## COMMISSION DIRECTIVE

of 26 July 1984

**fixing standard rates of yield for certain inward processing operations and laying down  
certain rules for the calculation of import duties**

(84/442/EEC)

THE COMMISSION OF THE EUROPEAN  
COMMUNITIES,

Having regard to the Treaty establishing the Euro-  
pean Economic Community,

Having regard to Council Directive 69/73/EEC of  
4 March 1969 on the harmonization of provisions  
laid down by law, regulation or administrative  
action in respect of inward processing <sup>(1)</sup>, as last  
amended by Directive 83/89/EEC <sup>(2)</sup>, and in parti-  
cular Articles 12, 17 and 28 thereof,

Whereas Commission Directive 79/608/EEC <sup>(3)</sup>, as  
last amended by Directive 83/579/EEC <sup>(4)</sup>, fixes  
standard rates of yield for certain inward processing  
operations;

Whereas it is necessary to supplement the standard  
rates of yield previously fixed by specifying those of  
other compensating products obtained from differ-  
ent inward processing operations; whereas it is also  
appropriate to amend certain of those rates, to fix  
standard rates of yield for other operations and to  
delete certain of those rates referring to operations  
which are no longer carried out;

Whereas the fixing of standard rates of yield implies  
also that losses possibly resulting from the process-  
ing or working of the goods should also be taken  
into account, that is that part of the goods to be pro-  
cessed which is destroyed and disappears during the

process of manufacture; whereas account must be  
taken of these losses at the time of calculating  
import duties in the case of entry for free circulation  
of compensating or intermediate products;

Whereas for reasons of clarity it is desirable to pub-  
lish the provisions of Directive 79/608/EEC and all  
its amendments in a single text;

Whereas since there are, with the exception of  
cocoa, no longer provisions in force in the Member  
States corresponding to those contained in this  
Directive, Article 35 of Directive 69/73/EEC there-  
fore becomes devoid of object as regards its refer-  
ence to Article 12 of that Directive;

Whereas the measures provided for in this Directive  
are in accordance with the opinion of the Com-  
mittee for Customs Processing Arrangements,

HAS ADOPTED THIS DIRECTIVE:

*Article 1*

1. This Directive fixes, in column 5 of the Annex,  
the standard rates of yield which the competent  
authorities of each Member State must apply when  
inward processing operations concern goods listed  
in column 1 and result in the production of compen-  
sating products referred to in columns 3 and 4, on  
condition that the imported goods are of sound,  
genuine and merchantable quality and correspond  
to the standard quality where such quality has been  
fixed by Community rules.

<sup>(1)</sup> OJ No L 58, 8. 3. 1969, p. 1.

<sup>(2)</sup> OJ No L 59, 5. 3. 1983, p. 1.

<sup>(3)</sup> OJ No L 170, 9. 7. 1979, p. 5.

<sup>(4)</sup> OJ No L 334, 29. 11. 1983, p. 23.

2. For the purposes of this Directive:

- 'import duties' means not only customs duties and charges having equivalent effect but also agricultural levies and other import charges provided for under the common agricultural policy or under specific arrangements applicable to certain goods resulting from the processing of agricultural products,
- 'losses' means that part of the imported goods which was destroyed and has disappeared in the process of manufacture, notably by evaporation, desiccation, escape in the form of gas or dispersal in rinsing water.

3. The quantity of losses shall be the difference between the figure 100 and the sum of the quantities indicated in column 5 of the Annex.

*Article 2*

1. Where, at the time of application of the standard rates of yield provided for in Article 1, a Member State considers that, in specific cases, the conditions provided for in Article 12 of Directive 69/73/EEC, hereinafter referred to as the 'basic Directive', are not satisfied, the Member State shall inform the Commission, which shall notify the Committee for Customs Processing Arrangements without delay.

2. Each Member State shall communicate to the Commission the cases where the standard rates of yield provided for in this Directive could not be applied because, although the processing operations concerned goods listed in column 1 of the Annex, they resulted in the production of compensating products other than those referred to in columns 3 and 4 resulting from the same stage of manufacture.

These cases shall be examined by the Committee provided for in paragraph 1.

*Article 3*

Where entry for free circulation of part of the compensating products or intermediate products is authorized and the import duties are calculated in accordance with Article 17 (a) or the first indent of Article 17 (b) of the basic Directive, such duties shall be collected also on the basis of losses calculated for the products entered for free circulation. However, when the entry for free circulation concerns intermediate or compensating products which benefit from the taxation provided for in Article 18 of the basic Directive, that part of the losses corresponding to those products shall not be taken into account for the collection of import duties.

*Article 4*

Directive 79/608/EEC is hereby repealed.

*Article 5*

The Member States shall take the measures necessary to comply with this Directive by 1 October 1984.

They shall immediately inform the Commission, which shall communicate this information to the other Member States.

*Article 6*

This Directive is addressed to the Member States.

Done at Brussels, 26 July 1984.

*For the Commission*

(1) The subheadings in this column correspond to those in the Common Customs Tariff. When further subdivision has been necessary this is shown in parentheses (). These subdivisions correspond to those used in the Regulations fixing export refunds.

(2) Hulled grains are grains corresponding to the definition given in the Annex to Regulation (EEC) No 821/68 (OJ No L 149, 29. 6. 1968, p. 46).

(3) Cereal meal with an ash content, referred to dry matter, of less than 0,95 % by weight and a rate of passage through a sieve with an aperture of 0,25 mm of less than 10 % by weight.

(4) Pearled grains are grains corresponding to the definition given in the Annex to Regulation (EEC) No 821/68 (OJ No L 149, 29. 6. 1968, p. 46).

(5) This concerns maize groats and meal:  
— of which a percentage not exceeding 30 % by weight passes through a sieve with an aperture of 315 micrometers, or  
— of which a percentage not exceeding 5 % by weight passes through a sieve with an aperture of 150 micrometers.

(6) For glucose in the form of white crystalline powder, a concentration other than 92 %, the quantity to be shown is 43,81 kilograms of D-glucitol anhydrate per 100 kilograms of maize.

(7) For glucose other than in the form of white crystalline powder, a concentration other than 82 % the quantity to be shown is 50,93 kilograms of D-glucitol anhydrate per 100 kilograms of maize.

(8) For D-glucitol of a concentration other than 70 % the quantity to be shown is 40,7 kilograms of D-glucitol per 100 kilograms of maize.

(9) For D-glucitol of a concentration other than 70 % the quantity to be shown is 46,1 kilograms of D-glucitol anhydrate per 100 kilograms of maize.

(10) For the application of the alternatives (a) to (f), the real results from the operations have to be taken into account.

- 
- (<sup>11</sup>) For the purposes of completing the arrangements, the quantity of broken rice obtained shall correspond to the quantity of broken rice as determined at the time of importation for processing of rice under subheading 10.06 B II b). In the case of polishing, this quantity shall be increased by 2 % of the imported rice excluding the broken rice as determined at importation.
- (<sup>12</sup>) Pre-cooked rice is constituted by bleached rice in grains undergoing a pre-cooking and partial dehydration intended to facilitate final cooking.
- (<sup>13</sup>) The double quantity of oleic acid contained in the untreated olive oil has to be deducted from the quantity of refined olive oil shown in column 5 and constitutes the quantity of acid oils from refining.
- (<sup>14</sup>) Yield fixed for bakers' yeast with a content in the dry matter of 95 % obtained from beet molasses brought to 48 % of total sugar, or of cane molasses brought to 52 % of total sugar. For bakers' yeasts with a different content in the dry matter, the quantity to be shown is 22,4 kilograms of yeast anhydrate per 100 kilograms of beet molasses brought to 48 % of total sugar, or of cane molasses brought to 52 % of total sugar.
- (<sup>15</sup>) Yield fixed for bakers' yeast content in the dry matter of 28 % obtained from beet molasses brought to 48 % of total sugar, or of cane molasses brought to 52 % of total sugar. For bakers' yeasts with a different content in the dry matter, the quantity to be shown is 22,4 kilograms of yeast anhydrate per 100 kilograms of beet molasses brought to 48 % of total sugar, or of cane molasses brought to 52 % of total sugar.

**COMMISSION DIRECTIVE****of 26 July 1984****amending the Annex to Council Directive 82/471/EEC concerning certain products used  
in animal nutrition  
(84/443/EEC)**

THE COMMISSION OF THE EUROPEAN  
COMMUNITIES,

Having regard to the Treaty establishing the  
European Economic Community,

Having regard to Council Directive 82/471/EEC of  
30 June 1982 concerning certain products used in  
animal nutrition <sup>(1)</sup>, and in particular Article 6 there-  
of,

Whereas Directive 82/471/EEC provides for the  
content of the Annexes to be constantly adjusted to  
the progress of scientific and technical knowledge;

Whereas it is appropriate to subdivide the group  
'non-protein nitrogenous compounds and similar  
products' in order to establish a clear distinction  
between those products belonging respectively to  
the groups 'non-protein nitrogenous compounds',  
'amino acids and their salts', and 'hydroxy-ana-  
logues of aminoacids'; whereas, as a result of this  
subdivision and in the light of the studies which  
have been made, the use of new products should be  
authorized under certain conditions;

Whereas it has been found necessary to alter the  
composition characteristics and special provisions  
laid down for certain products contained in the  
Annex;

Whereas the measures provided for in this Directive  
are in accordance with the opinion of the Standing  
Committee for Feedingstuffs,

HAS ADOPTED THIS DIRECTIVE:

*Article 1*

The Annex to Directive 82/471/EEC shall be  
amended in accordance with the Annex hereto.

*Article 2*

The Member States shall bring into force the laws,  
regulations and administrative provisions necessary  
to comply with Article 1, not later than 30 June  
1985. They shall immediately inform the Commis-  
sion thereof.

*Article 3*

This Directive is addressed to the Member States.

Done at Brussels, 26 July 1984.

*For the Commission*

Poul DALSAGER

*Member of the Commission*

<sup>(1)</sup> OJ No L 213, 21. 7. 1982, p. 8.

*ANNEX*

1. The heading of column 3, 'Chemical designation of product or identity of micro-organism', is replaced by 'Designation of nutritive principle or identity of micro-organism'.
2. In the English text, the heading of column 4 'Nutrient substrate (specifications, if any)', is replaced by the heading 'Culture substrate (specifications, if any)'.
3. The following footnote is added: 'The contents laid down or to be declared in accordance with columns 5 and 7 refer to the product as such.'
4. Point 2, 'Non-protein nitrogenous compounds and similar products in the following groups', is replaced by the following:

**COMMISSION DIRECTIVE****of 26 July 1984****amending the Annex to Directive 69/73/EEC on the harmonization of provisions laid down by law, regulation or administrative action in respect of inward processing (84/444/EEC)**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS DIRECTIVE:

Having regard to the Treaty establishing the European Economic Community,

*Article 1*

The Annex to Directive 69/73/EEC is hereby replaced by the Annex to this Directive.

Having regard to Council Directive 69/73/EEC of 4 March 1969 on the harmonization of provisions laid down by law, regulation or administrative action in respect of inward processing <sup>(1)</sup>, as last amended by Directive 83/89/EEC <sup>(2)</sup>, and in particular Article 18 (4) thereof,

*Article 2*

The Member States shall take the necessary measures to conform to this Directive by 1 October 1984 at the latest.

Whereas Directive 83/89/EEC supplemented Directive 69/73/EEC with an annexed list enumerating the compensating or intermediate products which may be released for free circulation under the conditions set out in Article 18 of this latter Directive; whereas this list was amended by Directive 83/307/EEC <sup>(3)</sup>;

*Article 3*

The Member States shall inform the Commission of the measures which they take to apply this Directive.

Whereas it is desirable to modify this list as regards the description of operations set out in column 3 with respect to numbers 24, 25, 26, 27, 28, 30, 32, 34, 39, 40, 55, 56, 65, 68, 69, 71, 76 and 93 of the list annexed to Directive 83/307/EEC and the introduction of certain new products and the operations from which they result;

The Commission shall communicate this information to the other Member States.

*Article 4*

This Directive is addressed to the Member States.

Whereas, for reasons of clarity, it is advisable to reproduce in its entirety the list annexed to Directive 69/73/EEC in its modified form;

Done at Brussels, 26 July 1984.

Whereas the measures set out in this Directive are in accordance with the opinion of the Committee for Customs Processing Arrangements,

*For the Commission*  
Karl-Heinz NARJES  
*Member of the Commission*
