COUNCIL REGULATION (EEC) No 1481/80**of 9 June 1980****temporarily suspending the autonomous Common Customs Tariff duties on
certain industrial products**

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community, and in particular Article 28
thereof,

Having regard to the draft Regulation submitted by
the Commission,

Whereas production of the products referred to in this
Regulation is at present inadequate or non-existent
within the Community and producers are thus unable
to meet the needs of user industries in the Commu-
nity ;

Whereas it is in the Community's interest to suspend
the autonomous Common Customs Tariff duties only
partially in certain cases, due particularly to the exist-
ence of Community production, and to suspend them
completely in other cases ;

Whereas, taking account of the difficulties involved in
accurately assessing the development of the economic
situation in the sectors concerned in the near future,
these suspension measures should be taken only

temporarily with their term of validity fixed to coin-
cide with the interests of Community production,

HAS ADOPTED THIS REGULATION :

Article 1

The autonomous Common Customs Tariff duties for
the products listed in the tables annexed to this Regu-
lation shall be suspended at the level indicated in
respect of each of them.

These suspensions shall be valid :

- from 1 July to 31 October 1980 for the product
listed in Table I,
- from 1 July to 31 December 1980 for the products
listed in Table II,
- from 1 July 1980 to 30 June 1981 for the
products listed in Table III.

Article 2

This Regulation shall enter into force on 1 July 1980.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

Done at Luxembourg, 9 June 1980.

food aid for the Arab Republic of Egypt

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
2727/75 of 29 October 1975 on the common organiza-

situation in the Member States and in order to ensure
that the tenders are as comparable as possible, account
should be taken of the effect on each tender of the
currency situation in the Member State in which the
customs export formalities will be completed ;

Whereas the contract should be awarded to the
tenderer who makes the best offer ;

Whereas it must be made clear who is to bear any
costs which arise in the event that for reasons of *force
majeure* the operation in question is not completed
within the time stipulated ;

Whereas provisions should be made for security to be
given to guarantee fulfilment of obligations arising by
virtue of participation in the invitation to tender for
the supply of goods to the Arab Republic of Egypt ;

1. The tenderer shall give security in an amount of 12 ECU per tonne of goods.

It shall be released :

- in the case of all tenderers whose tenders are unsuccessful or are not accepted,

3. Where the customs export formalities for the mobilized product are completed in a Member State other than that in which the invitation to tender is issued, the intervention agency of the latter Member State shall be responsible for the operations following tendering including payment to the successful tenderer.

In such case, the intervention agency choosing the successful tenderer shall immediately inform the intervention agency of the Member State concerned and shall supply it with all the information which it may require.

Furthermore, the amount of the successful tender shall be paid after it has been converted using the

4. The intervention agency shall request the successful tenderer to supply the following information :

- (a) after each shipment a certificate showing the quantities dispatched and the quality of the products ;
- (b) the date of departure of the vessels.

The information indicated above shall be forwarded by the intervention agency to the Commission immediately upon receipt.

5. When the agency responsible for the operations relating to tendering is not the intervention agency which appoints the successful tenderer, it shall send as soon as possible to the latter the information necessary for releasing the security.

COMMISSION REGULATION (EEC) No 1486/80

of 13 June 1980

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by Regulation (EEC) No 590/79⁽²⁾, and in particular Article 26 (3) thereof,

Whereas during the 1978/79 and 1979/80 marketing years the Danish intervention agency bought in certain quantities of colza and rape seed pursuant to Article 26 of Regulation No 136/66/EEC;

Whereas Commission Regulation (EEC) No 189/68⁽³⁾, as last amended by Regulation (EEC) No 1687/76⁽⁴⁾, laid down the conditions for sale by tender on the Community market of oil seeds held by intervention agencies; whereas, in view of the present situation on the Community oil seeds market, it is unlikely that the quantities held by the Danish intervention agency can be sold in accordance with the price conditions laid down in Article 5 of Regulation (EEC) No 189/68; whereas, therefore, special measures must be taken to dispose of these oil seeds;

Whereas colza and rape seed can at present be marketed in the Community at a price which accords more closely with the actual market situation than that fixed in accordance with the said Article 5;

Whereas a security should be required in order to ensure compliance with the obligations involved in the submission of a tender; whereas, moreover, that security should be such as to prevent the seeds sold by tender from being offered for intervention a second time; whereas the security should therefore be forfeited unless the successful tenderer provides proof that the seeds have been placed under control at an oil mill pursuant to Article 2 of Council Regulation (EEC) No 2114/71⁽⁵⁾, as last amended by Regulation (EEC) No 851/78⁽⁶⁾, or have been exported;

Whereas the minimum selling price that most closely corresponds to the actual market situation may be determined on the basis of the tenders received;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION:

Article 1

1. No tender shall be accepted unless it states a price per lot, delivery ex storage depot.

The costs of weighing, sampling and analysis shall be borne by the intervention agency. Any other exit costs arising shall be borne by the purchaser.

2. Tenders shall be valid only if accompanied by a security of 5 ECU per 100 kilograms.

The security may be provided in cash or in the form of a guarantee satisfying the criteria laid down in the Kingdom of Denmark.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal ⁽¹⁾, as last amended by Regulation (EEC) No 2916/79 ⁽²⁾, Article 14 (4) (a) and (c) thereof,

COMMISSION REGULATION (EEC) No 1488/80**of 13 June 1980****authorizing the German intervention agency to sell forequarters of bovine animals for processing into preserves with a view to constituting security stocks**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal ⁽¹⁾, as last amended by Regulation (EEC) No 2916/79 ⁽²⁾, and in particular Article 7 (3) thereof,

Whereas for strategic reasons the Federal Republic of Germany has safety stocks of certain foodstuffs; whereas these include beef preserves;

Whereas, moreover substantial purchases by the intervention agency are a feature of the current situation on the beef and veal market in the Federal Republic of Germany; whereas in these circumstances the immediate utilization of part of the meat thus bought in for processing into the abovementioned preserves provides a useful outlet for the meat in question; whereas, therefore, the sale of this meat should be authorized before it is placed in stock, at a price equal to the buying-in price, with a view to processing it into preserves in order to constitute security stocks for the Land of Berlin in the Federal Republic of Germany;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

From 1 July 1980 to the end of the 1980/81 marketing year the German intervention agency shall

be authorized to sell up to 10 000 tonnes of fresh or refrigerated forequarters which it has purchased under Article 6 of Regulation (EEC) No 805/68.

Article 2

1. The products specified in Article 1 shall be sold only to the German public authorities and shall be processed into preserves with a view to constituting security stocks for the Land of Berlin.

2. The selling price of the products specified in Article 1 shall be equal to the buying-in price of the carcasses or half-carcasses, multiplied by 0.78.

3. For the purposes of this Regulation 'forequarters' shall mean the front part of the half-carcase comprising all the bones and the scrag, neck and shoulder and cut straight at the eighth rib, with the flank and breast attached.

Article 3

The Federal Republic of Germany shall notify the Commission of the measures taken to implement this Regulation.

Article 4

This Regulation shall enter into force on 1 July 1980.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 1489/80**of 13 June 1980****fixing the quantity of young male bovine animals which may be imported on special terms in the third quarter of 1980**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal⁽¹⁾, as last amended by Regulation (EEC) No 2916/79⁽²⁾, and in particular Articles 13 (4), 15 (2) and 25 thereof,

Whereas the Council has established under the new import arrangements for young male bovine animals for fattening, an estimate of 230 000 head for the period 1 January to 31 December 1980; whereas, under Article 13 (4) (a) of Regulation (EEC) No 805/68, the quantity which may be imported each quarter and the rate of reduction of the import levy on these animals must be determined;

Whereas detailed rules for the practical application of the special arrangements were laid down in Commission Regulation (EEC) No 571/78⁽³⁾, as last amended by Regulation (EEC) No 485/80⁽⁴⁾;

Whereas the supply requirements of certain regions of the Community which have a serious deficit in bovine animals for fattening must be taken into account; whereas these requirements are particularly apparent in Italy and may be estimated, for the third quarter of 1980, at a minimum of 45 000 head, for that Member State;

Whereas the supply requirements in young bovine animals for fattening justify, for the third quarter of 1980, a higher rate of reduction of the levy for animals weighing from 220 to 300 kilograms per head, originating in and coming from Yugoslavia;

Whereas the partial reduction of the levy is intended to help improve cattle rearing and beef and veal production structures in Italy; whereas appropriate measures must therefore be taken to ensure that producers can, as far as possible benefit directly from the arrangements without traditional trade being excluded; whereas this objective can be achieved by giving agricultural producers and their organizations

priority when issuing the licences conferring entitlement to benefit from the arrangements;

Whereas according to Article 11 (9) of Regulation (EEC) No 571/78 the applicant shall undertake either to carry out himself or to have carried out under his responsibility the task of fattening; whereas, in the case of agricultural producers or their professional organization, it appears that the opportunity given to the applicant not to carry out himself the task of fattening could give rise to abuses in certain cases; whereas it seems appropriate consequently to abolish that opportunity for the quarter in question;

Whereas in the case of import licence applications made by agricultural producers or their professional organizations it is necessary, in order to permit a more equitable distribution of the quantities available, to limit the maximum quantity which each application may cover;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

1. For the period 1 July to 30 September 1980, the maximum quantity referred to in Article 13 (4) (a) of Regulation (EEC) No 805/68 shall be 50 000 head of young male bovine animals for fattening, of a live weight of 300 kilograms or less, of which at least 45 000 head must be imported into and fattened in Italy.

2. The levy charged on imports of the young bovine animals referred to in paragraph 1 shall be equal to the levy applicable on the day of import less 60 %.

However, the levy applicable on the day of import shall be reduced by 70 % in respect of a maximum of 12 000 young bovine animals weighing from 220 to 300 kilograms per head, originating in and coming from Yugoslavia.

⁽⁴⁾ OJ No L 56, 29. 2. 1980, p. 21.

3. The application for a licence and the licence shall be in accordance with Article 8 (b) of Regulation (EEC) No 571/78 and shall relate to:

- either young bovine animals of a weight per head not exceeding 300 kilograms, or
- young bovine animals of a weight per head of from 220 to 300 kilograms, originating in and coming from Yugoslavia.

In the latter case, Sections 13 and 14 of the application for a licence and the licence shall include one of the following entries:

- 'Yugoslavia',
- 'Jugoslavien',
- 'Jugoslawien',
- 'Yougoslavie',
- 'Iugoslavia',
- 'Joegoslavië'.

The licence shall make it compulsory to import from the country indicated.

4. Member States shall specify in the communication referred to in Article 11 (2) of Regulation (EEC) No 571/78 the category of live weight, and the origin of the products in the case referred to in the second indent of the first subparagraph of paragraph 3.

5. Within the quantity reserved for Italy, import licences may be issued directly to agricultural producers or their organizations in respect of a maximum of 30 000 head.

Italy, shall for this purpose, specify the categories of applicants in the communication referred to in Article 11 (2) of Regulation (EEC) No 571/78.

Article 2

In the case of the quantity referred to in Article 1 (5):

- (a) by way of derogation from Article 11 (9) of Regulation (EEC) No 571/78, the applications for import licences lodged by agricultural producers or their professional organizations shall be acceptable only if the agricultural producers, directly or through their professional organizations, undertake in writing to fatten on their farms the young bovine animals imported under this Regulation;
- (b) applications for import licences may not cover more than 100 head when made by individual applicants nor more than 100 head per member when made by professional organizations. The total quantity applied for by a professional organization may not however exceed 2 500 head.

Article 3

For the purpose of Article 11 (5) of Regulation (EEC) No 571/78, all applications from one applicant which relate to the same category of weight and the same rate of reduction of the levy shall be treated as one application.

Article 4

This Regulation shall enter into force on 1 July 1980.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
