COMMISSION REGULATION (EEC) No 524/84

of 29 February 1984

fixing the import levies on syrups and certain other products in the sugar sector

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector⁽¹⁾, as last amended by Regulation (EEC) No 606/82⁽²⁾, and in particular Article 16 (8) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 (1) of Regulation (EEC) No 1785/81 provides for charging a levy on imports of the products listed in Article 1 (1) of that Regulation ;

Whereas the levy on the products listed in Article 1 (1) (d) of Regulation (EEC) No 1785/81 must be calculated, where appropriate, at a standard rate on the basis of the sucrose content (including other sugars expressed as sucrose) of the product concerned and of the levy on white sugar ; whereas, however, the levies on maple sugar and maple syrup are limited to the amount resulting from application of the rate of duty bound within GATT ;

Whereas Article 7 of Commission Regulation (EEC) No 837/68 of 28 June 1968 on detailed rules for the application of levies on sugar⁽³⁾, as last amended by Regulation (EEC) No 1428/78⁽⁴⁾, provides that the basic amount of the levy for 100 kilograms of product must be fixed per percentage point of sucrose content ;

Whereas the basic amount of the levy must be equal to one-hundredth of the average of the levies applicable to 100 kilograms of white sugar during the first 20 days of the month preceding the month for which the basic amount of the levy is fixed ; whereas, however, the levy applicable to white sugar on the day of the fixing of the basic amount must be substituted for the average of the levies, where that levy differs by at least 0,73 ECU from that average ;

Whereas the basic amount must be fixed each month ; whereas it must, however, be altered during the period between the day on which it is fixed and the first day of the month following the month for which the basic amount is applicable, if the levy on white sugar differs by at least 0,73 ECU from the average referred to above or from the levy on white sugar used to fix the basic amount ; whereas, in this case, the basic amount must be equal to one-hundredth of the levy on white sugar used to calculate the alteration ;

Whereas the basic amount thus fixed must be adjusted on the basis of variations in the threshold price for white sugar occurring between the month in which the basic amount is fixed and the period of application ; whereas this adjustment, equal to one-hundredth of the difference between these two threshold prices, must be deducted from or added to the basic amount in the circumstances provided for in Article 7 (6) of Regulation (EEC) No 837/68 ;

Whereas the levy on the products referred to in Article 1 (1) (f) and (g) of Regulation (EEC) No 1785/81 comprises, under Article 16 (6) of that Regulation, a variable element and a fixed element, with the latter, per 100 kilograms of dry matter, being equal to one-tenth of the fixed element established pursuant to point B of Article 14 (1) of Regulation (EEC) No 2727/75⁽⁵⁾ for the fixing of the import levy on the products falling within subheading 17.02 B II of the Common Customs Tariff, and the variable element, per 100 kilograms of dry matter, being equal to one hundred times the basic import levy applicable as from the first of each month in the case of the products listed in Article 1 (1) (d) of Regulation (EEC) No 1785/81 ; whereas the levy must be fixed each month ;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis :

— in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,

⁽¹⁾ OJ No L 177, 1. 7. 1981, p. 4.

⁽³⁾ OJ No L 151, 30. 6. 1968, p. 42.

⁽⁴⁾ OJ No L 171, 28. 6. 1978, p. 34.

⁽⁵⁾ OJ No L 281, 1. 11. 1975, p. 1.

— for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas it follows from the application of these provisions that the import levies on the products concerned should be as indicated in the Annex to this Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

The import levies on the products listed in Article 1 (1) (d), (f) and (g) of Regulation (EEC) No 1785/81 shall be as indicated in the Annex hereto.

Article 2

This Regulation shall enter into force on 1 March 1984.

Having regard to the opinion of the Monetary Committee,

Whereas Article 19 of Regulation (EEC) No 1785/81 provides that the difference between quotations or prices on the world market for the products listed in Article 1 (1) (d) of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Article 8 of Council Regulation (EEC) No 766/68 of 18 June 1968 laying down general rules for granting export refunds on sugar⁽³⁾, as last amended by Regulation (EEC) No 1489/76⁽⁴⁾, provides that the export refund on 100 kilograms of the products listed in Article 1 (1) (d) of Regulation (EEC) No 1785/81 is equal to the basic amount multiplied by the sucrose content, including, where appropriate, other sugars expressed as sucrose; whereas the sucrose content of the product in question is determined in accordance with Article 13 of Commission Regulation (EEC) No 394/70 of 2 March 1970 on detailed rules for granting export refunds on sugar⁽⁵⁾, as last amended by Regulation (EEC) No 1467/77⁽⁶⁾;

Whereas Article 7 of Regulation (EEC) No 766/68 provides that the basic amount of the refund on sorbose exported in the natural state must be equal to the basic amount of the refund less one-hundredth of the production refund applicable, pursuant to Council Regulation (EEC) No 1400/78 of 20 June 1978 laying

down general rules for the production refund on sugar used in the chemical industry⁽⁷⁾, to the products listed in the Annex to the last mentioned Regulation;

Whereas the basic amount of the refund on the other products listed in Article 1 (1) (d) of Regulation (EEC) No 1785/81 exported in the natural state must be equal to one-hundredth of an amount which takes account, on the one hand, of the difference between the intervention price for white sugar for the Community areas without deficit for the month for which the basic amount is fixed and quotations or prices for white sugar on the world market and, on the other, of the need to establish a balance between the use of Community basic products in the manufacture of processed goods for export to third countries and the use of third country products brought in under inward processing arrangements;

Whereas the application of the basic amount may be limited to some of the products listed in Article 1 (1) (d) of Regulation (EEC) No 1785/81;

Whereas Article 19 of Regulation (EEC) No 1785/81 makes provision for setting refunds for export in the natural state of products referred to in Article 1 (1) (f) and (g) of that Regulation; whereas the refund must be fixed per 100 kilograms of dry matter, taking account of the export refund for products within subheading 17.02 B II a) of the Common Customs Tariff and for products referred to in Article 1 (1) (d) of Regulation (EEC) No 1785/81 and of the economic aspects of the intended exports; whereas the refund is to be granted only for products complying with the conditions in Article 3 of Commission Regulation (EEC) No 1469/77 of 30 June 1977 laying down rules for applying the levy and the refund in respect of isoglucose and amending Regulation (EEC) No 192/75⁽⁸⁾;

Whereas, if the refund system is to operate normally refunds should be calculated on the following basis:

— in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,

Whereas the refunds referred to above must be fixed every month; whereas they may be altered in the intervening period;

Whereas application of these quotas results in fixing refunds for the products in question at the levels given in the Annex to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1 (1) (d), (f) and (g) of Regulation (EEC) No 1785/81, exported in the natural state, shall be as set out in the Annex hereto.

COMMISSION REGULATION (EEC) No 526/84

of 28 February 1984

fixing the export refunds on olive oil

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EEC) No 1413/82 ⁽²⁾,

Having regard to Council Regulation No 171/67/EEC of 27 June 1967 on export refunds and levies on olive oil ⁽³⁾, as last amended by Regulation (EEC) No 2429/72 ⁽⁴⁾, and in particular the first sentence of Article 7 thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 20 of Regulation No 136/66/EEC provides that, where prices within the Community are higher than world market prices, the difference between these prices may be covered by a refund when olive oil is exported to third countries;

Whereas the detailed rules for fixing and granting export refunds on olive oil are contained in Regulations No 171/67/EEC and (EEC) No 616/72 ⁽⁵⁾, as last amended by Regulation (EEC) No 2962/77 ⁽⁶⁾;

Whereas Article 2 of Regulation No 171/67/EEC provides that the refund must be the same for the whole Community;

Whereas Article 3 of Regulation No 171/67/EEC provides that when the refund on olive oil is being fixed account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of olive oil on the Community market and prices for olive oil on the world market,
- the aims of the common organization of the market in olive oil which are to ensure equilibrium

and the natural development of prices and trade on this market,

- the need to avoid disturbances on the Community market, and
- the economic aspect of the proposed exports;

Whereas, furthermore, Article 4 of Regulation No 171/67/EEC provides that the said refund must be fixed in accordance with the following criteria:

- the olive oil prices in the main producing areas of the Community,
- the most favourable quotations recorded on the various markets of importing third countries, and
- the marketing costs and the most favourable transport charges from Community markets in the main producing areas to ports or other points of export in the Community, as well as costs incurred in placing the goods on the world market;

Whereas Article 5 of Regulation No 171/67/EEC provides that the refund on olive oil may be varied according to destination where the world market situation or the specific requirements of certain markets make this necessary;

Whereas Article 7 of Regulation No 171/67/EEC provides that the refund must be fixed at least once every month; whereas it may, if necessary, be altered in the intervening period;

Whereas it follows from applying these detailed rules to the present situation on the market in olive oil and in particular to olive oil prices within the Community and on the markets of third countries that the refund should be as set out in the Annex hereto;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

COMMISSION REGULATION (EEC) No 527/84
of 29 February 1984
fixing the export refunds on oil seeds

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation No 136/66/EEC
of 22 September 1966 on the establishment of a
common organization of the market in oils and fats ⁽¹⁾,
as last amended by Regulation (EEC) No 1413/82 ⁽²⁾,

Having regard to Council Regulation No 142/67/EEC
of 21 June 1967 on export refunds on colza, rape and
sunflower seeds ⁽³⁾, as last amended by Regulation
(EEC) No 2429/72 ⁽⁴⁾, and in particular the first
sentence of Article 2 (3) thereof,

Having regard to the opinion of the Monetary
Committee,

Whereas Article 28 of Regulation No 136/66/EEC
provides that a refund may be granted on exports to
third countries of oil seeds harvested within the
Community; whereas the amount of this refund may
not exceed the difference between prices within the
Community and prices on the world market where the
former are higher than the latter; whereas Article 21
of Regulation No 136/66/EEC provides that, at
present, Article 28 of that Regulation applies only to
colza, rape and sunflower seeds;

Whereas Article 3 of Regulation No 142/67/EEC
provides that when the refund is being calculated
account must be taken of prices ruling on the various
Community markets which are representative from the
point of view of processing and exportation; the most
favourable quotations recorded on the various markets
of importing third countries and costs incurred in
placing the goods on the world market; whereas,
when the amount of the refund is being fixed, account
must also be taken of the level of market prices within
the Community for the oil seeds referred to in Article
21 of Regulation No 136/66/EEC and the future trend
of these prices; whereas, furthermore, account should
be taken of the economic aspect of the proposed

exports and the situation in the Community regarding
the supply of and demand for these seeds;

Whereas Article 1 of Commission Regulation (EEC)
No 651/71 of 29 March 1971 on certain detailed rules
for the application of export refunds on oil seeds ⁽⁵⁾, as
amended by Regulation (EEC) No 1480/79 ⁽⁶⁾, provides
that the amount of the refund must be calculated on
the basis of the weight of exported seeds; whereas this
weight must be adjusted to take account of any differ-
ences between the percentages of moisture and impur-
ities found to exist and those used to define the stan-
dard quality for which the target price is fixed;
whereas, when this adjustment is being made, the
weight of the exported seeds must be increased by the
amount of the difference between the actual moisture
and impurities content and that used to define the
standard quality if the former is lower than the latter;
whereas, if the opposite applies, the weight of the
exported seeds must be reduced by the same amount;

Whereas the standard quality referred to above was
defined in Article 2 of Council Regulation (EEC) No
1591/83 of 14 June 1983 fixing the target prices and
intervention prices for colza and rape seed and
sunflower seed for the 1983/84 marketing year ⁽⁷⁾;

Whereas Article 2 of Regulation No 142/67/EEC
provides that the refund may be varied according to
destination where the world market situation or the
specific requirements of certain markets make this
necessary;

Whereas, if the refund system is to operate normally,
refunds should be calculated on the following basis:

- in the case of currencies which are maintained in
relation to each other at any given moment within
a band of 2,25 %, a rate of exchange based on
their central rate,
- for other currencies, an exchange rate based on the
arithmetic mean of the spot market rates of each of
these currencies recorded for a given period in
relation to the Community currencies referred to
in the previous indent;

⁽⁷⁾ OJ No L 163, 22. 6. 1983, p. 40.

Whereas it follows from applying these detailed rules to the present situation on the market in oil seeds, and in particular to quotations or prices for these products within the Community and on the markets of third countries that the refund should be as set out in the Annex hereto for those products for which the marketing year has already begun ;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION :

Article 1

The refund on the products referred to in Article 21 of Regulation No 136/66/EEC shall be as set out in the Annex hereto.

of 29 February 1984

fixing the rates of the refunds applicable from 1 March 1984 to certain cereal and rice products exported in the form of goods not covered by Annex II to the Treaty

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1451/82⁽²⁾, and in particular the first sentence of the fourth subparagraph of Article 16 (2) thereof,

COMMISSION REGULATION (EEC) No 530/84

of 29 February 1984

fixing the rates of the refunds applicable from 1 March 1984 to certain products
in the sugar sector exported in the form of goods not covered by Annex II to the
Treaty

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
1785/81 of 30 June 1981 on the common organization
of the markets in the sugar sector⁽¹⁾, as amended by
Regulation (EEC) No 606/82⁽²⁾, and in particular
Article 19 (1) and (2) thereof,

Whereas Article 19 (1) and (2) of Regulation (EEC) No
1785/81 provides that for the products listed in Article
1 (1) (a), (c), (d), (g) and (h) of that Regulation an export
refund may be granted when these goods are exported
in the form of goods listed in Annex I of that same
Regulation; whereas Council Regulation (EEC) No
3035/80 of 11 November 1980 laying down general
rules for granting export refunds for certain agricul-
tural products exported in the form of goods not
covered by Annex II to the Treaty, and the criteria for
fixing the amount of such refunds⁽³⁾, as last amended
by Regulation (EEC) No 1028/83⁽⁴⁾, specifies the
products for which a rate of refund should be fixed, to
be applied where these products are exported in the
form of goods listed in Annex I of Regulation (EEC)
No 1785/81;

Whereas, in accordance with the first subparagraph of
Article 4 (1) of Regulation (EEC) No 3035/80, the rate
of the refund per 100 kilograms for each of the basic
products in question must be fixed for each month;

Whereas, in accordance with paragraph 2 of that
Article, that rate must be determined with particular
reference to:

- (a) the average costs incurred by processing industries
in obtaining supplies of the basic products on the
Community market and the prices ruling on the
world market;
- (b) the level of the refunds on exports of processed
agricultural products covered by Annex II to the
Treaty which are manufactured under similar
conditions;

- (c) the need to ensure equality of competition for the
industries which use Community products and
those which use third country products under
inward processing arrangements;

Whereas Article 4 (3) of Regulation (EEC) No 3035/80
provides that, when the rate of the refund is being
fixed, account should be taken, where appropriate, of
refunds, aids or other measures having equivalent
effect applicable in all Member States in accordance
with the Regulation on the common organization of
the market in the product in question to the basic
products listed in Annex A to that Regulation or to
assimilated products;

Whereas a production refund is granted in respect of
white sugar or raw sugar under the conditions laid
down in Council Regulation (EEC) No 1400/78 of 20
June laying down general rules for the production
refund on sugar used in the chemical industry⁽⁵⁾;

Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Management
Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The rates of the refunds applicable from 1 March 1984
to the basic products appearing in Annex A to Regula-
tion (EEC) No 3035/80 and listed in Article 1 (1) and
(2) of Regulation (EEC) No 1785/81, exported in the
form of goods listed in Annex I to Regulation (EEC)
No 1785/81, are fixed as shown:

- (a) in Table A of the Annex hereto for those same
goods in so far as they have not benefited from the
granting of a production refund provided for by
Regulation (EEC) No 1400/78;
- (b) in Table B of the Annex hereto for goods other
than those mentioned under (a).

COMMISSION REGULATION (EEC) No 531/84

of 29 February 1984

fixing the rate of the aid for peas and field beans used in the feeding of animals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1431/82 of 18 May 1982 laying down special measures for peas and field beans⁽¹⁾, as last amended by Regulation (EEC) No 1577/83⁽²⁾, and in particular Article 3 (6) thereof,

Having regard to Commission Regulation (EEC) No 2192/82 of 6 August 1982 laying down detailed rules for the application of the special measures for peas and field beans⁽³⁾, as last amended by Regulation (EEC) No 483/84⁽⁴⁾, and in particular Article 31 (1) thereof,

Whereas under Article 3 (1) of Regulation (EEC) No 1431/82 aid is granted for peas and field beans harvested in the Community and used in the manufacture of feedingstuffs when the average world market price for soya cake is lower than the activating price; whereas this aid is equal to 45 % of the difference between these two prices;

Whereas the activating price for aid for peas and field beans for the 1983/84 marketing year was fixed by Council Regulation (EEC) No 1576/83 of 14 June 1983⁽⁵⁾;

Whereas, under Article 4 of Regulation (EEC) No 1431/82, the average world market price for soya cake must be determined on the basis of the most favourable purchase possibilities, excepting offers and quotations which cannot be considered representative of the real market trend; whereas account must be taken both of all offers on the world market and of the prices quoted on exchanges that are important for international trade;

Whereas, under Article 1 of Regulation (EEC) No 2049/82⁽⁶⁾, as amended by Regulation (EEC) No 574/83⁽⁷⁾, the average price must be determined per 100 kilograms of bulk soya cake of the standard

quality defined in Article 2 (2) of Regulation (EEC) No 1576/83 delivered Rotterdam; whereas it must be equal to the arithmetical mean of the offers and quotations recorded during the five days preceding the day of determination;

Whereas the necessary adjustments, notably those referred to in Article 2 of Regulation (EEC) No 2036/82⁽⁸⁾, as amended by Regulation (EEC) No 1601/83⁽⁹⁾, must be made for offers and quotations not of the type referred to above;

Whereas, under Article 1 of Regulation (EEC) No 2036/82, when no offer or quotation can be used for determining the world market price of soya cake, it is to be determined from offers of and quotations for soya cake obtained by the processing of soya seed in the Community and the offers of and quotations for competing products on the world market; whereas in this case the most favourable offers and quotations are to be taken into account for:

- bulk soya cake obtained by the processing of soya seed in the Community delivered to Rotterdam, and
- other oil cakes offered on the world market, adjusted as necessary to take account of the difference between their value and that of soya cake;

Whereas, if the aid system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas Article 105 of the Act of Accession provides for differences for the relevant products harvested in Greece;

Whereas the aid rate must be fixed every month or more frequently if the market situation so warrants,

HAS ADOPTED THIS REGULATION:

Article 1

The aid referred to in Article 3 of Regulation (EEC) No 1431/82 is fixed at 11,459 ECU per 100 kilograms for peas and field beans used in the feeding of animals, processed in the Member States other than

Greece where the price for the same products processed therein is fixed at 11,219 ECU per 100 kilograms.

COMMISSION REGULATION (EEC) No 537/84

of 29 February 1984

fixing the export refunds on white sugar and raw sugar exported in the natural state

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector⁽¹⁾, as last amended by Regulation (EEC) No 606/82⁽²⁾, and in particular point (a) of the first subparagraph of Article 19 (4) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 19 of Regulation (EEC) No 1785/81 provides that the difference between quotations or prices on the world market for the products listed in Article 1 (1) (a) of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Council Regulation (EEC) No 766/68 of 18 June 1968 laying down general rules for granting export refunds on sugar⁽³⁾, as last amended by Regulation (EEC) No 1489/76⁽⁴⁾, provides that when refunds on white and raw sugar, undenatured and exported in the natural state, are being fixed account must be taken of the situation on the Community and world markets in sugar and in particular of the price and cost factors set out in Article 3 of that Regulation; whereas the same Article provides that the economic aspect of the proposed exports should also be taken into account;

Whereas the refund on raw sugar must be fixed in respect of the standard quality; whereas the latter is defined in Article 1 of Council Regulation (EEC) No 431/68 of 9 April 1968 determining the standard quality for raw sugar and fixing the Community frontier crossing point for calculating cif prices for sugar⁽⁵⁾; whereas, furthermore, this refund should be fixed in accordance with Article 5 (2) of Regulation (EEC) No 766/68; whereas candy sugar is defined in Commission Regulation (EEC) No 394/70 of 2 March 1970 on detailed rules for granting export refunds on

sugar⁽⁶⁾, as amended by Regulation (EEC) No 1467/77⁽⁷⁾; whereas the refund thus calculated for aromatized sugars or for sugars with colouring added must apply to their sucrose content and, accordingly, be fixed per 1 % of the said content;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for sugar according to destination;

Whereas, in special cases, the amount of the refund may be fixed by other legal instruments;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas the refund must be fixed every two weeks; whereas it may be altered in the intervening period;

Whereas it follows from applying the rules set out above to the present situation on the market in sugar and in particular to quotations or prices for sugar within the Community and on the world market that the refund should be as set out in the Annex hereto;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1 (1) (a) of Regulation (EEC) No 1785/81 undenatured and exported in the natural state, shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 1 March 1984.

COMMISSION REGULATION (EEC) No 538/84**of 28 February 1984****fixing the export refunds on products processed from cereals and rice**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1451/82⁽²⁾, and in particular the fourth subparagraph of Article 16 (2) thereof,

Having regard to Council Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice⁽³⁾, as last amended by Regulation (EEC) No 174/84⁽⁴⁾, and in particular the fourth subparagraph of Article 17 (2) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75 and Article 17 of Regulation (EEC) No 1418/76 provide that the difference between quotations or prices on the world market for the products listed in Article 1 of those Regulations and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 2746/75 of 29 October 1975⁽⁵⁾, and Article 2 of Council Regulation (EEC) No 1431/76 of 21 June 1976⁽⁶⁾ laying down general rules for granting export refunds on cereals and rice respectively and criteria for fixing the amount of such refunds, provide that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals, rice and broken rice on the Community market on the one hand and prices for cereals, rice, broken rice and cereal products on the world market on the other; whereas the same Articles provide that it is also important to ensure equilibrium and the natural development of prices and trade on the markets in cereals and rice and, furthermore, to take into account the economic aspect of the proposed exports, and the need to avoid disturbances on the Community market;

Whereas Article 6 of Council Regulation (EEC) No 2744/75 of 29 October 1975 on the import and export system for products processed from cereals and from rice⁽⁷⁾, as last amended by Regulation (EEC) No 414/83⁽⁸⁾, defines the specific criteria to be taken into account when the refund on these products is being calculated;

Whereas, on the basis of the criteria laid down in Regulation (EEC) No 2744/75, particular account should be taken of the prices and quantities of basic products used to calculate the variable component of the levy; whereas Article 8 of Regulation (EEC) No 2744/75 and Article 1 of Regulation (EEC) No 1077/68⁽⁹⁾, as amended by Regulation (EEC) No 2764/71⁽¹⁰⁾, provide that the amount of the export refund should, for certain products, be reduced by an amount equal to the production refund granted in respect of the basic products;

Whereas it follows from applying these detailed rules to the present situation on the market in products processed from cereals and rice that the export refund should be fixed at an amount which will cover the difference between Community prices and world market prices;

Whereas when the refund is being calculated account should be taken of the quantities of raw materials used to determine the variable component of the levy; whereas the quantities of raw materials used for certain processed products may vary according to the end use of the product; whereas, depending on the manufacturing process used, products other than the main product are obtained, the quantity and value of which may vary with the nature and quality of the main products being manufactured; whereas cumulation of the refunds on the various products manufactured by a single process from the same basic product may make it possible, in certain cases, to export to third countries at prices which are lower than world market prices; whereas the refund on certain products should therefore be limited to an amount which, while allowing access to the world market, will ensure that the aims of the common organization of the markets are respected;

Whereas the refund to be granted in respect of certain processed products should be graduated on the basis of the ash, crude fibre, tegument, protein, fat and starch content of the individual product concerned, this content being a particularly good indicator of the quantity of basic product actually incorporated in the processed product ;

Whereas there is no need at present to fix an export refund for manioc, other tropical roots and tubers or flours obtained therefrom, given the economic aspect of potential exports and in particular the nature and origin of these products ; whereas, for certain products processed from cereals, the insignificance of Community participation in world trade makes it unnecessary to fix an export refund at the present time ;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination ;

Whereas Regulation (EEC) No 2806/71 ⁽¹⁾ lays down additional rules for granting export refunds for certain products processed from cereals and rice ;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,

- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent ;

Whereas the refund must be fixed once a month ; whereas it may be altered in the intervening period ;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION :

COMMISSION REGULATION (EEC) No 539/84

of 28 February 1984

fixing the export refunds on cereal-based compound feedingstuffs

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1451/82⁽²⁾, and in particular the fourth subparagraph of Article 16 (2) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds⁽³⁾, provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on the cereal markets;

Whereas it follows from applying these detailed rules to the present situation on the market in cereal-based compound feedingstuffs that the export refund should be fixed at an amount which will cover the difference between Community prices and world market prices;

Whereas Article 7 (1) of Council Regulation (EEC) No 2743/75 of 29 October 1975 on the system to be applied to cereal-based compound feedingstuffs⁽⁴⁾, as amended by Regulation (EEC) No 2560/77⁽⁵⁾, provides that, when export refunds on cereal-based compound feedingstuffs are being fixed, only the products normally used in the manufacture of compound feedingstuffs for which a refund may be fixed should be taken into account;

Whereas Commission Regulation (EEC) No 1913/69 of 29 September 1969 on the granting and the advance fixing of the export refund on cereal-based compound feedingstuffs⁽⁶⁾, as last amended by Regulation (EEC) No 537/83⁽⁷⁾, provides that calculation of the export refund must be based on the average of the refunds granted on the most commonly used basic cereals, adjusted on the basis of the threshold price in force during the month of exportation and on the levy applicable to maize; whereas this calculation must also take account of the cereal products content; whereas, therefore, in the interest of simplification, compound feedingstuffs should be placed in categories and the refund for each category should be fixed on the basis of a quantity of maize which is representative of the usual cereal products content for the category concerned; whereas, furthermore, the amount of the refund must also take into account the possibilities and conditions for the sale of those products on the world market, the need to avoid disturbances on the Community market and the economic aspect of the export;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for compound feedingstuffs according to composition and destination; whereas, for purposes of varying the refund, the destination zones laid down in Annex II to Commission Regulation (EEC) No 1124/77 of 27 May 1977 redefining the destination zones for export refunds or levies and for certain export licences for cereals and rice⁽⁸⁾, as amended by Regulation (EEC) No 3634/83⁽⁹⁾, should be used;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

OPENING OF THE HISTORICAL ARCHIVES OF THE EUROPEAN COMMUNITIES

Rarely can it have been so easy to trace the origins of such a momentous and deep-rooted phenomenon as the construction of Europe. The Community's birth certificate was made out on a particular day and entered in a completely new register. Many of the witnesses to it are still alive and some 30 years on, the great debate that surrounded the Community's birth is firmly entrenched in our memories. The event is not so recent that we cannot call it to mind with the objectivity that comes with time, nor so remote that there is no living memory of it. In fact, the time is just right. The opening of the archives will allow historians to take over from the newswriters, and researchers will be able to certify the evidence.

The Communities intend to record this event with the publication of this guide: its purpose is to inform of the historical context of the European Communities and of the documentary sources in the Communities' archives.

THE PROFESSIONS IN THE EUROPEAN COMMUNITY
Towards freedom of movement and mutual recognition of qualifications

J.-P. de CRAYENCOUR

Aside from establishing a common market, one of the tasks of the European Community is to promote closer relations between the States belonging to it (Article 2 of the Treaty of Rome). One of the means of achieving this end is the free movement of persons.

This freedom of movement concerns *inter alia*, the professions. Members of the professions will be able to play their part in European integration and put their independent and responsible services at the disposal of a wider clientele in the Community only if obstacles standing in the way of freedom of the professions, whether it takes the form of the right of establishment or the freedom to provide services, are removed.

As the professions are generally highly regulated, this freedom of movement can only be satisfactorily achieved if certain of the regulations governing them, such as those relating to training requirements and professional ethics, are harmonized to some degree.

Existing rules and regulations in the various Member States could be reviewed in the light of any such harmonization and of changes in society, while paying due attention to the values of independence and responsibility which are a feature of the professions, with a view to promoting European integration.

The aim of this booklet on 'The professions in the European Community — Towards freedom of movement and mutual recognition of qualifications' is to highlight the benefits to be derived from free movement and the manner in which it can be properly implemented. It describes the legal process involved, suggests how harmonization might be realized and underlines the steps to be taken to achieve the most urgent objective, namely mutual recognition of diplomas. Finally, it outlines what has been achieved thus far and what remains to be done.

J.-P. de CRAYENCOUR — Born in London on 16 July 1915. Belgian — Studied law at Louvain. Pupil lawyer at the Brussels bar, then Director of the Study Centre of the National Federation of Small Firms. Joined the Commission of the European Communities on 1 March 1959 and worked in the Directorate for the Right of Establishment. Head of Division on 1 June 1959. Retired on 1 May 1973.
