COMMISSION REGULATION (EEC) No 751/79

of 17 April 1979

on the sale for export of olive oil held by the Italian intervention agency

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Whereas, pursuant to Article 11 (1) of Regulation No 136/66/EEC, the Italian intervention agency bought in large quantities of olive oil during the 1977/78 marketing year;

Whereas Commission Regulation (EEC) No 2960/77 of 23 December 1977 on detailed rules for the sale of olive oil held by intervention agencies⁽³⁾ laid down the conditions for the sale by tender of olive oil on the Community market and for export; whereas at the present time there exist opportunities for exporting refined olive residue oil to African countries; whereas, therefore, the oil necessary for the manufacture of the abovementioned product for export to such countries should be put up for sale by tender;

Whereas, in order to ensure the proper functioning of the system described above, it should be laid down that the security will be released only on presentation of proof that the product has reached its destination;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION:

Article 1

COMMISSION REGULATION (EEC) No 752/79

of 17 April 1979

introducing a countervailing charge on cucumbers originating in Greece

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables⁽¹⁾, as last amended by Regulation (EEC) No 325/79⁽²⁾, and in particular the second subparagraph of Article 27 (2) thereof,

Whereas Article 25 (1) of Regulation (EEC) No 1035/72 provides that, if the entry price of a product imported from a third country remains at least 0.50 unit of account below the reference price for two consecutive market days, a countervailing charge must be introduced in respect of the exporting country concerned, save in exceptional circumstances; whereas this charge is equal to the difference between the reference price and the arithmetic mean of the last two entry prices available for that exporting country;

Whereas Commission Regulation (EEC) No 213/79 of 5 February 1979 fixing the reference price for cucumbers for the months of February to April 1979⁽³⁾ fixed the reference price for products of Class I for April 1979 at 52.93 units of account per 100 kilograms net;

Whereas the entry price for a given exporting country is equal to the lowest representative prices recorded for at least 30 % of the quantities from the exporting country concerned which are marketed on all representative markets for which prices are available less the duties and the charges indicated in Article 24 (3) of Regulation (EEC) No 1035/72; whereas the meaning of representative price is defined in Article 24 (2) of Regulation (EEC) No 1035/72;

Whereas, in accordance with Article 3 (1) of Regulation (EEC) No 2118/74⁽⁴⁾, as last amended by Regulation (EEC) No 668/78⁽⁵⁾, the prices to be taken into consideration must be recorded on the representative markets or, in certain circumstances, on other markets; whereas it is necessary to multiply the prices

with the coefficients fixed in Article 1 (2) of Regulation (EEC) No 213/79;

Whereas, for Greek cucumbers, the entry price calculated in this way has remained at least 0.50 unit of account below the reference price for two consecutive market days; whereas a countervailing charge should therefore be introduced for these cucumbers;

Whereas if the system is to operate normally the entry price should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas Council Regulation (EEC) No 652/79 of 29 March 1979⁽⁶⁾, laid down the coefficient for expressing amounts, fixed in units of account, in ECU,

HAS ADOPTED THIS REGULATION:

Article 1

A countervailing charge of 6.71 units of account per 100 kilograms net is applied to cucumbers (subheading 07.01 P I of the Common Customs Tariff) originating in Greece.

Article 2

This Regulation shall enter into force on 19 April 1979.
