## COUNCIL REGULATION (EEC) No 832/76

of 6 April 1976

amending Regulations No 359/67/EEC, (EEC) No 950/68, (EEC) No 3330/74, (EEC) No 2727/75 and (EEC) No 2744/75 on the tariff nomenclature of certain cereal, rice, beef and veal and sugar products

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals <sup>(1)</sup>, as amended by Regulation (EEC) No 3058/75 <sup>(2)</sup>, and in particular Article 14 (3) thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament <sup>(3)</sup>,

Whereas the tariff headings for certain cereal, beef and veal and sugar products may for simplification be regrouped both for trade and competent authorities without economic difficulties; whereas Council Regulation No 359/67/EEC of 25 July 1967 on the

common organization of the market in rice <sup>(4)</sup>, as last amended by Regulation (EEC) No 668/75 <sup>(5)</sup>, Council Regulation (EEC) No 950/68 of 28 June 1968 on the Common Customs Tariff <sup>(6)</sup>, as last amended by Regulation (EEC) No 3366/75 <sup>(7)</sup>, Council Regulation (EEC) No 3330/74 of 19 December 1974 on the common organization of the market in sugar <sup>(8)</sup>, as last amended by Regulation (EEC) No 3058/75, Council Regulation (EEC) No 2727/75, and Council Regulation (EEC) No 2744/75 of 29 October 1975 on the import and export system for products processed from cereals and from rice <sup>(9)</sup>, should be amended or adapted,

HAS ADOPTED THIS REGULATION:

*Article 1*

In Annex A to Regulation (EEC) No 2727/75 the entries under heading Nos 11.01 and 11.02 shall be replaced by the following:

<sup>(1)</sup> OJ No L 281, 1. 11. 1975, p. 1.

<sup>(2)</sup> OJ No L 306, 26. 11. 1975, p. 3.

<sup>(3)</sup> OJ No C 53, 8. 3. 1976, p. 43.

<sup>(4)</sup> OJ No 174, 31. 7. 1967, p. 1.

<sup>(5)</sup> OJ No L 72, 20. 3. 1975, p. 18.

<sup>(6)</sup> OJ No L 172, 22. 7. 1968, p. 1.

<sup>(7)</sup> OJ No L 333, 30. 12. 1975, p. 13.

<sup>(8)</sup> OJ No L 359, 31. 12. 1974, p. 1.

<sup>(9)</sup> OJ No L 281, 1. 11. 1975, p. 65.

*Article 2*

Regulation (EEC) No 2744/75 shall be amended as follows:

1. In Article 9 (1) '11.01 C to L' shall be replaced by '11.01 C to G'.
2. Annex I shall be replaced by Annex I to this Regulation.

*Article 3*

In Article 1 (1) (c) of Regulation No 359/67/EEC, '11.02 E II e) 1' shall be replaced by '11.02 E II d) 1'.

*Article 4*

Regulation (EEC) No 3330/74 shall be amended as follows:

1. In Article 43 '17.01 B I and 17.01 B II' shall be replaced by '17.01'.
2. In Article 46 (2) (a) '17.01 B II b)' shall be replaced by '17.01 B II'.

*Article 5*

Regulation (EEC) No 950/68 shall be amended as follows:

1. The last line of note 2 (A) of Chapter 11 shall be replaced by the following:

— in the Danish version:

'Kim af korn, hele, valset, i flager eller formalet, hører altid under pos. 11.02';

— in the German version:

'Jedoch gehören Getreidekeime, ganz, gequetscht, als Flocken oder gemahlen, zu Tarif-nr. 11.02';

— in the French version:

'Toutefois, les germes de céréales, entiers, aplatis, en flocons ou moulus, relèvent en tout cas du n° 11.02';

— in the Italian version:

'I germi di cereali, interi, schiacciati, in fiocchi o macinati sono comunque da classificate nella voce n. 11.02';

— in the Dutch version:

‘Graankiemen, ook indien geplet, in vlokken of gemalen, vallen in elk geval onder post 11.02’.

2. The entries under heading Nos 01.02 11.01, 11.02, 11.06, 11.09, 17.01 and 23.02 shall be replaced by those set out in Annex II to this Regulation.

*Article 6*

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 July 1976.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Luxembourg, 6 April 1976.

*For the Council*

*The President*

J. HAMILIUS

(a) Entry under this subheading is subject to conditions to be determined by the competent authorities.

(b) This rate is reduced to 4 % in respect of calves of a weight of less than 80 kg, intended for fattening, subject to certain conditions prescribed by Article 11 (as amended) of Council Regulation (EEC) No 805/68 of 27 June 1968.

(c) The levy shall be established in accordance with the provisions set out in Protocol 1 appended to the trade agreement between the EEC and the Socialist Federal Republic of Yugoslavia.

(d) This rate is reduced to 8 % in respect of young male animals of a weight of not less than 220 kg but not more than 300 kg, intended for fattening, subject to certain conditions prescribed by Article 11 (as amended) of Council Regulation (EEC) No 805/68 of 27 June 1968.

(e) A rate of 6 % is applicable within the limits of an annual tariff quota, to be granted by the competent authorities of the European Communities, of 20 000 heifers and cows (other than for slaughter) of the following mountain breeds: grey, brown, yellow, spotted Simmental and Pinzgau. Qualification for quota is subject to conditions to be determined by the competent authorities of the Member States of destination.

(f) A rate of 4 % is applicable within the limits of an annual tariff quota, to be granted by the competent authorities of the European Communities, of 5 000 bulls, cows and heifers (other than for slaughter) of the following breeds: spotted Simmental, Schwyz and Fribourg. To qualify for the quota, animals of the breeds specified must be covered by the following documents:

— bulls: pedigree certificate;

— cows and heifers: pedigree certificate or herd book entry certificate attesting to the purity of the breed.

(g) The autonomous duty for flour of meslin (mixed wheat and rye) is 13 %.

(\*) In certain conditions, a levy is applicable in addition to the customs duty.

## COUNCIL REGULATION (EEC) No 833/76

of 6 April 1976

fixing certain prices and other amounts applicable in agriculture for the 1976/77 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables<sup>(1)</sup>, as last amended by Regulation (EEC) No 795/76<sup>(2)</sup>, and in particular Article 16 (1) thereof,

Having regard to Council Regulation (EEC) No 2511/69 of 9 December 1969 laying down special measures for improving the production and marketing of Community citrus fruit<sup>(3)</sup>, as last amended by Regulation (EEC) No 793/76<sup>(4)</sup>, and in particular Article 7 (2) thereof,

Having regard to Council Regulation (EEC) No 816/70 of 28 April 1970 laying down additional provisions for the common organization of the market in wine<sup>(5)</sup>, as last amended by Regulation (EEC) No 1932/75<sup>(6)</sup>, and in particular Article 2 thereof,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats<sup>(7)</sup>, as last amended by Regulation (EEC) No 1707/73<sup>(8)</sup>, and in particular the first subparagraph of Article 4 thereof,

Having regard to Council Regulation (EEC) No 1516/71 of 12 July 1971 introducing a system of subsidies for cotton seeds<sup>(9)</sup>, and in particular Article 1 (3) thereof,

Having regard to Council Regulation (EEC) No 1900/74 of 15 July 1974 laying down special measures for soya beans<sup>(10)</sup>, and in particular Article 1 (1) and (3) thereof,

Having regard to Council Regulation (EEC) No 569/76 of 15 March 1976 laying down special measures for linseed<sup>(11)</sup>, and in particular Article 1 (1) and (3) thereof,

Having regard to Council Regulation (EEC) No 3330/74 of 19 December 1974 on the common organization of the market in sugar<sup>(12)</sup>, as last amended by Regulation (EEC) No 832/76<sup>(13)</sup>, and in particular Articles 2 (2), 3 (5), 4 (3) and the second subparagraph of Article 25 (2) thereof,

Having regard to Council Regulation (EEC) No 845/72 of 24 April 1972 laying down special measures to encourage silkworm rearing<sup>(14)</sup>, and in particular Article 2 (3) thereof,

Having regard to Council Regulation (EEC) No 727/70 of 21 April 1970 on the common organization of the market in raw tobacco<sup>(15)</sup>, as last amended by the Act of Accession<sup>(16)</sup>, and in particular Articles 2 (5), 4 (4) and 6 (8) thereof,

Having regard to Council Regulation (EEC) No 1308/70 of 29 June 1970 on the common organization of the market in flax and hemp<sup>(17)</sup>, as last amended by Regulation (EEC) No 814/76<sup>(18)</sup>, and in particular Article 4 (3) thereof,

Having regard to Council Regulation (EEC) No 2358/71 of 26 October 1971 on the common organization

<sup>(14)</sup> OJ No L 100, 27. 4. 1972, p. 1.

<sup>(15)</sup> OJ No L 94, 28. 4. 1970, p. 1.

<sup>(16)</sup> OJ No L 73, 27. 3. 1972, p. 14.

<sup>(17)</sup> OJ No L 146, 4. 7. 1970, p. 1.

<sup>(18)</sup> OJ No L 94, 9. 4. 1976, p. 4.

of the market in seeds <sup>(1)</sup>, as last amended by Regulation (EEC) No 671/75 <sup>(2)</sup>, and in particular Article 3 (3) thereof,

Having regard to Council Regulation (EEC) No 1067/74 of 30 April 1974 on the common organization of the market in dehydrated fodder <sup>(3)</sup>, as amended by Regulation (EEC) No 1420/75 <sup>(4)</sup>, and in particular Article 4 (3) thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament <sup>(5)</sup>,

Having regard to the opinion of the Economic and Social Committee <sup>(6)</sup>,

Whereas the markets and prices policy, based on modernized farms, is the main instrument of the incomes policy in agriculture; whereas full advantage cannot be drawn from such a policy unless it is integrated into the common agricultural policy as a whole, including a dynamic social and structural policy and the application of the rules on competition contained in the Treaty;

Whereas the common agricultural prices must be fixed by a method which takes account of objective criteria; whereas, when those prices are fixed, account should also be taken of the objectives of the common agricultural policy and of the contribution which the Community desires to make to the harmonious development of world trade; whereas the objectives of the common agricultural policy are in particular to ensure a fair standard of living for the agricultural community, to ensure that supplies are available and that they reach consumers at reasonable prices;

#### Fruit and vegetables

Whereas it is laid down in Article 16 (1) of Regulation (EEC) No 1035/72 that, for each marketing year, a basic price and a buying-in price are to be fixed for each of the products listed in Annex II thereto; whereas the products in question, harvested during a specific production year, are marketed:

- as regards cauliflowers, from May to April of the following year,
- as regards tomatoes, from January to December,
- as regards peaches, from May to October,
- as regards lemons, from June to May of the following year,
- as regards pears, from June to May of the following year,
- as regards table grapes, from May to April of the following year,
- as regards apples, from July to June of the following year,
- as regards mandarins, from November to March of the following year,
- as regards sweet oranges, from October to June of the following year;

Whereas, however, pursuant to the third subparagraph of Article 16 (1) of Regulation (EEC) No 1035/72, no basic price or buying-in price must be fixed for the slack marketing periods at the beginning and at the end of the marketing year; whereas the basic prices must be fixed in accordance with the criteria laid down in Article 16 (2) of that Regulation; whereas the buying-in prices must be fixed in relation to the basic price, in accordance with paragraph 3 of that Article;

Whereas the amount of the financial compensation for oranges, mandarins, clementines and lemons must be fixed in accordance with the criteria laid down in Article 7 (2) of Regulation (EEC) No 2511/69;

#### Wine

Whereas, in order to attain the objectives of the common agricultural policy, guide prices for the various types of table wine should be fixed for the period from 16 December 1976 to 15 December 1977 at higher levels than those fixed for the preceding period, particularly in view of recent price trends;

Whereas the guide prices must be fixed for each type of table wine representative of Community production, as defined in Council Regulation (EEC) No 945/70 of 26 May 1970 determining the types of table wines <sup>(7)</sup>;

<sup>(1)</sup> OJ No L 246, 5. 11. 1971, p. 1.

<sup>(2)</sup> OJ No L 72, 20. 3. 1975, p. 21.

<sup>(3)</sup> OJ No L 120, 1. 5. 1974, p. 2.

<sup>(4)</sup> OJ No L 141, 3. 6. 1975, p. 1.

<sup>(5)</sup> OJ No C 53, 8. 3. 1976, p. 24.

<sup>(6)</sup> OJ No C 50, 4. 3. 1976, p. 19.

<sup>(7)</sup> OJ No L 114, 27. 5. 1970, p. 1.

### Oils and fats

Whereas the production target price, the market target price and the intervention price for olive oil must be fixed in accordance with the criteria laid down in Articles 4 and 5 of Regulation No 136/66/EEC for a determined standard quality;

Whereas the reasons which led to the determination of the standard quality for the preceding marketing year are still valid; whereas that standard quality should therefore remain unchanged;

Whereas the target price and the basic intervention price for colza, rape and sunflower seeds are fixed annually, in accordance with the criteria laid down in Articles 23 and 24 of Regulation No 136/66/EEC; whereas the guide price for soya beans must be fixed in accordance with the criteria of the second subparagraph of Article 1 (1) of Regulation (EEC) No 1900/74;

Whereas the second subparagraph of Article 1 (1) of Regulation (EEC) No 569/76 lays down that the guide price for linseed should be fixed at a fair level for producers in the light of the supply requirements of the Community; whereas, in that respect, a balanced relationship should be maintained between that price and the price for other agricultural products;

Whereas the prices for oil seeds must be fixed for specific standard qualities; whereas the latter should be laid down in relation to the average qualities of the seeds harvested in the Community; whereas, for colza, rape seed, sunflower seed and soya beans, the quality laid down for the 1975/76 marketing year meets these requirements and can accordingly be used for the following marketing year;

Whereas the annual fixing of the amount of aid for cotton seeds produced in the Community must be effected in accordance with the criteria laid down in Article 1 (2) of Regulation (EEC) No 1516/71;

### Sugar

Whereas, in order to attain the objectives of the common agricultural policy, the target price for sugar must be fixed at a level which, taking into account in particular the resultant level of the intervention price, ensures a fair remuneration for beet and sugar cane producers while at the same time respecting consumers' interests;

Whereas, as a result of the characteristics of the sugar market, the risks involved in this trade are relatively slight; whereas, consequently, when the intervention price for sugar is being fixed, the difference between the target price and the intervention price may be fixed at a relatively low level;

Whereas the minimum price for beet must take account of the intervention price and of the costs of processing and delivering the beet to factories and be based on an estimated Community yield of 130 kg of white sugar per metric ton of beet with a 16% sugar content; whereas it is laid down in Article 18 (2) of Regulation (EEC) No 3330/74 that the costs relating to the minimum stock shall be taken into account when the prices are fixed;

Whereas the abovementioned standard costs may be estimated at 14.24 units of account per 100 kg of white sugar; whereas that standard amount is made up of the sum of the processing margin, estimated at 12.58 units of account, the costs of delivering the beet to factories, estimated at 2.24 units of account, the costs relating to the minimum stock, estimated at 0.25 unit of account, less a standard amount of 0.83 unit of account representing factories' receipts from the sale of molasses calculated on the basis of a yield of 38.5 kg per metric ton of processed beet and an ex-factory price of 2.80 units of account per 100 kg of molasses;

Whereas the standard quality chosen for beet should be a quality which takes account of production characteristics in the main beet-producing areas of the Community;

Whereas, in the light of the production trends, resulting from specialization, on the one hand and of the Community's sugar requirements and possible outlets on the other, the maximum quota for each undertaking laid down in Article 25 of Regulation (EEC) No 3330/74 should be fixed at 135% of its basic quota;

### Silkworms

Whereas the amount of the aid for silkworms reared within the Community must be fixed annually, in accordance with the criteria laid down in Article 2 (2) of Regulation (EEC) No 845/72;

### Tobacco

Whereas the norm and intervention prices for leaf tobacco must be fixed in accordance with the criteria laid down in Article 2 (2) of Regulation (EEC) No 727/70 in order to constitute an incentive particularly for conversion to the cultivation of those varieties which are most competitive and most in demand;

Whereas it is desirable to fix, in respect of the 1976 harvest, derived intervention prices both for the varieties which before the common organization of the market came into force were subject to a price guarantee at the baled tobacco stage, and for the varieties which are principally grown in Germany, in order to take account of marketing practices in that country; whereas, to this end, both increased costs and increased productivity should be taken into consideration;

Whereas the premium granted to purchasers of Community tobacco is intended to enable them to pay producers of leaf tobacco a price which is at the level of the norm price; whereas the amount of the premium should reflect the alterations to the norm price and the costs of first processing adopted for the 1976 harvest, account being taken of the trend in world market prices and the level of prices established by supply and demand on the Community market;

Whereas the abovementioned prices and the amount of the premium must be fixed in relation to a reference quality defined in such a way that as objective as possible an assessment can be made of the quality of the tobacco; whereas it is possible to adopt, for the 1976 harvest, the reference qualities defined by Council Regulation (EEC) No 673/75 of 4 March 1975 fixing, for the 1975 harvest, the norm prices, the intervention prices and the reference qualities for leaf tobacco <sup>(1)</sup>, and by Council Regulation (EEC) No 674/75 of 4 March 1975 fixing the derived intervention prices and the reference qualities for baled tobacco from the 1975 harvest <sup>(2)</sup>;

### Flax and hemp

Whereas Article 4 of Regulation (EEC) No 1308/70 provides that aid is to be fixed annually for flax and hemp produced within the Community, and paragraph 2 of that Article lays down the criteria for the fixing of the amount of such aid;

<sup>(1)</sup> OJ No L 72, 20. 3. 1975, p. 25.

<sup>(2)</sup> OJ No L 72, 20. 3. 1975, p. 32.

Whereas, for the 1975/76 marketing year, the amount of the aid for flax was fixed at a lower level for the United Kingdom than for the other Member States; whereas, for the 1976/77 marketing year, pursuant to Article 95 of the Act of Accession, the amount of aid applicable in the United Kingdom should be brought closer to the common level;

### Seeds

Whereas, the market situation within the Community and the foreseeable market trends with regard to certain seeds which are listed in the Annex to Regulation (EEC) No 2358/71 and which will be marketed during the 1976/77 marketing year, do not ensure fair returns for the producer; whereas part of the production costs should be offset by aid; whereas that aid must be fixed in accordance with the criteria laid down in Article 3 (2) of the abovementioned Regulation;

Whereas the classification of the various varieties of *Lolium perenne*, hitherto effected on the basis of maturity, should be corrected and a qualitative criterion of persistence, that is to say of longevity of the various varieties, should be used;

### Dehydrated fodder

Whereas Article 4 of Regulation (EEC) No 1067/74 provides that the amount of the aid for dehydrated fodder must be fixed in the light of the need to improve Community supplies of those products;

Whereas, in respect of all the products referred to in this Regulation, the application of the criteria for the fixing of the different prices and other amounts, and the application of the measures provided for in respect of the exchange rates to be applied in agriculture, entail the fixing of those prices and amounts at the levels shown in the Annexes to this Regulation,

HAS ADOPTED THIS REGULATION:

### Article 1

In the agricultural sector, for the 1976/77 marketing year, certain prices and other amounts, together with certain of the conditions for the application thereof, where appropriate the period during which certain of the prices and amounts shall apply and, where appropriate, the standard qualities to which they

relate, are fixed in the Annexes to this Regulation in the following order:

Annex I: Fruit and vegetables,

Annex II: Wine,

Annex III: Oils and fats,

Annex IV: Sugar,

Annex V: Silkworms,

Annex VI: Tobacco,

Annex VII: Flax and hemp,

Annex VIII: Seeds,

Annex IX: Dehydrated fodder.

*Article 2*

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

However, the amounts set out in Annexes V and VII shall be applicable from 1 April 1976.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Luxembourg, 6 April 1976.

*For the Council*

*The President*

J. HAMILIUS

---

## ANNEX I

## FRUIT AND VEGETABLES

## A. Basic price and buying-in price

## CAULIFLOWERS

For the period 1 May 1976 to 30 April 1977:

|           | <i>Basic price<br/>u.a./100 kg net</i> | <i>Buying-in price<br/>u.a./100 kg net</i> |
|-----------|----------------------------------------|--------------------------------------------|
| May       | 11.25                                  | 4.92                                       |
| June      | 13.98                                  | 6.07                                       |
| July      | 11.67                                  | 5.02                                       |
| August    | 11.67                                  | 5.02                                       |
| September | 13.14                                  | 5.55                                       |
| October   | 13.87                                  | 5.86                                       |
| November  | 10.62                                  | 4.60                                       |
| December  | 10.62                                  | 4.60                                       |
| January   | 10.62                                  | 4.60                                       |
| February  | 9.46                                   | 4.08                                       |
| March     | 10.30                                  | 4.39                                       |
| April     | 10.51                                  | 4.60                                       |

These prices relate to the following packed products:

- Cauliflowers 'with leaves' of Quality Class I for the months of May, November, December, January, February, March and April;
- 'Trimmed' cauliflowers of Quality Class I, for the months of June, July, August, September and October.

## TOMATOES

For the period 1 June to 30 November 1976:

|                     | <i>Basic price<br/>u.a./100 kg net</i> | <i>Buying-in price<br/>u.a./100 kg net</i> |
|---------------------|----------------------------------------|--------------------------------------------|
| June: first 10 days | —                                      | —                                          |
| second 10 days      | 18.22                                  | 7.58                                       |
| third 10 days       | 16.12                                  | 6.95                                       |
| July                | 14.02                                  | 5.80                                       |
| August              | 12.02                                  | 5.06                                       |
| September           | 13.07                                  | 5.48                                       |
| October             | 16.64                                  | 6.85                                       |
| November            | 18.11                                  | 8.00                                       |

These prices relate to packed 'round' and 'ribbed' tomatoes of Quality Class I, size 57/67 mm and packed 'plum' tomatoes of Quality Class I, size 40/47 mm.

## PEACHES

(excluding nectarines)

For the period 1 June to 30 September 1976:

|                   | <i>Basic price<br/>u.a./100 kg net</i> | <i>Buying-in price<br/>u.a./100 kg net</i> |
|-------------------|----------------------------------------|--------------------------------------------|
| June              | 26.66                                  | 16.22                                      |
| July to September | 24.77                                  | 15.28                                      |

These prices relate to the following packed products:

- Peaches of the Fior di Maggio (May Flower) variety, Quality Class I, size 51/61 mm, for the month of June;
- Peaches of the Amsden, Charles Ingouf, and Sant' Anna varieties, Quality Class I, size 61/67 mm, for the month of July;
- Peaches of the Red Haven and Fair Haven varieties, Quality Class I, size 61/67 mm, for the month of August;
- Peaches of the J. H. Hale variety, Quality Class I, size 61/67 mm, for the month of September.

## LEMONS

For the period 1 June 1976 to 31 May 1977:

|           | <i>Basic price<br/>u.a./100 kg net</i> | <i>Buying-in price<br/>u.a./100 kg net</i> |
|-----------|----------------------------------------|--------------------------------------------|
| June      | 26.14                                  | 15.73                                      |
| July      | 26.98                                  | 16.25                                      |
| August    | 26.87                                  | 16.15                                      |
| September | 22.99                                  | 14.99                                      |
| October   | 21.20                                  | 14.78                                      |
| November  | 20.36                                  | 12.26                                      |
| December  | 19.84                                  | 12.05                                      |
| January   | 20.68                                  | 12.47                                      |
| February  | 19.63                                  | 11.95                                      |
| March     | 20.78                                  | 12.47                                      |
| April     | 22.15                                  | 13.31                                      |
| May       | 22.88                                  | 13.73                                      |

These prices relate to packed lemons of Quality Class I, size 53/62 mm.

## PEARS

(other than perry pears)

For the period 1 July 1976 to 30 April 1977:

|                            | <i>Basic price<br/>u.a./100 kg net</i> | <i>Buying-in price<br/>u.a./100 kg net</i> |
|----------------------------|----------------------------------------|--------------------------------------------|
| July                       | 16.51                                  | 8.41                                       |
| August                     | 14.94                                  | 8.09                                       |
| September                  | 13.99                                  | 7.57                                       |
| October                    | 14.83                                  | 7.57                                       |
| November                   | 15.15                                  | 7.78                                       |
| December                   | 15.46                                  | 8.09                                       |
| January to April inclusive | 15.67                                  | 8.30                                       |

These prices relate to the following packed products:

## COUNCIL REGULATION (EEC) No 834/76

of 6 April 1976

fixing for the 1976/77 sugar year the derived intervention prices, the intervention prices for raw beet sugar, the minimum prices for beet, the threshold prices and the maximum amount of the production levy and fixing the coefficient for calculating the special maximum quota

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3330/74 of 19 December 1974 on the common organization of the market in sugar <sup>(1)</sup>, as last amended by Regulation (EEC) No 832/76 <sup>(2)</sup>, and in particular Articles 3 (6), 4 (4), 9 (5), 13 (5), 28 and 32 (4) thereof,

Having regard to the proposal from the Commission,

Whereas Council Regulation (EEC) No 833/76 of 6 April 1976 fixing certain prices and other amounts applicable in agriculture for the 1976/77 marketing year <sup>(3)</sup>, fixed the intervention price for white sugar at 33.14 units of account per 100 kilogrammes for the Community area having the largest surplus;

Whereas Article 3 (2) of Regulation (EEC) No 3330/74 provides that derived intervention prices shall be fixed for other areas, account being taken of the regional variations which, given a normal harvest and free movement of sugar, might be expected to occur in the price of sugar under natural conditions of price formation;

Whereas in view of the quotas fixed in the production areas of Belgium, Denmark, Germany, France and the Netherlands, a balance or surplus situation can be anticipated; whereas, with the exception of the French overseas departments, the ex-factory prices in the areas mentioned will, to a large extent, be equal to the prices in the Community area having the largest surplus;

Whereas sugar production in Italy, with relatively high production costs, will probably not appreciably exceed the basic quantity fixed; whereas a deficit of about 500 000 metric tons will therefore have to be covered by production from Community surplus areas;

Whereas, in these circumstances, the level of market prices in Italy will be determined by the offer prices of sugar from Community surplus areas; whereas the derived intervention price for Italy may be fixed at 35.70 units of account per 100 kilogrammes, account being taken, on the one hand, of the intervention price applicable in the north of France, plus the marketing costs for deliveries to Italy and, on the other, of the disposal costs of the Italian sugar industry;

Whereas, given a normal harvest, the sugar production in Ireland and the United Kingdom covers roughly 90% and 40% respectively of the needs of their respective home markets; whereas these needs must in part be met by sugar available in Community surplus areas;

Whereas, in these circumstances, the level of market prices in both Ireland and the United Kingdom will be determined largely by the offer prices of sugar from these areas; whereas a single derived intervention price for white sugar which may be fixed at 34.14 units of account per 100 kilogrammes should therefore be adopted for all regions of Ireland and the United Kingdom, account being taken on the one hand of the intervention price applicable in the Community area having the largest surplus plus the commercial costs of delivery to Ireland and the United Kingdom and, on the other, of the marketing costs of the sugar industry of these Member States;

Whereas there is a considerable surplus production of raw sugar in the French overseas departments; whereas the most favourable potential outlets for this sugar within the Community are in the south of France and in Italy, where the sugar, after being refined, may be sold directly; whereas, on the basis

<sup>(1)</sup> OJ No L 359, 31. 12. 1974, p. 1.

<sup>(2)</sup> See page 1 of this Official Journal.

<sup>(3)</sup> See page 12 of this Official Journal.

of the foreseeable market prices in the deficit areas of Italy, which will probably be 0.57 unit of account per 100 kilogrammes above the derived intervention price in Italy, and taking account of transport costs between the overseas departments and these areas, the derived intervention prices for those departments should be fixed at 32.94 units of account per 100 kilogrammes of white sugar;

Whereas Article 3 (4) of Regulation (EEC) No 3330/74 provides that an intervention price for raw sugar shall be fixed for those departments, such price to be derived from the intervention price for white sugar fixed for those departments account being taken, on the one hand, of a quality surcharge of 0.60 unit of account and, on the other hand, a uniform processing margin and a standard yield; whereas, on the basis of available information, the refining costs may be estimated at 2.64 units of account per 100 kilogrammes of refined sugar; whereas, moreover, in accordance with the definition of the standard quality for raw sugar laid down by Regulation (EEC) No 431/68 <sup>(1)</sup>, a yield of 92% should be taken into account;

Whereas Article 9 (5) of Regulation (EEC) No 3330/74 provides for the fixing of intervention prices for raw beet sugar; whereas these prices should be derived from the intervention price for white sugar, account being taken of the factors already mentioned for fixing the intervention price for raw sugar in the French overseas departments and of the forwarding costs for supplying raw sugar, these being estimated at a standard rate of 0.50 unit of account per 100 kilogrammes;

Whereas the minimum prices for sugar beet, as referred to in the first indent of Article 4 (1) of Regulation (EEC) No 3330/74, must be determined for the areas other than that having the largest surplus on the basis of the intervention prices for white sugar applicable in those areas, account being taken in particular of the amounts used when fixing the minimum price for beet for the area having the largest surplus, the processing margin, the yield, the receipts from molasses and the delivery costs of the beet;

Whereas Article 13 (2) of Regulation (EEC) No 3330/74 provides that the threshold price for white sugar should be the same as the target price for the Com-

munity area having the largest surplus plus transport charges, calculated at a flat rate, from that area to the most distant deficit area in the Community; whereas, given the state of supplies within the Community, account should be taken of transport charges between the departments of northern France and Palermo, the main port of importation in Sicily;

Whereas the threshold price for raw sugar is to be derived from the threshold price for white sugar by reference to a standard processing margin and a standard yield; whereas the same criteria as are used in the derivation of the intervention price for raw sugar should therefore be applied;

Whereas the threshold price for molasses should be fixed in such a way that the receipts from sales of molasses may reach the level of receipts of undertakings taken into account in the fixing of minimum prices for beet;

Whereas Article 28 of Regulation (EEC) No 3330/74 provides for the fixing of the maximum amount of the production levy, for the fixing of the minimum prices for beet outside the basic quota for the sugar-beet producing areas for which an intervention price is fixed and for fixing the percentage determining the amount of the supplementary payment which manufacturers must, where appropriate, make to beet sellers; whereas, by Article 27 (3) of Regulation (EEC) No 3330/74, the production levy may not exceed 30% of the intervention price; whereas for the area with the largest surplus the minimum price for beet outside the basic quota should be fixed at 70% of the minimum price for beet; whereas the percentage taken for determining the abovementioned supplementary payment may be fixed at 60%, account being taken of the value of beet in relation to the intervention price for sugar; whereas the same percentage should be taken to determine the payment which sugar manufacturers may require of cane sellers;

Whereas, under Article 32 (4) of Regulation (EEC) No 3330/74, it is necessary, for the period or periods subsequent to 30 June 1976, to determine the length of each period for which a decision not to apply Article 30 of that Regulation may be taken, to fix the coefficient for calculating the special maximum quota and to specify the basic quota to which the said coefficient applies,

<sup>(1)</sup> OJ No L 89, 10. 4. 1968, p. 3.

HAS ADOPTED THIS REGULATION:

#### *Article 1*

Without prejudice to Article 7, this Regulation shall apply for the 1976/77 sugar year.

#### *Article 2*

For the regions other than the Community area having the largest surplus the derived intervention price for 100 kilogrammes of white sugar shall be:

- (a) 35.70 units of account for all regions of Italy;
- (b) 32.94 units of account for the French overseas departments;
- (c) 34.14 units of account for all regions of Ireland and of the United Kingdom;
- (d) 33.14 units of account for the other regions of the Community.

#### *Article 3*

1. The intervention price for 100 kilogrammes of raw beet sugar shall be:

- (a) 28.15 units of account for the Community area having the largest surplus and the regions referred to in Article 2 (d);
- (b) 30.51 units of account for the regions referred to in Article 2 (a);
- (c) 29.07 units of account for the regions referred to in Article 2 (c).

This intervention price shall be valid for raw sugar of standard quality, unpacked, ex-factory, loaded onto the means of transport chosen by the buyer.

2. The derived intervention price for the French overseas departments for raw sugar referred to in Article 3 (4) of Regulation (EEC) No 3330/74 shall be 28.43 units of account per 100 kilogrammes, account being taken of the second subparagraph of Article 3 (6) of the said Regulation.

#### *Article 4*

1. The minimum price for beet shall be, per metric ton:

- (a) 27.90 units of account for the regions referred to in Article 2 (a);
- (b) 25.87 units of account for the regions referred to in Article 2 (c);
- (c) 24.57 units of account for the regions referred to in Article 2 (d).

2. The minimum price for beet outside the basic quotas shall be, per metric ton:

- (a) 17.20 units of account for the Community area having the largest surplus and for the regions referred to in Article 2 (d);
- (b) 20.53 units of account for the regions referred to in Article 2 (a);
- (c) 18.50 units of account for the regions referred to in Article 2 (c).

#### *Article 5*

The threshold price shall be:

- (a) 38.21 units of account per 100 kilogrammes of white sugar;
- (b) 33.28 units of account per 100 kilogrammes of raw sugar;
- (c) 3.20 units of account per 100 kilogrammes of molasses.

#### *Article 6*

1. The maximum amount of the production levy referred to in Article 28 of Regulation (EEC) No 3330/74 shall be 9.94 units of account per 100 kilogrammes of white sugar.

2. The percentages referred to in Article 27 (4) and (5) of Regulation (EEC) No 3330/74 shall be 60.

#### *Article 7*

1. The length of the period referred to in the first indent of Article 32 (4) of Regulation (EEC) No 3330/74 shall run from 1 July 1976 to 30 June 1978. The Member State concerned must take the decision in respect of this period before 1 May 1976.

2. The coefficient referred to in the second indent of Article 32 (4) of Regulation (EEC) No 3330/74 shall be 2.35 for the period referred to in paragraph 1. The coefficient shall be applied to the basic quota for the 1976/77 sugar year.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Luxembourg, 6 April 1976.

*For the Council*

*The President*

J. HAMILIUS
