pursuant to paragraph 1a of the said Article, if an exchange rate other than that corresponding to the parity of the currency of a Member State is used for the purpose of conversions between units of account and that currency, paragraph 1 as above is to apply *mutatis mutandis* where, for the currency in question, the average spot market rate during a period to be determined differs by 1 % or more from the exchange rate used; whereas this is the case at present with all Community currencies;

Whereas for Denmark under this method of calculation no monetary compensatory amount is required;

Whereas, under Article 2 (1) (a) of the said Regulation, for products covered by intervention arrangements the monetary compensatory amounts for the Member States which keep their exchange rates at any given moment within a maximum spread of 2.25 % are to be equal to the amounts obtained by applying to the price the percentage difference between:

- the conversion rate used for purposes of the common agricultural policy, and
- the conversion rate resulting from the central rate;

Whereas the monetary compensatory amounts for Germany and the Benelux countries should accordingly be calculated by applying 10 and 2 % respectively; whereas those amounts should remain unchanged for as long as the items used in calculating them do not vary;

Whereas Article 2 (1) (b) of the same Regulation provides that the monetary compensatory amounts for the other Member States, namely France, Italy, Ireland and the United Kingdom, are to be equal to the amounts obtained by applying to the price, the average percentage difference between:

- the ratio between the conversion rate used for purposes of the common agricultural policy for the currency of the relevant Member State and the actual parity of each of the currencies of the Member States which keep their exchange rates at any given moment within a maximum spread of 2.25 %, and
- the spot market rate recorded over a given period for the currency of the relevant Member State against each of the currencies of the Member States which keep their exchange rates at any given moment within a maximum spread of 2.25 %;

Whereas, however, this difference is to be reduced by 1.25 points for Member States whose currency has depreciated;

Whereas, for other products whose price depends on the price of the products as aforesaid and which are governed by the common organization of markets, or are the subject of a specific arrangement under Article 235 of the Treaty, the said Article 2 provides that the monetary compensatory amounts are to be equal to the amount by which prices of the product

⁽¹⁾ OJ No L 106, 12. 5. 1971, p. 1.

⁽²⁾ OJ No L 52, 28. 2. 1975, p. 28.

concerned are affected as a result of the effect on the prices of the products on which they are dependent of such compensatory amount;

Whereas account must be taken of the increase with effect from 3 March 1975 in prices for milk and milk products and for beef and veal, and of the new representative rates applicable from the same date which were fixed by Council Regulation (EEC) No 475/75 of 27 February 1975; whereas, however, Article 2 of that Regulation provides for a certain delay in the adjustment of the intervention prices and buying-in prices fixed under the common agricultural policy; whereas the effect of this delay must be taken into account when fixing the compensatory amounts;

Whereas by Regulation (EEC) No 1463/73 ⁽¹⁾ of 30 May 1973, as last amended by Regulation (EEC) No 538/75 of 28 February 1975 ⁽²⁾, the Commission laid down detailed rules for the application of Regulation (EEC) No 974/71; whereas under Article 4 of that Regulation a monetary compensatory amount is to be fixed for each Member State in which the conditions laid down in Article 1 of Regulation (EEC) No 974/71 are met; whereas that amount is to apply in respect of trade between Member States and with third countries; whereas however, in trade with the new Member States accession compensatory amounts and the fixed components provided for in Article 61 of the Act of Accession and in trade with third countries, import charges, export refunds and export levies, as expressed in units of account are to be multiplied by a coefficient derived from the percentage used in calculating the monetary compensatory amounts;

Whereas Article 8 (1) of Regulation (EEC) No 1463/73 provides that no compensatory amounts are to apply to trade within the BLEU or to trade between the BLEU and the Netherlands, these States being treated as a single Member State;

Whereas Article 1 (3) of Regulation (EEC) No 974/71 provides that the provisions of that Regulation are to apply only where application of the

monetary measures in question would lead to disturbances in trade in the products concerned;

Whereas in fixing the compensatory amounts which are to take effect on 3 March 1975 the opportunity should be taken to bring the calculations up to date;

Whereas the monetary compensatory amounts provided for in Regulation (EEC) No 974/71 were fixed by Regulation (EEC) No 2547/74 ⁽³⁾; whereas it would be advisable to republish the complete set of monetary compensatory amounts;

Whereas the measures provided for in this Regulation are in accordance with the Opinions of the Management Committees for Wine, for Cereals, for Pigmeat, for Poultrymeat and Eggs, for Sugar, for Milk and Milk Products, and for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

The monetary compensatory amounts provided for in Article 1 of Regulation (EEC) No 974/71 shall for each Member State be as shown in Annex I hereto.

Article 2

The coefficients provided for in Article 4 (3) of Regulation (EEC) No 1463/73 shall be as shown in Annex II hereto.

Article 3

Regulation (EEC) No 2547/74 is hereby repealed.

Article 4

This Regulation shall enter into force on 3 March 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 540/75 OF THE COMMISSION

of 28 February 1975

laying down additional measures to be taken in agriculture following the fixing, with effect from 3 March 1975, of new representative rates for the currencies of certain Member States

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 475/75 ⁽¹⁾ of 27 February 1975 on the exchange rates to be applied in agriculture, and in particular Article 4 thereof;

Whereas Regulation (EEC) No 475/75 has introduced, in respect of certain Member States, new representative rates to be used where transactions carried out under instruments of the common agricultural policy or specific rules adopted under Article 235 of the Treaty require national currencies to be expressed in other currencies or in units of account;

Whereas, however, under Article 2 of the same Regulation, the intervention prices and buying-in prices fixed for the common agricultural policy are generally to be adjusted at the beginning of the 1975/76 marketing year or of the period for which the prices are to apply, in so far as such periods have not already begun; whereas under Articles 3 (1) and 4 of that Regulation the amounts to be paid out by Member States under the Regulations on the common organization of agricultural markets in respect of other measures of intervention on the internal market are to be fixed in the light of the effect of that Regulation while the other prices and amounts fixed for the common agricultural policy by specific provisions adopted under Article 235 of the Treaty are to be adjusted as necessary; whereas a 2.27 % increase may be provided for as regards amounts fixed in units of account but not related to the fixing of prices;

Whereas, as regards amounts other than those increased by 2.27 %, the necessary adjustments may be made by multiplying amounts fixed in units of

account but applied in national currencies by a coefficient reflecting the relationship in the national currency between the prices resulting from application of the conversion rates valid before 3 March 1975 and those valid from that date; whereas, however, account must be taken of the fact that, for products in respect of which there are monetary compensatory amounts, that price difference will be taken into account when such compensatory amounts are fixed;

Whereas the necessary amendments must be kept to a minimum so as to avoid complicating the system to an excessive extent; whereas it has been found appropriate to leave unaffected amounts of a purely standard nature and those not having a practical application or which are of limited economic significance;

Whereas Council Regulation (EEC) No 1967/74 ⁽²⁾ of 23 July 1974, as last amended by Regulation (EEC) No 462/75 ⁽³⁾, introduced a system of premiums for the orderly marketing of certain adult bovine animals for slaughter which was originally intended to apply during the 1974/75 marketing year and whose validity was extended until 30 April 1975; whereas Council Regulation (EEC) No 2504/74 ⁽⁴⁾ of 20 October 1974, as amended by Regulation (EEC) No 462/75, laid down the rules for financing that system; whereas the representative rates applicable from 3 March 1975, the date on which the 1975/76 beef and veal marketing year begins, would in principle lead to a reduction in Germany and in the Benelux countries of the amounts up to which expenditure incurred under the said premium system is to be financed; whereas, since the measure in question represents an extension of limited duration of the system applicable for the previous marketing year, it appears appropriate, as a transitional measure, to provide for the said amounts as expressed in national currency before the start of the marketing year to be kept at their former level until the system ceases to apply;

⁽¹⁾ OJ No L 52, 28. 2. 1975, p. 28.

⁽²⁾ OJ No L 206, 27. 7. 1974, p. 1.

⁽³⁾ OJ No L 52, 28. 2. 1975, p. 2.

⁽⁴⁾ OJ No L 269, 4. 10. 1974, p. 1.

Whereas Regulation (EEC) No 475/75 has brought into operation the provisions of Council Regulation (EEC) No 1134/68 of 30 July 1968 laying down rules for the implementation of Regulation (EEC) No 653/68 on conditions for altering the value of the unit of account used for the common agricultural policy; whereas Article 4 of that Regulation provides, *inter alia*, that any person having applied for and obtained the advance fixing of an amount for a given transaction may have that advance fixing and the relevant document or certificate cancelled;

Whereas the changes in the conversion rates will have effect in practice only from the dates specified in Article 2 of Regulation (EEC) No 475/75; whereas it should be provided that the right of cancellation as aforesaid shall be available only when the amounts fixed in advance are actually affected; whereas, moreover, cancellation is justified only if the change in the amount fixed in advance was unforeseeable; whereas the right to cancellation should therefore apply only to amounts in respect of which advance fixing was applied for before the change in the relevant amount became foreseeable;

Whereas the measures provided for in this Regulation are in accordance with the Opinions of all the relevant Management Committees and also with that of the Standing Committee on Agricultural Products,

HAS ADOPTED THIS REGULATION:

Article 1

The various items listed in Annex I shall:

- until 30 April 1975, in Germany and the Benelux countries, in the case of certain adult bovine animals for slaughter;
- until 31 July 1975, in the case of pigmeat, eggs, poultrymeat and ovalbumin and lactalbumin;

REGULATION (EEC) No 541/75 OF THE COMMISSION

of 28 February 1975

amending Regulation (EEC) No 2300/73 on the differential amounts for colza and rape seed

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 136/66/EEC ⁽¹⁾ of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by Regulation (EEC) No 1707/73 ⁽²⁾;

Having regard to Council Regulation (EEC) No 1569/72 ⁽³⁾ of 20 July 1972 laying down special measures for colza and rape seed, as last amended by Regulation (EEC) No 3477/73 ⁽⁴⁾, and in particular Article 7 thereof;

Having regard to Council Regulation (EEC) No 475/75 ⁽⁵⁾ of 27 February 1975 on the conversion rates to be applied in agriculture, and in particular Article 4 thereof;

Whereas Regulation (EEC) No 475/75 lays down a representative rate for each Community currency; whereas, however, Article 2 of that Regulation provides for a certain lapse of time before the buying-in prices and intervention prices fixed under the common agricultural policy are adjusted;

Whereas in fixing the differential amounts account must be taken of the effect of the above measures; whereas this may be done by multiplying the target price by the coefficients already specified in Regulation (EEC) No 540/75 ⁽⁶⁾ in respect of aid; whereas Commission Regulation (EEC) No

2300/73 ⁽⁷⁾ of 23 August 1973 on detailed rules for applying the differential amounts for colza and rape seed, as last amended by Regulation (EEC) No 3182/74 ⁽⁸⁾, should therefore be amended accordingly;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION:

Article 1

Article 8a of Regulation (EEC) No 2300/73 is replaced by the following:

'Article 8a

During the period 3 March to 30 June 1975 the target price to be taken into consideration for the purpose of calculating the items referred to in Article 1 (1) (a) and (c) shall be adjusted by applying the following coefficients:

1. in Germany:	1.02271
2. in Benelux:	1.00725
3. in France:	0.98598
4. in Italy:	0.97199
5. in the United Kingdom:	0.97830
6. in Ireland:	0.95536.'

Article 2

This Regulation shall enter into force on 3 March 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 542/75 OF THE COMMISSION

of 28 February 1975

fixing the components used to calculate the differential amounts for colza and rape seed

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 136/66/EEC ⁽¹⁾ of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by Regulation (EEC) No 1707/73 ⁽²⁾;

Having regard to Council Regulation (EEC) No 1569/72 ⁽³⁾ of 20 July 1972 laying down special measures for colza and rape seed, as last amended by Regulation (EEC) No 3477/73 ⁽⁴⁾, and in particular Article 2 (2) thereof;

Whereas Article 2 (1) (a) of Regulation (EEC) No 1569/72 provides that the differential amounts for those Member States which keep their exchange rates at any given moment within a band of 2.25 % must be determined by taking into account the incidence on prices of the percentage difference between:

- the conversion rate used for the purposes of the common agricultural policy, and
- the conversion rate resulting from the central rate;

Whereas this leads to the fixing of differential amounts which remain constant as long as the items used to calculate them remain unchanged;

Whereas, applying the method of calculating differential amounts to Denmark, no such amounts should be fixed for seeds harvested in that State and processed in or exported from that State;

Whereas under Article 2 (1) (b) of the aforementioned Regulation the differential amounts for France, Italy, Ireland and the United Kingdom are to be determined by taking into account the incidence on the price of the average percentage difference between:

- the ratio between the conversion rate used for purposes of the common agricultural policy for the currency of the relevant Member State and the actual parity of each of the currencies of the Member States which keep their exchange rates at any given moment within a band of 2.25 %, and
- the spot market rate recorded over a given period for the currency of the relevant Member State against each of the currencies of the Member States specified above;

Whereas Regulation (EEC) No 2300/73 ⁽⁵⁾, as last amended by Commission Regulation (EEC) No 541/75 ⁽⁶⁾, lays down detailed rules for the application of Regulation (EEC) No 1569/72;

Whereas with effect from 3 March 1975 new representative rates are applicable for the German mark, the Dutch guilder, the Belgian franc, the Luxembourg franc, the French franc, the Italian lira and the English and Irish pounds; whereas it is necessary to take this fact into account in fixing the components used to calculate the differential amounts for colza and rape seed;

Whereas, applying the rules and criteria set out above, the components used to calculate the differential amounts should be fixed in accordance with the Table annexed to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION:

Article 1

The components used to calculate the differential amounts provided for in Article 1 of Regulation (EEC) No 1569/72 shall be as listed in the Annex.

Article 2

This Regulation shall enter into force on 3 March 1975.
