COMMISSION REGULATION (EEC) No 2723/84

of 27 September 1984

fixing the minimum levies on the importation of olive oil and levies on the importation of other olive oil sector products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by Regulation (EEC) No 1556/84⁽²⁾, and in particular Article 16 (2) thereof,

Having regard to Council Regulation (EEC) No 1514/76 of 24 June 1976 on imports of olive oil originating in Algeria⁽³⁾, as last amended by Regulation (EEC) No 663/84⁽⁴⁾, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1521/76 of 24 June 1976 on imports of olive oil originating in Morocco⁽⁵⁾, as last amended by Regulation (EEC) No 663/84 and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1508/76 of 24 June 1976 on imports of olive oil originating in Tunisia⁽⁶⁾, as last amended by Regulation (EEC) No 1112/84⁽⁷⁾, and in particular Article 5 thereof,

Whereas by Regulation (EEC) No 3131/78 of 28 December 1978⁽¹¹⁾ the Commission decided to use the tendering procedure to fix levies on olive oil;

Whereas Article 3 of Regulation (EEC) No 2751/78 of 23 November 1978 laying down general rules for fixing the import levy on olive oil by tender⁽¹²⁾ specifies that the minimum levy rate shall be fixed for each of the products concerned on the basis of the situation on the world market and the Community market and of the levy rates indicated by tenderers;

Whereas in the collection of the levy account should be taken of the provisions in the Agreements between the Community and certain third countries; whereas in particular the levy applicable for those countries must be fixed taking as a basis for calculation the levy to be collected on imports from the other third countries;

Whereas application of the rules recalled above to the levy rates indicated by tenderers on 24 and 25 September 1984 leads to the minimum levies being fixed as indicated in Annex I to this Regulation;

Whereas the import levy on olives falling within subheadings 07.01 N II and 07.03 A II of the Common Customs Tariff and on products falling within subheadings 15.17 B I and 23.04 A II of the Common Customs Tariff must be calculated from the minimum levy applicable on the olive oil contained in these products; whereas, however, the levy charged for olive oil may not be less than an amount equal to 8 % of the value of the imported product, such amount to be fixed at a standard rate; whereas application of these provisions leads to the levies being fixed as indicated in Annex II to this Regulation,

COMMISSION REGULATION (EEC) No 2724/84
of 27 September 1984
fixing the export refunds on milk and milk products

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No 804/68
of 27 June 1968 on the common organization of the
market in milk and milk products ⁽¹⁾, as last amended
by Regulation (EEC) No 1557/84 ⁽²⁾, and in particular
Article 17 (4) thereof,

Having regard to the opinion of the Monetary
Committee,

Whereas Article 17 of Regulation (EEC) No 804/68
provides that the difference between prices in inter-
national trade for the products listed in Article 1 of
that Regulation and prices for those products within
the Community may be covered by an export refund ;

Whereas Council Regulation (EEC) No 876/68 of 28
June 1968 laying down general rules for granting
export refunds on milk and milk products and criteria
for fixing the amount of such refunds ⁽³⁾, as amended
by Regulation (EEC) No 2429/72 ⁽⁴⁾, provides that
when the refunds on the products listed in Article 1 of
Regulation (EEC) No 804/68, exported in the natural
state, are being fixed account must be taken of :

- the existing situation and the future trend with
regard to prices and availabilities of milk and milk
products on the Community market and prices for
milk and milk products in international trade,
- marketing costs and the most favourable transport
charges from Community markets to ports or other
points of export in the Community, as well as costs
incurred in placing the goods on the market of the
country of destination,
- the aims of the common organization of the
market in milk and milk products which are to
ensure equilibrium and the natural development of
prices and trade on this market,

- the need to avoid disturbances on the Community
market, and
- the economic aspect of the proposed exports ;

Whereas Article 3 (1) of Regulation (EEC) No 876/68
provides that when prices within the Community are
being determined account should be taken of the
ruling prices which are most favourable for expor-
tation, and that when prices in international trade are
being determined particular account should be taken
of :

- (a) prices ruling on third country markets ;
- (b) the most favourable prices in third countries of
destination for third country imports ;
- (c) producer prices recorded in exporting third coun-
tries, account being taken, where appropriate, of
subsidies granted by those countries ; and
- (d) free-at-Community-frontier offer prices ;

Whereas Article 4 of Regulation (EEC) No 876/68
provides that the world market situation or the specific
requirements of certain markets may make it necessary
to vary the refund on the products listed in Article 1
of Regulation (EEC) No 804/68 according to desti-
nation ;

Whereas Article 5 (1) of Regulation (EEC) No 876/68
provides that the list of products on which export
refunds are granted and the amount of such refunds
should be fixed at least once every four weeks ;
whereas the amount of the refund may, however,
remain at the same level for more than four weeks ;

Whereas Article 2 of Commission Regulation (EEC)
No 1098/68 of 27 July 1968 on detailed rules for the
application of export refunds on milk and milk
products ⁽⁵⁾, as last amended by Regulation (EEC) No
2283/81 ⁽⁶⁾, provides that the refund on products
falling within subheading 04.02 B is equal to the sum
of two components, the first representing the quantity
of milk products and the second representing the
quantity of added sucrose ; whereas, however, the latter
component applies only if the added sucrose was
produced from beet or cane harvested within the
Community ;

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 13.

⁽²⁾ OJ No L 150, 6. 6. 1984, p. 6.

⁽³⁾ OJ No L 155, 3. 7. 1968, p. 1.

⁽⁴⁾ OJ No L 264, 23. 11. 1972, p. 1.

⁽⁵⁾ OJ No L 184, 29. 7. 1968, p. 10.

⁽⁶⁾ OJ No L 223, 8. 8. 1981, p. 10.

Whereas for the products falling within subheading 04.02 B II a) or 04.02 B II b) 1 with a fat content not exceeding 9,5 % by weight, the first component referred to above is fixed for 100 kilograms of the whole product; whereas, for the other products falling within subheading 04.02 B, this component is calculated by multiplying the basic amount by the milk product content of the product in question; whereas this basic amount is the refund on one kilogram of milk products contained in the product;

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector⁽¹⁾;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the coefficient provided for in Article 2b (2) of Regulation (EEC) No 974/71, as last amended by Regulation (EEC) No 855/84,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded over a given period in relation to the Community currencies referred to in the previous indent, and the aforesaid coefficient;

Whereas the level of refund for cheeses is calculated for products intended for direct consumption; whereas the cheese rinds and cheese wastes are not products intended for this purpose; whereas, to avoid any confusion in interpretation, it should be specified that

there will be no refund for these products which fall within heading No 04.04;

Whereas Commission Regulation (EEC) No 896/84⁽²⁾, as amended by Regulation (EEC) No 1161/84⁽³⁾, laid down additional provisions concerning the granting of refunds on the change from one milk year to another; whereas those provisions provide for different refunds according to the date of manufacture of the products;

Whereas it follows from applying these detailed rules to the present situation on the market in milk and milk products, and in particular to prices for these products within the Community and on the world market, that the refund should be as set out in the Annex hereto;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

1. The export refunds referred to in Article 17 of Regulation (EEC) No 804/68 on products exported in the natural state shall be as set out in the Annex hereto.
2. There shall be no refunds for exports to Zone E for products falling within heading Nos 04.01, 04.02, 04.03 and 23.07 of the Common Customs Tariff.

Article 2

This Regulation shall enter into force on 28 September 1984.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products⁽¹⁾, as last amended by Regulation (EEC) No 1557/84⁽²⁾, and in particular Article 6 (7) thereof,

Whereas Article 4 of Commission Regulation (EEC) No 2268/84 of 31 July 1984 on special sales of intervention butter for export to various destinations and amending Regulation (EEC) No 1687/76⁽³⁾, as amended by Regulation (EEC) No 2618/84⁽⁴⁾, lays down that the quantity of butter sold may be removed by the purchaser in part-lots of not less than 20 tonnes each; whereas this quantity has proved to be too high for the capacity of the vehicles normally used for such purposes; whereas this quantity should therefore be reduced; whereas the same provision is contained in Commission Regulation (EEC) No 2278/84 of 31 July 1984 on the sale at a fixed price of butter to be exported to certain destinations in the form of ghee and amending Regulation (EEC) No 1687/76⁽⁵⁾, as amended by Regulation (EEC) No 2618/84; whereas the same amendment should therefore be made to the said Regulation;

Whereas the Member States have provided the information required of them in Regulation (EEC) No 1810/84 with regard to offers made in August; whereas this information shows that the offers made exceed the quantity for the month; whereas the percentage by which they are to be reduced should therefore be set,

HAS ADOPTED THIS REGULATION:

COMMISSION REGULATION (EEC) No 2733/84

of 27 September 1984

fixing the export refunds on cereals and on wheat or rye flour, groats and meal

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
2727/75 of 29 October 1975 on the common organi-
zation of the market in cereals⁽¹⁾, as last amended by
Regulation (EEC) No 1018/84⁽²⁾, and in particular the
fourth subparagraph of Article 16 (2),

Having regard to the opinion of the Monetary
Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75
provides that the difference between quotations or
prices on the world market for the products listed in
Article 1 of that Regulation and prices for those
products in the Community may be covered by an
export refund;

Whereas Article 2 of Council Regulation (EEC) No
2746/75 of 29 October 1975 laying down general rules
for granting export refunds on cereals and criteria for
fixing the amount of such refunds⁽³⁾, provides that
when refunds are being fixed, account must be taken
of the existing situation and the future trend with
regard to prices and availabilities of cereals on the
Community market on the one hand, and prices for
cereals and cereal products on the world market on
the other; whereas the same Article provides that it is
also important to ensure equilibrium and the natural
development of prices and trade on cereal markets
and, furthermore, to take into account the economic
aspect of the proposed exports and the need to avoid
disturbances on the Community market;

Whereas Article 3 of Regulation (EEC) No 2746/75
defines the specific criteria to be taken into account
when the refund on cereals is being calculated;

Whereas these specific criteria are defined, as far as
wheat and rye flour, groats and meal are concerned, in
Article 4 of Regulation (EEC) No 2746/75; whereas
furthermore, when the refund on these products is
being calculated, account must be taken of the quanti-
ties of cereals required for their manufacture; whereas

these quantities were fixed in Regulation No 162/
67/EEC⁽⁴⁾, as amended by Regulation (EEC) No
1607/71⁽⁵⁾;

Whereas the world market situation or the specific
requirements of certain markets may make it necessary
to vary the refund for certain products according to
destination;

Whereas the refund must be fixed once a month;
whereas it may be altered in the intervening period;

Whereas, if the refund system is to operate normally,
refunds should be calculated on the following basis:

- in the case of currencies which are maintained in
relation to each other at any given moment within
a band of 2,25 %, a rate of exchange based on
their central rate, multiplied by the coefficient
provided for in Article 2b (2) of Regulation (EEC)
No 974/71, as last amended by Regulation (EEC)
No 855/84,
- for other currencies, an exchange rate based on the
arithmetic mean of the spot market rates of each of
these currencies recorded over a given period in
relation to the Community currencies referred to
in the previous indent and the aforesaid coeffi-
cient;

Whereas it follows from applying the detailed rules set
out above to the present situation on the market in
cereals, and in particular to quotations or prices for
these products within the Community and on the
world market, that the refunds should be as set out in
the Annex hereto;

Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Management
Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1
(a), (b) and (c) of Regulation (EEC) No 2727/75,
exported in the natural state, shall be as set out in the
Annex hereto.

Article 2

This Regulation shall enter into force on 28
September 1984.

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1018/84⁽²⁾, and in particular the fourth subparagraph of Article 16 (2) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of those Regulations and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds⁽³⁾, provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and, furthermore, to take into account the economic aspect of the proposed exports, and the need to avoid disturbances on the Community market;

Whereas Council Regulation (EEC) No 2744/75 of 29 October 1975 on the import and export system for products processed from cereals and from rice⁽⁴⁾, as last amended by Regulation (EEC) No 1027/84⁽⁵⁾, defines the specific criteria to be taken into account when the refund on these products is being calculated;

Whereas it follows from applying these detailed rules to the present situation on the market in products

processed from cereals and rice that the export refund should be fixed at an amount which will cover the difference between Community prices and world market prices;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the coefficient provided for in Article 2b (2) of Regulation (EEC) No 974/71, as last amended by Regulation (EEC) No 855/84,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent and the aforesaid coefficient;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on malt listed in Article 1 (d) of Regulation (EEC) No 2727/75 subject to Regulation (EEC) No 2744/75 shall be as set out in the Annex hereto.

COMMISSION REGULATION (EEC) No 2735/84**of 27 September 1984****fixing the corrective amount applicable to the refund on malt**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Council Regulation (EEC) No 1018/84⁽²⁾,

Having regard to Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds⁽³⁾,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 (4) of Regulation (EEC) No 2727/75 provides that the export refund applicable to cereals on the day on which application for an export licence is made, adjusted for the threshold price in force during the month of exportation, must be applied on request to exports to be effected during the period of validity of the export licence; whereas, in this case, a corrective amount must be applied to the refund;

Whereas Council Regulation (EEC) No 2744/75 of 29 October 1975 on the import and export system for products processed from cereals and from rice⁽⁴⁾, as last amended by Regulation (EEC) No 1027/84⁽⁵⁾, made possible the fixing of a corrective amount for certain products listed in Article 1 (d) of Regulation (EEC) No 2727/75;

Whereas Regulation (EEC) No 1281/75⁽⁶⁾ laid down detailed rules for the advance fixing of export refunds for cereals and certain products processed from cereals;

Whereas, pursuant to that Regulation, when the corrective amount is being fixed in respect of malt, account must be taken of the existing situation and the future trend with regard to the possibilities and conditions for the sale of the cereals concerned and of

malt on the world market; whereas the same Regulation also provides that account must be taken of the quantity of cereals needed for making malt, the economic aspect of exports and the need to avoid disturbances on the Community market;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the corrective amount according to destination;

Whereas the corrective amount must be fixed at the same time as the refund and according to the same procedure; whereas it may be altered in the period between fixings;

Whereas, if the system of corrective amounts is to operate normally, corrective amounts should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the coefficient provided for in Article 2b (2) of Regulation (EEC) No 974/71, as last amended by Regulation (EEC) No 855/84,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded over a given period in relation to the Community currencies referred to in the preceding indent, and the aforesaid coefficient;

Whereas it follows from applying the provisions set out above that the corrective amount must be as set out in the Annex hereto;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The corrective amount referred to in Article 16 (4) of Regulation (EEC) No 2727/75 which is applicable to export refunds fixed in advance in respect of malt shall be as set out in the Annex hereto.

COMMISSION

COMMISSION DECISION

of 26 September 1984

accepting undertakings given in connection with the anti-dumping proceeding concerning imports of asbestos-cement corrugated sheets originating in Czechoslovakia and the German Democratic Republic and terminating that proceeding

(84/465/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2176/84 of 23 July 1984 on protection against dumped or subsidized imports from countries not members of the European Economic Community⁽¹⁾, and in particular Article 10 thereof,

After consultation within the Advisory Committee as provided for under the abovementioned Regulation,

Whereas :

A. Procedure

(1) In January 1984 the Commission received a complaint lodged by the 'Union professionnelle des usines belges d'asbeste ciment' on behalf of producers representing the majority of Community production of asbestos-cement corrugated sheets. The complaint contained evidence of dumping and of material injury resulting therefrom, which was considered sufficient to justify the initiation of a proceeding. The Commission accordingly announced, by a notice published in

the *Official Journal of the European Communities*⁽²⁾, the initiation of an anti-dumping proceeding concerning imports into the Community of asbestos-cement corrugated sheets falling within subheading ex 68.12 A of the Common Customs Tariff, corresponding to NIMEXE code ex 68.12-11, originating in Czechoslovakia and the German Democratic Republic and commenced an investigation.

- (2) The Commission officially so advised the exporters and importers known to be concerned and the representatives of the exporting countries and the complainants and gave the parties directly concerned the opportunity to make known their views in writing and to request a hearing.
- (3) The known exporter and importers of the product concerned originating in Czechoslovakia requested and were granted a hearing.
- (4) The exporter and importers of the product concerned originating in Czechoslovakia requested and were granted the opportunity to meet the complainants for the purpose of presenting their opposing views.
- (5) The Commission sought and verified all information it deemed to be necessary for the purposes of a preliminary determination and carried out investigations at the premises of the following :

⁽¹⁾ OJ No L 201, 30. 7. 1984, p. 1.

⁽²⁾ OJ No C 55, 28. 2. 1984, p. 4.

(i) *EEC producers*

(a) Belgium

- Eternit NV, Kapelle-op-den-Bos,
- S. A. Fabrecim, Harmignies,
- J. M. Balmatt NV, Mol,
- NV Scheerders van Kerhove's Ver. Fabrieken, St. Niklaas;

(b) The Netherlands

- Eternit BV, Amsterdam;

(c) France

- Eternit Industries SA, Vernouillet,
- Everitube SA, Paris;

(d) Federal Republic of Germany

- Eternit AG, Berlin;

(ii) *Producer in Finland*

(for the purpose of determining the normal value):

- Oy Partek AB, Muijala;

(iii) *Importers*

(a) Belgium

- Ets. D. Van Riet, Temse, for the product originating in the German Democratic Republic;

(b) The Netherlands

- A. de Boo Delft BV, Delft (assisted by a representative of P. N. M. Hooge-Chemicaliën BV, Vught, acting as the agent of the exporter of the German Democratic Republic),
- Austria BV, Lisse, for the product originating in Czechoslovakia.

- (6) The investigation of dumping covered the period 1 January to 31 December 1983.

B. Normal value

- (7) In order to establish whether the imports from Czechoslovakia and the German Democratic Republic were dumped, the Commission had to take account of the fact that these countries do not have market economies. The Commission therefore based its determination of the normal value in a market-economy country.

- (8) In this connection, the complainants had suggested the Finnish market. However, most of the exporters and importers contested the use of Finnish domestic prices, mainly because these parties considered that these prices do not result from a normal supply and demand situation. Therefore, it was suggested by these parties to use

Spanish prices for sales on the domestic market or for export to the EEC.

- (9) Although the arguments presented by the exporters and importers were not considered by the Commission to constitute by themselves sufficient reasons for rejecting Finland as the market-economy third country for the determination of the normal value, the Commission, nevertheless, examined the possibility of establishing normal value on the basis of the prices of the Spanish product. However, the Commission was informed that its representatives could not be received at the premises of the individual producers in Spain, but that an investigation could take place at the office of the Spanish association of asbestos-cement producers. This proposal was not considered acceptable by the Commission, since there were not sufficient guarantees offered that would enable the Commission's representatives to carry out a thorough investigation covering all information necessary to determine the normal value in accordance with the provisions of Article 3 of Council Regulation (EEC) No 2176/84, particularly concerning the profitability relating to the sales made by each of the Spanish producers of the product concerned.

- (10) Taking into account the fact that no other alternatives had been put forward by the interested parties, except for Austria, with regard to which no evidence or arguments had been submitted, and in order to avoid further delays at this stage of the proceeding, it was provisionally decided that the constructed value calculated for the manufacturer of the product concerned in Finland is to be considered as the most appropriate and reasonable basis for the determination of the normal value, since by taking the constructed value as the basis for this calculation, the main objection raised by the exporters and importers (see point 8) does not apply. The constructed value was computed by taking the company's total cost of materials and manufacture, including overheads and a modest profit margin, considered reasonable in this case.

C. Export price

- (11) Export prices were determined on the basis of the prices actually paid for the product sold for export to the Community.

D. Comparison

- (12) In comparing normal value with export prices, the Commission took account, where appropriate, of differences affecting price comparability. This was the case for differences in conditions and terms of sale in so far as a direct relationship

could be satisfactorily demonstrated. These differences concerned in particular credit terms, transport, insurance, handling, loading and ancillary costs. All comparisons were made at ex-works level.

E. Margins

- (13) The above preliminary examination of the facts shows the existence of dumping in respect of all the exporters concerned, the margin of dumping being equal to the amount by which the normal value as established exceeds the prices for export to the Community.
- (14) These margins vary according to the exporter concerned and the importing Member State, the weighted average dumping margin with regard to each of the exporting countries being as follows :
- Czechoslovakia : 82 %
 - the German Democratic Republic : 77 %

F. Injury

- (15) With regard to the injury caused by the dumped imports the evidence available to the Commission shows that imports into the Community from Czechoslovakia and the German Democratic Republic of asbestos-cement corrugated sheets increased from 26 780 tonnes in 1980 to 30 947 tonnes in 1983, which represents an increase of 15,5 %. In the Benelux countries these imports increased from 9 188 tonnes in 1980 to 21 161 tonnes in 1983, which represents an increase of 130 %.
- (16) With regard to the combined market share held by the dumped imports the evidence available to the Commission shows that it increased from 1,4 % in 1980 to 2,3 % in 1983 in the Community, which represents an increase of 64 %. Furthermore, in the Benelux countries, where these imports were concentrated, this market share increased from 5,8 to 20,4 % between 1980 and 1983, which represents an increase of 250 %.
- (17) The resale prices of these imports undercut the prices of the Community producers concerned in this proceeding during the investigation period by 15 %.
- (18) These imports have been a main cause of the increasing difficulties encountered in a declining market by the Community producers concerned in this proceeding. As such, these dumped imports contributed to the reduction of their

production, which dropped by 21,4 % between 1980 and 1983, to the reduction of their capacity utilization, which dropped from 72 % in 1980 to 64 % in 1983 despite the lowering of their capacity by 12 % during the same period, and to the reduction of their sales, which dropped by 15,5 % between 1980 and 1983.

- (19) With regard to the development of the profitability of the Community producers concerned in this proceeding, it has been established that between 1980 and 1983 profits either dropped significantly or considerable losses were made.
- (20) Between 1980 and 1983 the number of employees of these Community producers was significantly reduced.
- (21) It has been argued by some exporters and importers that injury has been caused not by the dumped imports, but by sales of the product concerned originating in Italy. Although it appears on the basis of the evidence available to the Commission that sales of the product concerned originating in Italy increased significantly between 1980 and 1983, the prices at which this product was sold were, on average, 15 % above the prices of the dumped products. The substantial increase of the dumped products, particularly in the Benelux countries, and the prices at which they are offered for sale in these Member States, led the Commission to determine that the effects of the dumped imports of asbestos-cement corrugated sheets originating both in Czechoslovakia and in the German Democratic Republic taken in isolation, have to be considered as constituting material injury to the Community producers concerned in this proceeding.

G. Community interest

- (22) In view of the particularly serious difficulties facing the Community producers concerned in this proceeding and particularly the negative development of their profitability, the Commission has come to the conclusion that it is in the Community's interest that action be taken.

H. Undertakings

- (23) The exporters concerned were informed of the main findings of the preliminary investigation and commented on them. Undertakings were subsequently offered by the exporters established in Czechoslovakia and the German Democratic Republic concerning their exports of asbestos-cement corrugated sheets to the Community.

(24) The effect of the said undertakings will be to increase their export prices to the Community to the level which the Commission, having taken into account, on the one hand, the selling price necessary to provide an adequate return to Community producers and, on the other hand, the purchase price of the Community importers and their costs and profit margin, considered necessary to eliminate injury. These increases in no case exceed the dumping margins found in the investigation.

(25) In these circumstances, the undertakings offered are considered acceptable and the proceeding may, therefore, be terminated without imposition of anti-dumping duties.

(26) No objection to this course was raised in the Advisory Committee,

HAS DECIDED AS FOLLOWS:

Article 1

The undertakings given by the following companies:

— Czechoslovak Ceramics Foreign Trade Corporation, Prague (Czechoslovakia),

— Limex GmbH, Bau-Export-Import, Berlin (German Democratic Republic),

in connection with the anti-dumping proceeding concerning imports of asbestos-cement corrugated sheets falling within subheading ex 68.12 A of the Common Customs Tariff, corresponding to NIMEXE code ex 68.12-11, originating in Czechoslovakia and the German Democratic Republic, are hereby accepted.

Article 2

The anti-dumping proceeding referred to in Article 1 is hereby terminated.
