REGULATION (EEC) No 685/75 OF THE COMMISSION

of 14 March 1975

fixing the export refunds on eggs for the period beginning 20 March 1975

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 122/67/EEC⁽¹⁾ of 13 June 1967 on the common organization for the market in eggs, as last amended by the Act⁽²⁾ annexed to the Treaty⁽³⁾ on the accession of new Member States to the European Economic Community and the European Atomic Energy Community, signed at Brussels on 22 January 1972, and in particular the first sentence of the fifth subparagraph of Article 9 (2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 9 of Regulation No 122/67/EEC provides that the difference between prices on the world market for the products listed in Article 1 (1) of that Regulation and prices for those products in the Community may be covered by an export refund;

Whereas Council Regulation No 175/67/EEC of 27 June 1967⁽⁴⁾, as last amended by Regulation (EEC) No 2683/72⁽⁵⁾, lays down general rules for granting export refunds and criteria for fixing the amount of such refunds;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

— in the case of currencies which are maintained in relation to each other, at any given moment,

within a band of 2.25 %, at rate of exchange based on their effective parity;

— for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying these rules and criteria to the present situation on the market in eggs that the refund should be fixed at an amount which would permit Community participation in world trade and would also take account of the nature of these exports and their importance at the present time;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Poultrymeat and Eggs,

HAS ADOPTED THIS REGULATION:

Article 1

The list of products for which the export refund referred to in Article 9 of Regulation No 122/67/EEC is granted, and the amount of that refund, are hereby fixed as shown in the Annex.

Article 2

This Regulation shall enter into force on 20 March 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 686/75 OF THE COMMISSION

of 14 March 1975

fixing the import levies on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 804/68⁽¹⁾ of 27 June 1968 on the common organization of the market in milk and milk products, as last amended by Regulation (EEC) No 465/75⁽²⁾, and in particular Article 14(8) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 14 of Regulation (EEC) No 804/68 provides for charging a levy on imports of the products listed in Article 1 of that Regulation; whereas these products may be divided into groups; whereas the product groups and the pilot groups and the pilot product for each of these groups are set out in Annex I to Council Regulation (EEC) No 823/68⁽³⁾ of 28 June 1968 determining the groups of products and the special provisions for calculating levies on milk and milk products, as last amended by Regulation (EEC) No 467/75⁽⁴⁾;

Whereas the levy on the products in any one group must be equal to the threshold price for the pilot product less the free-at-frontier price; whereas these threshold prices were fixed for the 1975/76 milk year by Council Regulation (EEC) No 468/75⁽⁵⁾ of 27 February 1975;

Whereas, however, Regulation (EEC) No 823/68 lays down special provisions for calculating the levy on certain assimilated products; whereas these products are listed and the method of calculating the levy on them described in Annex II and in Articles 2 to 7 of that Regulation respectively; whereas this method consists in adding together the various components defined in those Articles;

Whereas Commission Regulation (EEC) No 1073/68⁽⁶⁾ of 24 July 1968 laying down detailed rules for determined free-at-frontier prices and for fixing levies in respect of milk and milk products provides that the component of the levy fixed by means of a coefficient expressing the weight ratio between the milk powder contained in the product and the product itself is, for the products falling within subheading 04.02 B I b) listed in Annex II to Regula-

tion (EEC) No 823/68, calculated by multiplying the basic amount by the quantity of milk powder contained in the product; whereas the same applies to products falling within subheading 04.02 B II b) as regards the component of the levy fixed by means of a coefficient expressing the weight ratio between the milk components contained in the product and the product itself;

Whereas the basic amount must be equal to one hundredth part of the levy set out for each product in the second subparagraph of Article 9(1) and the second subparagraph of Article 9(2) of Regulation (EEC) No 1073/68;

Whereas for products belonging to Group No 11, originating in and exported from third countries, for which it is found on importation into the Community that the ruling price is not less than 130 units of account per 100 kg in respect of the products falling within subheadings 04.04 E I b) 2 and 04.04 E I b) 3, or not less than 115 units of account per 100 kg in respect of the products falling within subheading 04.04 E I b) 4, the levy per 100 kg is defined in Article 8 of Regulation (EEC) No 823/68;

Whereas, for as long as it is found that on importation into the Community the price of an assimilated product for which the levy is not equal to the levy on its pilot product is considerably lower than the price which would obtain if the ratio to the price of the pilot product were normal, the levy must be equal to the sum of two components:

- one component equal to the amount resulting from the provisions of Articles 2 to 7 of Regulation (EEC) No 823/68 applicable to the assimilated product in question;
- an additional component fixed at a level which, the composition and quality of the assimilated product being taken into account, makes it possible to re-establish normal price ratios for imports into the Community;

Whereas Article 14(3) of Regulation (EEC) No 804/68 provides that the levy on products in respect of which the customs duty has been bound within GATT must be limited to the amount resulting from that binding;

Whereas Regulation (EEC) No 1073/68 provides that a free-at-frontier price must be established for each of the pilot products defined in Annex I to Regulation

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 13.

⁽²⁾ OJ No L 52, 28. 2. 1975, p. 8.

⁽³⁾ OJ No L 151, 30. 6. 1968, p. 3.

⁽⁴⁾ OJ No L 52, 28. 2. 1975, p. 10.

⁽⁵⁾ OJ No L 52, 28. 2. 1975, p. 16.

⁽⁶⁾ OJ No L 180, 26. 7. 1968, p. 25.

(EEC) No 823/68 ; whereas these prices must be determined for products of good marketable quality ;

Whereas the free-at-frontier prices must be established on the basis of the most favourable purchasing opportunities in international trade for the products listed in Article 1 (a) 2 and (b) to (g) of Regulation (EEC) No 804/68 other than assimilated products for which the levy is not equal to the levy on the related pilot products ; whereas, when recording these purchasing opportunities, the Commission must take account of all information obtained direct or through the Member States concerning prices for delivery of third-country products free-at-Community frontier and prices on third-country markets ;

Whereas, however, no account should be taken of information relating to small quantities which are not representative of trade in the product in question and quantities in respect of which price trends in general or other information available to it lead the Commission to believe that the price in question is unrepresentative of the real trend of the market ;

Whereas the prices used must be adjusted where they are not quoted free-at-Community-frontier or where they do not apply to products of good marketable quality ; whereas the adjustment in respect of an assimilated product the levy on which is equal to the levy on its pilot product must be effected in such a way as to allow, in particular, for differences in composition, maturity, quality and presentation between the assimilated product and the related pilot product ; whereas adjustments relating to composition must be calculated by multiplying the difference between the milk component content of the pilot product and that of the assimilated product in question by the value attributed in international trade to one unit of weight of the milk component in question ; whereas the difference between the value attributed on the Community market to each of the relevant characteristics of the pilot product and the value attributed on that market to the corresponding characteristics of the assimilated product in question must be taken into account when the other adjustments are being effected ;

Whereas, if no information on prices is available, the free-at-frontier price may, by way of exception, be established on the basis of the value of the raw materials contained in the pilot product in question (calculated on the basis of the prices of milk products for which prices are available), average processing costs and average yields ;

Whereas, in exceptional circumstances, a free-at-frontier price may remain unchanged for a limited period where the new level of the price for a given quality or a specific origin, used as a basis for establishing the previous free-at-frontier price, has not reached the Commission to enable it to establish the next free-at-frontier price and if the Commission considers that the prices which are available could lead to sudden and considerable changes in the free-at-frontier price because they are not sufficiently representative of real market trends ;

Whereas, in accordance with Article 19 (1) of Regulation (EEC) No 804/68, the nomenclature provided for in this Regulation is incorporated in the Common Customs Tariff ;

Whereas Article 8 of Regulation (EEC) No 1073/68 provides that the levies are fixed every fortnight ; whereas they may be altered in the intervening period if necessary ; whereas the levy remains valid until another becomes applicable ;

Whereas, if the levy system is to operate normally, refunds should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, at rate of exchange based on their effective parity ;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph ;

Whereas it follows from applying all these provisions that the levies on milk and milk products must be fixed as shown in the Annex to this Regulation ;

HAS ADOPTED THIS REGULATION :

Article 1

The levies referred to in Article 14 (1) of Regulation (EEC) No 804/68 are hereby fixed as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 16 March 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 690/75 OF THE COMMISSION

of 14 March 1975

introducing a countervailing charge on cucumbers originating in Spain and Romania

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation (EEC) No 1035/72⁽¹⁾ of 18 May 1972 on the common organization of the market in fruit and vegetables, as last amended by Regulation (EEC) No 2745/72⁽²⁾, and in particular the second subparagraph of Article 27 (2) thereof ;

Whereas Article 25 (1) of Regulation (EEC) No 1035/72 provides that, if the entry price of a product imported from a third country remains at least 0.50 unit of account below the reference price for two consecutive market days, a countervailing charge must be introduced in respect of the exporting country concerned, save in exceptional circumstances ;

Whereas Commission Regulation (EEC) No 519/75⁽³⁾ of 28 February 1975 fixing until the end of the 1975 marketing year the reference prices for cucumbers, fixed the reference price for Class I products at 57.03 units of account per 100 kg net for the month of March 1975 ;

Whereas the entry price for a given exporting country is equal to the lowest representative prices recorded for at least 30 % of the quantities from the exporting country concerned which are marketed on all representative markets for which prices are available, less the duties, and the charges indicated in Article 24 (3) of Regulation (EEC) No 1035/72 and whereas the meaning of representative markets is defined in Article 24 (2) of Regulation (EEC) No 1035/72 ;

Whereas it is necessary to record the prices to be taken into consideration on the representative markets referred to in Regulation (EEC) No 2118/74⁽⁴⁾, as amended by Regulation (EEC) No 385/75⁽⁵⁾ and if necessary to multiply the prices with the coefficients

fixed in the first indent of Article 1 (2) of Regulation (EEC) No 519/75 ;

Whereas for Spanish and Romanian cucumbers the entry prices calculated in this way have remained at least 0.50 unit of account below the reference price for two consecutive market days ; whereas a countervailing charge has therefore to be introduced for these cucumbers ;

Whereas the entry prices available at present for these two exporting countries allow the application of one charge, equal to the difference between the reference price and the arithmetic mean of the average entry prices established for each exporting country ;

Whereas, if the system is to operate normally, it should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph,

HAS ADOPTED THIS REGULATION :

Article 1

A countervailing charge of 6.54 units of account per 100 kg net is applied to cucumbers, falling within CCT subheading ex 07.01 P, and originating in Spain and Romania.
