COMMISSION REGULATION (EEC) No 2254/79**of 15 October 1979****fixing the special levy applicable to New Zealand butter imported into the United Kingdom**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty of Accession, and in particular Protocol 18 thereto,

Having regard to Council Regulation (EEC) No 1655/76 of 29 June 1976 extending the transitional arrangements for the import of New Zealand butter into the United Kingdom⁽¹⁾, and in particular Article 8 thereof,

Whereas, in accordance with Article 3 (1) of Regulation (EEC) No 1655/76, a special levy is applied to New Zealand butter imported into the United Kingdom pursuant to this Regulation;

Whereas, under Article 3 (2) of Regulation (EEC) No 1655/76, the special levy is fixed on the basis of the difference between:

- the market price of New Zealand butter in the United Kingdom, and
- the cif price fixed under Article 2 of Council Regulation (EEC) No 2157/77 of 27 September 1977 fixing the price to be observed at the cif stage for imports of New Zealand butter and cheese into the United Kingdom⁽²⁾, plus the total costs between the cif stage and the stage of initial sale;

Whereas Article 3 (3) of Regulation (EEC) No 1655/76 lays down that in order to ensure an effective turnover of yearly quantities, the special levy must be fixed at a level permitting the sale of butter at a consistent rate without disrupting the market in Community butter; to this effect, it is necessary to take account also of the aid granted in the United Kingdom to Community butter under Regulation (EEC) No 1269/79⁽³⁾, and which affects the selling prices of this butter in that Member State;

Whereas the application of these rules to the situation on the British market results in the special levy being fixed at the level given below;

Whereas, in order to prevent New Zealand butter qualifying for the said special levy from being used for

industrial purposes at a lower price level than that of butter of Community origin intended for the same purposes, it should be laid down that the New Zealand butter in question may only be used for direct consumption;

Whereas, under Article 2 of Commission Regulation (EEC) No 2856/77 of 21 December 1977 fixing the special levy applicable to New Zealand butter imported into the United Kingdom⁽⁴⁾, Commission Regulation (EEC) No 465/73 of 31 January 1973 laying down detailed rules for the application of the special system for the import of New Zealand butter and cheese into the United Kingdom⁽⁵⁾ is to be applicable to butter imported under Regulation (EEC) No 1655/76;

Whereas the Management Committee for Milk and Milk Products has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

The special levy referred to in Article 3 of Regulation (EEC) No 1655/76 shall be 70.30 ECU per 100 kilograms of butter.

Article 2

The United Kingdom shall take the measures necessary to ensure that New Zealand butter imported under the levy fixed in Article 1 is not used for processing but only for direct consumption within the meaning of Article 1 (a) of Regulation (EEC) No 1269/79 on the territory of the United Kingdom.

Article 3

This Regulation shall enter into force on 16 October 1979.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 2255/79

of 15 October 1979

introducing a countervailing charge on cucumbers originating in Greece

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables⁽¹⁾, as last amended by Regulation (EEC) No 1301/79⁽²⁾, and in particular the second subparagraph of Article 27 (2) thereof,

Whereas Article 25 (1) of Regulation (EEC) No 1035/72 provides that, if the entry price of a product imported from a third country remains at least 0.50 unit of account below the reference price for two consecutive market days, a countervailing charge must be introduced in respect of the exporting country concerned, save in exceptional circumstances; whereas this charge is equal to the difference between the reference price and the arithmetic mean of the last two entry prices available for that exporting country;

Whereas Commission Regulation (EEC) No 646/79 of 2 April 1979 fixing until the end of the 1979 marketing year the reference price for cucumbers⁽³⁾ fixed the reference price for products of Class I for October 1979 at 46.36 units of account per 100 kilograms net;

Whereas the entry price for a given exporting country is equal to the lowest representative prices recorded for at least 30 % of the quantities from the exporting country concerned which are marketed on all representative markets for which prices are available less the duties and the charges indicated in Article 24 (3) of Regulation (EEC) No 1035/72; whereas the meaning of representative price is defined in Article 24 (2) of Regulation (EEC) No 1035/72;

Whereas, in accordance with Article 3 (1) of Regulation (EEC) No 2118/74⁽⁴⁾, as last amended by Regulation (EEC) No 668/78⁽⁵⁾, the prices to be taken into consideration must be recorded on the representative markets or, in certain circumstances, on other

markets; whereas it is necessary to multiply the prices with the coefficients fixed in the second subparagraph of Article 1 (2) of Regulation (EEC) No 646/79;

Whereas, for Greek cucumbers, the entry price calculated in this way has remained at least 0.50 unit of account below the reference price for two consecutive market days; whereas a countervailing charge should therefore be introduced for these cucumbers;

Whereas if the system is to operate normally the entry price should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas Council Regulation (EEC) No 652/79 of 29 March 1979⁽⁶⁾ laid down the coefficient for expressing amounts, fixed in units of account, in ECU,

HAS ADOPTED THIS REGULATION:

Article 1

A countervailing charge of 7.81 ECU per 100 kilograms net is applied to cucumbers (subheading 07.01 P of the Common Customs Tariff) originating in Greece.

Article 2

This Regulation shall enter into force on 17 October 1979.
