20TH COMMISSION DIRECTIVE

of 7 December 1977

amending the Annexes to Council Directive 70/524/EEC concerning additives in feedingstuffs

(78/58/EEC)

Whereas the abovementioned Directive provides for the content of the Annexes to be subject to constant revision in the light of the development of scientific and technical knowledge;

Whereas the coccidiostat buquinolate listed in Annex I is no longer used in the Community for animal feeding; whereas, it should therefore be deleted;

Whereas it appears necessary to specify the chemical nomenclature of the emulsifier polyglycerol alkylether and to correct certain numbering errors in the French, Danish and German versions and an omission in Annex I concerning certain preservatives;

Whereas the emulsifier pantasodium triphosphate, already authorized for human nutrition, and also the stabilizer propane 1,2-diol and the preservatives

sodium bisulphite and sodium metabisulphite, hitherto listed in Annex II, have been widely tested in several Member States; whereas these should be permitted, under certain conditions, at Community level;

Whereas the use of certain antibiotics, coccidiostats and other medicinal substances, emulsifiers, stabilizers, preservatives and non-protein nitrogenous compounds, and also the use of a trace element, a colouring matter, a growth promoter and an antioxidant, listed in Annex II, require additional examination; whereas it is therefore desirable to extend their period of authorization;

Whereas, in addition, it is necessary to restrict the conditions of use of the coccidiostat nicarbazine, listed in Annex II, without specific conditions;

Whereas, finally, it is desirable to standardize the chemical nomenclature of the stabilizer 1,2-propyleneglycol and to correct in the English version the incorrect name of the preservative malic acid;
