Whereas to enable the price system to operate normally, the world market price should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

COMMISSION REGULATION (EEC) No 1966/76

of 6 August 1976

amending Regulation (EEC) No 677/76 laying down detailed rules for the application of the system for compulsory purchase of skimmed-milk powder provided for in Regulation (EEC) No 563/76

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 563/76 of 15 March 1976 on the compulsory purchase of skimmed-milk powder held by intervention agencies for use in feedingstuffs⁽¹⁾, and in particular Article 9 (1) thereof,

Whereas Commission Regulation (EEC) No 677/76 of 26 March 1976 laying down detailed rules for the application of the system for compulsory purchase of skimmed-milk powder provided for in Regulation (EEC) No 563/76⁽²⁾, as last amended by Regulation (EEC) No 1925/76⁽³⁾, laid down the period of validity of the protein certificate and also the period for the production of the proof referred to in Article 10 permitting release of the security;

Whereas the reduction of these periods could facilitate the orderly achievement of the objectives of the system introduced by Regulation (EEC) No 563/76 without causing any practical difficulties;

Whereas the measures provided for in this Regulation are in accordance with the opinions of all the relevant management committees,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 677/76 is amended as shown in the following Articles.

Article 2

The following subparagraph is added to Article 1 (2):

'However, certificates issued pursuant to an application submitted after 8 August 1976 shall be valid for only one month from their date of issue.'

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 6 August 1976.

Article 3

Article 10 (4) is amended to read as follows:

'4. The security shall be forfeit where the party concerned:

- (a) has not renounced his right to put into free circulation, or
- (b) except in the case of *force majeure*, has not furnished proof of one of the matters referred to in paragraph 1 (b), (c), (f) and (g) by 1 March 1977, one of those referred to in paragraph (1) (d) and (e) by 30 April 1977.'

Article 4

Article 12 is amended to read as follows:

Article 12

Except in the case of *force majeure*, where the "protein certificate" is not submitted to the issuing agency by 1 March 1977, the quantities of products for which the certificate was issued shall be regarded as having been put into free circulation, except for any quantities in respect of which the holder of the certificate submits one or more extracts therefrom for which, or for part of which, no attribution has been made.'

COMMISSION REGULATION (EEC) No 1967/76

of 6 August 1976

amending Regulation (EEC) No 1493/71 on price increases and reductions applicable to intervention in cereals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1143/76⁽²⁾, and in particular Article 7 (5) thereof,

Whereas Article 3 (1) of Commission Regulation (EEC) No 1493/71 of 13 July 1971 on price increases and reductions applicable to intervention in cereals⁽³⁾, as last amended by Regulation (EEC) No 1833/76⁽⁴⁾, provides that price increases are to be applied where the moisture content of cereals offered for intervention is lower than that fixed for the standard quality; whereas the said price increases, calculated as a percentage of the intervention price, correspond to the increases in the dry-matter content of the cereals in relation to their total weight; whereas, however, the percentage price increases are not cumulative below a moisture content of 13.5 % in respect of common wheat and durum wheat and of 14 % in respect of rye, barley and maize;

Whereas, as a result of the exceptional drought in June and July, the moisture content of the cereals harvested in certain regions of the Community is very low; whereas, by the same token, those cereals are very dry and their quality is consequently higher than that of cereals harvested in normal climatic conditions; whereas provisions should therefore be adopted as regards price increases to enable account to be taken of this improvement in quality, which generally corresponds to a reduction of the yield per hectare;

Whereas Commission Regulation (EEC) No 1548/76 of 29 June 1976 amending Regulation (EEC) No 1493/71 on price increases and reduction applicable to intervention in cereals⁽⁵⁾ provides for a price reduction of 50 units of account per metric ton on the

taking into intervention of durum wheat of the 'Durtal' variety, whose technological qualities do not always meet the requirements of processing for human consumption; whereas, also on account of the drought, the difference in yield observed between the 'Durtal' variety and other varieties is smaller this year than at the time of the preceding harvest; whereas, as part of the drought measures, the price reduction calculated for the variety in question should be reduced by half;

Whereas the Management Committee for Cereals has not delivered an opinion within the time limit set by its Chairman,

HAS ADOPTED THIS REGULATION:

Article 1

The price increases set out in Table I of the Annex to Regulation (EEC) No 1493/71 are hereby replaced by those set out in the table annexed to this Regulation.

Article 2

Article 4 (6) of Regulation (EEC) No 1493/71 is amended to read as follows:

'6. For the varieties of durum wheat listed below the following reductions shall be applied:

- Grifoni: four units of account per metric ton,
- Marzuoli, Timili and Neri di Sicilia: 20 units of account per metric ton,
- Durtal: 25 units of account per metric ton.'

Article 3

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*. However, at the request of any party concerned, Article 2 shall apply with effect from 3 July 1976.

(1) OJ No L 281, 1. 11. 1975, p. 1.

(2) OJ No L 130, 19. 5. 1976, p. 1.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
