of 20 December 1979**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1023/70 of 25 May 1970 establishing a common procedure for administering quantitative quotas⁽¹⁾, and in particular Article 2 thereof,

Whereas, in accordance with Article 2 of Regulation (EEC) No 3029/79 the quotas are to be allocated according to estimated needs and with regard to the export opportunities that already exist for the products in question ;

1. If 70 % or more of a Member State's initial share as specified in Article 1 (1), or of that share minus the portion returned to the reserve where Article 4 is applied, has been used up, that Member State shall, by notifying the Commission, draw a second share equal to 15 % of its initial share, rounded up where necessary to the next unit, to the extent permitted by the amount of the reserve.

2. If, after its initial share has been used up, 70 % or more of the second share drawn by a Member State has been used up, that Member State shall, in accordance with the conditions imposed by paragraph 1, draw a third share equal to 7.5 % of its initial share, rounded up where necessary to the next unit.

3. If, after its second share has been used up 70 % or more of the third share drawn by a Member State has been used up, that Member State shall, in accordance with the same conditions, draw a fourth share equal to the third.

This process shall continue to apply until the reserve is used up.

4. By way of derogation from paragraphs 1 to 3, a Member State may draw shares lower than those fixed in those paragraphs if there are grounds for believing

that those fixed may not be used up. It shall inform the Commission of its reasons for applying this paragraph.

Article 3

Supplementary shares drawn pursuant to Article 2 shall be valid until 31 December 1980.

Article 4

Member States shall return to the reserve, not later than 1 November 1980, the unused portion of their initial share which they estimate will not be utilized.

Member States shall, not later than 15 October 1980, notify the Commission of any quantities of the initial shares returned to the reserve.

Article 5

The Commission shall keep an account of the shares opened by the Member States pursuant to Articles 1 and 2 and shall, as soon as it has been notified, inform each State of the extent to which the reserve has been used up.

It shall inform the Member States, not later than 20 October 1980, of the amount still in reserve after

amounts have been returned thereto pursuant to Article 4.

It shall ensure that the drawing which uses up the reserve is limited to the balance available and to this end shall specify the amount thereof to the Member States making the last drawing.

Article 6

1. Member States shall take all measures necessary to ensure that supplementary shares drawn pursuant to Article 2 are opened in such a way that exports may be charged without interruption against their accumulated shares in the Community tariff quota.

2. Member States shall ensure that exporters of the said goods established in their territory have free access to the shares allocated to them.

3. Member States shall charge exports of the said goods against their shares as and when such goods are

presented to the customs authorities under cover of export authorizations or customs export documents.

4. The extent to which a Member State has used up its share shall be determined on the basis of exports charged in accordance with paragraph 3.

Article 7

Member States shall notify the Commission of the information as set out in Article 8 of Regulation (EEC) No 1023/70.

Article 8

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*. It shall apply until 31 December 1980.

COMMISSION REGULATION (EEC) No 3041/79
of 21 December 1979
extending certain periods set for the certification of hops

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1696/71 of 26 July 1971 on the common organization of the market in hops⁽¹⁾, as last amended by Regulation (EEC) No 235/79⁽²⁾,

Having regard to Council Regulation (EEC) No 1784/77 of 19 July 1977 concerning the certification of hops⁽³⁾, as amended by Regulation (EEC) No 2225/79⁽⁴⁾, and in particular the second paragraph of Article 10 thereof,

Whereas Article 10 of Regulation (EEC) No 1784/77 authorizes the marketing without certificates until 31 March 1979 of hop powders and hop extracts manufactured before 1 August 1978; whereas it provides for the possibility of deferring that final date; whereas Commission Regulation (EEC) No 672/79 of 4 April 1979⁽⁵⁾ first deferred that date to 31 December 1979; whereas, in view of the persistence of surpluses on the

market, the existence of stocks in certain Member States makes it necessary to make use once again of the possibility of deferring that date;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Hops,

HAS ADOPTED THIS REGULATION:

Article 1

The final date laid down in the second paragraph of Article 10 of Regulation (EEC) No 1784/77 for the marketing without certificates of hop powders and hop extracts manufactured before 1 August 1978 is hereby deferred from 31 December 1979 to 30 June 1980.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 3042/79

of 21 December 1979

amending for the fourth time Regulation (EEC) No 3077/78 on the equivalence with Community certificates of attestations accompanying hops imported from non-member countries

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1696/71 of 26 July 1971 on the common organization of the market in hops ⁽¹⁾, as last amended by Regulation (EEC) No 235/79 ⁽²⁾, and in particular Article 5 (2) thereof,

Whereas Commission Regulation (EEC) No 3077/78 ⁽³⁾, as last amended by Regulation (EEC) No 1466/79 ⁽⁴⁾, recognizes the equivalence with Community certificates of attestations accompanying hops imported from certain non-member countries, and contains a list of the bodies in those countries authorized to issue attestations of equivalence;

Whereas, since that time, Romania has undertaken to comply with the requirements laid down for the

marketing of hops and hop products and has authorized a body to issue attestations of equivalence; whereas it is appropriate, therefore, to recognize those attestations as being equivalent to Community certificates and to allow into free circulation the products which they cover; whereas it is necessary to supplement in this respect the Annex to Regulation (EEC) No 3077/78;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Hops,

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to Regulation (EEC) No 3077/78 is hereby supplemented by the following:

off against the quantitative limits for 1979;

Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Textile
Committee,

HAS ADOPTED THIS REGULATION:

Article 1

adjusting the common marketing standards for certain fresh or chilled fish

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 100/76 on the common organization of the markets in fishery products ⁽¹⁾, as last amended by Regulation (EEC) No 2903/78 ⁽²⁾, and in particular Article 3 thereof,

Whereas common marketing standards for certain fresh or chilled fish were laid down in Regulation (EEC) No 103/76 ⁽³⁾;

Whereas application of these standards should have the effect of keeping products of unsatisfactory quality off the market and facilitating trade relations based on fair competition, thus helping to improve the profitability of production ;

Whereas, in accordance with Article 3 of Regulation (EEC) No 100/76, these standards may be adjusted to take account of the requirements of production techniques ; whereas changes have been especially quoted in respect of redfish and anchovies ; whereas, therefore, the sizing of these products should be adjusted ;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION :

Article 1

Annex B to Regulation (EEC) No 103/76, in respect of redfish and anchovies, is amended as follows :

COMMISSION REGULATION (EEC) No 3050/79

of 21 December 1979

amending Regulation (EEC) No 3559/73 laying down detailed rules for granting financial compensation and indemnities, fixing the withdrawal price and determining the buying-in price for certain fishery products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 100/76 of 19 January 1976 on the common organization of the market in fishery products ⁽¹⁾, as amended by Regulation (EEC) No 2903/78 ⁽²⁾, and in particular Article 11 (5) thereof,

Whereas Commission Regulation (EEC) No 3559/73 of 21 December 1973 ⁽³⁾, as last amended by Regulation (EEC) No 3000/78 ⁽⁴⁾, laid down detailed rules for granting financial compensation and indemnities and for fixing the withdrawal prices;

Whereas Commission Regulation (EEC) No 3049/79 of 21 December 1979 ⁽⁵⁾ adjusted the common marketing standards for certain fresh or chilled fish in respect of the sizing of redfish and anchovies; whereas it is therefore necessary to fix the conversion factors for these products taking account of these adjustments;

Whereas Regulation (EEC) No 3559/73 fixed the conversion factors reflecting the average price difference between a product with specific commercial characteristics and products of the quality immediately below that of the product taken into consideration; whereas a change in relative market values has been noted, particularly between different presentations for a number of species; where there is to be a re-arrangement and a new fixing of conversion factors for the products in question;

Whereas Council Regulation (EEC) No 108/76 of 19 January 1976 ⁽⁶⁾ laid down general rules for determining, in the fisheries sector, the landing areas very distant from the main centres of consumption in the Community;

Whereas the second subparagraph of Article 11 (4) of Regulation (EEC) No 100/76 provides that, in order to ensure that producers in landing areas which are very distant from the main centres of consumption in the Community have access to markets under satisfactory conditions, the Community withdrawal prices may be multiplied by conversion factors for those areas; whereas these factors are to be determined in such a way that the differences between the prices thus converted correspond to the price differences to be expected in the case of normal production on the basis of the natural conditions of price formation on the market; whereas the trend observed in two landing areas very distant from the main centres of consumption enables the regionalization of these zones to be restricted in the case of mackerel and hake; whereas, moreover, the factor which should be applied is valid both for mackerel in certain zones in Northern Ireland and in certain zones in Scotland; whereas the trend of the market price for these two products in certain areas and therefore the price formation to be expected requires a new fixing or conversion factors applicable to these areas;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION:

Article 1

Annexes I and III to Regulation (EEC) No 3559/73 are hereby replaced by Annexes I and II hereto.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 100/76 of 19 January 1976 on the common organization of the market in fishery products⁽¹⁾, as last amended by Regulation (EEC) No 2903/78⁽²⁾, and in particular Article 11 (5) thereof,

Whereas guide prices for all the relevant products have been fixed for the 1980 fishing year by Council Regulation (EEC) No 2813/79 of 10 December 1979⁽³⁾;

Whereas rules for calculating withdrawal prices, in particular the percentage of the guide price to be used, the coefficients for varying them according to commercial characteristics, and the supplementary coefficients applicable in distant landing areas, were laid down by Commission Regulation (EEC) No 3559/73 of 21 December 1973⁽⁴⁾, as last amended by Regulation (EEC) No 3050/79⁽⁵⁾;

COMMISSION REGULATION (EEC) No 3052/79**of 21 December 1979****fixing reference prices for fishery products for the 1980 fishing year**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 100/76 of 19 January 1976 on the common organization of the market in fishery products⁽¹⁾, as last amended by Regulation (EEC) No 2903/78⁽²⁾, and in particular the first subparagraph of Article 19 (6) thereof,

Whereas Article 19 (1) of Regulation (EEC) No 100/76 provides *inter alia* for the fixing each year of reference prices valid in the Community for the products listed in Annexes I (A) and (C), II and IV (B) to that Regulation ;

Whereas Article 19 (2) of the abovementioned Regulation provides that for the products listed in Annex I (A) and (C) thereto such price is to be equal to not less than 60 % and not more than 90 % of the guide price ;

Whereas the guide prices for the fishery products listed in Annex I (A) and (C) to Regulation (EEC) No 100/76 have been fixed for the 1980 fishing year by Council Regulation (EEC) No 2813/79 of 10 December 1979⁽³⁾;

Whereas it is essential to fix reference prices if appropriate measures are to be applied to protect Community production ; whereas the implementation of such measures is closely linked with those taken within the Community to stabilize markets, in particular by the application of the system of withdrawal prices, that is prices below which producers' organizations will not put for sale the produce of their members ; whereas the reference price must be fixed by applying to the guide price a percentage lying within the limits used in applying the withdrawal price ; whereas this percentage must be based in particular on the supply and demand situation on the market ;

Whereas for these reasons the withdrawal prices, to the extent that these lie within the limits set for this purpose, and otherwise the lower of those limits, should be used in determining reference prices ;

Whereas the reference prices for the products listed in Annex II to Regulation (EEC) No 100/76 must be derived from the guide prices therefor and fixed by reference to the price level at which intervention measures in respect of these products become applicable ; whereas the reference prices for these products should therefore be fixed at 85 % of the guide prices fixed for the 1980 fishing year by Council Regulation (EEC) No 2814/79 of 10 December 1979⁽⁴⁾ ;

Whereas, for the products listed in Annex IV (B) to Regulation (EEC) No 100/76, reference prices are determined on the basis of the reference price for the fresh product ;

Whereas the situation on the Community import market for frozen products as specified in Annex IV (B) to Regulation (EEC) No 100/76 may make it necessary to take measures to protect Community producers, particularly as frozen products may be used in place of fresh products ; whereas it is therefore necessary to fix a reference price for these products which takes into account the normal relationship between the fresh and frozen product in their different stages of processing ;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION :

Article 1

The reference prices applicable until 31 December 1980 for the products listed in Annexes I (A) and (C) and II and for frozen products specified in Annex IV (B) to Regulation (EEC) No 100/76 shall be as shown in the Annex to this Regulation.

COMMISSION REGULATION (EEC) No 3053/79

of 21 December 1979

fixing reference prices for tunny intended for the canning industry for the 1980 fishing year

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 100/76 of 19 January 1976 on the common organization of the market in fishery products⁽¹⁾, as last amended by Regulation (EEC) No 2903/78⁽²⁾, and in particular the first subparagraph of Article 19 (6) thereof,

Whereas Article 19 (1) of Regulation (EEC) No 100/76 provides for the fixing each year of reference prices valid in the Community *inter alia* for the products listed in Annex III (A) to that Regulation;

Whereas reference prices for tunny intended for use by the canning industry were fixed for the 1979 fishing year by Commission Regulation (EEC) No 3003/78 of 18 December 1978⁽³⁾;

Whereas the fourth and fifth subparagraphs of Article 19 (2) of Regulation (EEC) No 100/76 lay down criteria to be taken into consideration in fixing reference prices for the products listed in Annex III (A);

Whereas it follows from applying these criteria that the reference prices in question should be as set out in this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION:

Article 1

The reference prices for tunny, fresh, chilled or frozen, for industrial manufacture of products falling within heading No 16.04 (subheading 03.01 B I c) 1 of the Common Customs Tariff, for the period ending 31 December 1980, shall be as follows:

Yellow-finned tunny weighing not more than 10 kilograms each	544	620	675
Yellow-finned tunny weighing over 10 kilograms each	598	682	742
Long-finned tunny weighing not more than 10 kilograms each	870	993	1 080
Long-finned tunny weighing over 10 kilograms each	681	776	844

COMMISSION REGULATION (EEC) No 3054/79**of 21 December 1979****amending Regulation (EEC) No 1109/71 on detailed rules for determining the entry price for certain fishery products**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 100/76 of 19 January 1976 on the common organization of the market in fishery products⁽¹⁾, as last amended by Regulation (EEC) No 2903/78⁽²⁾, and in particular Article 19 (6) thereof,

Whereas Commission Regulation (EEC) No 1109/71 of 28 May 1971 on detailed rules for determining the entry price for certain fishery products⁽³⁾, as last amended by Regulation (EEC) No 2953/77⁽⁴⁾, fixed the quality conversion factors for the calculation of entry prices and the different forms of presentations;

Whereas the conversion factors for certain products no longer reflect the exact relationship between the entry prices for the various categories of freshness, sizes and presentations of fish and the relevant reference prices; whereas they should therefore be brought up to date;

Whereas since the fixing of these conversion factors it should also be taken into account that adjustments have been made in the meantime to the common marketing standards and to the conversion factors in Article 11 (1) (c) of Regulation (EEC) No 100/76;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION:

Article 1

Annex I to Regulation (EEC) No 1109/71 is hereby replaced by the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 1 January 1980.

Whereas by Commission Regulation (EEC) No 2420/79 of 31 October 1979 suspending imports of frozen squid⁽³⁾ imports of frozen squid into Italy were suspended indefinitely;

Whereas by Commission Regulation (EEC) No 3052/79⁽⁴⁾ the reference prices for 1980 have been fixed and the Annex to Regulation (EEC) No 2420/79 should therefore be adjusted on the basis of the changes made in the level of the reference prices;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

Whereas Article 11 of Regulation (EEC) No 100/76 provides for the grant of financial compensation to producers' organizations which intervene, in certain conditions, in respect of the products listed in Annex I (A) and (C) to that Regulation; whereas the amount of financial compensation must be reduced by standard values in the case of products for purposes other than human consumption;

Whereas Commission Regulation (EEC) No 697/71 of 31 March 1971⁽³⁾ specifies the ways in which the products withdrawn may be disposed of; whereas the value of such products must be fixed at a standard level for each of these modes of disposal, taking into account the average receipts which may be obtained from such disposal;

Whereas on the basis of the relevant information on this value, this value is fixed for 1980 as shown in the Annex hereto;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,
