COMMISSION REGULATION (EEC) No 1939/80

of 18 July 1980

re-establishing the levying of customs duties on chlorides of barium, falling within subheading 28.30 A II and originating in China, to which the preferential tariff arrangements set out in Council Regulation (EEC) No 2789/79 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2789/79 of 10 December 1979 establishing preferential tariffs in respect of certain products originating in developing countries⁽¹⁾, and in particular Article 4 (2) thereof,

Whereas Article 1 (3) and (4) of that Regulation provides that customs duties may, for each category of products, be suspended up to a Community ceiling, expressed in European units of account, which will be equal — with the exception of certain products, the value of the ceilings for which is given in Annex A thereto — to the sum arrived at by adding together the value of the products in question imported cif into the Community in 1977 and coming from countries and territories covered by those arrangements, but not including products coming from countries and territories already covered by various preferential tariff arrangements established by the Community, and 5 % of the value of 1977 cif imports coming from other countries and from countries and territories already covered by such arrangements; whereas, however, the ceiling resulting from the sum of this addition may in no case exceed 110 or 115 % of the preferential ceiling opened for 1979;

Whereas, having regard to that ceiling, the amounts for products originating in any one of the countries or territories listed in Annex B to that Regulation should be within a maximum Community amount representing 50 % of that ceiling, with the exception of certain products for which the maximum amount is to be reduced to the percentage indicated in Annex A thereto;

Whereas Article 2 (2) and (3) of that Regulation provides that customs duties may be re-established at any time in respect of imports of the products in ques-

tion originating in any of the said countries or territories — with the exception of those listed in Annex C to the same Regulation — once the relevant Community amount has been reached;

Whereas, in respect of chlorides of barium, the ceiling, calculated as indicated above, should be 277 000 European units of account, and therefore the maximum amount is 138 500 European units of account; whereas on 11 July 1980, the amounts of imports into the Community of the products in question, originating in China, a country covered by preferential tariff arrangements, reached that maximum amount; whereas, bearing in mind the objectives of Regulation (EEC) No 2789/79 which provides that maximum amounts should not be exceeded, customs duties should be re-established in respect of the products in question in relation to China,

HAS ADOPTED THIS REGULATION:

Article 1

As from 25 July 1980, customs duties, suspended in pursuance of Council Regulation (EEC) No 2789/79, shall be re-established in respect of the following products, imported into the Community and originating in China:

CCT heading No	Description
28.30 A II	Chlorides of barium

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION DECISION**of 25 June 1980****setting up an Advisory Committee on the control and reduction of pollution
caused by hydrocarbons discharged at sea****(80/686/EEC)**

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Whereas, at its meetings in Copenhagen on 7 and 8
April 1978, in Bremen on 6 and 7 July 1978 and in
Luxembourg on 27 and 28 April 1980, the European
Council took the view that preventing and combating
marine pollution, in particular by hydrocarbons,
should be one of the major objectives of action by the
Community ;

Whereas the European Communities' 1973 environ-
ment action programme ⁽¹⁾, supplemented by that of
1977 ⁽²⁾, stressed that it was of paramount importance
to western Europe that effective action be taken
against the dangers inherent in the carriage of hydro-
carbons, including the threat of serious coastal pollu-
tion as a result of accidents on the high seas, and
specified that the protection of sea water in order to
ensure the maintenance of ecological balances was a
priority task ;

Whereas on 26 June 1978 the Council adopted a reso-
lution setting up an action programme of the Euro-
pean Communities on the control and reduction of
pollution caused by hydrocarbons discharged at
sea ⁽³⁾ ;

Whereas the Commission needs to seek advice from
highly qualified experts in the Member States
concerning pollution caused by hydrocarbons
discharged at sea ;

Whereas the Community also needs to have a forum
where experts can meet for the purpose of collecting
existing information and experience gained in
Member States, thus facilitating the coordination of
measures taken or planned at national, international
or Community level,

HAS DECIDED AS FOLLOWS :

Article 1

The Commission hereby sets up an Advisory
Committee on the control and reduction of pollution
caused by hydrocarbons discharged at sea, hereinafter
referred to as 'the Committee'.

Article 2

The terms of reference of the Committee shall be as
follows :

1. to advise the Commission, at the request of the
latter or on its own initiative, on all problems
concerning the implementation of Community
measures for the control and reduction of pollution
caused by hydrocarbons discharged at sea ;
2. to allow the collection of existing information and
experience gained in the Member States, on ways
of controlling and reducing pollution caused by
hydrocarbons discharged at sea, thus facilitating
the coordination of measures taken or planned at
national, international or Community level.

Article 3

1. The Committee shall consist of government
experts with specialist knowledge of the areas referred
to in Article 2 (three representatives per Member
State).
2. Committee members shall be chosen by the
Commission on the basis of nominations by the
Member States.
3. Representatives of the departments of the
Commission concerned shall take part in the meet-
ings of the Committee.

Article 4

An alternate shall be appointed by each Committee
member. Without prejudice to Article 9, an alternate
shall attend Committee meetings and take part in the
work of the Committee only if the full member in
question is prevented from attending.

authorizing the French Republic not to apply Community treatment to men's and boys' shirts, woven, falling within subheading 61.03 A of the Common Customs Tariff (category 8), originating in South Korea and in free circulation in the other Member States

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular the first paragraph of Article 115 thereof,

Having regard to the application under the first paragraph of Article 115 of the Treaty, made on 18 June 1980 by the French Government to the Commission of the European Communities, for authorization not to apply Community treatment to men's and boys' shirts, woven, falling within subheading 61.03 A of the Common Customs Tariff (category 8), originating in South Korea and in free circulation in the other Member States,

Whereas the importation into the Community of the products in question originating in South Korea is covered by an Agreement negotiated between the Community and that country;

Whereas under that Agreement South Korea has undertaken to take all necessary steps to limit its exports of the products in question to the Community up to the amount of certain ceilings allocated among the Member States;

Whereas it was not possible on that occasion to allocate these ceilings on the basis of the needs of the individual markets; whereas there are therefore disparities existing between the import conditions in the various Member States; whereas uniformity can only be achieved progressively;

Whereas it appears from the application submitted that there are serious difficulties in the industrial sector concerned, involving a considerable drop in production and employment;

Whereas further indirect imports, in addition to those already made or proposed, would be likely to aggravate these difficulties;

Whereas it is not possible to set in motion rapidly the machinery for bringing about the necessary cooperation from the other Member States;

Whereas authorization should accordingly be given for the application of protective measures under the

first paragraph of Article 115, subject to the conditions laid down in Commission Decision 80/47/EEC of 20 December 1979 ⁽¹⁾, and in particular Article 3 thereof;

Whereas, however, the application for a licence which gave rise to the application in question does not need to be covered by such an authorization in view of the small amount involved,

HAS ADOPTED THIS DECISION:

Article 1

The French Republic is authorized not to apply Community treatment to the products indicated below, where they originate in South Korea and are in free circulation in the other Member States, and in respect of which applications for import licences were lodged after the date of the adoption of this Decision:

authorizing Ireland not to apply Community treatment to pyjamas, knitted or crocheted, falling within subheading 60.04 B ex IV of the Common Customs Tariff (category 24), originating in Brazil and in free circulation in the other Member States

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular the first paragraph of Article 115 thereof,

Having regard to the application under the first paragraph of Article 115 of the Treaty, made on 19 June 1980 by the Irish Government to the Commission of the European Communities, for authorization not to apply Community treatment to pyjamas, knitted or crocheted, falling within subheading 60.04 B ex IV of the Common Customs Tariff (category 24), originating in Brazil and in free circulation in the other Member States,

Whereas the importation into the Community of the products in question originating in Brazil is covered by an Agreement negotiated between the Community and that country ;

Whereas under that Agreement Brazil has undertaken to take all necessary steps to limit its exports of the products in question to the Community up to the amount of certain ceilings allocated among the Member States with the exception of Ireland where there are no possibilities for export ;

Whereas it was not possible on that occasion to allocate this ceiling on the basis of the needs of the individual markets ; whereas there are therefore disparities existing between the import conditions in the various Member States ; whereas uniformity can only be achieved progressively ;

Whereas it appears from the application submitted that there are serious difficulties in the industrial sector concerned, involving a considerable drop in production and employment and a progressive decline in its market share ;

Whereas these economic difficulties are caused largely by unequal conditions of competition, which allow exports to be made at prices appreciably lower than those of the Community products in question ;

Whereas the realization of all the imports which gave rise to the application submitted would, in view of the

substantial volume involved, aggravate these difficulties ;

Whereas it is not possible to set in motion rapidly the machinery for bringing about the necessary cooperation from the other Member States ;

Whereas authorization should accordingly be given for the application of protective measures under the first paragraph of Article 115, subject to the conditions laid down in Commission Decision 80/47/EEC of 20 December 1979 ⁽¹⁾, and in particular Article 3 thereof ;

Whereas, however, the application for all the licences which gave rise to the application in question does not need to be covered by such an authorization,

HAS ADOPTED THIS DECISION :

Article 1

Ireland is authorized not to apply Community treatment to the products indicated below, where they originate in Brazil and are in free circulation in the other Member States, and in respect of which applications for import licences were lodged after 9 June 1980.

In any case this authorization does not cover a quantity representing 2 000 pieces. Such a quantity shall be allocated between the abovementioned applicants for which the applications for import licences are on the date of this Decision pending with the Irish authorities :

authorizing the French Republic not to apply Community treatment to natural honey, falling within heading No 04.06 of the Common Customs Tariff, originating in the People's Republic of China, Hungary, Romania, Mexico and Argentina and in free circulation in the other Member States

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular the first paragraph of Article 115 thereof,

Having regard to the application under the first paragraph of Article 115 of the Treaty, made on 12 June 1980 by the French Government to the Commission of the European Communities, for authorization not to apply Community treatment to natural honey, falling within heading No 04.06 of the Common Customs Tariff, originating in the People's Republic of China, Hungary, Romania, Mexico and Argentina and in free circulation in the other Member States,

Whereas in France the importation of the products in question originating in the People's Republic of China, Hungary and Romania is, in accordance with Council Decision 80/158/EEC of 20 December 1979 ⁽¹⁾, subject to an annual quota, at a time when the possibility is open for imports from Mexico and Argentina according to the needs of the market;

Whereas the disparities which exist in the commercial policy measures applied in connection with these products by the Member States are causing deflection of trade, thereby preventing the execution of those commercial policy measures which are in force because of the difficult economic situation in the sector concerned;

Whereas it appears from the application submitted that there are serious difficulties in the industrial sector concerned, involving a considerable drop in production and a progressive decline in its market share;

Whereas these economic difficulties are caused largely by unequal conditions of competition, which allow exports to be made at prices appreciably lower than those of the Community products in question;

Whereas further indirect imports, in addition to those already made or proposed, would be likely to aggravate these difficulties;

Whereas, on the basis of the tenders submitted under
the second partial invitation to tender, the minimum

Whereas the measures provided for in this Decision

COMMISSION DECISION

of 27 June 1980

authorizing the Italian Republic not to apply Community treatment to motor-coaches, falling within subheading ex 87.02 B of the Common Customs Tariff, originating in Japan and in free circulation in the other Member States

(Only the Italian text is authentic)

(80/697/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular the first paragraph of Article 115 thereof,

Having regard to the application under the first paragraph of Article 115 of the Treaty, made on 22 June 1980 by the Italian Government to the Commission of the European Communities, for authorization not to apply Community treatment to motor-coaches, falling within subheading ex 87.02 B of the Common Customs Tariff, originating in Japan and in free circulation in the other Member States,

Whereas in Italy the importation of the products in question originating in Japan is subject to a strict prohibition ;

Whereas the disparities which exist in the commercial policy measures applied in connection with these products by the Member States are causing deflection of trade, thereby preventing the execution of those commercial policy measures which are in force because of the difficult economic situation in the sector concerned ;

Whereas it appears from the application submitted that there are serious difficulties in the industrial sector concerned, involving a progressive decline in its market share ;

Whereas these economic difficulties are caused largely by unequal conditions of competition, which allow exports to be made at prices appreciably lower than those of the Community products in question ;

Whereas further indirect imports, in addition to those already made or proposed, would be likely to aggravate these difficulties ;

Whereas it is not possible to set in motion rapidly the machinery for bringing about the necessary cooperation from the other Member States ;

Whereas authorization should accordingly be given for the application of protective measures under the

first paragraph of Article 115, subject to the conditions laid down in Commission Decision 80/47/EEC of 20 December 1979 ⁽¹⁾, and in particular Article 3 thereof ;

Whereas, however, the application for a licence which gave rise to the application in question does not need to be covered by such an authorization,

HAS ADOPTED THIS DECISION :

Article 1

The Italian Republic is authorized not to apply Community treatment to the products indicated below, where they originate in Japan and are in free circulation in the other Member States, and in respect of which applications for import licences were lodged after 22 June 1980 :

ex 87.02 B (NIMEXE codes 87.02-81, 82, 83, 84, 85, 86, 87, 88)	Motor-coaches

Article 2

This Decision shall apply until 30 September 1980.
