REGULATION EEC No 2021/75 OF THE COMMISSION

of 31 July 1975

fixing the monetary compensatory amounts and certain rates for their application

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 974/71 ⁽¹⁾ of 12 May 1971 on certain measures of conjunctural policy to be taken in agriculture following the temporary widening of the margins of fluctuation for the currencies of certain Member States, as last amended by Regulation (EEC) No 475/75 ⁽²⁾, and in particular Article 6 thereof;

Whereas Article 1 (1) of Regulation (EEC) No 974/71 provides that any Member State which for the purposes of commercial transactions allows the exchange rate of its currency to fluctuate by a margin wider than that permitted by the international rules in force on 12 May 1971 shall, in the case of products as referred to in paragraph 2 of that Article and in respect of trade with other Member States and with third countries:

- (a) where its currency has appreciated by more than the margin of fluctuation, levy compensatory amounts on imports and grant compensatory amounts on exports;
- (b) where its currency has depreciated by more than the margin of fluctuation, levy compensatory amounts on exports and grant compensatory amounts on imports;

Whereas, pursuant to paragraph 1a of the said Article, if an exchange rate other than that corresponding to the parity of the currency of a Member State is used for the purpose of conversions between units of

account and that currency, paragraph 1 as above is to apply *mutatis mutandis* where, for the currency in question, the average spot market rate during a period to be determined differs by 1 % or more from the exchange rate used;

Whereas in the present situation these conditions are fulfilled for all Community currencies; whereas for Denmark under this method of calculation no monetary compensatory amount is required;

Whereas, under Article 2 (1) (a) of the said Regulation, for products covered by intervention arrangements the monetary compensatory amounts for the Member States which keep their exchange rates at any given moment within a maximum spread of 2.25 % are to be equal to the amounts obtained by applying to the price, the percentage difference between:

- the conversion rate used for purposes of the common agricultural policy, and
- the conversion rate resulting from the central rate;

Whereas the monetary compensatory amounts for Germany and the Benelux countries should accordingly be calculated by applying 10 and 2 % respectively; whereas those amounts should remain unchanged for as long as the items used in calculating them do not vary;

Whereas Article 2 (1) (b) of the same Regulation provides that the monetary compensatory amounts for Ireland and the United Kingdom are to be equal to the amounts obtained by applying to the price, the average percentage difference between:

- the ratio between the conversion rate used for purposes of the common agricultural policy for the currency of the relevant Member State and the actual parity of each of the currencies of the Member States which keep their exchange rates at any given moment within a maximum spread of 2.25 %; and

⁽¹⁾ OJ No L 106, 12. 5. 1971, p. 1.

⁽²⁾ OJ No L 52, 28. 2. 1975, p. 28.

- the spot market rate recorded over a given period for the currency of the relevant Member State against each of the currencies of the Member States which keep their exchange rates at any given moment within a maximum spread of 2.25 %;

Whereas, however, this difference is to be reduced by 1.25 points for Member States whose currency has depreciated;

Whereas, for other products whose price depends on the price of the products as aforesaid and which are governed by the common organization of markets, or are the subject of a specific arrangement under Article 235 of the Treaty, the said Article 2 provides that the monetary compensatory amounts are to be equal to the amount by which prices of the product concerned are affected as a result of the effect on the prices of the products on which they are dependent of such compensatory amount;

Whereas account must be taken of the new representative rates applicable from 4 August 1975 which were fixed by Council Regulation (EEC) No 475/75 of 27 February 1975 as amended by Regulation (EEC) No 1925/75 ⁽¹⁾.

Whereas by Regulation (EEC) No 1380/75 ⁽²⁾ of 29 May 1975, the Commission laid down detailed rules for the application of Regulation (EEC) No 974/71; whereas under Article 4 of that Regulation a monetary compensatory amount is to be fixed for each Member State and each product that meets the conditions laid down in Article 1 of Regulation (EEC) No 974/71; whereas that amount is to apply in respect of trade between Member States and with non-member countries; whereas, however,

- (a) in trade with the new Member States, accession compensatory amounts and the fixed components provided for in Article 61 of the Act of Accession and,
- (b) in trade with the non-member countries, import charges, export refunds and export levies, as expressed in units of account

are to be multiplied by a coefficient derived from the percentage used in calculating the monetary compensatory amounts;

Whereas Article 9 of Regulation (EEC) No 1380/75 provides that no compensatory amounts are to apply

to trade within the BLEU or to trade between the BLEU and the Netherlands, these States being treated as a single Member State;

Whereas Article 1 (3) of Regulation (EEC) No 974/71 provides that the provisions of that Regulation are to apply only where application of the monetary measures in question would lead to disturbances in trade in the products concerned; whereas in the present situation this rule makes it possible not to fix compensatory amounts for France and for Italy, and to fix amounts in the wine sector only for Germany;

Whereas the monetary compensatory amounts provided for in Regulation (EEC) No 974/71 were fixed by Regulation (EEC) No 539/75 ⁽³⁾ which has since been amended several times; whereas therefore it is advisable to replace Regulation (EEC) No 539/75 by a new Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinions of the Management Committees for Wine, Cereals, Pigmeat, Poultrymeat and Eggs, Sugar, Milk and Milk Products, and Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

The monetary compensatory amounts provided for in Article 1 of Regulation (EEC) No 974/71 shall for each Member State be as shown in Annex I hereto.

Article 2

The coefficients provided for in Article 4 (3) of Regulation (EEC) No 1380/75 shall be as shown in Annex II hereto.

Article 3

Regulation (EEC) No 539/75 is hereby repealed.

Article 4

This Regulation shall enter into force on 4 August 1975.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 475/75 ⁽¹⁾ of 27 February 1975 on the exchange rates to be applied in agriculture, as amended by Regulation (EEC) No 1925/75 ⁽²⁾, and in particular Article 4 thereof;

Whereas Regulation (EEC) No 1925/75 introduced new representative rates for the pound sterling and the Irish pound, to take effect on 4 August 1975.

Whereas Commission Regulation (EEC) No 540/75 ⁽³⁾ of 28 February 1975 laying down additional measures to be taken in agriculture following the fixing, with effect from 3 March 1975, of new representative rates for the currencies of certain Member States, as last amended by Regulation (EEC) No 1376/75 ⁽⁴⁾, laid down the coefficients to be applied to certain amounts in respect of which the economic consequences of the fixing of the new representative rates was deferred, in particular until the beginning of the 1975/76 marketing year for the products in question; whereas Regulation (EEC) No 1925/75 does not affect that deferment for products for which the marketing year has not yet begun on 4 August 1975; whereas this concerns particularly the marketing years for rice and for sunflower seed, which begin on 1 September, and the marketing year for olive oil, which begins on 1 November, and also the application period for prices on the market in wine beginning on 16 December 1975; whereas it is therefore necessary to adapt the coefficients set out in Regulation (EEC) No 540/75 for the two Member States concerned;

Whereas Article 2 (1) (d) of Regulation (EEC) No 475/75 laid down that the economic consequences of the new representative rate for the currencies of Germany and the Benelux countries would not come into effect in the fisheries sector until 1 January 1976; whereas export refunds have been fixed in this sector since 1 April 1975; whereas Council Regulation (EEC) No 1629/75 ⁽⁵⁾ of 24 June 1975 also

introduced with effect from 5 July 1975 private storage aid for certain fishery products; whereas private storage aid and refunds should therefore be added to Section N of Annex I to Regulation (EEC) No 540/75;

Whereas the measures provided for in this Regulation are in accordance with the Opinions of the Management Committees concerned,

HAS ADOPTED THIS REGULATION:

Article 1

The coefficients listed in Article 1 (d) and (f) of Regulation (EEC) No 540/75 are replaced, with effect from 4 August 1975, by the following:

- (d) in Ireland: 0.90759,
- (f) in the United Kingdom: 0.92938.

REGULATION (EEC) No 2023/75 OF THE COMMISSION

of 1 August 1975

laying down the protective measures applicable to the import of tomato concentrates

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 865/68⁽¹⁾ of 28 June 1968 on the common organization of the market in products processed from fruit and vegetables, as last amended by Regulation (EEC) No 1420/75⁽²⁾;

Having regard to Council Regulation (EEC) No 1427/71⁽³⁾ of 2 July 1971 concerning the introduction of protective measures in products processed from fruit and vegetables, and in particular Article 1 (2) thereof;

Whereas in 1974 production of tomato concentrates, in the Community as well as in third countries, has been much above that of preceding years; whereas, as a result, large stocks still remain to be disposed of; whereas the stock on the community market has risen to approximately 45 000 metric tons, that is to say approximately one-third of community production, while stocks in third countries have reached a volume of the order of 60 000 metric tons;

Whereas the offer prices in third countries have undergone a considerable fall by comparison with those of the preceding year; whereas those prices stand at the moment at a level representing 60 to 70 % of the cost price in the Community industry; whereas, in consequence, the application of those prices would tend to accentuate the difficulties of production and disposal for the community producers;

Whereas the system of minimum price and special minimum price defined in Article 2 of Council Regulation (EEC) No 1927/75⁽⁴⁾ of 22 July 1975, concerning the system of trade with third countries in products processed from fruit and vegetables is to apply from 1 September 1975; whereas pending that date, there is a risk that considerable quantities of

tomato concentrates may be imported from third countries at very low prices;

Whereas it is to be feared that such imports would cause grave harm to the Community processing industry; whereas, moreover, they could lead to a considerable reduction in the opportunities for disposing of fresh tomatoes from the new crop;

Whereas an assessment of the situation on the market, the main points of which are outlined above, leads to the conclusion that imports threaten the community market with serious disturbances which could jeopardize the objectives of Article 39 of the Treaty; whereas in these circumstances it is necessary to take protective measures;

Whereas there is need to have recourse to a system of minimum import prices sufficient to ensure, with the least possible delay, that the price level provided for in Regulation (EEC) No 1927/75 is respected;

Whereas, in order to avoid diversions of trade which could result from the difference in the minimum prices applicable respectively in the Community as originally constituted and in the new member States, it is necessary in intra-community trade, to provide for the levying of an amount to compensate for this difference;

Whereas it appears necessary to ensure that these amounts are taken account of within the framework of the financial system of the common agricultural policy; whereas the special arrangements governing trade with Greece permit of its exclusion from the system defined in the present Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

In the period from 7 to 31 August 1975, all imports of tomato concentrates (sub-heading 20.02 C of the Common Customs Tariff) into the Community are required to observe the minimum price specified in the annex.

⁽¹⁾ OJ No L 153, 1. 7. 1968, p. 8.

⁽²⁾ OJ No L 141, 3. 6. 1975, p. 1.

⁽³⁾ OJ No L 151, 7. 7. 1971, p. 5.

⁽⁴⁾ OJ No L 198, 29. 7. 1975, p. 7.

Article 2

Proof of observance of the minimum price is furnished by presentation:

- of the copy of the bill for the product concerned, and
- of a banker's certificate certifying that payment of the purchase price indicated in the bill has been effected.

Article 3

1. In the case of intra-community trade in tomato concentrates imported into the Community and put into free circulation in accordance with Article 10 (1) of the Treaty, Member States of the Community in its original composition will levy on imports coming from the new Member States an amount equal to the difference between:

- the variation between the minimum price applicable in the Community in its original

composition and the minimum price applicable in the new Member States, and

- the import customs duties applicable toward the new Member States.

2. The provisions of paragraph 1 do not apply to products first imported from Greece.

Article 4

The amounts set forth in Article 3 levied on trade between the Member States are considered, for the purpose of common agriculture policy finance, as forming part of the interventions designed to regularize the agricultural market.

Article 5

This regulation shall enter into force the day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 1 August 1975.
