COMMISSION REGULATION (EEC) No 2015/79
of 12 September 1979
re-establishing intervention buying in of beef in the United Kingdom

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal ⁽¹⁾, as last amended by Regulation (EEC) No 425/77 ⁽²⁾, and in particular Article 6 (4) (b) thereof,

Whereas intervention buying in was suspended by Commission Regulations (EEC) No 145/79 ⁽³⁾, (EEC) No 164/79 ⁽⁴⁾ and (EEC) No 255/79 ⁽⁵⁾;

Whereas the market prices for Steers L/H, Steers T and Heifers T recorded in Northern Ireland on 30 August and 6 September 1979 had returned to a level below the maximum buying in price for these quali-

ties; whereas intervention buying in for these qualities must recommence, in accordance with Article 3 (2) of Regulation (EEC) No 1274/79 ⁽⁶⁾,

HAS ADOPTED THIS REGULATION:

Article 1

Buying in by the United Kingdom intervention agency shall recommence on 17 September 1979 for the following qualities:

— in Northern Ireland: Steers L/H, Steers T and Heifers T.

Article 2

This Regulation shall enter into force on 17 September 1979.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 2016/79

of 12 September 1979

on the sale at prices fixed at a standard rate in advance of certain boned beef
held by the intervention agencies

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
805/68 of 27 June 1968 on the common organization
of the market in beef and veal ⁽¹⁾, as last amended by
Regulation (EEC) No 425/77 ⁽²⁾, and in particular
Article 7 (3) thereof,

Whereas Commission Regulation (EEC) No 79/75 ⁽³⁾,
as last amended by Regulation (EEC) No 2746/78 ⁽⁴⁾,
provides for the sale by monthly tender of boned beef
held by the intervention agencies; whereas not all the
meat offered for tender has been allocated;

Whereas further quantities of boned beef should be
put up for sale at prices fixed in advance in accor-
dance with Articles 2 to 5 of Commission Regulation
(EEC) No 216/69 ⁽⁵⁾, and at the same time certain
necessary derogations should be provided for, particu-
larly as regards payment for the goods;

Whereas removal from storage may be interrupted by
force majeure; whereas the intervention agencies
should therefore be permitted to take the necessary
action in such cases;

Whereas Council Regulation (EEC) No 1055/77 ⁽⁶⁾
provides that, in the case of products stored by an
intervention agency outside the territory of the
Member State within whose jurisdiction it falls, a
different selling price from that for products stored on
that territory may be fixed; whereas Commission
Regulation (EEC) No 1805/77 ⁽⁷⁾ fixed the method for
calculating the selling prices for such products;
whereas to avoid all confusion it should be expressly
stated that the prices fixed by this Regulation are
subject to adjustment in the case of those products;

Whereas it is appropriate to provide for an equal divi-
sion of the meat concerned in cases where the applica-
tions made on the first day of the sale are greater than
the quantities available;

Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Manage-
ment Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

1. During the period 17 to 28 September 1979, the
German intervention agency shall offer for sale up to
1 000 tonnes, the Danish intervention agency up to
1 000 tonnes, the Irish intervention agency up to
2 000 tonnes and the United Kingdom intervention
agency up to 1 000 tonnes of boned beef.

2. The intervention agencies referred to in para-
graph 1 shall sell first the meat which has been stored

(EEC) No 216/69, the prices shall be paid as and
when the goods are removed from store, in proportion
to the quantities removed and not later than the day
preceding each removal.

Article 3

are less than those for which offers are received on the
first day of the period referred to in Article 1 (1), all

COMMISSION REGULATION (EEC) No 2017/79

of 14 September 1979

opening an invitation to tender for the mobilization of common wheat flour as food aid for Jibuti

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1547/79⁽²⁾,

Having regard to Council Regulation (EEC) No 2750/75 of 29 October 1975 laying down the conditions for the mobilization of cereals as food aid⁽³⁾, and in particular Article 6 thereof,

Having regard to Council Regulation No 129 on the value of the unit of account and the exchange rates to be applied for the purposes of the common agricultural policy⁽⁴⁾, as last amended by Regulation (EEC) No 2543/73⁽⁵⁾, and in particular Article 3 thereof,

Having regard to the opinion of the Monetary Committee,

Whereas on 8 May 1979 the Council of the European Communities declared that it proposed, by way of Community action, to grant the equivalent of 749 tonnes of common wheat (in other words 496 tonnes of common wheat flour) to Jibuti under its 1978/79 food-aid programme;

Whereas pursuant to Article 3 (3) of Council Regulation (EEC) No 2750/75 the goods may be purchased anywhere on the Community market;

Whereas the proposed invitation to tender should be for supply of the products delivered to Jibuti, that is at the moment when the goods are actually placed on the quay or in the lighter where applicable;

Whereas tenders may be submitted by tenderers established in any Member State of the Community and may relate to products mobilized anywhere within those Member States, whereas, in view of the currency situation in the Member States and in order to ensure

that the tenders are as comparable as possible, account should be taken of the effect on each tender of the currency situation in the Member State in which the customs export formalities will be completed;

Whereas the award under the invitation to tender must be made in favour of the tenderer offering the best terms;

Whereas, should *force majeure* make it impossible to complete the operation in question within the time limits specified, it must be made clear who is to bear the liability for any resulting costs;

Whereas provision should be made for security to be given for the purpose of guaranteeing that the obligations arising by virtue of participation in the invitation to tender for supplies to Jibuti will be fulfilled;

Whereas the Belgian intervention agency should be made responsible for the tendering procedure;

Whereas the Commission must be informed quickly of the tenders submitted in response to the invitation and of those accepted by the intervention agency;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

1. Tenders are hereby invited for the supply to Jibuti, by way of Community action, of 496 tonnes of common wheat flour.
2. The tendering procedure shall take place in Belgium in one lot.
3. The products shall be mobilized on the Community market.
4. Shipment shall be from a Community port.

⁽⁵⁾ OJ No L 263, 19. 9. 1973, p. 1.

5. The invitation to tender provided for in paragraph 1 is for supply of products delivered to Jibuti, that is at the moment when the goods are actually placed on the quay or in the lighter where applicable.

6. The successful tenderer shall deliver the product specified in paragraph 1 in new jute sacks lined with cotton sacks of a net capacity of 50 kilograms.

The following shall be printed on the sacks :

'Farine de froment / Don de la Communauté économique européenne à la république de Djibouti'.

To allow for the possibility of re-bagging, the successful tenderer shall supply 2 % of new empty sacks, of the same quality as those containing the goods but with the printing followed by a capital letter 'R'.

Article 2

1. The decision on tenders received in response to the invitation provided for in Article 1 shall be taken on 27 September 1979.

2. The closing date for the submission of tenders shall be 27 September 1979 at 12 noon.

3. The notice of invitation to tender shall be published in the *Official Journal of the European Communities* not less than nine days before the closing date for the submission of tenders.

Article 3

1. The prices offered must be expressed in the currency of the Member State in which the invitation to tender was issued.

2. Tenders must in particular mention the Member State in which the tenderer, in the event of his being declared successful, expects to complete the customs export formalities for the products concerned.

3. For the purpose of rendering the tenders comparable, the prices shall, where appropriate, be corrected by the monetary compensatory amount applicable on the closing date for submission of tenders to exports from the Member State mentioned in the tender pursuant to paragraph 2. Such correction shall be made by :

— increasing prices which mention a Member State whose currency has depreciated,

— reducing prices which mention a Member State whose currency has been revalued.

The monetary compensatory amount shall, where appropriate, be converted into the currency of the Member State in which the invitation to tender is issued using :

— in the case when the currencies concerned are kept at any given moment within a band of 2.25 %, a conversion rate resulting from their central rate,

— in the other cases, the average of the spot rates of the currencies concerned recorded in the Member State in which the invitation to tender is issued during a period from the Wednesday of one week to the Tuesday of the following week being the period immediately preceding the closing date for submission of tenders.

Article 4

The contract shall be awarded to the tenderer offering the best terms, taking into consideration the adjustment referred to in Article 3 (3).

However, if the tenders submitted do not appear to reflect normal market prices and costs, the intervention agency may cancel the invitation to tender.

Article 5

1. The tenderer shall give security in an amount of 12 ECU per tonne of goods.

It shall be released :

— in the case of all tenderers whose tenders are unsuccessful or are not accepted,

— in the case of the successful tenderer, when the operations concerned have been carried out within the prescribed time limit and on submission of the original export licence duly granted and endorsed by the competent authorities of the Member State mentioned in the tender pursuant to Article 3 (2),

— in the case of the successful tenderer, for quantities not supplied by reason of *force majeure*.

2. The security required under paragraph 1 may be provided in the form of a cash deposit or of a guarantee issued by a credit institution conforming to criteria laid down by each Member State.

Article 6

1. The common wheat flour referred to in Article 1 to be supplied to Jibuti must meet the following requirements:

- moisture: 12 % maximum,

Whereas tenders may be submitted by tenderers established in any Member State of the Community and may relate to products mobilized anywhere within those Member States ; whereas, in view of the currency situation in the Member States and in order to ensure

that the tenders are as comparable as possible, account should be taken of the effect on each tender of the currency situation in the Member State in which the customs export formalities will be completed ;

Whereas the award under the invitation to tender must be made in favour of the tenderer offering the best terms ;

Whereas, should *force majeure* make it impossible to complete the operation in question within the set time limits, it should be made clear who is to bear the liability for any resulting costs ;

Whereas provisions should be made for security to be given for the purpose of guaranteeing that the obligations arising by virtue of participation in the invitation to tender will be fulfilled ;

Whereas the French intervention agency should be made responsible for the tendering procedure in question ;

Whereas the Commission must be informed quickly of the tenders submitted in response to the invitation and of those accepted by the intervention agency ;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION :

Article 1

1. Tenders are hereby invited for the supply, by way of Community food-aid action, to Bolivia of 1 500 tonnes of common wheat.

2. The tendering procedure shall take place in France in one lot. The product shall be mobilized on the Community market. The product shall be loaded for the departure from any Community port.

3. The product referred to in paragraph 1 is to be delivered in new jute sacks of a net capacity of 50 kilograms to the port of shipment in the vicinity of the vessel. The goods must be set down at the place nominated by the recipient country or its agent, the timing of delivery being settled by the tenderer and the recipient country's agent.

Minimum weight of the sacks shall be 600 grams. The following shall be printed on the sacks:

'Trigo / Donación de la Comunidad economica europea a Bolivia.'

To allow for the possibility of re-bagging, the successful tenderer shall supply 2 % of new empty sacks, of the same quality as those containing the goods but with the printing followed by a capital letter 'R'.

Article 2

1. The decision on tenders received in response to the invitation provided for in Article 1 shall be taken on 28 September 1979.

2. The closing date for submission of tenders shall be 28 September 1979 at 12 noon.

3. The notice of invitation to tender shall be published in the *Official Journal of the European Communities* not less than nine days before the closing date for submission of tenders.

Article 3

1. The prices offered must be expressed in the currency of the Member State in which the invitation to tender was issued.

2. Tenders must in particular mention the Member State in which the tenderer, in the event of his being declared successful, expects to complete the customs export formalities for the products concerned.

3. For the purpose of rendering the tenders comparable, the prices shall be corrected by the monetary compensatory amount applicable on the closing date for submission of tenders to exports from the Member State mentioned in the tender pursuant to paragraph 2. Such correction shall be made by:

- increasing prices which mention a Member State whose currency has depreciated,
- reducing prices which mention a Member State whose currency has been revalued.

The monetary compensatory amount shall, where appropriate, be converted into the currency of the Member State in which the invitation to tender is issued using:

- in the case when the currencies concerned are kept at any given moment within a band of 2.25 %, a conversion rate resulting from their central rate,
- in other cases, the average of the spot rates of the currencies concerned recorded in the Member State in which the invitation to tender is issued during a period from the Wednesday of one week

to the Tuesday of the following week being the period immediately preceding the closing date for submission of tenders.

Article 4

The contract shall be awarded to the tenderer offering the best terms, taking into consideration the adjustment referred to in Article 3 (3).

However, if the tenders submitted do not appear to reflect normal market prices and costs, the intervention agency may cancel the invitation to tender.

Article 5

If the tenderer is unable to deliver the goods in compliance with Article 1 (3) on the date given in the notice of invitation to tender as a result of the late availability of the vessels to be used for sea transportation, the resulting costs shall be borne by the intervention agency.

Article 6

1. The tenderer shall give security in an amount of 6 ECU per tonne of goods.

It shall be released:

- in the case of all tenderers whose tenders are unsuccessful or are not accepted,
- in the case of the successful tenderer, when the operations concerned have been carried out within the prescribed time limit and on submission of the original export licence duly granted and endorsed by the competent authorities of the Member State mentioned in the tender pursuant to Article 3 (2),
- in the case of the successful tenderer, for quantities not supplied by reason of *force majeure*.

2. The security required under paragraph 1 may be provided in the form of a cash deposit or of a guarantee issued by a credit institution conforming to criteria laid down by each Member State.

Article 7

The common wheat referred to in Article 1 must be of fair and sound merchantable quality and correspond at least to the standard quality for which the intervention price is fixed, except that the moisture content shall not exceed 15.5 % and that a maximum of 3 % of sprouted grains and 1.5 % of miscellaneous impurities shall be allowed.

Article 8

1. The French intervention agency shall be responsible for organizing the invitation to tender provided for by this Regulation.

2. It shall forthwith communicate to the Commission the list of firms which have responded to the invitation to tender, specifying the terms of each tender, together with the name and business name of the successful tenderer.

3. Where the customs export formalities for the mobilized product are completed in a Member State other than that in which the invitation to tender is issued, the intervention agency of the latter Member State shall be responsible for the operations following tendering, including payment to the successful tenderer.

In such case, the intervention agency choosing the successful tenderer shall immediately inform the intervention agency of the Member State concerned and shall supply it with all the information which it may require.

Futhermore, the amount of the successful tender shall be paid after it has been converted using the average of the spot rates referred to in the second subparagraph of Article 3 (3) to the tenderer in the currency of the Member State in which the operations relating to the tendering are completed.

4. The intervention agency shall request the successful tenderer to supply the following information :

- (a) after shipment, a certificate showing the quantities dispatched and the quality of the products ;
- (b) the date of departure of the ships ;
- (c) all possible contingencies which might occur during transportation of the products.

The information indicated above shall be forwarded by the intervention agency to the Commission immediately upon receipt.

5. When the intervention agency responsible for the operations relating to tendering is not the intervention agency which appoints the successful tenderer, it shall send as soon as possible to the latter the information necessary for releasing the security.

Article 9

On delivery of the goods at the port of shipment, a handing-over certificate shall be supplied to the successful tenderer, acting as agent for the Community, by the agent of the recipient country, or, in the absence of the latter, by the intervention agency of the Member State in whose territory the port of shipment is situated.

Article 10

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
