COUNCIL REGULATION (EEC) No 87/76

of 20 January 1976

establishing indicative ceilings and Community supervision for imports of certain products originating in Austria (1976)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement between the European Economic Community and the Republic of Austria ⁽¹⁾ was signed on 22 July 1972;

Whereas Articles 1 and 2 of Protocol 1 annexed to this Agreement make provision for a specific timetable for the progressive abolition of customs duties in respect of the products to which the Agreement applies; whereas under Article 3 of that Protocol the imports of these products are limited to annual indicative ceilings above which the customs duties applicable to third countries may be re-introduced; whereas, however, under Article 3 (b) the Community has to suspend the application of certain ceilings; whereas, on the other hand, in the event of short-term economic difficulties, the Community may, under Article 3(c) of Protocol 1, maintain the ceiling amounts of the preceding year; whereas, however, application of this measure must be limited to products most affected by the short-term difficulties; whereas, therefore, the ceilings to be applied in 1976 must be established; whereas in this situation it is also necessary that the Commission be regularly informed of the trend of the imports of the products in question and, in consequence, it is necessary to subject these imports to supervision;

Whereas this objective may be achieved by means of an administrative procedure based on setting off imports of the products in question against the indicative ceilings at Community level, as and when these products are submitted to the customs authorities under cover of declarations that they have been made available for consumption; whereas this administrative procedure must make provision for the reintroduction of customs tariff duties as soon as the ceilings have been reached at Community level;

Whereas this administrative procedure requires close and particularly rapid cooperation between the Member States and the Commission; whereas the latter must, in particular, be able to follow the progress of amounts set off against the indicative ceilings and keep the Member States informed; whereas this cooperation must be all the closer since the Commission must be able to take adequate measures to re-introduce customs tariff duties whenever one of the ceilings has been reached;

Whereas the trend of imports should be followed for certain products for which, under Article 3 of Protocol 1, the Community has suspended the application of ceilings and for products which are not subject to the ceiling system; whereas it is therefore desirable that imports of such products should be subject to supervision,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January until 31 December 1976, imports of products originating in Austria and indicated in

⁽¹⁾ OJ No L 300, 31. 12. 1972, p. 1.

Annex I to this Regulation shall be subject to indicative ceilings and to Community supervision.

The description of the products referred to in the preceding subparagraphs, their tariff headings and statistic numbers and the levels of the indicative ceilings are given in Annex I.

2. Amounts shall be set off against the indicative ceilings as and when products are submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement.

Goods shall be set off against the indicative ceiling only if the movement certificate has been submitted before the date on which customs duties are reimposed.

The reaching of a ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules; such information shall be supplied under the conditions laid down in paragraph 4.

3. As soon as the ceilings have been reached, the Commission may issue a Regulation reimposing the customs duties provided for in Article 3 (f) of Protocol 1 to the Agreement until the end of the calendar year.

4. Member States shall forward to the Commission not later than the 15th day of each month statements of the amounts set off during the preceding month. They shall, if the Commission so requests, make up such statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 2

From 1 January until 31 December 1976, imports of the products referred to in Annex II which originate in Austria shall be subject to Community supervision.

Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; to this end, only products submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement shall be taken into consideration.

Article 3

For the implementation of this Regulation the Commission shall take all necessary measures in close cooperation with the Member States.

Article 4

This Regulation shall enter into force on 1 January 1976.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

ANNEX III

DEFINITIONS

- ex 48.01 C II Kraftliner**
- 'Kraftliner' means machine-finished or machine-glazed paper or paperboard, in rolls, containing not less than 80% of chemical sulphate softwood pulp calculated on total fibre content, weighing more than 115 g/m² and having a Mullen burst ratio of not less than 35.
- ex 48.01 C II Kraft paper for large sacks**
- 'Kraft paper for large sacks' means machine-finished paper, in rolls, containing not less than 80% of chemical sulphate softwood pulp calculated on total fibre content, weighing not less than 60 g/m² but not more than 115 g/m², having a Mullen burst ratio of not less than 38, and having a stretch factor of more than 4.5% in the cross direction and of more than 2% in the machine direction.
- ex 48.01 E Other printing paper and other writing paper, not containing mechanical wood pulp or containing not more than 5% of mechanical wood pulp**
- 'Other printing paper and other writing paper, not containing mechanical wood pulp or containing not more than 5% of mechanical wood pulp' means paper other than machine-glazed, used for printing or writing, which contains not more than 5% of mechanical wood pulp calculated on total fibre content.
- ex 48.01 E Printing paper and writing paper, containing mechanical wood pulp**
- 'Printing paper and writing paper containing mechanical wood pulp' means paper other than machine-glazed, used for printing and writing containing more than 5% of mechanical wood pulp calculated on total fibre content.
- ex 48.01 E Fluting paper for corrugated paperboard**
- 'Fluting paper for corrugated paperboard' means paper, in rolls, containing not less than 65% of unbleached semi-chemical hardwood pulp (pulp obtained from wood by light chemical treatment followed by mechanical treatment) calculated on total fibre content and having a CMT (Concora Medium Test) crush resistance exceeding 20 kp.
- ex 48.01 E Sulphite paper for wrapping purposes**
- 'Sulphite paper for wrapping purposes' means machine-glazed paper, containing more than 40% of chemical bisulphite wood pulp, calculated on total fibre content, having an ash content of not more than 8% and having a Mullen burst ratio of not less than 15.
- ex 73.15 B Alloy steel, stainless or heat-resisting**
- 'Alloy steel, stainless or heat-resisting' means alloy steel, containing, by weight 12% or more of chromium, with or without other alloy elements, and less than 1% of carbon.
- ex 73.15 B High-speed alloy steel**
- 'High-speed alloy steel' means alloy steel containing, with or without other alloy elements, at least two of the following three elements: tungsten (wolfram), molybdenum and vanadium with a total content, by weight, of not less than 7% of these elements taken together, and containing more than 0.6%, by weight, of carbon.

COUNCIL REGULATION (EEC) No 88/76

of 20 January 1976

establishing indicative ceilings and Community supervision for imports of certain products originating in Finland (1976)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement between the European Economic Community and the Republic of Finland ⁽¹⁾ was signed on 5 October 1973;

Whereas Articles 1 and 2 of Protocol 1 annexed to this Agreement make provision for a specific timetable for the progressive abolition of customs duties in respect of the products to which the Agreement applies; whereas under Article 3 of that Protocol the imports of these products are limited to annual indicative ceilings above which the customs duties applicable to third countries may be re-introduced; whereas, however, under Article 3 (b) the Community has to suspend the application of certain ceilings; whereas, on the other hand, in the event of short-term economic difficulties, the Community may, under Article 3 (c) of Protocol 1, maintain the ceiling amounts of the preceding year; whereas, however, application of this measure must be limited to products most affected by the short-term difficulties; whereas, therefore, the ceilings to be applied in 1976 must be established; whereas in this situation it is also necessary that the Commission be regularly informed of the trend of the imports of the products in question and, in consequence, it is necessary to subject these imports to supervision;

Whereas this objective may be achieved by means of an administrative procedure based on setting off imports of the products in question against the indicative ceilings at Community level, as and when these products are submitted to the customs authorities under cover of declarations that they have been made available for consumption; whereas this administrative procedure must make provision for

the reintroduction of customs tariff duties as soon as the ceilings have been reached at Community level;

Whereas this administrative procedure requires close and particularly rapid cooperation between the Member States and the Commission; whereas the latter must, in particular, be able to follow the progress of amounts set off against the indicative ceilings and keep the Member States informed; whereas this cooperation must be all the closer since the Commission must be able to take adequate measures to re-introduce customs tariff duties whenever one of the ceilings has been reached;

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January until 31 December 1976 imports of products originating in Finland and indicated in Annex I to this Regulation shall be subject to indicative ceilings and to Community supervision.

The description of the products referred to in the preceding subparagraphs, their tariff headings and statistic numbers and the levels of the indicative ceilings are given in Annex I.

2. Amounts shall be set off against the indicative ceilings as and when products are submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement.

Goods shall be set off against the indicative ceiling only if the movement certificate has been submitted

before the date on which customs duties are reimposed.

The reaching of a ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules; such information shall be supplied under the conditions laid down in paragraph 4.

3. As soon as the ceilings have been reached, the Commission may issue a Regulation reimposing the customs duties provided for in Article 3 (f) of Protocol 1 to the Agreement until the end of the calendar year.

4. Member States shall forward to the Commission not later than the 15th day of each month statements of the amounts set off during the preceding month. They shall, if the Commission so requests, make up such statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 2

From 1 January until 31 December 1976, imports of the products referred to in Annex II which originate in Finland shall be subject to Community supervision.

Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; to this end, only products submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement shall be taken into consideration.

Article 3

For the implementation of this Regulation the Commission shall take all necessary measures in close cooperation with the Member States.

Article 4

This Regulation shall enter into force on 1 January 1976.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 89/76

of 20 January 1976

establishing Community supervision for imports of certain products originating in Iceland (1976)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement between the European Economic Community and the Republic of Iceland ⁽¹⁾ was signed on 22 July 1972;

Whereas Articles 1 and 2 of Protocol 1 annexed to this Agreement make provision for a specific timetable for the progressive abolition of customs duties in respect of the products to which the Agreement applies; whereas under Article 3 of that Protocol the imports of these products are limited to annual indicative ceilings above which the customs duties applicable to third countries may be re-introduced; whereas, however, under Article 3 (b) the Community has to suspend the application of certain ceilings; whereas in the light of the current situation of the trade in these products and its likely development in 1976, it does not seem desirable to establish indicative ceilings for this year;

Whereas the trend of imports should be followed for certain products for which, under Article 3 of Protocol 1, the Community has suspended the application of ceilings; whereas it is therefore

desirable that imports of such products should be subject to supervision,

HAS ADOPTED THIS REGULATION:

Article 1

From 1 January until 31 December 1976, imports of products originating in Iceland and indicated in the Annex to this Regulation shall be subject to Community supervision.

Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; to this end, only products submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement shall be taken into consideration.

Article 2

For the implementation of this Regulation the Commission shall take all necessary measures in close cooperation with the Member States.

Article 3

This Regulation shall enter into force on 1 January 1976.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 90/76

of 20 January 1976

establishing indicative ceilings and Community supervision for imports of certain products originating in Norway (1976)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement between the European Economic Community and the Kingdom of Norway ⁽¹⁾ was signed on 14 May 1973;

Whereas Articles 1, 2 and 3 of Protocol 1 annexed to this Agreement make provision for a specific timetable for the progressive abolition of customs duties in respect of the products to which the Agreement applies; whereas under Article 4 of that Protocol the imports of these products are limited to annual indicative ceilings above which the customs duties applicable to third countries may be re-introduced; whereas, however, under Article 4 (b) the Community has to suspend the application of certain ceilings; whereas, on the other hand, in the event of short-term economic difficulties, the Community may, under Article 4 (c) of Protocol 1, maintain the ceiling amounts of the preceding year; whereas, however, application of this measure must be limited to products most affected by the short-term difficulties; whereas, therefore, the ceilings to be applied in 1976 must be established; whereas in this situation it is also necessary that the Commission be regularly informed of the trend of the imports of the products in question and, in consequence, it is necessary to subject these imports to supervision;

Whereas this objective may be achieved by means of an administrative procedure based on setting off imports of the products in question against the indicative ceilings at Community level, as and when these products are submitted to the customs authorities under cover of declarations that they have been made available for consumption; whereas this administrative procedure must make provision for

the reintroduction of customs tariff duties as soon as the ceilings have been reached at Community level;

Whereas this administrative procedure requires close and particularly rapid cooperation between the Member States and the Commission; whereas the latter must, in particular, be able to follow the progress of amounts set off against the indicative ceilings and keep the Member States informed; whereas this cooperation must be all the closer since the Commission must be able to take adequate measures to re-introduce customs tariff duties whenever one of the ceilings has been reached;

Whereas the trend of imports should be followed for certain products for which, under Article 4 of Protocol 1, the Community has suspended the application of ceilings and for products which are not subject to the ceiling system; whereas it is therefore desirable that imports of such products should be subject to supervision,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January until 31 December 1976, imports of products originating in Norway and indicated in Annex I to this Regulation shall be subject to indicative ceilings and to Community supervision.

The description of the products referred to in the preceding subparagraphs, their tariff headings and statistic numbers and the levels of the indicative ceilings are given in Annex I.

2. Amounts shall be set off against the indicative ceilings as and when products are submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement.

Goods shall be set off against the indicative ceiling only if the movement certificate has been submitted

(¹) OJ No L 171, 27. 6. 1973, p. 2.

before the date on which customs duties are reimposed.

The reaching of a ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules; such information shall be supplied under the conditions laid down in paragraph 4.

3. As soon as the ceilings have been reached, the Commission may issue a Regulation reimposing the customs duties provided for in Article 4 (f) of Protocol 1 to the Agreement until the end of the calendar year.

4. Member States shall forward to the Commission not later than the 15th day of each month statements of the amounts set off during the preceding month. They shall, if the Commission so requests, make up such statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 2

From 1 January until 31 December 1976, imports of the products referred to in Annex II which originate in Norway shall be subject to Community supervision.

Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; to this end, only products submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement shall be taken into consideration.

Article 3

For the implementation of this Regulation the Commission shall take all necessary measures in close cooperation with the Member States.

Article 4

This Regulation shall enter into force on 1 January 1976.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 91/76

of 20 January 1976

establishing indicative ceilings and Community supervision for imports of certain products originating in Portugal (1976)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement between the European Economic Community and the Portuguese Republic ⁽¹⁾ was signed on 22 July 1972;

Whereas Articles 1 and 2 of Protocol 1 annexed to this Agreement make provision for a specific timetable for the progressive abolition of customs duties in respect of the products to which the Agreement applies; whereas under Article 2 of that Protocol the imports of these products are limited to annual indicative ceilings above which the customs duties applicable to third countries may be re-introduced; whereas, however, under Article 2 (2) the Community has to suspend the application of certain ceilings; whereas, therefore, the ceilings to be applied in 1976 must be established; whereas in this situation it is also necessary that the Commission be regularly informed of the trend of the imports of the products in question and, in consequence, it is necessary to subject these imports to supervision;

before the date on which customs duties are reimposed.

The reaching of a ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules; such information shall be supplied under the conditions laid down in paragraph 4.

3. As soon as the ceilings have been reached, the Commission may issue a Regulation reimposing the customs duties provided for in Article 2 (7) of Protocol 1 to the Agreement until the end of the calendar year.

4. Member States shall forward to the Commission not later than the 15th day of each month statements of the amounts set off during the preceding month. They shall, if the Commission so requests, make up such statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 2

From 1 January until 31 December 1976, imports of the products referred to in Annex II which originate in Austria shall be subject to Community supervision.

Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; to this end, only products submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement shall be taken into consideration.

ANNEX III

DEFINITIONS

- ex 48.01 C II **Kraftliner**
'Kraftliner' means machine-finished or machine-glazed paper or paperboard, in rolls, containing not less than 80% of chemical sulphate softwood pulp calculated on total fibre content, weighing more than 115 g/m² and having a Mullen burst ratio of not less than 35.
- ex 48.01 C II **Kraft paper for large sacks**
'Kraft paper for large sacks' means machine-finished paper, in rolls, containing not less than 80% of chemical sulphate softwood pulp calculated on total fibre content, weighing not less than 60 g/m² but not more than 115 g/m², having a Mullen burst ratio of not less than 38, and having a stretch factor of more than 4.5% in the cross direction and of more than 2% in the machine direction.
- ex 48.01 E **Other printing paper and other writing paper, not containing mechanical wood pulp or containing not more than 5% of mechanical wood pulp**
'Other printing paper and other writing paper, not containing mechanical wood pulp or containing not more than 5% of mechanical wood pulp, means paper other than machine-glazed, used for printing or writing, which contains not more than 5% of mechanical wood pulp calculated on total fibre content.
- ex 48.01 E **Printing paper and writing paper, containing mechanical wood pulp**
'Printing paper and writing paper containing mechanical wood pulp' means, paper other than machine-glazed, used for printing and writing, containing more than 5% of mechanical wood pulp calculated on total fibre content.
- ex 48.01 E **Fluting paper for corrugated paperboard**
'Fluting paper for corrugated paperboard' means paper, in rolls, containing not less than 65% of unbleached semi-chemical hardwood pulp (pulp obtained from wood by light chemical treatment followed by mechanical treatment) calculated on total fibre content and having a CMT (Concora Medium Test) crush resistance exceeding 20 kp.
- ex 48.01 E **Sulphite paper for wrapping purposes**
'Sulphite paper for wrapping purposes' means machine-glazed paper, containing more than 40% of chemical bisulphite wood pulp, calculated on total fibre content, having an ash content of not more than 8% and having a Mullen burst ratio of not less than 15.
- ex 73.15 B
ex 73.18 C **Alloy steel, stainless or heat-resisting**
'Alloy steel, stainless or heat-resisting' means alloy steel, containing, by weight 12% or more of chromium, with or without other alloy elements, and less than 1% of carbon.
- ex 73.15 B **High-speed alloy steel**
'High-speed alloy steel' means alloy steel containing, with or without other alloy elements, at least two of the following three elements: tungsten (wolfram), molybdenum and vanadium with a total content, by weight, of not less than 7% of these elements taken together, and containing more than 0.6%, by weight, of carbon.

COUNCIL REGULATION (EEC) No 93/76

of 20 January 1976

establishing Community supervision for imports of certain products originating in Switzerland (1976)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement between the European Economic Community and the Swiss Confederation ⁽¹⁾ was signed on 22 July 1972;

Whereas Articles 1 and 2 of Protocol 1 annexed to this Agreement make provision for a specific timetable for the progressive abolition of customs duties in respect of the products to which the Agreement applies; whereas under Article 3 of that Protocol the imports of these products are limited to annual indicative ceilings above which the customs duties applicable to third countries may be re-introduced; whereas, however, under Article 3 (b) the Community has to suspend the application of certain ceilings; whereas in the light of the current situation of the trade in these products and its likely development in 1976, it does not seem desirable to establish indicative ceilings for this year;

Whereas the trend of imports should be followed for certain products for which, under Article 3 of Protocol 1, the Community has suspended the application of ceilings; whereas it is therefore

desirable that imports of such products should be subject to supervision,

HAS ADOPTED THIS REGULATION:

Article 1

From 1 January until 31 December 1976, imports of products originating in Switzerland and indicated in the Annex to this Regulation shall be subject to Community supervision.

Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; to this end, only products submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement shall be taken into consideration.

Article 2

For the implementation of this Regulation the Commission shall take all necessary measures in close cooperation with the Member States.

Article 3

This Regulation shall enter into force on 1 January 1976.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 January 1976.

For the Council

The President

COUNCIL

DECISION

OF THE REPRESENTATIVES OF THE GOVERNMENTS OF THE MEMBER
STATES OF THE EUROPEAN COAL AND STEEL COMMUNITY, MEETING
WITHIN THE COUNCIL

of 20 January 1976

establishing supervision for imports of certain products originating in Austria (1976)

(76/74/ECSC)

THE REPRESENTATIVES OF THE GOVERNMENTS
OF THE MEMBER STATES OF THE EUROPEAN
COAL AND STEEL COMMUNITY, MEETING WITHIN
THE COUNCIL,

In agreement with the Commission,

HAVE DECIDED AS FOLLOWS:

Article 1

1. Imports of certain products originating in Austria and indicated in Articles 1 and 2 of Protocol 1 to the Agreement between the Member States of the European Coal and Steel Community and the European Coal and Steel Community, of the one part, and the Republic of Austria, of the other part, shall be subject to annual indicative ceilings and to Community supervision from 1 January to 31 December 1976.

The description of the products referred to in the preceding subparagraph, their tariff headings and statistic numbers and the levels of the indicative ceilings are given in Council Regulation (EEC) No 87/76 of 20 January 1976 establishing indicative

ceilings and Community supervision for imports of certain products originating in Austria ⁽¹⁾.

2. Amounts shall be set off against the indicative ceilings as and when products are submitted to the customs authorities under cover of a declaration that they have been made available for consumption and are accompanied by a movement certificate conforming to the rules contained in the Agreement referred to in paragraph 1.

Goods shall be set off against the indicative ceiling only if the movement certificate has been submitted before the date on which customs duties are reimposed.

The reaching of a ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraph.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules; such information shall be supplied under the conditions laid down in paragraph 4.

⁽¹⁾ See page 1 of this Official Journal.

3. As soon as the ceilings have been reached, the Member States may, at the request of one of them or of the Commission, reimpose, until the end of the calendar year, each in respect of its own territory, the customs duties applicable to third countries, adjusted, where appropriate, by the percentages laid down in Article 2 (e) of Protocol 1 to the Agreement referred to in paragraph 1.

4. Member States shall forward to the Commission not later than the 15th day of each month statements of the amounts set off during the preceding month. They shall, if the Commission so requests, make up such statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 2

1. Imports of products originating in Austria which are mentioned in Articles 1 and 2 of Protocol 1 to the Agreement and indicated in Annex II to Regulation (EEC) No 87/76, shall be subject to Community supervision.

2. Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; only products submitted to the customs authorities under cover of a declaration that they are to be made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement shall be taken into consideration for this purpose.

Article 3

For the implementation of this Decision the Member States shall take all necessary measures in close cooperation with the Commission.

Article 4

The Member States shall take all measures required to implement this Decision.

Done at Brussels, 20 January 1976.
