COMMISSION REGULATION (EEC) No 2844/78
of 4 December 1978

re-establishing the levying of customs duties on woven fabrics of silk, falling within heading No 50.09 and originating in South Korea and India, to which the preferential tariff arrangements set out in Council Regulation (EEC) No 1197/78 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1197/78 of 30 May 1978 opening, allocating and providing for the administration of Community tariff preferences for textile products originating in developing countries and territories⁽¹⁾, and in particular Article 4 thereof,

Whereas Article 2 (1) and (3) of that Regulation provides that customs duties may, for each category of products listed in Annex C to that Regulation, be suspended up to a Community ceiling equal to 87 % of the sum arrived at by adding together the value of the products in question, in tonnes, imported into the Community in 1968 and coming from countries listed in Annex D thereto, but not including products coming from countries already covered by various preferential tariff arrangements established by the Community, and 5 % of the 1970 tonnage of such imports coming from other countries and from countries already covered by such arrangements; whereas, having regard to that ceiling, the amounts for products originating in any one of the countries listed in Annex D should be within a maximum Community amount representing 50 % of that ceiling, with the exception of certain products for which the maximum amount is to be reduced to the percentage indicated in Annex C to the abovementioned Regulation; whereas, for those products, this reduced percentage will be 20 %;

Whereas Article 3 (2) of that Regulation provides that the levying of customs duties may be re-established at any time in respect of imports of the products in question originating in any of the said countries and territories, with the exception of countries listed in Annex

E thereto, once the relevant Community maximum amount has been reached;

Whereas, in respect of woven fabrics of silk, the ceiling, calculated as indicated above, should be 97 tonnes, and therefore the maximum amount is 19 400 tonnes; whereas on 27 November 1978 the amounts of imports into the Community of woven fabrics of silk, originating in South Korea and India, countries covered by preferential tariff arrangements, reached that maximum amount; whereas, bearing in mind the objectives of Regulation (EEC) No 1197/78 which provides that maximum amounts should not be exceeded, customs duties should be re-established in respect of the products in question in relation to South Korea and India,

HAS ADOPTED THIS REGULATION:

Article 1

As from 8 December 1978 the levying of customs duties, suspended in pursuance of Council Regulation (EEC) No 1197/78, shall be re-established in respect of the following products imported into the Community and originating in South Korea and India:

CCT heading No	Description
50.09	Woven fabrics of silk, of noil or other waste silk

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Whereas, in respect of articles of jewellery and parts thereof, of precious metal, falling within subheading 71.12 A, the ceiling, calculated as indicated above, should be 5 484 000 units of account, and therefore the maximum amount is 2 742 000 units of account; whereas on 24 November 1978, the amounts of imports into the Community of articles of jewellery and parts thereof, of precious metal, falling within subheading 71.12 A, originating in Hong Kong, a country covered by preferential tariff arrangements, reached that maximum amount; whereas, bearing in mind the objectives of Regulation (EEC) No 2705/77 which provides that maximum amounts should not be exceeded, customs duties should be re-established in respect of the products in question in relation to Hong Kong,

Whereas Article 1 (3) and (4) of that Regulation provides that customs duties may, for each category of products, be suspended up to a Community ceiling, expressed in units of account, which will be equal — with the exception of certain products the value of the ceilings for which is given in Annex A to the Regulation in question — to the sum arrived at by adding together the value of the products in question imported cif into the Community in 1974 and coming from countries and territories covered by those arrangements, but not including products coming from countries and territories already covered by various preferential tariff arrangements established by the Community, and 5 % of the value of 1975 cif imports coming from other countries and from countries and territories already covered by such arrangements; whereas, however, the ceiling resulting from the sum of this addition may in no case exceed 225 % of the preferential ceiling opened for 1976;

Whereas, having regard to that ceiling, the amounts for products originating in any one of the countries or territories listed in Annex B to that Regulation should be within a maximum Community amount representing 50 % of that ceiling, with the exception of certain products for which the maximum amount is to be reduced to the percentage indicated in Annex A to that Regulation; whereas, for these products, this reduced percentage will be 25 %;

Whereas Article 2 (2) and (3) of that Regulation provides that the levying of customs duties may be re-established at any time in respect of imports of the products in question originating in any of the said countries or territories — with the exception of those listed in Annex C to the same Regulation — once the relevant Community amount has been reached;

⁽¹⁾ OJ No L 324, 19. 12. 1977, p. 23.

Whereas, in respect of electronic calculating machines, not incorporating a printing device, falling within subheading 84.52 ex A, the ceiling, calculated as indicated above, should be 28 840 000 units of account, and therefore the maximum amount is 7 210 000 units of account; whereas on 24 November 1978, the amounts of imports into the Community of electronic calculating machines, not incorporating a printing device, falling within subheading 84.52 ex A, originating in Hong Kong, a country covered by preferential tariff arrangements, reached that maximum amount; whereas, bearing in mind the objectives of Regulation (EEC) No 2705/77 which provides that maximum amounts should not be exceeded, customs duties should be re-established in respect of the products in question in relation to Hong Kong,

HAS ADOPTED THIS REGULATION:

Article 1

COMMISSION REGULATION (EEC) No 2847/78

of 4 December 1978

re-establishing the levying of customs duties on electrical capacitors, fixed or variable, falling within heading No 85.18 and originating in Yugoslavia, to which the preferential tariff arrangements set out in Council Regulation (EEC) No 2705/77 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2705/77 of 28 November 1977 establishing preferential tariffs in respect of certain products originating in developing countries ⁽¹⁾, and in particular Article 4 (2) thereof,

Whereas Article 1 (3) and (4) of that Regulation provides that customs duties may, for each category of products, be suspended up to a Community ceiling, expressed in units of account, which will be equal — with the exception of certain products the value of the ceilings for which is given in Annex A to the Regulation in question — to the sum arrived at by adding together the value of the products in question imported cif into the Community in 1974 and coming from countries and territories covered by those arrangements, but not including products coming from countries and territories already covered by various preferential tariff arrangements established by the Community, and 5 % of the value of 1975 cif imports coming from other countries and from countries and territories already covered by such arrangements; whereas, however, the ceiling resulting from the sum of this addition may in no case exceed 225 % of the preferential ceiling opened for 1976;

Whereas Article 2 (2) and (3) of that Regulation provides that the levying of customs duties may be

re-established at any time in respect of imports of the products in question originating in any of the said countries or territories — with the exception of those listed in Annex C to the same Regulation — once the relevant Community amount has been reached;

Whereas, in respect of electrical capacitors, fixed or variable, the ceiling, calculated as indicated above, should be 9 130 800 units of account, and therefore the maximum amount is 1 826 160 units of account; whereas on 27 November 1978, the amounts of imports into the Community of electrical capacitors, fixed or variable, originating in Yugoslavia, a country covered by preferential tariff arrangements, reached that maximum amount; bearing in mind the objectives of Regulation (EEC) No 2705/77 which provides that maximum amounts should not be exceeded, customs duties should be re-established in respect of the products in question in relation to Yugoslavia,
