COMMISSION REGULATION (EEC) No 847/83

of 6 April 1983

on the delivery of various consignments of skimmed-milk powder as food aid

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No 804/68
of 27 June 1968 on the common organization of the
market in milk and milk products ⁽¹⁾, as last amended
by Regulation (EEC) No 1183/82 ⁽²⁾, and in particular
Article 7 (5) thereof,

Having regard to Council Regulation (EEC) No
1037/82 of 26 April 1982 laying down general rules for
the supply of skimmed-milk powder to certain
developing countries and specialized bodies under
the 1982 food-aid programme ⁽³⁾, and in particular
Article 6 thereof,

Whereas, under the food-aid programmes adopted by
the Council Regulations specified in Annex I, certain
recipient third countries and agencies have requested
delivery of the quantity of skimmed-milk powder set out
therein;

Whereas, therefore, delivery should be effected in
accordance with the rules laid down in Commission
Regulation (EEC) No 303/77 of 14 February 1977
laying down general rules for the supply of
skimmed-milk powder and butteroil as food aid ⁽⁴⁾, as
last amended by Regulation (EEC) No 3474/80 ⁽⁵⁾;

whereas, in particular, the periods and terms for
delivery and the procedure to be followed by the
intervention agencies to establish the costs arising
therefrom should be laid down;

Whereas Article 2 (2) of Regulation (EEC) No 1037/82
specifies that, provided the normal development of
prices on the market is not disturbed, the supply of
skimmed-milk powder as food aid shall be ensured by
the buying in of skimmed-milk powder on the
Community market if the quantities available from
public stocks are insufficient to meet the required
amount or if they do not have the characteristics
necessary for their particular destination; whereas
skimmed-milk powder should now be bought on the
open market to secure the necessary supplies, the
condition in respect of quality being fulfilled and the
quantities involved not being so large as to disturb the
normal development of prices on the market;

Whereas the size of the food-aid programme calls for a
discontinuous series of deliveries and the time normally
needed to carry out a delivery is several months;
whereas the Commission will probably have cause
during the 1982/83 milk year to fix maximum amounts
for deliveries due to be made during the 1983/84 milk
year;

Whereas, given the foregoing and the close link between
the market price of butter and skimmed-milk powder on
the one hand and the intervention prices for these
products on the other, it is likely that potential suppliers
will hold back until the Council's decisions on common
agricultural prices and agri-monetary measures are
known; whereas past experience has shown that, in
such a situation of uncertainty, several potential
suppliers prefer not to submit tenders or submit them
on the basis of inaccurate or differing forecasts, hence
taking the risk that their tender will either not be
accepted or involve them in serious losses leading them

to withdraw later from a transaction in which they have been named as successful tenderer or contracting party by mutual agreement; whereas, in order to encourage tenders and to ensure that they are not based on theoretical considerations making them impossible to assess objectively, it is necessary to allow for an increase at the time of payment in the price of successful tenders for deliveries to be made during the 1983/84 milk year, the increase being based on the change in the intervention price, expressed in national currency, as decided by the Council for the 1983/84 milk year;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

In accordance with the provisions of Regulation (EEC) No 303/77, the intervention agencies listed in Annex I

shall arrange for the delivery of skimmed-milk powder as food aid on the terms specified therein.

In the case of supplies of skimmed-milk powder bought on the Community market and for which the delivery date referred to in item 9 of Annex I falls after the end of the 1982/83 milk year, the sum paid on tenders resulting from application of the procedure referred to in item 12 of Annex I shall be increased at the time of payment by the increment in the intervention price, as expressed in the currency of the Member State in which the tender was submitted, arising from the Council's decisions on common agricultural prices and agri-monetary measures for the 1983/84 milk year. Successful tenderers may avail themselves of this provision only from the seventh day of the 1983/84 milk year onwards and only if they furnish evidence that the skimmed-milk powder has been manufactured after the new intervention prices have come into effect.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 848/83

of 6 April 1983

on the delivery of various consignments of butteroil as food aid

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products ⁽¹⁾, as last amended by Regulation (EEC) No 1183/82 ⁽²⁾, and in particular Article 6 (7) thereof,

Having regard to Council Regulation (EEC) No 1039/82 of 26 April 1982 laying down general rules for the supply of milk fats to certain developing countries and specialized bodies under the 1982 food-aid programme ⁽³⁾, and in particular Article 7 thereof,

Whereas, under the food-aid programmes adopted by the Council Regulations specified in the Annex, certain recipient third countries and agencies have requested delivery of the quantity of butteroil set out therein;

Whereas, therefore, delivery should be effected in accordance with the rules laid down in Commission Regulation (EEC) No 303/77 of 14 February 1977 laying down general rules for the supply of skimmed-milk powder and butteroil as food aid ⁽⁴⁾, as last amended by Regulation (EEC) No 3474/80 ⁽⁵⁾; whereas, in particular, the periods and terms for delivery and the procedure to be followed by the intervention agencies to establish the costs arising therefrom should be laid down;

Whereas Article 2 (2) of Regulation (EEC) No 1039/82 specifies that, provided the normal development of

prices on the market is not disturbed, the supply of butter and butteroil as food aid shall be ensured in the form of butter or butterfats bought on the Community market if the situation on the market does not allow supply from public stocks; whereas, since the latter condition has been fulfilled and the quantities involved are not so large as to disturb the normal development of prices on the market, purchases should be made on the open market to secure the necessary supplies;

Whereas the size of the food-aid programme calls for a discontinuous series of deliveries and the time normally needed to carry out a delivery is several months; whereas the Commission will probably have cause during the 1982/83 milk year to fix maximum amounts for deliveries due to be made during the 1983/84 milk year;

Whereas, given the foregoing and the close link between the market price of butter and skimmed-milk powder on the one hand, and the intervention prices for these products on the other, it is likely that potential suppliers will hold back until the Council's decisions on common agricultural prices and agri-monetary measures are known; whereas past experience has shown that, in such a situation of uncertainty, several potential suppliers prefer not to submit them on the basis of inaccurate or differing forecasts, hence taking the risk that their tender will either not be accepted or involve them in serious losses leading them to withdraw later from a transaction in which they have been named as successful tenderer or contracting party by mutual agreement; whereas, in order to encourage tenders and to ensure that they are not based on theoretical considerations making them impossible to assess objectively, it is necessary to allow for an increase at the time of payment in the price of successful tenders for deliveries to be made during the 1983/84 milk year, the increase being based on the change in the intervention price, expressed in national currency, as decided by the Council for the 1983/84 milk year;

HAS ADOPTED THIS REGULATION:

Article 1

In accordance with the provisions of Regulation (EEC) No 303/77, the intervention agencies listed in the Annex shall arrange for the delivery of butteroil as food aid on the terms specified therein.

In the case of supplies of butteroil made from butter or cream bought on the Community market and for which the delivery date referred to in item 9 of the Annex falls after the end of the 1982/83 milk year, the sum paid on tenders resulting from application of the procedure referred to in item 12 of the Annex shall be increased at the time of payment to reflect a multiplication of the intervention price of butter, as expressed in the currency

of the Member State in which the tender was submitted, by a factor of 1,22 or 1,25 depending on whether the fat content of the butter is 82 % and more or under 82 %, in consequence of the Council's decisions on common agricultural prices and agri-monetary measures for the 1983/84 milk year. Successful tenderers may avail themselves of this provision only from the seventh day of the 1983/84 milk year onwards and only if they furnish evidence that the butter has been manufactured after the new intervention prices have come into effect.

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.
