COMMISSION REGULATION (EEC) No 1420/84

of 23 May 1984

fixing the export refunds on white sugar and raw sugar exported in the natural state

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector⁽¹⁾, as last amended by Regulation (EEC) No 606/82⁽²⁾, and in particular point (a) of the first subparagraph of Article 19 (4) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 19 of Regulation (EEC) No 1785/81 provides that the difference between quotations or prices on the world market for the products listed in Article 1 (1) (a) of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Council Regulation (EEC) No 766/68 of 18 June 1968 laying down general rules for granting export refunds on sugar⁽³⁾, as last amended by Regulation (EEC) No 1489/76⁽⁴⁾, provides that when refunds on white and raw sugar, undenatured and exported in the natural state, are being fixed account must be taken of the situation on the Community and world markets in sugar and in particular of the price and cost factors set out in Article 3 of that Regulation; whereas the same Article provides that the economic aspect of the proposed exports should also be taken into account;

Whereas the refund on raw sugar must be fixed in respect of the standard quality; whereas the latter is defined in Article 1 of Council Regulation (EEC) No 431/68 of 9 April 1968 determining the standard quality for raw sugar and fixing the Community frontier crossing point for calculating cif prices for sugar⁽⁵⁾; whereas, furthermore, this refund should be fixed in accordance with Article 5 (2) of Regulation (EEC) No 766/68; whereas candy sugar is defined in Commission Regulation (EEC) No 394/70 of 2 March 1970 on detailed rules for granting export refunds on

sugar⁽⁶⁾, as amended by Regulation (EEC) No 1467/77⁽⁷⁾; whereas the refund thus calculated for aromatized sugars or for sugars with colouring added must apply to their sucrose content and, accordingly, be fixed per 1 % of the said content;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for sugar according to destination;

Whereas, in special cases, the amount of the refund may be fixed by other legal instruments;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas the refund must be fixed every two weeks; whereas it may be altered in the intervening period;

Whereas it follows from applying the rules set out above to the present situation on the market in sugar and in particular to quotations or prices for sugar within the Community and on the world market that the refund should be as set out in the Annex hereto;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1 (1) (a) of Regulation (EEC) No 1785/81 undenatured and exported in the natural state, shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 24 May 1984.

COMMISSION REGULATION (EEC) No 1423/84

of 23 May 1984

fixing additional amounts for certain pigmeat products

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
2759/75 of 29 October 1975 on the common organi-
zation of the market in pigmeat ⁽¹⁾, as last amended by
Regulation (EEC) No 2966/80 ⁽²⁾, and in particular the
second subparagraph of Article 13 (5) thereof,

Whereas if, for a given product, the free-at-frontier
offer price (hereinafter called the 'offer price') falls
below the sluice-gate price, the levy applicable to that
product must be increased by an additional amount
equal to the difference between the sluice-gate price
and the offer price determined in accordance with
Article 1 of Commission Regulation No 202/67/EEC
of 28 June 1967 on fixing the additional amount for
imports of pigmeat products from third countries ⁽³⁾, as
amended by Regulation No 614/67/EEC ⁽⁴⁾;

Whereas the offer price must be determined for all
imports from all third countries; whereas, however, if
exports from one or more third countries are effected
at abnormally low prices, lower than prices ruling for
other third countries, a second offer price must be
determined for exports from these other countries;

Whereas the regular review of the information serving
as a basis for the determination of average offer prices
for the products listed in Article 1 (1) of Regulation
(EEC) No 2759/75 indicates that additional amounts
corresponding to the figures shown in the Annex
hereto should be fixed for the imports listed according
to product and country of origin in that Annex;

Whereas Council Regulation (EEC) No 2767/75 of 29
October 1975 ⁽⁵⁾, as last amended by Regulation (EEC)
No 1906/83 ⁽⁶⁾, laid down general rules for the fixing
of additional amounts for those products for which no
sluice-gate price is fixed;

Whereas Regulation No 202/67/EEC lays down
certain detailed rules, to that end, and in particular for
determining the free-at-frontier offers for those
products; whereas, according to the information
received by the Commission, offers from third coun-
tries in the determination of which not only the prices
shown in customs documents but also all other indica-
tions concerning the prices ruling in third countries,
are taken into account, are developing in such a way
that additional amounts should be fixed for those
products at the level shown in the Annex;

Whereas, in accordance with Article 1 of Regulation
No 121/65/EEC ⁽⁷⁾ and with Regulations (EEC) No
564/68 ⁽⁸⁾, (EEC) No 998/68 ⁽⁹⁾, as amended by Regula-
tion (EEC) No 328/83 ⁽¹⁰⁾, (EEC) No 2260/69 ⁽¹¹⁾, as
amended by Regulation (EEC) No 328/83, and (EEC)
No 1570/71 ⁽¹²⁾, as amended by Regulation (EEC) No
328/83, the levy on certain products listed in those
Regulations which originate in and come from the
Federal Republic of Austria, the People's Republic of
Poland, the Hungarian People's Republic, the Socialist
Republic of Romania and the People's Republic of
Bulgaria should not be increased by an additional
amount;

Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Management
Committee for Pigmeat,

HAS ADOPTED THIS REGULATION:

Article 1

The additional amounts provided for in Article 13 of
Regulation (EEC) No 2759/75 shall be as set out in
the Annex hereto for the products listed in Article 1
(1) of that Regulation which appear in the said Annex.

Article 2

COMMISSION REGULATION (EEC) No 1424/84

of 23 May 1984

introducing a countervailing charge on tomatoes originating in Spain

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
1035/72 of 18 May 1972 on the common organization
of the market in fruit and vegetables⁽¹⁾, as last
amended by Regulation (EEC) No 985/84⁽²⁾, and in
particular the second subparagraph of Article 27 (2)
thereof,

Whereas Article 25 (1) of Regulation (EEC) No
1035/72 provides that, if the entry price of a product
imported from a third country remains at least 0,6
ECU below the reference price for two consecutive
market days, a countervailing charge must be intro-
duced in respect of the exporting country concerned,
save in exceptional circumstances; whereas this charge
is equal to the difference between the reference price
and the arithmetic mean of the last two entry prices
available for that exporting country;

Whereas Commission Regulation (EEC) No 908/84 of
3 April 1984 fixing for the 1984 marketing year the
reference prices for tomatoes⁽³⁾ fixed the reference
price for products of class I for May 1984 at 127,43
ECU per 100 kilograms net;

Whereas the entry price for a given exporting country
is equal to the lowest representative prices recorded for
at least 30 % of the quantities from the exporting
country concerned which are marketed on all repre-
sentative markets for which prices are available less the
duties and the charges indicated in Article 24 (3) of
Regulation (EEC) No 1035/72; whereas the meaning
of representative price is defined in Article 24 (2) of
Regulation (EEC) No 1035/72;

Whereas, in accordance with Article 3 (1) of Regula-
tion (EEC) No 2118/74⁽⁴⁾, as last amended by Regula-

tion (EEC) No 3110/83⁽⁵⁾, the prices to be taken into
consideration must be recorded on the representative
markets or, in certain circumstances, on other
markets; whereas it is necessary to multiply the prices
with the coefficient fixed in Article 1 (2) of Regulation
(EEC) No 908/84;

Whereas, for Spanish tomatoes, the entry price calcu-
lated in this way has remained at least 0,6 ECU below
the reference price for two consecutive market days;
whereas a countervailing charge should therefore be
introduced for these tomatoes;

Whereas, if the system is to operate normally, the
entry price should be calculated on the following
basis:

- in the case of currencies which are maintained in
relation to each other at any given moment within
a band of 2,25 %, a rate of exchange based on
their central rate, multiplied by the coefficient
provided for in Article 2b (2) of Regulation (EEC)
No 974/71,
- for other currencies, an exchange rate based on the
arithmetic mean of the spot market rates of each of
these currencies in relation to the Community
currencies referred to in the previous indent and
the aforesaid coefficient,

HAS ADOPTED THIS REGULATION:

Article 1

A countervailing charge of 8,11 ECU per 100 kilo-
grams net is applied to tomatoes (subheading 07.01 M
of the Common Customs Tariff) originating in Spain.

COMMISSION REGULATION (EEC) No 1430/84
of 23 May 1984
fixing the amount of the subsidy on oil seeds

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EEC) No 1101/84 ⁽²⁾, and in particular Article 27 (4) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 27 of Regulation No 136/66/EEC provides that a subsidy should be granted in respect of oil seeds harvested and processed within the Community when the target price for a species of seed is higher than the price on the world market; whereas these provisions at present apply only in respect of colza, rape and sunflower seeds;

Whereas the subsidy on oil seeds should, theoretically, be equal to the difference between those two prices;

Whereas the target price and the monthly increases in the target price for oil seeds for the 1984/85 marketing year were fixed by Regulations (EEC) No 1102/84 ⁽³⁾ and (EEC) No 1103/84 ⁽⁴⁾; whereas Article 29 of Regulation No 136/66/EEC provides that the world market price, calculated for a Community frontier crossing point, is to be determined on the basis of the most favourable purchasing opportunities, quotations being adjusted where necessary to take account of quotations for competing products;

Whereas Article 4 of Council Regulation No 115/67/EEC of 6 June 1967 laying down criteria for determining world market prices for oil seeds and fixing the frontier crossing point ⁽⁵⁾, as last amended by Regulation (EEC) No 1983/82 ⁽⁶⁾, fixed the said crossing point at Rotterdam; whereas Article 1 of that Regulation provides that when the world market price is being determined account should be taken of all

offers on the world market known to the Commission and of quotations on those exchanges which are significant for international trade; whereas Article 2 of Commission Regulation No 225/67/EEC of 28 June 1967 on detailed rules for determining the world market price for oil seeds ⁽⁷⁾, as last amended by Regulation (EEC) No 1326/84 ⁽⁸⁾, provides that offers and quotations which do not relate to shipments to be effected within 30 days following the date on which the world market price is determined should be disregarded; whereas offers and quotations which the Commission believes, in view of general price movements or information available to it, not to be representative of the real trend of the market must also be disregarded; whereas offers and quotations relating to quantities of less than 500 tonnes and offers relating to seed of a quality other than that normally acceptable on the world market must also be disregarded;

Whereas Article 3 of Regulation No 225/67/EEC provides that of the offers and quotations taken into consideration, those for delivery c and f should be increased by 0,2 %; whereas offers and quotations for delivery fas, fob or otherwise should be increased, as appropriate, by loading, transport and insurance costs from the point of shipment or loading to the frontier crossing point; whereas cif offers and quotations for frontier crossing points other than Rotterdam should be adjusted to allow for the difference in transport and insurance costs as compared with a product delivered cif Rotterdam; whereas the Commission should take account only of the loading, transport and insurance costs which to its knowledge are the lowest; whereas, finally, offers and quotations for delivery cif Rotterdam should be increased by 0,242 ECU;

Whereas Article 5 of Regulation No 115/67/EEC provides that the world market price should be determined for seed of the standard quality for which the target price has been fixed, delivered in bulk;

Whereas Article 3 of Regulation No 225/67/EEC provides that offers and quotations relating to products presented otherwise than in bulk should be adjusted by deducting the additional value resulting from that presentation; whereas offers and quotations relating to a quality other than the standard quality for which the target price was fixed should be adjusted on the basis of the coefficients of equivalence shown in the Annex

to that Regulation ; whereas, in the case of offers on the world market for qualities of colza and rape seed other than those listed in that Annex, coefficients of equivalence derived from those listed in that Annex may, pursuant to Article 4 of Regulation No 225/67/EEC, be applied ; whereas, when derived coefficients are being calculated, account must be taken of the differences between prices for the qualities of seed in question and prices for the qualities listed in that Annex, and of the characteristics of these various seeds ;

Whereas Article 2 of Regulation No 115/67/EEC provides that, where no offer or quotation can be used as a basis for determining the world market price, that price should be determined on the basis of the value of the average quantities of oil and oil cake resulting from the processing of 100 kilograms of seed within the Community less an amount corresponding to the cost of processing these seeds into oil and oil cake ; whereas the quantities and costs to be taken into consideration for the purposes of the calculation are fixed in Article 5 of Regulation No 225/67/EEC ; whereas the value of those quantities should be determined in accordance with Article 6 of that Regulation ;

Whereas Article 3 of Regulation No 115/67/EEC provides that, where no offer or quotation can be used as a basis for determining the world market price and where it is, moreover, impossible to establish the value of the oil or oil cake processed from such seed, the world market price should be determined on the basis of the most recent known value for oil or oil cake, adjusted to take account of the trend of world prices for competing products by applying to that value the rules set out in Article 2 of Regulation No 115/67/EEC ; whereas Article 7 of Regulation No 225/67/EEC defines competing products as those oils or oil cakes, as the case may be, which appear to have been offered in the largest quantities on the world market during the period under consideration ;

Whereas, under Article 6 of Regulation No 115/67/EEC, the price determined for colza, rape and sunflower seeds must also be adjusted by an amount not exceeding the margin, as calculated in accordance with that Article, where that margin may affect the normal disposal of seeds harvested in the Community ;

Whereas the factors to be taken into consideration for the purpose of determining that margin are defined in Article 8 of Regulation No 225/67/EEC ; whereas no

adjustment should be made where the margin is found to be less than 0,604 ECU ;

Whereas Council Regulation (EEC) No 1594/83 of 14 June 1983 on the subsidy for oil seeds ⁽¹⁾ laid down rules for granting the subsidy on oil seeds ; whereas, under that Regulation, where the subsidy to be granted is fixed in advance, the amount of such subsidy must be equal to the amount applicable on the day on which the application for advance fixing was lodged, adjusted by the difference between the target price valid on that day and the target price valid on the day on which the seeds are placed under control at an oil or feed mill and, where appropriate, a corrective amount ; whereas Article 35 of Commission Regulation (EEC) No 2681/83 of 21 September 1983 laying down detailed rules for the application of the subsidy system for oil seeds, as amended by Regulation (EEC) No 837/84 ⁽²⁾, provides that such adjustment should involve increasing or reducing the amount of subsidy applicable on the day on which the application was lodged by the corrective amount and the difference between the target prices mentioned in Article 35 of Regulation (EEC) No 2681/83 ;

Whereas Article 37 of Regulation No 2681/83 provides that the corrective amount must be equal to the difference between the world market price for colza, rape and sunflower seeds and the forward price for those seeds valid for a shipment effected during the month in which the seeds were placed under control at an oil mill, those prices being determined in accordance with Articles 1, 4 and 5 of Regulation No 115/67/EEC ; whereas, if no offer and no price can be used for such determination, the method of calculation provided for in Article 37 of Regulation (EEC) No 2681/83 should be used ; whereas the abovementioned difference may be adjusted in accordance with Article 38 of Regulation (EEC) No 2681/83, account being taken of the prices of the main competing cereals ;

Whereas the subsidy should be fixed whenever the market situation makes it necessary and in such a way as to ensure its being applied at least once a week ; whereas the subsidy may be altered whenever it becomes obvious that such alteration is necessary ;

Whereas, if the subsidy system is to operate normally, subsidies should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on the central rate,

⁽¹⁾ OJ No L 163, 22. 6. 1983, p. 44.

⁽²⁾ OJ No L 88, 31. 3. 1984, p. 50.

- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas it follows from applying these provisions to the offers and quotations known to the Commission that the subsidy on colza, rape and sunflower seeds should be as set out in the Annex hereto,

HAS ADOPTED THIS REGULATION:

Article 1

The amount of the subsidy referred to in Article 27 of Regulation No 136/66/EEC shall be as set out in the Annex hereto.

THE PROFESSIONS IN THE EUROPEAN COMMUNITY
Towards freedom of movement and mutual recognition of qualifications

J.-P. de CRAYENCOUR

Aside from establishing a common market, one of the tasks of the European Community is to promote closer relations between the States belonging to it (Article 2 of the Treaty of Rome). One of the means of achieving this end is the free movement of persons.

This freedom of movement concerns *inter alia*, the professions. Members of the professions will be able to play their part in European integration and put their independent and responsible services at the disposal of a wider clientele in the Community only if obstacles standing in the way of freedom of the professions, whether it takes the form of the right of establishment or the freedom to provide services, are removed.

As the professions are generally highly regulated, this freedom of movement can only be satisfactorily achieved if certain of the regulations governing them, such as those relating to training requirements and professional ethics, are harmonized to some degree.

Existing rules and regulations in the various Member States could be reviewed in the light of any such harmonization and of changes in society, while paying due attention to the values of independence and responsibility which are a feature of the professions, with a view to promoting European integration.

The aim of this booklet on 'The professions in the European Community — Towards freedom of movement and mutual recognition of qualifications' is to highlight the benefits to be derived from free movement and the manner in which it can be properly implemented. It describes the legal process involved, suggests how harmonization might be realized and underlines the steps to be taken to achieve the most urgent objective, namely mutual recognition of diplomas. Finally, it outlines what has been achieved thus far and what remains to be done.
