COUNCIL REGULATION (EEC) No 1196/81**of 28 April 1981****establishing a system of aid for bee-keeping in respect of the 1981/82, 1982/83 and 1983/84 marketing years**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Articles 42 and 43 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament ⁽¹⁾,

Having regard to the opinion of the Economic and Social Committee ⁽²⁾,

Whereas, because of the action of pollination, bee-keeping is essential for maintaining the yields of a wide range of agricultural crops;

Whereas bee-keeping should be promoted both to increase honey production and to safeguard environmental equilibrium;

Whereas although Community bee-keeping is generally conducted on a small scale, it is nonetheless of some importance to the economies of certain regions in the Community and is a source of additional income for farmers in those regions;

Whereas the structural features and the natural conditions of production limit the productivity of bee-keeping; whereas the recent increase in the cost of winter feed and the weather conditions of the last marketing years have aggravated the situation;

Whereas premiums for denaturing white sugar for feeding bees are not to be continued in 1981;

Whereas, under those circumstances, aid should be granted to this sector over a period long enough to enable the initiation of a process of long-term improvement;

Whereas expenditure incurred by Member States as a result of obligations under this Regulation should be financed by the Community, pursuant to Article 3 of Council Regulation (EEC) No 729/70 of 21 April 1970 on the financing of the common agricultural policy ⁽³⁾, as last amended by Regulation (EEC) No 929/79 ⁽⁴⁾,

HAS ADOPTED THIS REGULATION:

Article 1

For three successive marketing years, beginning with the 1981/82 marketing year, Member States shall grant aid for bee-keeping.

For the purposes of this Regulation, the marketing year shall start on 1 July and finish on 30 June.

Article 2

1. The aid shall take the form of a specific contribution to associations of bee-keepers which are recognized by the Member State within whose territory the associations have their main establishment, according to the number of hives in production.

Member States may designate as recognized associations only those associations which meet the requirements of this Regulation, compliance with these requirements being left to the discretion of the Member State concerned.

2. Such aid shall be granted on the request of those associations and the amount is hereby fixed at 1 ECU per hive in production and per marketing year.

⁽²⁾ Opinion delivered on 25 and 26 March 1981 (not yet published in the Official Journal).

⁽³⁾ OJ No L 94, 28. 4. 1970, p. 13.

⁽⁴⁾ OJ No L 117, 12. 5. 1979, p. 4.

Article 3

1. For the purpose of this Regulation, associations of bee-keepers means any organization of holders of hives, formed on the initiative of producers themselves for purposes, in particular, of:

- (a) promoting the indigenous production of honey;
- (b) improving their techniques;
- (c) protecting the economic interests of their members.

2. Only those associations which enter into an undertaking not to exclude non-member bee-keepers from the benefits of the grant received shall be eligible for grants.

3. The number of hives in production taken for calculating the amount of aid shall be that which the holders declare to the association as being maintained on a regular basis throughout the marketing year for which the aid is granted. A holder may submit only one declaration, producing any supporting documents requested by the competent authority of the Member State. Such declaration shall be kept by the association.

Article 4

1. Applications for aid shall be submitted not later than 31 May preceding the marketing year for which the aid is granted.

However, for the 1981/82 marketing year, applications for aid shall be submitted not later than 31 July 1981.

2. The Member State shall pay the amount of aid to the association in the three months following the deadline for the lodging of the application.

Article 5

1. The associations may use the aid granted for the purchase of feeding sugar to be distributed at reduced prices to registered holders within the limit of 5 kg per hive, or for general programmes for the improvement of honey production, technology and marketing approved in advance by the Member States.

2. The programmes referred to in paragraph 1 may cover, in particular:

- teaching and training projects,
- disease control and prevention and research in these areas,
- cooperative marketing and quality control of the product,

- breeding stations, improvement in reproduction and selection, and the migration of bees between regions.

3. As from the 1982/83 marketing year the Council shall, acting on a proposal from the Commission, fix, before 1 March preceding the marketing year for which the aid is granted, the maximum percentage which may be devoted to the purchase of feeding sugar.

Article 6

Associations of bee-keepers shall:

- keep separate accounts for the activities for which the grant has been used,
- submit to the competent authority of their Member State not later than three months after the end of the marketing year for which the aid has been granted, a report on the action undertaken.

Article 7

1. The Member States shall submit, not later than six months after the end of each of the three marketing years, a report on the application of this Regulation.

2. The Commission shall submit to the Council before 1 July 1983 a report on the implementation of this Regulation, with a view to making suggestions for the most appropriate common measures to be applied in future.

Article 8

1. Detailed rules for implementing this Regulation, in particular, those concerned with distributing the aid to bee-keepers who are not members of an association, shall be adopted in accordance with the procedure laid down in Article 17 of Regulation (EEC) No 2771/75⁽¹⁾.

2. Member States and the Commission shall hold regular exchanges of views on the application of this Regulation, in particular under the procedure provided for in Article 18 of Regulation (EEC) No 2771/75.

Article 9

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

⁽¹⁾ OJ No L 282, 1. 11. 1975, p. 49.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament⁽²⁾,

Whereas the basic price must be fixed in accordance with the criteria laid down in Article 4 (1) of Regulation (EEC) No 2759/75 for a standard quality defined according to Council Regulation (EEC) No 2760/75 of

29 October 1975 determining the Community scale for grading pig carcasses⁽⁴⁾;

Whereas the most representative class and categories of weight in Community production should be taken as the standard quality;

Whereas the application of those criteria results in the basic price being fixed at a level higher than that adopted for the previous period,

HAS ADOPTED THIS REGULATION:

Article 1

For the period 1 November 1981 to 31 October 1982 the basic price for slaughtered pigs of the standard quality shall be 1761.80 ECU per 1 000 kilograms.

COMMISSION REGULATION (EEC) No 1202/81**of 5 May 1981****amending Regulation (EEC) No 1204/72 laying down detailed rules for the application of the subsidy system for oilseeds**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by the Act of Accession of Greece, and in particular Article 27 (5) thereof,

Whereas Article 6 of Regulation (EEC) No 1204/72⁽²⁾, as last amended by Regulation (EEC) No 22/81⁽³⁾, defines the lot used as a basis for the analysis to be carried out according to the terms of Article 33 of the said Regulation; whereas, for administrative simplicity, it should be required that the determination of the lot should be carried out by the party concerned;

Whereas Article 28 (1) of that Regulation fixed the amount of the security referred to in Article 9 (2) of Council Regulation (EEC) No 2114/71 of 28 September 1971 on the subsidy for oilseeds⁽⁴⁾, as last amended by Regulation (EEC) No 851/78⁽⁵⁾; whereas, having regard to the trend of prices on the world market and to the level of aid fixed in recent months, it is necessary to decrease the amount of the security;

Whereas Article 10 of Regulation (EEC) No 2114/71 states that the subsidy for oilseeds may be paid in advance as soon as the seeds have been placed under control, on condition that a guarantee is lodged by the processor; whereas at present not all Member States make use of this option; whereas this causes serious variations in the way Community operators are treated; whereas in order to remedy this situation it should be made compulsory for the Member States to advance the aid when certain conditions are met;

Whereas, in order to ensure that the aid system functions properly, it should be laid down that the guarantee is to be released when entitlement to the aid is recognized; whereas it is also necessary to determine the weight to be taken into consideration for calculating the advance;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 1204/72 is hereby amended as follows:

1. Article 6 (1) is replaced by the following:

'1. The I.D. part of the certificate may be applied for only in respect of one or more lots. Under no circumstances may an application be made for the I.D. part for a lot in respect of which that part of the certificate has already been issued.

If the application of the I.D. part of the certificate is in respect of colza and rapeseed whose oil has an erucic acid content exceeding the percentage referred to in Article 25, the following words shall be entered in the section "description of the product": "intended for non-food use".

"Lot" shall be understood to mean a specific quantity of seeds determined by the party concerned, to which a number is given, at the time of entry into the oilmill, and in respect of which an analysis is carried out in accordance with the provisions of Article 33.'

2. In the second indent of Article 28 (1) '25 ECU' is replaced by '19 ECU'.

3. Article 37 is replaced by the following:

'Article 37

1. The aid amount referred to in Article 10 of Regulation (EEC) No 2114/71 shall be advanced to any processor who applies for it and presents the application for the I.D. part of the certificate accompanied by a security for an amount equal to the aid amount to be advanced.

2. The security shall be lodged in the form of a guarantee by an establishment meeting the criteria laid down by the Member State to which the application for the aid is made.

⁽³⁾ OJ No L 2, 1. 1. 1981, p. 14.

⁽⁵⁾ OJ No L 116, 28. 4. 1978, p. 4.

3. The security shall be released when the competent authority of the Member State in question has recognized entitlement to the aid for the quantities indicated in the application. If entitlement to the aid is not recognized for all or part of the quantities indicated in the application, the security shall be forfeited proportionately to the quantities for which the conditions giving entitlement to aid were not respected.

4. The weight used for calculating the aid advance to be granted in accordance with the provi-

sions of paragraph 1 shall be the net weight recorded for the seed in the state in which and at the time when it enters the mill where it is to be processed.'

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

However, the provisions of Article 1 (3) shall apply with effect from 1 July 1981.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION DECISION

of 27 March 1981

authorizing Ireland not to apply Community treatment to woven and knitted or crocheted dresses originating in the Philippines

(Only the English text is authentic)

(81/267/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular the first paragraph of Article 115 thereof,

Having regard to Commission Decision 80/47/EEC of 20 December 1979 on surveillance and protective measures which Member States may be authorized to take in respect of imports of certain products originating in third countries and put into free circulation in another Member State ⁽¹⁾ and in particular Article 3 thereof,

Whereas, on 20 March 1981, a request was made, under the first paragraph of Article 115 of the Treaty, by the Irish Government to the Commission of the European Communities for authorization not to apply Community treatment to woven and knitted or crocheted dresses falling within subheadings ex 60.05 A II and ex 61.02 B II of the CCT, category 26, originating in the Philippines and in free circulation in the other Member States,

Whereas the importation into the Community of the products in question originating in the Philippines is covered by an Agreement negotiated between the Community and that country; whereas, under that Agreement, the Philippines has undertaken to take all necessary steps to limit its exports of the products in question to the Community within certain ceilings;

Whereas, in order to implement that Agreement and take account of its characteristics, the Council adopted Regulation (EEC) No 3059/78 ⁽²⁾, introducing specific common rules for imports of certain textile products;

Whereas the differences in market conditions within the Community and the particular sensitivity of this branch of Community industry have been taken into account in allocating the abovementioned Community ceiling between the Member States;

Whereas, for this reason, disparities still exist between the conditions governing the importation of the products in question into the different Member States; whereas uniformity can only be brought about gradually;

Whereas, with regard to the situation of the industry concerned, the information received by the Commission indicates that total imports of the products in question, originating in third countries, amounted to 180 000 pieces in 1979 and to 182 000 pieces in the first eleven months of 1980;

Whereas the prices of the products in question originating in the Philippines are considerably below the prices of like products manufactured in Ireland;

Whereas output of like products in Ireland amounted to 1 824 000 pieces in 1978 and to 1 897 000 pieces in 1979; whereas the domestic industry's share of the home market has fallen from 59.4 % in 1978 to 58.2 % in 1979;

Whereas further indirect imports, in addition to those already admitted or planned, would be likely to aggravate these difficulties and jeopardize the aims of the abovementioned commercial policy measures;

Whereas it is not possible to set in motion rapidly the machinery for bringing about the necessary cooperation from the other Member States;

Whereas authorization should, accordingly, be given for the application of protective measures under the first paragraph of Article 115, subject to the conditions laid down in Decision 80/47/EEC, and in particular Article 3 thereof;

Whereas an application for import documents covering 4 800 pieces is duly pending with the authorities of the Member State having made the request;

Whereas this application does not need to be covered by such authorization,

HAS ADOPTED THIS DECISION:

(81/270/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products⁽¹⁾, as last amended by the Act of Accession of Greece⁽²⁾, and in particular Article 6 (7) thereof,

Having regard to Council Regulation (EEC) No 985/68 of 15 July 1968 laying down general rules for intervention on the market in butter and cream⁽³⁾, as last amended by Regulation (EEC) No 1272/79⁽⁴⁾, and in particular Article 7a thereof,

Whereas, pursuant to Commission Regulation (EEC) No 262/79 of 12 February 1979 on the sale of butter at reduced prices for use in the manufacture of pastry products, ice-cream and other foodstuffs⁽⁵⁾, as last amended by Regulation (EEC) No 605/81⁽⁶⁾, intervention agencies have put up for sale by standing invitation to tender certain quantities of butter held by them;

Whereas Article 16 of that Regulation provides that, in the light of the tenders received, a minimum selling price must be fixed which may vary according to the use to which the butter is to be put and according to the fat content of the butter; whereas, alternatively, a decision may be taken not to proceed

with the invitation to tender; whereas the amounts of the processing security must be fixed in the light of the difference between the minimum selling prices and the market prices of the butter;

Whereas, in the light of the tenders received in response to the 48th individual invitation to tender, the minimum selling prices should be fixed at the level specified below and the processing securities determined accordingly;

Whereas the Management Committee for Milk and Milk Products has not delivered an opinion within the time limit set by its chairman,
