COMMISSION REGULATION (EEC) No 42/80**of 10 January 1980****fixing minimum levies on the importation of olive oil and levies on the importation of other olive oil sector products**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by Regulation (EEC) No 590/79⁽²⁾, and in particular Article 16 (2) thereof,

Having regard to Council Regulation (EEC) No 2749/78 of 23 November 1978 on trade in oils and fats between the Community and Greece⁽³⁾, and in particular Article 5 (2) thereof,

Having regard to Council Regulation (EEC) No 1514/76 of 24 June 1976 on imports of olive oil originating in Algeria⁽⁴⁾, as amended by Regulation (EEC) No 2761/78⁽⁵⁾, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1521/76 of 24 June 1976 on imports of olive oil originating in Morocco⁽⁶⁾, as last amended by Regulation (EEC) No 2761/78, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1508/76 of 24 June 1976 on imports of olive oil originating in Tunisia⁽⁷⁾, as amended by Regulation (EEC) No 2761/78, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1180/77 of 17 May 1977 on imports into the Community of certain agricultural products originating in Turkey⁽⁸⁾, as amended by Regulation (EEC) No 2766/78⁽⁹⁾, and in particular Article 10 (2) thereof,

Having regard to Council Regulation (EEC) No 1620/77 of 18 July 1977 laying down detailed rules for the importation of olive oil from Lebanon⁽¹⁰⁾,

Whereas by Regulation (EEC) No 3131/78 of 28 December 1978⁽¹¹⁾ the Commission decided to use the tendering procedure to fix levies on olive oil ;

Whereas Article 3 of Regulation (EEC) No 2751/78 of 23 November 1978 laying down general rules for fixing the import levy on olive oil by tender⁽¹²⁾ specifies that the minimum levy rate shall be fixed for each of the products concerned on the basis of the situation on the world or Greek markets and the Community market and of the levy rates indicated by tenderers ;

Whereas in the collection of the levy account should be taken of the provisions in the Agreements between the Community and certain third countries ; whereas in particular the levy applicable for those countries must be fixed taking as a basis for calculation the levy to be collected on imports from the other third countries ;

Whereas application of the rules recalled above to the levy rates indicated by tenderers on 7 and 8 January 1980 leads to the minimum levies being fixed as indicated in Annex I to this Regulation ;

Whereas the import levy on olives falling within subheadings 07.01 N II and 07.03 A II of the Common Customs Tariff and on products falling within subheadings 15.17 B I and 23.04 A II of the Common Customs Tariff must be calculated from the minimum levy applicable on the olive oil contained in these products ; whereas, however, the levy charged for olive oil may not be less than an amount equal to 8 % of the value of the imported product, such amount to be fixed at a standard rate ; whereas application of these provisions leads to the levies being fixed as indicated in Annex II to this Regulation,

COMMISSION REGULATION (EEC) No 43/80
of 10 January 1980
fixing the export refunds on malt

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
2727/75 of 29 October 1975 on the common organiza-
tion of the market in cereals⁽¹⁾, as last amended by
Regulation (EEC) No 1547/79⁽²⁾, and in particular the
fourth subparagraph of Article 16 (2) thereof,

Having regard to the opinion of the Monetary
Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75
provides that the difference between quotations or
prices on the world market for the products listed in
Article 1 of those Regulations and prices for those
products within the Community may be covered by
an export refund;

Whereas Article 2 of Council Regulation (EEC) No
2746/75 of 29 October 1975 laying down general
rules for granting export refunds on cereals and
criteria for fixing the amount of such refunds⁽³⁾,
provides that when refunds are being fixed account
must be taken of the existing situation and the future
trend with regard to prices and availabilities of cereals
on the Community market on the one hand and
prices for cereals and cereal products on the world
market on the other; whereas the same Article
provides that it is also important to ensure equi-
librium and the natural development of prices and
trade on cereal markets and, furthermore, to take into
account the economic aspect of the proposed exports,
and the need to avoid disturbances on the Commu-
nity market;

Whereas Council Regulation (EEC) No 2744/75 of 29
October 1975 on the import and export system for
products processed from cereals and from rice⁽⁴⁾, as
last amended by Regulation (EEC) No 2245/78⁽⁵⁾,
defines the specific criteria to be taken into account
when the refund on these products is being calcu-
lated;

Whereas it follows from applying these detailed rules
to the present situation on the market in products
processed from cereals and rice that the export refund
should be fixed at an amount which will cover the
difference between Community prices and world
market prices;

Whereas the world market situation or the specific
requirements of certain markets may make it neces-
sary to vary the refund for certain products according
to destination;

Whereas, if the refund system is to operate normally,
refunds should be calculated on the following basis:

- in the case of currencies which are maintained in
relation to each other at any given moment within
a band of 2.25 %, a rate of exchange based on
their effective parity;
- for other currencies, an exchange rate based on the
arithmetic mean of the spot market rates of each
of these currencies recorded for a given period in
relation to the Community currencies referred to
in the previous indent;

Whereas the refund must be fixed once a month;
whereas it may be altered in the intervening period;

Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Manage-
ment Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on malt listed in Article 1 (d) of
Regulation (EEC) No 2727/75 subject to Regulation
(EEC) No 2744/75 shall be as set out in the Annex
hereto.

Article 2

This Regulation shall enter into force on 11 January
1980.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 337/79 of 5 February 1979 on the common organization of the market in wine⁽¹⁾, as last amended by Regulation (EEC) No 2594/79⁽²⁾, and in particular Articles 43 (6), 51 (2) and 54 (5) thereof,

Whereas Article 51 (1) of Regulation (EEC) No 337/79 provides, *inter alia*, that a wine which has undergone oenological practices not permitted under Community rules, or, where such rules do not exist, by national rules, may not be offered or disposed of for direct human consumption; whereas, in order to ensure uniform interpretation of these provisions, it should be made clear that a wine resulting from the coupage of various quality wines psr or from the coupage of a quality wine psr with a wine other than a quality wine psr is neither a table wine nor a quality wine psr, and may not be disposed of for direct human consumption;

Whereas paragraph 2 of the same Article provides for the adoption of provisions with a view to avoiding excessive rigour in individual cases, in particular from an economic point of view;

Whereas Commission Regulation (EEC) No 1972/78 should therefore be amended accordingly⁽³⁾;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Wine,

Article 1

The following Article is inserted in Regulation (EEC) No 1972/78:

Article 4a

The coupage:

- of a quality wine psr with a wine other than a quality wine psr, or

- of a quality wine psr with a quality wine psr which is not entitled to bear the name of the same specific region

may yield neither a quality wine psr nor a table wine. The wine resulting from such coupage may not be supplied for direct human consumption.

In the case of such a wine, the use of any indication reserved for quality wines psr on the labelling, packaging, official and commercial documents and in the records shall be prohibited.

However, a Member State, in agreement with the producer Member States concerned, may, for the purpose of avoiding excessive rigour in individual cases, allow the product resulting from coupage as referred to in the first paragraph to be marketed on its internal market as a table wine provided that it:

- also possesses the characteristics of a table wine as defined in point 11 of Annex II to Regulation (EEC) No 337/79, and
- is of sound, fair and marketable quality and satisfies the other provisions of Regulation (EEC) No 337/79 and those adopted pursuant to that Regulation.

For purposes of the preceding paragraph, the competent authorities shall establish direct contact with each other in accordance with Regulation (EEC) No 359/79⁽¹⁾, where the wines are not held in the producer Member State.

COMMISSION REGULATION (EEC) No 46/80
of 10 January 1980
amending Regulation (EEC) No 2547/79 fixing the export refunds on wine

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 337/79 of 5 February 1979 on the common organization of the market in wine⁽¹⁾, as last amended by Regulation (EEC) No 2594/79⁽²⁾, and in particular Article 20 (4) thereof,

Whereas the Annex to Commission Regulation (EEC) No 2547/79⁽³⁾, contains a list of the products in respect of which refunds may be granted; whereas in that list red table wines of type R III are excluded from the benefit of refunds; whereas, on account of their close economic relationship with red table wines of type R III and in order to avoid difficulties of interpretation, rosé table wines from vine varieties of the 'Portugieser' type should be expressly excluded from the benefit of refunds; whereas it is therefore necessary to amend the Annex to Regulation (EEC) No 2547/79;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Wine,

HAS ADOPTED THIS REGULATION:

Article 1

In the Annex to Regulation (EEC) No 2547/79, in the second space of the column headed 'Description' after the words 'other than red table wine of type R III', there are inserted the words 'and rosé table wine from vine varieties of the "Portugieser" type'.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

It shall apply with effect from 15 November 1979.

COMMISSION REGULATION (EEC) No 47/80**of 10 January 1980****prolonging the temporary suspension of the advance fixing of the import levy
for cereals**

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
2727/75 of 29 October 1975 on the common organiza-
tion of the market in cereals⁽¹⁾, as last amended by
Regulation (EEC) No 1547/79⁽²⁾, and in particular the
second subparagraph of Article 15 (7) thereof,

Whereas Article 15 (7) of Regulation (EEC) No
2727/75 provides that the provisions concerning
advance fixing of the levy may be suspended if the
market situation shows that the application of such
provisions is causing, or is likely to cause, difficulties ;

Whereas there is a danger, having regard to the situa-
tion on the world cereals market, that, if existing
arrangements are adhered to, levies could be fixed in
advance in the short term for quantities considerably
greater than the quantities which might be expected
under more normal conditions ;

Whereas Commission Regulation (EEC) No 27/80 of
7 January 1980⁽³⁾ temporarily suspended advance
fixing of the import levy for cereals and products
referred to in Article 1 of Regulation (EEC) No
2727/75 ; whereas the reasons which led to that
suspension still exist ; whereas it is important, there-
fore, to continue that measure for a limited period,
which will make it possible to monitor the situation ;
Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Manage-
ment Committee for Cereals,

HAS ADOPTED THIS REGULATION :

Article 1

In Article 1 of Regulation (EEC) No 27/80, '10
January 1980' is hereby replaced by '24 January 1980'.

— for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies in relation to the Community currencies referred to in the previous indent;

Whereas these exchange rates being those recorded on 9 January 1980;

Whereas the levy on the basic product as last fixed differs from the average levy by more than 3.02 ECU per tonne of basic product; whereas, pursuant to Article 1 of Regulation (EEC) No 1579/74⁽⁹⁾, the levies at present in force must therefore be altered to the amounts set out in the Annex hereto,

Whereas the import levies on white sugar and raw sugar were fixed by Regulation (EEC) No 1328/79⁽³⁾, as last amended by Regulation (EEC) No 25/80⁽⁴⁾;

COMMISSION REGULATION (EEC) No 50/80
of 10 January 1980
fixing the export refunds on rice and broken rice

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
1418/76 of 21 June 1976 on the common organiza-
tion of the market in rice ⁽¹⁾, as last amended by Regu-
lation (EEC) No 1552/79 ⁽²⁾, and in particular the first
sentence of the fourth subparagraph of Article 17 (2)
thereof,

Having regard to the opinion of the Monetary
Committee,

Whereas Article 17 of Regulation (EEC) No 1418/76
provides that the difference between quotations or
prices on the world market for the products listed in
Article 1 of that Regulation and prices for those
products within the Community may be covered by
an export refund;

Whereas Article 2 of Council Regulation (EEC) No
1431/76 of 21 June 1976 laying down general rules
for granting export refunds on rice and criteria for
fixing the amount of such refunds ⁽³⁾, provides that
when refunds are being fixed account must be taken
of the existing situation and the future trend with
regard to prices and availabilities of rice and broken
rice on the Community market on the one hand and
prices for rice and broken rice on the world market
on the other; whereas the same Article provides that
it is also important to ensure equilibrium and the
natural development of prices and trade on the rice
market and, furthermore, to take into account the
economic aspect of the proposed exports and the need
to avoid disturbances of the Community market;

Whereas Regulation (EEC) No 1361/76 ⁽⁴⁾ lays down
the maximum percentage of broken rice allowed in
rice for which an export refund is fixed and specifies
the percentage by which that refund is to be reduced
where the proportion of broken rice in the rice
exported exceeds that maximum;

Whereas Article 3 of Regulation (EEC) No 1431/76
defines the specific criteria to be taken into account
when the export refund on rice and broken rice is
being calculated;

Whereas the world market situation or the specific
requirements of certain markets may make it neces-
sary to vary the refund for certain products according
to destination;

Whereas the refund must be fixed at least once a
month; whereas it may be altered in the intervening
period;

Whereas, if the refund system is to operate normally,
refunds should be calculated on the following basis:

- in the case of currencies which are maintained in
relation to each other at any given moment within
a band of 2.25 %, a rate of exchange based on
their effective parity;
- for other currencies, an exchange rate based on the
arithmetic mean of the spot market rates of each
of these currencies recorded for a given period in
relation to the Community currencies referred to
in the previous indent;

Whereas it follows from applying these rules and
criteria to the present situation on the market in rice
and in particular to quotations or prices for rice and
broken rice within the Community and on the world
market, that the refund should be fixed as set out in
the Annex hereto;

Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Manage-
ment Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1
of Regulation (EEC) No 1418/76 with the exception
of those listed in paragraph 1 (c) of that Article,
exported in the natural state, shall be as set out in the
Annex hereto.

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal ⁽¹⁾, as last amended by Regulation (EEC) No 2916/79 ⁽²⁾, and in particular Article 13 thereof,

Having regard to the proposal from the Commission,

HAS ADOPTED THIS ESTIMATE :

Introduction

This estimate relates to the period 1 January to 31 December 1980. It has been prepared in the light of information available to the Commission and on the basis of current forecasts. It is derived from an assessment of demand for young male bovine animals intended for fattening which the Community has imported from non-member countries in previous years, particularly in 1979, and of the foreseeable trend for 1980 of supplies of and requirements in young male bovine animals intended for fattening in the Community.

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 24.

⁽²⁾ OJ No L 329, 24. 12. 1979, p. 15.

1. Imports from non-member countries in previous years

In previous years, the number of young male bovine animals intended for fattening imported into the Community has fluctuated around 200 000 head.

In 1978 and 1979, on account in particular of a fall in Community supplies of young bovine animals for fattening, this figure was higher, standing at around 230 000 head.

It is estimated that in 1980, following a slight increase in supplies of these animals in the Community, import requirements will be comparable to this level.

2. Assessment of Community supplies for 1980

2.1. Following the increase in the number of breeding females (cows and heifers) anticipated for 1980 (around 120 000 head), a corresponding increase is expected in the number of births of calves during the same year; the resultant increase in the available number of calves would be of the order of 100 000 head. Production over the year of male calves would therefore be up by around 50 000 head and would stand at around 14 250 000 head.

- 2.2. The number of slaughterings of male calves envisaged for 1980, on the basis of data collected from Member States, should be down on 1979 and be around 3 680 000 head.

On the other hand, the number of male animals intended for breeding will probably be slightly increased to about 760 000 head.

- 2.3. In the light of the information provided by Member States and of experience gained, it is expected that in 1980 the requirements of Community breeders in young male bovine animals for fattening will be 10 040 000 head, including animals lost and animals put to pasture.

3. Estimate of the Community shortfall for 1980

From the considerations set out under 2.2 and 2.3, it follows that the Community's overall requirements in male calves will in 1980 be 14 480 000 head. These requirements will be only partly satis-

fied by Community supplies of these animals which, as shown in 2.1, will stand at around 14 250 000 head. The foreseeable Community shortfall for 1980 in male calves for fattening will therefore be around 230 000 head to be imported from non-member countries.

Conclusion

On the basis of the considerations set out above, the estimate for young male bovine animals intended for fattening which may be imported in 1980 under the arrangements provided for in Article 13 of Regulation (EEC) No 805/68 is fixed at 230 000 head.

COUNCIL ESTIMATE

of 20 December 1979

concerning beef and veal intended for the processing industry for the period 1 January to 31 December 1980

(80/13/EEC)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal⁽¹⁾, as last amended by Regulation (EEC) No 2916/79⁽²⁾, and in particular Article 14 (2) thereof,

Having regard to the proposal from the Commission,

HAS ADOPTED THIS ESTIMATE :

Introduction

This estimate covers the period 1 January to 31 December 1980. It has been prepared in the light of information available to the Commission and on the basis of current forecasts. It is derived from estimates of demand in the industry and of Community supplies of meat of qualities and types of cut suitable for industrial use, hereinafter referred to as 'meat for processing'.

Demand in the industry for meat for processing has been assessed by the reference to the quantities of fresh and frozen meat used each year.

Community supplies of meat for processing have been estimated by reference to the quantities of fresh and frozen meat normally used for this purpose.

CHAPTER I**Supplies of meat for processing**

According to information supplied to the Commission by the Member States in September 1979, Community supplies of fresh meat for processing for 1980 can be estimated at 886 000 tonnes of meat on the bone, which includes cows slaughtered in accordance with Council Regulation (EEC) No 1078/77⁽³⁾, as last amended by Regulation (EEC) No 1270/79⁽⁴⁾.

It is also estimated that at the end of 1979 the Community will hold a public stock of meat as a

result of standing intervention purchases. The quantity of this meat satisfying the requirements of meat for processing can be estimated at 85 000 tonnes of meat on the bone.

At the end of 1979 there will be a stock of meat held in private storage under Commission Regulations (EEC) No 1198/79⁽⁵⁾ and (EEC) No 2061/79⁽⁶⁾, which provide for the granting of private storage aid for beef.

The quantity of this meat satisfying the requirements for processing is estimated at 40 000 tonnes of meat on the bone.

With effect from 1 January 1980 the Community is to open a tariff quota for 50 000 tonnes of boned frozen meat, which corresponds to 65 000 tonnes of meat on the bone.

Experience shows that under this quota 11 900 tonnes of frozen meat on the bone will be imported in 1980 for processing.

In 1980 the quantity of meat to be imported into the Community and originating in Botswana, Kenya, Madagascar or Swaziland which satisfies the requirements for processing may, after taking into account the probable increase in beef imported from these countries, be estimated at 12 900 tonnes of meat on the bone.

For 1980 the total available supplies will thus be as follows :

	(tonnes)
— fresh meat	886 000
— frozen meat for processing taken over at intervention	85 000
— frozen meat for processing resulting from private storage aid contracts	40 000
— frozen meat imported for processing under GATT quota	11 900
— frozen meat imported for processing under ACP Agreement	12 900
	1 035 800

CHAPTER II

Industrial demand for meat for processing

According to information supplied to the Commission by the Member States in September 1979, Community demand for meat for processing in 1980 can be estimated at 1 085 800 tonnes of meat on the bone. This figure includes quantities required for the preparation of preserved foods referred to in Article 14 (1) (a) of Regulation (EEC) No 805/68. This latter quantity is estimated at 112 000 tonnes.

Conclusion

The needs of the processing industries, including those producing preserved foods referred to in Chapter II and containing no characteristic components other than beef and jelly, have been estimated at 1 085 800 tonnes of meat on the bone.

The tonnage of the supplies available from the total of Community production in 1980, plus stocks in store at the end of 1979 suitable for processing, and quantities suitable for processing imported under the various special arrangements has been estimated at 1 035 800 tonnes of meat on the bone.

The deficit in meat for processing in 1980 can be estimated, in round figures at 50 000 tonnes of meat on the bone.

In light of the experience gained in 1979 it has been decided to apportion this tonnage, as required by Article 14 (1) of Regulation (EEC) No 805/68, so that :

- (a) 25 000 tonnes of meat intended for the manufacture of preserved food which does not contain characteristic components other than beef and jelly shall qualify for the total suspension of the levy, and
- (b) 25 000 tonnes of meat intended for the processing industry for the manufacture of products other than the preserved food referred to in (a) shall qualify for total or partial suspension of the levy.

**COUNCIL DECISION
of 18 December 1979**

on the provisional application to Saint Vincent and the Grenadines (formerly Saint Vincent) of the arrangements provided for in Decision 76/568/EEC on the association of the overseas countries and territories with the European Economic Community

(80/14/EEC)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Decision 76/568/EEC of 29 June 1976 on the association of the overseas countries and territories with the European Economic Community⁽¹⁾, as last amended by Decision 79/310/EEC⁽²⁾, and in particular the second subparagraph of Article 55 (2) thereof,

Whereas, pursuant to the second subparagraph of Article 55 (2) of Decision 76/568/EEC, the arrangements provided for therein may continue to apply provisionally, under conditions laid down by the Council, to countries and territories which become independent;

Whereas Saint Vincent, which appears in Annex I relating to the list of the countries and territories referred to by that Decision, achieved independence on 27 October 1979 as Saint Vincent and the Grenadines;

Whereas it should be decided to continue to apply provisionally the arrangements provided for in the abovementioned Decision to that State and to lay down the conditions for such application, without prejudice to subsequent recourse to the first subparagraph of Article 55 (2) and to Article 56 thereof,

Whereas the ACP-EEC Convention of Lomé is open, in accordance with the procedure laid down in Article 89 thereof, to the accession of a country or territory to which Part Four of the Treaty applies and which has become independent; whereas such accession can take place only following a request by the State concerned and with the approval of the ACP-EEC Council of Ministers;

Whereas Saint Vincent has submitted a request for accession to the ACP-EEC Convention of Lomé as Saint Vincent and the Grenadines;

Whereas the period of provisional application of Decision 76/568/EEC to that State should not continue beyond the expiry of that Decision;

Whereas, in order to avoid any break in continuity in the financing decisions in favour of Saint Vincent and the Grenadines between its accession to the ACP-EEC Convention of Lomé and the entry into force of the

Decision adjusting the amounts made available to the European Development Fund which the Council is to take pursuant to Article 1 (4) of the Internal Agreement on the financing and administration of Community aid signed on 11 July 1975, Saint Vincent and the Grenadines should be permitted to continue to benefit, until the date of the entry into force of that Decision, from the provisions of Decision 76/568/EEC relating to financial and technical cooperation,

HAS DECIDED AS FOLLOWS:

Article 1

The arrangements laid down by Decision 76/568/EEC shall remain provisionally applicable to Saint Vincent and the Grenadines until the latter accedes to the ACP-EEC Convention of Lomé but in any event not beyond the expiry of that Decision.

However, Saint Vincent and the Grenadines shall continue to benefit from the provisions of the said Decision relating to financial and technical cooperation until the date of entry into force of the Decision adjusting the amounts made available to the European Development Fund which the Council is to take pursuant to Article 1 (4) of the Internal Agreement on the financing and administration of Community aid signed on 11 July 1975.

Article 2

Questions relating to the application of Decision 76/568/EEC to Saint Vincent and the Grenadines shall be dealt with as necessary by direct contact between the competent authorities of that State and of the Community.

Article 3

This Decision shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.
