COMMISSION REGULATION (EEC) No 211/82**of 29 January 1982****fixing the export refunds on products processed from cereals and rice**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 3808/81⁽²⁾, and in particular the fourth subparagraph of Article 16 (2) thereof,

Having regard to Council Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice⁽³⁾, as last amended by the Act of Accession of Greece⁽⁴⁾, and in particular the fourth subparagraph of Article 17 (2) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75 and Article 17 of Regulation (EEC) No 1418/76 provide that the difference between quotations or prices on the world market for the products listed in Article 1 of those Regulations and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 2746/75 of 29 October 1975⁽⁵⁾, and Article 2 of Council Regulation (EEC) No 1431/76 of 21 June 1976⁽⁶⁾ laying down general rules for granting export refunds on cereals and rice respectively and criteria for fixing the amount of such refunds, provide that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals, rice and broken rice on the Community market on the one hand and prices for cereals, rice, broken rice and cereal products on the world market on the other; whereas the same Articles provide that it is also important to ensure equilibrium and the natural development of prices and trade on the markets in cereals and rice and, furthermore, to take into account the economic aspect of the proposed exports, and the need to avoid disturbances on the Community market;

Whereas Article 6 of Council Regulation (EEC) No 2744/75 of 29 October 1975 on the import and export system for products processed from cereals and from rice⁽⁷⁾, as last amended by Regulation (EEC) No 1783/81⁽⁸⁾, defines the specific criteria to be taken into account when the refund on these products is being calculated;

Whereas, on the basis of the criteria laid down in Regulation (EEC) No 2744/75, particular account should be taken of the prices and quantities of basic products used to calculate the variable component of the levy; whereas Article 8 of Regulation (EEC) No 2744/75 and Article 1 of Regulation (EEC) No 1077/68⁽⁹⁾, as amended by Regulation (EEC) No 2764/71⁽¹⁰⁾, provide that the amount of the export refund should, for certain products, be reduced by an amount equal to the production refund granted in respect of the basic products;

Whereas it follows from applying these detailed rules to the present situation on the market in products processed from cereals and rice that the export refund should be fixed at an amount which will cover the difference between Community prices and world market prices;

Whereas when the refund is being calculated account should be taken of the quantities of raw materials used to determine the variable component of the levy; whereas the quantities of raw materials used for certain processed products may vary according to the end use of the product; whereas, depending on the manufacturing process used, products other than the main product are obtained, the quantity and value of which may vary with the nature and quality of the main products being manufactured; whereas cumulation of the refunds on the various products manufactured by a single process from the same basic product may make it possible, in certain cases, to export to third countries at prices which are lower than world market prices; whereas the refund on certain products should therefore be limited to an amount which, while allowing access to the world market, will ensure that the aims of the common organization of the markets are respected;

⁽¹⁾ OJ No L 281, 1. 11. 1975, p. 1.

⁽²⁾ OJ No L 382, 31. 12. 1981, p. 37.

⁽⁴⁾ OJ No L 291, 19. 11. 1979, p. 17.

⁽⁵⁾ OJ No L 281, 1. 11. 1975, p. 78.

⁽⁶⁾ OJ No L 166, 25. 6. 1976, p. 36.

⁽¹⁰⁾ OJ No L 283, 24. 12. 1971, p. 30.

Whereas the refund to be granted in respect of certain processed products should be graduated on the basis of the ash, crude fibre, tegument, protein, fat and starch content of the individual product concerned, this content being a particularly good indicator of the quantity of basic product actually incorporated in the processed product;

Whereas there is no need at present to fix an export refund for manioc, other tropical roots and tubers or flours obtained therefrom, given the economic aspect of potential exports and in particular the nature and origin of these products; whereas, for certain products processed from cereals, the insignificance of Community participation in world trade makes it unnecessary to fix an export refund at the present time;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas Regulation (EEC) No 2806/71 ⁽¹⁾ lays down additional rules for granting export refunds for certain products processed from cereals and rice;

Whereas the Commission has decided to grant a special refund for the export to Poland of a maximum of 3 000 tonnes of oat flakes and made such grant subject to compliance with specific requirements laid down in Regulation (EEC) No 1688/81 ⁽²⁾;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within

a band of 2.25 %, a rate of exchange based on their central rate,

- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1 (d) of Regulation (EEC) No 2727/75 and in Article 1 (1) (c) of Regulation (EEC) No 1418/76 and subject to Regulation (EEC) No 2744/75 are hereby fixed as shown in the Annex to this Regulation.

COMMISSION REGULATION (EEC) No 212/82

of 29 January 1982

fixing the export refunds on cereal-based compound feedingstuffs

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 3808/81⁽²⁾, and in particular the fourth subparagraph of Article 16 (2) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds⁽³⁾, provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on the cereal markets;

Whereas it follows from applying these detailed rules to the present situation on the market in cereal-based compound feedingstuffs that the export refund should be fixed at an amount which will cover the difference between Community prices and world market prices;

Whereas Article 7 (1) of Council Regulation (EEC) No 2743/75 of 29 October 1975 on the system to be applied to cereal-based compound feedingstuffs⁽⁴⁾, as amended by Regulation (EEC) No 2560/77⁽⁵⁾, provides that, when export refunds on cereal-based compound feedingstuffs are being fixed, only the products normally used in the manufacture of compound feedingstuffs for which a refund may be fixed should be taken into account;

Whereas Commission Regulation (EEC) No 1913/69 of 29 September 1969 on the granting and the advance fixing of the export refund on cereal-based compound feedingstuffs⁽⁶⁾, as amended by Regulation (EEC) No 3102/80⁽⁷⁾, provides that calculation of the export refund must be based on the levy applicable to maize; whereas this calculation must also take account of the cereal products content; whereas, therefore, in the interest of simplification, compound feedingstuffs should be placed in categories and the refund for each category should be fixed on the basis of a quantity of maize which is representative of the usual cereal products content for the category concerned; whereas, furthermore, the amount of the refund must also take into account the possibilities and conditions for the sale of those products on the world market, the need to avoid disturbances on the Community market and the economic aspect of the export;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for compound feedingstuffs according to destination; whereas, for purposes of varying the refund, the destination zones laid down in Annex II to Commission Regulation (EEC) No 1124/77 of 27 May 1977 redefining the destination zones for export refunds or levies and for certain export licences for cereals and rice⁽⁸⁾ should be used;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

COMMISSION REGULATION (EEC) No 213/82

of 29 January 1982

fixing the import levies on syrups and certain other products in the sugar sector

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
1785/81 of 30 June 1981 on the common organization
of the market in sugar ⁽¹⁾, and in particular Article 16
(8) thereof,

Having regard to the opinion of the Monetary
Committee,

Whereas Article 16 (1) of Regulation (EEC) No
1785/81 provides for charging a levy on imports of the
products listed in Article 1 (1) of that Regulation ;

Whereas the levy on the products listed in Article 1 (1)
(d) of Regulation (EEC) No 1785/81 must be calcu-
lated, where appropriate, at a standard rate on the basis
of the sucrose content (including other sugars
expressed as sucrose) of the product concerned and of
the levy on white sugar ; whereas, however, the levies
on maple sugar and maple syrup are limited to the
amount resulting from application of the rate of duty
bound within GATT ;

Whereas Article 7 of Commission Regulation (EEC)
No 837/68 of 28 June 1968 on detailed rules for the
application of levies on sugar ⁽²⁾, as last amended by
Regulation (EEC) No 1428/78 ⁽³⁾, provides that the
basic amount of the levy for 100 kilograms of product
must be fixed per percentage point of sucrose content ;

Whereas the basic amount of the levy must be equal
to one-hundredth of the average of the levies appli-
cable to 100 kilograms of white sugar during the first
20 days of the month preceding the month for which
the basic amount of the levy is fixed ; whereas,
however, the levy applicable to white sugar on the day
of the fixing of the basic amount must be substituted

for the average of the levies, where that levy differs by
at least 0.73 ECU from that average ;

Whereas the basic amount must be fixed each month ;
whereas it must, however, be altered during the period
between the day on which it is fixed and the first day
of the month following the month for which the basic
amount is applicable, if the levy on white sugar differs
by at least 0.73 ECU from the average referred to
above or from the levy on white sugar used to fix the
basic amount ; whereas, in this case, the basic amount
must be equal to one-hundredth of the levy on white
sugar used to calculate the alteration ;

Whereas the basic amount thus fixed must be adjusted
on the basis of variations in the threshold price for
white sugar occurring between the month in which
the basic amount is fixed and the period of applica-
tion ; whereas this adjustment, equal to one-hundredth
of the difference between these two threshold prices,
must be deducted from or added to the basic amount
in the circumstances provided for in Article 7 (6) of
Regulation (EEC) No 837/68 ;

Whereas the levy on the products referred to in Article
1 (1) (f) and (g) of Regulation (EEC) No 1785/81
comprises, under Article 16 (6) of that Regulation, a
variable element and a fixed element, with the latter,
per 100 kilograms of dry matter, being equal to one-
tenth of the fixed element established pursuant to
point B of Article 14 (1) of Regulation (EEC) No
2727/75 ⁽⁴⁾ for the fixing of the import levy on the
products falling within subheading 17.02 B II of the
Common Customs Tariff, and the variable element,
per 100 kilograms of dry matter, being equal to one
hundred times the basic import levy applicable as
from the first of each month in the case of the
products listed in Article 1 (1) (d) of Regulation (EEC)
No 1785/81 ; whereas the levy must be fixed each
month ;

Whereas, if the levy system is to operate normally,
levies should be calculated on the following basis :

— in the case of currencies which are maintained in
relation to each other at any given moment within
a band of 2.25 %, a rate of exchange based on
their central rate,

⁽¹⁾ OJ No L 177, 1. 7. 1981, p. 4.

⁽²⁾ OJ No L 151, 30. 6. 1968, p. 42.

⁽³⁾ OJ No L 171, 28. 6. 1978, p. 34.

⁽⁴⁾ OJ No L 281, 1. 11. 1975, p. 1.

- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas it follows from the application of these provisions that the import levies on the products concerned should be as indicated in the Annex to this Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

The import levies on the products listed in Article 1 (1) (d), (f) and (g) of Regulation (EEC) No 1785/81 shall be as indicated in the Annex hereto.

Article 2

This Regulation shall enter into force on 1 February 1982.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 214/82

of 29 January 1982

fixing the export refunds on syrups and certain other sugar products exported in the natural state

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector⁽¹⁾, and in particular Article 19 (4) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 19 of Regulation (EEC) No 1785/81 provides that the difference between quotations or prices on the world market for the products listed in Article 1 (1) (d) of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Article 8 of Council Regulation (EEC) No 766/68 of 18 June 1968 laying down general rules for granting export refunds on sugar⁽²⁾, as last amended by Regulation (EEC) No 1489/76⁽³⁾, provides that the export refund on 100 kilograms of the products listed in Article 1 (1) (d) of Regulation (EEC) No 1785/81 is equal to the basic amount multiplied by the sucrose content, including, where appropriate, other sugars expressed as sucrose; whereas the sucrose content of the product in question is determined in accordance with Article 13 of Commission Regulation (EEC) No 394/70 of 2 March 1970 on detailed rules for granting export refunds on sugar⁽⁴⁾, as last amended by Regulation (EEC) No 1467/77⁽⁵⁾;

Whereas Article 7 of Regulation (EEC) No 766/68 provides that the basic amount of the refund on sorbose exported in the natural state must be equal to the basic amount of the refund less one-hundredth of the production refund applicable, pursuant to Council Regulation (EEC) No 1400/78 of 20 June 1978 laying down general rules for the production refund on sugar

used in the chemical industry⁽⁶⁾, to the products listed in Annex I to the last mentioned Regulation;

Whereas the basic amount of the refund on the other products listed in Article 1 (1) (d) of Regulation (EEC) No 1785/81 exported in the natural state must be equal to one-hundredth of an amount which takes account, on the one hand, of the difference between the intervention price for white sugar for the Community areas without deficit for the month for which the basic amount is fixed and quotations or prices for white sugar on the world market and, on the other, of the need to establish a balance between the use of Community basic products in the manufacture of processed goods for export to third countries and the use of third country products brought in under inward processing arrangements;

Whereas the application of the basic amount may be limited to some of the products listed in Article 1 (1) (d) of Regulation (EEC) No 1785/81;

Whereas Article 19 of Regulation (EEC) No 1785/81 makes provision for setting refunds for export in the natural state of products referred to in Article 1 (1) (f) and (g) of that Regulation; whereas the refund must be fixed per 100 kilograms of dry matter, taking account of the export refund for products within subheading 17.02 B II a) of the Common Customs Tariff and for products referred to in Article 1 (1) (d) of Regulation (EEC) No 1785/81 and of the economic aspects of the intended exports; whereas the refund is to be granted only for products complying with the conditions in Article 3 of Commission Regulation (EEC) No 1469/77 of 30 June 1977 laying down rules for applying the levy and the refund in respect of isoglucose and amending Regulation (EEC) No 192/75⁽⁷⁾;

Whereas, if the refund system is to operate normally refunds should be calculated on the following basis:

— in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their central rate,

COMMISSION REGULATION (EEC) No 215/82**of 29 January 1982****fixing the export refunds on olive oil**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by Regulation (EEC) No 3454/80⁽²⁾,

Having regard to Council Regulation No 171/67/EEC of 27 June 1967 on export refunds and levies on olive oil⁽³⁾, as last amended by Regulation (EEC) No 2429/72⁽⁴⁾, and in particular the first sentence of Article 7 thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 20 of Regulation No 136/66/EEC provides that, where prices within the Community are higher than world market prices, the difference between these prices may be covered by a refund when olive oil is exported to third countries;

Whereas the detailed rules for fixing and granting export refunds on olive oil are contained in Regulations No 171/67/EEC and (EEC) No 616/72⁽⁵⁾, as last amended by Regulation (EEC) No 2962/77⁽⁶⁾;

Whereas Article 2 of Regulation No 171/67/EEC provides that the refund must be the same for the whole Community;

Whereas Article 3 of Regulation No 171/67/EEC provides that when the refund on olive oil is being fixed account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of olive oil on the Community market and prices for olive oil on the world market,
- the aims of the common organization of the market in olive oil which are to ensure equilibrium and the natural development of prices and trade on this market,

— the need to avoid disturbances on the Community market, and

— the economic aspect of the proposed exports;

Whereas, furthermore, Article 4 of Regulation No 171/67/EEC provides that the said refund must be fixed in accordance with the following criteria:

— the olive oil prices in the main producing areas of the Community,

— the most favourable quotations recorded on the various markets of importing third countries,

and

— the marketing costs and the most favourable transport charges from Community markets in the main producing areas to ports or other points of export in the Community, as well as costs incurred in placing the goods on the world market;

Whereas Article 5 of Regulation No 171/67/EEC provides that the refund on olive oil may be varied according to destination where the world market situation or the specific requirements of certain markets make this necessary;

Whereas Article 7 of Regulation No 171/67/EEC provides that the refund must be fixed at least once every month; whereas it may, if necessary, be altered in the intervening period;

Whereas a special export refund for Poland should be provided for olive oil under the subheading 15.07 A II b);

Whereas it follows from applying these detailed rules to the present situation on the market in olive oil and in particular to olive oil prices within the Community and on the markets of third countries that the refund should be as set out in the Annex hereto;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

COMMISSION REGULATION (EEC) No 216/82**of 29 January 1982****fixing the export refunds on oil seeds**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EEC) No 3454/80 ⁽²⁾,

Having regard to Council Regulation No 142/67/EEC of 21 June 1967 on export refunds on colza, rape and sunflower seeds ⁽³⁾, as last amended by Regulation (EEC) No 2429/72 ⁽⁴⁾, and in particular the first sentence of Article 2 (3) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 28 of Regulation No 136/66/EEC provides that a refund may be granted on exports to third countries of oil seeds harvested within the Community; whereas the amount of this refund may not exceed the difference between prices within the Community and prices on the world market where the former are higher than the latter; whereas Article 21 of Regulation No 136/66/EEC provides that, at present, Article 28 of that Regulation applies only to colza, rape and sunflower seeds;

Whereas Article 3 of Regulation No 142/67/EEC provides that when the refund is being calculated account must be taken of prices ruling on the various Community markets which are representative from the point of view of processing and exportation; the most favourable quotations recorded on the various markets of importing third countries and costs incurred in placing the goods on the world market; whereas, when the amount of the refund is being fixed, account must also be taken of the level of market prices within the Community for the oil seeds referred to in Article 21 of Regulation No 136/66/EEC and the future trend of these prices; whereas, furthermore, account should be taken of the economic aspect of the proposed

exports and the situation in the Community regarding the supply of and demand for these seeds;

Whereas Article 1 of Commission Regulation (EEC) No 651/71 of 29 March 1971 on certain detailed rules for the application of export refunds on oil seeds ⁽⁵⁾, as amended by Regulation (EEC) No 1480/79 ⁽⁶⁾, provides that the amount of the refund must be calculated on the basis of the weight of exported seeds; whereas this weight must be adjusted to take account of any differences between the percentages of moisture and impurities found to exist and those used to define the standard quality for which the target price is fixed; whereas, when this adjustment is being made, the weight of the exported seeds must be increased by the amount of the difference between the actual moisture and impurities content and that used to define the standard quality if the former is lower than the latter; whereas, if the opposite applies, the weight of the exported seeds must be reduced by the same amount;

Whereas the standard quality referred to above was defined in Article 2 of Council Regulation (EEC) No 1776/81 of 30 June 1981 fixing the target prices and basic intervention prices for colza and rape seed and sunflower seed for the 1981/82 marketing year ⁽⁷⁾;

Whereas Article 2 of Regulation No 142/67/EEC provides that the refund may be varied according to destination where the world market situation or the specific requirements of certain markets make this necessary;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

⁽⁶⁾ OJ No L 180, 17. 7. 1979, p. 13.

⁽⁷⁾ OJ No L 176, 1. 7. 1981, p. 1.

Whereas it follows from applying these detailed rules to the present situation on the market in oil seeds, and in particular to quotations or prices for these products within the Community and on the markets of third countries that the refund should be as set out in the Annex hereto for those products for which the marketing year has already begun ;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION :

Article 1

The refund on the products referred to in Article 21 of Regulation No 136/66/EEC shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 1 February 1982.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products⁽¹⁾, as last amended by the Act of Accession of Greece⁽²⁾, and in particular Article 17 (5) thereof,

Whereas Article 17 (1) of Regulation (EEC) No 804/68 provides that the difference between prices in international trade for the products listed in Article 1 (a), (b), (c) and (e) of that Regulation and prices within the Community may be covered by an export refund; whereas Council Regulation (EEC) No 3035/80 of 11 November 1980 laying down general rules for granting export refunds on certain agricultural products exported in the form of goods not covered by Annex II to the Treaty, and criteria for fixing the amount of such refunds⁽³⁾, as last amended by Regulation (EEC) No 3496/81⁽⁴⁾, specifies the products for which a rate of refund should be fixed, to be applied where these products are exported in the form of goods listed in the Annex to Regulation (EEC) No 804/68;

COMMISSION REGULATION (EEC) No 220/82

of 29 January 1982

fixing the rates of the refunds applicable from 1 February 1982 to certain products in the sugar sector exported in the form of goods not covered by Annex II to the Treaty

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector⁽¹⁾, and in particular Article 19 (1) and (2) thereof,

Whereas Article 19 (1) and (2) of Regulation (EEC) No 1785/81 provides that for the products listed in Article 1 (1) (a), (c), (d), (g) and (h) of that Regulation an export refund may be granted when these goods are exported in the form of goods listed in Annex I of that same Regulation; whereas Council Regulation (EEC) No 3035/80 of 11 November 1980 laying down general rules for granting export refunds for certain agricultural products exported in the form of goods not covered by Annex II to the Treaty, and the criteria for fixing the amount of such refunds⁽²⁾, as last amended by Regulation (EEC) No 3496/81⁽³⁾, specifies the products for which a rate of refund should be fixed, to be applied where these products are exported in the form of goods listed in Annex I of Regulation (EEC) No 1785/81;

Whereas, in accordance with the first subparagraph of Article 4 (1) of Regulation (EEC) No 3035/80, the rate of the refund per 100 kilograms for each of the basic products in question must be fixed for each month;

Whereas, in accordance with paragraph 2 of that Article, that rate must be determined with particular reference to:

- (a) the average costs incurred by processing industries in obtaining supplies of the basic products on the Community market and the prices ruling on the world market;
- (b) the level of the refunds on exports of processed agricultural products covered by Annex II to the Treaty which are manufactured under similar conditions;

- (c) the need to ensure equality of competition for the industries which use Community products and those which use third country products under inward processing arrangements;

Whereas Article 4 (3) of Regulation (EEC) No 3035/80 provides that, when the rate of the refund is being fixed, account should be taken, where appropriate, of refunds, aids or other measures having equivalent effect applicable in all Member States in accordance with the Regulation on the common organization of the market in the product in question to the basic products listed in Annex A to that Regulation or to assimilated products;

Whereas a production refund is granted in respect of white sugar or raw sugar under the conditions laid down in Council Regulation (EEC) No 1400/78 of 20 June laying down general rules for the production refund on sugar used in the chemical industry⁽⁴⁾;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

- (a) in Table A of the Annex hereto for those same goods in so far as they have not benefited from the granting of a production refund provided for by Regulation (EEC) No 1400/78;
- (b) in Table B of the Annex hereto for goods other than those mentioned under (a).

fixing the rate of the additional aid for dried fodder

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

COMMISSION REGULATION (EEC) No 224/82

of 29 January 1982

fixing the aid for cotton

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Greece, and in particular paragraphs 3 and 10 of Protocol 4 thereto,

Having regard to Council Regulation (EEC) No 2169/81 of 27 July 1981 laying down the general rules for the system of aid for cotton⁽¹⁾, and in particular Article 5 (1) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas, under Article 5 of Regulation (EEC) No 2169/81, aid must be granted for unginned cotton harvested in the Community when the world market price for unginned cotton is below the guide price ;

Whereas the aid is equal to the difference between these two prices ;

Whereas the guide price for the 1981/82 marketing year was fixed by Regulation (EEC) No 2168/81⁽²⁾ ;

Whereas the world market price for unginned cotton is determined periodically on the basis of the world market prices recorded for ginned cotton and cotton seed, taking into account the estimated yield of the Community harvest in cotton seed and in ginned cotton and also the net cost of ginning ;

Whereas the world market price for ginned cotton and cotton seed is determined in accordance with Article 4 of Regulation (EEC) No 2169/81 ;

Whereas, if the world market price for unginned cotton cannot be determined as described above, this price shall be established on the basis of the most recent price determined ;

Whereas the above values are established on the basis of the prices determined in accordance with Articles 2, 3 and 4 of Commission Regulation (EEC) No 2183/81 of 30 July 1981 laying down rules implementing the system of aid for cotton⁽³⁾ ; whereas the world market price is determined on the basis of the most favourable offers and quotations recorded, excluding offers and

quotations which cannot be regarded as representative of the real market trend ;

Whereas for the 1981/82 marketing year the offers and quotations are increased by those customs duties applied in Greece when importing from other Member States ;

Whereas the necessary adjustments must be made in cases where the offers and quotations recorded do not satisfy the requirements indicated above ;

Whereas, under Article 4 (4) of Regulation (EEC) No 2169/81, if there are no suitable offers or quotations for determining the world market price for cotton seed, this price is to be established on the basis of the value of the products obtained from the processing of those seeds, less the cost of crushing ; whereas this value is determined in accordance with Article 4 of Regulation (EEC) No 2183/81 ;

Whereas, if the subsidy system is to operate normally, subsidies should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent ;

Whereas the aid must be fixed once a month, and in such a way that it can be applied from the first day of the month following the date of fixing ; whereas it may be altered between fixings ;

Whereas it follows from applying these provisions to the offers and quotations known to the Commission that the aid for cotton should be as set out in this Regulation,

HAS ADOPTED THIS REGULATION :

Article 1

The aid for unginned cotton referred to in Article 5 of Regulation (EEC) No 2169/81 shall be 31.225 ECU per 100 kilograms.

Article 2

This Regulation shall enter into force on 1 February 1982.

COMMISSION REGULATION (EEC) No 232/82

of 29 January 1982

amending Regulation (EEC) No 1725/79 on the rules for granting aid to skimmed milk processed into compound feedingstuffs and skimmed-milk powder intended in particular for feed for calves

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products⁽¹⁾, as last amended by the Act of Accession of Greece, and in particular Article 10 (3) thereof,

Whereas Article 1 of Commission Regulation (EEC) No 1725/79⁽²⁾, as last amended by Regulation (EEC) No 3474/80⁽³⁾, provides for aid to be paid for skimmed-milk powder previously incorporated in a mixture; whereas, in order to take account of technological advances, the scope of this provision should be extended to cover liquid skimmed milk previously incorporated in a mixture;

Whereas, under Article 2 of Regulation (EEC) No 1725/79, the quantities of skimmed-milk powder to be denatured pursuant to Article 3 of that Regulation which may qualify for aid are limited on a monthly basis, either according to the quantity denatured by the undertaking in question during the corresponding month in the 1975 calendar year or according to an average of five specified months; whereas experience shows that the procedure for fixing the maximum quantity per undertaking should be simplified; whereas it is therefore appropriate to express it henceforth as a maximum annual quantity;

Whereas the same Article specifies that the quantity denatured over and above the quantity provided for in paragraph 1 of that Article must be used exclusively for processing into feed for piglets; whereas, in order to take account of the needs of the poultry sector, that provision should be extended to cover use of the said powder as feed for poultry;

Whereas, in the interests of clarity, reference should be made within that Regulation to the Commission Directives on Community methods of analysis for official control of animal feedingstuffs;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 1725/79 is hereby amended as follows:

1. The first part of Article 1 (3) is replaced by the following:

'3. Liquid skimmed milk or skimmed-milk powder previously incorporated in a mixture may, however, qualify for aid if the mixture is used in the manufacture of compound feedingstuffs within the meaning of Article 4 (1) and if the mixture, when so used, contains no products other than:'

2. Article 2 is replaced by the following:

'Article 2

1. Aid for skimmed-milk powder denatured in accordance with Article 3 shall be granted only for quantities which, for each calendar year and as from 1 January 1982, do not exceed the quantity of skimmed-milk powder denatured by the undertaking in question, as determined by the supervision provided for in Article 3, during the 1975 calendar year, plus 30 %.

2. On application by an undertaking, the competent authority may, in addition to or in place of the maximum quantity of skimmed-milk powder denatured pursuant to paragraph 1, allow a maximum specific quantity per year to be used exclusively for processing into feed for piglets and/or poultry in an undertaking approved for the purpose on the territory of the Member State where denaturing takes place.

Such specific annual quantity may be granted only to an undertaking which agrees:

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 13.

⁽²⁾ OJ No L 199, 7. 8. 1979, p. 1.

⁽³⁾ OJ No L 363, 31. 12. 1980, p. 50.

- (a) to keep a stock record showing the names and addresses of purchasers of quantities of skimmed-milk powder denatured pursuant to this paragraph which it has not itself processed into feed for piglets and/or poultry;
- (b) to make provision in the contracts of sale, in each case of resale of denatured skimmed-milk powder :
 - for an obligation to process into feed for piglets and/or poultry, pursuant to the first subparagraph; and
 - for an obligation, as the case may be, to keep a stock record as stated at (a).

Approval as an undertaking referred to in the first subparagraph may be granted only to an undertaking which :

- (a) undertakes to keep permanent records noting the origin of the raw materials used, the quantities employed and the quantities and composition of the products obtained; and
- (b) declares its willingness to submit to inspection measures laid down by the Member State concerned, in particular with regard to verification of the records referred to under (a).

Approval shall be withdrawn in the event of serious breach of the provisions of this paragraph.

3. Member States which avail themselves of paragraph 2 shall apply it :

- (a) using the definition or definitions laid down in their national rules with regard to feedingstuffs for piglets and/or poultry; in the absence of such definition, they shall define the characteristics of the feedingstuffs;

- (b) respecting, for the purposes of granting the specific annual quantities in question, the overall limits as to quantity resulting from an examination under Article 31 of Regulation (EEC) No 804/68.'

3. The first part of Article 4 (4) is replaced by the following :

'4. For the manufacture of compound feeding-stuffs within the meaning of paragraph 1, skimmed milk or skimmed-milk powder incorporated in a mixture may not be used unless.'

4. The second subparagraph of Article 9 (2) is replaced by the following :

'With regard to skimmed-milk powder denatured pursuant to Article 2 (2) and (3), payment of the aid shall be further subject to the condition that the recipient proves, to the satisfaction of the competent authority, either :

- (a) that he has processed the quantity of denatured skimmed-milk powder in question into feed for piglets and/or poultry according to the prescribed conditions; or
- (b) that he has sold the quantity concerned to a purchaser in compliance with the provisions set out at b) in the second subparagraph of Article 2 (2).'

5. Annex II is replaced by the text annexed to this Regulation.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 236/82**of 29 January 1982****extending the period of application of the protective measures in respect of imports of live plants into Greece**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Greece, and in particular the third subparagraph of Article 130 (2) thereof,

Having regard to Council Regulation (EEC) No 234/68 of 27 February 1968 on the establishment of a common organization of the market in live trees and other plants, bulbs, roots and the like, cut flowers and ornamental foliage ⁽¹⁾, and in particular Article 9 (2) thereof,

Whereas Commission Regulation (EEC) No 3655/81 of 18 December 1981 ⁽²⁾ laid down protective measures in respect of imports of live plants into Greece from the other Member States and from non-member countries, up to 31 January 1982;

Whereas Greece asked the Commission on 14 January 1982 to extend the period of application of those measures; whereas further data in support of that request were supplied subsequently;

Whereas the massive imports into Greece before the protective measures were laid down have meant that it has been possible to dispose of only 20 % of Greek production during the period within which the above-mentioned measures applied; whereas 40 % of that production was sold during the period between 20 December 1980 and 20 January 1981;

Whereas, on account of the quantities available in other Member States and non-member countries, there is a risk that the expiry of the protective measures will result in imports of considerable quantities into Greece at prices which will mean that disposal of Greek products will remain limited;

Whereas the market situation which led to the adoption of Regulation (EEC) No 3655/81 has not changed; whereas the protective measures laid down

by the said Regulation should therefore be extended for the period strictly necessary for elimination of the disturbances described above; whereas, however, those measures should not be applied to raw materials intended for production of live plants;

Whereas the special situation of the products in question in course of consignment to Greece at the time this Regulation is published should be taken into account,

HAS ADOPTED THIS REGULATION:

Article 1

Article 1 of Regulation (EEC) No 3655/81 is hereby replaced by the following:

Article 1

1. Release on to the market in Greece of the products referred to in paragraph 2, first indent, including products in one of the situations referred to in Article 9 (2) of the Treaty, shall be forbidden until 5 February 1982.

2. The provisions of this Regulation:

— shall apply to live plants within subheading 06.02 D of the Common Customs Tariff and corresponding to NIMEXE codes:

— 06.02-54 and 58 (Rhododendrons (Azaleas)),

— 06.02-83, 92 and 93 (outdoor plants, other than fruit-trees and bushes, forest trees, rooted cuttings and young plants),

— 06.02-96 and 99 (indoor plants other than rooted cuttings and young plants),

— shall not apply to the products referred to in the first indent where proof is provided that consignment from the Member State or non-member country in question to Greece took place before the date of publication of this Regulation in the *Official Journal of the European Communities*.

Article 2

This Regulation shall enter into force on 1 February 1982.

⁽¹⁾ OJ No L 55, 2. 3. 1968, p. 1.

⁽²⁾ OJ No L 364, 19. 12. 1981, p. 29.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

THE EUROPEAN COMMUNITY'S RESEARCH POLICY

**Science and research are foundation stones for long-term economic development.
The pace of progress depends on them as much today as in the past.**

It was therefore inevitable that from the outset the European Community would be involved in them. In the future much will depend on whether the European countries and the European Community show themselves capable of adopting a policy commensurate with the issues at stake.

What can and must the Community do to encourage research within its territory?

The Community has no intention of taking over from the industrial and government research effort in the Member States. However, it is in a position to carry out in its own research centres and with its own funds various specific projects that serve the common interests of the Community.

It can also provide financial support of up to 50 % of the cost for certain projects carried out by one or more Member States.

The Community also has a coordinating role. Its main aim is to facilitate discussion between those responsible for national research projects. These discussions can cover a wide variety of aims and achievements.

The Community is currently giving priority to the execution and promotion of research in several key areas. The first is the security of our supplies of raw materials (energy, food, other raw materials), followed by efforts to increase the competitiveness of industry, then the improvement of living and working conditions and finally the protection of our environment.
