COMMISSION REGULATION (EEC) No 1351/79

of 29 June 1979

amending Regulation (EEC) No 2226/78 laying down detailed rules for the application of intervention measures in the beef and veal sector

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal⁽¹⁾, as last amended by Regulation (EEC) No 425/77⁽²⁾, and in particular Article 6 (5) thereof,

Having regard to Council Regulation (EEC) No 1274/79 of 25 June 1979 fixing the guide price and the intervention price for adult bovine animals for the 1979/80 marketing year⁽³⁾, and in particular Article 3 (4) thereof,

Whereas Regulation (EEC) No 1274/79 laid down that a decision may be taken to suspend intervention purchases when the market price of one or more qualities of meat exceeds a stated level; whereas the market prices may be accorded under the conditions laid down in Commission Regulation (EEC) No 610/77⁽⁴⁾, as last amended by Regulation (EEC) No 1350/79⁽⁵⁾; whereas Commission Regulation (EEC) No 2226/78⁽⁶⁾, as amended by Regulation (EEC) No 2747/78⁽⁷⁾, should accordingly be amended;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

Article 3 (4) of Regulation (EEC) No 2226/78 is hereby replaced by the following text:

'4. For the 1979/80 marketing year, the market prices referred to in Article 3 of Regulation (EEC) No 1274/79 shall be recorded each week in accordance with Article 8 of Regulation (EEC) No 610/77.

Suspension of buying in pursuant to Article 3 (1) (a) and (b) of Regulation (EEC) No 1274/79 shall take place on the second Monday following the price recording referred to in the previous subparagraph. In this case, meat bought in shall be taken over by the intervention agencies not later than the end of the week following such recording.

Resumption of buying in, as provided for in Article 3 (2) of Regulation (EEC) No 1274/79, shall take place on the second Monday following the price recording referred to in the first subparagraph. However, if the market situation in a region makes it necessary, the date of resumption shall be brought forward but in no case may buying be resumed before the Monday following the said recording.'

Article 2

This Regulation shall enter into force on 2 July 1979.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 1352/79

of 29 June 1979

fixing the buying in prices for beef applicable from 2 July 1979 and repealing
Regulation (EEC) No 1045/78

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
805/68 of 27 June 1968 on the common organization
of the market in beef and veal ⁽¹⁾, as last amended by
Regulation (EEC) No 425/77 ⁽²⁾, and in particular
Article 6 (5) (c) thereof,

Whereas, in accordance with Council Regulation
(EEC) No 1302/73 ⁽³⁾, as amended by Regulation
(EEC) No 427/77 ⁽⁴⁾, the qualities and cuts of products
to be bought in by intervention agencies must be
determined with a view, on the one hand, to the need
to give effective support to the market and to ensure
the necessary balance between the market in question
and that in other livestock production and, on the
other hand, to the Community's financial responsibili-
ties in the matter; whereas it is therefore desirable to
limit buying in to certain cuts of meat;

Whereas the upper and lower limits for buying in
prices must be fixed in such a way as to allow interven-
tion agencies to take account of the differences of
value in meat arising out of the age, weight, conforma-
tion and finish of the animals concerned;

Whereas it is desirable to fix the upper limits for
buying in prices at a level corresponding to the inter-
vention price fixed by Council Regulation (EEC) No
1274/79 ⁽⁵⁾, for the 1979/80 marketing year by

applying the coefficients fixed in Commission Regula-
tion (EEC) No 2226/78 ⁽⁶⁾, as last amended by Regula-
tion (EEC) No 1351/79 ⁽⁷⁾; whereas the new guide
price enters into force on 2 July 1979 and this entails
an alteration of the buying in prices, thus making it
necessary to replace Commission Regulation (EEC)
No 1045/78 ⁽⁸⁾, as last amended by Regulation (EEC)
No 2747/78 ⁽⁹⁾;

Whereas the Management Committee for Beef and
Veal has not delivered an opinion within the time
limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

With effect from 2 July 1979 intervention agencies
shall buy in beef offered to them in accordance with
the conditions laid down in Regulation (EEC) No
2226/78 at prices determined within the limits laid
down for each product in the Annex to this Regula-
tion having regard to the age, weight, conformation
and finish of the animals from which the said
products are obtained.

Article 2

Regulation (EEC) No 1045/78 is hereby repealed.

Article 3

This Regulation shall enter into force on 2 July 1979.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

of 29 June 1979

extending for the 1979/80 marketing year the detailed rules of application for the granting of a slaughter premium for producers of bovine animals provided for by Regulation (EEC) No 926/77

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 870/77 of 26 April 1977 authorizing Member States to grant a premium on the slaughter of certain adult bovine animals for slaughtering during the 1977/78 marketing year⁽¹⁾, and in particular Article 4 thereof,

Whereas Article 1 of Council Regulation (EEC) No 996/78⁽²⁾ provides for the arrangements laid down in Regulation (EEC) No 870/77 to be extended for the 1978/79 marketing year;

Whereas application of the provisions of Regulation (EEC) No 870/77 has again been extended for the 1979/80 marketing year by Article 1 of Council Regulation (EEC) No 1275/79 of 25 June 1979⁽³⁾;

Whereas, accordingly, provision should also be made for extending the provisions of Commission Regulation (EEC) No 926/77⁽⁴⁾, as amended by Regulation

(EEC) No 1046/78⁽⁵⁾, for the 1979/80 marketing year;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

In Articles 2 and 8 of Regulation (EEC) No 926/77, the expression '1978/79 marketing year' is in each case replaced by the expression '1979/80 marketing year'.

It shall apply with effect from 2 July 1979.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 1354/79

of 29 June 1979

laying down detailed rules of application for the granting of a premium for the birth of calves for a further period of 12 months

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1276/79 of 25 June 1979 granting a premium for the birth of calves ⁽¹⁾, and in particular Article 2 thereof,

Having regard to Council Regulation (EEC) No 878/77 of 26 April 1977 on the exchange rates to be applied in agriculture ⁽²⁾, as last amended by Regulation (EEC) No 1266/79 ⁽³⁾, and in particular Articles 4 (3) and 5 thereof,

Whereas, under Article 1 of Regulation (EEC) No 1276/79, the Member States which apply the system of premiums for the birth of calves referred to in Article 1 of Council Regulation (EEC) No 997/78 ⁽⁴⁾, are to continue to grant a premium for every calf born on their territory during a further period of 12 months and still alive six months after its birth; whereas the calves entitled to this premium should be identified to avoid fraud;

Whereas Regulation (EEC) No 878/77 lays down that, with regard to the effect on rights and obligations existing at the time when a representative rate is altered, the provisions of Council Regulation (EEC) No 1134/68 ⁽⁵⁾, providing for the alteration of the relationship between the parity of a Member State's currency and the value of the unit of account, shall apply; whereas, however, by virtue of Article 4 (3) of Regulation (EEC) No 878/77, exceptions to the provisions cited above may be granted;

Whereas, for fixing the amount of the aid in national currency, the representative rate in force on the day when the animal reaches the age of six months should be used as the conversion rate;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

1. The premium referred to in Article 1 of Regulation (EEC) No 1276/79 shall be granted at the request

of the producer, provided it is proved to the satisfaction of the competent authority that the calf was born in the Member State concerned during the 12 month period referred to in Article 1 (1) thereof, that it has been identified and that it is still alive at the age of six months.

2. The full amount of this premium of 42-313 313 ECU shall be paid in a single payment not later than 60 days after the date of the approval of the application by the competent authority.

3. The start of the 12 month period may vary from one administrative region of the Member State concerned to another, between 3 March and 4 April 1979.

4. The representative rate to be employed under this Regulation shall be that in force, in accordance with Regulation (EEC) No 878/77, on the day when the animal reaches the age of six months.

Article 2

The Member States granting the said premium shall take all necessary measures to ensure that the provisions of this Regulation are complied with.

Article 3

1. The Member States granting the said premium shall notify the Commission of all measures taken to implement the premium arrangements not later than 10 days after the date on which such measures come into effect and in particular those relating to the identification of the calves by means of an indelible mark or any other equivalent method.

2. Member States granting the said premium shall notify the Commission of the number of animals becoming entitled to the premium during each month not later than one month after the end of the relevant month.

Article 4

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*. It shall apply with effect from the day following that on which the application of the system laid down in Article 1 of Regulation (EEC) No 997/78 ends.

Whereas Commission Regulation (EEC) No 2793/77⁽³⁾, as amended by Regulation (EEC) No 776/79⁽⁴⁾, fixes *inter alia* the amount of the special aid for skimmed milk for use as feed for animals other than young calves; whereas, taking into account the development of the market situation, it seems necessary to adjust both the amount of the aid and the maximum selling price of skimmed milk applied by dairies;

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 2793/77 is amended as follows:

COMMISSION REGULATION (EEC) No 1364/79

of 29 June 1979

fixing the import levies on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products⁽¹⁾, as last amended by Regulation (EEC) No 1761/78⁽²⁾, and in particular Article 14(8) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 14 of Regulation (EEC) No 804/68 provides for charging a levy on imports of the products listed in Article 1 of that Regulation; whereas these products may be divided into groups; whereas the product groups and the pilot groups and the pilot product for each of these groups are set out in Annex I to Council Regulation (EEC) No 823/68 of 28 June 1968 determining the groups of products and the special provisions for calculating levies on milk and milk products⁽³⁾, as last amended by Regulation (EEC) No 1000/78⁽⁴⁾;

Whereas the levy on the products in any one group must be equal to the threshold price for the pilot product less the free-at-frontier price; whereas these threshold prices were fixed for the 1979/80 milk year by Council Regulation (EEC) No 1268/79 of 25 June 1979⁽⁵⁾;

Whereas, however, Regulation (EEC) No 823/68 lays down special provisions for calculating the levy on certain assimilated products; whereas these products are listed and the method of calculating the levy on them described in Annex II and in Articles 2 to 7 of that Regulation respectively; whereas this method consists in adding together the various components defined in those Articles;

Whereas Commission Regulation (EEC) No 1073/68 of 24 July 1968 laying down detailed rules for determining free-at-frontier prices and for fixing levies in respect of milk and milk products⁽⁶⁾, provides that the component of the levy fixed by means of a coefficient expressing the weight ratio between the milk powder contained in the product and the product itself is, for the products falling within subheading 04.02 B I b) listed in Annex II to Regulation (EEC) No 823/68, calculated by multiplying the basic

amount by the quantity of milk powder contained in the product; whereas the same applies to products falling within subheading 04.02 B II b) as regards the component of the levy fixed by means of a coefficient expressing the weight ratio between the milk components contained in the product and the product itself;

Whereas the basic amount must be equal to one hundredth part of the levy set out for each product in the second subparagraph of Article 9(1) and the second subparagraph of Article 9(2) of Regulation (EEC) No 1073/68;

Whereas, for products belonging to Group No 11, originating in and coming from third countries, for which it is found on importation into the Community that the ruling price is not less than 150 units of account per 100 kilograms for products falling within subheading 04.04 E I b) 2, or not less than 130 units of account per 100 kilograms for products falling within subheading 04.04 E I b) 3, or not less than 115 units of account for products falling within subheading 04.04 E I b) 4, the levy per 100 kilograms is defined in Article 8 of Regulation (EEC) No 823/68;

Whereas, for as long as it is found that on importation into the Community the price of an assimilated product for which the levy is not equal to the levy on its pilot product is considerably lower than the price which would obtain if the ratio to the price of the pilot product were normal, the levy must be equal to the sum of two components:

- one component equal to the amount resulting from the provisions of Articles 2 to 7 of Regulation (EEC) No 823/68 applicable to the assimilated product in question;
- an additional component fixed at a level which, the composition and quality of the assimilated product being taken into account, makes it possible to re-establish normal price ratios for imports into the Community;

Whereas Article 14(3) of Regulation (EEC) No 804/68 provides that the levy on products in respect of which the customs duty has been bound within GATT must be limited to the amount resulting from that binding;

Whereas Regulation (EEC) No 1073/68 provides that a free-at-frontier price must be established for each of the pilot products defined in Annex I to Regulation

(1) OJ No L 148, 28. 6. 1968, p. 13.

(2) OJ No L 204, 28. 7. 1978, p. 6.

(3) OJ No L 151, 30. 6. 1968, p. 3.

(4) OJ No L 130, 18. 5. 1978, p. 7.

(5) OJ No L 161, 29. 6. 1979, p. 7.

(6) OJ No L 180, 26. 7. 1968, p. 25.

(EEC) No 823/68 ; whereas these prices must be determined for products of good marketable quality ;

Whereas the free-at-frontier prices must be established on the basis of the most favourable purchasing opportunities in international trade for the products listed in Article 1 (a) 2 and (b) to (g) of Regulation (EEC) No 804/68 other than assimilated products for which the levy is not equal to the levy on the related pilot products ; whereas, when recording these purchasing opportunities, the Commission must take account of all information obtained direct or through the Member States concerning prices for delivery of third-country products free-at-Community-frontier and prices on third-country markets ;

Whereas, however, no account should be taken of information relating to small quantities which are not representative of trade in the product in question and quantities in respect of which price trends in general or other information available to it lead the Commission to believe that the price in question is unrepresentative of the real trend of the market ;

Whereas the prices used must be adjusted where they are not quoted free-at-Community-frontier or where they do not apply to products of good marketable quality ; whereas the adjustment in respect of an assimilated product the levy on which is equal to the levy on its pilot product must be effected in such a way as to allow, in particular, for differences in composition, maturity, quality and presentation between the assimilated product and the related pilot product ; whereas adjustments relating to composition must be calculated by multiplying the difference between the milk component content of the pilot product and that of the assimilated product in question by the value attributed in international trade to one unit of weight of the milk component in question ; whereas, when the other adjustments are being effected, the difference between the value attributed on the Community market to each of the relevant characteristics of the pilot product and the value attributed on that market to the corresponding characteristics of the assimilated product in question must be taken into account ;

Whereas, if no information on prices is available, the free-at-frontier price may, by way of exception, be established on the basis of the value of the raw materials contained in the pilot product in question (calculated on the basis of the prices of milk products for which prices are available), average processing costs and average yields ;

Whereas, in exceptional circumstances, a free-at-frontier price may remain unchanged for a limited

period where the new level of the price for a given quality or a specific origin, used as a basis for establishing the previous free-at-frontier price, has not reached the Commission to enable it to establish the next free-at-frontier price and if the Commission considers that the prices which are available could lead to sudden and considerable changes in the free-at-frontier price because they are not sufficiently representative of real market trends ;

Whereas, in accordance with Article 19 (1) of Regulation (EEC) No 804/68, the nomenclature provided for in this Regulation is incorporated in the Common Customs Tariff ;

Whereas Article 8 of Regulation (EEC) No 1073/68 provides that the levies are fixed every fortnight ; whereas they may be altered in the intervening period if necessary ; whereas the levy remains valid until another becomes applicable ;

Whereas, if the levy system is to operate normally, refunds should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, at rate of exchange based on their effective parity ;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous indent ;

Whereas Council Regulation (EEC) No 652/79 of 29 March 1979 ⁽¹⁾ laid down the coefficient for expressing amounts, fixed in units of account, in ECU ;

Whereas it follows from applying these provisions that the levies on milk and milk products should be as set out in the Annex hereto,

HAS ADOPTED THIS REGULATION :

Article 1

The import levies referred to in Article 14 (1) of Regulation (EEC) No 804/68 shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 2 July 1979.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 1365/79**of 29 June 1979****fixing the import levies on live cattle and on beef and veal other than frozen**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal ⁽¹⁾, as last amended by Regulation (EEC) No 425/77 ⁽²⁾, and in particular Article 12(8) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas under Article 9 of Regulation (EEC) No 805/68 a levy is applicable to the products specified in Article 1(1)(a) of that Regulation; whereas Article 12 fixes the amount of the levy applicable by reference to a percentage of the basic levy;

Whereas in respect of bovine animals the basic levy is determined on the basis of the difference between the guide price and the Community free-at-frontier offer price plus the amount of the customs duty; whereas the Community free-at-frontier offer price is determined in the light of the most representative purchasing possibilities, as regards quality and quantity, recorded over a certain period for bovine animals and for the fresh or chilled meat specified in section (a) of the Annex to the said Regulation under subheadings 02.01 A II a) 1 to 3, account being taken in particular of the position with respect to supply and demand, of world market prices for frozen meat of a category which is competitive with fresh or chilled meat and of past experience;

Whereas if it is found that the price of adult bovine animals on representative Community markets is higher than the guide price, the levy applicable equals the following percentage of the basic levy:

- (a) 75 % where the market price is less than or equal to 102 % of the guide price;
- (b) 50 % where the market price is more than 102 % and less than or equal to 104 % of the guide price;
- (c) 25 % where the market price is more than 104 % and less than or equal to 106 % of the guide price;
- (d) 0 % where the market price is more than 106 % of the guide price;

Whereas if it is found that the price of adult bovine animals on representative Community markets is equal to or less than the guide price, the levy applicable equals the following percentage of the basic levy:

- (a) 100 % where the market price is more than or equal to 98 % of the guide price;
- (b) 105 % where the market price is less than 98 % and more than or equal to 96 % of the guide price;
- (c) 110 % where the market price is less than 96 % and more than or equal to 90 % of the guide price;
- (d) 114 % where the market price is less than 90 % of the guide price;

Whereas pursuant to Article 10(4) of Regulation (EEC) No 805/68 the basic levy on the meat specified in sections (a), (c) and (d) of the Annex thereto is equal to the basic levy determined for bovine animals, multiplied by a standard coefficient fixed for each of the products in question; whereas these coefficients are fixed by Commission Regulation (EEC) No 586/77 of 18 March 1977 laying down rules for the application of levies on beef and veal and amending Regulation (EEC) No 950/68 on the Common Customs Tariff ⁽³⁾, as last amended by Regulation (EEC) No 882/79 ⁽⁴⁾;

Whereas the guide prices for adult bovine animals to be applied from 2 July 1979 were fixed by Council Regulation (EEC) No 1274/79 of 25 June 1979 ⁽⁵⁾;

Whereas Regulation (EEC) No 586/77 stipulates that the basic levy is to be calculated according to the method set out in its Article 3 and on the basis of all the representative free-at-frontier offer prices of the Community determined for the products of each of the categories and cuts specified in Article 2 and established principally by reference to the prices specified in the customs documents accompanying products imported from third countries or from other information concerning export prices obtaining in those third countries;

Whereas, however, offer prices that do not correspond to real purchasing possibilities or that relate to unrepresentative quantities should not be taken into account; whereas offer prices should also be excluded

when the movement of prices in general or the information available suggests that they are unrepresentative of the true trend of prices in the country of origin ;

Whereas in cases where for one or more categories of bovine animals or cuts of meat a free-at-frontier offer price cannot be established, the most recent available price should be used for the calculation ;

Whereas if the free-at-frontier offer price differs by less than 0.50 unit of account per 100 kilograms of live weight from that previously used for the calculation of the levy, the latter price should be retained ;

Whereas pursuant to Article 10(3) of Regulation (EEC) No 805/68 a special basic levy is determined for certain third countries on the basis of the difference between the guide price and the average price recorded over a certain period plus the amount of the customs duty ;

Whereas Commission Regulation (EEC) No 611/77 of 18 March 1977 ⁽¹⁾, as amended by Regulation (EEC) No 925/77 ⁽²⁾, provides that the special levy on products originating in and coming from Austria, Sweden and Switzerland should be determined on the basis of the weighted average of the prices of adult bovine animals recorded on the representative markets of those third countries ; whereas the weighting coefficients and representative markets are specified in the Annexes to Regulation (EEC) No 611/77 ;

Whereas the average price is not to be used for calculating the special levy unless it is at least one unit of account per 100 kilograms of live weight more than the free-at-frontier offer price determined in accordance with Article 10(2) of Regulation (EEC) No 805/68 ;

Whereas if the average price differs by less than 0.50 unit of account per 100 kilograms of live weight from that previously used to calculate the levy, the latter may be retained ;

Whereas in cases where one or more of the abovementioned third countries adopt, for reasons of health for example, measures affecting the prices recorded on their markets, the Commission may use the latest prices recorded before the entry into force of such measures ;

Whereas pursuant to Article 12(6) of Regulation (EEC) No 805/68 the price of adult bovine animals on representative Community markets is the price established on the basis of prices recorded over a period to be determined on the representative market or

markets of each Member State in respect of the various categories of adult bovine animals or of meat from such animals, after taking into account the size of each of these categories and the relative size of the bovine herd of each Member State ;

Whereas the prices of adult bovine animals recorded on the representative market or markets of each Member State are equal to the average, weighted by the appropriate coefficients, of the prices for the various qualities of adult bovine animals or meat of such animals over a period of seven days in that Member State at a particular wholesale marketing stage ; whereas the representative markets, categories and qualities of products and weighting coefficients are fixed in Annex II to Commission Regulation (EEC) No 610/77 of 18 March 1977 on the determination of prices of adult bovine animals on representative Community markets and the survey of prices of certain other cattle in the Community ⁽³⁾, as last amended by Regulation (EEC) No 1350/79 ⁽⁴⁾ ;

Whereas, for Member States with several representative markets, the price of each category and quality is equal to the arithmetic mean of the prices recorded on each of those markets ; whereas, for representative markets held several times in one period of seven days, the price of each category and quality is equal to the arithmetic mean of the prices recorded on each market day ; whereas in respect of Italy the price of each category and quantity is equal to the average, weighted by the special weighting coefficients fixed in Annex II to Regulation (EEC) No 610/77, of the prices recorded in the surplus and deficit zones ; whereas the price recorded in the surplus zone is equal to the arithmetic mean of the prices recorded on each of the markets within that zone ; whereas in respect of the United Kingdom the weighted average prices of adult bovine animals recorded on the representative markets of Great Britain on the one hand and Northern Ireland on the other are adjusted by the coefficient fixed in the abovementioned Annex II ;

Whereas prices for the different categories and qualities not obtained from prices which are 'live weight excluding tax' are multiplied by the live weight conversion coefficients fixed in Annex II to the said Regulation and, in the case of Italy, are first increased or reduced by the corrective amounts fixed in the said Annex ;

Whereas if one or more Member States, for veterinary or health reasons for example, adopt measures affecting the normal trend of prices recorded on their markets the Commission may disregard the prices

recorded on the market or markets in question, or use the latest prices recorded on the market or markets in question before the entry into force of such measures ;

Whereas, in the absence of information, prices recorded on representative Community markets are determined mainly by reference to the most recently recorded prices ;

Whereas for such period as the price of adult bovine animals recorded on representative Community markets differs by less than 0.20 unit of account per 100 kilograms of live weight from the price previously used the latter is retained ;

Whereas the levies should be so fixed that the obligations arising from international agreements concluded by the Community continue to be fulfilled ; whereas, moreover, account should be taken of Regulation (EEC) No 2170/73 of 31 July 1973 on the conclusion of the Trade Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia ⁽¹⁾, as amended by Regulation (EEC) No 2862/77 ⁽²⁾ and last extended by Regulation (EEC) No 1211/79 ⁽³⁾ ;

Whereas the various cuts of beef and veal are defined in Regulation (EEC) No 586/77 ;

Whereas, pursuant to Article 33(2) of Regulation (EEC) No 805/68, the nomenclature provided for in this Regulation is incorporated in the Common Customs Tariff ;

Whereas the levies and special levies are fixed before the 27th day of each month and are applicable from the first Monday of the following month ; whereas these levies may be altered in the period between two fixings where the basic levy or special basic levy is

altered, or in the case of changes in the prices recorded on Community representative markets ;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent ;

Whereas Council Regulation (EEC) No 652/79 of 29 March 1979 ⁽⁴⁾ laid down the coefficient for expressing amounts, fixed in units of account, in ECU ;

Whereas, having regard to the provisions of the aforementioned Regulations, and in particular to the information and quotations known to the Commission, the levies on live cattle and beef and veal other than frozen meat should be as set out in the Annex hereto,

(¹) In accordance with Regulation (EEC) No 706/76, levies are not applied to imports into the French overseas departments of products originating in the African, Caribbean and Pacific States or in the overseas countries and territories.

(a) The levy shall be established in accordance with the provisions set out in Annex I to the Trade Agreement between the EEC and the Socialist Federal Republic of Yugoslavia.

(b) The levy which is to be applied to young male bovine animals, intended for fattening, of a live weight of 300 kg or less, imported under the conditions set out in Article 13 of Council Regulation (EEC) No 805/68 of 27 June 1968, and in the provisions adopted for its application, is totally or partially suspended in accordance with those provisions.

COMMISSION REGULATION (EEC) No 1366/79

of 29 June 1979

fixing the import levies on frozen beef and veal

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal⁽¹⁾, as last amended by Regulation (EEC) No 425/77⁽²⁾, and in particular Article 12 (8) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas under Article 9 of Regulation (EEC) No 805/68 a levy is applicable to the products specified in Article 1 (1) (a) of that Regulation; whereas Article 12 fixes the amount of the levy applicable by reference to a percentage of the basic levy;

Whereas, in respect of the types of frozen meat listed in section (b) of the Annex to the said Regulation under subheading 02.01 A II b) 1, the basic levy is determined on the basis of the difference between:

- the guide price multiplied by a coefficient representing the ratio existing in the Community between the price of fresh meat of a category competitive with the frozen meat in question, presented in the same form, and the average price of adult bovine animals, and
- the Community free-at-frontier offer price for frozen meat, plus the amount of the customs duty and a standard amount representing the specific costs of the import operations;

Whereas, by Commission Regulation (EEC) No 586/77 of 18 March 1977 laying down rules for the application of the levies on beef and veal and amending Regulation (EEC) No 950/68 on the Common Customs Tariff⁽³⁾, as last amended by Regulation (EEC) No 882/79⁽⁴⁾, the abovementioned coefficient, calculated in accordance with the rules laid down in Article 11 (2) (a) of Regulation (EEC) No 805/68, has been fixed at 1.69 units of account and the standard amount referred to in Article 11 (2) (b) of the said Regulation has been fixed at 5.5 units of account;

Whereas, if it is found that the price of adult bovine animals on representative Community markets is higher than the guide price, the levy applicable equals the following percentage of the basic levy:

- (a) 75 % where the market price is less than or equal to 102 % of the guide price;
- (b) 50 % where the market price is more than 102 % and less than or equal to 104 % of the guide price;
- (c) 25 % where the market price is more than 104 % and less than 106 % of the guide price;
- (d) 0 % where the market price is more than 106 % of the guide price;

Whereas, if it is found that the price of adult bovine animals on representative Community markets is equal to or less than the guide price, the levy applicable equals the following percentage of the basic levy:

- (a) 100 % where the market price is more than or equal to 98 % of the guide price;
- (b) 105 % where the market price is less than 98 % and more than or equal to 96 % of the guide price;
- (c) 110 % where the market price is less than 96 % and more than or equal to 90 % of the guide price;
- (d) 114 % where the market price is less than 90 % of the guide price;

Whereas the guide prices for adult bovine animals to be applied from 2 July 1979 have been fixed by Council Regulation (EEC) No 1274/79 of 25 June 1979⁽⁵⁾;

Whereas the Community free-at-frontier offer price for frozen meat is determined by reference to the world market price based on the most representative purchasing possibilities, as regards quality and quantity, recorded over a certain period preceding the fixing of the basic levy, taking into account in particular:

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 24.

⁽²⁾ OJ No L 61, 5. 3. 1977, p. 1.

⁽³⁾ OJ No L 75, 23. 3. 1977, p. 10.

⁽⁴⁾ OJ No L 111, 4. 5. 1979, p. 14.

⁽⁵⁾ OJ No L 161, 29. 6. 1979, p. 15.

- foreseeable developments on the market in frozen meat,
- the most representative prices on third country markets for fresh and chilled meat of a category which is competitive with frozen meat,
- past experience ;

Whereas the basic levy on the types of frozen meat listed in section (b) of the Annex to Regulation (EEC) No 805/68 under subheadings 02.01 A II b) 2 to 4 is equal to the basic levy fixed for the product falling within subheading 02.01 A II b) 1, multiplied by a standard coefficient fixed for each of the products in question ; whereas these coefficients were fixed in Annex II to Regulation (EEC) No 586/77 ;

Whereas, for the purpose of fixing the free-at-frontier offer prices, offer prices that do not correspond to real purchasing possibilities or that relate to unrepresentative quantities should not be taken into account ; whereas offer prices should also be excluded when the movement of prices in general or the information available gives reason to believe that they are unrepresentative of the true trend of prices in the country of origin ;

Whereas, where the free-at-frontier offer price for frozen meat differs by less than one unit of account per 100 kilograms from that previously used for the calculation of the levy, the latter price should be retained ;

Whereas pursuant to Article 12 (6) of Regulation (EEC) No 805/68 the price of adult bovine animals on representative Community markets is the price established on the basis of prices recorded over a period to be determined on the representative market or markets of each Member State for the various categories of adult bovine animals or of meat from such animals, taking into account the size of each of these categories and the relative size of the bovine herd of each Member State ;

Whereas the prices of adult bovine animals recorded on the representative market or markets of each Member State are equal to the average, weighted by the relevant coefficients, of the prices for the various qualities of adult bovine animals or meat of such animals over a period of seven days in that Member State at a particular wholesale marketing stage ; whereas the representative markets, categories and qualities of products and weighting coefficients are fixed in Annex II to Commission Regulation (EEC) No 610/77 of 18 March 1977 on the determination of prices of adult bovine animals on representative

Community markets and the survey of prices of certain other cattle in the Community⁽¹⁾, as last amended by Regulation (EEC) No 1350/79⁽²⁾ ;

Whereas, for Member States with several representative markets, the price of each category and quality is equal to the arithmetic mean of the prices recorded on each of those markets ; for representative markets held several times in one period of seven days, the price of each category and quality is equal to the arithmetic mean of the prices recorded on each market day ; whereas in respect of Italy the price of each category and quality is equal to the average, weighted by the special weighting coefficients fixed in Annex II to Regulation (EEC) No 610/77, of the prices recorded in the surplus and deficit zones ; whereas the price recorded in the surplus zone is equal to the arithmetic mean of the prices recorded on each of the markets within that zone ; whereas in respect of the United Kingdom the weighted average prices of adult bovine animals recorded on the representative markets of Great Britain on the one hand and Northern Ireland on the other are adjusted by the coefficient fixed in the abovementioned Annex II ;

Whereas prices for the different categories and qualities not obtained from prices which are 'live weight excluding tax', are multiplied by the live weight conversion coefficients fixed in Annex II to the said Regulation and, in the case of Italy, are first increased or reduced by the corrective amounts fixed in the said Annex ;

Whereas if one or more Member States, for veterinary or health reasons for example, adopt measures affecting the normal trend of prices recorded on their markets, the Commission may disregard the prices recorded on the market or markets in question, or use the latest prices recorded on the market or markets in question before the entry into force of such measures ;

Whereas, in the absence of information, prices recorded on representative Community markets are determined mainly by reference to the most recently recorded prices ;

Whereas, for such period as the price of adult bovine animals recorded on representative Community markets differs by less than 0.20 unit of account per 100 kilograms of live weight from the price previously used, the latter is retained ;

Whereas the levies must be so fixed that obligations arising from international agreements concluded by the Community continue to be fulfilled ;

⁽¹⁾ OJ No L 77, 25. 3. 1977, p. 1.

⁽²⁾ See page 1 of this Official Journal.

Whereas the various cuts of frozen meat are defined in Regulation (EEC) No 586/77 ;

Whereas, pursuant to Article 33 (2) of Regulation (EEC) No 805/68, the nomenclature provided for in this Regulation is incorporated in the Common Customs Tariff ;

Whereas the levies are fixed before the 27th day of each month and are applicable from the first Monday of the following month ; whereas these levies may be altered in the period between two fixings where the basic levy is altered, or in the case of changes in the prices recorded on Community representative markets ;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in

relation to the Community currencies referred to in the previous indent ;

Whereas Council Regulation (EEC) No 652/79 of 29 March 1979⁽¹⁾ laid down the coefficient for expressing amounts, fixed in units of account, in ECU ;

Whereas, having regard to the provisions of the aforementioned Regulations, and in particular to the information and quotations known to the Commission, the levies on frozen beef and veal should be as set out in the Annex hereto,

HAS ADOPTED THIS REGULATION :

Article 1

The import levies on frozen beef and veal shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 2 July 1979.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
