AGREEMENT

between the European Economic Community and the Republic of Austria on the control and reciprocal protection of quality wines and certain wines bearing a geographical ascription

THE EUROPEAN ECONOMIC COMMUNITY,

of the one part, and

THE REPUBLIC OF AUSTRIA,

of the other part,

HAVING REGARD to the interest of both Contracting Parties in the control and reciprocal protection of quality wines and certain wines bearing a geographical ascription,

HAVE DECIDED TO CONCLUDE THIS AGREEMENT:

Article 1

Each of the Contracting Parties shall undertake to take all measures necessary for the control and, in accordance with this Agreement, for the effective protection, in particular, against unfair competition in trade of wines bearing a geographical ascription referred to in Article 2, originating in the territory of the other Contracting Party.

Article 2

1. This Agreement shall apply:

(a) as regards wines originating in the European Economic Community:

- to quality wines produced in specified regions referred to in Regulation (EEC) No 338/79,
- to table wines described as 'Landwein', 'vin de pays', 'vino tipico', 'ὄνομασία κατά παράδοση' (appellation traditionnelle) and 'οἶνος τοπικός' (vin de pays), followed by the name of the production area attributed to them,
- to table wines described by means of a geographical ascription and subject to special production rules;

(b) as regards wines originating in the Republic of Austria, to 'Qualitätsweine' referred to in the 1961 Weingesetz, and in particular paragraphs 15, 16, 19 and 19a thereof.

The wines are listed in the Annex to this Agreement.

2. The Agreement may be extended by mutual agreement to other wines designated by the area or region from which they originate, where such wines meet special production rules.

To that end, such wines shall be added to the Annex to this Agreement in accordance with the procedure laid down in Article 12 (a) of this Agreement.

Article 3

1. The following particulars shall be protected under this Agreement:

(a) As regards wines originating in the European Economic Community:

- references to the Member State in which the wine originates,
- the terms 'quality wine produced in specified regions', including the abbreviation 'quality wine psr' and the equivalent terms and abbreviations in the other Community languages,
- the names of specified regions referred to in the first subparagraph of Article 16 (5) of Regulation (EEC) No 338/79,

- the traditional supplementary terms and the details concerning the method of production, a particular colour or type of wine referred to in Articles 2 (2) and (3) and 12 (2) of Regulation (EEC) No 355/79, provided that they are listed in the Annex to this Agreement.

(b) As regards wines originating in the Republic of Austria:

- the term 'Österreich' or other terms indicating that country,
- the names of the Bundesländer of Austria, its wine-growing regions and sub-regions and communes, and the names of intra-communal vineyard slopes (Riede) and of intercommunal vineyard areas (Großlagen) listed in paragraph 1 of Section 15 of the 1961 Weingesetz,

2. Save as otherwise provided in the Protocol annexed to this Agreement, the descriptions referred to in the first, second, third, fourth and fifth indents of paragraph 1 (a) as being protected by the Agreement within the territory of the Republic of Austria shall be reserved exclusively for the wines originating in the territory of the Community to which they apply and may be used only in accordance with Community rules.

Where one of these descriptions is identical with the name of a geographical unit outside the territory of the Community, the preceding subparagraph shall not preclude the use of such description for wines obtained from grapes harvested and processed in that geographical unit provided the name of that geographical unit is used for the description of the wines in accordance with Community rules. Additional details relating thereto may be provided for in the Annex to this Agreement in accordance with the procedure referred to in Article 12 (a).

3. Save as otherwise provided in the Protocol annexed to this Agreement, the descriptions referred to in the first and second indents of paragraph 1 (b) as being protected by the Agreement within the territory of the Community, as defined in Article 15 of this Agreement, shall be reserved exclusively for the Austrian wines to which they apply and may be used only in accordance with the conditions laid down in Austrian rules.

Additional details relating thereto may be provided for in the Annex to this Agreement in accordance with the procedure referred to in Article 12 (a).

- the descriptions referred to in the third and fourth indents of paragraph 1 (b) above, as being protected by the Agreement within the territory of the Community,

may be applied to wines originating in a Member State of the European Economic Community, the Republic of Austria or any other State only on condition that such use is provided for in the rules applicable in the State concerned in respect of its internal market and is recognized by both Contracting Parties.

5. Where the name or the name of the firm of the bottler or any other person involved in the distribution is liable to create a false impression as to the product's origin, the name or firm's name may be used only if it is printed in less conspicuous letters than those used for the other particulars used to describe the wine and if it is preceded by details of the professional activity of the person in question. All this information must be on one line and in identical lettering.

Article 4

1. With a view to the prevention and detection of any infringement of Community provisions relating to the wine sector, and falling within the scope of the Agreement or provisions of the Member States adopted under Community provisions on the one hand, and of the corresponding Austrian provisions on the other, the Community and the Republic of Austria shall notify one another of the names and addresses of the authorities responsible for enforcement of the abovementioned provisions. Close direct collaboration shall be maintained between those authorities.

2. If a description protected under this Agreement is used for commercial purposes in contravention of Article 3 (2) to (5) for the designation of a wine, particularly on the label or in official or commercial documents or in advertising, the necessary administrative measures or legal proceedings which is provided for in Austrian legislation or, in the case of the Community, in that of the Member State, shall be applied in order to combat unfair competition or to prevent in any other way the illegal use of descriptions.

3. Paragraph 2 shall also apply where the descriptions protected by the Agreement are used either in translation or with a mention of the true origin or with the addition of terms such as 'kind', 'type', 'style', 'imitation' or other like expressions.

4. Paragraphs 2 and 3 shall also apply to translations of descriptions provided for by Austrian legislation or of a Member State of the Community where the translation, into the language or languages of the other Contracting Party, consists of a word which is liable to be misleading as to the origin, nature or quality of the wine thus described.

Article 5

1. Article 4 shall also apply:

— where indications, trademarks, names, inscriptions or graphic representations which directly or indirectly give false or misleading information as to the provenance, origin, nature, variety or physical qualities of the wine appear on containers or packaging, in advertising, or in official or commercial documents relating to wines whose descriptions are protected under this Agreement,

— where, for packaging, containers are used which are such as create a false impression as to the origin.

2. Registered or unregistered trademarks used for wines whose descriptions are protected under this Agreement may not contain words, parts of words, signs or illustrations which:

(a) are likely to create a false impression of a person, in particular the bottler, involved in the distribution of the product described;

(b) might be mistaken for the name of a geographical unit, the use of which for the description of a wine is protected under this Agreement;

or

(c) contain misleading information or information likely to be misleading concerning notably the geographical origin, the vine variety, vintage year or superior quality.

Article 6

1. To the extent that the legislation of the Member State concerned so allows, the benefit of the protection given by this Agreement shall be extended to natural and legal persons and to federations, associations and organizations of producers, traders or consumers whose headquarters are in the Republic of Austria.

2. To the extent that Austrian legislation concerned so allows, the benefit of the protection given by this Agreement shall be extended to natural and legal persons and to federations, associations and organizations of producers, traders or consumers whose headquarters are in the Community.

Article 7

1. Each of the Contracting Parties may, if necessary for attainment of the objectives of this Agreement, request of the other Contracting Party in writing that authorization be given for import or temporary admission only if a document duly endorsed by the competent authorities accompanies the wine. The said document must enable the wine to be identified and must attest, in accordance with conditions to be laid down by mutual agreement between the Contracting Parties in accordance with the procedure referred to in Article 12 (e), that one or more of the particulars referred to in Article 3 (1) may properly be applied to it. The other Contracting Party must acknowledge receipt of such notification at the earliest opportunity.

2. When notifying the other Contracting Party, as described in paragraph 1, the Contracting Party must indicate the authorities or other departments responsible for inspection of the document referred to in paragraph 1. A specimen of the document must accompany the communication.

Article 8

1. Wines which, at the time of entry into force of this Agreement, are on the territory of one of the

Contracting Parties and are legally described by the indications prohibited by the Agreement may be used up until stocks run out.

Packaging and advertising material which, at the time of entry into force of this Agreement, are on the territory of one of the Contracting Parties and legally bear indications prohibited by the Agreement may be used up over a period of one year from the entry into force of this Agreement.

2. Where alterations are made to the Annex to this Agreement, paragraph 1 shall apply from the entry into force of such alterations.

Article 9

Without prejudice to Article 4 (1) this Agreement shall not apply to the description of wines:

- (a) which are in transit through the territory of one of the Contracting Parties;
or
- (b) which originate in the territory of one of the Contracting Parties and which form the subject of consignments in small quantities between those parties under the conditions and according to the procedure provided for in the Protocol annexed to this Agreement.

Article 10

The protection afforded by this Agreement to descriptions of wines shall be without effect on the provisions governing, now or in the future, the importation of these wines into the territory of each of the Contracting Parties.

Article 11

This Agreement shall not preclude any more extensive protection afforded, now or in the future, to descriptions protected by this Agreement, by the Contracting Parties under their internal legislation or other international agreements.

Article 12

The representatives of the Contracting Parties shall maintain direct contact on all matters relating to the implementation of this Agreement.

In particular, the competent bodies of the Republic of Austria and the Commission of the European Communities shall:

- (a) make amendments to the Annex and Protocol to this Agreement by mutual agreement to take account of any amendments to the legislative and regulatory provisions of the Contracting Parties;
- (b) notify each other of legal decisions concerning the application of this Agreement and inform each other of measures adopted on the basis of such decisions;
- (c) notify each other if they have reasonable cause to suspect that wines referred to in Article 2 originating in the territory of the other Contracting Party do not conform to the provisions governing their production, entry into free circulation and their description and presentation, where such a case is of specific interest or is such as might justify administrative measures or legal proceedings;
- (d) examine the measures taken by the other Contracting Party pursuant to this Agreement, particularly as regards amendments to legislative and regulatory provisions;
- (e) send each other the communications referred to in Article 7 and forward the documents which must accompany the wines, after mutual agreement has been reached on the rules governing such documents;
- (f) meet if necessary to discuss technical matters arising from application of this Agreement.

Article 13

The Contracting Parties shall take all general and specific actions required to ensure that the obligations imposed by this Agreement are fulfilled. They shall work for the attainment of the objectives set out in the Agreement.

Article 14

If one of the Contracting Parties considers that the other has failed to fulfil an obligation under this Agreement, it may take appropriate precautionary measures to enable the Agreement to be applied.

Article 15

The Agreement shall apply, on the one hand, to the territories in which the Treaty establishing the European

Economic Community is applied and under the conditions laid down in that Treaty and, on the other, to the territory of the Republic of Austria.

Article 16

The Protocol and the exchange of letters annexed to this Agreement shall form an integral part thereof.

Article 17

This Agreement is drawn up in duplicate in the Danish, Dutch, English, French, German, Greek and Italian languages, all these texts being equally authentic.

Article 18

1. This Agreement shall be subject to approval or ratification in accordance with the Contracting Parties' own procedures and the parties shall notify each other of the completion of the procedures necessary for that purpose.
2. This Agreement shall enter into force on the first day of the second month following mutual notification by the Contracting Parties of the conclusion of the procedures for approval or ratification of the Agreement and on 1 January 1981 at the earliest.
3. Each of the Contracting Parties may denounce this Agreement by giving the other Contracting Party one year's notice.
