COMMISSION REGULATION (EEC) No 2985/79

of 28 December 1979

fixing minimum levies on the importation of olive oil and levies on the importation of other olive oil sector products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by Regulation (EEC) No 590/79⁽²⁾, and in particular Article 16 (2) thereof,

Having regard to Council Regulation (EEC) No 2749/78 of 23 November 1978 on trade in oils and fats between the Community and Greece⁽³⁾, and in particular Article 5 (2) thereof,

Having regard to Council Regulation (EEC) No 1514/76 of 24 June 1976 on imports of olive oil originating in Algeria⁽⁴⁾, as amended by Regulation (EEC) No 2761/78⁽⁵⁾, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1521/76 of 24 June 1976 on imports of olive oil originating in Morocco⁽⁶⁾, as last amended by Regulation (EEC) No 2761/78, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1508/76 of 24 June 1976 on imports of olive oil originating in Tunisia⁽⁷⁾, as amended by Regulation (EEC) No 2761/78, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1180/77 of 17 May 1977 on imports into the Community of certain agricultural products originating in Turkey⁽⁸⁾, as amended by Regulation (EEC) No 2766/78⁽⁹⁾, and in particular Article 10 (2) thereof,

Having regard to Council Regulation (EEC) No 1620/77 of 18 July 1977 laying down detailed rules for the importation of olive oil from Lebanon⁽¹⁰⁾,

Whereas by Regulation (EEC) No 3131/78 of 28 December 1978⁽¹¹⁾ the Commission decided to use the tendering procedure to fix levies on olive oil;

Whereas Article 3 of Regulation (EEC) No 2751/78 of 23 November 1978 laying down general rules for fixing the import levy on olive oil by tender⁽¹²⁾ specifies that the minimum levy rate shall be fixed for each of the products concerned on the basis of the situation on the world or Greek markets and the Community market and of the levy rates indicated by tenderers;

Whereas in the collection of the levy account should be taken of the provisions in the Agreements between the Community and certain third countries; whereas in particular the levy applicable for those countries must be fixed taking as a basis for calculation the levy to be collected on imports from the other third countries;

Whereas application of the rules recalled above to the levy rates indicated by tenderers on 24 and 25 December 1979 leads to the minimum levies being fixed as indicated in Annex I to this Regulation;

Whereas the import levy on olives falling within subheadings 07.01 N II and 07.03 A II of the Common Customs Tariff and on products falling within subheadings 15.17 B I and 23.04 A II of the Common Customs Tariff must be calculated from the minimum levy applicable on the olive oil contained in these products; whereas, however, the levy charged for olive oil may not be less than an amount equal to 8 % of the value of the imported product, such amount to be fixed at a standard rate; whereas application of these provisions leads to the levies being fixed as indicated in Annex II to this Regulation,

HAS ADOPTED THIS REGULATION:

COMMISSION REGULATION (EEC) No 2986/79

of 27 December 1979

fixing the import levies on products processed from cereals and rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1547/79⁽²⁾, and in particular Article 14 (4) thereof,

Having regard to Council Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice⁽³⁾, as last amended by Regulation (EEC) No 1552/79⁽⁴⁾, and in particular Article 12 (4) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas the rules to be applied in calculating the variable component of the import levy on products processed from cereals and rice are laid down in Article 14 (1) (A) of Regulation (EEC) No 2727/75 and Article 12 (1) (a) of Regulation (EEC) No 1418/76; whereas Article 2 of Council Regulation (EEC) No 2744/75 of 29 October 1975 on the import and export system for products processed from cereals and rice⁽⁵⁾, as last amended by Regulation (EEC) No 2245/78⁽⁶⁾, provides that the incidence on the prime costs of these products of the levies applicable to their basic products should be calculated on the basis of the average of the levies applicable to these basic products for the first 25 days of the month preceding that of importation; whereas this average, adjusted on the basis of the threshold price valid for the basic products in question during the month of importation, is calculated on the basis of the quantities of basic products considered to have been used in the manufacture of the processed product or the competing product which serves as a reference for processed products not containing cereals;

Whereas Commission Regulation (EEC) No 1579/74 of 24 June 1974 on the procedure for calculating the import levy on products processed from cereals and from rice and for the advance fixing of this levy for these products and for compound feedingstuffs manu-

factured from cereals⁽⁷⁾, as last amended by Regulation (EEC) No 1740/78⁽⁸⁾, provides that the levy thus determined, increased by the fixed component, is valid in general for one month but is altered where the levy applicable to the basic product concerned differs by not less than 3.02 ECU per tonne from the average of the levies calculated as described above;

Whereas in accordance with Article 5 of Regulation (EEC) No 2744/75 and Article 2 of Regulation (EEC) No 1579/74, the levy on certain processed products must be reduced by an amount equal to the production refund granted in respect of basic products for processing; whereas Regulation (EEC) No 1921/75⁽⁹⁾, as amended by Regulation (EEC) No 2415/75⁽¹⁰⁾, laid down certain transitional measures in respect of starches;

Whereas the fixed component of the levy is specified in Regulation (EEC) No 2744/75; whereas, in accordance with Regulation (EEC) No 2742/75⁽¹¹⁾, as last amended by Regulation (EEC) No 1555/79⁽¹²⁾, the variable component of the levy on certain processed products must be reduced by the incidence of the production refund granted in respect of basic products intended for processing;

Whereas, in order that account may be taken of the interests of the African, Caribbean and Pacific States and of the overseas countries and territories, the levy relating to them in respect of certain products processed from cereals must be reduced by the amount of the fixed component and, in respect of some of these products, by part of the variable component; whereas this reduction must be made in accordance with Article 12 of Council Regulation (EEC) No 706/76 of 30 March 1976 on the arrangements applicable to agricultural products and certain goods resulting from the processing of agricultural products originating in the African, Caribbean and Pacific States or in the overseas countries and territories⁽¹³⁾, as last amended by Regulation (EEC) No 1198/78⁽¹⁴⁾;

Whereas Article 4 (2) of Regulation (EEC) No 2744/75 provides that the levy to be charged on the products listed in the Annex to that Regulation under subheading 07.06 A is limited, with effect from the date of entry into force of the Geneva Protocol (1967) annexed to the General Agreement on tariffs and

COMMISSION REGULATION (EEC) No 2987/79
of 27 December 1979
fixing the import levies on compound feedingstuffs

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
2727/75 of 29 October 1975 on the common organi-
zation of the market in cereals ⁽¹⁾, as last amended by
Regulation (EEC) No 1547/79 ⁽²⁾, and in particular
Article 14 ⁽⁴⁾ thereof,

Having regard to the opinion of the Monetary
Committee,

Whereas the rules to be applied in calculating the vari-
able component of the import levy on compound
feedingstuffs are laid down in Article 14 (1) (A) of
Regulation (EEC) No 2727/75; whereas Article 4 of
Council Regulation (EEC) No 2743/75 of 29 October
1975 on the system to be applied to cereal-based
compound feedingstuffs ⁽³⁾, as amended by Regulation
(EEC) No 2560/77 ⁽⁴⁾, provides that the incidence on
the prime costs of these feedingstuffs of the levies
applicable to their basic products should be calculated
on the basis of the average of the levies applicable
during the first 25 days of the month preceding that
month of importation to the quantities of basic
products considered to have been used in the manufac-
ture of such compound feedingstuffs, this average
being adjusted on the basis of the threshold price for
the basic products in question ruling during the
month of importation;

Whereas the levy thus determined, increased by the
fixed component, is valid for one month; whereas the
amount of the fixed component of the levy is laid
down in Article 6 of Regulation (EEC) No 2743/75;

Whereas, in order that account may be taken of the
interests of the African, Caribbean and Pacific States
and of the overseas countries and territories, the levy
relating to them in respect of certain products
processed from cereals must be reduced by the

amount of the fixed component and, in respect of
some of these products, by part of the variable compo-
nent; whereas this reduction must be made in accor-
dance with Article 12 of Council Regulation (EEC)
No 706/76 of 30 March 1976 on the arrangements
applicable to agricultural products and certain goods
resulting from the processing of agricultural products
originating in the African, Caribbean and Pacific
States or in the 'overseas countries and territories' ⁽⁵⁾;
as last amended by Regulation (EEC) No 1198/78 ⁽⁶⁾;

Whereas, if the levy system is to operate normally,
levies should be calculated on the following basis:

- in the case of currencies which are maintained in
relation to each other at any given moment within
a band of 2.25 %, a rate of exchange based on
their effective parity;
- for other currencies, an exchange rate based on the
arithmetic mean of the spot market rates of each
of these currencies recorded for a given period in
relation to the Community currencies referred to
in the previous indent;

Whereas, in accordance with Article 18 (1) of Regula-
tion (EEC) No 2727/75, the nomenclature provided
for in this Regulation is incorporated in the Common
Customs Tariff,

HAS ADOPTED THIS REGULATION:

Article 1

The import levies to be charged on the compound
feedingstuffs covered by Regulation (EEC) No
2727/75 and subject to Regulation (EEC) No 2743/75
shall be as set out in the Annex hereto.

COMMISSION REGULATION (EEC) No 2988/79

of 28 December 1979

fixing the export refunds on products processed from cereals and rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1547/79⁽²⁾, and in particular the fourth subparagraph of Article 16 (2) thereof,

Having regard to Council Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice⁽³⁾, as last amended by Regulation (EEC) No 1552/79⁽⁴⁾, and in particular the fourth subparagraph of Article 17 (2) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75 and Article 17 of Regulation (EEC) No 1418/76 provide that the difference between quotations or prices on the world market for the products listed in Article 1 of those Regulations and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 2746/75 of 29 October 1975⁽⁵⁾, and Article 2 of Council Regulation (EEC) No 1431/76 of 21 June 1976⁽⁶⁾ laying down general rules for granting export refunds on cereals and rice respectively and criteria for fixing the amount of such refunds, provide that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals, rice and broken rice on the Community market on the one hand and prices for cereals, rice, broken rice and cereal products on the world market on the other; whereas the same Articles provide that it is also important to ensure equilibrium and the natural development of prices and trade on the markets in cereals and rice and, furthermore, to take into account the economic aspect of the proposed exports, and the need to avoid disturbances on the Community market;

Whereas Article 6 of Council Regulation (EEC) No 2744/75 of 29 October 1975 on the import and export system for products processed from cereals and from

rice⁽⁷⁾, as last amended by Regulation (EEC) No 2245/78⁽⁸⁾, defines the specific criteria to be taken into account when the refund on these products is being calculated;

Whereas, on the basis of the criteria laid down in Regulation (EEC) No 2744/75, particular account should be taken of the prices and quantities of basic products used to calculate the variable component of the levy; whereas Article 8 of Regulation (EEC) No 2744/75 and Article 1 of Regulation (EEC) No 1077/68⁽⁹⁾, as amended by Regulation (EEC) No 2764/71⁽¹⁰⁾, provide that the amount of the export refund should, for certain products, be reduced by an amount equal to the production refund granted in respect of the basic product;

Whereas it follows from applying these detailed rules to the present situation on the market in products processed from cereals and rice that the export refund should be fixed at an amount which will cover the difference between Community prices and world market prices;

Whereas when the refund is being calculated account should be taken of the quantities of raw materials used to determine the variable component of the levy; whereas the quantities of raw materials used for certain processed products may vary according to the end use of the product; whereas, depending on the manufacturing process used, products other than the main product are obtained, the quantity and value of which may vary with the nature and quality of the main products being manufactured; whereas cumulation of the refunds on the various products manufactured by a single process from the same basic product may make it possible, in certain cases, to export to third countries at prices which are lower than world market prices; whereas the refund on certain products should therefore be limited to an amount which, while allowing access to the world market, will ensure that the aims of the common organization of the markets are respected;

Whereas the refund to be granted in respect of certain processed products should be graduated on the basis of the ash, crude fibre, tegument, protein, fat and starch content of the individual product concerned, this content being a particularly good indicator of the

quantity of basic product actually incorporated in the processed product ;

Whereas there is no need at present to fix an export refund for manioc, other tropical roots and tubers or flours obtained therefrom, given the economic aspect of potential exports and in particular the nature and origin of these products ; whereas, for certain products processed from cereals, the insignificance of Community participation in world trade makes it unnecessary to fix an export refund at the present time ;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination ;

Whereas Regulation (EEC) No 2806/71 ⁽¹⁾ lays down additional rules for granting export refunds for certain products processed from cereals and rice ;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each

of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent ;

Whereas the refund must be fixed once a month ; whereas it may be altered in the intervening period ;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

COMMISSION REGULATION (EEC) No 2989/79

of 28 December 1979

fixing the export refunds on cereal-based compound feedingstuffs

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1547/79⁽²⁾, and in particular the fourth subparagraph of Article 16 (2) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds⁽³⁾, provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on the cereal markets;

Whereas it follows from applying these detailed rules to the present situation on the market in cereal-based compound feedingstuffs that the export refund should be fixed at an amount which will cover the difference between Community prices and world market prices;

Whereas Article 7 (1) of Council Regulation (EEC) No 2743/75 of 29 October 1975 on the system to be applied to cereal-based compound feedingstuffs⁽⁴⁾, as amended by Regulation (EEC) No 2560/77⁽⁵⁾, provides that, when export refunds on cereal-based

compound feedingstuffs are being fixed, only the products normally used in the manufacture of compound feedingstuffs for which a refund may be fixed should be taken into account;

Whereas Commission Regulation (EEC) No 1913/69 of 29 September 1969 on the granting and the advance fixing of the export refund on cereal-based compound feedingstuffs⁽⁶⁾, as amended by Regulation (EEC) No 3116/75⁽⁷⁾, provides that calculation of the export refund must be based on the levy applicable to maize; whereas this calculation must also take account of the cereal products content; whereas, therefore, in the interest of simplification, compound feedingstuffs should be placed in categories and the refund for each category should be fixed on the basis of a quantity of maize which is representative of the usual cereal products content for the category concerned; whereas, furthermore, the amount of the refund must also take into account the possibilities and conditions for the sale of those products on the world market, the need to avoid disturbances on the Community market and the economic aspect of the export;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for compound feedingstuffs according to destination;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

COMMISSION REGULATION (EEC) No 2990/79

of 28 December 1979

fixing the basic amount of the import levy on syrups and certain other sugar products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3330/74 of 19 December 1974 on the common organization of the market in sugar⁽¹⁾, as last amended by Regulation (EEC) No 1396/78⁽²⁾, and in particular Article 15 (7) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 15 (1) of Regulation (EEC) No 3330/74 provides for charging a levy on imports of the products listed in Article 1 (1) of that Regulation;

Whereas the levy on the products listed in Article 1 (1) (d) of Regulation (EEC) No 3330/74 must be calculated, where appropriate, at a standard rate on the basis of the sucrose content (including other sugars expressed as sucrose) of the product concerned and of the levy on white sugar; whereas, however, the levies on maple sugar and maple syrup are limited to the amount resulting from application of the rate of duty bound within GATT;

Whereas Article 7 of Commission Regulation (EEC) No 837/68 of 28 June 1968 on detailed rules for the application of levies on sugar⁽³⁾, as last amended by Regulation (EEC) No 1428/78⁽⁴⁾, provides that the basic amount of the levy for 100 kilograms of product must be fixed per percentage point of sucrose content;

Whereas the basic amount of the levy must be equal to one-hundredth of the average of the levies applicable to 100 kilograms of white sugar during the first 20 days of the month preceding the month for which the basic amount of the levy is fixed; whereas, however, the levy applicable to white sugar on the day of the fixing of the basic amount must be substituted for the average of the levies, where that levy differs by at least 0.73 ECU from that average;

Whereas the basic amount must be fixed each month; whereas it must, however, be altered during

the period between the day on which it is fixed and the first day of the month following the month for which the basic amount is applicable, if the levy on white sugar differs by at least 0.73 ECU from the average referred to above or from the levy on white sugar used to fix the basic amount; whereas, in this case, the basic amount must be equal to one-hundredth of the levy on white sugar used to calculate the alteration;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas the basic amount thus fixed must be adjusted on the basis of variations in the threshold price for white sugar occurring between the month in which the basic amount is fixed and the period of application; whereas this adjustment, equal to one-hundredth of the difference between these two threshold prices, must be deducted from or added to the basic amount in the circumstances provided for in Article 7 (6) of Regulation (EEC) No 837/68,

HAS ADOPTED THIS REGULATION:

Article 1

The basic amount of the import levy on the products listed in Article 1 (1) (d) of Regulation (EEC) No 3330/74 shall be, per 100 kilograms of product, 0.1847 ECU per percentage point of sucrose content.

COMMISSION REGULATION (EEC) No 2991/79

of 28 December 1979

fixing the export refunds on syrups and certain other sugar products, exported in the natural state

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3330/74 of 19 December 1974 on the common organization of the market in sugar⁽¹⁾, as last amended by Regulation (EEC) No 1396/78⁽²⁾, and in particular the first sentence of the last subparagraph of Article 19 (2) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 19 of Regulation (EEC) No 3330/74 provides that the difference between quotations or prices on the world market for the products listed in Article 1 (1) (d) of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Article 8 of Council Regulation (EEC) No 766/68 of 18 June 1968 laying down general rules for granting export refunds on sugar⁽³⁾, as last amended by Regulation (EEC) No 1489/76⁽⁴⁾, provides that the export refund on 100 kilograms of the products listed in Article 1 (1) (d) of Regulation (EEC) No 3330/74 is equal to the basic amount multiplied by the sucrose content, including, where appropriate, other sugars expressed as sucrose; whereas the sucrose content of the product in question is determined in accordance with Article 13 of Commission Regulation (EEC) No 394/70 of 2 March 1970 on detailed rules for granting export refunds on sugar⁽⁵⁾, as last amended by Regulation (EEC) No 1467/77⁽⁶⁾;

Whereas Article 7 of Regulation (EEC) No 766/68 provides that the basic amount of the refund on sorbose exported in the natural state must be equal to the basic amount of the refund less one-hundredth of the production refund applicable, pursuant to Council Regulation (EEC) No 1400/78 of 20 June 1978 laying down general rules for the production refund on sugar used in the chemical industry⁽⁷⁾, to the products listed in Annex I to the last mentioned Regulation;

Whereas the basic amount of the refund on the other products listed in Article 1 (1) (d) of Regulation (EEC) No 3330/74 exported in the natural state must be equal to one-hundredth of an amount which takes account, on the one hand, of the difference between the intervention price for white sugar for the Community area with the largest surplus for the month for which the basic amount is fixed and quotations or prices for white sugar on the world market and, on the other, of the need to establish a balance between the use of Community basic products in the manufacture of processed goods for export to third countries and the use of third country products brought in under inward processing arrangements;

Whereas the application of the basic amount may be limited to some of the products listed in Article 1 (1) (d) of Regulation (EEC) No 3330/74;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas the refunds referred to above must be fixed every month; whereas they may be altered in the intervening period;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

The export refunds on the products listed in Article 1 (1) (d) of Regulation (EEC) No 3330/74, exported in the natural state, shall be as set out in the Annex hereto.

COMMISSION REGULATION (EEC) No 2992/79
of 27 December 1979
fixing the export refunds on olive oil

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by Regulation (EEC) No 590/79⁽²⁾,

Having regard to Council Regulation (EEC) No 2749/78 of 23 November 1978 on trade in oils and fats between the Community and Greece⁽³⁾,

Having regard to Council Regulation No 171/67/EEC of 27 June 1967 on export refunds and levies on olive oil⁽⁴⁾, as last amended by Regulation (EEC) No 2429/72⁽⁵⁾, and in particular the first sentence of Article 7 thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 20 of Regulation No 136/66/EEC provides that, where prices within the Community are higher than world market prices, the difference between these prices may be covered by a refund when olive oil is exported to third countries;

Whereas Article 9 of Regulation (EEC) No 2749/78 provides that Article 20 of Regulation No 136/66/EEC and the measures taken in application thereof apply, subject to the provisions of the Agreement establishing an Association between the European Economic Community and Greece, to trade between the Community and Greece;

Whereas the detailed rules for fixing and granting export refunds on olive oil are contained in Regulations No 171/67/EEC and (EEC) No 616/72⁽⁶⁾, as last amended by Regulation (EEC) No 2962/77⁽⁷⁾;

Whereas Article 2 of Regulation No 171/67/EEC provides that the refund must be the same for the whole Community;

Whereas Article 3 of Regulation No 171/67/EEC provides that when the refund on olive oil is being fixed account must be taken of:

— the existing situation and the future trend with regard to prices and availabilities of olive oil on the Community market and prices for olive oil on the world market;

— the aims of the common organization of the market in olive oil which are to ensure equilibrium and the natural development of prices and trade on this market;

— the need to avoid disturbances on the Community market; and

— the economic aspect of the proposed exports;

Whereas, furthermore, Article 4 of Regulation No 171/67/EEC provides that the said refund must be fixed in accordance with the following criteria:

— the olive oil prices in the main producing areas of the Community;

— the most favourable quotations recorded on the various markets of importing third countries and Greece; and

— the marketing costs and the most favourable transport charges from Community markets in the main producing areas to ports or other points of export in the Community, as well as costs incurred in placing the goods on the world market;

Whereas Article 5 of Regulation No 171/67/EEC provides that the refund on olive oil may be varied according to destination where the world market situation or the specific requirements of certain markets make this necessary;

Whereas Article 7 of Regulation No 171/67/EEC provides that the refund must be fixed at least once every month; whereas it may, if necessary, be altered in the intervening period;

Whereas it follows from applying these detailed rules to the present situation on the market in olive oil and in particular to olive oil prices within the Community and on the markets of third countries and Greece that the refund should be as set out in the Annex hereto;

- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

COMMISSION REGULATION (EEC) No 2993/79
of 28 December 1979
fixing the export refunds on oil seeds

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by Regulation (EEC) No 590/79⁽²⁾,

Having regard to Council Regulation (EEC) No 2749/78 of 23 November 1978 on trade in oils and fats between the Community and Greece⁽³⁾,

Having regard to Council Regulation No 142/67/EEC of 21 June 1967 on export refunds on colza, rape and sunflower seeds⁽⁴⁾, as last amended by Regulation (EEC) No 2429/72⁽⁵⁾, and in particular the first sentence of Article 2 (3) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 28 of Regulation No 136/66/EEC provides that a refund may be granted on exports to third countries of oil seeds harvested within the Community; whereas the amount of this refund may not exceed the difference between prices within the Community and prices on the world market where the former are higher than the latter; whereas Article 21 of Regulation No 136/66/EEC provides that, at present, Article 28 of that Regulation applies only to colza, rape and sunflower seeds;

Whereas Article 9 of Regulation (EEC) No 2749/78 provides that Article 28 of Regulation No 136/66/EEC and measures taken in application thereof apply, subject to the provisions of the Agreement establishing an Association between the European Economic Community and Greece, to trade between the Community and Greece;

Whereas Article 3 of Regulation No 142/67/EEC provides that when the refund is being calculated account must be taken of prices ruling on the various Community markets which are representative from the point of view of processing and exportation; the most favourable quotations recorded on the various markets of importing third countries and Greece, and costs incurred in placing the goods on the world market; whereas, when the amount of the refund is being fixed, account must also be taken of the level of market prices within the Community for the oil seeds referred to in Article 21 of Regulation No 136/66/EEC and the future trend of these prices; whereas, furthermore, account should be taken of the economic aspect of the proposed exports and the situation in the Community regarding the supply of and demand for these seeds;

Whereas Article 1 of Commission Regulation (EEC) No 651/71 of 29 March 1971 on certain detailed rules for the application of export refunds on oil seeds⁽⁶⁾, as amended by Regulation (EEC) No 1480/79⁽⁷⁾, provides that the amount of the refund must be calculated on the basis of the weight of exported seeds; whereas this weight must be adjusted to take account of any differences between the percentages of moisture and impurities found to exist and those used to define the standard quality for which the target price is fixed; whereas, when this adjustment is being made, the weight of the exported seeds must be increased by the amount of the difference between the actual moisture and impurities content and that used to define the standard quality if the former is lower than the latter; whereas, if the opposite applies, the weight of the exported seeds must be reduced by the same amount;

Whereas the standard quality referred to above was defined in Article 2 of Council Regulation (EEC) No 1294/79 of 25 June 1979 fixing the target prices and basic intervention prices for colza and rape seed and sunflower seed for the 1979/80 marketing year⁽⁸⁾;

Whereas Article 2 of Regulation No 142/67/EEC provides that the refund may be varied according to destination where the world market situation or the specific requirements of certain markets make this necessary;

⁽⁸⁾ OJ No L 162, 30. 6. 1979, p. 13.

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas it follows from applying these detailed rules to the present situation on the market in oil seeds, and in particular to quotations or prices for these products within the Community and on the markets of third countries and Greece, that the refund should be as set out in the Annex hereto for those products for which the marketing year has already begun;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION:

Article 1

The refund on the products referred to in Article 21 of Regulation No 136/66/EEC, exported to third countries and Greece, shall be as set out in the Annex hereto.

Having regard to Council Regulation (EEC) No 3330/74 of 19 December 1974 on the common organization of the market in sugar⁽¹⁾, as last amended by Regulation (EEC) No 1396/78⁽²⁾, and in particular the first sentence of the sixth subparagraph of Article 19 (2) thereof,

COMMISSION REGULATION (EEC) No 3001/79**of 28 December 1979****fixing the rates of the refunds applicable from 1 January 1980 to certain cereal and rice products exported in the form of goods not covered by Annex II to the Treaty**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1547/79⁽²⁾, and in particular the first sentence of the fourth subparagraph of Article 16 (2) thereof,

Having regard to Council Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice⁽³⁾, as last amended by Regulation (EEC) No 1552/79⁽⁴⁾, and in particular the first sentence of the fourth subparagraph of Article 17 (2) thereof,

Whereas Article 16 (1) of Regulation (EEC) No 2727/75 and Article 17 (1) of Regulation (EEC) No 1418/76 provides that the difference between quotations of prices on the world market for the products listed in Article 1 of each of those Regulations and the prices within the Community may be covered by an export refund;

Whereas Council Regulation (EEC) No 2682/72 of 12 December 1972 laying down general rules for granting export refunds on certain agricultural products exported in the form of goods not covered by Annex II to the Treaty, and the criteria for fixing the amount of such refunds⁽⁵⁾, as last amended by Regulation (EEC) No 707/78⁽⁶⁾, specifies the products for which a rate of refund should be fixed, to be applied where these products are exported in the form of goods listed in Annex B to Regulation (EEC) No 2727/75 or in Annex B to Regulation (EEC) No 1418/76 as appropriate;

Whereas, in accordance with the first subparagraph of Article 4 (1) of Regulation (EEC) No 2682/72, the rate of the refund per 100 kilograms for each of the basic products in question must be fixed for each month;

Whereas, in accordance with paragraph 2 of that Article, that rate must be determined with particular reference to:

- (a) the average costs incurred by processing industries in obtaining supplies of the basic products in question on the Community market and the prices ruling on the world markets;
- (b) the level of the refunds on exports of processed agricultural products covered by Annex II to the Treaty which are manufactured under similar conditions;
- (c) the need to ensure equality of competition for the industries which use Community products and those which use third-country products under inward processing arrangements;

Whereas Article 4 (3) of Regulation (EEC) No 2682/72 provides that, when the rate of the refund is being fixed, account should be taken, where appropriate, of production refunds, aids or other measures having equivalent effect applicable in all Member States in accordance with the Regulation on the common organization of the market in the product in question to the basic products listed in Annex A to that Regulation or to assimilated products; whereas a production refund is granted in respect of common wheat, maize and broken rice under the conditions laid down in Council Regulation (EEC) No 2742/75 of 29 October 1975 on production refunds in the cereals and rice sectors⁽⁷⁾, as last amended by Regulation (EEC) No 1555/79⁽⁸⁾; whereas, for the purposes of applying the provisions of Article 4 (3) of Regulation (EEC) No 2682/72, the amount of the production refund applicable during the month of exportation should be taken into account;

COMMISSION REGULATION (EEC) No 3006/79

of 27 December 1979

fixing the import levies on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products⁽¹⁾, as last amended by Regulation (EEC) No 1761/78⁽²⁾, and in particular Article 14 (8) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 14 of Regulation (EEC) No 804/68 provides for charging a levy on imports of the products listed in Article 1 of that Regulation; whereas these products may be divided into groups; whereas the product groups and the pilot groups and the pilot product for each of these groups are set out in Annex I to Council Regulation (EEC) No 2915/79 of 18 December 1979 determining the groups of products and the special provisions for calculating levies on milk and milk products and amending Regulation (EEC) No 950/68 on the Common Customs Tariff⁽³⁾;

Whereas the levy on the products in any one group must be equal to the threshold price for the pilot product less the free-at-frontier price; whereas these threshold prices were fixed for the 1979/80 milk year by Council Regulation (EEC) No 1268/79 of 25 June 1979⁽⁴⁾;

Whereas, however, Regulation (EEC) No 2915/79 lays down special provisions for calculating the levy on certain assimilated products; whereas these products are listed and the method of calculating the levy on them described in Annex II and in Articles 2 to 7 of that Regulation respectively; whereas this method consists in adding together the various components defined in those Articles;

Whereas Commission Regulation (EEC) No 1073/68 of 24 July 1968 laying down detailed rules for determining free-at-frontier prices and for fixing levies in respect of milk and milk products⁽⁵⁾, provides that the component of the levy fixed by means of a coefficient expressing the weight ratio between the milk powder contained in the product and the product itself is, for the products falling within subheading

04.02 B I b) listed in Annex II to Regulation (EEC) No 2915/79, calculated by multiplying the basic amount by the quantity of milk powder contained in the product; whereas the same applies to products falling within subheading 04.02 B II b) as regards the component of the levy fixed by means of a coefficient expressing the weight ratio between the milk components contained in the product and the product itself;

Whereas the basic amount must be equal to one hundredth part of the levy set out for each product in the second subparagraph of Article 9 (1) and the second subparagraph of Article 9 (2) of Regulation (EEC) No 1073/68;

Whereas, for products of Group No 11, originating in and coming from third countries, for which it is found on importation into the Community that the ruling price is not less than 181.34 ECU per 100 kilograms for products falling within subheading 04.04 E I b) 2, or not less than 193.43 ECU per 100 kilograms for products falling within subheading 04.04 E I b) 3, or not less than 175.30 ECU for products falling within subheading 04.04 E I b) 4, the levy per 100 kilograms is defined in Article 11 of Regulation (EEC) No 2915/79;

Whereas, within the tariff quotas referred to in Article 9 (2) of Regulation (EEC) No 2915/79, the levy on 100 kilograms of a product of Group 10 or 11 and falling within subheadings 04.04 E I b) 1 (aa), 04.04 E I b) 1 (bb), 04.04 E I b) 1 (cc) and 04.04 E I b) 5 (aa) shall be equal to 12.09 ECU;

Whereas, for as long as it is found that on importation into the Community the price of an assimilated product for which the levy is not equal to the levy on its pilot product is considerably lower than the price which would obtain if the ratio to the price of the pilot product were normal, the levy must be equal to the sum of two components:

- one component equal to the amount resulting from the provisions of Articles 2 to 7 of Regulation (EEC) No 2915/79 applicable to the assimilated product in question;
- an additional component fixed at a level which, the composition and quality of the assimilated product being taken into account, makes it possible to re-establish normal price ratios for imports into the Community;

⁽⁵⁾ OJ No L 180, 26. 7. 1968, p. 25.

Whereas Article 14 (3) of Regulation (EEC) No 804/68 provides that the levy on products in respect of which the customs duty has been bound within GATT must be limited to the amount resulting from that binding;

Whereas Regulation (EEC) No 1073/68 provides that a free-at-frontier price must be established for each of the pilot products defined in Annex I to Regulation (EEC) No 2915/79; whereas these prices must be determined for products of good marketable quality;

Whereas the free-at-frontier prices must be established on the basis of the most favourable purchasing opportunities in international trade for the products listed in Article 1 (a) 2 and (b) to (g) of Regulation (EEC) No 804/68 other than assimilated products for which the levy is not equal to the levy on the related pilot products; whereas, when recording these purchasing opportunities, the Commission must take account of all information obtained direct or through the Member States concerning prices for delivery of third-country products free-at-Community-frontier and prices on third-country markets;

Whereas, however, no account should be taken of information relating to small quantities which are not representative of trade in the product in question and quantities in respect of which price trends in general or other information available to it lead the Commission to believe that the price in question is unrepresentative of the real trend of the market;

Whereas the prices used must be adjusted where they are not quoted free-at-Community-frontier or where they do not apply to products of good marketable quality; whereas the adjustment in respect of an assimilated product the levy on which is equal to the levy on its pilot product must be effected in such a way as to allow, in particular, for differences in composition, maturity, quality and presentation between the assimilated product and the related pilot product; whereas adjustments relating to composition must be calculated by multiplying the difference between the milk component content of the pilot product and that of the assimilated product in question by the value attributed in international trade to one unit of weight of the milk component in question; whereas, when the other adjustments are being effected, the difference between the value attributed on the Community market to each of the relevant characteristics of the pilot product and the value attributed on that market to the corresponding characteristics of the assimilated product in question must be taken into account;

Whereas, if no information on prices is available, the free-at-frontier price may, by way of exception, be established on the basis of the value of the raw mate-

rials contained in the pilot product in question (calculated on the basis of the prices of milk products for which prices are available), average processing costs and average yields;

Whereas, in exceptional circumstances, a free-at-frontier price may remain unchanged for a limited period where the new level of the price for a given quality or a specific origin, used as a basis for establishing the previous free-at-frontier price, has not reached the Commission to enable it to establish the next free-at-frontier price and if the Commission considers that the prices which are available could lead to sudden and considerable changes in the free-at-frontier price because they are not sufficiently representative of real market trends;

Whereas, in accordance with Article 19 (1) of Regulation (EEC) No 804/68, the nomenclature provided for in this Regulation is incorporated in the Common Customs Tariff;

Whereas Article 8 of Regulation (EEC) No 1073/68 provides that the levies are fixed every fortnight; whereas they may be altered in the intervening period if necessary; whereas the levy remains valid until another becomes applicable;

Whereas, if the levy system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas it follows from applying these provisions that the levies on milk and milk products should be as set out in the Annex hereto,

HAS ADOPTED THIS REGULATION:

Article 1

The import levies referred to in Article 14 (1) of Regulation (EEC) No 804/68 shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 1 January 1980.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
