COUNCIL REGULATION (EEC) No 3645/83**of 28 November 1983****amending Regulation (EEC) No 3626/82 on implementation in the Community of the Convention on international trade in endangered species of wild fauna and flora**

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

HAS ADOPTED THIS REGULATION:

Article 1

Having regard to the Treaty establishing the European Economic Community, and in particular Article 235 thereof,

Article 4 of Regulation (EEC) No 3626/82 is hereby replaced by the following :

Having regard to the proposal from the Commission ⁽¹⁾,

'Article 4

Amendments to Annexes A, B and C to this Regulation which are required as a consequence of amendments which have been decided on by the parties to the Convention and agreed to by the Community, as well as any additions to Annex B, shall be made in accordance with the procedure prescribed in Article 21 (2) and (3).'

Having regard to the opinion of the European Parliament ⁽²⁾,

Article 2

Whereas it is necessary to amend Article 4 of Regulation (EEC) No 3626/82 ⁽³⁾ to allow amendments which have been decided on by the parties to the Convention on international trade in endangered species of wild fauna and flora and agreed to by the Community to be made in accordance with the procedure laid down in Article 21 (2) and (3) of that Regulation,

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

It shall apply from 1 January 1984.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 28 November 1983.

COMMISSION REGULATION (EEC) No 3646/83**of 12 December 1983****amending Council Regulation (EEC) No 3626/82 on the implementation in the Community of the Convention on international trade in endangered species of wild fauna and flora**

THE COMMISSION OF THE EUROPEAN
COMMUNITIES

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3626/82 of 3 December 1982 on the implementation in the Community of the Convention on international trade in endangered species of wild fauna and flora⁽¹⁾, and in particular Article 4 thereof, as last amended by Regulation (EEC) No 3645/83⁽²⁾,

Whereas, at the fourth session of the conference of the parties to the Convention on international trade in endangered species of wild fauna and flora, held in Gaborone from 19 to 30 April 1983, amendments were made to Appendices I and II to the Convention; whereas alterations were made to Appendix III to the Convention; whereas Appendices I, II and III of Annex A to Regulation (EEC) No 3626/82 should now be amended to incorporate the amendments accepted by the Community, and parts 1 and 2 of Annex C to that Regulation should be altered;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Committee on the Convention on International Trade in Endangered Species of Wild Fauna and Flora,

HAS ADOPTED THIS REGULATION:

Article 1

Appendices I, II and III of Annex A and parts 1 and 2 of Annex C to Regulation (EEC) No 3626/82 are hereby replaced by the Annexes to this Regulation.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

It shall apply from 1 January 1984.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 12 December 1983.

ANNEX A

Appendices I and II ⁽¹⁾ ⁽²⁾

Interpretation

1. Species included in these appendices are referred to:
 - (a) by the name of the species; or
 - (b) as being all of the species included in a higher taxon or designated part thereof.
2. The abbreviation 'spp.' is used to denote all species of a higher taxon.
3. Other references to taxa higher than species are for the purposes of information or classification only.
4. The abbreviation 'p.e.' is used to denote species which are possibly extinct.
5. An asterisk (*) placed against the name of a species or higher taxon indicates that one or more geographically separate populations, sub-species or species, of that species or taxon, are included in Appendix I and that those populations, sub-species or species are excluded from Appendix II.
6. Two asterisks (**) placed against the name of a species or higher taxon indicate that one or more geographically separate populations, sub-species or species, of that species or taxon, are included in Appendix II and that those populations, sub-species or species are excluded from Appendix I.
7. The symbol '-' followed by a number placed against the name of a species or higher taxon denotes that designated geographically separate populations, sub-species, species, groups of species or families of that species or taxon are excluded from the appendix concerned, as follows :
 - 101 Populations of Bhutan, India, Nepal and Pakistan.
 - 102 *Panthera tigris altaica* (= *amurensis*).
 - 103 Population of West Greenland.
 - 104 Australian population.
 - 105 Populations of Afghanistan, Bhutan, Burma, India, Nepal and Pakistan.
 - 106 *Cathartidae*.
 - 107 Population of North America, except Greenland.
 - 108 Population of the United States of America.
 - 109 *Melopsittacus undulatus*, *Nymphicus hollandicus* and *Psittacula krameri*.
 - 110 Population of Zimbabwe (ranching).
 - 111 Population of Papua New Guinea.
 - 112 Population of Chile.
 - 113 Coastal population of Chile.
 - 114 All species which are not succulent.
8. The symbol '+' followed by a number placed against the name of a species or higher taxon denotes that only designated geographically separate populations, sub-species or species of that species or taxon are included in the appendix concerned, as follows :
 - + 201 Populations of Bhutan, India, Nepal and Pakistan.
 - + 202 All North American sub-species and European population, except the USSR.

⁽¹⁾ The entries '(C 1)' and '(C 2)' after the name of a species or a higher taxon show that one or more sub-species of species, of that species or taxon, appear in part 1 or 2 of Annex C to the Regulation.

⁽²⁾ The translation of the Latin names are given as a guide only.

- +203 Asian population.
- +204 Indian population.
- +205 Australian population.
- +206 Populations of Afghanistan, Bhutan, Burma, India, Nepal and Pakistan.
- +207 Mexican population.
- +208 Population of South America.
- +209 Populations of Algeria, the Central African Republic, Chad, Mali, Mauritania, Morocco, Niger, Nigeria, Senegal, Sudan, the United Republic of Cameroon and Upper Volta.
- +210 All New Zealand species.
- +211 Population of Chile.
- +212 All species of the family in the Americas.
- +213 Coastal population of Chile.

9. The symbol '=' followed by a number placed against the name of a species or higher taxon denotes that the name of that species or taxon shall be interpreted as follows :

- =301 Includes the synonyms *Bradypus boliviensis* and *Bradypus griseus*.
- =302 Includes the synonym *Priodontes giganteus*.
- =303 Includes the genus *Varecia*.
- =304 Includes the generic synonym *Avahi*.
- =305 Includes the synonym *Colobus badius kirki*.
- =306 Includes the synonym *Colobus badius rufomitratus*.
- =307 Includes the generic synonym *Simias*.
- =308 Includes the genus *Hylobates* and its synonym *Symphalangus*.
- =309 Includes the synonyms *Lutra annectens*, *Lutra enudris*, *Lutra incarum* and *Lutra platensis*.
- =310 Includes the synonym *Eupleres major*.
- =311 Also referenced as *Lynx caracal*. Includes the generic synonym *Caracal*.
- =312 Also referenced as *Lynx rufus escuinapae*.
- =313 Includes the synonym *Physeter catodon*.
- =314 Includes the generic synonym *Eubalaena*.
- =315 Also referenced as *Equus onager khur*.
- =316 Includes the generic synonym *Dama*. Includes the synonym *Dama*.
- =317 Includes the generic synonyms *Axis* and *Hyelaphus*.
- =318 Includes the synonym *Bos frontalis*.
- =319 Includes the synonym *Bos grunniens*.
- =320 Includes the generic synonym *Novibos*.
- =321 Includes the synonym *Oryx tao*.
- =322 Includes the synonym *Ovis aries ophion*.
- =323 Often traded under the name *Ara caninde*, a synonym of *Ara ararauna*.
- =324 Includes the generic synonyms *Nicoria* and *Geoemyda* (part).
- =325 Includes *Alligatoridae*, *Crocodylidae* and *Gavialidae*.
- =326 Includes the sub-families *Boinae*, *Erycinae* and *Pythoninae*.

10. The symbol '>' followed by a number placed against the name of a species or higher taxon designates parts or derivatives which are specified in relation thereto for the purposes of the Convention as follows :

- >1 Designates roots.
- >2 Designates timber.
- >3 Designates trunks.

Seeds, spores and tissue cultures as well as cut flowers of artificially propagated orchids are exempted from the provisions of the Convention.

Appendix III ⁽¹⁾ ⁽²⁾**Interpretation**

1. Species included in this appendix are referred to :
 - (a) by the name of the species; or
 - (b) as being all of the species included in a higher taxon or designated part thereof.
2. The abbreviation '*spp.*' is used to denote all species of a higher taxon.
3. Other references to taxa higher than species are for the purpose of information or classification only.
4. An asterisk (*) placed against the name of a species or higher taxon indicates that one or more geographically separate populations, sub-species or species, of that species or taxon, are included in Appendix I and that those populations, sub-species or species are excluded from Appendix III.
5. Two asterisks (**) placed against the name of a species or higher taxon indicate that one or more geographically separate populations, sub-species or species, of that species or taxon, are included in Appendix II and that those populations, sub-species or species are excluded from Appendix III.
6. The symbol '=' followed by a number placed against the name of a species denotes that the name of that species shall be interpreted as follows :
 - = 327 Includes the synonym *Cabassous gymnurus*.
 - = 328 Includes the generic synonym *Fennecus*.
 - = 329 Includes the synonym *Galictis allamandi*.
 - = 330 Includes the generic synonym *Viverra*.
 - = 331 Also referenced as *Tragelaphus eurycerus*; includes the generic synonym *Taurotragus*.
 - = 332 Includes the synonym *Manis longicaudata*.
 - = 333 Includes the generic synonym *Coendou*.
7. The name of the countries placed against the names of species or other taxa are those of the parties submitting these species or taxa for inclusion in this appendix.
8. Any animal or plant, whether live or dead, of a species or other taxon listed in this appendix, is covered by the provisions of the Convention, as is any readily recognizable part or derivative thereof.

Seeds, spores and tissue cultures are, however, exempted from the provisions of the Convention.

⁽¹⁾ The entries '(C 1)' and '(C 2)' after the name of a species or a higher taxon show that one or more sub-species or species, of that species or taxon, appear in part 1 or 2 of Annex C to the Regulation.

⁽²⁾ The translations of the Latin names are given as a guide only.

(1) With the exception of specimens of the species listed in Appendix II to the Convention, and the products and derivatives thereof, taken by the people of Greenland under licence granted by the competent authorities of Greenland or Denmark.

Statement on Article 2

The Council and the Commission state that, in view of the predominantly cultural nature of the making of certain handicraft articles in Greenland from specimens of *Cetacea* and of the low volume of such activity, it shall not be regarded as predominantly commercial, and that the granting of appropriate export and import licences may therefore be regarded as consistent with the relevant provisions of the Regulation.

The management authorities in Denmark will, in consultation with the Commission, monitor such exports and imports, which must not significantly exceed the present low level.
