COUNCIL REGULATION (EEC) No 1736/79

of 3 August 1979

on interest subsidies for certain loans granted under the European monetary system

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 235 thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Having regard to the opinion of the European Parliament ⁽²⁾,

Having regard to the opinion of the Economic and Social Committee ⁽³⁾,

Whereas, on 18 December 1978, the Council adopted Regulation (EEC) No 3181/78 relating to the European monetary system ⁽⁴⁾;

Whereas, at its meeting of 4 and 5 December 1978, the European Council laid down that this system should include measures to strengthen the economies of the less prosperous Member States participating in it;

Whereas it is of prime importance in fulfilling this purpose that investment programmes and projects in infrastructure be carried out in these less prosperous Member States;

Whereas the loans by the European Investment Bank and those within the framework of Decision 78/870/EEC of 16 October 1978 empowering the Commission to contract loans for the purpose of promoting investment within the Community ⁽⁵⁾ are intended *inter alia* to finance investments in infrastructure; whereas the rates of interest applied to these loans depend on the terms of the corresponding borrowings;

Whereas selected projects and programmes, mainly in infrastructure, in the less prosperous Member States effectively and fully participating in the mechanisms of the European monetary system could be more easily carried out if Community loans carrying interest rate subsidies financed by the general budget of the European Communities were available;

Whereas the European Council requested the Community institutions and the European Investment Bank to grant for a five-year period loans of 1 000 million European units of account a year on special terms, to aid investments in these Member States, those loans made by the Community institutions being within the framework of Decision 78/870/EEC;

Whereas the Community should, during this five-year period, participate in this action by granting interest subsidies on these loans;

Whereas special arrangements are needed for Member States which do not effectively and fully participate in the mechanisms of the European monetary system;

Whereas the European Investment Bank has agreed to participate in implementing this Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

Loans granted from its own resources by the European Investment Bank, hereinafter referred to as 'the Bank', and loans granted under Decision 78/870/EEC to aid investments in the less prosperous Member States may carry an interest subsidy financed by the budget of the European Communities, provided that these States effectively and fully participate in the mechanisms of the European monetary system.

⁽⁵⁾ OJ No L 298, 25. 10. 1978, p. 9.

Article 2

The Council, acting by a qualified majority, shall decide on a proposal from the Commission which Member State or States shall be eligible for the subsidies described in Article 1.

Article 3

To ensure cohesive Community action and to facilitate the selection of projects, indicative programmes shall be drawn up by each Member State involved, in collaboration with the Commission. These indicative programmes shall be concerned particularly with the overall amount and the categories of investment aimed at. Investments in regions for which the Member States are required to submit regional development programmes shall be compatible with such programmes.

Article 4

Applications for the interest subsidies provided for in this Regulation shall be submitted for the opinion of the Member State on the territory of which the project is to be carried out.

Article 5

If the opinion of the Member State concerned is favourable, and subject to approval of the grant of a loan subsidized by the Bank in accordance with Article 6, the Commission shall decide whether or not projects are eligible in accordance with the following guidelines:

- the investment shall be consistent with the Community rules applicable in the relevant sectors,
- the loans shall be concentrated on the financing of infrastructure projects and programmes,
- the investment shall contribute to resolving the main structural problems affecting the State concerned and, in particular, to reducing regional imbalances and to improving the employment situation,
- the investment shall be compatible with the provisions of the Treaty governing competition. Direct or indirect distortion of the competitive position of specific industries within the Member States should be avoided.

Article 6

The subsidized loans covered by this Regulation shall be made and administered in accordance with the

Bank's statute and, where appropriate, with Decision 78/870/EEC.

Article 7

The interest subsidy shall be 3 % per year.

The amount of the loans to be subsidized pursuant to this Regulation shall be 5 000 million European units of account for a period of five years, divided into annual instalments of 1 000 million European units of account.

For the same period, the amount to be entered in the budget to cover the discounted value of these subsidies shall be 1 000 million European units of account divided into annual instalments of 200 million European units of account.

Article 8

Any Member State which does not effectively and fully participate in the mechanisms of the European monetary system shall receive financial compensation financed from the budget, the amount of which is to be determined on the basis of expenditure on interest subsidies under this Regulation.

Article 9

The arrangements for applying this Regulation shall be adopted by the Commission, which may conclude an agreement with the Bank for this purpose.

Article 10

The Commission shall annually inform the Council and the European Parliament of operations carried out pursuant to this Regulation.

By not later than the end of 1980, the Commission shall submit to the Council and the European Parliament a report on the experience gained from application of this Regulation, accompanied, if necessary, by proposals for its revision.

Article 11

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall be applicable as from 1 January 1979.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 1737/79
of 3 August 1979

increasing the volume of the Community tariff quota, opened for 1979, for ferro-chromium, containing not less than 4 % by weight of carbon and falling within subheading ex 73.02 E I of the Common Customs Tariff

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 28 thereof,

After consulting the Commission,

Whereas by Regulations (EEC) No 326/79⁽¹⁾ and (EEC) No 928/79⁽²⁾, the Council opened, for 1979, and allocated among the Member States, a duty-free Community tariff quota for ferro-chromium, containing not less than 4 % by weight of carbon and falling within subheading ex 73.02 E I of the Common Customs Tariff, the volume of which was fixed at the provisional level of 190 000 tonnes; whereas the benefit of the tariff quota in question was extended by Regulation (EEC) No 326/79 up to the limit of 20 % of its volume, to imports of ferro-chromium containing a quantity of between 3 and 4 % by weight of carbon;

Whereas it can be estimated from the economic data now available on consumption, production and imports benefiting from other preferential tariff arrangements that Community requirements of imports from third countries could, during the current year, reach a level far higher than the volume of the abovementioned quota; whereas, in order not to disturb the equilibrium of the market for this ferro-alloy and to ensure parallel development in sales of Community production and satisfactory security of supplies to the consuming industries, it is appropriate to limit any increase in the quota volume to the volume of the needs foreseeable up to 31 December 1979, i.e. 140 000 tonnes, and to review the position in due course with a view to making a further adjustment;

Whereas, as regards the allocation of this volume among the Member States, it is appropriate to assign a relatively small part of the additional volume to a

Community reserve, the balance of this volume being allocated among the Member States in proportion to their foreseeable needs for imports from third countries,

HAS ADOPTED THIS REGULATION:

Article 1

The volume of the Community tariff quota opened by Regulations (EEC) No 326/79 and (EEC) No 928/79 for ferro-chromium, containing not less than 4 % by weight of carbon and falling within subheading ex 73.02 E I of the Common Customs Tariff, shall be raised from 190 000 to 330 000 tonnes.

Article 2

1. A first instalment of the additional volume referred to in Article 1, i.e. 138 000 tonnes, shall be allocated among the Member States as follows:

	(tonnes)
Benelux	8 910
Denmark	25
Germany	57 690
France	21 225
Italy	28 200
United Kingdom	21 950

2. The second instalment of 2 000 tonnes shall constitute the reserve.

The reserve laid down by Article 2 (2) of Regulation (EEC) No 326/79, as amended by Regulation (EEC) No 928/79, is thus raised from 9 000 to 11 000 tonnes.

Article 3

This Regulation shall enter into force on the seventh day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 1738/79**of 3 August 1979****increasing the Community tariff quota opened for 1979 by Regulation (EEC) No 2470/78 for certain plywoods of coniferous species falling within heading No ex 44.15 of the Common Customs Tariff**

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community, and in particular Articles 28
and 113 thereof,

Having regard to the proposal from the Commission,

Whereas, by Regulation (EEC) No 2470/78⁽¹⁾, the
Council opened and allocated among the Member
States, for certain plywoods of coniferous species
falling within heading No ex 44.15 of the Common
Customs Tariff, a Community tariff quota with zero
duty, the volume of which was fixed at a level of
700 000 cubic metres;

Whereas, on the basis of the most recent data on
these products for 1979, it may be estimated that the
additional imports from non-member countries
required by the Community could reach 150 000
cubic metres; whereas, pending a new revision made
on the basis of more precise economic data, it is neces-
sary to increase the quota by 100 000 cubic metres in
order to take into account the said immediate require-
ments; whereas, in order to safeguard the Community

character of the tariff quota in question, the proposed
increase should be added to the Community reserve
set up under the abovementioned Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

1. The volume of the Community tariff quota
opened by Regulation (EEC) No 2470/78 for certain
plywoods of coniferous species falling within heading
No ex 44.15 of the Common Customs Tariff is hereby
increased from 700 000 to 800 000 cubic metres.

2. This increase of 100 000 cubic metres shall be
added to the reserve set up by virtue of Article 2 (3) of
Regulation (EEC) No 2470/78 which is thus increased
from 30 000 to 130 000 cubic metres.

Article 2

This Regulation shall enter into force on the seventh
day following its publication in the *Official Journal

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

COMMISSION REGULATION (EEC) No 1741/79**of 6 August 1979****amending for the fifth time Regulation (EEC) No 1608/76 laying down detailed rules for the description and presentation of wines and grape musts**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 337/79 of 5 February 1979 on the common organization of the market in wine ⁽¹⁾, as amended by Regulation (EEC) No 1303/79 ⁽²⁾, and in particular Article 54 (5) thereof,

Having regard to Council Regulation (EEC) No 355/79 of 5 February 1979 laying down general rules for the description and presentation of wines and grape musts ⁽³⁾, and in particular Article 47 (3) thereof,

Whereas Commission Regulation (EEC) No 1608/76 ⁽⁴⁾, as last amended by Regulation (EEC) No 1730/78 ⁽⁵⁾, laid down detailed rules for describing and presenting wines and grape musts;

Whereas experience gained in applying Regulation (EEC) No 1608/76 has shown that it is necessary to make some additions to that Regulation; whereas it is necessary to lay down that there should be grouped together on the same label, together with the mandatory information, the optional information which has been made mandatory by the Member States or the Commission; whereas it is necessary to specify the manner of indicating the bottler in the case of bottling under contract; whereas it is advisable to state that a distinction such as a diploma of honour or a medal, awarded by an official body to a certain wine refers to a single lot originating from the same container without excluding the possibility that that lot may have been obtained previously by bringing together several lots of the same wine;

Whereas, since certain Member States have not yet determined the geographical units which are smaller than the specified regions referred to in Article 14 (1) of Regulation (EEC) No 355/79, it is necessary to postpone until 31 August 1980 the deadline for communicating to the Commission the names of those geographical units;

Whereas, with the object of facilitating Community exports before the implementation of provisions by the United States of America concerning the indication of the year of harvest, it is necessary to indicate that the provisions of Article 20a of Regulation (EEC)

No 1608/76 concern the describing of exported wines only as from 1 January 1983;

Whereas the application of Articles 4 and 14 of Regulation (EEC) No 355/79 necessitates an adjustment to national provisions in a Member State which it has not yet been possible to make; whereas it is therefore appropriate to extend until 31 August 1980 the period during which that Member State may allow the names of the geographical units which are smaller than a specific region or the name of another region to be used for describing a quality wine psr or a table wine

Whereas it is necessary to make some amendments to the list of the names of the varieties of vine used for describing Italian wines in order to take account of the names of certain Italian wines recognized as quality wines psr since the said list was last amended

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Wine,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 1608/76 is hereby amended as follows:

1. The first subparagraph of Article 1 (1) shall be amended to read as follows:

'1. The mandatory information on the label required by Articles 2 (1), 12 (1), 22 (1), 27 (1), 28 (1) and 29 (1) of Regulation (EEC) No 2133/74, and that made mandatory by the Member States under Articles 3 (2), 13 (2), 23 (2) or by the Commission under Article 30 (3) of that Regulation:

- shall be grouped together on one label affixed to the container or, in the absence of a label, on the container itself,
- shall be in lettering which is clear, legible, indelible and sufficiently large to show up clearly against the background on which it is printed and such as to be clearly distinguishable from all other writing and designs on the label.'

2. The first subparagraph of Article 4 (1) shall be amended to read as follows:

⁽¹⁾ OJ No L 54, 5. 3. 1979, p. 1.

⁽⁴⁾ OJ No L 183, 8. 7. 1976, p. 1.

- '1. To the indication of the name or business name of the bottler as referred to in Articles 2 (1) (c), 12 (1) (d), 22 (1) (d), 27 (1) (c) and 28 (1) (c) of Regulation (EEC) No 2133/74 there shall be added one of the following expressions :

- Pursuant to the first indent of the second subparagraph of Article 3 (1) and to the first indent of the second subparagraph of Article 13 (1) of Regulation (EEC) No 2133/74, the description of a table wine or of a quality wine psr intended for export to the United States of America may not, from 1 January 1983, indicate the harvest year unless at least 95 % of the product in question was produced from grapes harvested in the year indicated.'
6. In the fourth subparagraph of Article 21 (1) and in Article 21 (1a), '31 August 1979' shall be amended to read '31 August 1980'.
