## COMMISSION REGULATION (EEC) No 1036/78

of 19 May 1978

fixing the monetary compensatory amounts and certain coefficients and rates for their application

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 974/71 of 12 May 1971 on certain measures of conjunctural policy to be taken in agriculture following the temporary widening of the margins of fluctuations for the currencies of certain Member States <sup>(1)</sup>, as last amended by Regulation (EEC) No 557/76 <sup>(2)</sup>, and in particular Article 6 thereof,

Having regard to Commission Regulation (EEC) No 651/78 of 31 March 1978 on the obligatory alterations to be made to monetary compensatory amounts fixed in advance <sup>(3)</sup>, and in particular Article 1 (2) thereof,

Whereas, applying the rules laid down in Articles 1 and (1) (a) of Regulation (EEC) No 974/71, no monetary compensatory amounts should be fixed for Denmark, while the monetary compensatory amounts for the Benelux countries should be calculated by applying a percentage of 1.4 and for Germany by applying a percentage of 7.5 in respect of pigmeat, cereals, poultry products, sugar and wine and of 7.2 % in respect of the other sectors; whereas these amounts remain unchanged for as long as the items in calculating them do not vary;

Whereas Article 2 (1) (b) of the same Regulation provides that the monetary compensatory amounts for the other Member States, namely Italy, Ireland,

France and the United Kingdom, are to be equal to the amounts obtained by applying to the price the average percentage difference between:

- the ratio between the conversion rate used for the purposes of the common agricultural policy for the currency of the relevant Member State and the actual parity of each of the currencies of the Member States which keep their exchange rates at any given moment within a maximum spread of 2.25 %, and
- the spot market rate recorded over a given period for the currency of the relevant Member State against each of the currencies of the Member State which keep their exchange rates at any given moment within a maximum spread of 2.25 %;

Whereas, however, this difference is to be reduced by 1.5 points for Member States whose currency has depreciated;

Whereas account must be taken of the increase in prices for milk and milk products and for beef and veal effective from 22 May 1978 and also of the new representative rates fixed by Council Regulation (EEC) No 878/77 of 26 April 1977 on the exchange rates to be applied in agriculture <sup>(4)</sup>, as last amended by Regulation (EEC) No 976/78 <sup>(5)</sup>; whereas, however, Articles 2 and 2a thereof provide for the dates of application of these rates to vary according to the sector concerned; whereas the effect of this must be taken into account when fixing the monetary compensatory amounts; whereas, since the rates are to take effect in certain sectors from 22 May 1978, monetary compensatory amounts should be fixed from that date;

<sup>(1)</sup> OJ No L 106, 12. 5. 1971, p. 1.

<sup>(2)</sup> OJ No L 67, 15. 3. 1976, p. 1.

<sup>(3)</sup> OJ No L 86, 1. 4. 1978, p. 41.

<sup>(4)</sup> OJ No L 106, 29. 4. 1977, p. 27.

<sup>(5)</sup> OJ No L 125, 13. 5. 1978, p. 32.

Whereas for the Italian lira, the pound sterling and the Irish pound Article 3 of Regulation (EEC) No 974/71 should apply to all sectors other than those indicated above; whereas for the French franc the monetary compensatory amounts for all sectors should be calculated from the spot market rates recorded during the reference period 10 to 16 May 1978 in order to avoid any variations in treatment between the different sectors;

Whereas, on this occasion a subdivision should be introduced in products falling within subheading 04.02 A III of the Common Customs Tariff in order to take better account of the composition of these products; whereas, however, it seems appropriate to provide for a transitional period for the application of this measure to allow the trade to adjust to it;

Whereas furthermore in the beef and veal sector the relationship between monetary compensatory amounts applying to boned or boneless beef, fresh or chilled, and those applying to certain presentations of unboned (bone-in) beef can lead to a disequilibrium in trade; whereas the method of calculating the monetary compensatory amounts for boned or boneless beef falling within subheading 02.01 A II a) 4 bb) should therefore be adjusted;

Whereas, in trade with third countries, import charges, export refunds and export levies, fixed in units of account, are to be multiplied by a coefficient derived from the percentage used in calculating the monetary compensatory amounts;

Whereas Article 1 of Commission Regulation (EEC) No 1380/75 of 29 May 1975 laying down detailed rules for the application of monetary compensatory amounts <sup>(1)</sup> provides that no compensatory amounts are to apply to trade within the BLEU or to trade between the BLEU and the Netherlands, these States being treated as a single Member State;

Whereas, for purposes of application of Article 2a of Regulation (EEC) No 974/71, an exchange rate for conversion of the Italian lira and the pound sterling into the currencies of the other Member States should be fixed;

Whereas Article 7 (1) of Commission Regulation (EEC) No 243/78 of 1 February 1978 providing for the advance fixing of monetary compensatory amounts <sup>(2)</sup> provides that the compensatory amounts fixed in advance must be adjusted if a new

representative rate comes into effect during the period of validity of the certificate; whereas this new rate must have been decided before the application for advance fixing of the monetary compensatory amounts was lodged; whereas this situation has arisen in some sectors for France, Germany, Ireland, Italy and the United Kingdom;

Whereas monetary compensatory amounts provided for in Regulation (EEC) No 974/71 were fixed by Regulation (EEC) No 938/77 <sup>(3)</sup>, at last amended by Regulation (EEC) No 1030/78 <sup>(4)</sup>; whereas the said Regulation (EEC) No 938/77 should be replaced by a new Regulation;

Whereas the measures provided for in this Regulation are in accordance with the opinions of the Management Committees for Wine, for Cereals, for Pigmeat, for Poultrymeat and Eggs, for Sugar, for Milk Products, and for Beef and Veal,

HAS ADOPTED THIS REGULATION:

- (<sup>1</sup>) No monetary compensatory amount shall be applied to sugar exported to non-member countries pursuant to Article 26 of Regulation (EEC) No 3330/74. It shall be levied, however, where the customs export formalities are completed in a Member State other than that in which the export licence was issued.
