COUNCIL REGULATION (EEC) No 3610/82**of 21 December 1982****opening, allocating and providing for the administration of Community tariff quotas for certain fishery products (1983)**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas, in the context of its external relations regarding fisheries, it is in the Community's interest partially to suspend the Common Customs Tariff duties on a number of fishery products, within the limit of appropriate Community tariff quotas; whereas Community tariff quotas for 1983 should therefore be opened for frozen redfish (*Sebastes marinus*), frozen cod (*Gadus morhua*), frozen cod fillets and herring fillets prepared or preserved in vinegar, presented in packings of a net capacity of 10 kilograms or more, falling within subheadings 03.01 B I f) 2, ex 03.01 B I h) 2, ex 03.01 B II b) 1 and ex 16.04 C II of the Common Customs Tariff; whereas eligibility to benefit from these quotas opened for products falling within subheadings ex 03.01 B I h) 2 and ex 03.01 B II b) 1 is subject to the presentation to the Community customs authorities of a certificate issued by the recognized authorities of the country of origin attesting that the products concerned come from fish belonging to the North Atlantic stocks which were fished with due regard for the international conventions on the conservation and management of fishery resources; whereas the certificates covering these products must also certify that the products presented come from cod of the *Gadus morhua* species;

Whereas, under Article 64 of the 1979 Act of Accession, the Hellenic Republic is required to apply the Common Customs Tariff duty in full or to commence the alignment of its tariff towards the Common Customs Tariff in respect of the products in question as from 1 January 1981; whereas it is therefore necessary that the tariff quotas in question should cover the requirements of that Member State during the quota period;

Whereas equal and continuous access to the quotas should be ensured for all importers and the rates for the said quotas should be applied without interruption to all imports until the quotas are used up; whereas, in the light of the principles outlined above, a Community tariff quota system based on an allocation between the Member States would seem to preserve the Community nature of the quotas; whereas, to reflect as closely as possible the actual development of the market in the products in question, the allocation should be in proportion to the requirements of the Member States, calculated both from statistics of imports from third countries during a representative reference period and according to the economic outlook for the quota year in question;

Whereas, however, the products in question of a particular origin, are not separately specified in the statistical nomenclatures; whereas it has therefore not yet been possible to obtain sufficiently precise and representative figures; whereas, therefore, part of these quotas should be assigned to the Community reserves, the remainder being allocated among the Member States in proportion to their forecast import requirements; whereas, for these products, the initial percentage shares in the quota can thus be as follows:

	03.01 B I f) 2 ex 03.01 B I h) 2 (5 000 tonnes)	ex 03.01 B II b) 1 (8 000 tonnes)	ex 03.01 B II b) 1 (10 000 tonnes)	ex 16.04 C II (4 000 tonnes)
Benelux	3.67	1.11	1.89	3.45
Denmark	7.33	3.33	4.67	0.69
Germany	24.90	29.03	33.67	86.20
Greece	0.33	0.35	0.17	0.69
France	15.33	11.81	17.77	0.69
Ireland	0.33	0.13	0.17	0.69
Italy	0.33	0.35	0.33	0.69
United Kingdom	47.78	53.89	41.33	6.90

Whereas, to take account of possible import trends for the products in question, the quota volumes should be divided into two instalments, the first being allocated and the second held as a reserve to cover any subsequent requirements of Member States which have used up their initial share; whereas, to give importers some degree of certainty, the first instalment of the Community tariff quotas should be fixed at a fairly high level, which in this case could be respectively 4 500, 7 200, 9 000 and 2 900 tonnes;

Whereas initial shares may be used at different rates; whereas to avoid disruption of supplies on this account it should be provided that any Member State which has almost used up its initial share should draw an additional share from the reserve; whereas each time its additional share is almost used up a Member State should draw a further share and so on as many times as the reserve allows; whereas, bearing in mind the sensitive nature of the fisheries market in the United Kingdom, that market should not be laid open to too great a pressure brought about by too high a level of imports from third countries; whereas, therefore, without prejudice to any arrangements to be decided upon for the future, the United Kingdom should be partially excluded from the obligation to draw further shares from certain of the reserves; whereas the initial and additional shares should be valid until the end of the quota period; whereas this form of administration requires close collaboration between the Member States and the Commission, which must be in a position to keep account of the extent to which the quotas have been used up and to inform the Member States accordingly;

Whereas, if at a given date in the quota period a considerable quantity of a Member State's share remains unused, it is essential that such State should return a significant proportion thereof to the reserve, in order to prevent a part of the Community tariff quota from remaining unused in one Member State while it could be used in others;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, any measure concerning the administration of the shares allocated to that economic union may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1983, a Community tariff quota of 5 000 tonnes shall be opened with a duty of 3.7 % for frozen redfish (*Sebastes marinus*) and frozen cod (*Gadus morhua*) falling within subheadings 03.01 B I f) 2 and ex 03.01 B I h) 2 of the Common Customs Tariff, intended to undergo one of the operations authorized under paragraph 4.

2. From 1 January to 31 December 1983, Community tariff quotas of 8 000 tonnes with a duty of 4 % and 10 000 tonnes with a duty of 6 % shall be opened for frozen cod (*Gadus morhua*) fillets falling within subheading ex 03.01 B II b) 1 of the Common Customs Tariff, intended to undergo one of the operations authorized under paragraph 4.

3. From 1 January to 31 December 1983, a Community tariff quota of 4 000 tonnes with a duty of 10 % shall be opened for herring fillets, prepared or preserved in vinegar, presented in packings of a net capacity of 10 kilograms or more, falling within subheading 16.04 C II of the Common Customs Tariff.

4. Without prejudice to paragraph 5, the preferential arrangements shall apply to fish intended to undergo any operation, unless they are intended to

undergo exclusively one or more of the following treatments:

- cleaning, gutting, heading, tailing,
- cutting (excluding filleting and cutting up frozen blocks),
- sampling, sorting,
- labelling,
- packing,
- chilling,
- freezing,
- deep-freezing,
- thawing, separation.

The preferential arrangements shall not apply to products intended to undergo an operation which qualifies for the grant of the benefit of the quota but which is carried out at retail or catering level. The preferential arrangements shall apply only to fish intended for human consumption.

5. The tariff opened for products falling within subheadings ex 03.01 B I h) 2 and ex 03.01 B II b) 1 of the Common Customs Tariff shall be reserved for products accompanied by a certificate issued by one

of the recognized authorities of the countries of origin listed in Annex II, made out in accordance with one of the specimens in Annex I, attesting that the fish from which they were obtained were fished in the North Atlantic with due respect for the international conventions on the conservation and management of fishery resources. The certificate must also certify that the products presented were obtained from cod of the *Gadus morhua* species.

6. For the purposes of these tariff quotas, Greece shall apply customs duties calculated in accordance with the provisions of the 1979 Act of Accession.

Article 2

1. The tariff quotas referred to in Article 1 shall be divided into two instalments.

A first instalment of each quota, i.e. 4 500, 7 200, 9 000 and 2 900 tonnes respectively, shall be allocated among the Member States; the shares which, subject to Article 5, shall be valid until 31 December 1983 shall be as follows:

	Quota Article 1 (1) (5 000 tonnes to 3.7 %)	Quota Article 1 (2) (8 000 tonnes to 4 %) (10 000 tonnes to 6 %)		Quota Article 1 (3) (4 000 tonnes to 10 %)
Benelux	165	80	170	100
Denmark	330	240	420	20
Germany	1 120	2 090	3 030	2 500
Greece	15	25	15	20
France	690	850	1 600	20
Ireland	15	10	15	20
Italy	15	25	30	20
United Kingdom	2 150	3 880	3 720	200
	4 500	7 200	9 000	2 900

2. The second instalment of each quota, i.e. 500, 800, 1 000 and 1 100 tonnes respectively, shall constitute the corresponding reserve.

Article 3

1. If a Member State has used 90 % or more of its initial share as fixed in Article 2 (1), or of that share minus any portion returned to the reserve pursuant to Article 5, it shall forthwith, by notifying the Commission, draw a second share, to the extent that the reserve so permits, equal to 10 % of its initial share, rounded up as necessary to the next whole number.

2. If a Member State, after exhausting its initial share, has used 90 % or more of the second share drawn by it, that Member State shall forthwith, in the manner and to the extent provided in paragraph 1, draw a third share equal to 5 % of its initial share, rounded up as necessary to the next whole number.

3. If a Member State, after exhausting its second share, has used 90 % or more of the third share drawn by it, that Member State shall, in the manner and to the extent provided in paragraph 1, draw a fourth share equal to the third.

This process shall apply until the reserve is used up.

4. By way of derogation from paragraphs 1, 2 and 3, a Member State may draw shares lower than those specified in those paragraphs if there are grounds for believing that those specified may not be used in full. Any Member State applying this paragraph shall inform the Commission of its grounds for so doing.

5. However, with regard to the quotas referred to in Article 1 (1) and (2), paragraphs 1 to 4 above shall apply to the United Kingdom only up to the limit of the initial reserves covered by Article 2 (2).

Article 4

Additional shares drawn pursuant to Article 3 shall be valid until 31 December 1983.

Article 5

Member States shall, not later than 1 October 1983, return to the reserve the unused portion of their initial share which, on 15 September 1983, is in excess of 20 % of the initial volume. They may return a greater portion if there are grounds for believing that it may not be used in full.

Member States shall, not later than 1 October 1983, notify the Commission of the total quantities of the product in question imported up to and including 15 September 1983 and charged against the Community tariff quotas and of any portion of their initial shares returned to the reserve.

Article 6

The Commission shall keep an account of the shares opened by the Member States pursuant to Articles 2 and 3 and shall, as soon as the information reaches it, inform each State of the extent to which the reserve has been used up.

It shall, not later than 5 October 1983, inform the Member States of the amount still in reserve, following any return of shares pursuant to Article 5.

It shall ensure that the drawing which exhausts one of the reserves does not exceed the balance available, and to this end shall notify the amount of that balance to the Member State making the last drawing.

Article 7

1. The Member States shall take all appropriate measures to ensure that additional shares drawn pursuant to Article 3 are opened in such a way that importations may be charged without interruption against their accumulated shares of the Community quota.

2. The Member States shall take all appropriate measures to ensure that the products referred to in Article 1 (1) and (2) admitted under the tariff quotas undergo the operation which was declared upon importation and which constituted the grounds for the preferential system. In such case use of the product for the particular end-use specified shall be verified in accordance with the relevant Community provisions.

3. The Member States shall ensure that importers of the products in question, established in their territory, have free access to the shares allocated to them.

4. The Member States shall charge imports of the products in question against their shares as and when the product is entered with the customs authorities for free circulation.

5. The extent to which a Member State has used up its share shall be determined on the basis of the imports charged in accordance with paragraph 4.

Article 8

At the request of the Commission, the Member States shall inform it of imports actually charged against their shares.

Article 9

The Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 10

This Regulation shall enter into force on 1 January 1983.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 21 December 1982.

COUNCIL REGULATION (EEC) No 3611/82**of 21 December 1982****establishing ceilings and Community supervision for imports of certain goods originating in Yugoslavia (1983)**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Interim Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia ⁽¹⁾ was concluded on 22 May 1980;

Whereas Article 1 of Protocol 1 annexed to that Agreement provides, on the one hand, that imports of the goods therein set out are limited to annual ceilings above which the customs duties applicable to third countries may be reintroduced; whereas, following the accession of the Hellenic Republic to the Community, an Additional Protocol amending the said Protocol 1 was signed on 1 April 1982; whereas, pending the entry into force of this Additional Protocol, the Community has put into force the amendments to the trade arrangements provided for in the said Protocol by Regulation (EEC) No 287/82 ⁽²⁾; whereas, on the other hand, a Supplementary Protocol to the Cooperation Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia concerning trade in textile products, hereinafter referred to as the Supplementary Protocol, has been negotiated; whereas until the Supplementary Protocol comes into force the arrangements provided by it should be applied from 1 January 1983; whereas, therefore, the ceilings to be applied in 1983 must be established; whereas in this situation it is necessary that the Commission be regularly informed of the trend of the imports of the goods in question and, in consequence, it is necessary to subject these imports to supervision;

Whereas this objective may be achieved by means of an administrative procedure based on setting off imports of the products in question against the ceilings at Community level, as and when these products are entered with customs authorities for free circulation; whereas this administrative procedure

must make provision for the reintroduction of customs tariff duties as soon as the ceilings have been reached at Community level;

Whereas this administrative procedure requires close and particularly rapid cooperation between the Member States and the Commission; whereas the latter must, in particular, be able to follow the progress of amounts set off against the ceilings and keep the Member States informed; whereas this cooperation must be all the closer since the Commission must be able to take adequate measures to reintroduce customs tariff duties whenever one of the ceilings has been reached;

Whereas the trend of imports should be followed for certain goods; whereas it is therefore desirable that imports of such goods should be subject to supervision,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1983 imports of certain goods originating in Yugoslavia and listed in Annexes I, II, III and IV shall be subject to ceilings and to Community supervision.

The description of the goods referred to in the preceding subparagraphs, their tariff headings and statistical numbers and the levels of the indicative ceilings or sub-ceilings are given in the abovementioned Annexes.

The sub-ceilings established for certain products in Annex II not covered by Article 4 of the Supplementary Protocol are indicated in column 5 of that Annex.

2. Amounts shall be set off against the ceilings or sub-ceilings as and when the goods are entered with customs authorities for free circulation and accompanied by a movement certificate conforming to the rules contained in Protocol 2 to the Agreement.

With regard to the ceilings established for categories 4, 5, 6, 7, 8, 12, 15 B, 16, 18, 24/25 and 73 of Annex II, re-imported products which have undergone one or several of the processes indicated in Article 4 of the Supplementary Protocol may be charged against the respective ceilings only if the movement certificate is endorsed by the competent Yugoslav authorities to the effect that the products in question have undergone such treatment.

⁽¹⁾ OJ No L 130, 27. 5. 1980, p. 2.

⁽²⁾ OJ No L 30, 6. 2. 1982, p. 1.

Goods shall be set off against the ceiling or sub-ceilings only if the movement certificate has been submitted before the date on which customs duties are reimposed.

The reaching of a ceiling or sub-ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules; such information shall be supplied under the conditions laid down in paragraph 4.

3. As soon as the ceilings or sub-ceilings have been reached, the Commission may adopt a Regulation reimposing until the end of the calendar year the customs duties applicable to third countries.

In the case of such a reimposition, Greece shall reintroduce the levying of the customs duties which it applies to third countries at the date in question.

However, if customs duties are reimposed, imports of the goods listed in Annex V, which within the meaning of Protocol 2 annexed to the Agreement have obtained originating status in the free zone established by the Agreements signed at Osimo, shall continue to benefit from exemption of duties provided that this originating status is certified on the movement certificate by the competent Yugoslav authorities.

4. Member States shall forward to the Commission not later than the 15th day of each month statements of the amounts set off during the preceding month. They shall, if the Commission so requests, make up

such statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 2

From 1 January to 31 December 1983 imports of the goods originating in Yugoslavia referred to in Annex I for which the ceiling level is not specified shall be subject to Community supervision.

Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; to this end, only products submitted to the customs authorities under cover of an entry for free circulation and accompanied by a movement certificate conforming to the rules contained in Protocol 2 to the Agreement shall be taken into consideration.

They shall, if the Commission so requests, make up import statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 3

The Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 4

This Regulation shall enter into force on 1 January 1983.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 21 December 1982.

For the Council
The President

44.17	'Improved' wood, sheets, blocks or the like
44.18	Reconstituted wood, being wood shavings, wood chips, sawdust, wood flour or other ligneous waste agglomerated with natural or artificial resins or other organic binding substances, in sheets, blocks or the like
44.23	Builders' carpentry and joinery (including prefabricated and sectional buildings and assembled parquet flooring panels)
70.12	Glass inners for vacuum flasks or for other vacuum vessels
70.13	Glassware (other than articles falling in heading No 70.19) of a kind commonly used for table, kitchen, toilet or office purposes, for indoor decoration, or for similar uses
84.41	Sewing machines; furniture specially designed for sewing machines; sewing machine needles: A. Sewing machines; furniture specially designed for sewing machines: I. Sewing machines (lock-stitch only), with heads of a weight not exceeding 16 kg without motor or 17 kg including the motor; sewing machine heads (lock-stitch only) of a weight not exceeding 16 kg without motor or 17 kg including the motor: b) Other
85.01	Electrical goods of the following descriptions: generators, motors, converters (rotary or static), transformers, rectifiers and rectifying apparatus, inductors: B. Other machines and apparatus: I. Generators, motors (whether or not equipped with speed reducing, changing or step-up gear) and rotary converters C. Parts
85.15	Radiotelegraphic and radiotelephonic transmission and reception apparatus; radio-broadcasting and television transmission and reception apparatus (including receivers incorporating sound recorders or reproducers) and television cameras; radio navigational aid apparatus, radar apparatus and radio remote control apparatus
85.19	Electrical apparatus for making and breaking electrical circuits, for the protection of electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, lightning arresters, surge suppressors, plugs, lampholders and junction boxes); resistors, fixed or variable (including potentiometers), other than heating resistors; printed circuits; switchboards (other than telephone switchboards) and control panels: A. Electrical apparatus for making and breaking electrical circuits, for the protection of electrical circuits or for making connections to or in electrical circuits B. Resistors, fixed or variable (including potentiometers), other than heating resistors

CCT heading No	Description
85.21	Thermionic, cold cathode and photo-cathode valves and tubes (including vapour or gas-filled valves and tubes, cathode-ray tubes, television camera tubes and mercury arc rectifying valves and tubes); photocells; mounted piezo-electric crystals; diodes, transistors and similar semi-conductor devices; light emitting diodes; electronic microcircuits
85.25	Insulators of any material

COUNCIL REGULATION (EEC) No 3612/82

of 30 December 1982

establishing indicative ceilings and Community supervision for imports of certain products
originating in Austria (1983)

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the
European Economic Community, and in particular
Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement between the European
Economic Community and the Republic of Austria ⁽¹⁾
was signed on 22 July 1972; whereas an Additional
Protocol ⁽²⁾ was signed on 28 November 1980 as a
result of the accession of the Hellenic Republic to the
Community;

Whereas Articles 1, 2 and 3 of Protocol 1, annexed to
the Agreement, make provision for a specific
timetable for the progressive abolition of customs
duties in respect of the products to which the
Agreement applies; whereas the imports of these
products are limited to annual indicative ceilings
above which the customs duties applicable to third
countries may be reintroduced; whereas, however, the
Community has to suspend the application of certain
ceilings; whereas, therefore, the ceilings to be applied
in 1983 must be established; whereas, in this situation,
it is also necessary that the Commission be regularly
informed of the trend of the imports of the products
in question and, in consequence, it is necessary to
subject these imports to supervision;

Whereas this objective may be achieved by means of
an administrative procedure based on setting off
imports of the products in question against the
indicative ceilings at Community level, as and when
these products are entered with customs authorities
for free circulation; whereas this administrative
procedure must make provision for the reintroduction
of customs tariff duties as soon as the ceilings have
been reached at Community level;

Whereas this administrative procedure requires close
and particularly rapid cooperation between the
Member States and the Commission; whereas the
latter must, in particular, be able to follow the
progress of amounts set off against the indicative
ceilings and keep the Member States informed;
whereas this cooperation must be all the closer since

the Commission must be able to take adequate
measures to reintroduce customs tariff duties
whenever one of the ceilings has been reached;

Whereas the trend of imports should be followed for
certain products for which, under Article 3 of
Protocol 1, the Community has suspended the
application of ceilings; whereas it is therefore
desirable that imports of such products should be
subject to supervision,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1983, imports
of products originating in Austria and indicated in
Annex I shall be subject to indicative ceilings and to
Community supervision.

The description of the products referred to in the
preceding subparagraph, their tariff headings and
statistic numbers and the levels of the indicative
ceilings are given in Annex I.

2. Amounts shall be set off against the indicative
ceilings as and when the goods are entered with
customs authorities for free circulation and
accompanied by a movement certificate conforming
to the rules contained in Protocol 3 to the
Agreement.

Goods shall be set off against the indicative ceiling
only if the movement certificate has been submitted
before the date on which customs duties are
reimposed.

The reaching of a ceiling shall be determined at
Community level on the basis of imports set off
against it in the manner defined in the preceding
subparagraphs.

The Member States shall periodically inform the
Commission of imports effected in accordance with
the above rules; such information shall be supplied
under the conditions laid down in paragraph 4.

3. As soon as the ceilings have been reached the
Commission may issue a Regulation reimposing the
customs duties provided for in Article 3 (f) of
Protocol 1 to the Agreement until the end of the
calendar year.

In the case of such reimposition, Greece shall
introduce the levying of the duties which it applies to
third countries at the date in question.

As soon as the amounts set off against the ceilings
within its territory have reached the amounts

⁽¹⁾ OJ No L 300, 31. 12. 1972, p. 1.

⁽²⁾ OJ No L 357, 30. 12. 1980, p. 1.

indicated in Annex I, Greece may reintroduce, until the end of the calendar year, the levying of the customs duties which it applies to third countries at the date in question. It shall notify the Commission, which shall inform the other Member States of this fact. Paragraph 2 shall apply *mutatis mutandis*.

4. Member States shall forward to the Commission, not later than the 15th day of each month, statements of the amounts set off during the preceding month. They shall if the Commission so requests, make up such statements for periods of

10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 2

For the implementation of this Regulation the Commission shall take all necessary measures in close cooperation with the Member States.

Article 3

This Regulation shall enter into force on 1 January 1983.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 30 December 1982.

For the Council
The President
O. MØLLER

(a) Subject to compliance with the definitions given in Annex II.

ANNEX II

DEFINITIONS

ex 48.01 C II

Kraftliner

'Kraftliner' means machine-finished or machine-glazed paper or paperboard, in rolls, containing not less than 80 % of chemical sulphate softwood pulp calculated on total fibre content, weighing more than 115 g/m² and having a Mullen burst ratio of not less than 35.

ex 48.01 C II a)

Kraft paper for large-capacity sacks

'Kraft paper for large-capacity sacks' means machine-finished paper, in rolls, containing not less than 80 % of chemical soda or sulphate pulp of coniferous wood, calculated on total fibre content, weighing not less than 60 g/m² but not more than 115 g/m² and meeting the specifications set out in 1 or 2 below:

1. Having a Mullen burst ratio of not less than 38 and a stretch factor of more than 4.5 % in the cross direction and of more than 2 % in the machine direction.
2. Having the minimum tear resistance and tensile strength indicated in the following table, or the linearly interpolated equivalent for any other weight:

Weight g/m ²	Minimum tear resistance mN		Minimum tensile strength kN/m	
	Machine direction	Machine direction plus cross direction	Cross direction	Machine direction plus cross direction
60	700	1 510	1.9	6.0
70	830	1 790	2.3	7.2
80	965	2 070	2.8	8.3
100	1 230	2 635	3.7	10.6
115	1 425	3 060	4.4	12.3

ex 48.01 F

Printing paper and writing paper, containing not more than 5 % of mechanical wood pulp

'Printing paper and writing paper, containing not more than 5 % of mechanical wood pulp' means paper other than machine-glazed, used for printing or writing, which contains not more than 5 % of mechanical wood pulp calculated on total fibre content.

ex 48.01 F

Printing paper and writing paper, containing mechanical wood pulp

'Printing paper and writing paper, containing mechanical wood pulp' means paper other than machine-glazed, used for printing and writing, containing more than 5 % of mechanical wood pulp calculated on total fibre content.

ex 48.01 F

Semi-chemical fluting paper

'Semi-chemical fluting paper' means paper, in rolls, containing not less than 65 % of unbleached semi-chemical hardwood pulp (pulp obtained from wood by light chemical treatment followed by mechanical treatment) calculated on total fibre content and having a CMT (Concora Medium Test) crush resistance exceeding 20 kp.

ex 48.01 F

Sulphite wrapping and packaging paper

'Sulphite wrapping and packaging paper' means machine-glazed paper, containing more than 40 % of chemical bisulphite wood pulp, calculated on total fibre content, having an ash content of not more than 8 % and having a Mullen burst ratio of not less than 15.

COUNCIL REGULATION (EEC) No 3613/82

of 30 December 1982

establishing indicative ceilings and Community supervision for imports of certain products
originating in Finland (1983)

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the
European Economic Community, and in particular
Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement between the European
Economic Community and the Republic of Finland ⁽¹⁾
was signed on 5 October 1973; whereas an
Additional Protocol ⁽²⁾ was signed on 6 November
1980 as a result of the accession of the Hellenic
Republic to the Community;

Whereas Articles 1, 2 and 3 of Protocol 1, annexed to
the Agreement, make provision for a specific
timetable for the progressive abolition of customs
duties in respect of the products to which the
Agreement applies; whereas the imports of these
products are limited to annual indicative ceilings
above which the customs duties applicable to third
countries may be reintroduced; whereas, however, the
Community has to suspend the application of certain
ceilings; whereas, therefore, the ceilings to be applied
in 1983 must be established; whereas, in this situation,
it is also necessary that the Commission be regularly
informed of the trend of the imports of the products
in question and, in consequence, it is necessary to
subject these imports to supervision;

Whereas this objective may be achieved by means of
an administrative procedure based on setting off
imports of the products in question against the
indicative ceilings at Community level, as and when
these products are entered with customs authorities
for free circulation; whereas this administrative
procedure must make provision for the reintroduction
of customs tariff duties as soon as the ceilings have
been reached at Community level;

Whereas this administrative procedure requires close
and particularly rapid cooperation between the
Member States and the Commission; whereas the
latter must, in particular, be able to follow the
progress of amounts set off against the indicative
ceilings and keep the Member States informed;
whereas this cooperation must be all the closer since

the Commission must be able to take adequate
measures to reintroduce customs tariff duties
whenever one of the ceilings has been reached;

Whereas the trend of imports should be followed for
certain products for which, under Article 3 of
Protocol 1, the Community has suspended the
application of ceilings; whereas it is therefore
desirable that imports of such products should be
subject to supervision,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1983, imports
of products originating in Finland and indicated in
Annex I shall be subject to indicative ceilings and to
Community supervision.

The description of the products referred to in the
preceding subparagraph, their tariff headings and
statistic numbers and the levels of the indicative
ceilings are given in Annex I.

2. Amounts shall be set off against the indicative
ceilings as and when the products are entered with
customs authorities for free circulation and
accompanied by a movement certificate conforming
to the rules contained in Protocol 3 to the
Agreement.

Goods shall be set off against the indicative ceiling
only if the movement certificate has been submitted
before the date on which customs duties are
reimposed.

The reaching of a ceiling shall be determined at
Community level on the basis of imports set off
against it in the manner defined in the preceding
subparagraphs.

The Member States shall periodically inform the
Commission of imports effected in accordance with
the above rules; such information shall be supplied
under the conditions laid down in paragraph 4.

3. As soon as the ceilings have been reached, the
Commission may issue a Regulation reimposing the
customs duties provided for in Article 3 (f) of
Protocol 1 to the Agreement until the end of the
calendar year.

In the case of such reintroduction, Greece shall
introduce the levying of the duties which it applies to
third countries at the date in question.

⁽¹⁾ OJ No L 328, 28. 11. 1973, p. 2.

⁽²⁾ OJ No L 357, 30. 12. 1980, p. 27.

As soon as the amounts set off against the ceilings within its territory have reached the amounts indicated in Annex I, Greece may reintroduce, until the end of the calendar year, the levying of the duties which it applies to third countries at the date in question. It shall notify the Commission which shall inform the other Member States of this fact. Paragraph 2 shall apply *mutatis mutandis*.

4. Member States shall forward to the Commission, not later than the 15th day of each month, statements of the amounts set off during the preceding month. They shall, if the Commission so

requests, make up such statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 2

For the implementation of this Regulation the Commission shall take all necessary measures in close cooperation with the Member States.

Article 3

This Regulation shall enter into force on 1 January 1983.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 30 December 1982.

ANNEX II

DEFINITIONS

ex 48.01 C II

Kraftliner

'Kraftliner' means machine-finished or machine-glazed paper or paperboard, in rolls, containing not less than 80 % of chemical sulphate softwood pulp calculated on total fibre content, weighing more than 115 g/m² and having a Mullen burst ratio of not less than 35.

ex 48.01 C II a)

Kraft paper for large-capacity sacks

'Kraft paper for large-capacity sacks' means machine-finished paper, in rolls, containing not less than 80 % of chemical soda or sulphate pulp of coniferous wood, calculated on total fibre content, weighing not less than 60 g/m² but not more than 115 g/m² and meeting the specifications set out in 1 or 2 below:

1. Having a Mullen burst ratio of not less than 38 and a stretch factor of more than 4.5 % in the cross direction and of more than 2 % in the machine direction.
2. Having the minimum tear resistance and tensile strength indicated in the following table, or the linearly interpolated equivalent for any other weight:

Weight g/m ²	Minimum tear resistance mN		Minimum tensile strength kN/m	
	Machine direction	Machine direction plus cross direction	Cross direction	Machine direction plus cross direction
60	700	1 510	1.9	6.0
70	830	1 790	2.3	7.2
80	965	2 070	2.8	8.3
100	1 230	2 635	3.7	10.6
115	1 425	3 060	4.4	12.3

ex 48.01 F

Printing paper and writing paper, containing not more than 5 % of mechanical wood pulp

'Printing paper and writing paper, containing not more than 5 % of mechanical wood pulp' means paper other than machine-glazed, used for printing or writing, which contains not more than 5 % of mechanical wood pulp calculated on total fibre content.

ex 48.01 F

Printing paper and writing paper, containing mechanical wood pulp

'Printing paper and writing paper, containing mechanical wood pulp' means paper other than machine-glazed, used for printing and writing, containing more than 5 % of mechanical wood pulp calculated on total fibre content.

ex 48.01 F

Semi-chemical fluting paper

'Semi-chemical fluting paper' means paper, in rolls, containing not less than 65 % of unbleached semi-chemical hardwood pulp (pulp obtained from wood by light chemical treatment followed by mechanical treatment) calculated on total fibre content and having a CMT (Concora Medium Test) crush resistance exceeding 20 kp.

ex 48.01 F

Sulphite wrapping and packaging paper

'Sulphite wrapping and packaging paper' means machine-glazed paper, containing more than 40 % of chemical bisulphite wood pulp, calculated on total fibre content, having an ash content of not more than 8 % and having a Mullen burst ratio of not less than 15.

COUNCIL REGULATION (EEC) No 3614/82
of 30 December 1982
establishing Community supervision for imports of certain products originating in Norway
(1983)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement between the European Economic Community and the Kingdom of Norway ⁽¹⁾ was signed on 14 May 1973; whereas an Additional Protocol ⁽²⁾ was signed on 6 November 1980 as a result of the accession of the Hellenic Republic to the Community;

Whereas Articles 1 to 4 of Protocol 1, annexed to the Agreement, make provision for a specific timetable for the progressive abolition of customs duties in respect of the products to which the Agreement applies; whereas the imports of these products are limited to annual indicative ceilings above which the customs duties applicable to third countries may be reintroduced: whereas, in conformity with Article 4 (b) of Protocol 1, the Community has suspended the application of annual indicative ceilings; whereas, in this situation, it is necessary that the Commission be regularly informed of the trend of the imports of the products in question and, in consequence, it is necessary to subject these imports to supervision; whereas this surveillance requires close and particularly rapid cooperation between the Member States and the Commission; whereas the latter must, in particular, be able to follow the progress of imports,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1983, imports of products originating in Norway and indicated in Annex I shall be subject to Community supervision.

The description of the products referred to in the preceding subparagraph, their tariff headings and statistic numbers are given in Annex I.

2. Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; to this end, only products submitted to the customs authorities under cover of an entry for free circulation and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement shall be taken into consideration.

Article 2

For the implementation of this Regulation the Commission shall take all necessary measures in close cooperation with the Member States.

Article 3

This Regulation shall enter into force on 1 January 1983.

The Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 30 December 1982.

For the Council
The President
O. MØLLER

COUNCIL REGULATION (EEC) No 3615/82

of 30 December 1982

establishing indicative ceilings and Community supervision for imports of certain products
originating in Sweden (1983)

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the
European Economic Community, and in particular
Article 113 thereof;

Having regard to the proposal from the Commission,

Whereas an Agreement between the European
Economic Community and the Kingdom of
Sweden ⁽¹⁾ was signed on 22 July 1972; whereas an
Additional Protocol ⁽²⁾ was signed on 6 November
1980 as a result of the accession of the Hellenic
Republic to the Community;

Whereas Articles 1, 2 and 3 of Protocol 1, annexed to
the Agreement, make provision for a specific
timetable for the progressive abolition of customs
duties in respect of the products to which the
Agreement applies; whereas the imports of these
products are limited to annual indicative ceilings
above which the customs duties applicable to third
countries may be reintroduced; whereas, however, the
Community has to suspend the application of certain
ceilings; whereas, therefore, the ceilings to be applied
in 1983 must be established; whereas, in this situation,
it is also necessary that the Commission be regularly
informed of the trend of the imports, of the products
in question and, in consequence, it is necessary to
subject these imports to supervision;

Whereas this objective may be achieved by means of
an administrative procedure based on setting off
imports of the products in question against the
indicative ceilings at Community level, as and when
these products are entered with customs authorities
for free circulation; whereas this administrative
procedure must make provision for the reintroduction
of customs tariff duties as soon as the ceilings have
been reached at Community level;

Whereas this administrative procedure requires close
and particularly rapid cooperation between the
Member States and the Commission; whereas the
latter must, in particular, be able to follow the
progress of amounts set off against the indicative
ceilings and keep the Member States informed;
whereas this cooperation must be all the closer since
the Commission must be able to take adequate

measures to reintroduce customs tariff duties
whenever one of the ceilings has been reached;

Whereas the trend of imports should be followed for
certain products for which, under Article 3 of
Protocol 1, the Community has suspended the
application of ceilings; whereas it is therefore
desirable that imports of such products should be
subject to supervision,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1983, imports
of products originating in Sweden and indicated in
Annex I shall be subject to indicative ceilings and to
Community supervision.

The description of the products referred to in the
preceding subparagraph, their tariff headings and
statistic numbers and the levels of the indicative
ceilings are given in Annex I.

2. Amounts shall be set off against the indicative
ceilings as and when products are entered with
customs authorities for free circulation and
accompanied by a movement certificate conforming
to the rules contained in Protocol 3 to the
Agreement.

Goods shall be set off against the indicative ceiling
only if the movement certificate has been submitted
before the date on which customs duties are
reimposed.

The reaching of a ceiling shall be determined at
Community level on the basis of imports set off
against it in the manner defined in the preceding
subparagraphs.

The Member States shall periodically inform the
Commission of imports effected in accordance with
the above rules; such information shall be supplied
under the conditions laid down in paragraph 4.

3. As soon as the ceilings have been reached, the
Commission may issue a Regulation reimposing the
customs duties provided for in Article 3 (f) of
Protocol 1 to the Agreement until the end of the
calendar year.

In the case of such reimposition, Greece shall
introduce the levying of the duties which it applies to
third countries at the date in question.

As soon as the amounts set off against the ceilings
within its territory have reached the amounts

⁽¹⁾ OJ No L 300, 31. 12. 1972, p. 96.

⁽²⁾ OJ No L 357, 30. 12. 1980, p. 104.

indicated in Annex I, Greece may reintroduce, until the end of the calendar year, the levying of the duties which it applies to third countries at the date in question. It shall notify the Commission which shall inform the other Member States of this fact. Paragraph 2 shall apply *mutatis mutandis*.

4. Member States shall forward to the Commission not later than the 15th day of each month statements of the amounts set off during the preceding month. They shall, if the Commission so requests, make up such statements for periods of 10 days and forward

them within five clear days of expiry of the preceding 10-day period.

Article 2

For the implementation of this Regulation the Commission shall take all necessary measures in close cooperation with the Member States.

Article 3

This Regulation shall enter into force on 1 January 1983.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 30 December 1982.

For the Council
The President
O. MØLLER
