**COUNCIL REGULATION (EEC) No 1766/77**

**of 25 July 1977**

**laying down general rules for the supply of skimmed-milk powder as food aid to certain developing countries and international organizations under the 1977 programme**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products<sup>(1)</sup>, as last amended by Regulation (EEC) No 559/76<sup>(2)</sup>, and in particular Article 7 (4) thereof,

Having regard to the proposal from the Commission,  
Having regard to the opinion of the European Parliament<sup>(3)</sup>,

Whereas certain developing countries and international organizations have indicated their requirements in high-protein milk products; whereas these high-protein products may be supplied in the form of skimmed-milk powder produced within the Community and meeting certain quality standards;

Whereas the supply of skimmed-milk powder must take into account the amounts of skimmed-milk powder available in the Community and the necessity of not disrupting market conditions;

Whereas the amounts available at present enable 105 000 tonnes of skimmed-milk powder to be supplied under the 1977 programme;

Whereas, if the quantities of skimmed-milk powder in public stocks are insufficient for the delivery of the abovementioned amount, or if they do not have the characteristics necessary for their particular destination where this requires in particular other forms of packaging or the addition of vitamins or other additives, supplies must be ensured by the buying-in of skimmed-milk powder on the Community market;

Whereas in order to enable the aid to be used effectively, arrangements should be made to finance certain transport and distribution costs;

Whereas the supplies must be delivered at the cheapest possible price; whereas, in order to achieve that aim, a tendering procedure must be provided for; whereas, however, it may be desirable in the interests of speed, in exceptional cases, to have recourse to private contracts;

Whereas it is desirable that the rules for the application of the measures laid down for buying in skimmed-milk powder on the market should be adopted in accordance with the procedure laid down in Article 30 of Regulation (EEC) No 804/68, as in the case of the rules to be applied where public stocks are used,

HAS ADOPTED THIS REGULATION:

*Article 1*

105 000 tonnes of skimmed-milk powder shall be made available to certain developing countries and international organizations as food aid under the 1977 programme.

*Article 2*

1. The skimmed-milk powder referred to in Article 1 shall be purchased in accordance with Article 7 (1) of Regulation (EEC) No 804/68.

2. If the amounts of skimmed-milk powder in public stocks are insufficient to supply the quantities provided for in Article 1 or if they do not have the characteristics necessary for their particular destination where this requires, in particular, other forms of packaging or the addition of vitamins or other additives, supplies shall be ensured by the buying-in of skimmed-milk powder on the Community market. Buying in shall be done in such a way as not to disturb the normal development of prices on the market.

<sup>(1)</sup> OJ No L 148, 28. 6. 1968, p. 13.

<sup>(2)</sup> OJ No L 67, 15. 3. 1976, p. 9.

<sup>(3)</sup> Delivered on 8 July 1977 (not yet published in the Official Journal).

*Article 3*

For the purposes of Article 1 :

- (a) the cost of the skimmed-milk powder, delivered to the port of shipment or a corresponding stage, shall be financed by the Community ;
- (b) in exceptional cases the Community may also finance, wholly or in part, on the basis of a decision of the Council taken in accordance with the procedure referred to in Article 7 :
  - transport to the frontier of the country and, possibly, to the place(s) of destination, and
  - distribution, where the goods are distributed by an international organization.

*Article 4*

The costs referred to in Article 3 (b) shall, where the arrangements agreed with the recipient country or organization so provide, be paid wholly or in part as a lump-sum contribution to the country or organization of destination by the Commission.

*Article 5*

Invitations to tender shall be issued for delivery of skimmed-milk powder to the port of shipment or a

corresponding stage and, where relevant, for its shipment from that stage and its purchase on the Community market, without prejudice to Article 4 and save in exceptional cases, where private contracts may be negotiated.

*Article 6*

The decision to apply Article 2 (2) shall be taken and the procedure for implementing this paragraph and Article 5 shall be adopted in accordance with the procedure laid down in Article 30 of Regulation (EEC) No 804/68.

*Article 7*

The countries and organizations for which this aid is destined, together with the quantity to be allocated to each, shall be determined by the Council acting by a qualified majority on a proposal from the Commission.

*Article 8*

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament<sup>(3)</sup>,

Whereas certain developing countries and international organizations have indicated their requirements in milk fats; whereas these fats may be supplied in the form of butter or butteroil produced within the Community and meeting certain quality standards;

Whereas the amounts available at present in the Community enable a quantity corresponding to 36 800 tonnes of butteroil to be supplied as food aid in butter and butteroil; whereas the apportionment of supplies between public and private stocks will vary depending on market trends and seasonal requirements;

Whereas in view of the situation on the Community market in butter and other butter fats, as well as the need to make certain emergency deliveries and ensure regular supplies under the most favourable economic conditions, provision should be made for these supplies to be made either by taking butter or other butter fats from stocks held by intervention agencies or by buying in butter or butteroil on the Community market;

Whereas, in order to enable the aid to be used effectively, arrangements should be made to finance certain transport and distribution costs;

Whereas the supplies must be delivered at the cheapest possible price; whereas in order to achieve that aim, provision should be made for a tendering procedure; whereas, however, in the interests of speed it may be desirable in exceptional cases to use private contracts;

Whereas it is desirable that the rules for implementing the measures laid down for buying in butter or butteroil on the market should be adopted in accordance with the procedure laid down in Article 30 of Regulation (EEC) No 804/68, as in the case of the rules to be applied where public stocks are used,

HAS ADOPTED THIS REGULATION:

*Article 1*

A quantity of butter or butteroil corresponding to 36 800 tonnes of butteroil shall be made available to certain developing countries and international organizations under the 1977 food-aid programme.

*Article 2*

1. The butter referred to in Article 1 shall be purchased in accordance with Article 6 (1) of Regulation (EEC) No 804/68. The butteroil referred to in Article 1 shall be processed from this butter.

2. If the market situation is such that delivery as provided in Article 1 cannot be carried out in accordance with paragraph 1, then the supply shall be ensured by using butter or butter fats available on the Community market. This shall be done in such a way as not to disturb the normal development of prices on the market.

*Article 3*

For the purposes of Article 1:

- (a) the cost of the butter or butteroil, delivered to the port of shipment or a corresponding stage, shall be financed by the Community;
- (b) in exceptional cases, the Community may also finance, wholly or in part, on a decision of the Council taken in accordance with the procedure referred to in Article 8:
  - transport to the frontier of the country and, possibly, to the places of destination, and
  - distribution, where the goods are distributed by an international organization.

<sup>(2)</sup> OJ No L 67, 15. 3. 1976, p. 9.

<sup>(3)</sup> Delivered on 8 July 1977 (not yet published in the Official Journal).

*Article 4*

The costs referred to in Article 3 (b) shall, where the arrangements agreed with the recipient country or organization so provide, be paid wholly or in part as a lump-sum contribution to the recipient country or organization by the Commission.

*Article 5*

Without prejudice to Article 4, invitations to tender shall be issued for delivery of the product, including packing, labelling and forwarding to the port of shipment or a corresponding stage, and, where relevant, for its forwarding beyond that stage, save in exceptional cases where private contracts may be negotiated.

*Article 6*

The sums to be paid to the undertaking selected shall be due only if:

- (a) the undertaking satisfies the conditions laid down in the invitation to tender or the private contract; and
- (b) the quality and packaging of the delivered product are found on inspection to comply with the relevant Community provisions.

Provision may be made for part of such sums to be paid in advance.

*Article 7*

The decision to apply Article 2 (2) shall be taken and the resulting procedure for implementing that paragraph and Article 5 shall be adopted in accordance with the procedure laid down in Article 30 of Regulation (EEC) No 804/68.

*Article 8*

The countries and organizations for which this aid is destined, together with the quantity to be allocated to each, shall be determined by the Council acting by a qualified majority on a proposal from the Commission.

*Article 9*

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
