COUNCIL REGULATION (EEC) No 1/85

of 19 December 1984

fixing, for certain fish stocks and groups of fish stocks, provisional total allowable catches for 1985 and certain conditions under which they may be fished

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 170/83 of 25 January 1983 establishing a Community system for the conservation and management of fishery resources ⁽¹⁾, and in particular Article 11 thereof,

Having regard to the proposal from the Commission,

Whereas under the terms of Article 2 of Regulation (EEC) No 170/83 it is incumbent upon the Council to formulate, in the light of the available scientific advice and, in particular, of the report prepared by the Scientific and Technical Committee for Fisheries, the conservation measures necessary to achieve the aims set out in Article 1 of the same Regulation;

Whereas under the terms of Article 3 of Regulation (EEC) No 170/83 it is incumbent upon the Council to establish the total allowable catches by stock or group of stocks, the share available for the Community and also the specific conditions under which the catches must be made; whereas, under the terms of Article 4 of the same Regulation, the share available for the Community is allocated between the Member States;

Whereas, in order to ensure the protection of fishing grounds and fish stocks and the balanced exploitation of the resources of the sea, in the interests of both fishermen and consumers, there should be fixed, each year for the different species of which the catches must be restricted, a total allowable catch (TAC) per stock or

group of stocks and the share of these catches available to the Community, taking into account its commitments to third countries;

Whereas, in order to ensure effective management of these TACs, the specific conditions under which fishing operations occur should be established;

Whereas, in order to ensure effective management, the TACs available for the Community in 1985 should be distributed among the Member States in a manner which assures relative stability of fishing activities;

Whereas, in conformity with the procedure foreseen in Article 2 of the fisheries agreement between the European Economic Community and the Kingdom of Norway ⁽²⁾, Article 2 of the fisheries agreement between the European Economic Community and the Kingdom of Sweden ⁽³⁾, Article 2 of the fisheries agreement between the European Economic Community and the Government of Denmark and the Local Government of the Faroe Islands ⁽⁴⁾ and Article 3 of the fisheries agreement between the European Economic Community and the Government of Spain ⁽⁵⁾, the parties have consulted on their reciprocal fishing rights for 1985;

Whereas these bilateral consultations have been successfully concluded and whereas, as a result, it is possible to fix the TACs, the Community shares and the quotas for certain joint and autonomous stocks, of which part is allocated to Norway, Sweden, the Faroe Islands, or to Spain;

Whereas trilateral consultations with Norway and Sweden concerning reciprocal fishing rights in the Skagerrak and the Kattegat have not yet been concluded

⁽¹⁾ OJ No L 24, 27. 1. 1983, p. 1.

⁽²⁾ OJ No L 226, 29. 8. 1980, p. 48.

⁽³⁾ OJ No L 226, 29. 8. 1980, p. 1.

⁽⁴⁾ OJ No L 226, 29. 8. 1980, p. 11.

⁽⁵⁾ OJ No L 322, 28. 11. 1980, p. 4.

and whereas it is as a result necessary to ensure the continuation of fishing activities by autonomous management of the stocks concerned;

Whereas, it has not been possible to reach agreement with Norway on the stocks of North Sea herring and whereas it is therefore necessary to ensure the continuation of fishing activities by autonomous management of these stocks;

Whereas, in the case of certain stocks fished mainly for reduction to meal and oil, it does not appear necessary to make quota allocations;

Whereas, in view of the change in the status of Greenland with respect to the Community, Council Regulation (EEC) No 2/84⁽¹⁾ allocates the catch quotas of the Community for 1985 in the waters of Greenland;

Whereas the provisional TACs for 1985, and the conditions under which they may be taken, are to come into effect as from 1 January 1985; whereas the very short period of time now remaining before they come into effect means that an initial period of application, limited in time, will have to be provided for in order to enable the Council to confirm, before the end of that period, the decisions taken,

HAS ADOPTED THIS REGULATION:

Article 1

1. This Regulation fixes for 1985, for certain fish stocks and groups of fish stocks, provisional total allowable catches TACs per stock or group of stocks, the provisional share of these catches available to the Community, the allocation of that share among Member States and the specific conditions under which these stocks may be fished⁽²⁾.

2. For the purposes of this Regulation, the Skagerrak is bounded on the west by a line drawn from the Hanstholm lighthouse to the Lindesnes lighthouse and on the south by a line drawn from the Skagen lighthouse to the Tistlarna lighthouse and from this point to the nearest point on the Swedish coast.

⁽¹⁾ See page 36 of this Official Journal.

⁽²⁾ The sub-areas, divisions or subdivisions of NAFO referred to in this Regulation are described in Annex III to Council Regulation (EEC) No 3179/78 of 28 December 1978 concerning the conclusion by the European Economic Community of the Convention on Future Multilateral Cooperation in the Northwest Atlantic Fisheries (OJ No L 378, 30. 12. 1978, p. 1), as last amended by Regulation (EEC) No 654/81 (OJ No L 69, 14. 3. 1981, p. 1).

The definition of the ICES areas referred to in this Regulation is given in a Commission communication (OJ No C 140, 3. 6. 1982, p. 3).

For the purposes of this Regulation, the Kattegat is bounded on the north by a line drawn from the Skagen lighthouse to the Tistlarna lighthouse and from this point to the nearest point on the Swedish coast and on the south by a line drawn from Hasenøre to Gnibens Spids, from Korshage to Spodsbjerg and from Gilberg Hoved to Kullen.

Article 2

TACs for stocks or groups of stocks to which Community rules apply and the share of these catches available to the Community are hereby fixed for 1985 in Annex I.

Article 3

The allocation among the Member States of the share available to the Community of the TACs mentioned in Article 2 is hereby fixed in Annex II.

Article 4

As regards the herring stock of the North Sea and of the eastern English Channel, transfers of up to 25 % of the quotas may be effected from ICES divisions IV c and VII d to ICES division IV b.

However, such transfers must be notified in advance to the Commission.

Article 5

1. It shall be prohibited to retain on board or to land catches from stocks for which TACs or quotas are fixed unless:

- (i) the catches have been taken by vessels of a Member State having a quota and that quota is not exhausted, or
- (ii) the share of the TAC available to the Community (Community share) has not been allocated by quota among Member States and the Community share has not been exhausted, or
- (iii) for all species other than herring and mackerel, they are mixed with other species and have been taken in accordance with Articles 8 and 9 of Regulation (EEC) No 171/83⁽³⁾, as last amended by Regulation (EEC) No 3625/84⁽⁴⁾ and with Article 1 of Regulation (EEC) No 2665/84⁽⁵⁾ and are not sorted either on board or on landing, or

⁽³⁾ OJ No L 24, 27. 1. 1983, p. 14.

⁽⁴⁾ OJ No L 335, 22. 12. 1984, p. 3.

⁽⁵⁾ OJ No L 253, 21. 9. 1984, p. 4.

- (iv) for herring caught in any area except the Skagerrak, the Kattegat and the Baltic Sea (ICES divisions III b, c, d), they are within the limits of paragraph 2, or
- (v) for mackerel, they are mixed with horse-mackerel or pilchard and the mackerel does not exceed 10 % of the total weight of mackerel, horse-mackerel and pilchard on board and the catches are not sorted.

All landings shall count against the quota, or, if the Community share has not been allocated between Member States by quotas, against the Community share, except for catches made under the provisions of (iii), (iv) and (v) of this paragraph.

2. In areas other than the Skagerrak, the Kattegat and the Baltic Sea (ICES divisions III b, c, d) it shall be prohibited to retain on board herring mixed with other species unless such catches are not sorted, and:

- (a) if mixed with sprat only, the herring does not exceed 10 % by weight of the total weight of herring and sprat combined, or
- (b) if mixed with other species, whether or not including sprat, the herring does not exceed 5 % by weight of the total weight of the herring and other species combined.

3. The determination of the percentage of by-catches and their disposal shall be made in accordance with Article 10 of Regulation (EEC) No 171/83.

Article 6

1. Fishing for herring shall be prohibited

- in the Skagerrak, throughout the year, except for 14 weeks during the period 3 June to 28 September and six weeks during the period 30 September to 31 December,
- in the Kattegat during five weeks in the period 29 April to 21 September.

These provisions shall not apply to fishing within two nautical miles on the baselines, within the same level as previous years, by vessels not exceeding 90 feet and using other types of gear other than trawl.

The detailed rules for the application of this paragraph shall be determined in accordance with the procedure laid down in Article 14 of Regulation (EEC) No 170/83 before 1 April 1985.

2. Fishing for herring shall be prohibited from 1 July to 31 October 1985 within the area bounded by the following coordinates:

- the west coast of Denmark at 55°30' N,
- latitude 55°30' N longitude 07°00' E,
- latitude 57°00' N longitude 07°00' E,
- the west coast of Denmark at 57°00' N.

3. Fishing for herring shall be prohibited in the zone extending from 6 to 12 miles off the east coast of the United Kingdom as measured from the baselines between latitudes 54°10' N and 54°45' N for the period 15 August to 30 September and between latitudes 55°30' N and 55°45' N for the period 15 August to 15 September.

4. Fishing for herring shall be prohibited throughout 1985 in those waters between latitudes 53°00' N and 55°00' N which are situated between the eastern coasts of Ireland and Northern Ireland and a line drawn 12 miles from the baselines.

5. Fishing for herring shall be prohibited throughout the year in the Irish Sea (ICES division VII a) in the maritime area between the west coasts of Scotland, England and Wales and a line drawn 12 miles from the baselines of these coasts bounded to the south by latitude 53°20' N and to the north-west by a line drawn between the Mull of Galloway (Scotland) and the Point of Ayre (Isle of Man).

6. Fishing for herring shall be prohibited from 21 September to 16 November 1985 in the part of the Irish Sea (ICES division VII a) north of latitude 53°30' N, except in Logan Bay (defined as being the waters east of a line going from the Mull of Logan, situated at latitude 54°44' N and longitude 4°59' W, to Laggantalluch Head, situated at latitude 54°41' N and longitude 4°58' W), where fishing for herring shall be prohibited throughout 1985.

7. Notwithstanding paragraphs 4 and 6, vessels with a length not exceeding 40 feet based in ports situated on the east coast of Ireland and Northern Ireland between latitudes 53°00' N and 55°00' N may fish for herring in the prohibited area described in paragraph 4. The only method of fishing authorized shall be drift netting with nets of a minimum mesh size of 54 mm.

8. The areas described in paragraphs 5 and 6 may be altered in accordance with the procedure laid down in Article 14 of Regulation (EEC) No 170/83.

Article 7

1. Fishing for sprat with trawls of mesh size less than 32 mm shall be prohibited in the Skagerrak and the Kattegat:

- for all vessels during the period 1 January to 30 June,
- for vessels of overall length of 80 feet (24,38 m) or above during the period 1 July to 30 September,
- for vessels with an overall length of less than 80 feet (24,38 m) during four weeks in the period 1 July to 29 September.

The detailed rules for the application of this paragraph shall be determined in accordance with the procedure laid down in Article 14 of Regulation (EEC) No 170/83 before 1 April 1985.

2. Fishing for sprat shall be prohibited:

- (a) from 1 July to 31 October 1985 within the area bounded by the following coordinates:
 - the west coast of Denmark at 55°30' N,
 - latitude 55°30' N longitude 07°00' E,
 - latitude 57°00' N longitude 07°00' E,
 - the west coast of Denmark at 57°00' N;
- (b) in ICES statistical rectangle 39E8 from 1 January to 31 March 1985 and from 1 October to

31 December 1985. For the purposes of this Regulation, this ICES rectangle is bounded by a line running due east from the east coast of England along latitude 55°00' N to longitude 1°00' W, due north to latitude 55°30' N and due west to the English coast;

- (c) in the inner waters of the Moray Firth west of longitude 3°30' W and in the inner waters of the Firth of Forth west of longitude 3°00' W from 1 January to 31 March 1985 and from 1 October to 31 December 1985.

Article 8

Trawling and purse seining for mackerel, sprat and herring shall be prohibited in the Skagerrak from Saturday midnight to Sunday midnight and in the Kattegat from Friday midnight to Sunday midnight.

Article 9

This Regulation shall enter into force on 1 January 1985.

It shall apply until 20 January 1985, subject to the Council's taking a decision before that date.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 19 December 1984.

For the Council

The President

P. O'TOOLE

Footnotes:

- (¹) Plus 2 000 tonnes allocated to Denmark outside the Community share of the TAC.
- (²) Excluding an estimated 5 000 tonnes of industrial by-catch.
- (³) Excluding an estimated 20 000 tonnes of industrial by-catch.
- (⁴) Includes all by-catches of all other species which are caught when fishing for sprat and which are landed unsorted.
- (⁵) Fishing for prawn is prohibited in waters less than 30 metres deep.
- (⁶) Subject to revision following scientific reassessment.
- (⁷) Blackwater stock: reference is to the herring stock in the maritime region of the Thames Estuary between Felixstowe and North Foreland within 6 miles from the United Kingdom baselines.
- (⁸) Reference is to the herring stock in ICES division VI a, north of 56°00' N and in that part of VI a which is situated east of 07°00' W and north of 55°00' N, excluding the Clyde as defined in footnote 10 of Annex I.
- (⁹) Reference is to the herring stock in ICES division VI a, south of 56°00' N and west of 07°00' W.
- (¹⁰) Clyde stock: reference is to the herring stock in the maritime area situated to the north-east of a line drawn between Mull of Kintyre and Corsewall Point.
- (¹¹) ICES VII a is reduced by the area added to the Celtic Sea bounded:
 - to the north by latitude 52°30' N,
 - to the south by latitude 52°00' N,
 - to the west by the coast of Ireland.
 - to the east by the coast of the United Kingdom.
- (¹²) Mourne stock: reference is to the herring stock within 12 miles of the east coast of Ireland and of Northern Ireland between 53°00' N and 55°00' N.
- (¹³) Man stock: reference is to the herring stock in the Irish Sea (ICES division VII a), excluding the zone referred to in footnote 12 of Annex I.
- (¹⁴) Increased by zone bounded:
 - to the north by latitude 52°30' N,
 - to the south by latitude 52°00' N,
 - to the west by the coast of Ireland,
 - to the east by the coast of the United Kingdom.
- (¹⁵) Without prejudice to the Community rights and subject to revision in the light of scientific advice.
- (*) Precautionary TAC.

- to the east by the coast of the United Kingdom.

COUNCIL REGULATION (EEC) No 2/85
of 19 December 1984
allocating, for 1985, catch quotas in Greenland waters

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 170/83 of 25 January 1983 establishing a Community system for the conservation and management of fishery resources ⁽¹⁾, and in particular Article 11 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament ⁽²⁾,

Whereas a Treaty amending, with regard to Greenland, the Treaties establishing the European Communities was signed in Brussels on 13 March 1984;

Whereas an Agreement on fisheries between the European Economic Community on the one hand and the Government of Denmark and the local Government of Greenland on the other was signed on the same date; whereas the Agreement establishes the principles and rules governing the fishing activities in Greenland waters of vessels flying the flag of a Member State of the Community;

Whereas a Protocol on the conditions relating to fishing concluded between the European Economic Community, on the one hand, and the Government of Denmark and the local Government of Greenland, on the other, was signed on the same date; whereas that Protocol fixes the catch quotas allocated to the Community by Greenland in Greenland waters;

Whereas the Member States have declared that, if the ratification procedures for the Treaty amending the Treaties establishing the European Communities are not completed by 1 January 1985 by all Member States, the Council will adopt interim measures corresponding so far as possible to the arrangements envisaged for the new relationship between Greenland and the European Economic Community;

Whereas the fishing quotas may be taken by vessels which do not fly the flag of a Member State of the Community to the extent to which this is necessary for the proper functioning of the fisheries agreements concluded by the Community with third countries;

Whereas the quotas should be distributed among the countries concerned in Greenland waters;

Whereas, pending application of the aforementioned Agreement and Protocol, payments should be made to the local Government of Greenland as part of the financial compensation envisaged in the said Acts, calculated in the same manner as the compensation provided for therein;

Whereas, in any event, the quotas for 1985 should be fixed; whereas this Regulation will constitute, from the entry into force of the abovementioned Agreement and Protocol, the implementing Regulation for the Protocol for 1985;

Whereas the catch quotas, for 1985, in Greenland waters will take effect as from 1 January 1985; whereas the very short period of time now remaining before they come into effect means that an initial period of application, limited in time, will have to be provided for in order to enable the Council to confirm, before the end of that period, the decisions taken,

HAS ADOPTED THIS REGULATION:

Article 1

The allocation in 1985 of the catch quotas in Greenland waters shall be as fixed in the Annex.

Article 2

1. A sum of 26 500 000 ECU shall be paid to the Local Government of Greenland.

2. This sum may be adjusted on the basis of a cod equivalent if additional possibilities for catches in excess of the fishing capacities of the Greenland fleet enable the quotas fixed in Annex I to be increased.

Article 3

The quotas specified in Annex I may be reduced without affecting the sum provided for in Article 2 (1) if

⁽¹⁾ OJ No L 24, 27. 1. 1983, p. 1.

⁽²⁾ Opinion delivered on 14 December 1984 (not yet published in the Official Journal).

biological circumstances make it necessary to fix, for a specific stock, a total volume of catches which does not enable the activities of Greenland fishermen to be maintained at a level corresponding to the minimum quantities specified in Annex II.

In that event, the possibility of extending the aforementioned quotas to other stocks, to other species or to subsequent years will be examined.

Article 4

Until the fisheries agreement and the fisheries protocol signed on 13 March 1984 enters into force:

- (a) Articles 4 (1), 5 and 6 of Regulation (EEC) No 320/84 ⁽¹⁾ shall remain applicable;
- (b) all fishing by vessels flying the flag of a third country, except that authorized pursuant to Community provisions, shall be prohibited.

Article 5

This Regulation shall enter into force on 1 January 1985.

It shall apply to 20 January 1985, subject to the Council's taking a decision before that date.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 19 December 1984.

For the Council

The President

P. O'TOOLE

Shrimps	23 000 tonnes	1 000 tonnes
Catfish	4 000 tonnes	—

COUNCIL REGULATION (EEC) No 3/85

of 19 December 1984

allocating certain catch quotas between Member States for vessels fishing in the Norwegian economic zone and the fishery zone around Jan Mayen

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS REGULATION:

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 170/83 of 25 January 1983 establishing a Community system for the conservation and management of fishery resources ⁽¹⁾, and in particular Article 11 thereof,

Having regard to the proposal from the Commission,

Whereas the Community and Norway have consulted with each other on their mutual fishing rights for 1985 which provide *inter alia* for the allocation of certain catch quotas to Community vessels in the Norwegian fisheries zone,

Whereas, under the terms of Article 3 of Regulation (EEC) No 170/83, it is incumbent upon the Council to establish the total allowable catches by stock or group of stocks, the share available for the Community and also the specific conditions under which the catches must be made; whereas, under the terms of Article 4 of the same Regulation, the share available for the Community is allocated between the Member States;

Whereas information about actual catches should be made available in order to ensure that the allocation is respected;

Whereas the catch quotas open to Member States fishing in Norwegian waters will take effect as from 1 January 1985; whereas the very short period of time now remaining before they come into effect means that an initial period of application, limited in time, will have to be provided for in order to enable the Council to confirm, before the end of that period, the decisions taken,

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 19 December 1984.

Article 1

1. Catches, under the Agreement on mutual fishing rights in 1985 between the Community and Norway, by vessels flying the flag of a Member State in the waters falling within the Norwegian economic zone north of 62°00' N as well as within the fishery zone around Jan Mayen shall be limited for 1985 to the quota set out in Annex I.

2. Catches of the species mentioned in Annex II, under the Agreement on mutual fishing rights in 1985 between the Community and Norway, by vessels flying the flag of a Member State in the waters falling within the Norwegian economic zone and situated south of 62°00' N shall be limited for 1985 to the quotas set out in that Annex.

Article 2

Member States and the masters of vessels flying the flag of a Member State shall conform, as far as fishing in the waters referred to in Article 1 is concerned, with Articles 3 to 9 of Council Regulation (EEC) No 2057/82 of 29 June 1982 establishing certain control measures for fishing activities by vessels of the Member States ⁽²⁾, as amended by Regulation (EEC) No 1729/83 ⁽³⁾.

Article 3

This Regulation shall enter into force on 1 January 1985.

It shall apply until 20 January 1985, subject to the Council's taking a decision before that date.

COUNCIL REGULATION (EEC) No 4/85

of 19 December 1984

laying down for 1985 certain measures for the conservation and management of fishery resources to vessels flying the flag of Norway

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

establish the total catches allocated to third countries and also the specific conditions under which the catches must be made;

Having regard to the Treaty establishing the European Economic Community,

Whereas the measures applicable in 1985 to vessels flying the flag of Norway will come into effect as from 1 January 1985; whereas the very short period of the time now remaining before they come into effect means that an initial period of application, limited in time, will have to be provided for in order to enable the Council to confirm, before the end of that period, the decisions taken,

Having regard to Council Regulation (EEC) No 170/83 of 25 January 1983 establishing a Community system for the conservation and management of fishery resources ⁽¹⁾, and in particular Article 11 thereof,

Having regard to the proposal from the Commission,

HAS ADOPTED THIS REGULATION:

Whereas the Community and Norway have held consultations in accordance with the procedure provided for in Articles 2 and 7 of the Fisheries Agreement between the European Economic Community and the Kingdom of Norway ⁽²⁾ concerning mutual fishing rights in 1985 and the management of joint biological resources;

Article 1

Whereas, in the course of these consultations, the delegations agreed to recommend to their respective authorities fixing certain fishing quotas for 1985 for the vessels of the other party;

1. Fishing by vessels flying the flag of Norway in the 200-mile zone of the Member States in the North Sea, Skagerrak, Kattegat, the Baltic Sea, the Labrador Sea, Davis Strait, Baffin Bay and the Atlantic Ocean north of 43°00' N shall be authorized until 31 December 1985 for the species referred to in Annex I within the geographical and quantitative limits laid down therein and in accordance with the provisions laid down in this Regulation.

Whereas the Agreement of 19 December 1966 between Denmark, Norway and Sweden on mutual access to fishing in Skagerrak and Kattegat provides that each Party shall grant access to fishing by vessels of the other parties within its fishing zone in Skagerrak and part of Kattegat up to four nautical miles from the base-lines;

2. Fishing authorized under paragraph 1 shall be limited to the parts of the 200-mile fishing zone lying seawards of 12 nautical miles from the base-lines which the fishing zones of Member States are measured; however, fishing in the Skagerrak shall be allowed seawards of four nautical miles from the base-lines of Denmark.

Whereas it is necessary to take the appropriate measures to implement the results of the consultations held for 1985 between the delegations of the Community and Norway in order to avoid an interruption of mutual fisheries at 31 December 1984;

3. Fishing in the parts of ICES division III a, limited in the west by a line drawn from the lighthouse of Hanstholm to the lighthouse of Lindesnes and in the south by a line drawn from Skagen lighthouse to the lighthouse of Tistlarna and from there to the nearest coast of Sweden, is not subject to quantitative limitations except for mackerel and saithe.

Whereas, under the terms of Article 3 of Regulation (EEC) No 170/83, it is incumbent upon the Council to

4. Notwithstanding paragraph 1, unavoidable by-catches of a species for which no quota is established in a zone shall be permitted within the limits fixed in the conservation measures in force in the zone concerned.

⁽¹⁾ OJ No L 24, 27. 1. 1983, p. 1.

⁽²⁾ OJ No L 226, 29. 8. 1980, p. 48.

5. By-catches in a given zone of a species for which a quota is established in that zone shall be counted against the quota concerned.

Article 2

1. Vessels fishing under the quotas established in Article 1 shall comply with the conservation and control measures and all other provisions governing fishing in the zones referred to in that Article.

2. Vessels referred to in paragraph 1 shall keep a log-book in which the information set out in Annex II is to be entered.

3. Vessels referred to in paragraph 1 except those fishing in ICES division III a shall transmit to the Commission, according to the rules set out in Annex III, the information set out in that Annex.

4. The registration letters and numbers of the vessels referred to in paragraph 1 must be clearly marked on the bow of the vessel on both sides.

Article 3

1. Fishing within NAFO sub-area 1 and ICES sub-areas XIV and V under the quotas established in Article 1 shall be subject to the holding on board of a licence issued by the Commission on behalf of the Community and to the observance of the conditions set out in the licence.

2. Fishing within all the other ICES sub-areas by vessels exceeding 200 GRT under the quotas established in Article 1 shall be subject to the holding on board of a licence issued by the Commission on behalf of the Community and to the observance of the conditions set out in the licence.

3. The issue of licences for the purpose of paragraph 1 shall be subject to the condition that the number of licences shall not exceed:

(a) 17 for fishing Greenland halibut and halibut in ICES sub-area XIV and division V a and in NAFO sub-area 1. The number of vessels fishing simultaneously may not exceed 10 in ICES sub-area XIV and division V a and 13 in NAFO sub-area 1;

(b) 23 for fishing Northern deep-water prawn (*Pandalus borealis*) in ICES sub-area XIV and

division V a and in NAFO sub-area 1. The number of vessels fishing simultaneously may not exceed 18 in ICES sub-area XIV and division V a and 12 in NAFO sub-area 1.

4. The Commission shall issue the licences to fish, provided for in paragraph 2, to every ship for which a licence is required by the Norwegian authorities.

5. Each licence shall be valid for one vessel only. When two or more vessels are taking part in the same fishing operation, each vessel shall be in possession of a licence.

6. Licences as provided for in paragraph 1 may be cancelled in favour of the issue of new licences. The cancellation shall take effect from the date of the surrender of the licence to the Commission.

7. In the event that there has been failure to comply with the obligations laid down in this Regulation, the licence shall be withdrawn.

8. No licence shall be issued for a maximum period of 12 months in respect of vessels for which the obligations laid down in this Regulation have not been observed.

9. Licences issued in pursuance of Regulation (EEC) No 3746/86 ⁽¹⁾ and valid until 31 December 1984 shall remain valid until 31 March 1985 at the latest if so requested by the Norwegian authorities.

Article 4

When an application for a licence is submitted to the Commission, the following information shall be supplied:

- (a) name of vessel;
- (b) registration number;
- (c) external identification letters and numbers;
- (d) port of registration;
- (e) name and address of the owner or charterer;
- (f) gross tonnage and overall length;
- (g) engine power;
- (h) call sign and radio frequency;
- (i) intended method of fishing;

⁽¹⁾ OJ No L 371, 31. 12. 1983, p. 1.

(j) intended area of fishing;

Article 7

(k) species for which it is intended to fish;

(l) period for which a licence is required.

The competent authorities of the Member States shall take appropriate steps, including the regular inspection of vessels, to ensure the enforcement of this Regulation.

Article 5

Fishing within the quotas referred to in Article 1 for blue ling, ling, tusk and Greenland halibut and halibut is only allowed by use of the method commonly known as 'long-lining'.

Article 8

Where an infringement is duly established the Member States shall, without delay, inform the Commission of the name of the vessel involved and of any action they have taken.

Article 6

The use of trawl and purse seine for the capture of pelagic species is prohibited in Skagerrak from Saturday midnight to Sunday midnight.

Article 9

This Regulation shall enter into force on 1 January 1985.

It shall apply until 20 January 1985, subject to the Council's taking a decision before that date.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 19 December 1984.

For the Council

The President

P. O'TOOLE

ANNEX I

Fishing quotas

Species	Area within which fishing is authorized	Quantity (tonnes)
Mackerel	ICES VI a ⁽¹⁾ + VII d, e, f, h + II a	27 000

Shrimp	ICES IV	400
Other species	ICES IV	5 000
Northern deep-water prawn (Pandalus borealis)	NAFO 1 ⁽⁹⁾ ICES XIV and V a	450 2 050
Greenland halibut	NAFO 1 ICES XIV and V a	500 500
Halibut	NAFO 1	200

⁽¹⁾ North of 56°30' N.

⁽²⁾ Limited in the west by a line drawn from the lighthouse of Hanstholm to the lighthouse of Lindesnes and in the south by a line drawn from Skagen lighthouse to the lighthouse of Tistlarna and from there to the nearest coast of Sweden.

⁽³⁾ Of which sand-eel alone not more than 50 000 tonnes or Norway pout and blue whiting together not more than 40 000 tonnes. Up to 10 000 tonnes of the Norway pout quota may be fished in ICES VI a north of 56°30' N. However, this quantity should be deducted from the quota of sand-eel, Norway pout and blue whiting in ICES IV.

⁽⁴⁾ West of 12°00' W.

⁽⁵⁾ Of which no more than 40 000 tonnes may be fished in ICES division IV a.

⁽⁶⁾ Of which a by-catch of 20 % of cod per ship, at any moment, is authorized in ICES sub-areas VI and VII. However, this percentage may be exceeded in the first 24 hours following the beginning of the fishing on a specific ground. The total by-catches should not exceed 1 000 tonnes.

⁽⁷⁾ Of which ling may be a maximum of 20 000 tonnes and tusk a maximum of 10 000 tonnes.

⁽⁸⁾ Basking shark liver.

⁽⁹⁾ South of 68° N.

ANNEX II

1. The following details are to be entered in the log-book after each haul when fishing within the 200-nautical-mile fishing zone off the coasts of the Member States of the Community which is covered by exclusive Community rules on fisheries:
 - 1.1. the quantity (in kilograms) of each species caught;
 - 1.2. the date and the time of the haul;
 - 1.3. the geographical position in which the catches were made;
 - 1.4. the fishing method used;
 - 1.5. all radio messages sent in conformity with Annex III.
2. The following log-book has to be used when fishing within NAFO sub-area 1 and ICES sub-areas XIV and V.

ANNEX III

1. The information to be transmitted to the Commission and the timetable for its transmission are as follows:

- 1.1. On each occasion the vessel enters:

- 1.1.1. the 200-nautical-mile fishing zone off the coasts of the Member States of the Community, or

- 1.1.2. that part of sub-area 0 and 1 as defined by the Convention on Future Multilateral Cooperation in the Northwest Atlantic Fisheries situated under the jurisdiction of Denmark or Canada:

- (a) the information specified under point 1.5 below;
- (b) the quantity (in kilograms) of each species of fish in the hold;
- (c) the date and NAFO sub-area or ICES sub-area within which the captain intends to commence fishing.

Where the fishing operations necessitate more than one entry into the zones referred to under 1.1.1 and 1.1.2 on a given day one communication shall suffice on first entry.

- 1.2. On each occasion the vessel leaves:

- 1.2.1. the zone referred to under 1.1.1:

- (a) the information specified under 1.4 below;
- (b) the quantity (in kilograms) of each species of fish in the hold;
- (c) the quantity (in kilograms) of each species caught since the previous transmission;
- (d) the ICES sub-area or NAFO sub-area in which the catches were taken;
- (e) the quantity (in kilograms) of each species transferred to other vessels since the vessel entered the zone and the identification of the vessel to which the transfer was made;
- (f) the quantity (in kilograms) of each species landed in a port of the Community since the vessel entered the zone;

- 1.2.2. the zone referred to under 1.1.2:

information referred to under (a), (b), (c), (d), (e) and (f);

- (g) the quantity (in kilograms) of discards specified by species since the previous transmission.

- 1.3. A notice of leaving at least 48 hours prior to the vessel's scheduled exit from the zone referred to under 1.1.2 and ICES sub-area XIV.

- 1.4. At three-day intervals, commencing on the third day after the vessel first enters the zones referred to under 1.1.1 when fishing for herring and at weekly intervals, commencing on the seventh day after the vessel first enters the zones referred to under 1.1.1 and 1.1.2 when fishing for all species other than herring:

- (a) the information specified under 1.5 below;
- (b) the quantity (in kilograms) of each species caught since the previous transmission;
- (c) the ICES division or NAFO sub-area in which the catches were made.

- 1.5. (a) the name, call sign, identification numbers and letters of the vessel and the name of its master;

- (b) the licence number if the vessel is under licence;
- (c) the serial number of the message;
- (d) identification of the type of message;
- (e) the date, the time and the geographical position of the vessel.

- 2.1. The information specified under point 1 shall be transmitted to the Commission of the European Communities in Brussels (telex address 24 189 FISEU-B) via one of the radio stations listed under point 3 below and in the form specified under point 4.
- 2.2. If it is impossible for reasons of *force majeure* for the message to be transmitted by the vessel, it may be transmitted on the vessel's behalf by another vessel.

4. Form of communications

The information specified under point 1 concerning the fishing operations in the zones referred to under 1.1.1 and 1.1.2 shall contain the following elements, which shall be given in the following order:

- name of vessel,
- call sign,
- external identification letters and numbers,
- serial number of the message for the voyage in question,
- indication of the type of message according to the following code:
 - message when entering one of the zones referred to under 1.1.1 and 1.1.2: 'IN',

- message when leaving one of the zones referred to under 1.1.1 and 1.1.2: 'OUT',
 - message when moving from one ICES sub-area to another: 'ICES',
 - weekly message: 'WKL',
 - three-day message: '2 WKL',
 - message concerning scheduled exit from the zone referred to under 1.1.2: 'NL',
 - the geographical position,
 - the ICES sub-area or NAFO sub-area in which fishing is expected to commence,
 - the date on which fishing is expected to commence,
 - the quantity (in kilograms) of each species of fish in the hold using the code mentioned in point 5,
 - the ICES division or NAFO sub-area in which the catches were made,
 - the quantity (in kilograms) of each species transferred to other vessels since the previous transmission,
 - the name and call sign of the vessel to which the transfer was made,
 - the quantity (in kilograms) of each species landed in a port of the Community since the previous transmission,
 - the name of the master,
 - the quantity (in kilograms) of each species discarded since the previous transmission using the code mentioned in point 5 only in the case of fisheries operations in the zones referred to under 1.1.2.
5. The code to be used to indicate the quantities of fish on board as mentioned in point 4 above:
- A. Deep-water prawn (*Pandalus borealis*),
 - B. Hake (*Merluccius merluccius*),
 - C. Greenland halibut (*Reinhardtius hippoglossoides*),
 - D. Cod (*Gadus morhua*),
 - E. Haddock (*Melanogrammus aeglefinus*),
 - F. Halibut (*Hippoglossus hippoglossus*),
 - G. Mackerel (*Scomber scombrus*),
 - H. Horse mackerel (*Trachurus trachurus*),
 - I. Round-nose grenadier (*Coryphaenoides rupestris*),
 - J. Saithe (*Pollachius virens*),
 - K. Whiting (*Merlangus merlangus*),
 - L. Herring (*Clupea harengus*),
 - M. Sand-eel (*Ammodytes* spp),
 - N. Sprat (*Clupea sprattus*),
 - O. Plaice (*Pleuronectes platessa*),
 - P. Norway pout (*Trisopterus esmarkii*),
 - Q. Ling (*Molva molva*),
 - R. Other,
 - S. Shrimp (*Pandalidae*),
 - T. Anchovy (*Engraulis encrassicholus*),

-
- U. Redfish (*Sebastes* spp),
 - V. American plaice (*Hypoglossoides platessoides*),
 - W. Squid (*Illex*),
 - X. Yellowtail (*Limanda ferruginea*),
 - Y. Blue whiting (*Gadus poutassou*),
 - Z. Tuna (*Thunnidae*),
 - AA. Blue ling (*Molva dypterygia*),
 - BB. Tusk (*Brosme brosme*).

COUNCIL REGULATION (EEC) No 5/85

of 19 December 1984

laying down for 1985 certain measures for the conservation and management of fishery resources applicable to vessels registered in the Faroe Islands

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

to confirm, before the end of that period, the decisions taken,

Having regard to the Treaty establishing the European Economic Community,

HAS ADOPTED THIS REGULATION:

Having regard to Council Regulation (EEC) No 170/83 of 25 January 1983 establishing a system for the conservation and management of fishery resources ⁽¹⁾, and in particular Article 11 thereof,

Article 1

Having regard to the proposal from the Commission,

Whereas, in accordance with the procedure provided for by the Fisheries Agreement between the European Economic Community, on the one hand, and the Government of Denmark and the local Government of the Faroe Islands, on the other hand ⁽²⁾, and in particular Article 2 thereof, the Community, on the one hand, and the Government of Denmark and the local Government of the Faroe Islands, on the other hand, have held consultations concerning their mutual fishing rights for 1985;

Whereas, during these consultations, the delegations agreed to recommend to their respective authorities that they fix certain catch quotas for 1985 for vessels of the other party;

Whereas it is necessary to implement the results of the consultations between the Community and the Faroe Islands in order to avoid an interruption of reciprocal fisheries relations as at 31 December 1984;

Whereas, under the terms of Article 3 of Regulation (EEC) No 170/83, it is incumbent upon the Council to establish the total catches allocated to third countries and also the specific conditions under which the catches must be made;

Whereas the measures applicable in 1985 to vessels registered in the Faroe Islands will come into effect as from 1 January 1985; whereas the very short period of time now remaining before they come into effect means that an initial period of application, limited in time, will have to be provided for in order to enable the Council

1. The only fishing activities by vessels registered in the Faroe Islands in the 200-nautical-mile zone of the Member States in the North Sea, Skagerrak, Kattegat, the Baltic Sea, the Labrador Sea, Davis Strait, Baffin Bay and the Atlantic Ocean north of 43°00' N which shall be authorized until 31 December 1985 are those for the species mentioned in Annex I within the geographical and quantitative limits laid down in this Regulation.

2. Fishing authorized under paragraph 1 shall be limited except in Skagerrak to the parts of the 200-nautical-mile fishing zone lying seawards of 12 nautical miles from the base-lines from which the fishing zones of Member States are measured.

3. Notwithstanding paragraph 1, unavoidable by-catches of a species for which no quota is established in a zone shall be permitted within the limits fixed in the conservation measures in force in the zone concerned.

4. By-catches in a given zone of a species for which a quota is established in that zone shall be counted against the quota concerned.

Article 2

1. Vessels fishing under the quotas established in Article 1 shall comply with the conservation and control measures and all other provisions governing fishing in the zones referred to in that Article.

2. Vessels referred to in paragraph 1 shall keep a log-book in which the information set out in Annex II is to be entered.

⁽¹⁾ OJ No L 24, 27. 1. 1983, p. 1.

⁽²⁾ OJ No L 226, 29. 8. 1980, p. 11.

3. Vessels referred to in paragraph 1, including those carrying out fishing for prawns under special conditions in ICES sub-area XIV, but excluding those fishing in ICES division III a, shall transmit to the Commission the information set out in Annex III. This information is to be transmitted according to the rules set out in that Annex.

4. The registration letters and numbers of the vessels referred to in paragraph 1 must be clearly marked on the bow of the vessel on both sides.

Article 3

1. Fishing within the waters referred to in Article 1, except in Skagerrak under the quotas established in the said Article, shall be permitted only where a licence issued by the Commission on behalf of the Community is held on board and where the conditions set out in the licence are observed.

2. The issue of licences for the purpose of paragraph 1 shall be subject to the condition that the number of licences valid on any one day shall not exceed:

- (a) 14 for fishing mackerel in ICES divisions VI a (north of 56°30' N) and VII e, f and h, sprat in ICES sub-area IV and division VI a (north of 56°30' N), horse mackerel in ICES sub-area IV and divisions VI a (north of 56°30' N), VII e, f and h and herring in ICES divisions VI a (north of 56°30' N), four for fishing herring in division III a) N (Skagerrak);
- (b) 12 for fishing Norway prout in ICES sub-area IV and division IV a (north of 56°30' N) and sand-eel in ICES sub-area IV;
- (c) fishing for northern deep-water prawn (*Pandalus borealis*):
nine in ICES sub-area XIV, five in NAFO sub-area 1 (south of 68°00' N);
- (d) 20 for fishing ling and tusk in ICES division VI b. However, the total number of vessels allowed to fish simultaneously shall be limited to 10;
- (e) 16 for fishing blue ling in ICES division VI a (north of 56°30' N) and VI b;
- (f) three for fishing Greenland halibut in NAFO sub-area 1 and ICES sub-area XIV;
- (g) 16 for fishing blue whiting in ICES sub-area VII (west of 12°00' W) and ICES divisions VI a (north of 56°30' N) and VI b;

- (h) three for fishing porbeagle in the whole Community zone with the exception of NAFO 3 PS;
- (i) six for fishing redfish in ICES sub-area XIV;
- (j) 10 for fishing capelin in ICES sub-area XIV.

3. Each licence shall be valid for one vessel only. When several vessels are taking part in the same fishing operation, each vessel shall be in possession of a licence.

4. Licences may be cancelled with a view to the issue of new licences. The cancellation shall take effect from the date of the surrender of the licence to the Commission.

5. Should there be an infringement of the obligations fixed by this Regulation the licence shall be withdrawn.

6. No licence shall be issued for a maximum period of 12 months for vessels in respect of which the obligations laid down in this Regulation have not been observed.

7. Licences issued in pursuance of Regulation (EEC) No 3760/83 ⁽¹⁾ and valid on 31 December 1984 shall remain valid until 31 March 1985 at the latest, if so requested by the Faroese authorities.

Article 4

When an application for a licence is submitted to the Commission, the following information shall be supplied:

- (a) name of the vessel;
- (b) registration number;
- (c) external identification letters and numbers;
- (d) port of registration;
- (e) name and address of the owner or charterer;
- (f) gross tonnage and overall length;
- (g) engine power;
- (h) call sign and radio frequency;
- (i) intended method of fishing;
- (j) intended area of fishing;
- (k) species for which it is intended to fish;
- (l) period for which a licence is requested.

⁽¹⁾ OJ No L 374, 31. 12. 1984, p. 1.

Article 5

Fishing for tusk, ling and porbeagle within the limits of the quotas referred to in Article 1 shall be allowed only if the method commonly known as 'long-lining' is used.

Article 6

Fishing in Skagerrak within the limits of the quotas referred to in Article 1 shall be subject to the following conditions:

1. Directed fishing for herring shall be prohibited except for 14 weeks during the period 3 June to 28 September 1985 and six weeks during the period 30 September to 31 December 1985.
2. Directed fishing for herring for purposes other than human consumption shall be prohibited.
3. The use of trawl and purse seine for the capture of pelagic species shall be prohibited from Saturday midnight to Sunday midnight.

Article 7

The competent authorities of the Member States shall take appropriate steps, including the regular inspection of vessels, to ensure that this Regulation is enforced.

Article 8

Where an infringement is duly established, the Member States shall, without delay, inform the Commission of the name of the vessel involved and of any action they have taken.

Article 9

This Regulation shall enter into force on 1 January 1985.

It shall apply until 20 January 1985, subject to the Council's taking a decision before that date.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 19 December 1984.

For the Council

The President

P. O'TOOLE

ANNEX I

Fishing quotas

Species	Fishing zone ICES sub-area	Quantity (tonnes)
Ling	VI b	400 ⁽¹⁾
Tusk	VI b	400 ⁽¹⁾
Blue ling	VI a ⁽²⁾ , VI b	1 100
Mackerel	IV	—
	VI a ⁽²⁾ , VII e, f and h	7 500 ⁽⁹⁾
Horse mackerel	IV, VI a ⁽²⁾ , VII e, f and h	6 000
Norway pout	IV, VI a ⁽²⁾	18 500 ⁽³⁾ ⁽⁴⁾ ⁽⁸⁾
Sprat	IV, VI a ⁽²⁾	3 000
Sand-eel	IV	10 000 ⁽³⁾ ⁽⁸⁾
Blue whiting	VI a ⁽²⁾ , VI b, VII ⁽⁵⁾	45 000
Other white fish (by-catches only)	IV, VI a ⁽²⁾	750
Herring	III a N (Skagerrak) ⁽⁶⁾	500
	VI a ⁽²⁾	700 ⁽¹⁰⁾
Porbeagle	Entire Community zone excluding NAFO 3 Ps	150 ⁽⁷⁾
Notern deep-water prawn (<i>Pandalus borealis</i>)	NAFO 1 ⁽¹¹⁾	475 ⁽¹²⁾
	XIV	675 ⁽¹³⁾
Greenland halibut	NAFO 2	150
	XIV	150
Redfish	XIV	500
Capelin	XIV	10 000

⁽¹⁾ These quotas are interchangeable.

⁽²⁾ North of 56°30' N.

⁽³⁾ Each of these quotas may be exceeded by a maximum of 10 000 tonnes provided that the total catches of Norway pout, sand-eel and sprat do not exceed 31 500 tonnes.

⁽⁴⁾ Of which maximum 6 000 tonnes may be fished in ICES VI a north of 56°30' N subject to the provision on request by the EEC of details of the quantity and composition of any by-catch taken.

⁽⁵⁾ West of 12°00' W.

⁽⁶⁾ Limited in the west by a line drawn from the lighthouse of Hanstholm to the lighthouse of Lindesnes and in the south by a line drawn from Skagen lighthouse to the lighthouse on Tistlarna and from there to the nearest coast of Sweden.

⁽⁷⁾ May be fished only by longliners.

⁽⁸⁾ Catches of Norway pout and sand-eel may include unavoidable by-catches of blue whiting.

⁽⁹⁾ Of which no more than 2 250 tonnes may be fished up to 30 June 1985.

⁽¹⁰⁾ Of which no more than 210 tonnes may be fished up to 30 June 1985.

⁽¹¹⁾ South of 68° N.

⁽¹²⁾ May be fished only after 1 July 1985.

⁽¹³⁾ Of which no more than 405 tonnes may be fished before 30 June 1985.

ANNEX II

1. The following details are to be entered in the log-book after each haul when fishing within the 200-nautical-mile fishing zone off the coasts of the Member States of the Community which is covered by exclusive Community rules on fisheries:
 - 1.1. the quantity (in kilograms) of each species caught, including by-catches;
 - 1.2. the date and the time of the haul;
 - 1.3. the geographical position in which the catches were made;
 - 1.4. the fishing method used;
 - 1.5. all radio messages sent in conformity with Annex III.
2. The following log-book has to be used when fishing within NAFO sub-area 1 and ICES sub-area XIV.

ANNEX III

1. The information to be transmitted to the Commission and the timetable for its transmission are as follows:

- 1.1. On each occasion the vessel enters:

- 1.1.1. the 200-nautical-mile fishing zone off the coasts of the Member States of the Community, or

- 1.1.2. NAFO sub-area 1 as defined by the Convention on Future Multilateral Cooperation in the Northwest Atlantic Fisheries situated under the jurisdiction of Denmark:

- (a) the information specified under 1.5 below;
- (b) the quantity (in kilograms) of each species of fish in the hold;
- (c) the date and NAFO sub-area or ICES sub-area within which the captain intends to commence fishing.

Where the fishing operations necessitate more than one entry into the zones referred to under 1.1.1 and 1.1.2 on a given day, one communication shall suffice on first entry.

- 1.2. On each occasion the vessel leaves:

- 1.2.1. the zone referred to under 1.1.1:

- (a) the information specified under 1.5 below;
- (b) the quantity (in kilograms) of each species of fish in the hold;
- (c) the quantity (in kilograms) of each species caught since the previous transmission;
- (d) the ICES sub-area or NAFO sub-area in which the catches were taken;
- (e) the quantity (in kilograms) of each species transferred to other vessels since the vessel entered the zone and the identification of the vessel to which the transfer was made;
- (f) the quantity (in kilograms) of each species landed in a port of the Community since the vessel entered the zone;

- 1.2.2. the zone referred to under 1.1.2:

- information referred to under (a), (b), (c), (d), (e) and (f);
- (g) the quantity (in kilograms) of discards specified by species since the previous transmission.

- 1.3. A notice of leaving at least 48 hours prior to the vessel's scheduled exit from the zone referred to under 1.1.2 and from ICES sub-area XIV.

- 1.4. At three-day intervals, commencing on the third day after the vessel first enters the zones referred to under 1.1.1 when fishing for herring and mackerel, and at weekly intervals, commencing on the seventh day after the vessel first enters the zones referred to under 1.1.1 and 1.1.2 when fishing for all species other than herring and mackerel:

- (a) the information specified under 1.5 below;
- (b) the quantity (in kilograms) of each species caught since the previous transmission;
- (c) the ICES or NAFO sub-area in which the catches were made.

- 1.5. (a) The name, call sign, identification numbers and letters of the vessel and the name of its master;

- (b) the licence number if the vessel is under licence;

- (c) the serial number of the message;
- (d) identification of the type of message;
- (e) the date, the time and the geographical position of the vessel.

2.1. The information specified under point 1 shall be transmitted to the Commission of the European Communities in Brussels (telex address 24 189 FISEU-B) visa one of the radio stations listed under point 3 below and in the form specified under point 4.

2.2. If it is impossible for reasons of *force majeure* for the message to be transmitted by the vessel, it may be transmitted on the vessel's behalf by another vessel.

4. Form of communications

The information specified under point 1 concerning the fishing operations in the zones referred to under 1.1.1 and 1.1.2 shall contain the following elements, which shall be given in the following order:

- name of vessel,
- call sign,
- external identification letters and numbers,
- serial number of the message for the voyage in question,
- indication of the type of message according to the following code:
 - message when entering one of the zones referred to under 1.1.1 and 1.1.2: 'IN',
 - message when leaving one of the zones referred to under 1.1.1 and 1.1.2: 'OUT',
 - message when moving from one ICES division to another: 'ICES',
 - weekly message: 'WKL',
 - three-day message: '2 WKL',
 - notice of departure from the zone referred to under 1.1.2: 'NL',
- the geographical position,
- the ICES or NAFO sub-area in which fishing is expected to commence,
- the date on which fishing is expected to commence,
- the quantity (in kilograms) of each species of fish in the hold using the code mentioned in point 5,
- the ICES or NAFO sub-area in which the catches were made,
- the quantity (in kilograms) of each species transferred to other vessels since the previous transmission,
- the name and call sign of the vessel to which the transfer was made,
- the quantity (in kilograms) of each species landed in a port of the Community since the previous transmission,
- the name of the master,
- the quantity (in kilograms) of each species discarded since the previous transmission using the code mentioned in point 5 only in the case of fisheries operations in the zones referred to under 1.1.2.

5. The code to be used to indicate the quantities of fish on board as mentioned in point 4 above:

- A. Deep-water prawn (*Pandalus borealis*),
- B. Hake (*Merluccius merluccius*),
- C. Greenland halibut (*Reinhardtius hippoglossoides*),
- D. Cod (*Gadus morhua*),
- E. Haddock (*Melanogrammus aeglefinus*),

COUNCIL REGULATION (EEC) No 6/85

of 19 December 1984

allocating catch quotas between Member States for vessels fishing in Faroese waters

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 170/83 of 25 January 1983 establishing a Community system for the conservation and management of fishery resources ⁽¹⁾, and in particular Article 11 thereof,

Having regard to the proposal from the Commission,

Whereas, in accordance with the procedure provided for by the Fisheries Agreement between the European Economic Community, of the one part, and the Government of Denmark and the Home Government of the Faroe Islands, of the other part, both parties have held consultations concerning their mutual fishing rights for 1985;

Whereas as a result of these consultations the two parties have agreed an arrangement for 1985 involving *inter alia* the allocation of certain catch quotas to Community vessels in the fisheries zone of the Faroe Islands;

Whereas, under the terms of Article 3 of Regulation (EEC) No 170/83, it is incumbent upon the Council to establish the total allowable catches by stock or group of stocks, the share available for the Community and also the specific conditions under which the catches must be made; whereas, under the terms of Article 4 of the same Regulation, the share available for the Community is allocated between the Member States;

Whereas information about actual catches should be made available in order to ensure that this allocation is respected;

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 19 December 1984.

Whereas the catch quotas open to Member States in Faroese waters will come into effect as from 1 January 1985; whereas the very short period of time now remaining before they come into effect means that an initial period of application, limited in time, will have to be provided for in order to enable the Council to confirm, before the end of that period, the decisions taken,

HAS ADOPTED THIS REGULATION:

Article 1

From 1 January to 31 December 1985 catches by vessels flying the flag of a Member State in the waters falling within the fisheries jurisdiction of the Faroe Islands under the arrangement on reciprocal fishing rights for 1985 between the Community and the Faroe Islands shall be limited to the quotas set out in the Annex hereto.

Article 2

Member States and the masters of vessels flying the flag of a Member State shall conform, as far as fishing in the waters referred to in Article 1 is concerned, with Articles 3 to 9 of Council Regulation (EEC) No 2057/82 of 29 June 1982 establishing certain control measures for fishing activities by vessels of the Member States ⁽²⁾, as amended by Regulation (EEC) No 1729/83 ⁽³⁾.

Article 3

This Regulation shall enter into force on 1 January 1985.

It shall apply until 20 January 1985, subject to the Council's taking a decision before that date.

For the Council

The President

COUNCIL REGULATION (EEC) No 7/85

of 19 December 1984

laying down for 1985 certain measures for the conservation and management of fishery resources applicable to vessels flying the flag of Spain

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 170/83 of 25 January 1983 establishing a Community system for the conservation and management of fishery resources ⁽¹⁾, and in particular Article 11 thereof,

Having regard to the proposal from the Commission,

Whereas, according to the terms of Article 3 of Regulation (EEC) No 170/83, the Community shall lay down each year the total allocated catches for third countries as well as the specific conditions for taking these catches;

Whereas the Community and Spain have concluded an Agreement on fisheries ⁽²⁾;

Whereas the two parties have agreed to recommend to their respective authorities that the conclusions adopted in the agreed minutes of the consultations concerning the allocation of fishing rights between Spain and the Community signed on 14 February 1984, are also relevant for the 1985 fishing system;

Whereas the measures for the conservation and management of fishing resources applicable to vessels flying the flag of Spain laid down for 1984 expire on 31 December 1984 in accordance with Regulation (EEC) No 598/84 ⁽³⁾;

Whereas, in order to avoid the interruption of fishing by Spanish vessels in the fishing zones of the Member States subject to Community fishing regulations, it is necessary to adopt the appropriate measures before 1 January 1985;

Whereas Regulation (EEC) No 171/83 ⁽⁴⁾ laid down certain technical measures for the conservation of fishery resources; whereas these measures apply to vessels flying the flag of third countries and operating in Community waters;

Whereas the measures applicable in 1985 to vessels flying the flag of Spain will come into effect as from 1 January 1985; whereas the very short period of time now remaining before they come into effect means that an initial period of application, limited in time, will have to be provided for in order to enable the Council to confirm, before the end of that period, the decisions taken,

HAS ADOPTED THIS REGULATION:

Article 1

The only catches which vessels flying the flag of Spain are authorized to make during the period 1 January to 31 December 1985 shall be those set out in Annex I. These catches may be made only within the 188-nautical-mile zone extending beyond the 12-nautical-mile limit calculated from the base lines, with the exception of the region referred to in Article 7 (1) of Regulation (EEC) No 170/83, and subject to the conditions laid down in this Regulation.

However, vessels holding a licence referred to in point 3 (b), (e) and (f) of Annex I shall, by way of an exception, be authorized to fish inside the 12-nautical-mile limit for sardine or anchovy up to the limit of the quotas allotted in Annex I and in the zones where they were authorized to carry out such fishing in 1984.

Article 2

1. Fishing shall be subject to the holding on board of a licence, issued by the Commission on behalf of the Community, and to compliance with the conservation and supervisory measures and other provisions governing fishing in the zones referred to in Article 1.

2. The number of licences which may be issued to vessels flying the flag of Spain shall be as laid down in point 3 of Annex I.

⁽¹⁾ OJ No L 24, 27. 1. 1983, p. 1.

⁽²⁾ OJ No L 322, 28. 11. 1980, p. 3.

⁽³⁾ OJ No L 67, 9. 3. 1984, p. 1.

⁽⁴⁾ OJ No L 24, 27. 1. 1983, p. 14.

3. A vessel may hold only one licence.

4. The skippers of vessels holding a licence must observe the special conditions laid down in Annex II. These conditions shall form part of the licence. However, in the case of vessels holding a licence referred to in point 3 (d), (g) or (h) of Annex I, only points 1 and 2 of the special conditions laid down in Annex II must be observed.

Article 3

1. When an application for a licence referred to in point 3 (a), (b), (c), (g) and (h) of Annex I is submitted to the Commission, the following information shall be supplied:

- (a) name of vessel;
- (b) registration number;
- (c) external identification letters and numbers;
- (d) port of registration;
- (e) name and address of the owner or charterer and, if the owner is a legal person, of the members;
- (f) gross tonnage and overall length;
- (g) engine power;
- (h) call sign and radio frequency;
- (i) intended method of fishing;
- (j) intended area of fishing;
- (k) species intended to be fished;
- (l) period for which a licence is requested.

2. Each licence shall be valid for one vessel only. Where several vessels take part in the same fishing operation, each vessel must be in possession of a licence indicating this method of fishing.

However, in the case of the fishing referred to in point 3 (b) and (c) of Annex I, a single licence may be issued on request for more than one vessel whose particulars shall be entered at the same time on the licence.

For each of the said types of fishing, the Spanish authorities shall provide a list of vessels which shall not exceed in number that fixed in the last column of point 3 of Annex I, specifying for which vessels a licence or a joint licence is requested and, where appropriate, the period of validity requested.

Article 4

1. The licences referred to in point 3 (d), (e) and (f) of Annex I may be issued only to vessels appearing on a list showing, for each of the categories of vessels concerned, the vessels which may use such licences during one of the following periods:

- 1 January to 31 December 1985 for the vessels referred to in point 3 (d) of Annex I,
- 1 March to 30 June 1985 for the vessels referred to in point 3 (e) of Annex I,
- 1 July to 31 October 1985 for the vessels referred to in point 3 (f) of Annex I.

Each list shall provide the following particulars in respect of each vessel:

- name of the vessel,
- registration number,
- external identification letters and numbers,
- port of registry,
- name and address of the owner or charterer,
- gross tonnage and overall length,
- engine power,
- call sign and radio frequency.

2. The licences referred to in point 3 (d) of Annex I may be used only by vessels included in a periodic programme. This programme shall give the names and registration numbers of all vessels authorized to use such a licence during the period covered, together with the dates on which each vessel may use such a licence.

A periodic programme shall be valid for a period of at least one month and shall be introduced at least four working days before the beginning of the period which it covers. The duration for which each vessel may use a licence under the periodic programme shall be not less than two days. Approval of the various parts of a periodic programme shall be given by the Commission one working day before the date scheduled for their entry into force.

3. The licences referred to in point 3 (e) of Annex I may be used only by vessels which appear on a periodic list. This list shall show, in respect of each of the licences, the names and registration number of each of the vessels authorized to use these licences during the period covered by the list.

A periodic list shall be valid for a period of at least two weeks and shall be introduced at least four working

days before the beginning of the period which it covers. The list may not provide for alternate use of a given licence by more than three vessels. Each vessel may use only one licence during the period covered by the list. Approval of a periodic list shall be given by the Commission not later than one working day before the date scheduled for its entry into force.

4. The licences referred to in point 3 (f) of Annex I may be used only by vessels which appear on a daily list. This list shall show, in respect of each of the licences, the names and registration numbers of each of the vessels authorized to use these licences during the day covered by the list. Each vessel may use only one licence during the day covered by the list.

Article 5

1. Notwithstanding the provisions of Article 4, changes in the periodic programmes and lists may be requested in respect of vessels which have been prevented by *force majeure* from using the licence during the specified period. The vessels concerned shall not be authorized to fish until confirmation has been received from the Commission; such confirmation should be within 36 hours, excluding public holidays.

2. Should the Commission not be in possession of a new periodic programme or list four working days before the expiry of the preceding programme or list, the provisions applicable to the last week covered shall be applied for a further week.

Article 6

The licences referred to in point 3 (d), (g) and (h) of Annex I may be invalidated if the Commission does not receive, by the fifth and 20th day of each month, information communicated by the competent Spanish authorities concerning the catches made by each vessel and the landings made in each port during the previous fortnight.

Article 7

Notwithstanding Regulation (EEC) No 171/83, the following technical measures shall apply to vessels flying the flag of Spain:

- (a) fishing with gillnets shall be prohibited;
- (b) trawls, Danish seines or similar nets having mesh sizes smaller than 80 mm may not be used for directed fishing for hake or carried aboard;

- (c) vessels may have on board no fishing gear other than that necessary for the fishing authorized;
- (d) long-liners may not cast more than two long-lines per day; the maximum length of each of these long-lines shall be 20 nautical miles. The maximum distance between snoods shall be 2,70 m;
- (e) vessels fishing as specified in point 3 (h) of Annex I may have on board no fishing gear other than drifting long-lines.

Article 8

1. By-catches shall be permitted within the limits laid down in point 2 of Annex I.

2. Vessels holding a licence entitling them to fish for tunny may not fish any species other than thunnidae; they may not have on board any species other than thunnidae, with the exception of anchovies intended as live bait.

3. Vessels holding a licence entitling them to fish for Ray's bream may not fish for any other species; they may not have on board any species other than Ray's bream, with the exception of species intended as bait up to a quantity limit that is strictly necessary for that purpose.

Article 9

1. The licences referred to in point 3 (a), (b), (c), (f), (g) and (h) of Annex I shall be valid for a period of at least two months, from the first day of a month to the last day of a month. Applications for licences shall be submitted not later than 15 days before the date envisaged for the commencement of validity.

2. The validity of licences may be extended under the conditions laid down in paragraph 1.

3. Licences may be cancelled with a view to the issue of new licences. The cancellation shall take effect on the first day of the month following the surrender of the licences to the Commission.

The new licences shall be issued in accordance with paragraph 1.

Article 10

- 1. Licences shall be valid for the following periods:
 - 1 March to 30 June 1985, in the case of the licences referred to in point 3 (e) of Annex I,

- 1 January to 28 February 1985 and 1 July to 31 December 1985, in the case of the licences referred to in point 3 (b) of Annex I,
- 1 July to 31 October 1985, in the case of the licences referred to in point 3 (f) of Annex I,
- 1 October to 31 December 1985, in the case of the licences referred to in point 3 (h) of Annex I.

2. However, the period of validity of the licences referred to in paragraph 1 shall expire as soon as the Commission establishes that the quantities laid down in point 1 of Annex I have been fished.

Article 11

1. Fishing may not take place in a zone within ICES sub-areas VI and VII, situated south of 56°30' N east of 12°00' W and north of 50°30' N.
2. The fishing referred to in point 3 (d) of Annex I may not take place east of 1°48' W.
3. Without prejudice to paragraph 1, the fishing referred to in point 3 (h) of Annex I is allowed only within ICES divisions VII g, h, j and k.

Article 12

1. Licences for vessels which have not complied with the obligations provided for in this Regulation shall be withdrawn.
2. Where a vessel infringes this Regulation by fishing without a valid licence in the zone referred to in Article 1 and where that vessel belongs to a shipowner who has one or more other vessels to which licences have been issued, one of such licences may be withdrawn.
3. Vessels engaging in the type of fishing referred to in point 3 (a) of Annex I which have failed to comply with the obligations laid down in this Regulation shall not be granted a licence for a period of from four to 12 months from the date on which the infringement took place.

4. Vessels engaging in the type of fishing referred to in point 3 (b), (c), (d), (f), (g) and (h) of Annex I which have failed to comply with the obligations provided for in this Regulation shall not be granted a licence for a period of from two to four months from the date on which the infringement took place.

5. No licence shall be issued during the periods referred to in paragraphs 3 and 4 to a vessel belonging to a shipowner who also owns a vessel whose licence has been withdrawn.

Article 13

With the exception of licences referred to in point 3 (e) and (h) of Annex I, licences valid on 31 December 1984 in accordance with Article 2 of Council Regulation (EEC) No 598/84 may be extended until 31 January 1985 upon the request of the authorities of the country concerned. The licences thus extended will be deducted, for the duration of the extension, from the corresponding number of licences laid down in point 3 of Annex I, without the total number being exceeded.

Article 14

The competent authorities in the Member States shall take appropriate measures, including the regular inspection of vessels, to ensure implementation of this Regulation.

Article 15

Where an infringement is duly found to have taken place, the Member States shall, without delay, inform the Commission of the name of the vessel concerned and any action they may have taken.

Article 16

This Regulation shall enter into force on 1 January 1985.

It shall apply until 20 January 1985, subject to the Council's taking a decision before that date.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 19 December 1984.

For the Council

The President

P. O'TOOLE

ANNEX I

1. Fishing quotas

Species	ICES sub-area or division	Quantity (tonnes)
Hake	VI	920
	VII	3 160
	VIII	3 820 ⁽¹⁾
Other species taken as by-catches of hake fishing of which monkfish megrim	VI	2 300
	VII	6 320
	VIII	7 640
	VI	300
	VII	950
	VIII	700
	VI	500
	VII	2 100
	VIII	450
Anchovy	VIII	29 000 ⁽²⁾
Tuna	VI, VII, VIII	No limit
Ray's bream	VII g, h, j, k	No limit

⁽¹⁾ Catches made by vessels referred to under point 3 (c) and (d) are to be added to this quantity.

⁽²⁾ Catches made by vessels flying the flag of Spain in the Spanish fishing zone of the Bay of Biscay are to be deducted from this quantity.

2. Permitted by-catches

Target species	Species fished as by-catches	Permitted limits of by-catches
Hake	Cod Haddock Whiting Pollack Saithe	The total by-catches of these species may not exceed 3 % by weight of the total catch on board
	Clupied fish Norway lobster	The total by-catches of these species may not exceed 5 % by weight of the total catch on board
	Sole Plaice Herring	By-catches of these species may not be kept on board
Sardine	Horse-mackerel	By-catches of this species may not exceed 10 % by weight of the total catch or 10 % by weight of any sample of less than 100 kg of fish found to be on board in the vessel's hold after sorting
	Other species (including invertebrates)	By-catches of all other species may not be kept on board

3. Number of licences that may be issued for the various ICES sub-areas and divisions

Type of fishing	ICES sub-area or division	Number of licences	Complete list of vessels
(a) Vessels conducting hake fishing	VI	16 ⁽¹⁾	—
	VII	49 ⁽¹⁾	—
	VIII	41 ⁽¹⁾	—
(b) Sardiniers (seiners less than 100 GRT)	VIII	40	71
(c) Long-liners less than 100 GRT	VIII a	10	25
(d) Fishing exclusively with rods from vessels not exceeding 50 GRT	VIII	50	—
(e) Vessels fishing for anchovy as target species	VIII	160	—
(f) Vessels fishing for anchovy to be used as live bait	VIII	120	—
(g) Tuna fishing	VI, VII, VIII	No limit	—
(h) Vessels fishing for Ray's bream	VII g, h, j, k	25	—

⁽¹⁾ Figure fixed on the basis of a standard vessel with a brake horsepower of 700 bhp. The conversion factors for vessels of another horsepower are as follows:

Horsepower	Coefficient
Less than 300 bhp	0,57
300 bhp or more, but less than 400 bhp	0,76
400 bhp or more, but less than 500 bhp	0,85
500 bhp or more, but less than 600 bhp	0,90
600 bhp or more, but less than 700 bhp	0,96
700 bhp or more, but less than 800 bhp	1,00
800 bhp or more, but less than 1 000 bhp	1,07
1 000 bhp or more, but not exceeding 1 200 bhp	1,11
Over 1 200 bhp	2,25
Long-liners other than those specified in point 3 (c)	1,00
Long-liners other than those specified in 3 (c) above and carrying equipment for the automatic baiting and mechanical hauling of long-lines	2,00
When applying these conversion factors to 'parejas' and 'trios' the horsepower of the individual vessel's engines are to be totalled.	

ANNEX II

Special conditions

1. The fishing licence must be on board the vessel.
2. The registration letters and numbers of the licensed vessel must be clearly marked on the bow of the vessel at both sides and on each side of the superstructure where they can best be seen.

The letters and numbers shall be painted in a colour contrasting with that of the hull or superstructure and shall not be effaced, altered, covered or otherwise obscured.
3. A log-book must be kept in which the following details are to be entered after each fishing operation:
 - 3.1. the quantity (in kilograms) of each species caught;
 - 3.2. the date and the time of the beginning and end of fishing;
 - 3.3. the ICES statistical square in which the catches were made;
 - 3.4. the fishing method used;
 - 3.5. all radio messages transmitted in accordance with points 4 to 6.
4. Information must be transmitted by the licensed vessel to the Commission of the European Communities at Brussels (telex address 24.189 FISEU-B) via one of the radio stations listed in point 6.1 and in accordance with the following timetable:
 - 4.1. in the case of licences authorizing fishing for hake or sardines:
 - 4.1.1. on each occasion the vessel enters the 200-nautical-mile fishing zone off the coasts of the Member States of the Community, which is covered by Community fisheries regulations;
 - 4.1.2. on each occasion the vessel leaves the 200-nautical-mile fishing zone off the coasts of the Member States of the Community, which is covered by Community fisheries regulations;
 - 4.1.3. on each occasion the vessel moves from one ICES sub-area to another within the zones as defined in 4.1.1 and 4.1.2;
 - 4.1.4. on each occasion the vessel enters a Community port;
 - 4.1.5. on each occasion the vessel leaves a Community port;
 - 4.1.6. daily, beginning either on the date on which the vessel first entered the zone referred to in 4.1.1 above or on the date on which the vessel left one of the ports referred to in 4.1.5 above.
 - 4.2. where the licence authorizes fishing for anchovies:
 - 4.2.1. on each occasion the vessel enters the 200-nautical-mile fishing zone off the coasts of the Member States, which is covered by Community fisheries regulations;
 - 4.2.2. on each occasion the vessel leaves the 200-nautical-mile fishing zone off the coasts of the Member States of the Community, which is covered by Community fisheries regulations.
5. The following details must be included in all messages transmitted in pursuance of point 4:
 - 5.1. the date, time, geographical position and ICES statistical square;
 - 5.2. the quantity (in kilograms) of each species of fish in the hold;
 - 5.3. the quantity (in kilograms) of each species caught since the previous transmission;

- 5.4. the ICES statistical square in which the catches were taken;
- 5.5. the quantity (in kilograms) of each species transferred to other vessels since the previous transmission.
6. The details provided for in point 5 must be transmitted in accordance with the following conditions:

- 6.1. all messages must be transmitted via a radio station on the list below:

<i>Name</i>	<i>Call sign</i>
North Foreland	GNF
Humber	GKZ
Cullercoats	GCC
Wick	GKR
Portpatrick	GPK
Anglesey	GLV
Illfracombe	GIL
Niton	GNI
Stonehaven	GND
Hebrides	GHD
Portishead	GKA
	GKB
	GKC
Land's End	GLD
Valentia	EJK
Malin Head	EJM
Boulogne	FFB
Brest	FFU
Saint-Nazaire	FFO
Bordeaux-Arcachon	FFC

- 6.2. If for reasons of *force majeure* it is impossible for the message to be transmitted by the licensed vessel, it may be transmitted on that vessel's behalf by another vessel.

- 6.3. Content of the message

Messages transmitted under the provisions of the licence and in accordance with the timetable set out in point 4 must take into account the details required pursuant to point 5 and contain the following information:

- name of vessel,
- call sign,
- external identification letters and numbers,
- licence number,
- serial number of the message for the voyage in question,
- indication of the type of message taking into account the different points mentioned in point 4,
- the geographical position and the ICES statistical square,
- the quantity (in kilograms) of each species of fish in the holds using the code given in point 6.4,
- the quantity (in kilograms) of each species caught since the previous transmission,
- the ICES statistical square in which the catches were taken,
- the quantity (in kilograms) of each species transferred to other vessels since the previous transmission,
- the name, call sign, and, if applicable, the licence number of the vessel to which the transfer was made,
- the name of the skipper.

6.4. The code to be used to indicate the quantities of fish on board as mentioned in point 6.3:

- A. Deep-water prawn (*Pandalus borealis*)
 - B. Hake (*Merluccius merluccius*)
 - C. Greenland halibut (*Reinhardtius hippoglossoides*)
 - D. Cod (*Gadus morhua*)
 - E. Haddock (*Melanogrammus aeglefinus*)
 - F. Halibut (*Hippoglossus hippoglossus*)
 - G. Mackerel (*Scomber scombrus*)
 - H. Horse-mackerel (*Trachurus trachurus*)
 - I. Round-nose grenadier (*Coryphaenoides rupestris*)
 - J. Saithe (*Pollachius virens*)
 - K. Whiting (*Merlangus merlangus*)
 - L. Herring (*Clupea harengus*)
 - M. Sand-eel (*Ammodytes* spp)
 - N. Sprat (*Clupea sprattus*)
 - O. Plaice (*Pleuronectes platessa*)
 - P. Norway pout (*Trisopterus esmarkii*)
 - Q. Ling (*Molva molva*)
 - R. Other
 - S. Shrimp (*Pandalidae*)
 - T. Anchovy (*Engraulis encrassicholus*)
 - U. Redfish (*Sebastes* spp)
 - V. American plaice (*Hypoglossoides platessoides*)
 - W. Squid (*Illex*)
 - X. Yellowtail (*Limanda ferruginea*)
 - Y. Blue whiting (*Gadus poutassou*)
 - Z. Tuna (*Thunnidae*)
 - AA. Blue ling (*Molva dypterygia*)
 - BB. Tusk (*Brosme brosme*)
 - CC. Dogfish (*Scyliorhinus retifer*)
 - DD. Basking shark (*Cetorhina*)
 - EE. Porbeagle (*Lamna nasus*)
 - FF. Squid loligo (*Loligo vulgaris*)
 - GG. Ray's bream (*Brama brama*)
 - HH. Sardine (*Sardina pilchardus*)
 - II. Common shrimp (*Crangon crangon*)
 - JJ. Megril (*Lepidorhombus*)
 - KK. Angler/Monk (*Lophius* spp)

COUNCIL REGULATION (EEC) No 8/85

of 19 December 1984

laying down certain measures for the conservation and management of fishery resources applicable to vessels flying the flag of certain non-member countries in the 200-nautical-mile zone off the coast of the French department of Guyana

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 170/83 of 25 January 1983 establishing a Community system for the conservation and management of fishery resources ⁽¹⁾, and in particular Article 11 thereof,

Having regard to the proposal from the Commission,

Whereas under the terms of Article 2 of Regulation (EEC) No 170/83 it is incumbent upon the Council to formulate, in the light of the available scientific advice the conservation measures necessary to achieve the aims set out in Article 1 of that Regulation;

Whereas since 1977 the Community has operated a system of conservation and management of fishery resources applicable to vessels flying the flag of certain non-member countries in the 200-nautical-mile zone off the coast of the French department of Guyana most recently laid down by Council Regulation (EEC) No 1449/84 ⁽²⁾; whereas the latter Regulation expires on 31 December 1984;

Whereas the continuity of the system should be assured, in particular by maintaining the restriction on shrimp fishing in the zone in order to conserve the stock and ensure adequate profitability for the fishermen concerned;

Whereas the shrimp-processing industry based in the French department of Guyana depends on landings from vessels of non-member countries operating in the fishing zone off that department;

Whereas, therefore, it is necessary to ensure that those vessels which are under contract to land their shrimp catches in the French department of Guyana can continue to fish;

Whereas fishing licences calculated on the basis of scientific advice have been issued to non-member countries whose vessels fish in the zone off the said department;

Whereas, therefore, a number of those licences are subject to changes on the basis of that scientific advice;

Whereas the technical and control measures applicable under Regulation (EEC) No 1499/84 should be maintained;

Whereas the measures applicable in 1985 to vessels flying the flag of certain non-member countries will come into effect as from 1 January 1985; whereas the very short period of time now remaining before they come into effect means that an initial period of application, limited in time, will have to be provided for in order to enable the Council to confirm, before the end of that period, the decisions taken,

HAS ADOPTED THIS REGULATION:

Article 1

Vessels flying the flag of one of the countries listed in Annex I shall be authorized, during the period from 1 January to 31 December 1985 to fish for the species listed in the said Annex in the part of the 200-nautical-mile fishing zone off the coast of the French department of Guyana that lies more than 12 nautical miles from the base lines, in conformity with the conditions laid down in this Regulation.

Article 2

1. Fishing in the fishery zone referred to in Article 1 shall be subject to the possession on board of a licence, issued by the Commission on behalf of the Community, and to the observance of the conditions set out in that licence and the control measures and other provisions regulating fishing activities in that zone.

2. Where no application for the grant of a licence has been submitted within a period of 30 days from the date of entry into force of this Regulation, the Commission, at the request of the French authorities, may issue licences to the shipowners of the relevant non-member countries on the basis of the contracts carrying the endorsement referred to in Article 7 (2).

⁽¹⁾ OJ No L 24, 27. 1. 1983, p. 1.

⁽²⁾ OJ No L 145, 31. 5. 1984, p. 1.

3. The registration letters and numbers of a vessel in possession of a licence must be clearly marked on both sides of the prow and on both sides of the superstructure at the most visible point. The letters and numbers must be painted in a colour that contrasts with the colour of the hull or superstructure and must not be effaced, altered, covered or masked in any other way.

Article 3

1. The maximum number of licences, as well as the maximum number of temporary renewable licences that may be issued for shrimp fishing on the basis of scientific advice to vessels flying the United States or Japanese flag and which are under contract to land all their catches in the French department of Guyana, is specified in point 1 of Annex I.

2. The licences referred to in paragraph 1 shall cease to be valid when the contract stipulating the obligation to land the catches comes to an end, and in any event not later than 31 December 1985.

The duration of the validity of temporary licences shall be limited to three-month periods.

3. The number of licences referred to in paragraph 1 may be revised if the scientific advice states that there has been a substantial change in stocks.

Article 4

1. Licences may be issued for shrimp fishing to vessels which fly the flag of one of the countries listed in point 2 of Annex I. The catch quantities authorized under such licences, the maximum number of licences and the maximum number of days at sea during which such licences are valid shall be as specified for each country in point 2 of Annex I.

2. The licences referred to in paragraph 1 shall be issued on the basis of a fishing plan submitted by the authorities of the country concerned, approved by the Commission and not exceeding the limits for the country concerned specified in point 2 of Annex I.

3. The period of validity of each of the licences referred to in paragraph 1 shall be limited to the fishing period provided for in the fishing plan on the basis of which the licence was issued.

4. All licences referred to in paragraph 1 issued to vessels of a non-member country shall cease to be valid as soon as it is established that the quota laid down in point 2 of Annex I for that country has been used up.

Article 5

1. Licences may be issued for the fishing of species other than shrimps to vessels flying the flag of one of the countries listed in point 3 of Annex I. The maximum number of such licences for each country shall be as specified in point 3 of Annex I.

2. Licences for fishing thunnidae shall be granted subject to an undertaking by the owner of the vessel concerned to permit an observer to come aboard at the Commission's request.

3. Licences for fishing snapper shall be granted subject to the twofold undertaking by the owner of the vessel concerned:

- to land 50 % of the catches in the French department of Guyana or 75 % for the case mentioned at point 3 (b) in Annex I,
- to permit an observer to come aboard at the Commission's request.

Article 6

1. The following information shall accompany applications for licences submitted to the Commission:

- (a) name of the vessel;
- (b) registration number;
- (c) external identification letters and numbers;
- (d) port of registration;
- (e) name and address of the owner or charterer;
- (f) gross tonnage and overall length;
- (g) engine power;
- (h) call sign and radio frequency;
- (i) intended method of fishing;
- (j) species intended to be fished;
- (k) period for which a licence is requested.

2. Each licence shall be valid for one vessel only. Where several vessels are taking part in the same fishing operation, each vessel must be in possession of a licence.

Article 7

1. To obtain a licence as referred to in Article 3, proof must be produced, in respect of each of the vessels concerned, that a valid contract exists between the shipowner applying for the licence and a shrimp-processing undertaking situated in the French department of Guyana and that it includes an obligation to land all catches of shrimps from the vessel concerned in that department so that they may be processed, packed and stored in that undertaking's plant.

2. The contract referred to in paragraph 1 must be endorsed by the French authorities, which shall ensure that it is consistent both with the actual capacity of the contracting processing undertaking and with the objectives for the development of the Guyanan economy, as well as with the entry into service of shrimp fishing vessels registered in Guyana.

3. Where the endorsement referred to in paragraph 2 is refused, the French authorities shall give notification of this refusal and state their reasons for it to the party concerned and the Commission.

Article 8

1. To obtain a licence for snapper fishing as referred to in Article 5, proof must be produced, in respect of each of the vessels concerned, that a valid contract exists between the shipowner applying for the licence and a processing undertaking situated in the French department of Guyana and that it includes an obligation to land 50 or 75 % of all snapper catches from the vessel concerned in that department so that they may be processed in that undertaking's plant.

2. The contract referred to in paragraph 1 must be endorsed by the French authorities, which shall ensure that it is consistent both with the actual capacity of the contracting processing undertaking and with the objectives for the development of the Guyanan economy.

3. Where the endorsement referred to in paragraph 2 is refused, the French authorities shall give notification of this refusal and state their reasons for it to the party concerned and the Commission.

Article 9

1. A licence application shall be submitted at least one month before the desired date of commencement of validity.

2. Licences may be cancelled with a view to the issuing of new licences. Such cancellation shall take effect on the first day of the month following that in which the licences are returned to the Commission.

New licences shall be issued in accordance with paragraph 1.

Article 10

1. Shrimp fishing in the fishing zone referred to in Article 1 shall be prohibited in waters less than 30 metres deep.

2. Except for the taking of shrimp by-catches by vessels using a trawl, only vessels using long lines shall be permitted to fish for species other than shrimp.

Article 11

A log-book, a model of which appears in Annex II, shall be completed after each fishing operation.

A copy of this log-book shall be sent to the Commission within 30 days of the last day of each fishing trip.

Article 12

1. The master of each vessel in possession of a licence referred to in Articles 4 and 5 shall observe the special conditions set out in Annex III, and in particular the obligation to forward the information specified in the Annex via the radio station indicated therein. These conditions shall form an integral part of the licence.

2. The master of each vessel in possession of a licence as referred to in Article 3 shall, on landing the catch after each trip, submit to the French authorities a declaration, for whose accuracy the master alone is responsible, stating the quantities of shrimp caught and kept on board since the last declaration. This declaration shall be made using the form of which a model appears in Annex IV.

Article 13

1. The French authorities shall take all appropriate measures to verify the accuracy of the declarations referred to in Article 12 (2), by checking them in particular against the log-book referred to in Article 11. The declaration shall be signed by the competent official after it has been verified.

2. The French authorities shall ensure that all landings of shrimps in the French department of Guyana by vessels in possession of a licence as referred to in Articles 3 and 5 (3) shall be the subject of a declaration as referred to in Article 12 (2).

3. Before the end of each month, the French authorities shall send to the Commission all the declarations referred to in paragraph 2 relating to the preceding month.

Article 14

1. The French authorities shall take appropriate measures to ensure control of the implementation of this Regulation, including the regular inspection of vessels.

2. Where an infringement is formally ascertained, the French authorities shall, without delay, inform the Commission of the name of the vessel concerned and of any action they may have taken.

Article 15

1. Licences for vessels which have not complied with the obligations provided for in this Regulation, including the obligation to land all or part of the catches laid down in a contract as referred to in Articles 7 and 8 may be withdrawn.

2. Where a vessel fishes without a valid licence in the zone referred to in Article 1, and where that vessel belongs to a shipowner or is managed by a natural or legal person who has or exercises the management of one or more other vessels to which licences have been issued, one of those licences may be withdrawn.

3. A vessel which has failed to comply with the obligations provided for in this Regulation, or with the landing obligation laid down in a contract as referred to in Articles 7 and 8, shall not be granted a licence for a period of from four to 12 months from the date when the infringement was committed.

4. No licence shall be issued during the period referred to in paragraph 3 to a vessel belonging to a shipowner who also owns a vessel whose licence has been

withdrawn under this Article or which has fished without a licence in the zone referred to in Article 1.

Article 16

1. If, for a period of one month, the Commission receives no communication as referred to in Article 12 (1) concerning a vessel in possession of a licence referred to in Articles 4 and 5, the licence of such vessel shall be withdrawn.

2. If, for a period of one month, a vessel in possession of a licence as referred to in Article 3 has made no use of it, the licence of such vessel shall be withdrawn, except:

- if the vessel is under repair,
- in cases of *force majeure*.

Article 17

The period of validity of licences valid on 31 December 1984 pursuant to Article 1 of Regulation (EEC) No 1499/84 may be extended, at the request of the authorities of the country concerned, until 31 January 1985. Licences thus extended shall be counted against the number of corresponding licences laid down in Annex I for the duration of the extension without that total being exceeded.

Article 18

This Regulation shall enter into force on 1 January 1985.

It shall apply until 20 January 1985, subject to the Council's taking a decision before that date.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 19 December 1984.

For the Council

The President

P. O'TOOLE

ANNEX I

1. Licences referred to in Article 3

Vessels flying the flag of	Maximum number of licences	Of which: maximum number of renewable licences
USA	} 58	} 8
Japan		

2. Licences referred to in Article 4

Vessels flying the flag of	Quantity of authorized catches in tonnes	Maximum number of vessels with a licence	Maximum number of days at sea
Barbados	token entry	token entry	token entry
Guyana	token entry	token entry	token entry
Surinam	130	16	1 200
Trinidad and Tobago	60	8	600

3. Licences referred to in Article 5

Species	Vessels flying the flag of	Maximum number of licences
(a) Tuna	Japan	token entry
	Korea	token entry
(b) Snappers and others	Venezuela	10 if they land 50 % of the snapper catches in the French department of Guyana 15 if they land 75 % of the snapper catches in the French department of Guyana

*ANNEX III***Special conditions**

1. Vessels in possession of a licence referred to in Articles 4 and 5 must communicate information to the Commission of the European Communities in Brussels (address : telex 24189 FISEU-B) via the Cayenne radio station (call sign FFI) at the following times :
 - (a) on each entry into zones extending up to 200 nautical miles off the coast of the French department of Guyana, hereinafter called 'the zone' ;
 - (b) whenever leaving the zone ;
 - (c) whenever entering a port of a Member State ;
 - (d) whenever leaving a port of a Member State ;
 - (e) every week in respect of the previous week from the date of entry into the zone referred to in (a) or from the date of leaving the port referred to in (d).
2. Communications transmitted in accordance with the conditions of the licence at the times specified in 1 above should include the following particulars, where appropriate, and should be transmitted in the following order :
 - name of vessel,
 - radio call sign,
 - licence number,
 - chronological number of the transmission for the trip in question,
 - indication of which of the types of transmission, as set out in paragraph 1, is involved,
 - date,
 - time,
 - geographical position,
 - for vessels in possession of a licence referred to in Article 3, the activity of the vessel during the period (under way, fishing, at anchor, in harbour, unloading, under repair, others),
 - quantity of each species caught during the fishing operation (in kilograms),
 - quantity of each species caught since the previous transmission of information (in kilograms),
 - the geographical coordinates of the position where the catches were made,
 - quantities of catches, by species, transferred to other vessels (in kilograms) since the previous information,
 - the name, call sign and, where applicable, licence number of the vessel to which the catch was transferred,
 - the master's name.
3. The following code must be used in reporting species caught in accordance with paragraph 2 :
 - S : Brown shrimp (Penaeidae) ;
 - Z : Tunny ;
 - R : Other.
4. In cases where, for reasons of *force majeure*, the communication cannot be transmitted by the vessel in possession of a licence, the message may be transmitted by another vessel on behalf of the former.

ANNEX IV

Declaration pursuant to Article 12 (2)

LANDING DECLARATION ⁽¹⁾

Name of vessel :

Name of master :

Master's signature :

Registration No :

Name of agent :

Voyage made from the

to the

Port of landing :

Quantity of shrimps landed (in live weight)			
Head off shrimp :		kg	
or (× 1,6) =		kg (head on shrimp)	
Head on shrimp :		kg	
Thunnidae :	kg	Snapper (Lutjanidae) :	kg
Other :	kg		

⁽¹⁾ One copy is kept by the master, one copy is kept by the control officer, and one copy is to be sent to the Commission of the European Communities.
