(Acts whose publication is obligatory)

COUNCIL REGULATION (EEC) No 1482/85

of 23 May 1985

amending Regulation (EEC) No 1785/81 on the common organization of the markets in the sugar sector

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Articles 42 and 43 thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Having regard to the opinion of the European Parliament ⁽²⁾,

Whereas the experimental suspension of the application of the storage cost compensation system to preferential sugar during the marketing years 1982/83 to 1984/85 has not had any harmful consequences on the markets governed by Council Regulation (EEC) No 1785/81 ⁽³⁾, as last amended by Regulation (EEC) No 606/82 ⁽⁴⁾; whereas, therefore, it is no longer essential to continue to apply the said system to preferential sugar, particularly in view of the management costs that this would entail for the Member States concerned;

Whereas enlargement of the Community necessitates the adoption of intervention measures to ensure the regular supply of all Community refineries processing raw sugar into white sugar; whereas, in addition to preferential sugar, these refineries require supplies of raw cane sugar produced in the French overseas departments and of raw beet sugar harvested in the Community; whereas the said intervention measures should ensure that the price conditions applying to these last-mentioned sugars are similar to those applying to preferential sugar,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 1785/81 is hereby amended as follows:

1. The second subparagraph of Article 8 (2) is deleted.
2. The third and fourth subparagraphs of Article 8 (2) are replaced by the following:

⁽¹⁾ OJ No C 67, 14. 3. 1985, p. 13.

⁽²⁾ OJ No C 94, 15. 4. 1985.

⁽³⁾ OJ No L 177, 1. 7. 1981, p. 4.

⁽⁴⁾ OJ No L 74, 18. 3. 1982, p. 1.

'The Member States shall impose a levy on each sugar manufacturer, as appropriate:

- per unit of weight of sugar produced,
- per unit of weight of the syrups referred to in the first subparagraph which are produced prior to the crystallizing stage and marketed in their natural state.

The amount of the reimbursement shall be the same for the whole Community. This rule of uniformity shall also apply in respect of the levy.'

3. Article 8 (4) (c) is deleted.
4. Paragraphs 4 and 5 of Article 9 are replaced by the following:

'4. Appropriate measures shall be taken on the subject of the transport and storage costs of sugars produced in the French overseas departments, in order to permit these sugars to be marketed in the European regions of the Community.

To the extent necessary for the supply of refineries, provision may be made that raw sugar manufactured from beet harvested in the Community shall qualify for the same measures as those referred to in the first subparagraph.

For the purposes of this Article, "refinery" shall mean a production unit whose sole activity consists in refining either raw sugar or syrups produced prior to the crystallizing stage.

5. The Council, acting by a qualified majority on a proposal from the Commission, shall determine the general rules for the application of the preceding paragraphs, which may derogate from Article 8 as regards the application of paragraph 4, and the chemical products referred to in paragraph 3.'

5. The following indent is added to Article 9 (6):

'— the measures referred to in the second subparagraph of paragraph 4.'

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 July 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

The President

C. SIGNORILE

COUNCIL REGULATION (EEC) 1483/85

of 23 May 1985

fixing, for the 1985/86 marketing year, the sugar prices and the standard quality of beet

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector ⁽¹⁾, as last amended by Regulation (EEC) No 1482/85 ⁽²⁾, and in particular Articles 2 (3), 3 (4) and 4 (3) thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Having regard to the opinion of the European Parliament ⁽⁴⁾,

Whereas, when sugar prices are fixed, account should be taken of the objectives of the common agricultural policy and of the contribution which the Community intends to make to the harmonious development of world trade; whereas the objectives of the common agricultural policy are in particular to ensure a fair standard of living for the agricultural community, to ensure that supplies are available and they reach consumers at reasonable prices;

Whereas, in order to attain these objectives, the target price for sugar must be fixed at a level which, taking into account in particular the resultant level of the intervention price, ensures a fair remuneration for beet and sugar cane producers while at the same time respecting consumers' interests, and which is likely to maintain the balance between the prices of the principal agricultural products;

Whereas, as a result of the characteristics of the sugar market, the risks involved in this trade are relatively slight; whereas, consequently, when the intervention price for sugar is being fixed, the difference between the target price and the intervention price may be fixed at a relatively low level;

Whereas the basic price for beet must take account of the intervention price and of the costs of processing and delivering the beet to factories and be based on an estimated

Community yield of 130 kilograms of white sugar per tonne of beet with a 16 % sugar content;

Whereas the abovementioned costs may be estimated at a flat-rate amount of 22,73 ECU per 100 kilograms of white sugar; whereas that flat-rate amount is made up of the sum of the processing margin, estimated at 20,89 ECU, and the costs of delivering the beet to factories, estimated at 3,73 ECU, less a flat-rate amount of 1,89 ECU representing factories' receipts from the sale of molasses calculated on the basis of a yield of 38,5 kilograms per tonne of beet processed and an ex-factory price for molasses of 6,40 ECU per 100 kilograms of molasses;

Whereas the standard quality chosen for beet should be a quality which takes account of production characteristics in the main beet-producing areas of the Community;

Whereas Article 46 of Regulation (EEC) No 1785/81 authorizes in particular the Republic of Italy to grant, under certain conditions, adaptation aid to producers of sugar beet and, where the case arises, to producers of sugar; whereas these conditions provide *inter alia* for this aid to be made on a decreasing scale for the production of sugar obtained in northern Italy; whereas the 1984/85 marketing year has been characterized by a crisis already witnessed in 1982/83 and 1983/84; whereas, this being so, it would appear appropriate to suspend the reduction of the aid provided for this region of Italy,

HAS ADOPTED THIS REGULATION:

Article 1

1. The target price for white sugar shall be 57,03 ECU per 100 kilograms.
2. The intervention price for white sugar shall be 54,18 ECU per 100 kilograms for the non-deficit areas of the Community.

Article 2

The basic price for beet shall be 40,89 ECU per tonne delivered at the collection centre.

⁽¹⁾ OJ No L 177, 1. 7. 1981, p. 4.

⁽²⁾ See page 1 of this Official Journal.

⁽³⁾ OJ No C 67, 14. 3. 1985, p. 11.

⁽⁴⁾ OJ No C 94, 15. 4. 1985.

Article 3

Standard quality beet shall:

- (a) be of sound, genuine and merchantable quality;
- (b) have a sugar content of 16 % at the reception point.

Article 4

Application of point (b) of the second subparagraph of Article 46 (2) of Regulation (EEC) No 1785/81 shall be

suspended for the 1985/86 marketing year. For the same marketing year, point (a) of the second subparagraph of paragraph 2 of the said Article shall apply to the production of sugar obtained in northern Italy and concerned by the authorization for aid.

Article 5

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply for the 1985/86 marketing year.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

For the Council

The President

C. SIGNORILE

COUNCIL REGULATION (EEC) No 1484/85

of 23 May 1985

fixing, for the 1985/86 marketing year, the derived intervention prices for white sugar, the intervention price for raw sugar, the minimum prices for A and B beet, the threshold prices and the amount of compensation for storage costs

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector ⁽¹⁾, as last amended by Regulation (EEC) No 1482/85 ⁽²⁾, and in particular Articles 3 (5), 5 (5), 8 (4) and 14 (5) thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Whereas Council Regulation (EEC) No 1483/85 of 23 May 1985 fixing for the 1985/86 marketing year, the sugar prices and the standard quality of beet ⁽⁴⁾, fixed the intervention price for white sugar at 54,18 ECU per 100 kilograms;

Whereas Article 3 (1) of Regulation (EEC) No 1785/81 provides that derived intervention prices for white sugar are to be fixed for each of the deficit areas; whereas, for such fixing, it is appropriate that account be taken of the regional variations which, given a normal harvest and free movement of sugar, might be expected to occur in the price of sugar under natural conditions of price formation on the market;

Whereas a deficit supply situation is to be foreseen in the areas of production in Italy, Ireland and the United Kingdom;

Whereas Article 3 (5) of Regulation (EEC) No 1785/81 provides that an intervention price for raw sugar shall be fixed; whereas such price shall be established on the basis of the intervention price for white sugar, account being taken of a uniform processing margin and a standard yield, as well as transport costs for the supply of raw sugar;

Whereas Regulation (EEC) No 1483/85 fixed the basic price for beet at 40,89 ECU per tonne; whereas Article 5 (2) of Regulation (EEC) No 1785/81 provides that the minimum price to be fixed for A beet shall be 98 % of the basic price of the beet and the minimum price to be fixed for B beet shall in principle be 68 % of the said basic price;

Whereas Article 14 (2) of Regulation (EEC) No 1785/81 provides that the threshold price for white sugar shall be equal to the target price, plus costs, calculated at a flat rate,

of transport from the Community area having the largest surplus to the most distant deficit consumption area in the Community, plus a flat-rate amount which takes into account the storage levy which, for 1985/86 can be estimated at 3,54 ECU per 100 kilograms of white sugar; whereas, given the state of supplies within the Community, account should be taken of transport charges between the departments of northern France and Palermo;

Whereas the threshold price for raw sugar is to be derived from the threshold price for white sugar by reference to a processing margin and a standard yield;

Whereas the threshold price for molasses should be fixed in such a way that the receipts from sales of molasses may reach the level of receipts of undertakings taken into account in the fixing of basic prices for beet;

Whereas Article 5 of Regulation (EEC) No 1358/77 ⁽⁵⁾ provides that the amount of repayment in the context of the compensation for storage costs shall be fixed per month and per unit of weight, taking account of financing, insurance and specific storage costs,

HAS ADOPTED THIS REGULATION:

Article 1

For the deficit areas of the Community the derived intervention price for white sugar shall be fixed at, per 100 kilograms:

- (a) 55,39 ECU for all the areas in the United Kingdom;
- (b) 55,39 ECU for all the areas in Ireland;
- (c) 56,12 ECU for all the areas in Italy.

Article 2

The intervention price for 100 kilograms of raw sugar shall be 44,85 ECU.

Article 3

1. The minimum price for A beet shall be 40,07 ECU per tonne.

⁽¹⁾ OJ No L 177, 1. 7. 1981, p. 4.

⁽²⁾ See page 1 of this Official Journal.

⁽³⁾ OJ No C 67, 14. 3. 1985, p. 12.

⁽⁴⁾ See page 3 of this Official Journal.

⁽⁵⁾ OJ No L 156, 25. 6. 1977, p. 4.

2. Subject to the application of Article 28 of Regulation (EEC) No 1785/81, the minimum price for B beet shall be 27,81 ECU per tonne.

Article 4

The threshold price shall be:

- (a) 66,86 ECU per 100 kilograms of white sugar;
- (b) 57,24 ECU per 100 kilograms of raw sugar;
- (c) 6,90 ECU per 100 kilograms of molasses.

Article 5

The amount of the reimbursement referred to in Article 3 of Regulation (EEC) No 1785/81 shall be 0,53 ECU per month per 100 kilograms of white sugar.

Article 6

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply for the 1985/86 marketing year.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

For the Council

The President

C. SIGNORILE

COUNCIL REGULATION (EEC) No 1485/85

of 23 May 1985

amending Regulation (EEC) No 1431/82 laying down special measures for peas, field beans and sweet lupins

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Articles 42 and 43 thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Having regard to the opinion of the European Parliament ⁽²⁾,

Whereas the production of peas and field beans is constantly on the increase; whereas, in order better to spread out disposal of this production, an arrangement should be provided for by which prices are increased each month;

Whereas Regulation (EEC) No 1431/82 ⁽³⁾, as last amended by Regulation (EEC) No 1032/84 ⁽⁴⁾, fixes aid for peas and field beans intended to be used as animal feed at 45 % of the difference between the activating price and the world price for soya cake and for sweet lupins at 60 % of the difference between these prices; whereas these percentages reflect the energy and protein contents of the respective products and the different degree to which such contents are exploited in the Community; whereas, therefore, for the sake of efficient management, provision should be made for fixing them on the basis of these considerations by means of an appropriate procedure;

Whereas the prices of certain rival products to soya cake are such as to make them particularly attractive and whereas difficulties may therefore arise in the marketing of peas, field beans and sweet lupins produced in the Community; whereas the average price of soya cake should therefore be adjusted in such a way as to ensure balanced conditions of competition,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 1431/82 is hereby amended as follows:

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

1. The following is inserted:

'Article 2a

In order to enable the sale of peas and field beans to be spread out, the activating threshold price, the guide price and the minimum price shall be increased monthly, for a period to be determined as from the beginning of the third month of the marketing year, by an amount which may be different for the activating threshold price, on the one hand, and the guide price and the minimum price on the other.

The monthly increases, equal for each month, shall be fixed annually by the Council acting on a proposal from the Commission according to the voting procedure of Article 43 (2) of the Treaty, bearing in mind the average storage costs and the level of interest recorded in the Community.'

2. In Article 3 (1) the last sentence is replaced by the following:

'The aid shall be equal to a portion of the difference between these prices. The said portion shall be determined, according to the procedure laid down in paragraph 5, on the basis of the energy and protein contents of the products in question and the extent to which these contents are exploited in the Community.'

3. Article 4 (1) is replaced by the following:

'1. The average world market price for soya cake, calculated for a Community frontier crossing point and adjusted, where appropriate, for the standard quality referred to in Article 2 (5), shall be determined on the basis of the most favourable purchasing possibilities on the world market, rates being adjusted where necessary to take account of those of rival products. The Council, acting by a qualified majority on a proposal from the Commission, shall adopt the criteria on the basis of which the world market price is to be determined.'

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

⁽¹⁾ OJ No C 67, 14. 3. 1985, p. 24.

⁽²⁾ OJ No C 94, 15. 4. 1985.

⁽³⁾ OJ No L 162, 12. 6. 1982, p. 28.

⁽⁴⁾ OJ No L 107, 19. 4. 1984, p. 39.

COUNCIL REGULATION (EEC) No 1486/85

of 23 May 1985

fixing, for the 1985/86 marketing year, the activating price for aid, the guide price and the minimum price for peas, field beans and sweet lupins

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS REGULATION:

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 1431/82 of 18 May 1982 laying down special measures for peas and field beans ⁽¹⁾, as last amended by Regulation (EEC) No 1485/85 ⁽²⁾, and in particular Articles 2 (1) and (5) and 3 (3) thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Having regard to the opinion of the European Parliament ⁽⁴⁾,

Whereas Article 2 (2) of Regulation (EEC) No 1431/82 provides that a price activating the aid for peas, field beans and sweet lupins must be fixed for soya cake at a level which, while ensuring a fair income for producers, enables peas, field beans and sweet lupins to compete normally with soya cake for use in animal feed;

Whereas this activating price for aid for peas, field beans and sweet lupins must relate to a standard quality of soya cake which is representative of the average quality sold on the Community market;

Whereas Article 2 (3) of Regulation (EEC) No 1431/82 provides that the guide price for peas and field beans for human consumption must be fixed at a level which is fair to producers, taking account of the Community's supply requirements; whereas this price must relate to a standard quality;

Whereas Article 3 of Regulation (EEC) No 1431/82 provides for the fixing of a minimum price which, allowing for market fluctuations and for the cost of transport of the products from producer to processor, enables producers to obtain a fair return,

Article 1

1. For the 1985/86 marketing year the activating price for aid for peas and field beans, as referred to in Article 2 of Regulation (EEC) No 1431/82, shall be:

- 50,64 ECU per 100 kilograms for peas and field beans,
- 48,25 ECU per 100 kilograms for sweet lupins.

2. The price shall relate to soya cake having:

- a total crude protein content of 44 %,
- a moisture content of 11 %.

Article 2

1. For the 1985/86 marketing year, the guide price for peas and field beans, as referred to in Article 2 of Regulation (EEC) No 1431/82, shall be 32,48 ECU per 100 kilograms.

2. This price shall relate to products in bulk, sound, genuine and of merchantable quality, with 3 % impurities and, on the product as such, 14 % moisture content.

Article 3

1. For the 1985/86 marketing year, the minimum purchase price shall be:

- 28,35 ECU per 100 kilograms for peas,
- 27,35 ECU per 100 kilograms for field beans,
- 31,97 ECU per 100 kilograms for sweet lupins.

2. This price shall relate to products in bulk, sound, genuine and of merchantable quality, with 3 % impurities and, on the product as such, 14 % moisture content.

Article 4

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 July 1985.

⁽¹⁾ OJ No L 162, 12. 6. 1982, p. 28.

⁽²⁾ See page 7 of this Official Journal.

⁽³⁾ OJ No C 67, 14. 3. 1985, p. 25.

⁽⁴⁾ OJ No C 94, 15. 4. 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

The President

C. SIGNORILE

COUNCIL REGULATION (EEC) No 1487/85

of 23 May 1985

fixing, for the 1985/86 marketing year, the monthly increases in the activating threshold price,
the guide price and the minimum price for peas and field beans

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS REGULATION:

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1431/82 of 18 May 1982 laying down special measures for peas and field beans ⁽¹⁾, as last amended by Regulation (EEC) No 1485/85 ⁽²⁾, and in particular Article 2a thereof,

Having regard to the proposal from the Commission,

Whereas, under Article 2 (2) of Regulation (EEC) No 1431/82, the amounts by which the activating threshold price, the guide price and the minimum price for peas and field beans are respectively increased each month as from the beginning of the third month of the marketing year should be fixed and the number of months during which these increases are applied should be determined:

Whereas these increases, equal for each of the months, must be fixed bearing in mind the average storage costs and the level of interest recorded in the Community; whereas the average storage costs should be established on the basis of the cost of warehousing in appropriate premises and the handling costs necessary for good storage; whereas interest may be calculated on the basis of the rate considered as normal for the regions of production,

Article 1

1. For the 1985/86 marketing year, the amount of the monthly increases in the guide price and the minimum price for peas and field beans shall be fixed at 0,180 ECU per 100 kilograms.
2. The increases referred to in paragraph 1 shall be applied for six months.

Article 2

1. For the 1985/86 marketing year, the amount of the monthly increases in the activating threshold price of peas and field beans shall be fixed at 0,400 ECU per 100 kilograms.
2. The increases referred to in paragraph 1 shall be applied for six months.

Article 3

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply as from 1 July 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

COUNCIL REGULATION (EEC) No 1488/85

of 23 May 1985

fixing the amounts of aid granted for seeds for the 1986/87 and 1987/88 marketing years

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 2358/71 of 26 October 1971 on the common organization of the market in seeds ⁽¹⁾, as last amended by Regulation (EEC) No 1581/83 ⁽²⁾, and in particular Article 3 (3) thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Having regard to the opinion of the European Parliament ⁽⁴⁾,

Whereas the present situation on the Community market for seeds listed in the Annex to Regulation (EEC) No 2358/71 and which will be marketed during the 1986/87 and 1987/88 marketing years and its foreseeable development do not ensure a fair income for producers; whereas part of the production costs should therefore be offset by the granting of aid;

Whereas Article 3 (2) of Regulation (EEC) No 2358/71 provides that the aid shall be fixed, taking into account, on

the one hand, the need to ensure a balance between the volume of production required in the Community and the possible outlets for that production and, on the other hand, the prices of the products on external markets; whereas the application of these criteria results in the fixing of the amount of the aids applicable for the 1986/87 and 1987/88 marketing years at the levels set out in the Annex hereto,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1986/87 and 1987/88 marketing years the amounts of the aid granted for seeds referred to in Article 3 of Regulation (EEC) No 2358/71 shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 July 1986.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

COUNCIL REGULATION (EEC) No 1489/85

of 23 May 1985

fixing the target price and intervention price for sunflower seed for the 1985/86 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EEC) No 231/85 ⁽²⁾, and in particular Article 22 (4) thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Having regard to the opinion of the European Parliament ⁽⁴⁾,

Whereas, when the target price and intervention price for sunflower seed are fixed, account should be taken of the objectives of the common agricultural policy and of the contribution which the Community desires to make to the harmonious development of world trade; whereas the objectives of the common agricultural policy are, in particular, to ensure a fair standard of living for the agricultural community, to ensure that supplies are available and that they reach consumers at reasonable prices;

Whereas the intervention price must be fixed in accordance with the criteria laid down in Article 24 (1) of Regulation No 136/66/EEC;

Whereas Article 1 (1) of Regulation (EEC) No 1104/84 fixes the guarantee threshold for sunflower seed for the 1984/85 marketing year at 1 000 000 tonnes; whereas the actual average production recorded over the past three marketing years is 963 900 tonnes; whereas the target and intervention prices for the products in question should therefore not be reduced by virtue of the guarantee threshold being exceeded for the 1985/86 marketing year;

Whereas the prices of sunflower seed must be fixed for specific standard qualities; whereas these qualities should be

laid down in relation to the average qualities of the seeds harvested in the Community; whereas, for sunflower seed, the quality laid down for the 1984/85 marketing year meets these requirements and can accordingly be used for the following marketing year;

Whereas, in accordance with these criteria, the target and intervention prices should be fixed at a lower level, in the case of sunflower seed, than that adopted for the preceding marketing year,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1985/86 marketing year, the target price and the intervention price for sunflower seed shall be fixed as follows:

	ECU per 100 kg
— target price:	57,35
— intervention price:	52,47

Article 2

The prices referred to in Article 1 relate to seeds in bulk which are of sound, genuine and merchantable quality with an impurity content of 2 % and, for seeds as such, moisture and oil contents of 10 % and 42 % respectively.

Article 3

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 August 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

COUNCIL REGULATION (EEC) No 1490/85

of 23 May 1985

fixing, for the 1985/86 marketing year, the monthly increases in the target and intervention prices for sunflower seed

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EEC) No 231/85 ⁽²⁾, and in particular Article 25 thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Whereas, in accordance with Article 25 of Regulation No 136/66/EEC, the amount by which the target and intervention prices for sunflower seed are increased monthly from the beginning of the third month of the marketing year should be fixed for the 1985/86 marketing year, and the number of months during which such increases are to be applied should be determined; whereas such amount must be the same for both prices;

Whereas such increases must be the same for each month and be fixed by reference to average storage and interest charges recorded in the Community; whereas average storage

charges should be determined on the basis of the cost of storing the seed in suitable premises and of the handling charges necessary to keep the seed in good condition; whereas interest charges may be calculated on the basis of the rate considered as normal for the production areas,

HAS ADOPTED THIS REGULATION:

Article 1

1. For the 1985/86 marketing year, the amount of the monthly increases in the target and intervention prices for sunflower seed shall be 0,615 ECU per 100 kilograms.
2. These increases shall apply for six months.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 August 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

COUNCIL REGULATION (EEC) No 1491/85

of 23 May 1985

laying down special measures in respect of soya beans

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Having regard to the opinion of the European Parliament ⁽²⁾,

Whereas soya bean production is becoming of increasing importance to the Community;

Whereas, in order to promote the development of this production, which is in direct competition with soya beans imported at zero duty from third countries, Regulation (EEC) No 1614/79 ⁽³⁾, as last amended by Regulation (EEC) No 1037/84 ⁽⁴⁾, laid down special support measures for these beans;

Whereas, as regards the recipient of aid, provision should be made for granting the aid to any person who has concluded a contract with the producer providing for the payment to the latter of a price at least equal to the minimum price and who furnishes proof that the beans have either been processed or sold or delivered to a processor of soya beans;

Whereas, for the sake of clarity, Regulation (EEC) No 1614/79 should be replaced;

Whereas the expenditure incurred by Member States as a result of the obligations arising from the application of this Regulation will be borne by the Community, in accordance with Articles 2 and 3 of Council Regulation (EEC) No 729/70 of 21 April 1970 on the financing of the common agricultural policy ⁽⁵⁾, as last amended by Regulation (EEC) No 3509/80 ⁽⁶⁾,

HAS ADOPTED THIS REGULATION:

Article 1

1. Before 1 August every year, in respect of the marketing year commencing the following year, a guide price for soya beans falling within heading No 12.01 B of the Common Customs Tariff shall be fixed for the Community, in accordance with the procedure laid down in Article 43 (2) of the Treaty.

The guide price shall be fixed at a fair level for producers, having regard to the supply requirements of the Community.

2. The guide price shall remain in force throughout the marketing year.

Save where otherwise provided by the Council, acting on a qualified majority on a proposal from the Commission, the marketing year shall begin on 1 September and shall end on 31 August of the following year.

3. The guide price shall refer to a standard quality. This quality shall be defined by the Council in accordance with the procedure laid down in paragraph 1.

Article 2

1. When the guide price for a marketing year is higher than the world market price for soya beans, as determined in accordance with Article 3, aid equal to the difference between these two prices shall be granted for soya beans harvested and processed in the Community.

2. Aid shall be granted to any natural or legal person who has concluded with individual or associated soya beans producers a contract providing for payment to the producer of a price at least equal to the minimum price referred to in paragraph 3.

Where the said person is the processor of the beans, the aid shall be granted once proof of processing has been furnished.

In other cases, the aid shall be granted to any natural or legal person who:

- fulfils certain conditions to be determined, and
- has furnished proof of sale or delivery of soya beans to a processor.

3. The minimum price shall refer to the standard quality given in Article 1 (3) and shall be fixed at a level guaranteeing sales for producers at a price as close as possible to the guide price, allowing in particular for market fluctuations and the cost of transporting the beans from the areas where they are produced to the areas where they are used.

4. By way of derogation from paragraph 2, the aid provided for in paragraph 1 shall, in the case of the French overseas departments, be granted to soya bean producers in respect of a level of production established by applying a representative yield to the areas on which soya beans have been sown and harvested.

5. The aid shall be paid by the Member State on whose territory the beans are harvested.

⁽¹⁾ OJ No C 67, 14. 3. 1985, p. 19.

⁽²⁾ OJ No C 94, 15. 4. 1985.

⁽⁴⁾ OJ No L 107, 19. 4. 1984, p. 46.

⁽⁵⁾ OJ No L 94, 28. 4. 1970, p. 13.

⁽⁶⁾ OJ No L 367, 31. 12. 1980, p. 87.

6. The Council, acting by a qualified majority on a proposal from the Commission, shall every year fix the minimum price referred to in paragraph 3 at the same time as the guide price referred to in Article 1.

The same procedure shall be used to lay down:

- (a) general rules for granting the aid;
- (b) detailed rules for checking entitlement to the aid;
- (c) the conditions referred to in the first indent of paragraph 2.

7. The amount of the aid shall be fixed periodically by the Commission.

8. Detailed rules for implementing this Article, particularly in respect of the standard provisions with which the contracts referred to in paragraph 2 must comply, shall be determined in accordance with the procedure laid down in Article 38 of Council Regulation No 136/66/EEC ⁽¹⁾.

Article 3

The world market price for soya beans, calculated for a Community frontier crossing point, shall be determined on the basis of the most favourable purchasing possibilities.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

The Council, acting by a qualified majority on a proposal from the Commission, shall lay down the criteria for determining the world market price.

Detailed rules for the implementation of this Article shall be determined in accordance with the procedure laid down in Article 38 of Regulation No 136/66/EEC.

Article 4

The Member States and the Commission shall exchange the information necessary for the implementation of this Regulation. The nature of this information shall be decided on in accordance with the procedure laid down in Article 38 of Regulation No 136/66/EEC. The detailed rules concerning the notification of such information shall be laid down in accordance with the same procedure.

Article 5

Regulation (EEC) No 1614/79 is hereby repealed as from 1 September 1985. However, it will continue to apply for soya beans harvested before 1 January 1985.

Article 6

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

For the Council

The President

C. SIGNORILE

⁽¹⁾ OJ No 172, 30. 9. 1966, p. 3025/66.

COUNCIL REGULATION (EEC) No 1492/85

of 23 May 1985

fixing the guide price for soya beans for the 1985/86 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 1491/85 of 23 May 1985 laying down special measures in respect of soya beans ⁽¹⁾, and in particular Article 1 (1) and (3) thereof,

Having regard to the proposal from the Commission ⁽²⁾,

Having regard to the opinion of the European Parliament ⁽³⁾,

Whereas, when the guide price for soya beans is fixed on an annual basis, account should be taken of the objectives of the common agricultural policy and of the contribution which the Community desires to make to the harmonious development of world trade; whereas the objectives of the common agricultural policy are, in particular, to ensure a fair standard of living for the agricultural community and to ensure that supplies are available and reach consumers at reasonable prices;

Whereas the second subparagraph of Article 1 (1) of Regulation (EEC) No 1491/85 provides more specifically that this price shall be fixed at a fair level for producers, having regard to the supply requirements of the Community; whereas, to this end, a balanced relationship should be maintained between this price and the price of other oil seeds;

Whereas in accordance with these criteria the guide price should be fixed at the level indicated below;

Whereas the guide price must be fixed for a standard quality to be determined by reference to the average quality of beans harvested in the Community; whereas the quality laid down for the 1984/85 marketing year meets this requirement and can accordingly be used for the following marketing year,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1985/86 marketing year, the guide price for soya beans shall be 57,58 ECU per 100 kilograms.

Article 2

The price referred to in Article 1 relates to beans:

- in bulk, of sound, genuine and merchantable quality, and
- with an impurity content of 2 % and, for beans as such, moisture and oil contents of 14 % and 18 % respectively.

Article 3

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 September 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

COUNCIL REGULATION (EEC) No 1493/85

of 23 May 1985

fixing the minimum price for soya beans for the 1985/86 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS REGULATION:

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1491/85 of 23 May 1985 laying down special measures in respect of soya beans ⁽¹⁾, and in particular Article 2 (6) thereof,

Having regard to the proposal from the Commission ⁽²⁾,

Whereas Article 2 (6) of Regulation (EEC) No 1491/85 provides that the Council shall each year fix a minimum price for soya beans; whereas the price is fixed so as to guarantee sales for bean producers at a price as close as possible to the guide price, taking into account market fluctuations and the cost of transporting the beans from the production areas to the processing areas;

Whereas, in order to achieve the abovementioned objective, this minimum price must be fixed for a standard quality and a well-defined marketing stage,

Article 1

For the 1985/86 marketing year, the minimum price for soya beans referred to in Article 2 (6) of Regulation (EEC) No 1491/85 shall be 50,67 ECU per 100 kilograms.

Article 2

The price referred to in Article 1 shall apply to beans which meet the criteria referred to in Article 2 of Council Regulation (EEC) No 1492/85 of 23 May 1985 fixing the guide price for soya beans for the 1985/86 marketing year ⁽³⁾.

The said price shall relate to goods ready for dispatch from the production areas.

Article 3

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 September 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

COUNCIL REGULATION (EEC) No 1494/85

of 23 May 1985

fixing, for the 1985/86 marketing year, the guarantee threshold for sunflower seeds and certain factors relating thereto

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EEC) No 231/85 ⁽²⁾, and in particular Article 24a thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Having regard to the opinion of the European Parliament ⁽⁴⁾,

Whereas the fixing of a guarantee threshold for sunflower seed is required under Article 24a of Regulation No 136/66/EEC;

Whereas the guarantee threshold should be in keeping with a medium-term policy; whereas, in the light of market prospects, the guarantee threshold for 1991/92 can be put at 1 800 000 tonnes;

Whereas, in the light of this medium-term policy and the level of production in recent years, the guarantee threshold for the 1985/86 marketing year should be fixed at 1 115 000 tonnes;

Whereas the consequences as regards the level of the target prices and intervention prices in the event of the guarantee threshold being exceeded should also be stated,

HAS ADOPTED THIS REGULATION:

Article 1

1. For the 1985/86 marketing year, the guarantee threshold referred to in Article 24a of Regulation No 136/66/EEC is hereby fixed at 1 115 000 tonnes.
2. If the Community production, recorded in accordance with Article 24a of Regulation No 136/66/EEC, is greater than the guarantee threshold, there shall be a 2 % reduction in the 1986/87 target prices and intervention prices for the first 100 000 tonnes in excess of the guarantee threshold, and a further 1 % reduction for each subsequent 50 000 tonnes, up to a maximum of 5 %.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 August 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

COUNCIL REGULATION (EEC) No 1495/85

of 23 May 1985

fixing the guide price for linseed for the 1985/86 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 569/76 of 15 March 1976 laying down special measures for linseed ⁽¹⁾, and in particular Article 1 (1) and (3) thereof,

Having regard to the proposal from the Commission ⁽²⁾,

Having regard to the opinion of the European Parliament ⁽³⁾,

Whereas, when the guide price for linseed is fixed on an annual basis account should be taken both of the objectives of the common agricultural policy and of the contribution which the Community desires to make to the harmonious development of world trade; whereas the objectives of the common agricultural policy are, in particular, to ensure a fair standard of living for the agricultural community and to ensure that supplies are available and reach consumers at reasonable prices;

Whereas the first subparagraph of Article 1 (1) of Regulation (EEC) No 569/76 provides more specifically that this price shall be fixed at a level which is fair to producers, account being taken of the supply requirements of the Community; whereas, to this end, a balanced relationship should be maintained between this price and the price of other oil seeds;

Whereas in accordance with these criteria the guide price should be fixed at a higher level than that adopted for the preceding marketing year;

Whereas the guide price must be fixed for a standard quality to be determined by reference to the average quality of seeds harvested in the Community; whereas the quality laid down for the 1984/85 marketing year meets this requirement and can accordingly be used for the following marketing year,

HAD ADOPTED THIS REGULATION:

Article 1

For the 1985/86 marketing year, the guide price for linseed shall be 55,41 ECU per 100 kilograms.

Article 2

The price referred to in Article 1 relates to seed:

- in bulk, of sound, genuine and merchantable quality, and
- with an impurity content of 2 % and, for seeds as such, moisture and oil contents of 9 % and 38 % respectively.

Article 3

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 August 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 1496/85

of 23 May 1985

fixing the amounts of aid for fibre flax and hemp and the amounts withheld to finance measures to promote the use of flax fibre for the 1985/86 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 1308/70 of 29 June 1970 on the common organization of the market in flax and hemp ⁽¹⁾, as last amended by Regulation (EEC) No 1430/82 ⁽²⁾, and in particular Article 4 (3) thereof,

Having regard to Council Regulation (EEC) No 1432/82 of 18 May 1982 concerning measures to promote the use of flax fibre for the marketing years from 1982/83 to 1986/87 ⁽³⁾, and in particular the second subparagraph of Article 2 (2) thereof,

Having regard to the proposal from the Commission ⁽⁴⁾,

Having regard to the opinion of the European Parliament ⁽⁵⁾,

Whereas Article 4 of Regulation (EEC) No 1308/70 provides that the amount of aid for flax grown mainly for fibre and for hemp grown in the Community shall be fixed annually;

Whereas, in accordance with Article 4 (2) of that Regulation, this amount shall be fixed per hectare of area sown and harvested so as to ensure an even balance between the volume of production required in the Community and the amount that can be marketed; whereas it must be fixed, taking into account the price for flax and hemp fibres and seeds on the world market; the price for other competing natural products and the guide price for linseed;

Whereas the second subparagraph of Article 2 (2) of Regulation (EEC) No 1423/82 provides that, for marketing years subsequent to the 1982/83 marketing year, the portion

of aid for financing Community measures to encourage the use of fibre flax is to be fixed at the time when the aid is fixed for the marketing year in question; whereas it is to be fixed in the light of trends on the market in flax, the amount of the aid for flax and the cost of the measures to be introduced;

Whereas application of the abovementioned criteria entails fixing the amount of the aid and the part of the aid intended for financing measures to promote the use of flax fibre at the level mentioned below,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1985/86 marketing year, the aid provided for in Article 4 of Regulation (EEC) No 1308/70 shall be:

- (a) as regards flax: 355,09 ECU per hectare;
- (b) as regards hemp: 322,48 ECU per hectare.

Article 2

For the 1985/86 marketing year, the portion of the aid for flax to be used to finance the measures to promote the use of flax fibre referred to in Article 1 of Regulation (EEC) No 1423/82 shall be fixed at 22,85 ECU per hectare.

Article 3

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 August 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

COUNCIL REGULATION (EEC) No 1497/85

of 23 May 1985

fixing rice prices for the 1985/86 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice ⁽¹⁾, as last amended by Regulation (EEC) No 1025/84 ⁽²⁾, and in particular Article 3 (3) thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Having regard to the opinion of the European Parliament ⁽⁴⁾,

Whereas the markets and prices policy, based on modern farms, is the main instrument of the incomes policy in agriculture; whereas full advantage cannot be drawn from such a policy unless it is integrated into the common agricultural policy as a whole, including a dynamic social and structural policy and the application of the rules on competition contained in the Treaty;

Whereas the intervention price for paddy rice must be fixed at a rate which takes simultaneous account of the policy in respect of rice production and the use of rice and of improved farm incomes;

Whereas the target price for husked rice should be derived from the intervention price for paddy rice, in accordance

with the criteria set out in Article 4 (3) of Regulation (EEC) No 1418/76;

Whereas, for the products referred to in this Regulation, the application of the criteria for the fixing of the different prices and the application of the measures provided for in respect of the exchange rates to be applied in agriculture entail fixing those prices at the levels indicated below,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1985/86 marketing year, the rice prices shall be as follows:

- (a) intervention price, paddy rice: 314,19 ECU per tonne;
- (b) target price, husked rice: 548,37 ECU per tonne.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 September 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

COUNCIL REGULATION (EEC) No 1498/85

of 23 May 1985

fixing the monthly price increases for paddy rice and husked rice for the 1985/86 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS REGULATION:

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice⁽¹⁾, as last amended by Regulation (EEC) No 1025/84⁽²⁾, and in particular Article 7 (2) thereof,

Having regard to the proposal from the Commission⁽³⁾,

Whereas, when the number and amount of the monthly increases and the first month during which these increases are to apply are fixed, account should be taken of the storage costs and financing charges for storing rice in the Community and of the need to ensure that the disposal of stocks of rice conforms to market requirements,

Article 1

1. For the 1985/86 marketing year, the amount of each of the monthly increases provided for in Article 7 (1) of Regulation (EEC) No 1418/76 shall be as follows:

- 3,30 ECU per tonne for the intervention price,
- 4,12 ECU per tonne for the target price.

2. These monthly increases shall apply from 1 October 1985 to 1 July 1986, the prices thus obtained for July 1986 remaining valid until 31 August 1986.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 September 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

COUNCIL REGULATION (EEC) No 1499/85

of 23 May 1985

amending Regulation (EEC) No 2742/75 on production refunds in the cereals and rice sectors

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EEC) No 1018/84 ⁽²⁾, and in particular Article 11 (4) thereof,

Having regard to the proposal from the Commission,

Whereas Regulation (EEC) No 2742/75 ⁽³⁾, as last amended by Regulation (EEC) No 1569/83 ⁽⁴⁾, fixes the premiums to be paid to producers of potato starch in 1984/85; whereas the premium is intended to take account of the special position of the potato starch industry in relation to other sectors of the starch industry; whereas, since the relative situation of the starch industries has not significantly changed over the last marketing year, the premium for the

potato starch sector should be maintained at its present level in 1985/86,

HAS ADOPTED THIS REGULATION:

Article 1

In Article 3a of Regulation (EEC) No 2742/75, 'for the duration of the 1984/85 cereals marketing year' is hereby replaced by 'for the 1985/86 cereals marketing year'.

*Article 2*This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

It shall be applicable from the beginning of the 1985/86 cereals marketing year.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

COUNCIL REGULATION (EEC) No 1500/85

of 23 May 1985

fixing for the 1985/86 marketing year the guide price for unginned cotton and the quantity of cotton for which aid may be granted in full

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the 1979 Act of Accession, and in particular paragraphs 8 and 9 of Protocol 4 on cotton,

Having regard to the proposal from the Commission ⁽¹⁾,Having regard to the opinion of the European Parliament ⁽²⁾,

Whereas paragraph 8 of Protocol 4 states that the guide price for cotton that has not been ginned is to be fixed annually by reference to the criteria laid down in paragraphs 2 and 3 of that Protocol; whereas paragraph 9 states that the quantity of cotton for which aid shall be granted in full is to be fixed annually by reference to the criteria laid down in paragraph 3;

Whereas reference to these criteria gives the guide price and the quantity of cotton indicated below,

HAS ADOPTED THIS REGULATION:

Article 1

1. For the 1985/86 marketing year the guide price for unginned cotton shall be 96,02 ECU/100 kilograms.

2. The price referred to in paragraph 1 shall be for cotton:

- containing 14 % moisture and 3 % of inorganic extraneous matter,
- with the characteristics required to yield, after ginning, 54 % of seed and 32 % of fibres of grade No 5, as defined in Greece, with a length of 28 mm.

Article 2

1. For the 1985/86 marketing year the quantity of cotton referred to in point (a) of the second subparagraph of Article 9 of Protocol 4 shall be 567 000 tonnes.

2. The quantity of cotton referred to in paragraph 1 shall be unginned cotton of the quality indicated in Article 1 (2).

Article 3

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 September 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 1501/85

of 23 May 1985

fixing the minimum price for unginned cotton for the 1985/86 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS REGULATION:

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2169/81 of 27 July 1981 laying down general rules for the system of aid for cotton ⁽¹⁾, as last amended by Regulation (EEC) No 1462/84 ⁽²⁾, and in particular Article 9 (1) thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Whereas Article 9 (1) of Regulation (EEC) No 2169/81 provides that the Council shall each year fix a minimum price for unginned cotton; whereas that price must be fixed so as to guarantee sales for producers at a price as close as possible to the guide price, taking into account market fluctuations and the cost of transporting unginned cotton from the production areas to the ginning areas;

Whereas, in order to achieve the abovementioned objective, this minimum price must be fixed for a well-defined standard quality and marketing stage,

Article 1

For the 1985/86 marketing year, the minimum price for unginned cotton referred to in Article 9 (1) of Regulation (EEC) No 2169/81 shall be 91,23 ECU per 100 kilograms.

Article 2

The price referred to in Article 1 shall apply to unginned cotton which meets the criteria referred to in Article 1 of Council Regulation (EEC) No 1500/85 of 23 May 1985 fixing, for the 1985/86 marketing year, the guide price for unginned cotton and the quantity of cotton for which the aid is to be granted in full ⁽⁴⁾.

The said price shall relate to goods at the farm gate.

Article 3

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 September 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 1502/85

of 23 May 1985

fixing the production target price, the production aid and the intervention price for olive oil for the 1985/86 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the common organization of the market in oils and fats ⁽¹⁾, as last amended by Council Regulation (EEC) No 231/85 ⁽²⁾, and in particular Articles 4 (4), 5 (1) and (4) and 20d (1) thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Having regard to the opinion of the European Parliament ⁽⁴⁾,

Whereas, when the production target price for olive oil is fixed, account should be taken of the objectives of the common agricultural policy and of the contribution which the Community desires to make to the harmonious development of world trade; whereas the objectives of the common agricultural policy are, in particular, to ensure a fair standard of living for the agricultural community, to ensure that supplies are available and that they reach consumers at reasonable prices;

Whereas the target price referred to above must be fixed in accordance with the criteria laid down in Articles 4 and 6 of Regulation No 136/66/EEC;

Whereas, if the producer is to receive a fair income, the production aid must be fixed bearing in mind the fact that the consumption aid has an impact on only part of the production;

Whereas the intervention price must be fixed in accordance with the criteria laid down in Article 8 of Regulation No 136/66/EEC;

Whereas the production target price and the intervention price are fixed for a specific standard quality; whereas the reasons which led to the determination of the standard quality for the 1981/82 marketing year are still valid; whereas that standard quality should therefore remain unchanged,

Whereas under Article 5 (4) of Regulation No 136/66/EEC a percentage of the production earmarked for producers may be allocated to the financing of regional measures to improve the quality of olive oil production; whereas such measures are necessary, in particular for plant health reasons, in certain Italian, Greek and French production regions; whereas some of the said aid should therefore be allocated to the financing of such measures;

Whereas, in accordance with Article 20d (1) of Regulation No 136/66/EEC, the percentage of the production aid that may be withheld for recognized organizations of olive oil producers or associations thereof should be so fixed that the resulting amount helps to finance the expenditure incurred in the work done, pursuant to Articles 5 (3) and 20c of the said Regulation; whereas the percentage should be set at a level which enables foreseeable expenditure in 1985/86 to be covered,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1985/86 marketing year, the production target price, the production aid and the intervention price for olive oil shall be as follows:

- (a) production target price: 322,56 ECU per 100 kilograms;
- (b) production aid: 70,95 ECU per 100 kilograms;
- (c) intervention price: 227,62 ECU per 100 kilograms.

Article 2

The prices specified in Article 1 relate to semi-fine virgin olive oil with a free fatty acid content, expressed as oleic acid, of 3,3 grams for 100 grams.

Article 3

For the 1985/86 marketing year, 2 % of the production aid earmarked for olive oil producers in Italy, Greece and France shall be allocated to the financing of specific measures to improve the quality of olive oil in those countries.

⁽¹⁾ OJ No 172, 30. 9. 1966, p. 3025/66.

⁽²⁾ OJ No L 26, 31. 1. 1985, p. 12.

⁽³⁾ OJ No C 67, 14. 3. 1985, p. 14.

⁽⁴⁾ OJ No C 94, 15. 4. 1985.

Article 4

For the 1985/86 marketing year the percentage of the amount of production aid which may be withheld pursuant to Article 20d (1) of Regulation No 136/66/EEC for organizations of olive oil producers or associations thereof recognized under the said Regulation shall be 2,1 %.

Article 5

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 November 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

The President

C. SIGNORILE

COUNCIL REGULATION (EEC) No 1503/85

of 23 May 1985

fixing the monthly increases in the representative market price, the intervention price and the threshold price for olive oil for the 1985/86 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EEC) No 231/85 ⁽²⁾, and in particular Article 10 thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Whereas, under Article 10 of Regulation No 136/66/EEC, the representative market price, the intervention price and the threshold price for olive oil must be increased each month for a period of at least five months beginning on 1 January 1986, whereas these increases must be the same for all three prices;

Whereas, in fixing these increases the same for each of these months, account being taken of average storage costs and interest charges in the Community, the average storage costs should be established on the basis of the cost of storing oil in the appropriate premises and of the handling required for preserving the oil in good condition; whereas the interest

charges can be calculated with reference to the average price of olive oil valid in production areas;

Whereas, to ensure orderly marketing of the production, in view of the prospects for production and consumption, it is sufficient to provide for seven increases for olive oil,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1985/86 marketing year, the amount of the monthly increases referred to in Article 10 of Regulation No 136/66/EEC and applicable for seven months with effect from 1 January 1986 shall be 1,79 ECU per 100 kilograms.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 November 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

COUNCIL REGULATION (EEC) No 1504/85

of 23 May 1985

fixing, for the period 1 November 1985 to 31 October 1986, the basic price and the standard quality for slaughtered pigs

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 2759/75 of 29 October 1975 on the common organization of the market in pigmeat ⁽¹⁾, as last amended by Regulation (EEC) No 2966/80 ⁽²⁾, and in particular Article 4 ⁽⁴⁾ thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Having regard to the opinion of the European Parliament ⁽⁴⁾,

Whereas, when the basic price for slaughtered pigs is fixed, account should be taken of the objectives of the common agricultural policy and of the contribution which the Community desires to make to the harmonious development of world trade; whereas the objectives of the common agricultural policy are in particular to ensure a fair standard of living for the agricultural community, to ensure that supplies are available and that they reach consumers at reasonable prices;

Whereas the basic price must be fixed in accordance with the criteria laid down in Article 4 (1) of Regulation (EEC) No 2759/75 for a standard quality defined according to Council Regulation (EEC) No 2760/75 of 29 October 1975 determining the Community scale for grading pig carcasses ⁽⁵⁾;

Whereas the most representative class and categories of weight in Community production should be taken as the standard quality;

Whereas the application of those criteria results in the basic price being fixed at the same level as that adopted for the previous period,

HAS ADOPTED THIS REGULATION:

Article 1

For the period 1 November 1985 to 31 October 1986 the basic price for slaughtered pigs of the standard quality shall be 2 033,30 ECU per tonne.

Article 2

The standard quality shall be the quality for pig carcasses of class II of the Community scale for grading pig carcasses laid down by Regulation (EEC) No 2760/75, excluding those carcasses with a weight of less than 70 kilograms and those with a weight equal to or greater than 160 kilograms.

Article 3

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 November 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

COUNCIL REGULATION (EEC) No 1505/85

of 23 May 1985

fixing, for the 1985 harvest, the norm and intervention prices and the premiums granted to purchasers of leaf tobacco, and derived intervention prices for baled tobacco and the reference qualities

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 727/70 of 21 April 1970 on the common organization of the market in raw tobacco ⁽¹⁾, as last amended by Regulation (EEC) No 1461/82 ⁽²⁾, and in particular Articles 2 (5), 4 (4) and 6 (8) thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Having regard to the opinion of the European Parliament ⁽⁴⁾,

Having regard to the opinion of the Monetary Committee,

Whereas, when fixing the prices for raw tobacco, account should be taken both of the objectives of the common agricultural policy and of the contribution which the Community desires to make to the harmonious development of world trade; whereas the objectives of the common agricultural policy are, in particular, to ensure a fair standard of living for the agricultural community, to assure the availability of supplies and to ensure that supplies reach consumers at reasonable prices;

Whereas the norm and intervention prices for leaf tobacco must be fixed in accordance with the criteria laid down in Article 2 (2) of Regulation (EEC) No 727/70 in order in particular to encourage producers to convert to the cultivation of those varieties which are most competitive and most in demand;

Whereas it is again desirable to fix, in respect of the 1985 harvest, derived intervention prices both for the varieties which, before the common organization of the market came into force, or, in the case of varieties grown in Greece, prior to accession, qualified for a price guarantee at the baled tobacco stage, and for the varieties which are mainly grown in the Federal Republic of Germany, in order to take account of marketing practices in that country;

Whereas the premium granted to purchasers of Community tobacco is intended to enable them to pay producers of leaf tobacco a price which is at the level of the norm price, account being taken of the trend in world market prices and the level of prices established by the interaction of supply and demand on the Community market;

Whereas the abovementioned prices and the amount of the premium must be fixed for each variety in relation to a reference quality defined in such a way that as objective an assessment as possible can be made of the quality of the tobacco; whereas the definitions of the reference qualities for the 1985 harvest should be those laid down in Council Regulation (EEC) No 1029/84 of 31 March 1984 fixing for the 1984 harvest the norm and intervention prices and the premiums granted to purchasers of leaf tobacco, the derived intervention prices for baled tobacco and the reference qualities ⁽⁵⁾;

Whereas Article 87 (3) of the 1979 Act of Accession provides that the norm prices in Greece shall be fixed in accordance with the criteria laid down in the first subparagraph of Article 2 (2) of Regulation (EEC) No 727/70, increased in four stages by the incidence of the reduction in national aids that the Hellenic Republic is authorized to maintain in a degressive fashion for tobacco pursuant to Article 69 of that Act, the fourth increase occurring for the fifth harvest following accession,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1985 harvest the reference qualities for each of the varieties of leaf tobacco of Community production, referred to in Article 2 (3) (c) of Regulation (EEC) No 727/70, shall be as set out in Annex I.

Article 2

For the 1985 harvest the reference qualities referred to in Article 6 (3) (c) of Regulation (EEC) No 727/70, for each of the varieties of baled tobacco of Community production in respect of which a derived intervention price is fixed, shall be as set out in Annex II.

Article 3

For the 1985 harvest the norm and intervention prices and the amounts of the premium granted to purchasers of leaf tobacco referred to in Articles 2 and 3 of Regulation (EEC) No 727/70, and the derived intervention prices for baled tobacco referred to in Article 6 of the said Regulation shall be as set out in Annex III.

ANNEX I

Leaf tobacco: varieties and their reference qualities for the 1985 harvest

Serial No	Variety	Reference quality
1	Badischer Geudertheimer	Class 1 Hauptgut (top quality leaf) Class 1: leaf ripe, sound, without blemish, dark brown to mottled brown, of uniform length Packaging: tobacco graded, tied in hands or in temporary bales with non-tobacco material Moisture: 26 %
2	Badischer Burley E	Class 1 Hauptgut (top quality leaf) Class 1: leaf ripe, sound, without blemish, fleshy, reddish brown to light brown, of uniform length Packaging: tobacco graded, tied in hands or in temporary bales with non-tobacco material Moisture: 25 %
3	Virgin D	Class 1 Leaf Class 1: leaf ripe, sound, without blemish, yellow to reddish yellow; variations in colour such as brownish to greenish yellow are allowed up to a third of the leaf's surface Packaging: tobacco graded, tied in hands or in temporary bales with non-tobacco material Moisture: 19 %
4	(a) Paraguay and hybrids thereof (b) Dragon vert and hybrids thereof, Philippin, Petit Grammont (Flobecq), Semois, Appel terre	Class 2 Middle leaf Class 2: leaf sound, with minor defects as regards colour, texture, or ripeness but with satisfactory combustibility Packaging: tobacco graded and tied in hands or straight laid (loose leaf) Moisture: 27 %
5	Nijkerk	Class 2 Tips Class 2: — either leaf of second length (not exceeding 45 cm) with very gummy texture, fleshy, still undamaged; strong and elastic, without prominent veins, well ripened producing a lively brown to dark brown colour, — or leaf of first length (exceeding 45 cm) with a texture still gummy, fleshy and still undamaged; strong, with relatively prominent veins, of all colours except bottle green Packaging: tobacco graded and tied in hands or straight laid (loose leaf) Moisture: 27 %

Serial No	Variety	Reference quality
6	(a) Misionero and hybrids thereof (b) Rio Grande and hybrids thereof	2nd quality leaf 2nd quality: leaf fully developed over 45 cm, not coarse grained, lively to fairly lively light somewhat yellowish colour, reasonably firm and undamaged; reasonably good combustibility Packaging: tobacco graded and tied in hands or straight laid (loose leaf) Moisture: 27 %
7	Bright	Leaf in category A Category A: leaf sufficiently ripe, without curing defects, open texture, with stems (midribs) and veins not too prominent, sound, of various shades of yellow Packaging: in temporary bales of 30 to 40 kg Moisture: 16 %
8	Burley I	Leaf in category A Category A: leaf sufficiently ripe, without curing defects, of open possibly firm texture, stems (midribs) and veins not too prominent, sound, of a more or less lively nut-brown colour Packaging: in temporary bales of 30 to 40 kg or tied in hands of 25 to 30 leaves with non-tobacco material (fascicoli) Moisture: 19 %
9	Maryland	Leaf in category A Category A: leaf sufficiently ripe, with slight curing defects and only slightly mottled, of average texture with stems (midribs) and veins not too prominent, sound, of a rather lively reddish brown colour Packaging: in temporary bales of 30 to 40 kg or tied in hands of 25 to 30 leaves with non-tobacco material (fascicoli) Moisture: 19 %
10	(a) Kentucky and hybrids thereof (b) Moro di Cori (c) Salento	Leaf in category B Category B: leaf fully ripe, of firm texture, without curing and condition defects, brown in colour, with some damage, with good combustibility Packaging: in hands of 25 to 30 leaves tied with a non-tobacco material (fascicoli) Moisture: 23 %

Serial No	Variety	Reference quality
11	(a) Forchheimer Havanna II c (b) Nostrano del Brenta (c) Resistente 142 (d) Gojano	Leaf in category B Category B: leaf of firm or light texture, sound, without any curing defects, brown to greenish in colour, with some damage Packaging: tobacco graded, tied in hands or in temporary bales with non-tobacco material Moisture: 26 %
12	(a) Beneventano (b) Brasile Selvaggio and similar varieties	Leaf in category B Category B: leaf sufficiently ripe, firm texture or possibly coarse or thin, with minor defects as regards curing and fermentation and damage Packaging: in hands of 25 to 30 leaves tied with non-tobacco material (fascicoli) Moisture: 24 %
13	Xanti-Yakà	Leaf in category B Category B: leaf reasonably sound and ripe, sessile, of oval or elliptical shape, stems (midribs) not too prominent and well-spaced veins, with some curing defects, mainly of light texture, from yellow to brown in colour, with marked damage but in good condition, taken from all positions on the stalk, with discreet flavour, sufficient aroma and good combustibility The length of the middle leaves not to exceed 20 cm Packaging: in temporary bales of 15 to 20 kg or 'stringed' in cases of 30 to 40 kg Moisture: 17 %
14	(a) Perustitza (b) Samsun	Leaf in category B Category B: leaf reasonably sound and ripe, sessile (Perustitza) or with leaf stalks (Samsun), of elliptical-lanceolate shape with fine points (Perustitza) or elliptical and rounded (Samsun), without prominent stems (midribs) and with veins at a rather acute angle, with slight curing defects, generally of light texture, in colour from yellow to brown (Perustitza), or reddish (Samsun), with marked damage but in good condition, taken from all positions on the stalk, with discreet flavour, sufficient aroma and good combustibility The length of the middle leaves not to exceed 25 cm Packaging: in temporary bales of 15 to 20 kg or 'stringed' in cases of 30 to 40 kg Moisture: 17 %

Serial No	Variety	Reference quality
15	Erzegovina and similar varieties	Leaf in category B Category B: leaf reasonably sound and ripe, sessile, of oval or elliptical shape, with fairly prominent stems (midribs) and fairly open veins, with some curing defects, mainly of light texture, from yellow to brown in colour, with marked damage but in good condition, taken from all positions on the stalk, with discreet flavour, sufficient aroma and good combustibility The length of the middle leaves not to exceed 35 cm Packaging: in temporary bales of 15 to 20 kg or 'stringed' in cases of 30 to 40 kg Moisture: 17 %
16	(a) Round Tip (b) Scafati (c) Sumatra I	Leaf in category B Category B: lower middle leaf, sorted by length in the following proportions: first length (38 cm and over): 60 % second length (from 32 to under 38 cm): 35 % third length (from 25 to under 32 cm): 5 % Leaf of convenient size, fully ripe and of uniform colour, sound, without damage, fine texture, tensile and elastic, stems and veins not prominent, well fermented and in good condition, good combustibility, of typical flavour and aroma, suitable for wrapping cigars, including about 25 % broken leaf Packaging: in hands tied with a non-tobacco material (fascicoli) Moisture: 22 %
17	Basma	Quality I/III leaves Quality I/III: leaf ripe, undamaged, sound, well cured, from all positions on the plant except the first 'protomana', up to 15 cm long, colour golden-yellow, orange to yellow-red, with good elasticity, shiny, fairly bodied, porous structure and fine texture, with strong, typical aroma, good combustibility Leaf as described above constitutes 45 % of quality I/III Leaf ripe showing slight damage and/or curing defects, with slight disease blemishes, from all positions on the plant, up to 20 cm long, colour light yellow, yellow-green, reddish or light brown, with fairly porous structure and fine texture, medium elasticity moderately shiny and bodied, with strong, typical aroma, very good combustibility Leaf as described above constitutes 55 % of quality I/III Packaging: growers' bales of 15 to 25 kg, formed in the traditional way from two rows of pastals (leaves straight laid). In the districts of Astakos and Chrysoupolis packing is in 'armathodema' Moisture: 17 %

Serial No	Variety	Reference quality
18	Katerini and similar varieties	Quality I/III leaves Quality I/III: leaf ripe, undamaged, sound, well cured, from all positions on the plant except the first 'protomana', up to 20 cm long, colour light yellow or orange to reddish, of porous structure, good elasticity, shiny, fairly bodied, fine texture and very good combustibility Leaf as above constitutes 45 % of quality I/III Leaf ripe with slight damage and/or curing defects, with slight disease blemishes, from all positions on the plant, up to 25 cm long, colour yellow, orange, yellow-green, reddish or light brown, of porous structure, moderately bodied, medium elasticity and shiny, fine texture and very good combustibility Leaf as described above constitutes 55 % of quality I/III Packaging: strings are usually bulked using the 'Baski' system before packing. Packing is in bales of 25 to 35 kg using traditional 'Kaloup' system Moisture: 16 %
19	(a) Kaba-Koulak classic (b) Ellassona	Quality I/III leaves Quality I/III: leaf ripe, undamaged, sound, well cured, from all positions on the plant except top leaves, up to 25 cm long for Macedonia Kaba-Koulak and to 20 cm long for Ellassona, Karatzova and Kontoula, of moderate to deep yellow colour, good elasticity, shiny, of porous structure, fine texture and excellent combustibility Leaf as described above constitutes 47 % of quality I/III Leaf ripe, with some slight damage and/or curing defects, with slight disease blemishes, from all positions on the plant, up to 30 cm long for Macedonia Kaba-Koulak and 25 cm long for Ellassona, Karatzova and Kontoula, colour yellow, yellow-green, reddish, of fairly porous structure and fairly fine texture, medium elasticity and moderately shiny, excellent combustibility Leaf as described above constitutes 53 % of quality I/III Packaging: growers' bales of 15 to 30 kg, made up in the traditional form of two rows of 'armathodema' Moisture: 17 %
20	(a) Kaba-Koulak non-classic (b) Myrodata Smyrnis, Trapezous, Phi I	Quality I/III leaves Quality I/III: leaf ripe, undamaged, sound, well cured, from all positions on the plant except the top leaves, up to 30 cm long for Macedonia Kaba-Koulak and Trapezous, 20 cm long for Phi I and 15 cm long for Myrodata Smyrnis, of light yellow to reddish colour, good elasticity, shiny, fairly porous structure, fine texture and excellent combustibility Leaf as described above constitutes 47 % of quality I/III

Serial No	Variety	Reference quality
20 (cont'd)	(a) Kaba-Koulak non-classic (b) Myrodata Smyrnis, Trapezous, Phi 1	Leaf ripe and reasonably undamaged, with slight curing defects, with slight disease blemishes, from all positions on the plant, up to 35 cm long for Macedonia Kaba-Koulak and Trapezous, 25 cm long for Phi 1 and 20 cm long for Myrodata Smyrnis, of yellow, yellow-green or light brown colour, of fairly porous structure, fairly fine texture, fairly elastic and shiny, very good combustibility Leaf as described above constitutes 53 % of quality I/III Packaging: growers' bales of 25 to 35 kg, made up using the traditional 'armathodema' system or of 35 to 50 kg using the 'Kaloup' system Moisture: 17 %
21	Myrodata Agrinion	Quality I/III leaves Quality I/III: leaf ripe, undamaged, sound, without curing defects, from all positions on the plant except the first 'protomana', up to 25 cm long, of yellow to deep orange colour, of good elasticity, shiny, porous structure, fine texture and excellent combustibility Leaf as described above constitutes 47 % of quality I/III Leaf ripe and reasonably undamaged, with slight curing defects, with slight disease blemishes, from all positions on the plant, up to 30 cm long, of yellow, yellow-green or light reddish colour, fairly porous structure and fairly fine texture, fairly elastic and shiny, excellent combustibility Leaf as described above constitutes 53 % of quality I/III Packaging: growers' bales of 15 to 30 kg made up in the traditional way in two rows of 'armathodema' Moisture: 15 %
22	Zichnomyrodata	Quality I/III leaves Quality I/III: leaf ripe, undamaged, sound, without curing defects, from all positions on the plant except top leaves, up to 20 cm long, light yellow to light orange colour, good elasticity, shiny, porous structure, fine texture; excellent combustibility Leaf as described above constitutes 47 % of quality I/III Leaf ripe and reasonably undamaged, with slight curing defects, with slight disease blemishes, from all positions on the plant, up to 25 cm long, colour yellow, yellow-green or light reddish, fairly porous structure and fairly fine texture, fairly elastic and shiny, excellent combustibility Leaf as described above constitutes 53 % of quality I/III Packaging: growers' bales of 15 to 30 kg made up in the traditional way in two rows of 'armathodema' Moisture: 17 %
23	Tsebelia	Quality I/III leaves Quality I/III: leaf ripe, undamaged, sound, without curing defects, from all positions on the plant except the first 'protomana', up to 35 cm long, colour yellow-red, orange to reddish, of porous structure, good elasticity and shiny, fairly bodied, fine texture and very good combustibility Leaf as described above constitutes 45 % of quality I/III

Serial No	Variety	Reference quality
23 (cont'd)	Tsebelia	Leaf ripe and reasonably undamaged, with minor curing defects, from all positions on the plant, up to 40 cm long, colour light yellow, yellow-green, reddish or light brown, fairly porous structure, fairly elastic and shiny, fairly bodied, fairly fine texture, very good combustibility; includes leaves with slight disease blemishes and/or minor damage Leaf as described above constitutes 55 % of quality I/III Packaging: growers' bales of 30 to 40 kg, made up in two rows of 'armathodema' Moisture: 14 %
24	Mavra	Quality I/III leaves Quality I/III: leaf ripe, undamaged, sound, without curing defects, from all positions on the plant except the first 'protomana', up to 30 cm long, colour yellow-reddish or orange to reddish, with porous structure, fine texture, good elasticity and shiny, fairly bodied, good combustibility Leaf as described above constitutes 45 % of quality I/III Leaf ripe and reasonably undamaged, showing minor curing defects, from all positions on the plant, up to 40 cm long, colour yellowish, yellow-green (lemon), reddish or light brown, fairly porous structure and fairly fine texture, fairly elastic and shiny, fairly bodied, of good combustibility; includes also leaves with slight disease blemishes and/or minor damage Leaf as described above constitutes 55 % of quality I/III Packaging: growers' bales of 30 to 50 kg made up in two rows of 'armathodema' Moisture: 14 %
25	Burley GR	Quality A leaves Quality A: leaf fully ripe, fully developed, undamaged, sound, without curing defects, from the middle stalk position, of uniform medium nut-brown to nut-red colour, porous structure, fine texture, excellent combustibility Packaging: growers' bales of 40 kg, made up in two rows of 'armathodema', no strings (leaves loose) Moisture: 22 %
26	Virginia GR	Quality A leaves Quality A: leaf fully ripe, fully developed, sound, undamaged, without curing defects, of uniform lemon yellow to medium orange colour, well bodied, fine texture and good combustibility, mainly from the middle stalk position Packaging: growers' bales of 30 to 40 kg, made up in two rows of 'armathodema', no strings (leaves loose) Moisture: 19 %

ANNEX II

Baled tobacco: varieties and their reference qualities for the 1985 harvest

Serial No	Variety	Reference quality
1	Badischer Geudertheimer	Class 1 Hauptgut (top quality leaf) Class 1: leaf ripe, sound, without blemish, dark brown to mottled brown, of uniform length, fermented normally Packaging: in bales, cases or cartons of approximately 75 to 200 kg or in barrels of approximately 225 to 450 kg Moisture: 16 %
2	Badischer Burley E	Class 1 Hauptgut (top quality leaf) Class 1: leaf ripe, sound, without blemish, fleshy light brown to reddish or dark brown, of uniform length, fermented normally Packaging: in bales or cases of approximately 75 to 175 kg or in barrels of approximately 225 to 450 kg Moisture: 15 %
3	Virgin D	Class 1 leaf Class 1: leaf, ripe, sound, without blemish, yellow to reddish or brownish yellow, fermented normally Packaging: in bales or cases of approximately 75 to 175 kg or in barrels of approximately 225 to 450 kg Moisture: 13 %
7	Bright	Leaf in category A Category A: leaf sufficiently ripe, without curing defects, open texture, with stems (midribs) and veins not too prominent, sound, of various shades of yellow Packaging: in barrels of approximately 280 to 450 kg or cartons of approximately 150 to 210 kg Moisture: 13 %
8	Burley I	Leaf in category A Category A: leaf sufficiently ripe, without curing defects, of open possibly firm texture, stems (midribs) and veins not too prominent, sound, of a more or less lively nut-brown colour Packaging: in barrels of approximately 280 to 450 kg or cartons of approximately 150 to 210 kg Moisture: 13 %

Serial No	Variety	Reference quality
9	Maryland	Leaf in category A Category A: leaf sufficiently ripe, with slight curing defects and only slightly mottled, of average texture, stems (midribs) and veins not too prominent, sound, of a rather lively reddish brown colour Packaging: in barrels of approximately 280 to 450 kg or cartons of approximately 150 to 210 kg Moisture: 13 %
10	(a) Kentucky and hybrids thereof (b) Moro di Cori (c) Salento	Leaf in category B Category B: leaf fully ripe, of firm texture, without curing and condition defects, brown in colour, with some damage, of good combustibility Packaging: in barrels of approximately 280 to 450 kg or bags of approximately 170 to 200 kg Moisture: 16 %
11	(a) Forchheimer Havanna II c (b) Nostrano del Brenta (c) Resistente 142 (d) Gojano	Leaf in category B Category B: leaf of firm or light texture, sound, without any curing defects, brown to greenish in colour, with some damage Packaging: in bales, cases or cartons of approximately 75 to 200 kg or in barrels of approximately 225 to 450 kg Moisture: 16 %
12	(a) Beneventano (b) Brasile Selvaggio and similar varieties	Leaf in category B Category B: leaf sufficiently ripe, firm texture or possibly coarse or thin, with minor defects as regards curing and fermentation and damage Packaging: in bales of approximately 120 kg or barrels of approximately 330 kg Moisture: 16 %
13	Xanti-Yakà	Leaf in category B Category B: leaf reasonably sound and ripe, sessile, of oval or elliptical shape, stems (midribs) not too prominent and well-spaced veins, with some curing defects, mainly of light texture, from yellow to brown in colour, with marked damage but in good condition, taken from all positions on the stalk, with discreet flavour, sufficient aroma and good combustibility The length of the middle leaves not to exceed 20 cm Packaging: in small bales of approximately 18 to 50 kg Moisture: 13 %

Serial No	Variety	Reference quality
14	(a) Perustitza (b) Samsun	Leaf in category B Category B: leaf reasonably sound and ripe, sessile (Perustitza) or with leaf, stalks (Samsun) of elliptical lanceolate shape with fine points (Perustitza) or elliptical and rounded (Samsun) without prominent stems (midribs) and with veins at a rather acute angle, with slight curing defects, generally of light texture, in colour from yellow to brown (Perustitza) or reddish (Samsun), with marked damage but in good condition, taken from all positions on the stalk with discreet flavour, sufficient aroma and good combustibility The length of the middle leaves not to exceed 25 cm Packaging: in small bales of approximately 18 to 50 kg Moisture: 13 %
15	Erzegovina and similar varieties	Leaf in category B Category B: leaf reasonably sound and ripe, sessile, of oval or elliptical shape, with fairly prominent stems (midribs) and fairly open veins, with some curing defects, mainly of light texture, from yellow to brown in colour, with marked damage but in good condition, taken from all positions on the stalk, with discreet flavour, sufficient aroma and good combustibility The length of the middle leaves not to exceed 35 cm Packaging: in small bales of approximately 18 to 50 kg Moisture: 13 %
16	(a) Round Tip (b) Scafati (c) Sumatra I	Leaf in category B Category B: lower middle leaf, sorted by length in the following proportions: first length (38 cm and over): 60 % second length (from 32 to under 38 cm): 35 % third length (from 25 to under 32 cm): 5 % leaf of convenient size, fully ripe and of uniform colour, sound, without damage, fine texture, tensile and elastic, stems and veins not prominent, well fermented and in good condition, good combustibility, of typical flavour and aroma, suitable for wrapping cigars, including about 25 % broken leaf Packaging: in bales of approximately 70 to 90 kg or cartons of approximately 180 to 210 kg Moisture: 16 %

Serial No	Variety	Reference quality
17	Basma	Quality I/III leaves Quality I/III: leaf ripe, undamaged, sound, well cured, from all positions on the plant except the first 'protomana', up to 15 cm long, colour golden-yellow, orange to yellow-red, with good elasticity and shiny, fairly bodied, porous structure and fine texture, with strong, typical aroma, good combustibility Leaf as described above (I/II) constitutes 45 % of quality I/III Leaf ripe and reasonably undamaged, with slight curing defects and slight disease blemishes, up to 20 cm long, colour light yellow, reddish or light brown, with fairly porous structure and fine texture, medium elasticity, moderately shiny and bodied, with strong, typical aroma, very good combustibility Leaf as described above (III) constitutes 55 % of quality I/III Packaging: bales ('Tongas') of approximately 30 kg Moisture: 13 %
18	Katerini and similar varieties	Quality I/III leaves Quality I/III: leaf ripe, undamaged, sound, well cured, from all positions on the plant except the first 'protomana', up to 20 cm long, colour light yellow or orange to reddish, of porous structure, good elasticity, shiny, fairly bodied, fine texture and very good combustibility Leaf as described above (I/II) constitutes 45 % of quality I/III Leaf ripe with slight damage and curing defects, with slight disease blemishes, from all positions on the plant, up to 25 cm long, colour yellow, orange, yellow-green, reddish or light brown, of porous structure, medium elasticity and shiny, fairly bodied, fine texture and very good combustibility Leaf as described above constitutes 55 % of quality I/III Packaging: bales ('Tongas') of approximately 30 kg Moisture: 13 %
19	(a) Kaba-Koulak (classic) (b) Ellassona	Quality I/III leaves Quality I/III: leaf ripe, undamaged, sound, well cured, from all positions on the plant except top leaves, up to 25 cm long for Macedonia Kaba-Koulak and to 20 cm long for Ellassona, Karatzova and Kontoula, of moderate to deep yellow colour, good elasticity, shiny, of porous structure, fine texture and excellent combustibility Leaf as described above constitutes 47 % of quality I/III Leaf ripe with some slight damage and/or curing defects, with slight disease blemishes, from all positions on the plant, up to 30 cm long for Macedonia Kaba-Koulak and 25 cm long for Ellassona, Karatzova and Kontoula, of yellow to reddish colour, of fairly porous structure and fairly fine texture, medium elasticity, shiny, excellent combustibility Leaf as described above constitutes 53 % of quality I/III Packaging: bales ('Tongas') of approximately 30 kg Moisture: 13 %

Serial No	Variety	Reference quality
20	(a) Kaba-Koulak (non-classic) (b) Myrodata Smyrnis, Trapezous, Phi 1	Quality I/III leaves Quality I/III: leaf ripe, undamaged, sound, well cured, from all positions on the plant except top leaves, up to 30 cm long for Macedonia Kaba-Koulak and Trapezous, 20 cm long for Phi 1 and 15 cm long for Myrodata Smyrnis, of light yellow to reddish colour, good elasticity, shiny, fairly porous structure, fine texture and excellent combustibility Leaf as described above (I/II) constitutes 47 % of quality I/III Leaf ripe and reasonably undamaged, with slight curing defects, with slight disease blemishes, from all positions on the plant, up to 35 cm long for Macedonia Kaba-Koulak and Trapezous, 25 cm long for Phi 1, and 20 cm long for Myrodata Smyrnis, of yellow to light brown colour, fairly porous structure, fairly fine texture, fairly elastic and shiny, very good combustibility Leaf as described above (III) constitutes 53 % of quality I/III Packaging: bales ('Tongas') of approximately 30 kg Moisture: 13 %
21	Myrodata Agrinion	Quality I/III leaves Quality I/III: leaf ripe, undamaged, sound, well cured, from all positions on the plant except the first 'protomana', up to 25 cm long, of yellow to deep orange colour, of good elasticity, shiny, porous structure, fine texture and excellent combustibility Leaf as described above (I/II) constitutes 47 % of quality I/III Leaf ripe and reasonably undamaged, with slight curing defects, with slight disease blemishes, from all positions on the plant, up to 30 cm long, of yellow to light reddish colour, fairly porous structure and fairly fine texture, fairly elastic and shiny, excellent combustibility Leaf as described above (III) constitutes 53 % of quality I/III Packaging: bales ('Tongas') of approximately 30 kg Moisture: 14 %
22	Zichnomyrodata	Quality I/III leaves Quality I/III: leaf ripe, undamaged, sound, well cured, from all positions on the plant except top leaves, up to 20 cm long, from light yellow to light orange in colour, good elasticity, shiny, porous structure, fine texture and excellent combustibility Leaf as described above constitutes 47 % of quality I/III Leaf ripe and reasonably undamaged, with slight curing defects, with slight disease blemishes, from all positions on the plant, up to 25 cm long, of yellow to light reddish colour, fairly porous structure and fairly fine texture, fairly elastic and shiny, excellent combustibility Leaf as described above (III) constitutes 53 % of quality I/III Packaging: bales ('Tongas') of approximately 30 kg Moisture: 13 %

Serial No	Variety	Reference quality
23	Tsebelia	Quality I/III leaves Quality I/III: leaf ripe, undamaged, sound, well cured, from all positions on the plant except the first 'protomana', up to 30 cm long, colour yellow-red, orange to reddish, of porous structure, elastic and shiny, fairly bodied, fine texture and very good combustibility Leaf as described above (I/II) constitutes 45 % of quality I/III Leaf ripe and reasonably undamaged, with minor curing defects, from all positions on the plant, up to 40 cm long, colour from light yellow to reddish or light brown, fairly porous structure, fairly elastic and shiny, fairly bodied, fairly fine texture, very good combustibility; includes also leaves with slight disease blemishes and/or minor damage Leaf as described above constitutes 55 % of quality I/III Packaging: bales ('Tongas') of approximately 30 kg Moisture: 13 %
24	Mavra	Quality I/III leaves Quality I/III: leaf ripe, undamaged, sound, well cured, from all positions on the plant except the first 'protomana', up to 30 cm long, colour yellow-reddish or orange to reddish, with porous structure, fine texture, elastic and shiny, fairly bodied, good combustibility Leaf as described above constitutes 45 % of quality I/III Leaf ripe and reasonably undamaged, with minor curing defects, from all positions on the plant, up to 40 cm long, colour from yellowish to reddish or light brown, fairly porous structure and fairly fine texture, fairly elastic and shiny, fairly bodied, of good combustibility; includes also leaves with slight disease blemishes and/or minor damage Leaf as described above constitutes 55 % of quality I/III Packaging: bales ('Tongas') of approximately 30 kg Moisture: 13 %
25	Burley GR	Quality A leaves Quality A: leaf fully ripe, fully developed, undamaged, sound, well cured, from the middle stalk position, of uniform medium nut-brown, to nut-red colour, porous structure, fine texture, excellent combustibility Packaging: bales of approximately 100 kg, cases of approximately 200 kg or barrels of 240 to 280 kg Moisture: 13 %
26	Virginia GR	Quality A leaves Quality A: leaf fully ripe, fully developed, from the middle stalk position, sound, undamaged, well cured, of a uniform lemon yellow to medium orange colour, fine texture and good combustibility Packaging: bales of approximately 100 kg Moisture: 13 %

ANNEX III

Norm prices, intervention prices and premiums for leaf tobacco for the 1985 crop
 Derived intervention prices for baled tobacco of the 1985 harvest

(ECU/kg)

Serial No	Varieties	Norm price	Intervention price	Premiums	Derived intervention prices
1	Badischer Geudertheimer	3,721	3,163	2,587	4,725

COUNCIL REGULATION (EEC) No 1506/85

of 23 May 1985

amending Regulation (EEC) No 1461/82, amending Regulation (EEC) No 727/70 on the common organization of the market in raw tobacco

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Having regard to the opinion of the European Parliament ⁽²⁾,

Whereas under Council Regulation (EEC) No 1461/82 of 18 May 1982 amending Regulation (EEC) No 727/70 on the common organization of the market in raw tobacco ⁽³⁾, as last amended by Regulation (EEC) No 1030/84 ⁽⁴⁾, the intervention price is fixed at 85 % of the corresponding norm price; whereas that measure applies to tobacco of the 1982, 1983 and 1984 harvests only;

Whereas the reasons for amending the second subparagraph of Article 2 (2) of Regulation (EEC) No 727/70 ⁽⁵⁾ still apply

and are likely to remain valid for the future; whereas any limitation of the duration of validity of that provision should therefore be abolished,

HAS ADOPTED THIS REGULATION:

Article 1

The second paragraph of Article 2 of Regulation (EEC) No 1461/82 shall be deleted.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

For the Council

The President

C. SIGNORILE

COUNCIL REGULATION (EEC) No 1507/85

of 23 May 1985

fixing the guide prices for wine for the 1985/86 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 337/79 of 5 February 1979 on the common organization of the market in wine ⁽¹⁾, as last amended by Regulation (EEC) No 775/85 ⁽²⁾, and in particular Article 2 thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Having regard to the opinion of the European Parliament ⁽⁴⁾,

Whereas, when the guide prices for the various types of table wine are fixed, account should be taken both of the objectives of the common agricultural policy and of the contribution which the Community wishes to make to the harmonious development of world trade; whereas the objectives of the common agricultural policy are, in particular, to ensure a fair standard of living for the agricultural community, to ensure that supplies are available and that they reach consumers at reasonable prices;

Whereas it is therefore essential not to increase the present gap between production and demand; whereas, accordingly, the guide prices for the 1985/86 wine year should be fixed at the same level as those adopted for 1984/85;

Whereas the guide prices must be fixed for each type of table wine representative of Community production as defined in Council Regulation (EEC) No 340/79 ⁽⁵⁾;

HAS ADOPTED THIS REGULATION:

Article 1

For the 1985/86 marketing year the guide prices for table wines shall be:

Type of wine	Guide price
R I	3,42 ECU/% vol/hl
R II	3,42 ECU/% vol/hl
R III	53,30 ECU/hl
A I	3,17 ECU/% vol/hl
A II	71,02 ECU/hl
A III	81,11 ECU/hl

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 September 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 May 1985.

COUNCIL

COUNCIL DECISION

of 23 May 1985

on the granting of aid for the short-term private storage of table wine and must in Greece,
France and Italy

(85/272/EEC)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS DECISION:

Having regard to the Treaty establishing the European Economic Community, and in particular the third subparagraph of Article 93 (2) thereof,

Having regard to the requests submitted by the Governments of the Hellenic Republic, the French Republic and the Italian Republic,

Whereas national aid for the short-term private storage of table wines and must was authorized by Decisions 84/230/EEC ⁽¹⁾ and 84/258/EEC ⁽²⁾ in Greece, France and Italy for the 1984/85 marketing year;

Whereas, having regard to the market situation, on the one hand, and in order to avoid too abrupt a transfer to an arrangement which excludes short-term private storage aid, on the other, the said aid should likewise be authorized for the 1985/86 marketing year, with a limit being placed, however, on the period during which it may be granted,

Article 1

National aid for the short-term private storage of table wine and must in Greece, France and Italy shall be authorized for the duration of the 1985/86 marketing year.

Article 2

This Decision is addressed to the Hellenic Republic, the French Republic and the Italian Republic.

Done at Brussels, 23 May 1985.
