fixing the minimum levies on the importation of olive oil and levies on the importation of other olive oil sector products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EEC) No 2260/84 ⁽²⁾, and in particular Article 16 (2) thereof,

Having regard to Council Regulation (EEC) No 1514/76 of 24 June 1976 on imports of olive oil originating in Algeria ⁽³⁾, as last amended by Regulation (EEC) No 663/84 ⁽⁴⁾, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1521/76 of 24 June 1976 on imports of olive oil originating in Morocco ⁽⁵⁾, as last amended by Regulation (EEC) No 663/84 and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1508/76 of 24 June 1976 on imports of olive oil originating in Tunisia ⁽⁶⁾, as last amended by Regulation (EEC) No 1112/84 ⁽⁷⁾, and in particular Article 5 thereof,

Whereas by Regulation (EEC) No 3131/78 of 28 December 1978 ⁽¹¹⁾ the Commission decided to use the tendering procedure to fix levies on olive oil;

Whereas Article 3 of Council Regulation (EEC) No 2751/78 of 23 November 1978 laying down general

rules for fixing the import levy on olive oil by tender ⁽¹²⁾ specifies that the minimum levy rate shall be fixed for each of the products concerned on the basis of the situation on the world market and the Community market and of the levy rates indicated by tenderers;

Whereas in the collection of the levy account should be taken of the provisions in the Agreements between the Community and certain third countries; whereas in particular the levy applicable for those countries must be fixed taking as a basis for calculation the levy to be collected on imports from the other third countries;

Whereas, with regard to Turkey and the Maghreb countries, the provisions of this Regulation should be without prejudice to the additional amount to be determined in accordance with the agreements between the Community and these third countries;

Whereas application of the rules recalled above to the levy rates indicated by tenderers on 10 and 11 December 1984 leads to the minimum levies being fixed as indicated in Annex I to this Regulation;

Whereas the import levy on olives falling within subheadings 07.01 N II and 07.03 A II of the Common Customs Tariff and on products falling within subheadings 15.17 B I and 23.04 A II of the Common Customs Tariff must be calculated from the minimum levy applicable on the olive oil contained in these products; whereas, however, the levy charged for olive oil may not be less than an amount equal to 8 % of the value of the imported product, such amount to be fixed at a standard rate; whereas application of these provisions leads to the levies being fixed as indicated in Annex II to this Regulation,

state, are being fixed account must be taken of :

- the existing situation and the future trend with
regard to prices and availabilities of milk and milk
products on the Community market and prices for
milk and milk products in international trade,
- marketing costs and the most favourable transport
charges from Community markets to ports or other
points of export in the Community, as well as costs
incurred in placing the goods on the market of the
country of destination,
- the aims of the common organization of the
market in milk and milk products which are to
ensure equilibrium and the natural development of
prices and trade on this market,

— the need to avoid disturbances on the Community
market, and

— the economic aspect of the proposed exports ;

Whereas Article 3 (1) of Regulation (EEC) No 876/68
provides that when prices within the Community are
being determined account should be taken of the
ruling prices which are most favourable for expor-
tation, and that when prices in international trade are
being determined particular account should be taken
of :

- (a) prices ruling on third country markets ;
- (b) the most favourable prices in third countries of
destination for third country imports ;
- (c) producer prices recorded in exporting third coun-
tries, account being taken, where appropriate, of
subsidies granted by those countries ; and
- (d) free-at-Community-frontier offer prices ;

Whereas Article 4 of Regulation (EEC) No 876/68
provides that the world market situation or the specific
requirements of certain markets may make it necessary
to vary the refund on the products listed in Article 1
of Regulation (EEC) No 804/68 according to desti-
nation ;

Whereas Article 5 (1) of Regulation (EEC) No 876/68
provides that the list of products on which export
refunds are granted and the amount of such refunds
should be fixed at least once every four weeks ;
whereas the amount of the refund may, however,
remain at the same level for more than four weeks ;

Whereas Article 2 of Commission Regulation (EEC)
No 1098/68 of 27 July 1968 on detailed rules for the
application of export refunds on milk and milk
products ⁽⁵⁾, as last amended by Regulation (EEC) No
2283/81 ⁽⁶⁾, provides that the refund on products
falling within subheading 04.02 B is equal to the sum
of two components, the first representing the quantity
of milk products and the second representing the
quantity of added sucrose ; whereas, however, the latter
component applies only if the added sucrose was
produced from beet or cane harvested within the
Community ;

⁽⁵⁾ OJ No L 184, 29. 7. 1968, p. 10.

⁽⁶⁾ OJ No L 223, 8. 8. 1981, p. 10.

Whereas for the products falling within subheading 04.02 B II a) or 04.02 B II b) 1 with a fat content not exceeding 9,5 % by weight, the first component referred to above is fixed for 100 kilograms of the whole product ; whereas, for the other products falling within subheading 04.02 B, this component is calculated by multiplying the basic amount by the milk product content of the product in question ; whereas this basic amount is the refund on one kilogram of milk products contained in the product ;

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector⁽¹⁾ ;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the coefficient provided for in Article 2b (2) of Regulation (EEC) No 974/71⁽²⁾, as last amended by Regulation (EEC) No 855/84⁽³⁾,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded over a given period in relation to the Community currencies referred to in the previous indent, and the aforesaid coefficient ;

Whereas the level of refund for cheeses is calculated for products intended for direct consumption ; whereas the cheese rinds and cheese wastes are not products intended for this purpose ; whereas, to avoid any confusion in interpretation, it should be specified that

there will be no refund for these products which fall within heading No 04.04 ;

Whereas Commission Regulation (EEC) No 896/84⁽⁴⁾, as amended by Regulation (EEC) No 2881/84⁽⁵⁾, laid down additional provisions concerning the granting of refunds on the change from one milk year to another ; whereas those provisions provide for different refunds according to the date of manufacture of the products ;

Whereas it follows from applying these detailed rules to the present situation on the market in milk and milk products, and in particular to prices for these products within the Community and on the world market, that the refund should be as set out in the Annex hereto ;

Whereas the measures provided for in this Regulation are in accordance with the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION :

Article 1

1. The export refunds referred to in Article 17 of Regulation (EEC) No 804/68 on products exported in the natural state shall be as set out in the Annex hereto.
2. There shall be no refunds for exports to Zone E for products falling within heading Nos 04.01, 04.02, 04.03 and 23.07 of the Common Customs Tariff.

Article 2

This Regulation shall enter into force on 14 December 1984.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

When completing customs formalities, the applicant shall state on the declaration provided for this purpose, whether or not whey and/or lactose have been added to the product.
- (²) The weight of the added non-lactic matter and/or added whey and/or added lactose shall not be taken into account for the purpose of calculation of the fat content by weight. When the product falling within this subheading is a mixture containing added whey and/or added lactose, the added whey and/or added lactose shall not be taken into account in the calculation of the amount of refund.
When completing customs formalities, the applicant shall state on the declaration provided for this purpose :
— the actual content by weight of whey and/or lactose added per 100 kg of finished product,
and, in particular,
— the lactose content of the added whey.
- (⁴) The weight of added non-lactic matter and/or added whey and/or added lactose shall not be taken into account for the purpose of calculating the fat content, by weight.
The refund per 100 kg of product falling within this subheading shall be equal to the sum of the following components :
(a) the amount per kilogram shown, multiplied by the weight of the lactic part contained in 100 kg of product ; however, where whey and/or lactose have been added to the product, the amount per kilogram shown shall be multiplied by the weight of lactic part excluding the weight of added whey and/or added lactose, contained in 100 kg of product ;

When completing customs formalities, the applicant shall state on the declaration provided for this purpose :
— the actual content by weight of whey and/or lactose added per 100 kg of finished product,
and, in particular,

(a) the amount per 100 kg shown ; however, where whey and/or lactose have been added to the product, the amount per 100 kg shown shall be :
— multiplied by the weight of the lactic part other than the added whey and/or added lactose contained in 100 kg of product, and then
— divided by the weight of the lactic part contained in 100 kg of product ;
(b) a component calculated in accordance with the provisions of Article 2 (3) of Regulation (EEC) No 1098/68.
When completing customs formalities, the applicant shall state on the declaration provided for this purpose :
— the actual content by weight of whey and/or lactose added per 100 kg of finished product,
and, in particular,
— the lactose content of the added whey.
- (⁶) No refund shall be paid in respect of exported cheese of which the free-at-frontier price, before application of the refund and the monetary compensatory amount, in the exporting Member State, is less than 140 ECU per 100 kilograms. This limitation to 140 ECU per 100 kilograms does not apply to cheeses falling within subheading 04.04 E I ex c) of the Common Customs Tariff.
- (⁷) In the case of cheeses presented in containers which also contain conserving liquid, in particular brine, the refund is granted on the net weight, the weight of the liquid being deducted.
- (⁸) When completing customs formalities, the applicant shall state on the declaration provided for this purpose :
— the skimmed-milk powder content, by weight,
— the content by weight of the added whey and/or lactose, and

COMMISSION REGULATION (EEC) No 3495/84
of 13 December 1984
fixing the import levies on milk and milk products

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No 804/68
of 27 June 1968 on the common organization of the
market in milk and milk products ⁽¹⁾, as last amended
by Regulation (EEC) No 1557/84 ⁽²⁾, and in particular
Article 14 (8) thereof,

Having regard to the opinion of the Monetary
Committee,

Whereas Article 14 of Regulation (EEC) No 804/68
provides for charging a levy on imports of the
products listed in Article 1 of that Regulation;
whereas these products may be divided into groups;
whereas the product groups and the pilot groups and
the pilot product for each of these groups are set out
in Annex I to Council Regulation (EEC) No 2915/79
of 18 December 1979 determining the groups of
products and the special provisions for calculating
levies on milk and milk products and amending Regu-
lation (EEC) No 950/68 on the Common Customs
Tariff ⁽³⁾, as last amended by Regulation (EEC) No
3340/84 ⁽⁴⁾;

Whereas the levy on the products in any one group
must be equal to the threshold price for the pilot
product less the free-at-frontier price; whereas these
threshold prices were fixed for the 1984/85 milk year
by Council Regulation (EEC) No 860/84 of 31 March
1984 ⁽⁵⁾;

Whereas, however, Regulation (EEC) No 2915/79 lays
down special provisions for calculating the levy on
certain assimilated products; whereas these products
are listed and the method of calculating the levy on
them described in Annex II and in Articles 2 to 11 of
that Regulation respectively; whereas this method

consists in adding together the various components
defined in those Articles;

Whereas Commission Regulation (EEC) No 1073/68
of 24 July 1968 laying down detailed rules for deter-
mining free-at-frontier prices and for fixing levies in
respect of milk and milk products ⁽⁶⁾, provides that the
component of the levy fixed by means of a coefficient
expressing the weight ratio between the milk powder
contained in the product and the product itself is, for
the products falling within subheading 04.02 B I b),
calculated by multiplying the basic amount by the
quantity of milk powder contained in the product;
whereas the same applies to products falling within
subheading 04.02 B II b) as regards the component of
the levy fixed by means of a coefficient expressing the
weight ratio between the milk components contained
in the product and the product itself;

Whereas the basic amount must be equal to one
hundredth part of the levy set out for each product in
the second subparagraph of Article 9 (1) and the
second subparagraph of Article 9 (2) of Regulation
(EEC) No 1073/68;

Whereas Annex II to Regulation (EEC) No 2915/79
listed certain products of Group 11 originating in and
consigned from certain non-member countries;
whereas the levy applicable to these products is set out
in Annex I to Regulation (EEC) No 1767/82 ⁽⁷⁾, as last
amended by Regulation (EEC) No 3371/84 ⁽⁸⁾;

Whereas Commission Regulation (EEC) No 3700/81
of 23 December 1981 ⁽⁹⁾ laid down detailed interim
rules in respect of the cheese agreements with Austria
and Finland;

Whereas, within the tariff quotas referred to in Annex
I to Regulation (EEC) No 1767/82, the levy on 100
kilograms of a product of Group 10 or 11 or falling
within subheadings 04.04 E I b) 1 and b) 2 shall be the
amount fixed in that Annex;

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 13.

⁽²⁾ OJ No L 150, 6. 6. 1984, p. 6.

⁽³⁾ OJ No L 329, 24. 12. 1979, p. 1.

⁽⁴⁾ OJ No L 312, 30. 11. 1984, p. 5.

⁽⁵⁾ OJ No L 90, 1. 4. 1984, p. 20.

⁽⁶⁾ OJ No L 180, 26. 7. 1968, p. 25.

⁽⁷⁾ OJ No L 196, 5. 7. 1982, p. 1.

⁽⁸⁾ OJ No L 313, 1. 12. 1984, p. 45.

⁽⁹⁾ OJ No L 369, 24. 12. 1981, p. 33.

Whereas, for as long as it is found that on importation into the Community the price of an assimilated product for which the levy is not equal to the levy on its pilot product is considerably lower than the price which would obtain if the ratio to the price of the pilot product were normal, the levy must be equal to the sum of two components :

- one component equal to the amount resulting from the provisions of Articles 2 to 7 of Regulation (EEC) No 2915/79 applicable to the assimilated product in question,
- an additional component fixed at a level which, the composition and quality of the assimilated product being taken into account, makes it possible to re-establish normal price ratios for imports into the Community ;

Whereas Article 14 (3) of Regulation (EEC) No 804/68 provides that the levy on products in respect of which the customs duty has been bound within GATT must be limited to the amount resulting from that binding ;

Whereas Regulation (EEC) No 1073/68 provides that a free-at-frontier price must be established for each of the pilot products defined in Annex I to Regulation (EEC) No 2915/79 ; whereas these prices must be determined for products of good marketable quality ;

Whereas the free-at-frontier prices must be established on the basis of the most favourable purchasing opportunities in international trade for the products listed in Article 1 (a) 2 and (b) to (g) of Regulation (EEC) No 804/68 other than assimilated products for which the levy is not equal to the levy on the related pilot products ; whereas, when recording these purchasing opportunities, the Commission must take account of all information obtained direct or through the Member States concerning prices for delivery of third-country products free-at-Community-frontier and prices on third-country markets ;

Whereas, however, no account should be taken of information relating to small quantities which are not representative of trade in the products in question and quantities in respect of which price trends in general or other information available to it lead the Commission to believe that the price in question is unrepresentative of the real trend of the market ;

Whereas the prices used must be adjusted where they are not quoted free-at-Community-frontier or where they do not apply to products of good marketable quality ; whereas the adjustment in respect of an assimilated product the levy on which is equal to the levy on its pilot product must be effected in such a way as to allow, in particular, for differences in composition, maturity, quality and presentation between the assimilated

product and the related pilot product ; whereas adjustments relating to composition must be calculated by multiplying the difference between the milk component content of the pilot product and that of the assimilated product in question by the value attributed in international trade to one unit of weight of the milk component in question ; whereas, when the other adjustments are being effected, the difference between the value attributed on the Community market to each of the relevant characteristics of the pilot product and the value attributed on that market to the corresponding characteristics of the assimilated product in question must be taken into account ;

Whereas, if no information on prices is available, the free-at-frontier price may, by way of exception, be established on the basis of the value of the raw materials contained in the pilot product in question (calculated on the basis of the prices of milk products for which prices are available), average processing costs and average yields ;

Whereas, in exceptional circumstances, a free-at-frontier price may remain unchanged for a limited period where the new level of the price for a given quality or a specific origin, used as a basis for establishing the previous free-at-frontier price, has not reached the Commission to enable it to establish the next free-at-frontier price and if the Commission considers that the prices which are available could lead to sudden and considerable changes in the free-at-frontier price because they are not sufficiently representative of real market trends ;

Whereas, in accordance with Article 19 (1) of Regulation (EEC) No 804/68, the nomenclature provided for in this Regulation is incorporated in the Common Customs Tariff ;

Whereas Article 8 of Regulation (EEC) No 1073/68 provides that the levies are fixed every fortnight ; whereas they may be altered in the intervening period if necessary ; whereas the levy remains valid until another becomes applicable ;

Whereas, if the levy system is to operate normally, refunds should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the coefficient provided for in Article 2b (2) of Regulation (EEC) No 974/71 ⁽¹⁾, as last amended by Regulation (EEC) No 855/84 ⁽²⁾,

⁽¹⁾ OJ No L 106, 12. 5. 1971, p. 1.

⁽²⁾ OJ No L 90, 1. 4. 1984, p. 1.

— for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded over a given period in relation to the Community currencies referred to in the previous indent and the aforesaid coefficient;

Whereas it follows from applying these provisions that the levies on milk and milk products should be as set out in the Annex hereto,

HAS ADOPTED THIS REGULATION:

Article 1

The import levies referred to in Article 14 (1) of Regulation (EEC) No 804/68 shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 16 December 1984.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 3496/84
of 13 December 1984
fixing additional amounts for eggs in shell

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Whereas if, for a given product, the free-at-frontier offer price (hereinafter called the 'offer price') falls below the sluice-gate price, the levy applicable to that product must be increased by an additional amount equal to the difference between the sluice-gate price and the offer price determined in accordance with Article 1 of Commission Regulation No 163/67/EEC of 26 June 1967 on fixing the additional amount for imports of poultry-farming products from third countries⁽³⁾, as last amended by Regulation (EEC) No 1527/73⁽⁴⁾;

Whereas the offer price must be determined for all imports from all third countries; whereas, however, if exports from one or more third countries are effected at abnormally low prices, lower than prices ruling for other third countries, a second offer price must be determined for exports from these other countries;

Whereas, pursuant to Regulation No 54/65/EEC⁽⁵⁾, No 183/66/EEC⁽⁶⁾, No 765/67/EEC⁽⁷⁾, (EEC) No

59/70⁽⁸⁾ and (EEC) No 2164/72⁽⁹⁾, the levies on imports of poultry eggs in shell originating in and coming from Poland, South Africa, Australia, Romania or Bulgaria are not increased by an additional amount, in so far as concerns products imported in accordance with Article 4 (a) of Regulation No 163/67/EEC;

Whereas the regular review of the information serving as a basis for the determination of average offer prices for the products listed in Article 1 (1) (a) of Regulation (EEC) No 2771/75 indicates that additional amounts corresponding to the figures shown in the Annex hereto should be fixed for the imports specified in that Annex;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Poultrymeat and Eggs,

COMMISSION REGULATION (EEC) No 3500/84**of 13 December 1984****discontinuing the additional amounts for ovalbumin and lactalbumin**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2783/75 of 29 October 1975 on the common system of trade for ovalbumin and lactalbumin ⁽¹⁾, as amended by the Act of Accession of Greece ⁽²⁾, and in particular Article 5 (5) thereof,

Whereas for certain of the products specified in Article 1 of Regulation (EEC) No 2783/75, additional amounts were fixed by Commission Regulation (EEC) No 3262/84 of 22 November 1984 fixing the additional amounts for ovalbumin and lactalbumin ⁽³⁾;

Whereas, from the regular review of the dates serving as a basis for the determination of average offer prices for the abovementioned products, it appears that the free-at-frontier offer prices for these products are no

longer below the sluice-gate price ; whereas the conditions set out in Article 5 (3) of Regulation (EEC) No 2783/75 are not satisfied ; whereas it is therefore necessary to discontinue additional amounts laid down in Regulation (EEC) No 3262/84 ;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Poultrymeat and Eggs,

HAS ADOPTED THIS REGULATION :

Article 1

Regulation (EEC) No 3262/84 is hereby repealed.

Article 2

This Regulation shall enter into force on 14 December 1984.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 3501/84
of 13 December 1984
fixing the export refunds on poultrymeat

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2777/75 of 29 October 1975 on the common organization of the market in poultrymeat⁽¹⁾, as last amended by the Act of Accession of Greece⁽²⁾, and in particular the first sentence of the fifth subparagraph of Article 9 (2) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 9 of Regulation (EEC) No 2777/75 provides that the difference between prices on the world market for the products listed in Article 1 (1) of that Regulation and prices for those products within the Community may be covered by an export refund ;

Whereas Council Regulation (EEC) No 2779/75 of 29 October 1975⁽³⁾, lays down general rules for granting export refunds and criteria for fixing the amount of such refunds ;

Whereas it follows from applying these rules and criteria to the present situation on the market in poultrymeat that the refund should be fixed at an amount which would permit Community participation in world trade and would also take account of the nature of these exports and their importance at the present time ;

Whereas if the refund system is to operate normally, refunds should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the coefficient provided for in Article 2b (2) of Regulation (EEC) No 974/71⁽⁴⁾, as last amended by Regulation (EEC) No 855/84⁽⁵⁾,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent and the aforesaid coefficient ;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Poultrymeat and Eggs,

HAS ADOPTED THIS REGULATION :

Article 1

The list of products on which the export refund referred to in Article 9 of Regulation (EEC) No 2777/75 is granted, and the amount of that refund, shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 20 December 1984.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 3503/84

of 12 December 1984

on the supply of maize to the United Nations High Commissioner for Refugees (UNHCR) as food aid

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1018/84⁽²⁾,

Having regard to Council Regulation (EEC) No 2750/75 of 29 October 1975 fixing criteria for the mobilization of cereals intended as food aid⁽³⁾, as amended by Regulation (EEC) No 3331/82⁽⁴⁾, and in particular Article 6 thereof,

Having regard to Council Regulation (EEC) No 1278/84 of 7 May 1984 laying down the implementing rules for 1984 for Regulation (EEC) No 3331/82 concerning food-aid policy and food-aid management⁽⁵⁾,

Having regard to Council Regulation No 129 of 23 October 1962 on the value of the unit of account and the exchange rates to be applied for the purposes of the common agricultural policy⁽⁶⁾, as last amended by Regulation (EEC) No 2543/73⁽⁷⁾, and in particular Article 3 thereof,

Having regard to the opinion of the Monetary Committee,

Whereas on 30 May 1984 the Commission of the European Communities decided to grant, under Community measures, various quantities of cereals to certain non-member countries and beneficiary organizations;

Whereas, pursuant to Article 3 (3) of Council Regulation (EEC) No 2750/75, the goods may be purchased anywhere on the Community market;

Whereas an invitation to tender should be issued for supply of the products delivered unloaded at destination in view of the final use to be made of the goods delivered;

Whereas the provisions of Commission Regulation (EEC) No 1974/80 of 22 July 1980 laying down general implementing rules in respect of certain food-aid operations involving cereals and rice⁽⁸⁾, as last

amended by Regulation (EEC) No 3323/81⁽⁹⁾, should be applied as far as possible, particularly in respect of the procedure for submission of tenders, since the manner in which the security is lodged must guarantee that the successful tenderer complies with his obligations;

Whereas, however, the specific provisions concerning delivery to destination must be set out; whereas the successful tenderer must thus bear all risk in the goods up to unloading at the stipulated destination; whereas payment can be made only when proof of delivery to the destination is provided;

Whereas it must be made clear who is to bear any costs which arise in the event that for reasons of *force majeure* the operation in question is not completed within the period stipulated;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

1. The intervention agency mentioned in Annexes Ia, Ib and Ic hereto is hereby required to implement the mobilization and supply of the product stated in the said Annexes as food aid, subject to the provisions of this Regulation.
2. Supply of the products shall be organized under the tender procedure.
3. Annexes Ia, Ib and Ic shall take the place of a notice of invitation to tender. The intervention agency responsible shall make further publications as necessary.

Article 2

1. For the purposes of the invitation to tender, the following provisions of Regulation (EEC) No 1974/80 shall apply:
 - Article 4, except the provisions of paragraphs 3 (e) and 4 (d) and (e), in respect of submission of tenders,
 - Article 5 in respect of provision of security,
 - Article 6 in respect of opening and reading tenders,
 - Article 8 in respect of comparing tenders.

2. The tender shall indicate the amount of the tender expressed per tonne of product, in the currency of the Member State where the tendering procedure is taking place. The tender must include the cost of fumigation, unloading and warehousing at the final destination stated in Annexes Ia, Ib and Ic

The tender shall state separately the amount of cost in respect of sea and land transport to the stipulated final destination.

The tender shall indicate the Member State in which the tenderer, in the event of his being declared successful, undertakes to complete the customs export formalities.

3. The tenderer shall carry out his obligations pursuant to this Regulation and the undertakings referred to in Article 4 (4) of Regulation (EEC) No 1974/80, with the exception of points (d) and (e) thereof.

4. The tenderer shall undertake to ship in vessels, listed in the larger classes in recognized classification registers, not more than 15 years old and attested by a competent body as meeting hygiene requirements.

Article 3

1. Without prejudice to paragraphs 2 and 3, the contract shall be awarded within 48 hours to the tenderer who has submitted the most favourable tender.

2. Where the most favourable tender is submitted by more than one tenderer, the intervention agency shall award the contract to one of those tenderers by drawing lots.

3. If the tenders do not appear to be in line with the prices normally prevailing on the market, the intervention agency may, with the agreement of the Commission, decide not to award the contract.

4. The intervention agency shall communicate the results of the tendering procedure to all the tenderers by letter or telex sent not later than the first working day following the award decision.

Article 4

1. The successful tenderer shall contract as necessary, at his own expense, for carriage of the goods to the final destination and shall bear all the costs involved, including those of unloading and warehousing at the destination. He shall take out suitable insurance.

2. The successful tenderer shall bear all the risks relating to the goods, in particular of loss or deterioration to which the goods are subject, until they have

effectively been unloaded and delivered to the final destination.

3. The successful tenderer shall communicate as soon as possible to the recipient's representative the date of loading, the means of transport used to consign the goods to the final destination, and the probable date of arrival. He shall immediately send this information to the intervention agency responsible for payment, which shall forward it without delay to the Commission.

The tenderer shall advise the recipient's representative, at least three days in advance, of the probable date of arrival of the goods at the final destination.

Article 5

1. The intervention agency of the country of shipment shall arrange for a check at the port, before loading, on the quantity, quality and packaging of the goods. Following inspection an attestation shall be issued by the intervention agency. The costs relating thereto shall be borne by the successful tenderer.

The successful tenderer shall provide that intervention agency with the certificate showing that the fumigation has been carried out.

2. Samples intended for analysis shall be taken and the inspection shall be carried out in accordance with the trade practices in force in the country of shipment. The successful tenderer and the recipient's representative shall be invited to take part in the operation.

Two sealed samples shall be kept by the intervention agency until issue by the recipient of the taking-over certificate or until issue of the certificate referred to in Article 6 (2).

3. If the inspection referred to in paragraph 1 gives rise to a dispute, the intervention agency shall arrange for a second inspection by a service different from that mentioned in paragraph 1, the findings of which shall be final. The costs relating thereto shall be borne by the losing party.

4. Where the inspection provided for in the preceding paragraphs reveals that the goods do not satisfy the requirements stipulated, they must be refused and replaced. Where some quantities are missing the successful tenderer must make up the cargo.

Article 6

1. A taking-over certificate shall be issued by the recipient immediately following unloading at the final destination. It shall state the place and date of taking

over and give a description of the goods taken over in the form given in Annex II and any comments by the recipient.

2. Where the taking-over certificate is not issued for reasons other than a dispute about the goods, proof of delivery may be provided by means of a certificate of the form given in Annex II endorsed by the Community representative in the country of destination.

Article 7

1. Payment to the successful tenderer shall be made by the intervention agency of the Member State in which the customs export formalities are completed.

2. The amount to be paid shall be that of the tender plus, where appropriate, the costs referred to in Article 9. It shall be paid in the currency of the Member State which is responsible for payment. For this purpose this amount shall be converted by using:

- where the currencies in question are maintained within a maximum spread at any one time of 2,25 %, the conversion rate resulting from their central rate,
- in other cases, the relationship between the two currencies concerned established by using the latest statement of their spot exchange rates made immediately prior to the closing date for the submission of tenders as published in the 'C' series of the *Official Journal of the European Communities*.

3. The amount referred to in paragraph 2 shall be paid to the successful tenderer on presentation of the original of the taking-over certificate or a certified copy thereof, or, if this is not available, of the certificate referred to in Article 6 (2).

4. The intervention agency is hereby authorized to make without delay an initial payment of 80 % of the value of the quantity given in the bill of lading, on presentation of a copy of that document, of the attestation referred to in Article 5 (1) and of the fumigation certificate, and subject to the provision of a security for an amount equal to the initial payment.

The said security shall be provided as laid down in Article 5 (2) of Regulation (EEC) No 1974/80.

Article 8

1. The security referred to in Article 2 shall be immediately released to:

- every tenderer whose tender was not successful or was not accepted,
- the successful tenderer in respect of quantities not delivered on account of *force majeure*,
- the successful tenderer in respect of the quantities delivered in accordance with this Regulation and on presentation of the original of the taking-over certificate or a certified true copy thereof or, where appropriate, the certificate referred to in Article 6 (2).

2. The security referred to in Article 7 (4) shall be released immediately when the successful tenderer furnishes the proof in accordance with Article 6 that at least 80 % of the quantity provided for has been delivered in conformity with the conditions laid down in this Regulation.

Article 9

If the successful tenderer, for reasons of *force majeure*, has to bear exceptional costs in respect of the delivery made under this Regulation which cannot be covered by insurance, he may receive compensation therefor on production of supporting documents and with the prior agreement of the Commission.

Article 10

Except in case of *force majeure* the successful tenderer shall bear all the financial consequences of the non-delivery of the goods under the conditions laid down in this Regulation if the recipient had made delivery possible under such conditions.

The costs resulting from the non-delivery of the goods following a case of *force majeure* shall be borne by the intervention agency responsible for payment.

Article 11

Articles 21 and 22 (1) and (2) of Regulation (EEC) No 1974/80 shall apply in the context of this Regulation.

The intervention agency responsible for payment shall, on receipt, send the information referred to in Article 4 (3) to the Commission.

The intervention agency in the country of shipment shall send the Commission, without delay, the results of the inspection referred to in Article 5.

Article 12

This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1018/84⁽²⁾, and in particular the fourth subparagraph of Article 16 (2),

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products in the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds⁽³⁾, provides that when refunds are being fixed, account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand, and prices for cereals and cereal products on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and, furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas Article 3 of Regulation (EEC) No 2746/75 defines the specific criteria to be taken into account when the refund on cereals is being calculated;

Whereas these specific criteria are defined, as far as wheat and rye flour, groats and meal are concerned, in Article 4 of Regulation (EEC) No 2746/75; whereas furthermore, when the refund on these products is being calculated, account must be taken of the quantities of cereals required for their manufacture; whereas these quantities were fixed in Regulation No 162/67/EEC⁽⁴⁾, as amended by Regulation (EEC) No 1607/71⁽⁵⁾;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the coefficient provided for in Article 2b (2) of Regulation (EEC) No 974/71⁽⁶⁾, as last amended by Regulation (EEC) No 855/84⁽⁷⁾,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded over a given period in relation to the Community currencies referred to in the previous indent and the aforesaid coefficient;

Whereas it follows from applying the detailed rules set out above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market, that the refunds should be as set out in the Annex hereto;

Whereas the Management Committee for Cereals has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1 (a), (b) and (c) of Regulation (EEC) No 2727/75, exported in the natural state, shall be as set out in the Annex hereto.

COMMISSION REGULATION (EEC) No 3510/84

of 13 December 1984

fixing the export refunds on malt

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
2727/75 of 29 October 1975 on the common organi-
zation of the market in cereals⁽¹⁾, as last amended by
Regulation (EEC) No 1018/84⁽²⁾, and in particular the
fourth subparagraph of Article 16 (2) thereof,

Having regard to the opinion of the Monetary
Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75
provides that the difference between quotations or
prices on the world market for the products listed in
Article 1 of those Regulations and prices for those
products within the Community may be covered by an
export refund ;

Whereas Article 2 of Council Regulation (EEC) No
2746/75 of 29 October 1975 laying down general rules
for granting export refunds on cereals and criteria for
fixing the amount of such refunds⁽³⁾, provides that
when refunds are being fixed account must be taken of
the existing situation and the future trend with regard
to prices and availabilities of cereals on the Commu-
nity market on the one hand and prices for cereals and
cereal products on the world market on the other ;
whereas the same Article provides that it is also impor-
tant to ensure equilibrium and the natural develop-
ment of prices and trade on cereal markets and,
furthermore, to take into account the economic aspect
of the proposed exports, and the need to avoid distur-
bances on the Community market ;

Whereas Council Regulation (EEC) No 2744/75 of 29
October 1975 on the import and export system for
products processed from cereals and from rice⁽⁴⁾, as
last amended by Regulation (EEC) No 1027/84⁽⁵⁾,
defines the specific criteria to be taken into account
when the refund on these products is being calcu-
lated ;

Whereas it follows from applying these detailed rules
to the present situation on the market in products

processed from cereals and rice that the export refund
should be fixed at an amount which will cover the
difference between Community prices and world
market prices ;

Whereas the world market situation or the specific
requirements of certain markets may make it necessary
to vary the refund for certain products according to
destination ;

Whereas, if the refund system is to operate normally,
refunds should be calculated on the following basis :

- in the case of currencies which are maintained in
relation to each other at any given moment within
a band of 2,25 %, a rate of exchange based on
their central rate, multiplied by the coefficient
provided for in Article 2b (2) of Regulation (EEC)
No 974/71⁽⁶⁾, as last amended by Regulation (EEC)
No 855/84⁽⁷⁾,

cient ;

COMMISSION REGULATION (EEC) No 3511/84

of 13 December 1984

fixing the corrective amount applicable to the refund on cereals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1018/84⁽²⁾,

Having regard to Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds⁽³⁾,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 (4) of Regulation (EEC) No 2727/75 provides that the export refund applicable to cereals on the day on which application for an export licence is made, adjusted for the threshold price in force during the month of exportation, must be applied on request to exports to be effected during the period of validity of the export licence; whereas, in this case, a corrective amount must be applied to the refund;

Whereas Council Regulation (EEC) No 2744/75 of 29 October 1975 on the import and export system for products processed from cereals and from rice⁽⁴⁾, as last amended by Regulation (EEC) No 1027/84⁽⁵⁾, made possible the fixing of a corrective amount for certain products listed in Article 1 (c) of Regulation (EEC) No 2727/75;

Whereas Regulation (EEC) No 1281/75⁽⁶⁾ laid down detailed rules for the advance fixing of export refunds for cereals and certain products processed from cereals;

Whereas, pursuant to that Regulation, when the corrective amount is being fixed, account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and possibilities and conditions for the sale of cereals and cereal products on the world market on the other; whereas the same Regulation provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and, furthermore, to take into account the economic aspect of exports and the need to avoid disturbances on the Community market;

Whereas for the products listed in Article 1 (c) of Regulation (EEC) No 2727/75 account should be taken of the specific criteria laid down in Article 2 (2) of Regulation (EEC) No 1281/75;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the corrective amount according to destination;

Whereas the corrective amount must be fixed at the same time as the refund and according to the same procedure;

Whereas it may be altered in the period between fixings;

Whereas, if the system of corrective amounts is to operate normally, corrective amounts should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the coefficient provided for in Article 2b (2) of Regulation (EEC) No 974/71⁽⁷⁾, as last amended by Regulation (EEC) No 855/84⁽⁸⁾,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded over a given period in relation to the Community currencies referred to in the preceding indent and the aforesaid coefficient;

Whereas it follows from applying the provisions set out above that the corrective amount must be as set out in the Annex hereto;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The corrective amount referred to in Article 16 (4) of Regulation (EEC) No 2727/75 which is applicable to export refunds fixed in advance in respect of cereals shall be as set out in the Annex hereto.

SUB-CONTRACTING TERMINOLOGY

Metal sector — Second edition

The main objective of this terminology is to promote sub-contracting at both national and international level by offering industry in general, and small firms in particular, a harmonized nomenclature enabling them to describe their sub-contracting activities in nine different languages.

It includes definitions of the categories of product, production machinery and main-contractor's products with the equivalents in the other languages covered.

This terminology is a useful multilingual technical guide for sub-contractors and main-contractors who wish to establish contact. It can also serve as a basic classification for any organization interested in a systematic catalogue of the sub-contracting sector.

The terminology is sub-divided into four parts:

Part A: Nomenclature of sub-contract products

Part A is an eight-chapter catalogue of categories of product offered by sub-contractors which can be used to describe the products manufactured by a given sub-contractor and the degree of technical complexity which the sub-contractor can offer.

Part B: Nomenclature of operations and production machinery

This part, likewise divided into eight chapters, is a survey of operations and production machinery used in the sub-contracting sector. It gives some idea of the characteristics of the basic material used, the production methods available and the degree of precision which sub-contractors can offer.

Part C: Nomenclature of main contractor's products

This part is based on the Common Nomenclature of Industrial Products (NIPRO) published by the Statistical Office of the European Communities. It lists the products manufactured by main contractors and identifies the sectors in which a firm has carried out sub-contracting work in the past.

Part D: Company file card

The company file card sums up all the information given in Parts A, B and C in a readily-intelligible form designed to allow a choice to be made of the sub-contractors best equipped to carry out a given order. What is more, it gives an idea of the sub-contractor's capabilities, production machinery and experience.
