REGULATION (EEC) No 2529/75 OF THE COMMISSION**of 3 October 1975****fixing the export levies on products processed from cereals**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 665/75⁽²⁾ ;

Having regard to Council Regulation (EEC) No 1968/73⁽³⁾ of 19 July 1973 laying down general rules to be applied in the event of the cereals market being disturbed, as last amended by Regulation (EEC) No 86/75⁽⁴⁾ and in particular Article 4(2) thereof ;

Having regard to the Opinion of the Monetary Committee ;

Whereas Article 19 of Regulation No 120/67/EEC provides that measures may be taken when the quotations or prices on the world market for one or more products reach the level of Community prices ; whereas that situation is likely to continue and to deteriorate, thereby disturbing or threatening to disturb the Community market ;

Whereas Regulation (EEC) No 1968/73 specifies that the quotations or prices on the world market shall be regarded as having reached the level of Community prices when they approach or exceed the threshold price ; whereas the continuation and the deterioration of that situation may be regarded as being likely to continue where an imbalance between supply and demand is established and where this imbalance is likely to persist, having regard to foreseeable production and market price trends ;

Whereas the threshold prices for the 1975/76 marketing year were fixed by Council Regulation (EEC) No 1173/75⁽⁵⁾ of 28 April 1975 ;

Whereas Article 3 of Regulation (EEC) No 1968/73 specifies that when the export levy is being fixed account must be taken of the existing situation and

the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the world market on the other ; whereas the same article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market ;

Whereas for the products, other than starches, listed in Article 1 (d) of Regulation No 120/67/EEC the specific factors set out in Article 3 (2) of Regulation (EEC) No 1968/73 must also be taken into account ;

Whereas a levy has been imposed on the export of certain cereals, in view of the relationship between the basic product and the products processed from it and given the market situation for certain processed products, an export levy for certain of these products must also be fixed ;

Whereas the export levy may be varied if the world market situation or the specific requirements of certain markets make this necessary ;

Whereas, if the levy system is to operate normally, the following should be used to calculate the levies :

- for currencies the exchange rates for which are kept at any given moment within a band of 2.25 %, at a conversion rate based on their actual parity ;
- for other currencies a conversion rate based on the arithmetic mean of the spot market rates for each of these currencies against the Community currencies referred to in the preceding paragraph over a specified period ;

Whereas it follows from applying the rules outlined above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market, that the export levies, should be fixed as shown in the Annex to this Regulation ;

⁽⁵⁾ OJ No L 117, 7. 5. 1975, p. 6.

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

hereby fixed at the amounts shown in the Annex for the products listed in Article 1 (d) of Regulation No 120/67/EEC.

HAS ADOPTED THIS REGULATION :

Article 1

The export levies referred to in the first indent of Article 2 (1) of Regulation (EEC) No 1968/73 are

REGULATION (EEC) No 2532/75 OF THE COMMISSION

of 3 October 1975

fixing the export levies on starch products manufactured from cereals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 665/75⁽²⁾ ;

Having regard to Council Regulation (EEC) No 1955/75⁽³⁾ of 22 July 1975 on production refunds in the cereals and rice sectors and in particular Article 6 (2) thereof ;

Having regard to the Opinion of the Monetary Committee ;

Whereas, pursuant to Article 6 (2) of Regulation (EEC) No 1955/75, an export levy may be introduced for products falling within heading No 11.09 and subheadings 11.08 A, 17.02 B II, 17.05 B and 23.03 A I of the Common Customs Tariff when world market prices for maize and common wheat exceed the threshold prices less the production refund ;

Whereas by Regulation (EEC) No 2007/75⁽⁴⁾ the Commission laid down detailed rules for the application of an export levy on starches ; whereas Article 1 (1) of this Regulation provides that a levy shall be introduced when it is found that the import levy on maize or common wheat is at least three units of account/metric ton less than the amount of the production refund valid in the current month and that the average of the levies in the immediately following fortnight is at least three units of account/metric ton less than the average of the production refund valid in that fortnight ;

Whereas the export levy must be equal, per metric ton of basic product, to the difference between the production refund valid on the day on which this export levy

is fixed and the average of the levies applicable on the seven days preceding the day it comes into force ; whereas this difference must then be multiplied for the products mentioned in Article 1 by the coefficients relating to these products shown in column 4 of the Annex to Regulation (EEC) No 1052/68⁽⁵⁾, as last amended by Regulation (EEC) No 980/75⁽⁶⁾.

Whereas the production refund on maize and common wheat intended for the manufacture of starch is defined in Article 1 of Regulation (EEC) No 1955/75 ;

Whereas, pursuant to Article 1 (3) of Regulation (EEC) No 2007/75 for the new Member States the amounts to be considered respectively as import levy and production refund shall be the levy and the production refund for the product in question respectively, minus the applicable compensatory amount ;

Whereas the export levy must be fixed once a week ; whereas it is altered only if application of Article 1 (2) (a) of Regulation (EEC) No 2007/75 entails an increase or a reduction of more than 0.8 unit of account/metric ton of basic product ;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, at a rate of exchange based on their effective parity ;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph ;

Whereas it follows from applying all these provisions to the world market price of common wheat and to the import levies that an export levy should be introduced for the product listed in the Annex,
