COUNCIL REGULATION (EEC) No 1346/78**of 19 June 1978****amending Regulation (EEC) No 2358/71 on the common organization of the market in seeds**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament⁽¹⁾,

Having regard to the opinion of the Economic and Social Committee⁽²⁾,

Whereas Council Regulation (EEC) No 2358/71 of 26 October 1971 on the common organization of the market in seeds⁽³⁾, as last amended by Regulation (EEC) No 1167/77⁽⁴⁾, provided for the granting, under certain conditions, of a production aid for seeds; whereas the granting of this aid is decided each year for the marketing year beginning in the following year;

Whereas the production of most seed varieties is of a multiannual nature; whereas in order to improve the planning of production the aid as fixed hitherto should be replaced by an aid fixed for two consecutive marketing years;

Whereas it is necessary to have adequate information on the situation and the development prospects for the market in the Community; whereas, therefore, with regard to seeds produced in the Community, the system in force in the Community makes it possible to gather the necessary information since it stipulates that only certified seeds produced in duly authorized establishments or under duly registered contracts can be marketed; whereas, in addition, to a large extent the Community is supplied by means of multiplication contracts concluded with seed producers in non-member countries; whereas, therefore, registration of

these contracts should be required for species which play an important part in supplies to the market in the Community; whereas, moreover, this information should be covered by the obligation of statistical secrecy in order to assure the interested parties that it will not be used for other purposes, thus enabling perfectly objective information to be obtained,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 2358/71 shall be amended as follows:

- (a) The second subparagraph of Article 3 (1) shall be replaced by the following:

'This aid, which shall be uniform throughout the Community for each species or group of varieties, shall be fixed every two years before 1 August for the marketing year beginning in the following year and for the subsequent marketing year. However, the aid for the 1978/79 and 1979/80 marketing years shall be fixed before 1 July 1978. If, for the two-year period for which aid has been fixed, the stability of the market in the Community appears to be seriously threatened, the Council, acting by a qualified majority on a proposal from the Commission, may order the aid for the second year of the period in question to be modified. Such modification must be made before 1 August of the year preceding its application'.

- (b) The following Article shall be added:

Article 3a

1. For certain species, with effect from 1 February 1979 all seed multiplication contracts concluded between a seed undertaking or grower

in the Community and a seed producer established in a third country may be made subject to compulsory registration with the bodies appointed for that purpose by each Member State.

2. Member States shall communicate periodically to the Commission statistical data concerning the registration of multiplication contracts.

3. The data relating to the registration of multiplication contracts may be utilized only for the purposes of application of this Regulation.

4. The detailed rules of application for this Article, and in particular the definition of the seed multiplication contract and the list of species referred to in paragraph 1, shall be adopted in accordance with the procedure laid down in Article 11'.

Article 2

This Regulation shall enter into force on 1 July 1978.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 1347/78**of 19 June 1978****fixing the amounts of aid granted for seeds for the 1978/79 and 1979/80
marketing years**

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community, and in particular Article 43
thereof,

Having regard to Council Regulation (EEC) No
2358/71 of 26 October 1971 on the common organiza-
tion of the market in seeds⁽¹⁾, as last amended by
Regulation (EEC) No 1346/78⁽²⁾, and in particular
Article 3 (3) thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parlia-
ment⁽³⁾,

Having regard to the opinion of the Economic and
Social Committee⁽⁴⁾,

Whereas the market situation within the Community
and the foreseeable market trends with regard to the
seeds which are listed in the Annex to Regulation

(EEC) No 2358/71 and which will be marketed during
the 1978/79 and 1979/80 marketing years do not
ensure fair returns for the producer; whereas part of
the production costs should be offset by aid;

Whereas Article 3 (2) of Regulation (EEC) No 2358/71
provides that, when the aid is being fixed, account
must be taken of, on the one hand, the need to ensure
a balance between the volume of production required
in the Community and the possible outlets for that
production and, on the other hand, the price of the
products concerned on external markets,

HAS ADOPTED THIS REGULATION:

Sole Article

For the 1978/79 and 1979/80 marketing years, the
amounts of the aid granted for seeds, provided for in
Article 3 of Regulation (EEC) No 2358/71, shall be as
shown in the Annex hereto.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

COUNCIL REGULATION (EEC) No 1348/78**of 19 June 1978****fixing the norm and intervention prices and the premiums granted to purchasers of leaf tobacco, and the derived intervention prices for baled tobacco for the 1978 harvest**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 727/70 of 21 April 1970 on the common organization of the market in raw tobacco⁽¹⁾, as last amended by the Act of Accession, and in particular Articles 2 (5), 4 (4) and 6 (8) thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament⁽²⁾,

Having regard to the opinion of the Economic and Social Committee⁽³⁾,

Whereas, when fixing the prices for raw tobacco, account should be taken both of the objectives of the common agricultural policy and of the contribution which the Community intends to make to the harmonious growth of world trade; whereas the aims of the common agricultural policy are, in particular, to provide the agricultural population with a reasonable standard of living, guarantee security of supplies and ensure fair prices for consumers;

Whereas the norm and intervention prices for leaf tobacco must be fixed in accordance with the criteria laid down in Article 2 (2) of Regulation (EEC) No 727/70 in order in particular to encourage producers to convert to the cultivation of those varieties which are most competitive and most in demand;

Whereas Council Regulation (EEC) No 339/77 of 14 February 1977 laying down special measures in the tobacco sector in respect of the Beneventano variety of tobacco⁽⁴⁾, has provided for a reduction of the intervention price of these tobaccos;

Whereas it is desirable to fix, in respect of the 1978 harvest, derived intervention prices both for the varieties which, before the common organization of the market came into force, were subject to a price guarantee at the baled tobacco stage, and for the varie-

ties which are principally grown in Germany, in order to take account of marketing practices in that country; whereas, to this end, both increased costs and increased productivity should be taken into consideration;

Whereas the premium granted to purchasers of Community tobacco is intended to enable them to pay producers of leaf tobacco a price which is at the level of the norm price; whereas the amount of the premium should reflect the alterations to the norm price and the costs of first processing adopted for the 1978 harvest, account being taken of the trend in world market prices and the level of prices established by supply and demand on the Community market;

Whereas the abovementioned prices and the amount of the premium must be fixed in relation to a reference quality defined in such a way that as objective as possible an assessment can be made of the quality of the tobacco; whereas it is possible to adopt, for the 1978 harvest, the reference qualities defined by Council Regulation (EEC) No 673/75 of 4 March 1975 fixing, for the 1975 harvest, the norm prices, the intervention prices and the reference qualities for leaf tobacco⁽⁵⁾, and by Council Regulation (EEC) No 674/75 of 4 March 1975 fixing the derived intervention prices and the reference qualities for baled tobacco from the 1975 harvest⁽⁶⁾;

Whereas Council Regulation (EEC) No 976/78 of 12 May 1978 on the exchange rates to be applied in agriculture⁽⁷⁾ provides that for the tobacco sector from 22 May 1978 a new representative rate shall be applied to the currencies of certain Member States; whereas this provision should lead, from that date, to a reduction, in national currency terms, of the premiums fixed in units of account for a substantial part of the harvest in those Member States whose representative rate is re-valued; whereas it seems more appropriate to the nature of this sector that the same conditions should apply to the entire harvest in a given year; whereas this objective can be achieved if the former rate of exchange for the Member States concerned were to remain applicable to premiums paid for the 1977 harvest;

⁽⁶⁾ OJ No L 72, 20. 3. 1975, p. 32.

⁽⁷⁾ OJ No L 125, 13. 5. 1978, p. 32.

Whereas the Monetary Committee shall be consulted on the exchange rates; whereas, in view of the urgency, the measures envisaged should be adopted under the conditions provided for in Article 3 (2) of Council Regulation No 129 on the value of the unit of account and the exchange rates to be applied for the purposes of the common agricultural policy⁽¹⁾, as last amended by Regulation (EEC) No 2543/73⁽²⁾,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1978 harvest, the norm and intervention prices and the premiums granted to purchasers of leaf tobacco referred to in Articles 2 and 3 of Regulation (EEC) No 727/70, and the derived intervention prices for baled tobacco referred to in Article 6 of that Regulation, shall be as shown in the Annex hereto.

Article 2

1. For the 1978 harvest, the reference qualities referred to in Article 2 (3) (c) of Regulation (EEC) No 727/70 for each of the tobacco varieties produced in the Community shall be those laid down in Regulation (EEC) No 673/75.

2. For the 1978 harvest, the reference qualities referred to in Article 6 (3) (c) of Regulation (EEC) No 727/70, for each of the baled tobacco varieties produced in the Community for which a derived intervention price is fixed, shall be those laid down in Regulation (EEC) No 674/75.

Article 3

The exchange rates to be applied in Germany and the Benelux countries for the purposes of the premiums for the 1977 harvest shall, until 31 March 1979, be the representative rates applicable to the currencies in question prior to 22 May 1978.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 1355/78

of 20 June 1978

imposing a provisional anti-dumping duty on ferro-chromium originating in the Republic of South Africa and Sweden

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 459/68 of 5 April 1968 on protection against dumping or the granting of bounties or subsidies by countries which are not members of the European Economic Community⁽¹⁾, as last amended by Regulation (EEC) No 1411/77⁽²⁾, and in particular Article 15 thereof,

After hearing the opinions expressed in the Advisory Committee set up under the said Regulation,

Whereas the Commission has received a complaint submitted in the name of the Community ferro-chromium industry setting out evidence as to the existence of dumping of ferro-chromium originating in the Republic of South Africa and Sweden as well as material injury resulting therefrom;

Whereas, since the information received indicated that the complaint was admissible and that defensive measures against dumping might be necessary, the Commission officially notified the representatives of the exporting countries and the importers and exporters known to be concerned, published in the *Official Journal of the European Communities* of 13 April 1978 notices of the initiation of enquiries concerning imports of ferro-chromium originating in the Republic of South Africa and Sweden⁽³⁾ and commenced an examination of the facts for the abovementioned countries;

Whereas the Commission gave interested parties the opportunity to make known their views in writing;

Whereas the Commission heard interested parties and gave to parties directly concerned the opportunity to develop their views orally and to meet and to present opposing views and rebuttal arguments;

Whereas, with a view to a correct determination of the dumping margin for Swedish products the Commis-

sion carried out an on-the-spot inspection of the principal Swedish producer;

Whereas during the examination of the existence of dumping the Commission has found that the sales of the company in question on the Swedish market were relatively low compared to its total sales and that the prices of these domestic sales did not permit a valid comparison of prices; consequently recourse was had to the criterion of cost of production;

Whereas such cost of production has been calculated taking into consideration *inter alia* the following elements: raw materials (including the basic mineral which contains chrome oxide, bauxite, quartz and other materials for electrodes and fluxes), energy costs (coke, electricity), labour costs including social costs, other operating costs (including maintenance costs and transport costs), interest paid, to which was added a reasonable amount for administration, selling and other costs and for profits;

Whereas these preliminary calculations have shown that the fair market price of ferro-chromium on the Swedish market brought up to a cif Community frontier basis, duty unpaid is 36.05 US cents/lb for 'charge chrome', 38.93 US cents/lb for high carbon ferro-chromium and 62.23 US cents/lb for low carbon ferro-chromium;

Whereas the preliminary determination of a dumping margin for South African products has had to be made on the basis of the facts available to the Commission since an on-the-spot investigation of South African producers has not been possible at the moment;

Whereas the preliminary examination of the available facts on the cost of production in the Republic of South Africa has shown that the fair market price of ferro-chromium on the South African market brought up to a cif Community frontier basis, duty unpaid is 34.35 US cents/lb for charge chrome, 37.13 US cents/lb for high carbon ferro-chromium and 59.35 US cents/lb for low carbon ferro-chromium;

⁽¹⁾ OJ No L 93, 17. 4. 1968, p. 1.

⁽²⁾ OJ No L 160, 30. 6. 1977, p. 4.

⁽³⁾ OJ No C 90, 13. 4. 1978, p. 3.

Whereas these fair market prices have been compared with the South African and Swedish export prices to the Community ;

Whereas this comparison has been made at the same commercial level, in respect of sales made at the same time, due allowance having been made, on their merits, for differences in the conditions and terms of sale and for other differences affecting price comparability ;

Whereas this preliminary examination shows that dumping has taken place, the margin of which is constituted by the undercutting of the fair market prices ;

Whereas, with regard to injury to the industry concerned, the evidence available to the Commission shows that imports into the Community of ferro-chromium exported by South Africa and Sweden has increased from a level of approximately 94 000 tonnes in 1974 to 204 000 tonnes in 1977 ;

Whereas the imports concerned represent a market share in the Community of 19 % in 1974 and 45 % in 1977 and consequently have a very considerable influence on the market ;

Whereas the prices of these imports on the Community market have fallen considerably, particularly in recent months, thus exercising a depressive effect on the Community producers' prices which no longer cover their costs of production ;

Whereas this development has taken place to the detriment of the Community industry which is in a very difficult situation, characterized by a reduction in production of approximately 17 % between 1974 and 1977, by a large under-utilization of production capacity by large unsold stocks, the temporary cessation of production in one area of the Community and by loss of jobs, short-time working for the personnel of the enterprises concerned, and by the appearance of losses for the companies in question ;

Whereas there is, therefore, sufficient evidence to show that, due consideration having been given to the other factors having a bearing on the situation of this industry, as, for example, the imports from other sources, the imports in question are causing and threatening to cause material injury to the Community industry ;

Whereas a new aggravation of the situation is taking shape, considering the spectacular increase of imports during the first months of 1978 ;

Whereas, for these reasons, a Member State requested the Commission, to take provisional measures immediately in accordance with Article 15 (1) (c) of Regulation (EEC) No 459/68 ;

Whereas, in these circumstances, the interests of the Community call for immediate intervention, consisting in the imposition of a provisional anti-dumping duty relating to imports of ferro-chromium originating in the Republic of South Africa and Sweden ;

Whereas, however, the investigation relating to a Swedish exporter whose deliveries to the Community only have a slight impact is not yet sufficiently advanced to enable preliminary conclusions to be drawn ; whereas it was consequently decided to exclude the exporter from the application of this provisional duty,

HAS ADOPTED THIS REGULATION :

Article 1

1. A provisional anti-dumping duty is hereby imposed on ferro-chromium, falling within Common Customs Tariff subheading 73.02 E I and corresponding to NIMEXE code 73.02-51, originating in the Republic of South Africa and Sweden. This duty does not apply to ferro-chromium manufactured by Ferrolegeringar Trollhatteverken AB, Sweden. The provisions in force for the application of customs duties shall apply for the application of this duty.

2. The amount of such duty shall correspond to the difference between the fair market price in the Republic of South Africa and Sweden as set out in paragraph 3 and the price free Community frontier duty unpaid to the first importer.

3. For the purpose of this Regulation the fair market prices in the Republic of South Africa and Sweden brought up to a cif Community frontier basis, duty unpaid, are as follows :

Composition	Fair market price in US cents per lb of chrome contained	
	South Africa	Sweden
1. ferro-chromium known as 'charge chrome': — chrome content: 50 — 58 % inclusive — carbon content: 6 — 9 % inclusive — silicon content: 1 — 7 % inclusive	34.35	36.05
2. high carbon ferro-chromium: — chrome content: greater than 58 % — carbon content: 4 — 7 % inclusive — silicon content: 1.5 % maximum	37.13	38.93
3. low carbon ferro-chromium: — maximum carbon content: 0.5 % — maximum silicon content: 1.5 %	59.35	62.23

4. The above fair market prices are net if the conditions of sale provide for payment within 30 days from end of month of delivery; they are to be increased or reduced by 1 % for any payment terms granting one month more or less.

Article 2

The entry of the products described in Article 1 into free circulation shall be conditional upon the deposit of security for the amount of the provisional duty.

Article 3

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

Without prejudice to the provisions of Articles 16 and 18 of Regulation (EEC) No 459/68, it shall apply until the entry into force of an Act of the Council either adopting definitive measures or extending the provisional duty, and in any event for a maximum period of three months.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 June 1978.
