COUNCIL REGULATION (EEC) No 3440/80**of 22 December 1980**

opening, allocating and providing for the administration of a Community tariff quota for certain plywoods of coniferous species, falling within heading No ex 44.15 of the Common Customs Tariff (1981)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas the Community has undertaken to open an annual Community tariff quota of at least 600 000 m³ for certain plywoods of coniferous species falling within heading No ex 44.15 of the Common Customs Tariff; whereas, under Protocol 11 to the Act of Accession ⁽¹⁾, the Community is required to open each year autonomous nil duty Community tariff quotas for the same products, the volume thereof to be decided annually when it is established that all possibilities of supply on the internal market of the Community have been exhausted during the period for which the quotas are open; whereas the condition laid down by the said Protocol does not seem to be met at the moment; whereas, in these circumstances, it is appropriate to limit oneself in the first stage to the contractual volume of 600 000 m³; whereas the fixing of the quota volume at this level does not exclude moreover recourse to the provisions of the abovementioned Protocol 11 during the quota period;

Whereas, to take more precise account of future trends in imports of the products concerned, the quota should be divided into two tranches, the first being allocated among all the Member States and the second held as a reserve to cover the subsequent requirements of Member States which have exhausted

their initial shares; whereas, in order to offer importers some degree of security, the first tranche of the quota should be fixed at a relatively high level, or about 98 % of its full amount; whereas, on the basis of Member States' estimates for their needs, the initial shares may be fixed as set out in Article 2;

Whereas Member States may use up their initial shares at different rates; whereas, to provide for this eventuality and to avoid disruption of supplies, any Member State which has almost used up its initial share should draw an additional share from the reserve; whereas, each time its additional share is almost used up, a Member State should draw an additional share, and so on as many times as the reserve allows; whereas the initial and additional shares should be valid until the end of the quota period; whereas this form of administration requires close collaboration between Member States and the Commission, which latter must, in particular be able to keep a record of the extent to which the quota has been used up and to inform the Member States accordingly;

Whereas if, at a given date in the quota period, a considerable quantity of a Member State's initial share remains unused, it is essential that that Member State should return a significant proportion to the reserve, so as to avoid a part of the quota remaining unused in one Member State when it could be used in others;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, any measure concerning the administration of the shares allocated to that economic union may be carried out by any one of its members,

⁽¹⁾ OJ No L 73, 27. 3. 1972, p. 170.

HAS ADOPTED THIS REGULATION:

Article 1

1. During the period from 1 January to 31 December 1981, a Community tariff quota of 600 000 m³ shall be opened for the following products falling within heading No ex 44.15 of the Common Customs Tariff:

- (a) plywood of coniferous species, without the addition of other substances, of a thickness greater than 8.5 mm, the faces of which are not further prepared than the peeling process;
- (b) plywood of coniferous species, without the addition of other substances, sanded, and of a thickness greater than 18.5 mm.

2. Imports of the products in question may not be charged against this tariff quota if they are already free of customs duties under other preferential tariff arrangements.

3. The Common Customs Tariff duty shall be totally suspended within the limits of the above quota.

Within the limits of this tariff quota, Greece shall apply duties calculated in accordance with the relevant provisions set out in the 1979 Act of Accession.

Article 2

1. The tariff quota referred to in Article 1 (1) shall be divided into two tranches.

2. A first tranche of 590 000 m³ shall be allocated among the Member States. Member States' shares which, subject to Article 5, shall be valid until 31 December 1981, shall be as follows:

in cubic metres

Benelux	150 000
Denmark	70 715
Germany	100 000
Greece	285
France	13 000
Ireland	11 000
Italy	20 000
United Kingdom	225 000

3. The second tranche of 10 000 m³ shall constitute the reserve.

Article 3

1. If 90 % or more of a Member State's initial share as fixed in Article 2 (2), or of that share minus

any portion returned to the reserve where Article 5 has been applied, has been used up, that Member State shall forthwith, by notifying the Commission, draw a second share, to the extent that the reserve so permits, equal to 10 % of its initial share, rounded up as necessary to the next whole number.

2. If, after its initial share has been exhausted, 90 % or more of the second share drawn by a Member State has been used up, that Member State shall, in the manner and to the extent provided in paragraph 1, draw a third share equal to 5 % of its initial share, rounded up as necessary to the next whole number.

3. If, after its second share has been exhausted, 90 % or more of the third share drawn by a Member State has been used up, that Member State shall, in the manner and to the extent provided in paragraph 1, draw a fourth share equal to the third.

This procedure shall apply until the reserve is used up.

4. By way of derogation from paragraphs 1, 2 and 3, Member States may draw lesser shares than those specified therein if there are grounds for believing that those specified may not be used in full. They shall inform the Commission of their reasons for applying this paragraph.

Article 4

Additional shares drawn pursuant to Article 3 shall be valid until 31 December 1981.

Article 5

Member States shall return to the reserve, not later than 1 October 1981, the unused portions of their initial shares which, on 15 September 1981, are in excess of 20 % of the initial amounts. They may return a greater portion if there are grounds for believing that such portion may not be used in full.

Member States shall notify the Commission, not later than 1 October 1981, of the total quantities of the products in question imported up to 15 September 1981 and charged against the Community quota and of any portion of their initial shares returned to the reserve.

Article 6

The Commission shall keep an account of the shares opened by the Member States pursuant to Articles 2 and 3 and, as soon as it has been notified, shall inform each State of the extent to which the reserve has been used up.

It shall inform the Member States, not later than 5 October 1981, of the amount still in reserve after amounts have been returned thereto pursuant to Article 5.

It shall ensure that the drawing which exhausts the reserve does not exceed the balance available and, to this end, shall notify the amount of that balance to the Member State making the last drawing.

Article 7

1. Member States shall take all appropriate measures to ensure that additional shares drawn pursuant to Article 3 are opened in such a way that imports may be charged without interruption against their aggregate shares of the Community quota.

2. Member States shall ensure that importers of the products in question established in their territory have free access to the shares allocated to them.

3. Member States shall charge imports of the products in question against their shares as and when the products are entered with the customs authorities for free circulation.

4. The extent to which a Member State has used up its share shall be determined on the basis of imports charged against that share in accordance with paragraph 3.

Article 8

At the Commission's request, Member States shall inform it of the imports actually charged against their shares.

Article 9

Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 10

This Regulation shall enter into force on 1 January 1981.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 3441/80

of 22 December 1980

opening, allocating and providing for the administration of a Community tariff quota for newsprint falling within subheading 48.01 A of the Common Customs Tariff (1981) and extending this quota to include certain other types of paper

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Articles 28 and 113 thereof,

Having regard to the proposal from the Commission,

Whereas the Community has undertaken to open an annual duty-free Community tariff quota of 1 500 000 tonnes of newsprint falling within subheading 48.01 A; whereas, in accordance with Protocol 13 annexed to the 1972 Act of Accession, each year an autonomous Community tariff quota is to be opened for this product when it has been established that all possibilities of supply on the internal market of the Community have been exhausted during the period for which the quota is opened;

Whereas, in view of present Community production capacity, the contractual quota volume of 1 500 000 tonnes is insufficient to meet anticipated import requirements; whereas provision should therefore be made for an autonomous supplementary quota which, in order not to jeopardize the stability of the market and so as to ensure parallel development of the market for Community production and of supplies for the consumer industries on satisfactory terms, should be fixed at a level so that the total quota does not exceed its anticipated minimum utilization, namely 2 650 000 tonnes; whereas the fixing of a figure of 1 150 000 tonnes for the autonomous supplementary quota does not rule out a readjustment during the quota period; whereas a Community tariff quota should therefore be opened for 1981 for a total quantity of 2 650 000 tonnes of the product in question;

Whereas provision should be made for extending the tariff quota in question to include certain types of paper fulfilling all the conditions set out in the Additional Note to Chapter 48 except those relating to water marks;

Whereas equal and continuous access to the quota should be ensured for all Community importers and

the rate of duty for the tariff quota should be applied without interruption to all imports of the product in question until the quota is exhausted; whereas in the light of these principles, arrangements for the utilization of the Community tariff quota based on an allocation among Member States would seem to be consistent with the Community nature of the quota; whereas, in order that it may correspond as closely as possible to the actual trend of the market in the product in question, allocation of the quota should be in proportion to the requirements of the Member States as calculated by reference to statistics on imports from third countries during a representative reference period and to the economic outlook for the year covered by the quota in question;

Whereas, for the past three years for which complete statistics are available, the imports of each of the Member States sharing in the above allocation amounted to the following percentages of total imports of the products in question:

	1977	1978	1979
Benelux	14.41	14.78	13.05
Denmark	5.43	6.55	5.85
Germany	27.85	25.28	25.64
Greece	1.77	1.66	1.16
France	11.82	11.12	12.08
Ireland	1.85	1.94	1.76
Italy	0.49	0.89	1.03
United Kingdom	38.15	39.44	39.43

Whereas, in view of the above and of the foreseeable trend on the market in newsprint, in general, and of Community production in particular during 1981 the initial quota may be allocated approximately in the following percentages:

Benelux	12.39
Denmark	7.28
Germany	26.61
Greece	2.55
France	12.03
Ireland	0.55
Italy	0.73
United Kingdom	37.86

Whereas, to take account of import trends for the product concerned, the quota should be divided into two tranches, the first being allocated among the Member States and the second held as a reserve to cover subsequently the requirements of Member States which have exhausted their initial shares; whereas, to give importers some degree of certainty and yet enable Community production to be disposed of on satisfactory terms, the first tranche of the quota should be fixed at about 94 % of the full amount;

Whereas Member States may exhaust their initial shares at different rates; whereas to provide for this eventuality and avoid disruption of supplies any Member State which has almost used up its initial share should draw an additional share from the reserve; whereas each time its additional share is almost exhausted a Member State should draw a further share, and so on as many times as the reserve allows; whereas the initial and additional shares should be valid until the end of the quota period; whereas this form of administration requires close collaboration between the Member States and the Commission, and the latter must be in a position to keep account of the extent to which the quota has been used up and to inform the Member States accordingly;

Whereas if at a given date in the quota period a considerable quantity of a Member State's initial share remains unused it is essential, to prevent a part of the Community tariff quota from remaining unused in one Member State while it could be used in others, that such State should return a significant proportion thereof to the reserve;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, any transaction in respect of the administration of the shares allocated to that economic union may be carried out by any one of its members;

HAS ADOPTED THIS REGULATION:

Article 1

1. During the period 1 January to 31 December 1980, a Community tariff quota of 2 650 000 tonnes shall be opened in respect of newsprint falling within subheading 48.01 A of the Common Customs Tariff ⁽¹⁾.

⁽¹⁾ Entry under this subheading is subject to conditions to be determined by the competent authorities.

2. Member States may charge against this tariff quota the other types of paper complying with the definition of newsprint contained in the Additional Note to Chapter 48, except as regards the criteria governing watermarks.

3. Imports of newsprint shall not be charged against this tariff quota if they are already free of customs duties under other preferential tariff treatment. Furthermore, imports of any other paper referred to in paragraph 2 enjoying duty-free exemption under the said tariff quota shall not be charged against the target ceilings fixed under certain free trade agreements.

4. The Common Customs Tariff duty shall be totally suspended within the limits of the above quota.

Within the limits of the above quota, Greece shall apply duties calculated in accordance with the relevant provisions laid down in the 1979 Act of Accession.

Article 2

1. The Community tariff quota referred to in Article 1 shall be divided into two tranches.

2. A first tranche of 2 500 000 tonnes shall be allocated among the Member States. Member States' shares, which subject to Article 5 shall be valid from 1 January until 31 December 1981, shall be as follows:

	<i>tonnes</i>
Benelux	309 795
Denmark	182 095
Germany	665 125
Greece	63 740
France	300 685
Ireland	13 775
Italy	18 205
United Kingdom	946 580

3. The second tranche, of 150 000 tonnes, shall constitute the reserve.

Article 3

1. If 90 % or more of a Member State's initial share as fixed in Article 2 (2), or of that share minus the portion returned to the reserve where Article 5 has been applied, has been used up it shall forthwith, by notifying the Commission, draw a second share, to

the extent that the reserve so permits, equal to 15 % of its initial share, rounded up as necessary to the next whole number.

2. If, after its initial share has been exhausted, 90 % or more of the second share drawn by a Member State has been used up, that Member State shall, in the manner and to the extent provided in paragraph 1, draw a third share equal to 7.5 % of its initial share.

3. If, after its second share has been exhausted, 90 % or more of the third share drawn by a Member State has been used up, that Member State shall, in the manner and to the extent provided in paragraph 1, draw a fourth share equal to the third.

This procedure shall apply until the reserve is exhausted.

4. Notwithstanding paragraphs 1, 2 and 3, Member States may draw lesser shares than those specified in those paragraphs if there are grounds for believing that those specified may not be used in full. They shall inform the Commission of their reasons for applying this provision.

Article 4

Additional shares drawn pursuant to Article 3 shall be valid until 31 December 1981.

Article 5

The Member States shall return to the reserve, not later than 1 October 1981, the unused portion of their initial share which, on 15 September 1981, is in excess of 20 % of the initial amount. They may return a greater portion if there are grounds for believing that such portion may not be used in full.

Member States shall, not later than 1 October 1981, notify the Commission of the total quantities of the products in question imported up to and including 15 September 1981 and charged against the Community tariff quota and of any portion of their initial shares returned to the reserve.

Article 6

The Commission shall keep an account of the shares opened by the Member States pursuant to Articles 2 and 3 and shall, as soon as it has been notified, inform each Member State of the extent to which the reserve has been used up.

It shall inform the Member States, not later than 5 October 1981 of the amount still in reserve after amounts have been returned thereto pursuant to Article 5.

It shall ensure that when a quantity exhausting the reserve is drawn, the amount so drawn does not exceed the balance available, and to this end shall notify the amount of that balance to the Member State making the last drawing.

Article 7

1. Member States shall take all appropriate measures to ensure that additional shares drawn pursuant to Article 3 are opened in such a way that imports may be charged without interruption against their accumulated share of the Community quota.

2. Member States shall take all measures necessary to ensure that the types of paper referred to in Article 1 (2) included in this tariff quota are in fact intended for the printing of newspapers, weekly papers or other periodicals of heading No 49.02, published at least 10 times per year.

In such a case, the control of the use of the goods for the prescribed end-use shall be carried out by applying the relevant Community provisions.

3. Member States shall ensure that importers of the products in question established in their territory have free access to the shares allocated to it.

4. The extent to which a Member State has used up its shares shall be determined on the basis of imports of the products in question entered with the customs authorities for free circulation.

Article 8

At the Commission's request, the Member States shall inform it of imports actually charged against their shares.

Article 9

Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 10

This Regulation shall enter into force on 1 January 1981.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 3442/80

of 22 December 1980

opening, allocating and providing for the administration of a Community tariff quota for wines of fresh grapes and grape must with fermentation arrested by the addition of alcohol, falling within heading No 22.05 of the Common Customs Tariff and originating entirely in Greece (1981)

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the 1979 Act of Accession, and in particular Article 72 thereof,

Having regard to the proposal from the Commission,

Whereas, in compliance with Articles 25 and 64 of the abovementioned Act, customs duties on imports between the Community of Nine and the Hellenic Republic are to be progressively abolished in accordance with a timetable which provides for a first reduction of 10 % on 1 January 1981 to be made on the basic duty, as defined in Article 24 of the said Act; whereas for wines from fresh grapes and grape must with fermentation arrested by the addition of alcohol, falling within heading No 22.05 of the Common Customs Tariff and originating entirely in Greece, the customs duties applicable in the Community of Nine from 1 January 1981 will be equivalent to 13.5 % of the Common Customs Tariff duty up to a maximum quantity of 430 000 hectolitres and to 90 % of this duty for the surplus quantities; whereas it is therefore necessary, in order to determine the duty applicable on imports of such wines, to open for the products concerned, from 1 January 1981, a Community tariff quota of 430 000 hectolitres at a duty corresponding to 13.5 %;

Whereas it is in particular necessary to guarantee all importers of the Community of Nine equal and uninterrupted access to the said quota and uninterrupted application of the rate laid down for that quota to all imports into the said Community of the products concerned until the quota has been used up; whereas having regard to the above principles the Community nature of the quota can be respected by allocating the Community tariff quota among the Member States; whereas, to reflect most accurately the actual development of the market in the products concerned, such allocation should be in proportion to the needs of the Member States, assessed by reference both to the statistics relating to imports from Greece

over a representative period, and to the economic outlook for the quota period concerned;

Whereas, on the basis of the statistics at present available, imports from Greece into the Community of Nine in 1977, 1978 and 1979 of the product concerned have developed as follows and represent the following percentages of total imports into the Community:

Member States	1977	1978	1979
Benelux	68.57	63.57	51.21
Denmark	0.01	0.01	0.29
Germany	25.23	29.38	37.62
France	5.23	5.43	7.88
Ireland	0.01	0.02	0.02
Italy	0.06	0.11	0.13
United Kingdom	0.89	1.38	2.85

Whereas, taking into account these figures and the foreseeable development of the market in the products concerned during 1981 the initial shares in the volume of the quota may be fixed approximately at the following percentages:

Benelux	62.91
Denmark	0.52
Germany	29.35
France	4.43
Ireland	0.35
Italy	0.35
United Kingdom	2.09

Whereas in order to take into account the import trends for the product concerned in the Member States, the quota volume should be divided into two instalments, the first instalment being allocated among the Member States and the second forming a reserve intended ultimately to cover the requirements of the Member States, should their initial share be used up; whereas, in order to ensure a certain degree of security to importers, the first instalment of the Community quota should be determined at a relatively high level, which under present circumstances could be 90 % of the quota volume;

Whereas the initial shares may be used up fairly quickly; whereas, therefore, to avoid disruption of supplies any Member State which has almost used up its initial share, should draw a supplementary share from the Community reserve; whereas this must be done by each Member State as each one of its supplementary shares is almost used up, and as many times as the reserve allows; whereas the initial and supplementary shares must be valid until the end of the quota period; whereas this form of administration requires close collaboration between the Member States and the Commission, and the Commission must be in a position to follow the extent to which the tariff quota has been used up and to inform the Member States thereof;

Whereas if, at a specified date in the quota period, a considerable quantity of the initial quota share remains in any Member State, it is essential that the Member State should return a certain proportion thereof to the reserve, in order to avoid part of the Community quota remaining unused in one Member State when it could be used in others;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy

of Luxembourg are united in and jointly represented by the Benelux Economic Union, any measure concerning the administration of the quota shares allocated to that economic union may be carried out by any of its members,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1981, a Community tariff quota of 430 000 hectolitres shall be opened in the Community of Nine of wine of fresh grapes and grape must with fermentation arrested by the addition of alcohol with the exception of resinated wines (retsina) falling within heading No 22.05 of the Common Customs Tariff, originating entirely in Greece.

Within this tariff quota, the Common Customs Tariff duty shall be reduced to the levels indicated in the table below:

CCT heading No	Description	NIMEXE code (1980)	Rate of duty
22.05	Wine of fresh grapes; grape must with fermentation arrested by the addition of alcohol:		
	A. Sparkling wine	22.05-01, 09	5.4 EUA per hl
	B. Wine in bottles with 'mushroom' stoppers held in place by ties or fastenings, and wine otherwise put up with an excess pressure of not less than 1 bar but less than 3 bar, measured at a temperature of 20 °C.	22.05-15	5.4 EUA per hl
	C. Other:		
	I. Of an actual alcoholic strength by volume not exceeding 13°, in containers holding:		
	a) 2 litres or less	22.05-21	1.8 ECU per hl ⁽¹⁾
	b) More than 2 litres	22.05-25	1.4 ECU per hl ⁽¹⁾
	II. Of an actual alcoholic strength by volume exceeding 13° but not exceeding 15°, in containers holding:		
	a) 2 litres or less	22.05-31	2.2 ECU per hl ⁽¹⁾
	b) More than 2 litres	22.05-35	1.7 ECU per hl ⁽¹⁾

⁽¹⁾ The exchange rate to be applied in converting into national currencies the ECU in which the customs duty is expressed shall be the representative rate applicable to wine, if such a rate is fixed for the purpose of the common agricultural policy.

CCT heading No	Description	NIMEXE code (1980)	Rate of duty
22.05 (continued)	C. III. Of an actual alcoholic strength by volume exceeding 15° but not exceeding 18°, in containers holding:		
	a) 2 litres or less:		
	2. Other	22.05-39	2.7 ECU per hl ⁽¹⁾
	b) More than 2 litres:		
	3. Other	22.05-49	2.2 ECU per hl ⁽¹⁾
	IV. Of an actual alcoholic strength by volume exceeding 18° but not exceeding 22°, in containers holding:		
	a) 2 litres or less:		
	2. Other	22.05-54	3 ECU per hl ⁽¹⁾
	b) More than 2 litres:		
	3. Other	22.05-68	3 ECU per hl ⁽¹⁾
	V. Of an actual alcoholic strength by volume exceeding 22°, in containers holding:		
	a) 2 litres or less	22.05-91	0.1 ECU per hl and per % vol. + 1.8 ECU per hl ⁽¹⁾
	b) More than 2 litres	22.05-98	0.1 ECU per hl and per % vol. ⁽¹⁾

⁽¹⁾ The exchange rate to be applied in converting into national currencies the ECU in which the customs duty is expressed shall be the representative rate applicable to wine, if such a rate is fixed for the purpose of the common agricultural policy.

Article 2

1. The tariff quota referred to in Article 1 (1) shall be divided into two instalments.

2. A first instalment, amounting to 387 000 hectolitres, shall be shared among the Member States; the shares which, subject to Article 5, shall be valid until 31 December 1981 shall be as follows:

	hectolitres
Benelux	243 450
Denmark	2 000
Germany	113 600
France	17 150
Ireland	1 350
Italy	1 350
United Kingdom	8 100

3. The second instalment of 43 000 hectolitres shall constitute the reserve.

Article 3

1. If 90 % or more of any Member State's initial share, as laid down in Article 2 (2), or 90 % or more of that share less the amount returned to the reserve where Article 5 has been applied, has been exhausted, that Member State shall without delay, by notifying the Commission, draw a second share equal to 15 % of its initial share, rounded up to the next unit where appropriate, to the extent that the amount in the reserve allows.

2. If, after its initial share has been exhausted, 90 % or more of the second share drawn by that

Member State has been exhausted, it shall, in the manner provided for in paragraph 1, draw a third share equal to 7.5 % of its initial share.

3. If, after its second share has been exhausted, 90 % or more of the third share drawn by that Member State has been used up, it shall, in the manner provided for in paragraph 1, draw a fourth share equal to the third.

This process shall be applied until the reserve is exhausted.

4. By way of derogation from paragraphs 1, 2 and 3, Member States may draw smaller shares than those fixed in those paragraphs if there is reason to believe that those shares might not be used up. They shall inform the Commission of their reasons for applying this paragraph.

Article 4

Each of the additional shares drawn pursuant to Article 3 shall be valid until 31 December 1981.

Article 5

Member States shall return to the reserve, not later than 1 October 1981, the unused portion of their initial share which, on 15 September 1981, is in excess of 20 % of the initial amount. They may return a greater portion if there are grounds for believing that such portion may not be used in full.

The Member States shall, not later than 1 October 1981, notify the Commission of the total imports of the products concerned effected under and charged against the Community quota up to and including 15 September 1981 and, where appropriate, of the proportion of their initial shares that they are returning to the reserve.

Article 6

The Member States shall be authorized to divide the shares allocated to them or which they have drawn from the reserve into two parts, according to their foreseeable use, reserving one part for wines intended for direct consumption and the other for wines intended for processing.

However, during the marketing year and according to the actual needs which arise, they shall make the necessary adjustments to the original allocations.

Article 7

The Commission shall keep account of the shares opened by Member States in accordance with Articles 2 and 3 and shall inform each of them of the extent to which the reserve has been used as soon as it receives the notification.

The Commission shall, not later than 5 October 1981, notify the Member States of the state of the reserve after the return of shares pursuant to Article 5.

The Commission shall ensure that any drawing which uses up the reserve is limited to the balance available and, for this purpose, shall specify the amount thereof to the Member State which makes the final drawing.

Article 8

1. Member States shall take all measures necessary to ensure that supplementary shares drawn pursuant to Article 3 are opened in such a way that charges may be made without interruption against their combined shares of the Community quota.

2. Member States shall ensure that importers of the said products established in their territory have free access to the shares allocated to them or drawn from the reserve.

3. The extent to which a Member State has used up its share shall be determined on the basis of the imports of the products in question submitted to the customs authorities under the cover of declarations that they have been made available for free circulation.

Article 9

At the request of the Commission, Member States shall inform it of imports of the products in question actually charged against their shares.

Article 10

The Member States and the Commission shall cooperate closely in order to ensure that this Regulation is complied with.

Article 11

This Regulation shall enter into force on 1 January 1981.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 3443/80**of 22 December 1980****amending Regulation (EEC) No 100/76 on the common organization of the market in fishery products**

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

HAS ADOPTED THIS REGULATION:

Having regard to the 1979 Act of Accession, and in particular to Article 146 thereof,

Article 1

Having regard to the proposal from the Commission,

In Article 32 (2) of Regulation (EEC) No 100/76 '41' shall be replaced by '45'.

Whereas, by reason of the accession of the Hellenic Republic to the European Economic Community, an alteration should be made in the number of votes which constitute the majority quorum of votes under the procedure of the committee referred to in Article 31 of Regulation (EEC) No 100/76 ⁽¹⁾, as last amended by Regulation (EEC) No 2903/78 ⁽²⁾,

Article 2

This Regulation shall enter into force on 1 January 1981.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

of 22 December 1980

maintaining the prices for fishery products fixed in Regulations (EEC) No 2813/79, (EEC) No 2814/79, (EEC) No 2815/79 and (EEC) No 2816/79

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 100/76 of 19 January 1976 on the common organization of the market in fishery products ⁽¹⁾, as last amended by Regulation (EEC) No 3443/80 ⁽²⁾, and in particular Articles 9 (4), 14 (5) and 16 (5) thereof,

Having regard to the proposal from the Commission,

Whereas the guide prices, intervention prices and the Community producer price were fixed for the 1980 fishing year by Regulations (EEC) No 2813/79 ⁽³⁾, (EEC) No 2814/79 ⁽⁴⁾, (EEC) No 2815/79 ⁽⁵⁾ and (EEC) No 2816/79 ⁽⁶⁾;

Whereas it is not possible to fix these prices in time for the 1981 fishing year;

Whereas, in order to maintain continuity, it is necessary to retain the prices applicable in 1980 for a limited period in the 1981 fishing year, until the date when prices are fixed for that year,

HAS ADOPTED THIS REGULATION:

Article 1

The prices fixed in Regulations (EEC) No 2813/79, (EEC) No 2814/79, (EEC) No 2815/79 and (EEC) No 2816/79 shall remain valid until the date of entry into force of the Regulations fixing the prices for 1981.

COUNCIL REGULATION (EEC) No 3445/80**of 22 December 1980****amending Regulation (EEC) No 2528/80 laying down special measures in respect of olive oil producer organizations for the 1980/81 marketing year**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the 1979 Act of Accession, and in particular Article 146 thereof,

Having regard to Council Regulation (EEC) No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EEC) No 1917/80 ⁽²⁾, and in particular Article 36 thereof,

Having regard to the proposal from the Commission,

Whereas Regulation (EEC) No 2528/80 ⁽³⁾, lays down time limits for the 1980/81 marketing year for setting up producer organizations and for submitting applications for recognition to the competent authorities of the Member State in question; whereas it is not possible to comply with the time limits referred to above in Greece, which is to accede to the Community on 1 January 1981; whereas appropriate

time limits for Greek producer organizations should therefore be fixed,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 2528/80 is hereby amended as follows:

1. The following subparagraph is added to Article 1 (1):

‘However, in respect of Greece, producer organizations must be set up before 10 February 1981.’

2. The following subparagraph is added to Article 1 (2):

‘However, producer organizations set up in Greece must submit their application not later than 20 February 1981.’

COUNCIL REGULATION (EEC) No 3446/80

of 22 December 1980

amending Regulation (EEC) No 1837/80 on the common organization of the market in sheepmeat and goatmeat

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the 1979 Act of Accession, and in particular Article 146 thereof,

Whereas the Hellenic Republic is to become the 10th Member State of the European Communities on 1 January 1981; whereas it is accordingly necessary to adapt Regulation (EEC) No 1837/80⁽¹⁾; whereas, in particular, it seems necessary in view of the special characteristics of the sheepmeat and goatmeat market in that Member State to consider it as a region and to fix a reference price taking into account the market price forecast for 1980,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 1837/80 is hereby amended as follows:

1. Article 3 (1) shall be replaced by the following:

'1. In accordance with the procedure laid down in Article 43 (2) of the Treaty, for the marketing year commencing the year following, a basic price

for fresh or chilled sheep carcasses and a reference price for each of the following regions shall be fixed annually:

- region 1: Italy,
- region 2: France,
- region 3: Denmark, Benelux, Germany,
- region 4: Ireland,
- region 5: United Kingdom,
- region 6: Greece.

By way of derogation from the first subparagraph, for the 1980/81 marketing year, the basic price and the reference prices shall be fixed at the levels indicated in Article 31.'

2. Article 31 (4) shall be replaced by the following:

'4. The reference prices are hereby fixed in accordance with the second subparagraph of Article 3 (1), at:

- 375 ECU per 100 kilograms for region 1,
- 345 ECU per 100 kilograms for region 2,
- 315 ECU per 100 kilograms for region 3,
- 310 ECU per 100 kilograms for region 4,
- 293 ECU per 100 kilograms for region 5,
- 345 ECU per 100 kilograms for region 6.'

Article 2

This Regulation shall enter into force on 1 January 1981.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 3447/80

of 22 December 1980

amending Regulation (EEC) No 878/77 in respect of the conversion rate to be applied
for the Greek drachma in agriculture

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the
European Economic Community,

Having regard to the 1979 Act of Accession, and in
particular Article 146 thereof,

Having regard to Council Regulation No 129 on the
value of the unit of account and the exchange rates to
be applied for the purposes of the common agri-
cultural policy ⁽¹⁾, as last amended by Regulation
(EEC) No 2543 ⁽²⁾, and in particular Article 3
thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the Monetary
Committee,

Whereas the conversion rates to be employed for the
purposes of the common agricultural policy, referred
to as representative rates, were fixed by Regulation
(EEC) No 878/77 ⁽³⁾, as last amended by Regulation
(EEC) No 2512/80 ⁽⁴⁾; whereas Greece will be a
member of the Community from 1 January 1981;
whereas it is therefore necessary to introduce a
representative rate applicable for Greece into the said
Regulation;

Whereas it is desirable to avoid the creation of
monetary compensatory amounts on accession of a
new Member State; whereas provision should
therefore be made for employing a representative rate
which reflects economic reality as nearly as possible
and for having recourse to a conversion rate
calculated on the basis of the arithmetic mean of the
average rates for the drachma recorded on the
exchange markets on 18 and 19 December 1980,

HAS ADOPTED THIS REGULATION:

Article 1

The following Annex IVa is hereby inserted in Regu-
lation (EEC) No 878/77:

*'ANNEX IVa***GREECE**

1 ECU = 59.7175 Greek drachmas.

This rate shall apply on 1 January 1981.'

Article 2

This Regulation shall enter into force on 1 January

States.

COUNCIL REGULATION (EEC) No 3448/80

of 22 December 1980

on the implementation of Article 43 of the 1979 Act of Accession, concerning the system of trade applicable to the goods covered by Regulations (EEC) No 3033/80 and (EEC) No 3035/80

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the 1979 Act of Accession, and in particular Article 43 thereof,

Having regard to the proposal from the Commission,

Whereas Article 43 of the Act establishes the rules governing processed agricultural products outside Annex II to the Treaty covered by the following Council Regulations:

- (EEC) No 3033/80 of 29 November 1980 determining the system of trade applicable to certain goods processed from agricultural products ⁽¹⁾, and
- (EEC) No 3035/80 of 29 November 1980 laying down general rules for granting export refunds on certain agricultural products exported in the form of goods not covered by Annex II to the Treaty and the criteria for fixing the amounts of such refunds ⁽²⁾;

Whereas, Regulation (EEC) No 3033/80 concerns in particular the determination of the charge applicable when the goods in question are imported, which charge is composed of an *ad valorem* duty constituting the fixed component and of a variable component; whereas, it is necessary to determine the rate of the customs duty constituting the fixed component applicable by the Hellenic Republic on imports from third countries; whereas, this fixed component must be determined, according to Article 43 (3) of the Act, by excluding from the total protection applied by the Hellenic Republic on the date of accession the agricultural protection to be introduced upon accession;

Whereas, according to Article 15 of the Association Agreement between the European Economic

Community and Greece there exists for certain goods covered by Regulation (EEC) No 3033/80 a residual customs duty on imports into the Hellenic Republic from the Community of Nine; whereas, these customs duties shall remain upon accession and be abolished in accordance with the timetable laid down for industrial products in Article 25 of the Act;

Whereas the variable component applicable when the goods covered by Regulation (EEC) No 3033/80 are imported into the Hellenic Republic from third countries is, according to the second indent of Article 43 (1) of the Act, reduced or increased, as the case may be, by an accession compensatory amount; whereas, on importation into the Community of Nine from the Hellenic Republic the same accession compensatory amount is applied to the same goods; whereas the compensatory amount applied to certain goods imported into the Community of Nine from the Hellenic Republic and granted a reduction in the variable component prior to accession shall be subject to a ceiling;

Whereas, pursuant to Article 6 of Regulation (EEC) No 3033/80 the Commission fixes for three-month periods and for all goods the amount of the variable component applicable on imports into the Community from third countries; whereas the same procedure applies with the same periodicity to fixing the compensatory amounts applicable on imports;

Whereas on exportation from the Community of Nine to the Hellenic Republic of goods covered by Regulation (EEC) No 3035/80 — with the exception of albumins — an accession compensatory amount, determined in accordance with the third indent of Article 43 (1) of the Act is granted or levied as the case may be; whereas, on exportation of all goods covered by Regulation (EEC) No 3035/80 from the Hellenic Republic towards third countries the same accession compensatory amount is applied;

Whereas, according to Article 43 (4) of the Act, the Hellenic Republic shall in trade with third countries for all products covered by this Regulation apply in full the Common Customs Tariff nomenclature by 1 January 1981; whereas this is not required in the application of the residual customs duties on imports from the Community of Nine; whereas this obligation involves the application of only one fixed component

⁽¹⁾ OJ No L 323, 29. 11. 1980, p. 1.

⁽²⁾ OJ No L 323, 29. 11. 1980, p. 27.

for each of the specifications of the Common Customs Tariff on imports into this Member State from third countries;

Whereas the charge to be applied upon accession by the Community of Nine to imports of goods covered by Regulation (EEC) No 3033/80 from the Hellenic Republic only consists of an accession compensatory amount; whereas therefore the provision of Article 61, paragraph 5 of the Act are complied with when this accession compensatory amount does not exceed the variable component applied for the same goods on importation into the Community of Nine from third countries;

Whereas the total net charge on trade into the Hellenic Republic from the Community of Nine is the sum of the residual Hellenic protection and the accession compensatory amount applied on exports from the Community of Nine according to the fourth indent of Article 43 (1) of the Act; whereas, therefore the provision of Article 26 of the Act is complied with if the residual Hellenic protection on imports from the Community of Nine, adjusted by the accession compensatory amount applied on exports from the Community of Nine towards the Hellenic Republic, does not exceed the charge which this Member State can impose on the same goods imported from third countries;

Whereas, it is necessary to determine, with a view to the application of the provisions of Article 8 of Regulation (EEC) No 3033/80 the provisions for the application by the Hellenic Republic of the maximum duties provided for in the Common Customs Tariff;

Whereas detailed rules for the application of the measures provided for in this Regulation should be adopted in accordance with the procedure laid down in Article 26 of Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EEC) No 1547/79 ⁽²⁾, and in the corresponding Article in other Regulations on the common organization of markets,

HAS ADOPTED THIS REGULATION:

Article 1

1. For the purposes of this Regulation:

— 'Community of Nine' means the Community as constituted prior to the accession of the Hellenic Republic;

— 'Accession compensatory amount', means the compensatory amounts applicable in trade

between the Community of Nine and the Hellenic Republic and between this Member State and third countries.

2. The accession compensatory amounts for the products covered by this Regulation shall be determined and applied where accession compensatory amounts are applied on one or more of the basic products considered as having been used in the manufacture of the products covered by Regulation (EEC) No 3033/80.

Article 2

For each of the headings and subheadings in the Common Customs Tariff concerning goods covered by Regulation (EEC) No 3033/80 the rate of the customs duty constituting the fixed component of the charge applicable upon accession on importation of these goods into the Hellenic Republic from third countries, shall be that specified in column 1 of Annex I to this Regulation.

The rate indicated in column 1 of Annex I shall be aligned upon the Common Customs Tariff in accordance with the conditions laid down in Article 31 of the Act.

The first move towards alignment shall be made on 1 January 1981.

Article 3

For the goods covered by Regulation (EEC) No 3033/80 which are subject to a residual duty on importation into the Hellenic Republic from the Community of Nine the rate of this protection applicable upon accession shall be that specified in Annex II to this Regulation.

The rates indicated in Annex II shall be progressively abolished in accordance with the timetable laid down in Article 25 of the Act.

The first move towards alignment shall be made on 1 January 1981.

The amount of this residual duty reduced by the accession compensatory amount granted, or increased by the accession compensatory amount levied in accordance with the third indent of Article 43 (1) of the Act shall not exceed the total amount of the charge applicable by the Hellenic Republic on the same goods if they had been imported from third countries.

Article 4

1. The Commission shall for the period 1 January to 31 January 1981 and thereafter for each three-month period beginning on 1 February, 1 May,

⁽¹⁾ OJ No L 281, 1. 11. 1975, p. 1.

⁽²⁾ OJ No L 188, 26. 7. 1979, p. 1.

1 August and 1 November for each of the headings and subheadings in the Common Customs Tariff concerning goods covered by Regulation (EEC) No 3033/80 determine:

- (a) the accession compensatory amount applicable to imports into the Community of Nine from the Hellenic Republic;
- (b) the amount of the variable component adjusted by the accession compensatory amount mentioned under (a) as referred to in the second indent of Article 43 (1) of the Act and applicable on imports from third countries into the Hellenic Republic.

2. Each of the accession compensatory amounts referred to in paragraph 1 (a) shall be equal to the sum of the accession compensatory amounts applicable to the quantities of the different basic products which, pursuant to the provisions of Regulation (EEC) No 3034/80 are considered to having been used in the manufacture of the goods to which this accession compensatory amount applies.

The accession compensatory amounts shall not exceed the variable component applied for the same goods on importation into the Community of Nine from third countries.

However, for the following goods:

ex 17.04 Turkish delight, halva

19.03 Macaroni, spaghetti and similar products

ex 21.07 Food preparations not elsewhere specified or included, containing sugar, milk products, cereal or cereal based products

the accession compensatory amount may not exceed 60 % of the variable component applicable to imports from third countries.

3. The accession compensatory amount thus calculated shall be fixed at zero when the amount thereof is less than 1.5 ECU per 100 kilograms of goods.

4. The accession compensatory amount applicable is that in force on the day of importation.

Article 5

1. For each of the headings and subheadings in the Common Customs Tariff concerning goods covered by Regulation (EEC) No 3035/80 there shall

— with the exception of subheading No 35.02 A II a), ovalbumin and lactalbumin, on exports from the Community of Nine to the Hellenic Republic be applied an accession compensatory amount;

— on exports from the Hellenic Republic towards third countries be applied an accession compensatory amount.

2. Each of the accession compensatory amounts referred to in paragraph 1 shall be determined on the basis of the accession compensatory amounts fixed for the basic agricultural products and in accordance with the rules applicable for the calculation of the export refunds.

3. The accession compensatory amount applicable is that in force on the day of exportation.

Article 6

1. For products in respect of which the Common Customs Tariff provides for a maximum charge the Hellenic Republic shall apply to third countries a maximum charge composed of:

- (a) in so far as the fixed part of the maximum charge is concerned the rate indicated in column 2 of Annex I aligned to the level of the common maximum in accordance with the conditions laid down in Article 31 of the Act. The first move towards alignment shall be made on 1 January 1981;
- (b) in so far as the variable part of the maximum charge is concerned where applicable, the additional duty provided for in Article 8 (2) of Regulation (EEC) No 3033/80 adjusted by the accession compensatory amount corresponding to the quantity of sugar or flour to which the additional duty applies.

2. For the purpose of applying the provisions of Article 8 (1) of Regulation (EEC) No 3033/80 to goods imported from third countries into the Hellenic Republic the Commission shall for the period 1 January to 31 January 1981 and thereafter for each three-month period beginning on 1 February, 1 May, 1 August and 1 November, determine the following:

- (a) the amounts of the additional duties to be applied by the Hellenic Republic;
- (b) the price difference referred to in Article 8 (2) (a) of Regulation (EEC) No 3033/80.

Article 7

Detailed rules for the application of the accession compensatory amounts at the time of import or export and their payment shall be adopted in

accordance with the procedure laid down in Article 26 of Regulation (EEC) No 2727/75 or in the corresponding Articles in other Regulations on the common organization of the markets.

Article 8

This Regulation shall enter into force on 1 January 1981.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 22 December 1980.
