COMMISSION REGULATION (EEC) No 2830/78

of 1 December 1978

altering the components used to calculate the differential amounts for colza and rape seed

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by Regulation (EEC) No 1562/78⁽²⁾;

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to Regulation (EEC) No 1511/78 is hereby replaced by the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 4 December 1978.

COMMISSION REGULATION (EEC) No 2831/78
of 1 December 1978
fixing the world market price for colza and rape seed

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the markets in oils and fats⁽¹⁾, as last amended by Regulation (EEC) No 1562/78⁽²⁾,

Having regard to Council Regulation (EEC) No 1569/72 of 20 July 1972 laying down special measures for colza and rape seed⁽³⁾, as last amended by Regulation (EEC) No 852/78⁽⁴⁾,

Having regard to the opinion of the Monetary Committee,

Whereas, pursuant to Article 9 (4) of Regulation (EEC) No 2300/73, the Commission must determine the world market price for colza and rape seed;

oil seeds⁽⁷⁾, as last amended by Regulation (EEC) No 2811/78⁽⁸⁾;

Whereas, to enable the price system to operate normally, the world market price should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous subparagraph;

Whereas, applying all these provisions, the world market price for colza and rape seed should be fixed as shown in the table annexed to this Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

The world market price referred to in Article 9 (4) of Regulation (EEC) No 2300/73 and the rates to be used for converting them into national currencies shall be as shown in the table annexed to this Regulation.

COMMISSION REGULATION (EEC) No 2832/78

of 1 December 1978

fixing the refunds on milk and milk products exported in the natural state

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
804/68 of 27 June 1968 on the common organization
of the market in milk and milk products⁽¹⁾, as last
amended by Regulation (EEC) No 1761/78⁽²⁾, and in
particular Article 17 (4) thereof,

Having regard to the opinion of the Monetary
Committee,

Whereas Article 17 of Regulation (EEC) No 804/68
provides that the difference between prices in interna-
tional trade for the products listed in Article 1 of that
Regulation and prices for those products within the
Community may be covered by an export refund;

Whereas Council Regulation (EEC) No 876/68 of 28
June 1968 laying down general rules for granting
export refunds on milk and milk products and criteria
for fixing the amount of such refunds⁽³⁾, as amended
by Regulation (EEC) No 2429/72⁽⁴⁾, provides that
when the refunds on the products listed in Article 1
of Regulation (EEC) No 804/68, exported in the
natural state, are being fixed account must be taken
of:

- the existing situation and the future trend with
regard to prices and availabilities of milk and milk
products on the Community market and prices for
milk and milk products in international trade;
- marketing costs and the most favourable transport
charges from Community markets to ports or
other points of export in the Community, as well
as costs incurred in placing the goods on the
market of the country of destination;
- the aims of the common organization of the
market in milk and milk products which are to
ensure equilibrium and the natural development
of prices and trade on this market;

— the need to avoid disturbances on the Community
market; and

— the economic aspect of the proposed exports;

Whereas Article 3 (1) of Regulation (EEC) No 876/68
provides that when prices within the Community are
being determined account should be taken of the
ruling prices which are most favourable for exporta-
tion, and that when prices in international trade are
being determined particular account should be taken
of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of
destination for third country imports;
- (c) producer prices recorded in exporting third coun-
tries, account being taken, where appropriate, of
subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices;

Whereas Article 4 of Regulation (EEC) No 876/68
provides that the world market situation or the
specific requirements of certain markets may make it
necessary to vary the refund on the products listed in
Article 1 of Regulation (EEC) No 804/68 according to
destination;

Whereas Article 5 (1) of Regulation (EEC) No 876/68
provides that the list of products on which export
refunds are granted and the amount of such refunds
should be fixed at least once every four weeks;
whereas the amount of the refund may, however,
remain at the same level for more than four weeks;

Whereas Article 2 of Commission Regulation (EEC)
No 1098/68 of 27 July 1968 on detailed rules for the
application of export refunds on milk and milk
products⁽⁵⁾, as last amended by Regulation (EEC) No
37/75⁽⁶⁾, provides that the refund on products falling
within subheading 04.02 B is equal to the sum of two

components, the first representing the quantity of milk products and the second representing the quantity of added sucrose; whereas, however, the latter component applies only if the added sucrose was produced from beet or cane harvested within the Community;

Whereas for the products falling within subheading 04.02 B II a) or 04.02 B II b) 1 with a fat content not exceeding 9.5 % by weight the first component referred to above is fixed for 100 kilograms of the whole product; whereas for the other products falling within subheading 04.02 B this component is calculated by multiplying the basic amount by the milk product content of the product in question; whereas this basic amount is the refund on one kilogram of milk products contained in the product;

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation (EEC) No 3330/74 of 19 December 1974 on the common organization of the market in sugar⁽¹⁾, as last amended by Regulation (EEC) No 1396/78⁽²⁾;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous subparagraph;

Whereas the special conditions concerning the payment of the refund for skimmed-milk powder for

use as feed in the country of destination were laid down in Regulation (EEC) No 2054/76⁽³⁾, as last amended by Regulation (EEC) No 2413/78⁽⁴⁾;

Whereas the level of refund for cheeses is calculated for products intended for direct consumption; whereas the cheese rinds and cheese wastes are not products intended for this purpose; whereas, to avoid any confusion in interpretation, it should be specified that there will be no refund for these products which fall within heading No 04.04;

Whereas it follows from applying these rules to the present situation on the market in milk and milk products, and in particular to prices for these products within the Community and on the world market, that the refund should be fixed at the amounts shown in the Annex to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

1. The refunds referred to in Article 17 of Regulation (EEC) No 804/68 on products exported in the natural state are hereby fixed at the amounts shown in the Annex hereto.
2. No refund is fixed for exports to Zone E for products falling within heading Nos 04.01, 04.02, 04.03 and 23.07 of the Common Customs Tariff.

Article 2

This Regulation shall enter into force on 2 December 1978.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

1. The prices offered must be expressed in the currency of the Member State in which the invitation to tender was issued.

2. Tenders must in particular mention the Member State in which the tenderer, in the event of his being declared successful, expects to complete the customs export formalities for the products concerned.

3. For the purpose of rendering the tenders comparable, the prices shall, where appropriate, be corrected by the monetary compensatory amount applicable on the closing date for submission of tenders to exports from the Member State mentioned in the tender pursuant to paragraph 2.

Such correction shall be made by:

- increasing prices which mention a Member State whose currency has depreciated or a new Member State,
- reducing prices which mention a Member State whose currency has been revalued.

The monetary compensatory amount shall, where appropriate, be converted into the currency of the Member State in which the invitation to tender is issued using:

- in the case when the currencies concerned are kept at any given moment within a band of 2.25 %, a conversion rate resulting from their central rate,
- in other cases, the average of the spot rates of the currencies concerned recorded in the Member State in which the invitation to tender is issued during a period from the Wednesday of one week to the Tuesday of the following week being the period immediately preceding the closing date for submission of tenders.

Article 4

The contract shall be awarded to the tenderer offering the best terms, taking into consideration the adjustment referred to in Article 3 (3).

However, if the tenders submitted do not appear to reflect normal prices and costs, the intervention agency may cancel the invitation to tender.

Article 5

1. The tenderer shall give security of an amount of 10 units of account per tonne of goods.

It shall be released:

- in the case of all tenderers whose tenders are unsuccessful or are not accepted,
- in the case of the successful tenderer, when the operations concerned have been carried out within the prescribed time limit and on submission of the original export licence, duly granted and endorsed by the competent authorities of the Member State mentioned in the tender pursuant to Article 3 (2),
- in the case of the successful tenderer, for quantities not supplied by reason of *force majeure*.

2. The security required under paragraph 1 may be provided in the form of a cash deposit or of a guarantee issued by a credit institution conforming to criteria laid down by each Member State.

Article 6

1. The common wheat flour referred to in Article 1 to be supplied to Vietnam must meet the following requirements:

- moisture: 14 % maximum,
- protein content: 10.5 % minimum (N × 6.25 on dry matter),
- ash content: 0.62 % maximum referred to dry matter.

Flour not meeting these requirements shall be refused.

2. Tenders for supply to Vietnam of the common wheat flour referred to in Article 1 must relate to a product with the following characteristics :

- moisture : 14 % maximum,
- protein content : 10.5 % minimum ($N \times 6.25$ on dry matter),
- ash content : 0.62 % maximum referred to dry matter.

Article 7

1. The Dutch intervention agency shall be responsible for operations relating to the invitation to tender provided for by this Regulation.

2. It shall forthwith communicate to the Commission the list of firms which have responded to the invitation to tender, specifying the terms of each tender, together with the name and business name of the successful tenderer.

3. Where the customs export formalities for the mobilized product are completed in a Member State other than that in which the invitation to tender is issued, the intervention agency of the latter Member State shall be responsible for the operations following tendering, including payment to the successful tenderer.

In such case, the intervention agency choosing the successful tenderer shall immediately inform the intervention agency of the Member State concerned and shall supply it with all the information which it may require.

Furthermore, the amount of the successful tender shall be paid after it has been converted using the average of the spot rates referred to in the second subparagraph of Article 3 (3) to the tenderer in the

currency of the Member State in which the operations relating to the tendering are completed.

4. The intervention agency shall request the successful tenderer to supply the following information :

- (a) after each shipment, a statement giving details of the quantities loaded, the quality of the products and the type of packing ;
- (b) the date of the departure of the ships ; the estimated date of arrival of the products at their destination ;
- (c) all possible contingencies which might occur during transportation of the products.

The information indicated above shall be forwarded by the intervention agency to the Commission immediately upon receipt.

5. When the intervention agency responsible for the operations relating to tendering is not the intervention agency which appoints the successful tenderer, it shall send as soon as possible to the latter the information necessary for releasing the security.

Article 8

As regards this tender, the intervention agency is authorized to make an initial payment of 80 % of the value of the quantity given in the bill of lading, on presentation of that document and subject to the taking of a security for an amount equal to the initial payment.
