COMMISSION REGULATION (EEC) No 1622/78

of 12 July 1978

fixing the refunds on white sugar and raw sugar exported in the natural state

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3330/74 of 19 December 1974 on the common organization of the market in sugar⁽¹⁾, as last amended by Regulation (EEC) No 1396/78⁽²⁾, and in particular the first sentence of the last subparagraph of Article 19 (2) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 19 of Regulation (EEC) No 3330/74 provides that the difference between quotations or prices on the world market for the products listed in Article 1 (1) (a) of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Council Regulation (EEC) No 766/68 of 18 June 1968 laying down general rules for granting export refunds on sugar⁽³⁾, as last amended by Regulation (EEC) No 1489/76⁽⁴⁾, provides that when refunds on white and raw sugar, undenatured and exported in the natural state, are being fixed account must be taken of the situation on the Community and world markets in sugar and in particular of the price and cost factors set out in Article 3 of that Regulation; whereas the same Article provides that the economic aspect of the proposed exports should also be taken into account;

Whereas the refund on raw sugar must be fixed in respect of the standard quality; whereas the latter is defined in Article 1 of Council Regulation (EEC) No 431/68 of 9 April 1968 determining the standard quality for raw sugar and fixing the Community frontier crossing point for calculating cif prices for sugar⁽⁵⁾;

Whereas, furthermore, this refund should be fixed in accordance with Article 5 (2) of Regulation (EEC) No 766/68; whereas candy sugar is defined in Commission Regulation (EEC) No 394/70 of 2 March 1970 on detailed rules for granting export refunds on sugar⁽⁶⁾, as amended by Regulation (EEC) No 1467/77⁽⁷⁾;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for sugar according to destination;

Whereas, in special cases, the amount of the refund may be fixed by other legal means;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous subparagraph;

Whereas the refund must be fixed every two weeks; whereas it may be altered in the intervening period;

Whereas it follows from applying these rules to the present situation on the market in sugar and in particular to quotations or prices for sugar within the Community and on the world market that the refund should be fixed at the amounts shown in the Annex to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The refunds on the products listed in Article 1 (1) (a) of Regulation (EEC) No 3330/74, undenatured and exported in the natural state, are hereby fixed at the amounts shown in the Annex.

Article 2

This Regulation shall enter into force on 13 July 1978.

COMMISSION REGULATION (EEC) No 1624/78**of 12 July 1978****amending Regulation (EEC) No 193/75 laying down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1254/78⁽²⁾, and in particular Articles 12 (2), 15 (5) and 16 (6) thereof, and to the corresponding provisions of the other Regulations establishing a common organization of the markets for agricultural products,

Whereas Commission Regulation (EEC) No 193/75 of 17 January 1975⁽³⁾, as last amended by Regulation (EEC) No 858/78⁽⁴⁾, lays down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products; whereas it is necessary to supplement and clarify these rules in certain respects;

Whereas, when products are subject either to the arrangements provided for in Council Directive 69/73/EEC of 4 March 1969 on the harmonization of provisions laid down by law, regulation or administrative action in respect of inward processing⁽⁵⁾, as last amended by Directive 76/119/EEC⁽⁶⁾, or to those provided for in Article 9 of Commission Regulation (EEC) No 645/75 of 13 March 1975 laying down common detailed rules for the application of the export levies and charges on agricultural products⁽⁷⁾, the competent authorities may in certain cases allow them to be put into free circulation either in the unaltered state or after processing; whereas in such cases, to ensure that the market is properly managed, an import licence should be required for the product which is actually put into free circulation; whereas, however, when the product put into free circulation has been obtained from basic products some of which have been imported from

third countries and some of which have been purchased in the Community, only those basic products imported from third countries need to be taken into consideration;

Whereas the levies applicable when goods covered by inward processing arrangements are put into free circulation are determined by the rules of Directive 69/73/EEC; whereas on that account the import licence presented when the goods are put into free circulation cannot be allowed to include an advance fixing of the levy; whereas, however, the levy may be determined by tender, as is currently the case with olive oil; whereas in such cases the levy applicable will appear on the import licence;

Whereas Article 19 of Regulation (EEC) No 193/75 provides that, where an invitation to tender is issued in an importing third country, an export licence or advance fixing certificate shall only be issued in respect of those quantities for which the applicant has been awarded a contract; whereas foreign armed forces stationed within the territory of a Member State issue invitations to tender and are in the same situation as a third country; whereas for the sake of clarity it should be explicitly stated that the provisions of Article 19 also apply to such armed forces;

Whereas special provisions on invitations to tender issued by armed forces are contained in the Regulations laying down detailed rules for the application of the system of licences and certificates in various sectors; whereas these special provisions are not amended by the provisions of this Regulation;

Whereas requests under Article 20 of Regulation (EEC) No 193/75 may be made after the period of validity of the licence or certificate has expired; whereas it is advisable to limit the period within which such requests to extend the period of validity may be made, in view of the possible consequences for trade as a result of market trends;

(1) OJ No L 281, 1. 11. 1975, p. 1.

(2) OJ No L 156, 14. 6. 1978, p. 1.

(3) OJ No L 25, 31. 1. 1975, p. 10.

(4) OJ No L 116, 28. 4. 1978, p. 18.

(5) OJ No L 58, 8. 3. 1969, p. 1.

(6) OJ No L 24, 30. 1. 1976, p. 58.

(7) OJ No L 67, 14. 3. 1975, p. 16.

Whereas, when the period of validity of a licence or certificate has been extended as a result of *force majeure*, the object of this extension, given the special circumstances affecting the applicant, is to give the latter further time to carry out the operation that he was unable to carry out within the period initially laid down; whereas in such cases it is accordingly not justified to permit the transfer of the rights arising from such a licence or certificate, unless the circumstances of *force majeure* invoked so warrant;

Whereas the measures provided for in this Regulation are in accordance with the opinions of all the relevant management committees,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 193/75 is amended as follows:

1. A further subparagraph as follows is added to Article 4 (1):

'The provisions of the preceding subparagraph concerning exportation shall apply subject to the special provisions set out in paragraph 2 (d).'

2. Article 4 (2) is amended to read as follows:

'2 (a) Where products which are subject to inward processing arrangements or to the arrangements provided for in Article 9 of Regulation (EEC) No 645/75 and which do not contain the basic products referred to in first indent of (b) are placed in free circulation, then in so far as the product actually placed in free circulation is subject to an import licence, such a licence must be produced.

(b) Where products subject to either of the arrangements referred to in Article 9 (2) of the Treaty but no longer do so as a result of their incorporation in the product put into free circulation,

and

— one or more basic products which did not come within the terms of Article 9 (2) of the Treaty are put into free circulation, then, by way of derogation from Article 2 (1), for each basic product as referred to in the second indent actually

used and being a product subject to an import licence, such a licence must be produced.

However, an import licence shall not be required when the product actually placed in free circulation is not subject to such a licence.

- (c) Without prejudice to the special provisions concerning agricultural products, the import licence or licences produced when a product coming within paragraph (a) or (b) is placed in free circulation may not provide for advance fixing.

- (d) On the exportation of a product subject to either of the arrangements referred to in (a) and containing one or more of the basic products referred to in the first indent of (b), for each such basic product, being a product subject to an export licence, such a licence shall be produced.

However, subject to the provisions of the next subparagraph concerning the advance fixing of refunds, an export licence shall not be required when the product actually exported is not subject to such a licence.

On the exportation of compound products qualifying for an export refund fixed in advance on the basis of one or more of their components, the customs status of each such component shall be the sole element to be taken into account when applying the licence system.'

3. There is added to Article 19 (1) a further subparagraph as follows:

'For the purposes of this Article, the armed forces referred to in the third indent of Article 3 of Regulation (EEC) No 192/75 shall be treated as an importing third country.'

4. There are added to Article 20 paragraphs 5 and 6 as follows:

'5. A request under paragraph 1 to extend the period of validity of a licence or certificate must be received not more than 30 days after the expiry of such period of validity.

6. By way of derogation from Article 3 (1), where the period of validity of a licence or certificate providing for advance fixing is extended as a result of *force majeure*, the rights arising from such licence or certificate shall not be transferable.

However, when the circumstances of *force majeure* so warrant, such transfer shall be authorized when

requested at the same time as the request for extension.'

Article 2

This Regulation shall enter into force on 1 October 1978.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 1625/78**of 12 July 1978****amending Regulation (EEC) No 1722/77 laying down common detailed rules for the application of Regulation (EEC) No 1055/77 on the storage and movement of products bought in by an intervention agency**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1055/77 of 17 May 1977 on the storage and movement of products bought in by an intervention agency⁽¹⁾, and in particular Article 4 thereof,

Having regard to Council Regulation (EEC) No 974/71 of 12 May 1971 on certain measures of conjunctural policy to be taken in agriculture following the temporary widening of the margins of fluctuation for the currencies of certain Member States⁽²⁾, as last amended by Regulation (EEC) No 557/76⁽³⁾, and in particular Article 6 thereof,

Whereas the third indent of Article 5 (2) of Commission Regulation (EEC) No 1722/77 of 28 July 1977⁽⁴⁾ refers to the provisions of the third subparagraph of Article 12 (1) of Commission Regulation (EEC) No 1380/75 of 29 May 1975 laying down detailed rules for the application of monetary compensatory amounts⁽⁵⁾, as last amended by Regulation (EEC) No

1392/78⁽⁶⁾; whereas those provisions have been replaced by a text comprising two subparagraphs; whereas Article 5 (2) of Regulation (EEC) No 1722/77 must therefore be amended accordingly;

Whereas the measures provided for in this Regulation are in accordance with the opinion of all the relevant management committees,

HAS ADOPTED THIS REGULATION:

Article 1

In the third indent of Article 5 (2) of Regulation (EEC) No 1722/77 the words 'the provisions of the third subparagraph of Article 12 (1) of Regulation (EEC) No 1380/75' are replaced by 'the third and fourth subparagraphs of Article 12 (1) of Regulation (EEC) No 1380/75'.

COMMISSION REGULATION (EEC) No 1626/78

of 12 July 1978

fixing the variety of long grain rice representative of Community production
and the difference in value between that variety and the variety of round grain
rice corresponding to the standard quality

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
1418/76 of 21 June 1976 on the common organiza-
tion of the market in rice ⁽¹⁾, as last amended by Regu-
lation (EEC) No 1260/78 ⁽²⁾, and in particular Article
14 (5) thereof,

Whereas, pursuant to Article 14 (5) (e) of Regulation
(EEC) No 1418/76, the variety of long grain rice repre-
sentative of Community production and the differ-
ence in value between that variety and the variety of
round grain rice corresponding to the standard quality
have to be determined;

Whereas, statistical data shows that the 'Ribe' variety
is the most representative variety of long grain rice
harvested in the Community; whereas the difference
in average value between that variety and the variety
of round grain rice may be estimated, in value of
husked rice, at 20 units of account per tonne;

Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Manage-
ment Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The variety of long grain rice representative of
Community production shall be the 'Ribe' variety.

Article 2

The difference in value between the 'Ribe' variety of
long grain rice and the variety of round grain rice
corresponding to the standard quality shall be 20
units of account per tonne of husked rice.

COMMISSION REGULATION (EEC) No 1627/78

of 12 July 1978

determining the threshold prices for rice for the 1978/79 marketing year

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice ⁽¹⁾, as last amended by Regulation (EEC) No 1260/78 ⁽²⁾, and in particular Articles 14 (5) and 15 (4) thereof,

Whereas Article 14 (2) of Regulation (EEC) No 1418/76 provides that the threshold price of husked round grain rice calculated for Rotterdam must be fixed in such a way that the selling price of imported husked round grain rice on the Duisburg market corresponds to the target price; whereas this object is achieved by deducting from the target price the items referred to in paragraph 2 (a) thereof;

Whereas, pursuant to Article 14 (2) (b) of the aforesaid Regulation, the threshold price for husked long grain rice is calculated by adjusting the threshold price for husked round grain rice by application of a corrective amount representing the difference in value between the variety of round grain rice corresponding to the standard quality and a variety of long grain rice representative of Community production;

Whereas, pursuant to Article 14 (3) thereof, the threshold prices for wholly milled round grain and long grain rice are derived from the threshold prices for husked round grain and long grain rice respectively, taking into account the monthly increases to which they are subject, by making adjustments for the conversion rate, for processing costs and for the value of by-products and then by adding an amount for the protection of the industry;

Whereas the amount for the protection of the industry has been fixed by Council Regulation (EEC) No

1263/78 of 12 June 1978 fixing the protective amount to be included in the threshold price for wholly milled rice ⁽³⁾; whereas the variety of long grain rice representative of Community production and the difference in value between that variety and the quality of round grain rice corresponding to the standard quality are determined in Commission Regulation (EEC) No 1626/78 of 12 July 1978 ⁽⁴⁾; whereas the components used to adjust the threshold price for husked rice were fixed by Commission Regulation No 467/67/EEC of 21 August 1967 fixing the conversion rates, the processing costs and the value of the by-products for the various stages of rice processing ⁽⁵⁾, as last amended by Regulation (EEC) No 1572/77 ⁽⁶⁾;

Whereas pursuant to Article 15 (1) of Regulation (EEC) No 1418/76 the threshold price for broken rice must be fixed between a lower (130 %) and an upper (140 %) limit calculated in relation to the threshold price for maize; whereas, so that imports of broken rice do not restrict the normal flow of production over the Community market as a whole, the threshold price for broken rice should be fixed at 135 % of the threshold price for maize;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The threshold prices for husked round grain rice, husked long grain rice, milled round grain rice and milled long grain rice shall be, in units of account per tonne, as follows:

fixing additional amounts for poultrymeat products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2777/75 of 29 October 1975 on the common organization of the market in poultrymeat⁽¹⁾, as amended by Regulation (EEC) No 369/76⁽²⁾, and in particular Article 8 (4) thereof,

Whereas if, for a given product, the free-at-frontier offer price (hereinafter called the 'offer price') falls below the sluice-gate price, the levy applicable to that product must be increased by an additional amount equal to the difference between the sluice-gate price and the offer price determined in accordance with Article 1 of Commission Regulation No 163/67/EEC of 26 June 1967 on fixing the additional amount for imports of poultry farming products from third countries⁽³⁾, as last amended by Regulation (EEC) No 1527/73⁽⁴⁾;

Whereas the offer price must be determined for all imports from all third countries; whereas, if exports from one or more third countries are effected at abnormally low prices, lower than prices ruling for other third countries, a second offer price must be determined for exports from these other countries;

Whereas the regular review of the information serving as a basis for the determination of average offer prices for poultrymeat products other than slaughtered poultry and halves or quarters indicates that additional amounts corresponding to the figures shown in the Annex hereto should be fixed for the imports specified in that Annex;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Poultrymeat and Eggs,

HAS ADOPTED THIS REGULATION:

Article 1

The additional amounts provided for in Article 8 of Regulation (EEC) No 2777/75 are hereby fixed as shown in the Annex for the products listed in Article 1 (1) of that Regulation which appear in the Annex.

COMMISSION REGULATION (EEC) No 1633/78

of 12 July 1978

fixing the basic amount of the import levy on syrups and certain other sugar products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3330/74 of 19 December 1974 on the common organization of the market in sugar⁽¹⁾, as last amended by Regulation (EEC) No 1396/78⁽²⁾, and in particular Article 15 (7) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 15 (1) of Regulation (EEC) No 3330/74 provides for charging a levy on imports of the products listed in Article 1 (1) of that Regulation ;

Whereas the levy on the products listed in Article 1 (1) (d) of Regulation (EEC) No 3330/74 must be calculated, where appropriate, at a standard rate on the basis of the sucrose content (including other sugars expressed as sucrose) of the product concerned and of the levy on white sugar ; whereas, however, the levies on maple sugar and maple syrup are limited to the amount resulting from application of the rate of duty bound within GATT ;

Whereas Article 7 of Commission Regulation (EEC) No 837/68 of 28 June 1968 on detailed rules for the application of levies on sugar⁽³⁾, as last amended by Regulation (EEC) No 1428/78⁽⁴⁾, provides that the basic amount of the levy for 100 kilograms of product must be fixed per percentage of sucrose content ;

Whereas the basic amount of the levy must be equal to one-hundredth of the average of the levies applicable to 100 kilograms of white sugar during the first 20 days of the month preceding the month for which the basic amount of the levy is fixed ; whereas, however, the levy applicable to white sugar on the day of the fixing of the basic amount must be substituted for the average of the levies, where that levy differs by at least 0.60 unit of account from that average ;

Whereas the basic amount must be fixed every month ; whereas it must, however, be altered during the period between the day on which it is fixed and

the first day of the month following the month for which the basic amount is applicable, if the levy on white sugar differs by at least 0.60 unit of account from the average referred to above or from the levy on white sugar used to fix the basic amount ; whereas, in this case, the basic amount must be equal to one-hundredth of the levy on white sugar used to calculate the alteration ;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous subparagraph ;

Whereas the basic amount thus fixed must be adjusted on the basis of variations in the threshold price for white sugar occurring between the month in which the basic amount is fixed and the period of application ; whereas this adjustment, equal to one-hundredth of the difference between these two threshold prices, must be deducted from or added to the basic amount in the circumstances provided for in Article 7 (6) of Regulation (EEC) No 837/68,

HAS ADOPTED THIS REGULATION :

Article 1

The basic amount of the import levy on the products listed in Article 1 (1) (d) of Regulation (EEC) No 3330/74 is hereby fixed, per 100 kilograms of product, at 0.2833 unit of account per percentage point of sucrose content.
