Brussels,

Your Excellency,

Under the transitional arrangements provided for in Protocol 1 to the Free Trade Agreement between the European Economic Community and the Republic of Austria signed on 22 July 1972, the United Kingdom is authorized to open each year zero-duty tariff quotas for the products listed in Annex A to Protocol 1. The quota for certain products of Chapter 49 of the Common Customs Tariff is expressed in pounds sterling because during the reference period 1968 to 1971 not all imports of these products were recorded in terms of weight. Meanwhile, inflation and exchange rate fluctuations have distorted this basis. For this reason, it has proved desirable that this quota be expressed in terms of weight. A comparison of the values and weights of UK imports during recent years has made it possible to convert the average imports of the period 1968 to 1971 into metric tons. This figure is 154·495 metric tons.

Accordingly the Community considers that, pursuant to Article 1 (4) of Protocol 1 to the aforementioned Agreement, the initial zero-duty quota which the United Kingdom was entitled to open in 1974 for certain products of Chapter 49 and which is stated in the United Kingdom column of Annex A to the said Protocol should read 187·790 metric tons and not 178 249 pounds sterling. Therefore, in accordance with Article 1 (4) of Protocol 1, the quota which the United Kingdom is entitled to open for 1976 is 207·039 metric tons.

I should be grateful if you would confirm the agreement of the Republic of Austria to the contents of this letter.

Please accept, Your Excellency, the assurance of my highest consideration.

Brussels,

Your Excellency,

Under the transitional arrangements provided for in Protocol 1 to the Free Trade Agreement between the European Economic Community and the Republic of Finland signed on 5 October 1973, the United Kingdom is authorized to open each year zero-duty tariff quotas for the products listed in Annex A to Protocol 1. The quota for certain products of Chapter 49 of the Common Customs Tariff is expressed in pounds sterling because during the reference period 1968 to 1971 not all imports of these products were recorded in terms of weight. Meanwhile, inflation and exchange rate fluctuations have distorted this basis. For this reason, it has proved desirable that this quota be expressed in terms of weight. A comparison of the values and weights of UK imports during recent years has made it possible to convert the average imports of the period 1968 to 1971 into metric tons. This figure is 631 metric tons.

Accordingly the Community considers that, pursuant to Article 1 (4) of Protocol 1 to the aforementioned Agreement, the initial zero-duty quota which the United Kingdom was entitled to open in 1974 for certain products of Chapter 49 and which is stated in the United Kingdom column of Annex A to the said Protocol should read 766 985 metric tons and not 192 477 pounds sterling. Therefore, in accordance with Article 1 (4) of Protocol 1, the quota which the United Kingdom is entitled to open for 1976 is 845 600 metric tons.

I should be grateful if you would confirm the agreement of your Government to the contents of this letter.

Accordingly the Community considers that, pursuant to Article 1 (4) of Protocol 1 to the aforementioned Agreement, the initial zero-duty quota which the United Kingdom was entitled to open in 1974 for certain products of Chapter 49 and which is stated in the United Kingdom column of Annex A to the said Protocol should read 918.989 metric tons and not 756.918 pounds sterling. Therefore, in accordance with Article 1 (4) of Protocol 1, the quota which the United Kingdom is entitled to open for 1976 is 1 013.186 metric tons.

I should be grateful if you would confirm the agreement of your Government to the contents of this letter.'

I have the honour to confirm the agreement of my Government to the contents of your letter.

Please accept, Sir, the assurance of my highest consideration.

COMMISSION DECISION No 2963/76/ECSC

of 1 December 1976

amending Decision 73/287/ECSC of 25 July 1973 concerning coking coals and cokes for the iron and steel industry in the Community

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Coal and Steel Community, and in particular the first paragraph of Article 95 thereof,

With the assent of the Council,

Having regard to the opinion of the Consultative Committee,

Whereas under the terms of Commission Decision 73/287/ECSC of 25 July 1973 ⁽¹⁾ the Member States are authorized to grant to undertakings supplying coking coals and cokes to the Community iron and steel industry aids to facilitate production, marketing in regions far away from the production areas and intra-Community trade, and the conclusion and implementation of long-term contracts; whereas a special fund has been set up for the Community financing of sales aids within the framework of intra-Community trade;

Whereas the amounts of such aids and of contributions to the special fund are specified in Articles 1 to 7 of the Decision in units of account ('u.a.');

Whereas Article 1 of Commission Decision No 3289/75/ECSC of 18 December 1975 ⁽²⁾, provides that the unit of account to be used in Decisions, recommendations, opinions and communications for the purposes of the Treaty establishing the European Coal and Steel Community shall be, with effect from 1 January 1976, the European unit of account ('EUA');

Whereas the second paragraph of Article 4 of the same Decision provides that the special fund provided for in Decision 73/287/ECSC on certain aids granted for the sale of coking coal and coke to the Community iron and steel industry shall be established in EUA;

Whereas the transition for the 'unit of account', valid up to and including 31 December 1975, to the 'European unit of account', valid with effect from 1 January 1976, at the rate 1 u.a. = 1 EUA would involve a reduction in the corresponding national-currency values of the aids and contributions provided for by Decision 73/287/ECSC;

Whereas it is necessary to avoid such a reduction on the transition from u.a. to EUA; whereas to this end the nominal amounts of the abovementioned aids and contributions must be increased by 5.5 %;

Whereas Decision 73/287/ECSC must be amended accordingly,

HAS ADOPTED THIS DECISION:

Article 1

Decision 73/287/ECSC is hereby amended as follows:

1. In Article 1 (b), for the maximum rates of sales aid provided for the various cases, namely:

3 1.60 2.60 1.40 2 and 1 u.a.

read respectively:

3.165 1.688 2.743 1.477 2.110 and 1.055 EUA.

2. In Article 7 (2), the rates and the maximum amounts of the contributions provided for in subparagraphs (a), (b) and (c) shall read as follows:

(a) in (a), third indent, for '0.400 u.a. per metric ton of coal, i.e. not more than 6 million u.a. per annum', read: '0.422 EUA per metric ton of coal, i.e., not more than 6.33 million EUA per annum';

(b) in (b), third, fourth and fifth indents,

— for '0.493 u.a. per metric ton of coal, i.e., not more than 7.4 million u.a. per annum', read: '0.520 EUA per metric ton of coal, i.e. not more than 7.807 million EUA per annum';

— for '0.273 u.a. per metric ton of coal, i.e. not more than 4.1 million u.a.', read: '0.288 EUA per metric ton of coal, i.e., not more than 4.326 million EUA';

— for '0.207 u.a. per metric ton of coal, i.e., not more than 3.1 million u.a.', read: '0.218 EUA per metric ton of coal, i.e., not more than 3.271 million EUA';

⁽²⁾ OJ No L 327, 19. 12. 1975, p. 4.

(c) in (c), first, second and third indents,

- for '1.107 u.a. per metric ton of coal, i.e., not more than 16.6 million u.a. per annum', read: '1.168 EUA per metric ton of coal, i.e., not more than 17.513 million EUA per annum';
- for '1.027 u.a. per metric ton of coal, i.e., not more than 15.5 million u.a.', read: '1.083 EUA per metric ton of coal, i.e., not more than 16.353 million EUA';
- for '0.593 u.a. per metric ton of coal, i.e., not more than 8.8 million u.a.', read: '0.626 EUA per metric ton of coal, i.e., not more than 9.284 million EUA'.

Article 2

1. The value of the European unit of account (EUA) shall be calculated by the Commission in accordance with Article 2 of Decision No 3289/75/ECSC.

2. With regard to the administration of the special fund created for the Community financing of sales aids under section I of Decision 73/287/ECSC with the framework of intra-Community trade, the provisions of the second paragraph of Article 4 of Decision No 3289/75/ECSC shall apply.

Article 3

This Decision shall enter into force on the day of its publication in the *Official Journal of the European Communities*. Its provisions shall take effect retrospectively from 1 January 1976 and shall apply to deliveries of coking coals and cokes effected on or after that date.

This Decision shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 2964/76**of 1 December 1976****fixing the free-at-frontier reference prices applicable to wine imports from 16 December 1976**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2506/75 of 29 September 1975 laying down special rules for the importation of products in the wine-growing sector originating in certain third countries⁽¹⁾, as amended by Regulation (EEC) No 1166/76⁽²⁾, and in particular Articles 5 (2) and 5a thereof,

Whereas Regulation (EEC) No 2506/75 lays down special rules relating to the importation of certain products in the wine-growing sector; whereas Commission Regulation (EEC) No 1393/76 of 17 June 1976⁽³⁾ lays down detailed rules to this end; whereas in accordance with Article 5 (2) of Regulation (EEC) No 2506/75 the Commission fixes the free-at-frontier reference prices;

Whereas the list of free-at-frontier reference prices should be established taking into account trade requirements in particular and with a view to administrative simplicity;

Whereas Article 1 of Regulation (EEC) No 2506/75 provides that the free-at-frontier reference prices are to be equal to the reference price less customs duties actually levied; whereas it is necessary to specify that the amounts or coefficients under the system of monetary compensatory amounts must not be taken into account in assessing the customs duty to be deducted from the reference price;

Whereas the new Member States continue to apply specific customs duties until 1 July 1977; whereas, therefore, until that date these States will apply different free-at-frontier prices from those applicable in the other Member States; whereas in view of this special situation the necessary transitional provisions

should be laid down so that the system introduced by Regulation (EEC) No 2506/75 can be applied without too much difficulty once it enters into force in the new Member States;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Wine,

HAS ADOPTED THIS REGULATION:

Article 1

1. The free-at-frontier reference prices referred to in Article 5 (2) of Regulation (EEC) No 2506/75 shall be, for wines imported into the Community as originally constituted, as indicated in the Annex hereto.

2. The free-at-frontier reference prices for imports into the new Member States, to be determined in accordance with the criteria applied in the Annex, shall be equal, for each import, to the reference price less:

- in the case of wines originating in third countries granted preferential tariff concessions, the customs duties actually applied in accordance with the relevant agreements;
- in the case of other wines, the customs duties actually applied in accordance with Article 59 (2) of the Act of Accession.

Article 2

Regulation (EEC) No 1403/76⁽⁴⁾ is hereby repealed.

Article 3

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply with effect from 16 December 1976.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 1 December 1976.
