(Acts whose publication is obligatory)

COUNCIL REGULATION (EEC) No 899/83**of 28 March 1983****amending Annex I to Regulation (EEC) No 288/82 as regards the description of products partially subject to national quantitative restrictions**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the instruments establishing common organization of agricultural markets and to the instruments concerning processed agricultural products adopted in pursuance of Article 235 of the Treaty, and in particular the provisions of those instruments which allow for derogation from the general principle that all quantitative restrictions or measures having equivalent effect may be replaced solely by the measures provided for in those same instruments,

Having regard to the proposal from the Commission,

Whereas the common commercial policy must be based on uniform principles; whereas the common rules for imports established by Regulation (EEC) No 288/82 ⁽¹⁾ are an important aspect of that policy;

Whereas the liberalization of imports, that is to say, the absence of any quantitative restrictions, subject to exceptions and derogations provided for in Community rules, is the starting point for common rules in this field;

Whereas the quantitative restrictions existing in the individual Member States are listed in Annex I to Regulation (EEC) No 288/82;

Whereas it is desirable to increase the transparency of import arrangements by providing a more detailed description of products partially subject to national quantitative restrictions; whereas the aforementioned Annex should be amended along these lines and, at the same time, a revised version of it adopted,

HAS ADOPTED THIS REGULATION:

Article 1

Annex I to Regulation (EEC) No 288/82 shall be amended as follows:

1. At the beginning of the Annex, under the heading 'Practical scope of the restriction', the second line shall be replaced by the following:
'— = partially restricted. For an exact description of the restriction, see the list at the end of this Annex which concerns the description of the products.'
2. The whole Annex is hereby replaced by the Annex attached to this Regulation.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 28 March 1983.

For the Council

The President

J. ERTL

⁽¹⁾ OJ No L 35, 9. 2. 1982, p. 1.

ANNEX

ANNEX I

LIST OF PRODUCTS SUBJECT TO NATIONAL QUANTITATIVE RESTRICTION ON
THEIR ENTRY INTO FREE CIRCULATION

Explanation of signs, letters or figures

Practical scope of the restriction:

- + = completely restricted;
- = partially restricted. For an exact description of the restriction, see the list at the end of this Annex which concerns the description of the products.

Geographical scope:

Where there are no special indications the restriction applies to all the countries covered by the Regulation.

Where the restriction applies to a geographical zone or to one or more countries, a marginal note describes the country or countries or the zone or zones to which the restriction applies. These geographical zones are described at the end of the Annex on the basis of the existing provisions in the Member States.

*
* *

In any event, the application of these restrictions is subject to:

- any special rules laid down in the agreements concluded between the Community and certain third countries,
- the specific common rules referred to in Article 1 (1), first indent of this Regulation.

This list covers only national restrictions. At present there are no Community restrictions which come within the scope of this Regulation; any such measures which may be taken pursuant to Title V will be listed in an *ad hoc* publication.

- 408 St Pierre and Miquelon
- 454 Turks and Caicos Islands
- 816 Vanuatu (New Hebrides)
- 811 Wallis and Futuna Islands

THE COMMUNITY LEGAL ORDER

Jean-Victor LOUIS

The European Communities are not simply a forum of discussion and negotiation between States. Their institutional structure, far more complex and original than that of traditional international organizations, has given birth to a vast quantity of legislation, most of which can be relied upon directly before national courts. The Court of Justice of the three Communities is faced with a workload increasing year by year in its efforts both to clarify the interpretation of Community law for the benefit of national courts and to resolve disputes between the institutions and individuals or Member States. In short, the Communities constitute a unique legal order with a highly complex structure, which penetrates further every day into economic and social reality in the Member States, yet still remains largely unrecognized.

This work on 'The Community legal order' from the pen of Professor Jean-Victor Louis of the Free University of Brussels, published by the Commission of the European Communities, is designed to enable the reader, with very little expenditure of time, to familiarize himself with the main characteristics of this system. It is written in a form easily understood by the layman, but its precise information and critical approach make it equally suitable for use by lawyers as a work of reference.

Jean-Victor Louis — Born 10 January 1938 — Agrégé in international law, Brussels University (ULB), 1969 — Lecturer in Community law, ULB — Former Director and Research Director, European Studies Department, ULB — Director of the *Cahiers de Droit Européen* — Head of the Legal Department, Banque Nationale de Belgique — Author of 'Les règlements de la Communauté économique européenne' and, with others, of 'Le droit de la Communauté économique européenne', ed. Jacques Mégret (nine volumes published).

Published in: Danish, Dutch, English, French, German, Greek, Italian, Portuguese, Spanish.

Publication No CB-28-79-407-EN-C
ISBN 92-825-1053-3
