AGREEMENT

between the European Economic Community and the Government of the People's Republic of Bangladesh on trade in textile products

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

of the one part, and

THE GOVERNMENT OF THE PEOPLE'S REPUBLIC OF BANGLADESH,

of the other part,

DESIRING to promote, with a view to permanent cooperation and in conditions providing every security for trade, the orderly and equitable development of trade in textile products between the European Economic Community, (hereinafter referred to as 'the Community') and the People's Republic of Bangladesh (hereinafter referred to as 'Bangladesh'),

RESOLVED to take the fullest possible account of the serious economic and social problems at present affecting the textile industry in both importing and exporting countries, and, in particular, to eliminate real risks of market disruption on the market of the Community and real risks of disruption to the textile trade of Bangladesh,

HAVING REGARD to the Agreement regarding International Trade in Textiles (hereinafter referred to as 'the Geneva Arrangement') and in particular Article 4 thereof; and to the conditions set out in the Protocol extending the Arrangement together with the Conclusions adopted on 22 December 1981 by the Textiles Committee,

HAVE DECIDED to conclude this Agreement and to this end have designated as their Plenipotentiaries:

THE COUNCIL OF THE EUROPEAN COMMUNITIES:

THE GOVERNMENT OF THE PEOPLE'S REPUBLIC OF BANGLADESH:

WHO HAVE AGREED AS FOLLOWS:

SECTION I*Article 2***Trade arrangements***Article 1*

1. The parties recognize and confirm that, subject to the provisions of this Agreement and without prejudice to their rights and obligations under the General Agreement on Tariffs and Trade, the conduct of their mutual trade in textile products shall be governed by the provisions of the Geneva Arrangement.

2. In respect of the products covered by this Agreement, the Community undertakes not to introduce quantitative restrictions under Article XIX of the General Agreement on Tariffs and Trade or Article 3 of the Geneva Arrangement.

3. Measures having equivalent effect to quantitative restrictions on the importation into the Community of the products covered by this Agreement shall be prohibited.

1. This Agreement shall apply to trade in textile products of cotton, wool or man-made fibres originating in Bangladesh which are listed in the Annex.

This Agreement shall apply to imports of cottage industry products under the conditions laid down in Protocol B.

2. The classification of the products covered by this Agreement is based on the Nomenclature of the Common Customs Tariff and on the Nomenclature of Goods for the External Trade Statistics of the Community and the Statistics of Trade between Member States (NIMEXE). The procedures concerning classification decisions are set out in Protocol A, Title I.

3. The origin of the products covered by this Agreement shall be determined in accordance with the rules in force in the Community.

The procedures for control of the origin of the products referred to above are laid down in Protocol A, Title II.

4. The procedures for administrative cooperation in implementing this Agreement are set out in Protocol A, Title IV.

Article 3

Imports of textile products covered by this Agreement shall be subject to a system of administrative control by the Community in accordance with the provisions in force in the Community.

Article 4

1. Bangladesh undertakes to supply the Community with available statistical information on all textile exports by country of destination.

The Community shall transmit to Bangladesh authorities import statistics for all products covered by the system of administrative control referred to in Article 3.

2. The information referred to in paragraph 1 shall, for all categories of products, be transmitted before the end of the third month following the quarter to which the statistics relate.

3. For the purpose of applying the provisions of Protocol C the Community undertakes to provide Bangladesh authorities before 15 April of each year with the preceding year's statistics on imports of all textile products covered by this Agreement, broken down by supplying country and Community Member State.

Article 5

Exports from Bangladesh to the Community of products covered by this Agreement shall, at the time of entry into force of this Agreement, be free from quantitative limits. However, quantitative limits may subsequently be introduced under conditions specified in Protocol C.

Article 6

Should quantitative limits be introduced under Article 5, Bangladesh agrees to the principle of the introduction of the standard double checking system in use between the Community and its MFA partner countries, the details to be finalized in consultation between the Community and Bangladesh.

Article 7

The consultation procedure referred to in this Agreement shall be governed by the following provisions:

- the requests for consultations shall be made in writing to the other Party,
- the request for consultations shall be followed within 15 days by a report setting out the circumstances which,

in the opinion of the requesting Party, justify the submission of such request,

- the Parties shall enter into consultations within one month of request, with a view to reaching agreement or a mutually acceptable conclusion within one month.

Article 8

At the request of either of the Parties and in conformity with the provisions of the Geneva Arrangement, consultations shall be held on any matter concerning their trade in textile products and in particular on any problem arising from the application of this Agreement. Any consultations held under this Article shall be approached by both Parties in a spirit of compromise and with a desire to reconcile the differences between them.

Article 9

Bangladesh and the Community agree to cooperate fully in preventing the circumvention of this Agreement by transshipment, rerouting or by other means.

Article 10

Bangladesh and the Community recognize the special and differential character of re-imports of textile products into the Community after processing in Bangladesh.

Such re-imports may be agreed outside any quantitative limits established under this Agreement provided that they are effected in accordance with the regulations on economic outward processing in force in the Community.

SECTION II

Transitional and final provisions

Article 11

This Agreement shall apply, on the one hand, to the territories in which the Treaty establishing the European Economic Community is applied and under the conditions laid down in that Treaty and, on the other hand, to the territory of Bangladesh.

Article 12

1. This Agreement shall enter into force on the first day of the month following the date on which the Contracting Parties notify each other of the completion of the procedures necessary for this purpose. It shall be applicable until 31 December 1986.

2. This Agreement shall apply with effect from 1 January 1983.
3. Either Party may at any time propose modifications to the Agreement.
4. Either Party may at any time denounce this Agreement provided that at least 90 days' notice is given. In that event the Agreement shall come to an end on the expiry of the period of notice.

5. The Annex and Protocols to this Agreement shall form an integral part thereof.

Article 13

This Agreement shall be drawn up in two copies in the Danish, Dutch, English, French, German, Greek, Italian and Bengali languages, each of these text being equally authentic.

PROTOCOL A

TITLE I

CLASSIFICATION

Article 1

1. In case of divergent opinions between Bangladesh and the Community on the classification of products covered by the Agreement, classification shall provisionally be based on indications provided by the Community, pending consultations in accordance with Article 7 of the Agreement with a view to reaching agreement on definitive classification of the products concerned.

2. The Community undertakes to inform Bangladesh of any decisions relating to the classification of products subject to the Agreement within one month of their adoption at the latest.

Such communication shall include:

- (a) a description of the products concerned;
- (b) the relevant category, tariff position or sub-position and the NIMEXE code;
- (c) the reasons which have led to the decision.

3. Any amendment to the Common Customs Tariff or NIMEXE or any decision which results in a modification of the classification of products covered by the Agreement shall not have the effect of reducing any quantitative limit established under the Agreement.

4. Where a decision on classification results in a change of classification practice or a change of category of any product subject to the Agreement, the Community shall provide 30 days' notice, from the date of the Community's communication, before the decision enters into effect. Products shipped before the date of entry into effect of the decision shall remain subject to the earlier classification practice, provided that the goods in question are presented for importation into the Community within 60 days of that date.

5. The Community undertakes to inform Bangladesh of any changes in the Common Customs Tariff or NIMEXE before the date of their entry into effect in the Community.

TITLE II

ORIGIN

Article 2

1. Products originating in Bangladesh for export to the Community in accordance with the arrangements established

by the Agreement shall be accompanied by a certificate of origin conforming to the model annexed to this Protocol.

2. The certificate of origin shall be issued by the competent governmental authorities of Bangladesh if the products in question can be considered products originating in that country within the meaning of the relevant rules in force in the Community.

3. However, the products in Group III may be imported into the Community in accordance with the arrangements established by the Agreement on production of a declaration by the exporter on the invoice or other commercial document relating to the products to the effect that the products in question originate in Bangladesh within the meaning of the relevant rules in force in the Community.

4. The certificate of origin referred to in paragraph 1 shall not be required for import of goods covered by a certificate of origin Form A or Form APR completed in accordance with the relevant Community rules in order to qualify for generalized tariff preferences.

Article 3

Certificates or declarations of origin shall contain a sufficiently detailed description of the goods to enable the correct rule of origin to be determined.

Article 4

The discovery of slight discrepancies between the statements made in the certificate of origin and those made in the documents produced to the customs office for the purpose of carrying out the formalities for importing the product shall not *ipso facto* cast doubt upon the statements in the certificate.

TITLE III

FORM AND PRODUCTION OF CERTIFICATES OF ORIGIN,
AND COMMON PROVISIONS

Article 5

1. The certificate of origin may comprise additional copies duly indicated as such. They shall be made out in English or French. If they are completed by hand, entries must be in ink and in printscript.

These documents shall measure 210 × 297 mm. The paper used must be white writing paper, sized, not containing mechanical pulp and weighing not less than 25 g/m². Each part shall have a printed guilloche-pattern background making any falsification by mechanical or chemical means apparent to the eye.

If the documents have several copies, only the top copy which is the original shall be printed with the guilloche pattern background. This copy shall be clearly marked as 'original' and the other copies as 'copy'. Only the original shall be accepted by the competent authorities in the Community as being valid for the purposes of export to the Community in accordance with the arrangements established by the Agreement.

2. Each document shall bear a standardized serial number, whether or not printed, by which it can be identified.

Article 6

The certificate of origin may be issued after the shipment of the products to which it relates. In such cases it shall bear either the endorsement 'délivrée a posteriori' or the endorsement 'issued retrospectively'.

Article 7

1. In the event of theft, loss or destruction of a certificate of origin, the exporter may apply to the competent governmental authority which issued the document for a duplicate to be made out on the basis of the export documents in his possession. The duplicate of any such certificate so issued shall bear the endorsement 'duplicata'.

2. The duplicate must bear the date of the original certificate of origin.

TITLE IV

ADMINISTRATIVE COOPERATION

Article 8

The Community and Bangladesh shall cooperate closely to implement the provisions of the Agreement. To this end, contacts and exchanges of views (including on technical matters) shall be facilitated by both parties.

Article 9

In order to ensure the proper application of the Agreement, the Community and Bangladesh shall assist each other in

checking the authenticity and accuracy of documents issued under the Agreement or declarations made under this Protocol.

Article 10

Bangladesh shall send the Commission of the European Communities the names and addresses of the governmental authorities competent for the issue and verification of documents issued under the Agreement together with specimens of the stamps used by these authorities. Bangladesh shall also notify the Commission of any change in this information.

Article 11

1. Subsequent verification of documents issued under the Agreement shall be carried out at random, or whenever the competent Community authorities have reasonable doubt as to the authenticity of the document or as to the accuracy of the information regarding the products in question.

2. In such cases the competent authorities in the Community shall return the documents issued under the Agreement or a copy thereof to the competent governmental authority in Bangladesh giving, where appropriate, the reasons of form or substance for an inquiry. If the invoice has been submitted, such invoice or a copy thereof shall be attached to the document issued under the Agreement or its copy. The Community authorities shall also forward any information that has been obtained suggesting that the particulars given on the said document are inaccurate.

3. The provisions of paragraph 1 shall be applicable to subsequent verifications of the declarations of origin referred to in Article 2 of this Protocol.

4. The results of the subsequent verifications carried out in accordance with paragraphs 1 and 2 shall be communicated to the competent authorities of the Community within three months. The information communicated shall indicate whether the disputed document or declaration relates to the goods actually exported and whether these goods are eligible for export in accordance with the arrangements established by the Agreement. The information shall also include, at the request of the Community, copies of all documentation necessary to determine the facts fully and in particular the origin of goods.

Should such verifications reveal systematic irregularities in the use of declarations of origin, the Community may subject imports of the products in question to the provisions of Article 2 (1) of this Protocol.

5. For the purpose of subsequent verification of certificates of origin, copies of the certificates as well as any

export documents referring to them shall be kept for at least a period of three years by the competent governmental authority in Bangladesh.

6. Recourse to the random verification procedure specified in this Article must not constitute an obstacle to the release for home use of the products in question.

Article 12

1. Where the verification procedure referred to in Article 11 or where information available to the Community or to Bangladesh indicates or appears to indicate that the provisions of the Agreement are being contravened, both Parties shall cooperate closely and with the appropriate urgency to prevent such contravention.

2. To this end, Bangladesh shall, on its own initiative or at the request of the Community, carry out appropriate inquiries or arrange for such inquiries to be carried out concerning operations which are, or appear to the Community to be, in contravention of the Agreement. Bangladesh shall communicate the results of these inquiries to the Community together with any other pertinent information enabling the origin of the goods to be determined.

3. Pursuant to the cooperation referred to in paragraph 1, Bangladesh and the Community shall exchange any information considered by either partner to be of use in preventing the contravention of the Agreement.

4. Where it is established that the provisions of the Agreement have been contravened, Bangladesh and the Community may agree to take such measures as are necessary to prevent a recurrence of such contravention.

TITLE IV

CIRCUMVENTION

Article 13

1. Where information available to the Community as a result of the investigations carried out in accordance with the procedures set out in Title IV constitutes evidence that products of Bangladesh origin subject to quantitative limits established under the Agreement have been transhipped, re-routed or otherwise imported into the Community in circumvention of the Agreement, the Community may request the opening of consultations in accordance with the procedures described in Article 7 of the Agreement, with a view to reaching agreement on a equivalent adjustment of the corresponding quantitative limits established under the Agreement.

2. Pending the result of the consultations referred to in paragraph 1, Bangladesh shall as a precautionary measure, if so requested by the Community, make the necessary arrangements to ensure that adjustments of quantitative limits liable to be agreed following the consultations referred to in paragraph 1 may be carried out for the quota year in which the request to open consultations in accordance with paragraph 1 was made, or for the following year if the quota for the current year is exhausted, where clear evidence of circumvention is provided.

3. Should the parties be unable in the course of consultations to reach a satisfactory solution within the period specified in Article 7 of the Agreement, the Community shall have the right, where clear evidence of circumvention has been provided, to deduct from the quantitative limits established under the Agreement amounts equivalent to the products of Bangladesh origin.

PROTOCOL B

COTTAGE INDUSTRY PRODUCTS

The provisions of the second subparagraph of Article 2 (1) of the Agreement in respect of cottage industry products shall apply only to the following products:

- (i) textile fabrics woven on looms operated solely by hand or foot, being fabrics of a kind traditionally made in the cottage industry of Bangladesh;
- (i) garments or other textile articles of a kind traditionally made in the cottage industry of Bangladesh and produced solely by hand without the aid of any machine from the fabrics described above;
- (iii) folklore textile products forming part of the particular cultural tradition of Bangladesh made in the cottage industry of Bangladesh solely by hand without the aid of any machine, as defined in a list of such products to be agreed between the two Parties;
- (iv) traditional Bangladesh handicraft batik ⁽¹⁾ fabrics and textile articles made by hand from such batik fabrics without the aid of any machine.

Imports of these products will not be subject to quantitative limits provided that they are covered by a certificate issued by the competent authorities of Bangladesh conforming to the specimen annexed to this Protocol. Such certificate shall indicate the grounds on which exemption is based and shall be accepted by the competent Community authorities provided that they are satisfied that the products concerned conform to the conditions set out in this Protocol. Should imports of any of the above products reach such proportions as to cause difficulties to the Community, the two Parties shall open consultations forthwith in accordance with the procedure laid down in Article 7 of the Agreement with a view to finding a quantitative solution to the problem.

⁽¹⁾ Handicraft batik is produced by a traditional process by which colours and shades are added to a bleached or white fabric. The process is carried out by hand in three stages namely:

- (a) waxing (application of wax by hand to the fabric);
- (b) dyeing painting (application of colour either by the traditional cottage method of dyeing or by hand painting);
- (c) de-waxing (boiling the fabric to remove the wax).

The three stages of the process are repeated on the fabric for each of the colours or shades of the design.

PROTOCOL C

1. Pursuant to Article 5 of the Agreement exports of the textile products listed in the Annex may be made subject to quantitative limits on the conditions laid down in the following paragraphs.

2. Where the Community finds, under the system of administrative control set up, that the level of imports of products in a given category listed in the Annex originating in Bangladesh exceeds, in relation to the preceding year's total imports into the Community from all sources of products in that category, the following rates:

- for categories of products in Group I: 0,5 %,
- for categories of products in Group II: 2,5 %,
- for categories of products in Group III: 5,0 %,

it may request the opening of consultations in accordance with the procedure described in Article 7 of the Agreement, with a view to reaching agreement on an appropriate restraint level for the products in such category.

The Community shall authorize the importation of products of the said category dispatched from Bangladesh before the date on which the request for consultations was submitted.

3. Pending a mutually satisfactory solution, Bangladesh undertakes to limit exports of the products in the category concerned to the Community or to the region or regions of the Community market specified by the Community for a provisional period of three months from the date on which the request for consultations is made. Such provisional limit shall be established at 25 % of the level of imports reached during the calendar year preceding that in which imports exceeded the level resulting from the application of the formula set out in paragraph 2, and gave rise to the request for consultation, or 25 % of the level resulting from the application of the formula set out in paragraph 2, whichever is the higher.

4. Should the Parties be unable in the course of consultations to reach a satisfactory solution within the period specified in Article 7 of the Agreement, the Community shall have the right to introduce a definitive quantitative limit at an annual level not lower than the level resulting from the application of the formula set out in paragraph 2, or 106 % of the level of imports reached during the calendar year preceding that in which imports exceeded the level resulting from the application of the formula set out in paragraph 2 and gave rise to the request for consultations, whichever is the higher.

The annual level so fixed shall be revised upwards after consultations in accordance with the procedure referred to in Article 7 of the Agreement with a view to fulfilling the

conditions set out in paragraph 2, should the trend of total imports into the Community of the product in question make this necessary.

5. Quantitative limits may be fixed on a regional basis where imports of a given product into any region of the Community in relation to the amounts determined in accordance with paragraph 2 exceed the following regional percentage:

Germany	28,5 %
Benelux	10,5 %
France	18,5 %
Italy	15,0 %
Denmark	3,0 %
Ireland	1,0 %
United Kingdom	23,5 %
Greece	2,0 %

6. The annual growth rate for the quantitative limits introduced under this Protocol shall be determined as follows:

for products in categories falling within Group I, II, III, the growth rate shall be fixed by agreement between the Parties, in accordance with the consultation procedure established in Article 7 of the Agreement. Such growth rate may in no case be lower than the highest rate applied to corresponding products under bilateral agreements concluded under the Geneva Arrangement between the Community and other third countries having a level of trade equal to, or comparable with, that of Bangladesh.

7. The provisions of this Article shall not apply where the percentages specified in paragraph 2 have been reached as a result of fall in total imports into the Community, and not as a result of an increase in exports of products originating in Bangladesh.

8. Up to the date of communication of the statistics referred to in Article 4, paragraph 3 of the Agreement, the provisions of paragraph 2 of this Protocol shall apply on the basis of the annual statistics previously communicated by the Community.

9. Quantitative limits introduced under the agreement may be the subject of advance use, carryover and transfers as follows:

- (1) In any Agreement year, advance use of a portion of the quantitative limit established for the following Agreement year is authorized for each category of products up to 5 % of the quantitative limit for the current Agreement year.

Amounts delivered in advance shall be deducted from the corresponding quantitative limits established for the following Agreement year.

- (2) Carryover to the corresponding quantitative limit for the following Agreement year of amounts not used during any Agreement year is authorized for each category of

products up to 5 % of the quantitative limit for the current Agreement year.

(3) Transfers in respect of categories in Group I shall not be made from any category except as follows:

- transfers between Categories 2 and 3 and from Category 1 to Categories 2 and 3 may be made up to 5 % of the quantitative limit for the category to which the transfer is made,
- transfers between Categories 4, 5, 6, 7 and 8 may be made up to 5 % of the quantitative limit for the category to which the transfers is made.

Transfers into any category in Groups II and III may be made from any category or categories in Groups I, II and III up to 5 % of the quantitative limit for the category to which the transfer is made.

(4) The table of equivalence applicable to the transfers referred to above is given in the Annex to the Agreement.

(5) Prior notification shall be given by the authorities of Bangladesh in the event of recourse to the provisions of paragraphs 1, 2 and 3.

COUNCIL REGULATION (EEC) No 3835/85

of 20 December 1985

concerning the conclusion of the Agreement between the European Economic Community and the Republic of India on trade in textile products

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the recommendation from the Commission,

Whereas the Agreement on trade in textile products negotiated between the European Economic Community and the Republic of India should be approved,

HAS ADOPTED THIS REGULATION:

Article 1

The Agreement between the European Economic

Community and the Republic of India on trade in textile products is hereby approved on behalf of the Community.

The text of the Agreement is attached to this Regulation.

Article 2

The President of the Council shall give the notification provided for in Article 19 of the Agreement ⁽¹⁾.

Article 3

This Regulation shall enter into force on the third day following that of its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 December 1985.

*For the Council**The President*

R. KRIEPS

⁽¹⁾ The date of entry into force of the Agreement will be published in the *Official Journal of the European Communities* by the General Secretariat of the Council.

AGREEMENT

between the European Economic Community and the Republic of India on trade in textile products

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

of the one part, and

THE GOVERNMENT OF THE REPUBLIC OF INDIA,

of the other part,

DESIRING to ensure the orderly and equitable development of trade in textile products between the European Economic Community (hereinafter referred to as 'the Community') and the Republic of India, (hereinafter referred to as 'India'),

ON THE BASIS of the Agreement regarding international trade in textiles hereinafter referred to as the Geneva Agreement and in particular Article 4 thereof, as renewed under the Protocol and the conclusions adopted by the Textiles Committee on 22 December 1981,

HAVE DECIDED in a spirit of mutual cooperation to conclude this Agreement and to this end have designated as their Plenipotentiaries:

THE COUNCIL OF THE EUROPEAN COMMUNITIES:

THE GOVERNMENT OF THE REPUBLIC OF INDIA:

WHO HAVE AGREED AS FOLLOWS:

SECTION I

Trade arrangements

Article 1

1. The parties recognize and confirm that, subject to the provisions of this Agreement and without prejudice to their rights and obligations under the General Agreement on Tariffs and Trade, the conduct of their mutual trade in textile products shall be governed by the provisions of the Geneva Arrangement and the Protocol of Extension dated 22 December 1981.

2. In respect of the products covered by this Agreement, the Community undertakes not to introduce quantitative restrictions under Article XIX of the General Agreement on Tariffs and Trade or Article 3 of the Geneva Arrangement.

3. Measures having equivalent effect to quantitative restrictions on the importation into the Community of the products covered by this Agreement shall be prohibited.

Article 2

1. This Agreement shall apply to trade in textile products of cotton, wool or man-made fibres originating in India which are listed in Annex I.

2. The classification of the products covered by this Agreement is based on the nomenclature of the Common Customs Tariff and on the Nomenclature of Goods for the External Trade Statistics of the Community and the Statistics of Trade between Member States (NIMEXE).

3. The origin of the products covered by this Agreement shall be determined in accordance with the rules in force in the Community.

Any amendment to these rules of origin shall be communicated to India and shall not have the effect of reducing any quantitative limit established in Annex II.

The procedures for control of the origin of the products referred to above are laid down in Protocol A.

Article 3

India agrees for each Agreement year to restrain its exports to the Community of the products described in Annex II to the limits set out therein.

Exports of textile products set out in Annex II shall be subject to the double-checking system specified in Protocol A.

Article 4

India and the Community recognize the special and differential character of re-imports of textile products into the Community after processing in India.

Such re-imports may be agreed outside the quantitative limits established under this Agreement provided that they are effected in accordance with the regulations on economic outward processing in force in the Community.

Article 5

With reference to Article 12 (3) of the Geneva Arrangement, the limitations set out in this Agreement will not apply to handloom fabrics of the cottage industry, hand-made cottage industry products made of such handloom fabrics and traditional folklore handicraft textile products provided that these products meet the conditions laid down in Protocol B.

Article 6

1. Imports into the Community of textile products covered by this Agreement shall not be subject to the quantitative limits established in Annex II, provided that they are declared to be for re-export outside the Community in the same state or after processing, under the administrative system of control set up for this purpose within the Community.

However, the release for home use of products imported under the conditions referred to above shall be subject to the production of an export certificate issued by the Indian authorities, and to proof of origin in accordance with the provisions of Protocol A.

2. Where the Community authorities have evidence that imports of textile products have been set off against a quantitative limit established under this Agreement, but that the products have subsequently been re-exported outside the Community, the authorities concerned shall inform the Indian authorities within four weeks of the quantities involved and authorize imports of identical quantities of the same products, which shall not be set off against the quantitative limit established under this Agreement for the current or the following year.

Article 7

1. In any Agreement year, advance use of a portion of the quantitative limit established for the following Agreement year is authorized for each category of products up to 5 % of the quantitative limit for the current Agreement year.

Amounts delivered in advance shall be deducted from the corresponding quantitative limits established for the following year.

2. Carryover to the corresponding quantitative limit for the following Agreement year of amounts not used during any Agreement year is authorized for each category of products up to 5 % of the quantitative limit for the current Agreement year.

3. Transfers in respect of categories in Group I shall not be made from any category except as follows:

- transfers between Categories 2 and 3 and from Category 1 to Categories 2 and 3 may be made up to 5 % of the quantitative limits for the category to which the transfer is made,
- transfers between Categories 4, 5, 6, 7 and 8 may be made up to 5 % of the quantitative limit for the category to which the transfers is made.

Transfers into any category in Groups II and III may be made from any category or categories in Groups I, II and III up to 5 % of the quantitative limit for the category to which the transfer is made.

4. The table of equivalence applicable to the transfers referred to above is given in Annex I.

5. The increase in any category of products resulting from the cumulative application of the provisions in paragraphs 1, 2 and 3 during an Agreement year shall not exceed 15 %.

6. Prior notification shall be given by the authorities in the event of recourse to the provisions of paragraphs 1, 2 and 3.

Article 8

1. Exports of textile products not listed in Annex II may be subject to quantitative limits by India on the conditions laid down in the following paragraphs.

2. Where the Community finds, under the system of administrative control set up, that the level of imports of products in a given category not listed in Annex II originating in India exceeds, in relation to the preceding year's total imports into the Community from all sources of products in that category, the following rates:

- for categories of products in Group I: 0,5 %;
- for categories of products in Group II: 2,5 %;
- for categories of products in Group III: 5,0 %;

it may request the opening of consultations in accordance with the procedure described in Article 17, with a view to reaching agreement on an appropriate restraint level for the products in such category.

The Community shall authorize the importation of products of the said category shipped from India before the date on which the request for consultations was submitted.

3. Pending a mutually satisfactory solution, India undertakes to limit exports of the products in the category concerned to the Community or to the region or regions of the Community market specified by the Community for a provisional period of three months from the date on which the request for consultations is made. Such provisional limit shall be established at 25 % of the level of imports reached during the calendar year preceding that in which imports exceeded the level resulting from the application of the formula set out in paragraph 2, and gave rise to the request for consultation or 25 % of the level resulting from the application of the formula set out in paragraph 2, whichever is the higher.

4. Should the Parties be unable in the course of consultations to reach a satisfactory solution within the period specified in Article 17, the Community shall have the right to introduce a definitive quantitative limit at an annual level not lower than the level resulting from the application of the formula set out in paragraph 2, or 106 % of the level of imports reached during the calendar year preceding that in which imports exceeded the level resulting from the application of the formula set out in paragraph 2 and gave rise to the request for consultations, whichever is the higher.

The annual level so fixed shall be revised upwards after consultations in accordance with the procedure referred to in Article 17, with a view to fulfilling the conditions set out in paragraph 2, should the trend of total imports into the Community of the product in question make this necessary.

5. The limits introduced under paragraph 2 or paragraph 4 may in no case be lower than the level of imports of products in that category originating in India in 1980.

6. Quantitative limits may also be established by the Community on a regional basis in accordance with the provisions of Protocol C.

7. The provisions of this Article shall not apply where the percentages specified in paragraph 2 have been reached as a result of a fall in total imports into the Community, and not as a result of an increase in exports of products originating in India.

8. In the event of the provisions of paragraph 2, 3 or 4 being applied, India undertakes to issue export certificates for products covered by contracts concluded before the introduction of the quantitative limits, up to the volume of the quantitative limit fixed.

9. Up to the date of communication of the statistics referred to in Article 10 (6), the provisions of paragraph 2 of

this Article shall apply on the basis of the annual statistics previously communicated by the Community.

10. The provisions of this Agreement which concern exports of products subject to the quantitative limits established in Annex II shall also apply to products for which quantitative limits are introduced under this Article.

Article 9

1. Where the Community ascertains that the level of imports in a given category of Group I subject to quantitative limits set out in Annex II exceeds in any Agreement year the level of imports in the preceding year by 10 % of the quantitative limit set out in Annex II for the current Agreement year, it may request the opening of consultations in accordance with the provisions described in Article 17 with a view to reaching agreement on:

- the suspension, wholly or in part, of the provisions of Article 7, or
- a modification of the quantitative limit set out in Annex II by the establishment of an *ad hoc* limit below the existing quantitative limit,

as well as the corresponding equitable and quantifiable compensation.

2. The Community shall authorize the importation of products of the said category shipped from India before the date on which the request for consultations was submitted.

Pending a mutually satisfactory solution, India undertakes for a period of one month from the date of notification of the request for consultations, to restrain exports of the products in the category concerned to the Community or to the region or regions of the Community market specified by the Community to one twelfth of the level of exports reached during the preceding calendar year.

3. A quantitative limit modified as a result of the application of paragraph 1 in any year preceding the final Agreement year shall be subject to a growth rate so as to ensure that the level of the quantitative limit set out in Annex II for the final Agreement year is regained in that year.

4. Should the Parties be unable in the course of consultations to reach a satisfactory solution within the period specified in Article 17, India undertakes, if so requested by the Community:

- to suspend wholly or in part, the provisions of Article 7 in respect of the Community or any of its regions for the category concerned, or
- to modify the quantitative limit set out in Annex II for the category concerned so as to restrain exports to the Community or any of its regions to 125 % of imports

attained during the preceding calendar year, or to the level of exports up to the date of the request for consultations plus the level of exports provided for during the consultation period under paragraph 2, whichever is the higher.

Should the provisions of this paragraph be applied, the Community undertakes to maintain an offer of equitable and quantifiable compensation.

The application of the measures provided for in this paragraph is limited to the year in which the measures are taken.

5. The provisions of paragraph 1 shall not apply to a given category unless the quantitative limits established in Annex II for the Community for that category represent at least 2,5 % of total Community imports during 1980.

6. The provisions of paragraph 1 shall not apply to a given category unless the level of imports originating in India during the current Agreement year represent at least 50 % of the quantitative limit set out in Annex II for that category in the Community as a whole or in any region or regions of the Community concerned.

7. Any limit modified in accordance with the provisions of paragraphs 1 or 4 may in no case be lower than the level of imports of products in that category originating in India in 1980.

8. The provisions of this Article also apply where the level referred to in paragraph 1 is exceeded in any of the Community's regions. In such a case the compensation referred to in paragraphs 1 and 4 concern the region or regions of the Community indicated in the Community's request for consultations.

9. With a view to limiting recourse to paragraph 1 of this Article, India undertakes to inform the Community of any sharp and substantial increase in the issue of export certificates for any category which is likely to lead to the fulfilment of the conditions required for the application of this Article.

Article 10

1. India shall supply the Community with precise statistical information on all export certificates issued by the Indian authorities for all categories of textile products subject to the quantitative limits established under this Agreement.

The Community shall likewise supply to the Indian authorities precise statistical information on import authorizations or documents issued by the Community authorities in respect of export certificates issued by India.

2. The information referred to in paragraph 1 shall, for all categories of products, be transmitted before the end of

the second month following the quarter to which the statistics relate.

3. The Community shall likewise supply to the Indian authorities import statistics for all products covered by the system of administrative control referred to in Article 8 (2) and for products covered by Article 6 (1).

4. The information referred to in paragraph 3 shall, for all categories of products, be transmitted before the end of the third month following the quarter to which the statistics relate.

5. Should it be found on analysis of the information exchanged that there are significant discrepancies between the returns for exports and those for imports, consultations may be initiated in accordance with the procedure specified in Article 17.

6. For the purpose of applying the provisions of Articles 8 and 9, the Community undertakes to provide the Indian authorities before 15 April of each year with the preceding year's statistics on imports of all textile products covered by this Agreement, broken down by supplying country and Community Member State.

7. India and the Community will exchange to the extent possible available statistical information on trade in textile products.

Article 11

1. Should there be divergent opinions between India and the competent Community authorities at the point of entry into the Community on the classification of products covered by this Agreement, classification shall provisionally be based on indications provided by the Community, pending consultations in accordance with Article 17 with a view to reaching agreement on definitive classification of the product concerned.

2. If the above provisional classification results in provisional debit against a quantitative limit for a category of products other than the category indicated on the export documents issued by the competent Indian authorities, the Community shall inform India of such provisional debit within 30 days.

3. The authorities of India shall be informed of any amendment to the Common Customs Tariff or Nimexe or any decision, made in accordance with the procedures in force in the Community, relating to the classification of products covered by this Agreement.

Any amendment to the Common Customs Tariff or Nimexe or any decision which results in a modification of the classification of products covered by this Agreement shall not have the effect of reducing any quantitative limit established in Annex II.

The procedures for the application of this paragraph are set out in Protocol A.

Article 12

1. India and the Community agree to cooperate fully in preventing the circumvention of this Agreement.

2. Where information available to the Community as a result of the investigations carried out in accordance with the procedures set out in Protocol A constitutes evidence that products of Indian origin subject to quantitative limits established under this Agreement have been imported into the Community in circumvention of this Agreement, the Community may request the opening of consultations in accordance with the procedures described in Article 17, with a view to reaching agreement on an equivalent adjustment of the corresponding quantitative limits established under the Agreement.

3. Pending the result of the consultations referred to in paragraph 2, India shall as a precautionary measure, if so requested by the Community, make the necessary arrangements to ensure that adjustments of quantitative limits liable to be agreed following the consultations referred to in paragraph 2, may be carried out for the quota year in which the request to open consultations in accordance with paragraph 2 was made, or for the following year if the quota for the current year is exhausted, where clear evidence of circumvention is provided.

4. Should the Parties be unable in the course of consultations to reach a satisfactory solution within the period specified in Article 17, the Community shall have the right, where clear evidence of circumvention has been provided, to deduct from the quantitative limits established under this Agreement amounts equivalent to the products of Indian origin.

Article 13

India shall endeavour to ensure that exports of textile products subject to quantitative limits are spaced out as evenly as possible over an Agreement year, due account being taken, in particular, of seasonal factors.

Article 14

Should recourse be had to the denunciation provisions of Article 19 (4), the quantitative limits established in Annex II shall be adapted on a *pro rata* basis.

Article 15

1. Portions of the quantitative limits established in Annex II not used in one Member State of the Community may be reallocated to another Member State.

The Community undertakes to examine with care and shall reply within four weeks to any request made for reallocation by India. In the event of agreement on such reallocation, the flexibility provisions set out in Article 7 shall continue to be applicable to the levels of the original allocation.

If, in the course of the application of the Agreement, India finds that the break-down of a limit established in Annex II causes particular difficulties, it may request the opening of consultations in accordance with the provisions of Article 17 with a view to reaching a mutually satisfactory solution.

2. Should it appear in any given region of the Community that additional supplies are required, the Community may, where measures taken pursuant to paragraph 1 are inadequate to cover those requirements, authorize the importation of amounts greater than those stipulated in Annex II.

Article 16

India and the Community undertake to refrain from discrimination in the allocation of export certificates and import authorizations or documents referred to in Protocols A and B.

Article 17

1. The special consultation procedures referred to in this Agreement other than those referred to in paragraph 2, shall be governed by the following rules:

- any request for consultations shall be notified in writing to the other Party,
- the request for consultations shall be accompanied, or followed within 15 days, by a statement setting out the reasons and circumstances which, in the opinion of the requesting Party, justify the submission of such a request,
- the Parties shall enter into consultations within one month at the latest of notification of the request, with a view to reaching agreement or a mutually acceptable conclusion within one further month at the latest.

2. The special consultation procedures referred to in Article 9 shall be governed by the following rules:

- any request for consultations shall be notified in writing to the other Party, together with a statement setting out the reasons and circumstances which, in the opinion of the requesting Party, justify the submission of such a request,
- the Parties shall enter into consultations within 15 days at the latest of notification of the request, with a view to reaching agreement or a mutually acceptable conclusion within a further 15 days at the latest.

3. If necessary, at the request of either of the Parties and in conformity with the provisions of the Geneva Arrangement, consultations shall be held on any problems arising from the application of this Agreement. Any consultations held under this Article shall be approached by both Parties in a spirit of cooperation and with a desire to reconcile the difference between them.

Article 18

This Agreement shall apply on the one hand to the territories in which the Treaty establishing the European Economic Community is applied and under the conditions laid down in that Treaty and, on the other hand, to the territory of India.

SECTION II

TRANSITIONAL AND FINAL PROVISIONS

Article 19

1. This Agreement shall enter into force on the first day of the month following the date on which the Contracting Parties notify each other of the completion of the procedures necessary for this purpose. It shall be applicable until 31 December 1986, except that, for the period 1 August to 31 December 1986 this Agreement is subject to both Parties being free to request, at any time, consultations with a view

to proposing revisions in the light of any successor arrangement to the Geneva Arrangement.

2. This Agreement shall apply with effect from 1 January 1983.

3. Either Party may at any time propose modifications to this Agreement.

4. Either party may at any time denounce this Agreement provided that at least 60 days' notice is given. In that event the Agreement shall come to an end on the expiry of the period of notice.

5. The Annexes and Protocols to this Agreement and the Exchange of Letters and the Agreed Minutes accompanying the Agreement shall form an integral part thereof.

Article 20

This Agreement shall be drawn up in two copies in the Danish, Dutch, English, French, German, Greek, Italian and Hindi languages, each of these texts being equally authentic.

PROTOCOL A

TITLE I

CLASSIFICATION

Article 1

1. The competent authorities of the Community undertake to inform India of any changes in the Common Customs Tariff or NIMEXE before the date of their entry into effect in the Community.

2. The competent authorities of the Community undertake to inform India of any decisions relating to the classification of products subject to the Agreement within one month of their adoption at the latest. Such communication shall include:

- (a) a description of the products concerned;
- (b) the relevant category, tariff position or subposition and the NIMEXE code;
- (c) the reasons which have led to the decision.

3. Where a decision on classification results in a change of classification practice or a change of category of any product subject to the Agreement, the competent authorities of the Community shall provide 30 days' notice, from the date of the Community's communication, before the decision is put into effect. Products shipped before the date of application of the decision shall remain subject to the earlier classification practice, provided that the goods in question are presented for importation into the Community within 60 days of that date.

4. Where a Community decision on classification resulting in a change of classification practice or a change of categorization of any product subject to the Agreement affects a category subject to restraint, the two Parties agree to enter into consultation in accordance with the procedures described in Article 17 (1) of the Agreement with a view to honouring the obligation under the second subparagraph of Article 11 (3).

TITLE II

ORIGIN

Article 2

1. Products originating in India for export to the Community in accordance with the arrangements established by the Agreement shall be accompanied by a certificate of Indian origin conforming to the model annexed to this Protocol.

2. The certificate of origin shall be issued by the competent governmental authorities of India if the products

in question can be considered products originating in that country within the meaning of the relevant rules in force in the Community.

3. However, the products in Group III may be imported into the Community in accordance with the arrangements established by the Agreement on production of a declaration by the exporter on the invoice or other commercial document relating to the products to the effect that the products in question originate in India within the meaning of the relevant rules in force in the Community.

4. The certificate of origin referred to in paragraph 1 shall not be required for import of goods covered by a certificate of origin Form A or Form APR completed in accordance with the relevant Community rules in order to qualify for generalized tariff preferences.

Article 3

Where different criteria for determining origin are laid down for products falling within the same category, certificates or declarations of origin will bring out these criteria.

Article 4

The discovery of slight discrepancies between the statements made in the certificate of origin and those made in the documents produced to the customs office for the purpose of carrying out the formalities for importing the product shall not *ipso facto* cast doubt upon the statements in the certificate.

TITLE III

DOUBLE CHECKING SYSTEM FOR CATEGORIES OF PRODUCTS WITH QUANTITATIVE LIMITS

Section I

Exportation

Article 5

The competent authorities of India shall issue an export certificate in respect of all consignments from India of textile products referred to in Annex II of the Agreement, up to the relevant quantitative limits as may be modified by Articles 7, 14 and 15 of the Agreement and of textile products subject to

any definitive or provisional quantitative limits established as a result of the application of Articles 8 and 9 of the Agreement.

Article 6

1. The export certificate shall conform to the model annexed to this Protocol. It must certify *inter alia* that the quantity of the product in question has been set off against the quantitative limit prescribed for the category of the product in question.

2. Each export certificate shall only cover one of the categories of products listed in Annex II of the Agreement. It may be used for one or more consignments of the products in question.

Article 7

The competent Community authorities must be notified forthwith of the withdrawal or alteration of any export certificate already issued.

Article 8

1. Exports shall be set off against the quantitative limits established for the year in which shipment of the goods has been effected, even if the export certificate is issued after such shipment.

2. For the purposes of applying paragraph 1, shipment of the goods is considered to have taken place on the date of their loading.

Article 9

The presentation of an export certificate, pursuant to Article 11, shall be effected not later than 31 March of the year following that in which the goods covered by the certificate have been shipped.

Section II

Importation

Article 10

Importation into the Community of textile products subject to quantitative limits shall be subject to the presentation of an import authorization or document.

Article 11

1. The competent Community authorities shall issue the import authorization or document referred to in Article 10 automatically within five working days of the presentation by the importer of the original or the corresponding export certificate.

The import authorization or document shall be valid for six months.

2. The competent Community authorities shall cancel the already issued import authorization or document if the corresponding export certificate has been withdrawn.

However, if the competent Community authorities are notified of the withdrawal or cancellation of the export certificate only after the products have been imported into the Community, the quantities involved shall be set off against the quantitative limit for the category and the quota year in question.

Article 12

1. If the competent Community authorities find that the total quantities covered by the export certificates issued by India for a particular category in any Agreement year exceed the quantitative limit established in Annex II of the Agreement for that category, as may be modified by Article 7, 14 and 15 of the Agreement, or any definitive or provisional limit established under Article 8 or 9 of the Agreement, the said authorities may suspend the further issue of import authorizations or documents. In this event, the competent Community authorities shall immediately inform the authorities of India and the special consultation procedure set out in Article 17 of the Agreement shall be initiated forthwith.

2. Exports of Indian origin subject to quantitative limits not covered by Indian export certificates issued in accordance with the provisions of this Protocol shall be refused the issue of import authorization or documents by the competent Community authorities.

However, if the import of such products is allowed into the Community by the competent Community authorities, the quantities involved shall not be set off against the appropriate quantitative limits set out in Annex II of the Agreement or established as a result of the application of Articles 8 or 9 of the Agreement, without the express agreement of India save as provided for in Article 12 of the Agreement.

TITLE IV

FORM AND PRODUCTION OF EXPORT CERTIFICATES AND CERTIFICATES OF ORIGIN AND COMMON PROVISIONS

Article 13

1. The export certificate and the certificate of origin may comprise additional copies duly indicated as such. They shall be made out in English or French. If they are completed by hand, entries must be in ink and in printscript. Where the

export certificate and certificate of origin are issued at the same time, the certificate of origin may be a carbon copy of the export certificate.

These documents shall measure 210 × 297 mm. The paper used must be white and must weigh not less than 25 g/m². Each part shall have a printed guilloche-pattern background making any falsification by mechanical or chemical means apparent to the eye.

If the documents have several copies, only the top copy of each document which is the original shall be printed with the guilloche pattern background. This copy shall be clearly marked as 'original' and the other copies as 'copy'. Only this original shall be accepted by the competent authorities in the Community as being valid for the purposes of export to the Community in accordance with the arrangements established by the Agreement.

2. Each export certificate and certificate of origin shall bear a serial number, whether or not printed, by which it can be identified.

This number for the export certificate shall be standardized and composed of the following element:

- two letters identifying India as follows: IN
- two letters identifying country of destination as follows:
 - BL: Benelux,
 - DE: Federal Republic of Germany,
 - DK: Denmark,
 - FR: France,
 - GB: United Kingdom,
 - GR: Greece,
 - IE: Ireland,
 - IT: Italy,
- a one digit number identifying the quota year, corresponding to the last figure in the year, e.g. 3 for 1983,
- a two digit number running consecutively from 01 to 99 identifying the issuing office,
- a five digit number running consecutively from 00 001 to 99 999 allocated to the country of destination.

Article 14

The export certificate and certificate of origin may be issued after the shipment of the products to which they relate. In such cases shall bear either the endorsement 'delivrée a posteriori' or the endorsement 'issued retrospectively'.

Article 15

1. In the event of theft, loss or destruction of an export certificate or a certificate of origin, the exporter may apply to

the competent governmental authority which issued the document for a duplicate to be made out on the basis of the export documents in his possession. The duplicate of any such certificate so issued shall bear the endorsement 'duplicata'.

2. The duplicate must bear the date of the original export certificate or certificate of origin.

TITLE V

ADMINISTRATIVE COOPERATION

Article 16

The Community and India shall co-operate closely to implement the Agreement. To this end, contacts and exchanges of views (including on technical matters) shall be facilitated by both parties, in particular to establish the authenticity and accuracy of documentation required under the provisions of the Agreement.

Article 17

India shall send the Commission of the European Communities the names and addresses of the governmental authorities competent for the issue and verification of export certificates and certificates of origin together with specimens of the stamps used by these authorities. India shall also notify the Commission of any changes in this information.

Article 18

1. Subsequent verification of documentation required under the Agreement shall be carried out at random, or whenever the competent authorities of either party have reasonable doubt as to the authenticity or accuracy of such documentation.

2. In such cases, the competent authorities shall make available relevant documentation or a copy thereof to the competent governmental authority of the other party, giving the reasons of form or substance for an enquiry. If the invoice has been submitted, such invoice or a copy thereof shall be attached to the relevant document(s) or its copy. The authorities shall also forward any information that has been obtained suggesting that the particulars given on the said documentation are inaccurate.

3. The results of the subsequent verifications carried out in accordance with paragraph 1 and 2 shall be communicated to the competent authorities of the other party within three months at the latest together with any other pertinent information.

Should such verifications reveal systematic irregularities in the use of declarations of origin, the Community may subject imports of the products in question to the provisions of Article 2 (1) of this Protocol.

4. For the purpose of subsequent verification of certificates of origin, copies of the certificates as well as any export documents referring to them shall be kept for at least a period of two years by the competent governmental authority in India.

5. Recourse to the random verification procedure specified in this Article must not constitute an obstacle to the release for home use of the products in question.

Article 19

1. Where the verification procedure referred to in Article 18 or where information available to the Community or to

India indicated that the provisions of the Agreement are being contravened, both parties shall cooperate closely and with appropriate urgency to prevent such contravention.

2. To this end, appropriate enquiries shall be carried out, if necessary, concerning operations which are or appear to be in contravention of the Agreement. The results of these enquiries shall be communicated together with other pertinent information.

3. Pursuant to the cooperation referred to in paragraph 1, India and the Community shall exchange any information considered by either party to be of use in preventing the contravention of the provisions of the Agreement.

4. Where it is established that the provisions of the Agreement have been contravened, India and the Community may agree to take such measures as are necessary to prevent a recurrence of such contravention.

PROTOCOL B

1. The exemption provided for in Article 5 of the Agreement in respect of cottage industry products shall apply only to the following products:

- (a) fabrics woven on hand- or foot-operated looms in the cottage industry of India;
- (b) hand-made textile products made in the cottage industry of India from fabrics referred to in (a);
- (c) hand-made garments made in the cottage industry of India from fabrics referred to in (a);
- (d) traditional folklore textile products of India made in the cottage industry of India as defined in the list agreed between both the Parties and annexed to this Protocol.

2. Exemption shall be granted only for products accompanied by a certificate issued by the competent Indian authorities in accordance with the specimen annexed to this Protocol. Such certificates shall state the ground on which exemption is based. Certificates covering products referred to in (d) shall bear a stamp: 'FOLKLORE'.

Agreed list of traditional folklore handicraft textile products of India

Indian items are traditional folklore handicraft textile products, uniquely and historically Indian, made in the cottage industry. They cover the products enumerated below (clothes and clothing accessories, decorative furnishings) and such other items as may be agreed upon from time to time.

I. CLOTHES AND CLOTHING ACCESSORIES

All the garments and accessories listed below are uniquely and historically Indian traditional folklore textile products on account of their similarity in shape and design with those of clothes and accessories traditionally worn in India.

The products listed below must have the following characteristics:

- they are produced in cottage industry unity,
- they do not include zip fasteners,
- they are ornamented in the characteristic Indian folk styles, using any one or more of the following methods:
 - hand-painting or hand-printing or hand-decoration, or handicraft batik or handicraft tie and dye or kalamkari,
 - embroidery or crocheted ornamentation,
 - appliqué work of sequins, glass or wooden beads, shells, mirrors or ornamental motifs of textile
 - extra-weft extra warp ornamentation.

39	NAMDAS	A floor covering with felted woollen surface with or without traditional embroideries in various shapes and sizes

PROTOCOL C

Under Article 8 (6) of the Agreement, a quantitative limit may be fixed on a regional basis where imports of a given product into any region of the Community in relation to the amounts determined in accordance with paragraph 2 of the said Article 8 exceed the following regional percentage:

Germany	28,5 %,
Benelux	10,5 %,
France	18,5 %,
Italy	15,0 %,
Denmark	3,0 %,
Ireland	1,0 %,
United Kingdom	23,5 %,
Greece	2,0 %.

AGREED MINUTES

1. (a) Carryover to the quantitative limits for the year 1983 of amounts not used during the year 1982 is authorized up to 5 % of the corresponding quantitative limits for 1983.
- (b) Advance use of a portion of the quantitative limits for 1983 is authorized for each category of products up to 5 % of the quantitative limit for 1982.
2. The above is subject of agreement between India and the Community to *de facto* application of the Agreement from 1 January 1983.

Article 8 of the Agreement

3. India stated that if the Community sought consultations for a limit on categories 1 and 30b for the European Community as a whole or for any of its regions, India would not agree to such limitations, unless precedent levels of quotas formed the basis for negotiations in determining restraint levels.
4. If the Community seeks consultations for limitations in respect of categories which have been transferred from Groups III to V in the Agreement which expires on 31 December 1982 to Group II in the Agreement for the period beginning 1 January 1983, the Community shall take account of the trigger levels which existed in the Agreement ending on 31 December 1982.

Article 9 of the Agreement

5. In view of the particularly decentralized structure and production capacity of the Indian textile and clothing industry and the pattern of trade between India and the Community, India stated that it would be extremely difficult for India to discharge the obligation envisaged under Article 9 (9). The Community took note of this and expressed understanding and appreciation for this position.

Article 17 of the Agreement

6. As regards the consultation period foreseen in Article 17 (2), India drew attention to the major practical difficulties to which so short a period could give rise in the case of India. The Community expressed understanding for such practical difficulties.

Article 18 of the Agreement

7. As regards Article 18, India expressed profound concern for its trading interests in the markets of the countries currently seeking membership of the Community. India expressed its expectations that such interests would be taken into account in the negotiations which will take place in respect of an adaptation Protocol to the Agreement. The Community took note of this concern.

Article 19 of the Agreement

8. As regards the duration of the Agreement (Article 19 (1)), India and the Community agreed that during the last year of application of the Agreement, consultations may be held between the Parties with a view to considering an extension of the Agreement for a further period of one year up to 31 December 1987 in the light of any successor arrangement to the Geneva Arrangement.
9. Concerning the possible application of Article 19 (3), India expressed its intention to seek a major review of the Agreement during the first half of 1985. The Community took note of India's intention.

Protocol A, Article 8

10. As regards Article 8 (2) of Protocol A, India pointed out that an Indian exporter had no control over the precise timing of departure of goods from India once they had been handed over to the carrier. This is because of the many internal transit stages through which such goods may pass in a country as large as India and also because of shortage of cargo space and transporting capacity.

The Community expressed understanding for these problems and undertook, that, if these difficulties gave rise to quota accounting problems in respect of the passage from one quota year to the next, the Community would enter into consultations in a constructive spirit with a view to finding a mutually acceptable solution.

Protocol A, Article 13

11. As regards Article 13 (2) of Protocol A, India indicated that a different numbering system had recently been introduced in India and that the system had been computerized at considerable expense. India was therefore unable to indicate when the new system could be introduced. The Community took note.

COUNCIL REGULATION (EEC) No 3836/85

of 20 December 1985

concerning the conclusion of the Agreement between the European Economic Community and the Republic of Singapore on trade in textile products

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof;

Having regard to the recommendation from the Commission,

Whereas the Agreement on trade in textile products negotiated between the European Economic Community and the Republic of Singapore should be approved,

HAS ADOPTED THIS REGULATION:

Article 1

The Agreement between the European Economic

Community and the Republic of Singapore on trade in textile products is hereby approved on behalf of the Community.

The text of the Agreement is attached to this Regulation.

Article 2

The President of the Council shall give the notification provided for in Article 19 of the Agreement ⁽¹⁾.

Article 3

This Regulation shall enter into force on the third day following that of its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 December 1985.

For the Council

The President

R. KRIEPS

⁽¹⁾ The date of entry into force of the Agreement will be published in the *Official Journal of the European Communities* by the General Secretariat of the Council.

AGREEMENT

between the European Economic Community and the Republic of Singapore on trade in textile products

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

of the one part, and

THE GOVERNMENT OF THE REPUBLIC OF SINGAPORE,

of the other part,

DESIRING to promote, with a view to permanent cooperation and in conditions providing every security for trade, the orderly and equitable development of trade in textile products between the European Economic Community (hereinafter referred to as 'the Community') and the Republic of Singapore (hereinafter referred to as 'Singapore'),

RESOLVED to take the fullest possible account of the serious economic and social problems at present affecting the textile industry in both importing and exporting countries, and, in particular, to eliminate real risks of market disruption on the market of the Community and real risks of disruption to the textile trade of Singapore,

HAVING REGARD to the Arrangement regarding International Trade in Textiles (hereinafter referred to as 'the Geneva Arrangement'), and in particular Article 4 thereof, and to the conditions set out in the Protocol extending the Arrangement together with the conclusions adopted on 22 December 1981 by the Textiles Committee,

HAVE DECIDED to conclude this Agreement and to this end have designated as their Plenipotentiaries:

THE COUNCIL OF THE EUROPEAN COMMUNITIES:

THE GOVERNMENT OF THE REPUBLIC OF SINGAPORE:

WHO HAVE AGREED AS FOLLOWS:

SECTION I*Article 2***Trade arrangements***Article 1*

1. The parties recognize and confirm that, subject to the provisions of this Agreement and without prejudice to their rights and obligations under the General Agreement on Tariffs and Trade, the conduct of their mutual trade in textile products shall be governed by the provisions of the Geneva Arrangement.

2. In respect of the products covered by this Agreement, the Community undertakes not to introduce quantitative restrictions under Article XIX of the General Agreement on Tariffs and Trade or Article 3 of the Geneva Arrangement.

3. Measures having equivalent effect to quantitative restrictions on the importation into the Community of the products covered by this Agreement shall be prohibited.

1. This Agreement shall apply to trade in textile products of cotton, wool and man-made fibres originating in Singapore which are listed in Annex I.

2. The classification of the products covered by this Agreement is based on the nomenclature of the Common Customs Tariff and on the Nomenclature of Goods for the External Trade Statistics of the Community and the Statistics of Trade between Member States (NIMEXE).

3. The origin of the products covered by this Agreement shall be determined in accordance with the rules in force in the Community.

Any amendment to these rules of origin shall be communicated to Singapore and shall not have the effect of reducing any quantitative limit established in Annex II.

The procedures for control of the origin of the products referred to above are laid down in Protocol A.

Article 3

Singapore agrees for each Agreement year to restrain its exports to the Community of the products described in Annex II to the limits set out therein.

Exports of textile products set out in Annex II shall be subject to the double-checking system specified in Protocol A.

Article 4

Singapore and the Community recognize the special and differential character of re-imports of textile products into the Community after processing in Singapore.

Such re-imports may be agreed outside the quantitative limits established under this Agreement provided that they are effected in accordance with the regulations on economic outward processing in force in the Community.

Article 5

Exports of cottage industry fabrics woven on hand- or foot-operated looms, garments or other articles obtained manually from such fabrics and traditional folklore handicraft products shall not be subject to quantitative limits, provided that these products meet the conditions laid down in Protocol B.

Article 6

1. Imports into the Community of textile products covered by this Agreement shall not be subject to the quantitative limits established in Annex II, provided that they are declared to be for re-export outside the Community in the same state or after processing, under the administrative system of control set up for this purpose within the Community.

However, the release for home use of products imported under the conditions referred to above shall be subject to the production of an export certificate issued by the Singapore authorities, and to proof of origin in accordance with the provisions of Protocol A.

2. Where the Community authorities have evidence that imports of textile products have been set off against a quantitative limit established under this Agreement, but that the products have subsequently been re-exported outside the Community, the authorities concerned shall inform the Singapore authorities within four weeks of the quantities involved and authorize imports of identical quantities of the same products, which shall not be set off against the quantitative limit established under this Agreement for the current or the following year.

Article 7

1. In any Agreement year, advance use of a portion of the quantitative limit established for the following Agreement year is authorized for each category of products up to 5 % of the quantitative limit for the current Agreement year.

Amounts delivered in advance shall be deducted from the corresponding quantitative limits established for the following Agreement year.

2. Carryover to the corresponding quantitative limit for the following Agreement year of amounts not used during any Agreement year is authorized for each category of products up to 5 % of the quantitative limit for the current Agreement year.

3. Transfers in respect of categories in Group I shall not be made from any category except as follows:

- transfers between Categories 2 and 3 and from Category 1 to Categories 2 and 3 may be made up to 5 % of the quantitative limits for the category to which the transfers is made,
- transfers between Categories 4, 5, 6, 7 and 8 may be made up to 5 % of the quantitative limit for the category to which the transfer is made.

Transfers into any category in Groups II and III may be made from any category or categories in Groups I, II and III up to 5 % of the quantitative limit for the category to which the transfer is made.

4. The table of equivalence applicable to the transfers referred to above is given in Annex I.

5. The increase in any category of products resulting from the cumulative application of the provisions in paragraphs 1, 2 and 3 during an Agreement year shall not exceed 15 %.

6. Prior notification shall be given by the authorities of Singapore in the event of recourse to the provisions of paragraph 1, 2 and 3.

Article 8

1. Exports of textile products not listed in Annex II may be made subject to quantitative limits by Singapore on the conditions laid down in the following paragraphs.

2. Where the Community finds, under the system of administrative control set up, that the level of imports of products in a given category not listed in Annex II originating in Singapore exceeds, in relation to the preceding year's total imports into the Community from all sources of products in that category, the following rates:

- for categories of products in Group I: 0,5 %,
- for categories of products in Group II: 2,5 %,
- for categories of products in Group III: 5,0 %,

it may request the opening of consultations in accordance with the procedure described in Article 17, with a view to reaching agreement on a appropriate restraint level for the products in such category.

The Community shall authorize the importation of products of the said category shipped from Singapore before the date on which the request for consultations was submitted.

3. Pending a mutually satisfactory solution, Singapore undertakes to limit exports of the products in the category concerned to the Community or to the region or regions of the Community market specified by the Community for a provisional period of three months from the date on which the request for consultations is made. Such provisional limit shall be established at 25 % of the level of imports reached during the calendar year preceding that in which imports exceeded the level resulting from the application of the formula set out in paragraph 2, and gave rise to the request for consultations or 25 % of the level resulting from the application of the formula set out in paragraph 2, whichever is the higher.

4. Should the Parties be unable in the course of consultations to reach a satisfactory solution within the period specified in Article 17, the Community shall have the right to introduce a definitive quantitative limit at an annual level not lower than the level resulting from the application of the formula set out in paragraph 2, or 106 % of the level of imports reached during the calendar year preceding that in which imports exceeded the level resulting from the application of the formula set out in paragraph 2 and gave rise to the request for consultations, whichever is the higher.

The annual level so fixed shall be revised upwards after consultations in accordance with the procedure referred to in Article 17, with a view to fulfilling the conditions set out in paragraph 2, should the trend of total imports into the Community of the product in question make this necessary.

5. The limits introduced under paragraph 2 or paragraph 4 may in no case be lower than the level of imports of products in that category originating in Singapore in 1980.

6. Quantitative limits may also be established by the Community on a regional basis in accordance with the provisions of Protocol C.

7. The annual growth rate for the quantitative limits introduced under this Article shall be determined in accordance with the provisions of Protocol D.

8. The provisions of this Article shall not apply where the percentages specified in paragraph 2 have been reached as a result of a fall in total imports into the Community, and not as a result of an increase in exports of products originating in Singapore.

9. In the event of the provisions of paragraph 2, 3 or 4 being applied, Singapore undertakes to issue export

certificates for products covered by contracts concluded before the introduction of the quantitative limit, up to the volume of the quantitative limit fixed.

10. Up to the date of communication of the statistics referred to in Article 10 (6), the provisions of paragraph 2 of this Article shall apply on the basis of the annual statistics previously communicated by the Community.

11. The provisions of this Agreement which concern exports of products subject to the quantitative limits established in Annex II shall also apply to products for which quantitative limits are introduced under this Article.

Article 9

1. Where the Community ascertains that the level of imports in a given category of Group I subject to quantitative limits set out in Annex II exceeds in any Agreement year the level of imports in the preceding year by 10 % of the level of the quantitative limit set out in Annex II for the current Agreement year, it may request with a view to avoiding palpable damage to domestic industry the opening of consultations in accordance with the provisions described in Article 17 with a view to reaching agreement on:

- the suspension, wholly or in part, of the provisions of Article 7, or
- a modification of the quantitative limit set out in Annex II by the establishment of an *ad hoc* limit below the existing quantitative limit,

as well as the corresponding equitable and quantifiable compensation which constitutes a mutually acceptable solution.

2. The Community shall authorize the importation of products of the said category shipped from Singapore before the date on which the request for consultations was submitted.

Pending a mutually satisfactory solution, Singapore undertakes for a period of one month from the date of notification of the request for consultations, to restrain exports of the products in the category concerned to the Community or to the region or regions of the Community market specified by the Community to one-twelfth of the level of exports reached during the preceding calendar year.

3. A quantitative limit modified as a result of the application of paragraph 1 in any year preceding the final Agreement year shall be subject to a growth rate so as to ensure that the level of the quantitative limit set out in Annex II for the final Agreement year is regained in that year.

4. Should the Parties be unable in the course of consultations to reach a satisfactory solution within the

period specified in Article 17, Singapore undertakes, if so requested by the Community:

- to suspend wholly or in part, the provisions of Article 7 in respect of the Community or any of its regions for the category concerned, or
- to modify the quantitative limit set out in Annex II for the category concerned so as to restrain exports to the Community or any of its regions to 125 % of imports attained during the preceding calendar year, or to the level of exports up to the date of the request for consultations plus the level of exports provided for during the consultations period under paragraph 2, whichever is the higher.

In the event that the provisions of this paragraph are applied, the Community undertakes to maintain an offer of equitable and quantifiable compensation.

The application of the measures provided for in this paragraph is limited to the year in which the measures are taken.

5. The provisions of paragraph 1 shall not apply to a given category unless the quantitative limits established in Annex II for the Community for that category represent at least 2,5 % of total Community imports during 1980.

6. The provisions of paragraph 1 shall not apply to a given category unless the level of imports originating in Singapore during the current Agreement year represent at least 50 % of the quantitative limit set out in Annex II for that category in the Community as a whole or in any region or regions of the Community concerned.

7. Any limit modified in accordance with the provisions of paragraphs 1 or 4 may in no case be lower than the level of imports of products in that category originating in Singapore in 1980.

8. The provisions of this Article also apply where the level referred to in paragraph 1 is exceeded in any of the Community's regions. In such a case the compensation referred to in paragraphs 1 and 4 will concern the region or regions of the Community indicated in the Community's request for consultations.

9. With a view to limiting recourse to paragraph 1 of this Article, Singapore undertakes to inform the Community of any sharp and substantial increases in the issue of export certificates for any category which is likely to lead to the fulfilment of the conditions required for the application of this Article.

Article 10

1. Singapore shall supply the Community with precise statistical information on all export certificates issued by the Singapore authorities for all categories of textile products subject to the quantitative limits established under this Agreement.

The Community shall likewise supply the Singapore authorities with precise statistical information on import authorization or documents issued by the Community authorities in respect of export certificates issued by Singapore.

2. The information referred to in paragraph 1 shall, for all categories of products, be transmitted before the end of the second month following the quarter to which the statistics relate.

3. The Community shall supply the Singapore authorities with import statistics for all products covered by the system of administrative control referred to in Article 8 (2) and for products covered by Article 6 (1).

4. The information referred to in paragraph 3 shall, for all categories of products, be transmitted before the end of the third month following the quarter to which the statistics relate.

5. Should it be found on analysis of the information exchanged that there are significant discrepancies between the returns for exports and those for imports, consultations may be initiated in accordance with the procedure specified in Article 17.

6. For the purpose of applying the provisions of Article 8 and Article 9, the Community undertakes to provide the Singapore authorities before 15 April of each year with the preceding year's statistics on imports of all textile products covered by this Agreement, broken down by supplying country and Community Member State.

7. Singapore and the Community will on request and to the extent possible exchange available statistical information on trade in textile products.

Article 11

1. In case of divergent opinions between Singapore and the competent Community authorities at the point of entry into the Community on the classification of products covered by this Agreement, classification shall provisionally be based on indications provided by the Community, pending consultations in accordance with Article 17 with a view to reaching agreement on definitive classification of the products concerned.

2. If the above provisional classification results in provisional debit against a quantitative limit for a category of products other than the category indicated on the export documents issued by the competent Singapore authorities, the Community shall inform Singapore of such provisional debit within 30 days.

3. The authorities of Singapore shall be informed of any amendment to the Common Customs Tariff or NIMEXE or any decision, made in accordance with the procedures in force in the Community, relating to the classification of products covered by this Agreement.

Any amendment to the Common Customs Tariff or NIMEXE or any decision which results in a modification of the classification of products covered by this Agreement shall not have the effect of reducing any quantitative limit established in Annex II.

The procedures for the application of this paragraph are set out in Protocol A.

Article 12

1. Singapore and the Community agree to cooperate fully in preventing the circumvention of this Agreement by transshipment, re-routing or whatever other means.

2. Where information available to the Community as a result of the investigations carried out in accordance with the procedures set out in Protocol A constitutes evidence that products of Singapore origin subject to quantitative limits established under this Agreement have been transhipped, re-routed or otherwise imported into the Community in circumvention of this Agreement, the Community may request the opening of consultations in accordance with the procedures described in Article 17, with a view to reaching agreement on a equivalent adjustment of the corresponding quantitative limits established under this Agreement.

3. Pending the result of the consultations referred to in paragraph 2, Singapore shall as a precautionary measure, if so requested by the Community, make the necessary arrangements to ensure that adjustments of quantitative limits liable to be agreed following the consultations referred to in paragraph 2, may be carried out for the quota year in which the request to open consultations in accordance with paragraph 2 was made, or for the following year if the quota for the current year is exhausted, where clear evidence of circumvention is provided.

4. Should the parties be unable in the course of consultations to reach a satisfactory solution within the period specified in Article 17, the Community shall have the right, where clear evidence of circumvention has been provided, to deduct from the quantitative limits established under this Agreement amounts equivalent to the products of Singapore origin.

Article 13

Singapore shall endeavour to ensure that exports of textile products subject to quantitative limits are spaced out as evenly as possible over an agreement year, due account being taken, in particular, of seasonal factors.

Article 14

Should recourse be had to the denunciation provisions of Article 19 (4), the quantitative limits established in Annex II shall be adapted on a *pro rata* basis.

Article 15

1. For the purpose of the administration of this Agreement, the limits referred to in Article 3 are broken down by the Community into shares for each of its Member States.

2. Portions of the quantitative limits established in Annex II not used in one Member State of the Community may be reallocated to another Member State in accordance with the procedures in force in the Community.

The Community undertakes to examine with care and reply within four weeks to any request made for re-allocation by Singapore. In the event of agreement on such re-allocation, the flexibility provisions set out in Article 7 shall continue to be applicable to the levels of the original allocation.

If, in the course of the application of the Agreement, Singapore finds that the breakdown of a limit established in Annex II causes particular difficulties, it may request the opening of consultations in accordance with the provisions of Article 17 with a view to reaching a mutually satisfactory solution.

3. Should it appear in any given region of the Community that additional supplies are required, the Community may, where measures taken pursuant to paragraph 1 are inadequate to cover those requirements, authorize the importation of amounts greater than those stipulated in Annex II.

Article 16

1. Singapore and the Community undertake to refrain from discrimination in the allocation of export licences and import authorizations of documents referred to in Protocols A and B.

2. In implementing this Agreement, the Contracting Parties shall take care to maintain the traditional commercial practice and trade flows between the Community and Singapore.

3. Should either Party find that the application of this Agreement is disturbing existing commercial relations between importers in the Community and suppliers in Singapore, consultations shall be started promptly, in accordance with the procedure specified in Article 17, with a view to remedying this situation.

Article 17

1. The special consultation procedures referred to in this Agreement other than those referred to in paragraph 2, shall be governed by the following rules:

- any request for consultations shall be notified in writing to the other,
- the request for consultations shall be followed within a reasonable period (and in any case not later than 15 days

following the notification) by a statement setting out the reasons and circumstances which, in the opinion of the requesting Party, justify the submission of such a request,

- the Parties shall enter into consultations within one month at the latest of notification of the request, with a view to reaching agreement or a mutually acceptable conclusion within one further month at the latest.

2. The special consultation procedures referred to in Article 9 shall be governed by the following rules:

- any request for consultations shall be notified in writing to the other Party, together with a statement setting out the reasons and circumstances which, in the opinion of the requesting Party, justify the submission of such a request,
- the Parties shall enter into consultations within 15 days at the latest of notification of the request, with a view to reaching agreement or a mutually acceptable conclusion within a further 15 days at the latest.

3. If necessary, at the request of either of the Parties and in conformity with the provisions of the Geneva Arrangement, consultations shall be held on any problems arising from the application of this Agreement. Any conclusions held under this Article shall be approached by both Parties in a spirit of cooperation and with a desire to reconcile the difference between them.

Article 18

This Agreement shall apply, on the one hand, to the territories in which the Treaty establishing the European

Economic Community is applied and under the conditions laid down in that Treaty and, on the other hand, to the territory of Singapore.

SECTION II

Transitional and final provisions

Article 19

1. This Agreement shall enter into force on the first day of the month following the date on which the Contracting Parties notify each other of the completion of the procedures necessary for this purpose. It shall be applicable until 31 December 1986.

2. This Agreement shall apply with effect from 1 January 1983.

3. Either Party may at any time propose modifications to this Agreement.

4. Either Party may at any time denounce this Agreement provided that at least 90 day's notice is given. In that event, the Agreement shall come to an end on the expiry of the period of notice.

5. The Annexes and Protocols to this Agreement and the Exchange of Letters accompanying the Agreement shall form an integral part thereof.

Article 20

This Agreement shall be drawn up in two copies in the Danish, Dutch, English, French, German, Greek and Italian languages, each of these texts being authentic.

PROTOCOL A

TITLE I

CLASSIFICATION

Article 1

1. The competent authorities of the Community undertake to inform Singapore of any changes in the Common Customs Tariff or NIMEXE before the date of their entry into effect in the Community.

2. The competent authorities of the Community undertake to inform Singapore of any decisions relating to the classification of products subject to the Agreement within one month of their adoption at the latest. Such communication shall include:

- (a) a description of the products concerned,
- (b) the relevant category, tariff position or sub-position and the NIMEXE code,
- (c) the reasons which have led to the decision.

3. Where a decision on classification results in a change of classification practice or a change of category of any product subject to the Agreement, the competent authorities of the Community shall provide 30 days' notice, from the date of the Community's communication, before the decision is put into effect. Products shipped before the date of application of the decision shall remain subject to the earlier classification practice, provided that the goods in question are presented for importation into the Community within 60 days of that date.

4. Where a Community decision on classification resulting in a change of classification practice or a change of categorization of any product subject to the Agreement affects a category subject to restraint, the two parties agree to enter into consultations in accordance with the procedures described in Article 17 (1) of the Agreement with a view to honouring the obligation under the second subparagraph of Article 11 (3).

TITLE II

ORIGIN

Article 2

1. Products originating in Singapore for export to the Community in accordance with the arrangements established by the Agreement shall be accompanied by a certificate of Singapore origin conforming to the model annexed to this Protocol.

2. The certificate of origin shall be issued by the competent governmental authorities of Singapore if the

products in question can be considered products originating in that country within the meaning of the relevant rules in force in the Community.

3. The certificate of origin referred to in paragraph 1 shall not be required for import of goods covered by a certificate of origin Form A or Form APR completed in accordance with the relevant Community rules in order to qualify for generalized tariff preferences.

Article 3

Where different criteria for determining origin are laid down for products falling within the same Category, certificates or declarations of origin shall contain a sufficiently detailed description of the goods to enable the criterion to be determined on the basis of which the certificate was issued or the declarations drawn up.

Article 4

The discovery of slight discrepancies between the statements made in the certificate of origin and those made in the documents produced to the customs office for the purpose of carrying out the formalities for importing the product shall not *ipso facto* cast doubt upon the statements in the certificate.

TITLE III

DOUBLE-CHECKING SYSTEM FOR CATEGORIES OF PRODUCTS WITH QUANTITATIVE LIMITS

Section I

Exportation

Article 5

The competent authorities of Singapore shall issue an export certificate in respect of all consignments from Singapore of textile products referred to in Annex II, up to the relevant quantitative limits as may be modified by Articles 7, 14 and 15 of the Agreement and of textile products subject to any definitive or provisional quantitative limits established as a result of the application of Articles 8 and 9 of the Agreement.

Article 6

1. The export certificate shall conform to the model annexed to this Protocol. It must certify *inter alia* that the

quantity of the product in question has been set off against the quantitative limit prescribed for the category of the product in question.

2. Each export certificate shall cover only one of the categories of products listed in Annex II to the Agreement. It may be used for one or more consignments of the products in question.

Article 7

The competent Community authorities must be notified forthwith of the withdrawal or alternation of any export certificate already issued.

Article 8

1. Exports shall be set off against the quantitative limits established for the year in which shipment of the goods has been effected, even if the export certificate is issued after such shipment.

2. For the purposes of applying paragraph 1, shipment of the goods is considered to have taken place on the date of their loading on to the exporting aircraft, vehicle or vessel.

Article 9

The presentation of an export certificate, in application of Article 11, shall be effected not later than 31 March of the year following that in which the goods covered by the certificate have been shipped.

Section II

Importation

Article 10

Importation into the Community of textile products subject to quantitative limits shall be subject to the presentation of an import authorization or document.

Article 11

1. The competent Community authorities shall issue the import authorization or document referred to in Article 10 automatically within five working days of the presentation by the importer of the original of the corresponding export certificate.

The import authorization or document shall be valid for six months.

2. The competent Community authorities shall cancel the already issued import authorization or document if the corresponding export certificate has been withdrawn.

However, if the competent Community authorities have not been notified of the withdrawal or cancellation of the export certificate until after the products have been imported into the Community, the quantities involved shall be set off against the quantitative limit for the category and the quota year in question.

Article 12

1. If the competent Community authorities find that the total quantities covered by export certificates issued by Singapore for a particular category in any Agreement year exceed the quantitative limit established in Annex II for that category, as may be modified by Article 7, 14 and 15 of the Agreement, or any definitive or provisional limit established under Article 8 or 9 of the Agreement, the said authorities may suspend the further issue of import authorizations or documents. In this event, the competent Community authorities shall immediately inform the authorities of Singapore and the special consultation procedure set out in Article 17 of the Agreement shall be initiated forthwith.

2. Exports of Singapore origin not covered by export certificates issued in accordance with the provisions of this Protocol may be refused the issue of import authorizations or documents by the competent Community authorities.

However, if the import of such products is allowed into the Community by the competent Community authorities, the quantities involved shall not be set off against the appropriate quantitative limits set out in Annex II or established as a result of the application of Articles 8 or 9 of the Agreement without the express agreement of Singapore save as provided for in Article 12 of the Agreement.

TITLE IV

FORM AND PRODUCTION OF EXPORT CERTIFICATES AND CERTIFICATES OF ORIGIN, AND COMMON PROVISIONS

Article 13

1. The export certificate and the certificate of origin may comprise additional copies duly indicated as such. They shall be made out in English or French. If they are completed by hand, entries must be in ink and in printscript.

These documents shall measure 210 × 297 mm. The paper used must be white writing paper, sized, not containing mechanical pulp weighing not less than 25 g/m². Each part

shall have a printed guilloche-pattern background making any falsification by mechanical or chemical means apparent to the eye.

If the documents have several copies only the top copy which is the original shall be printed with the guilloche pattern background. This copy shall be clearly marked as 'original' and the other copies as 'copy'. Only the original shall be accepted by the competent authorities in the Community as being valid for the purposes of export to the Community in accordance with the arrangements established by the Agreement.

2. Each document shall bear a standardized serial number, whether or not printed, by which it can be identified.

This number shall be composed of the following elements:

- two letters identifying Singapore as follows: SG,
- two letters identifying countries of destination as follows:
 - BL: Benelux
 - DE: Federal Republic of Germany
 - DK: Denmark
 - FR: France
 - GB: United Kingdom
 - GR: Greece
 - IE: Ireland
 - IT: Italy,
- a one digit number identifying quota year, corresponding to the last figure in year, e.g. 3 for 1983,
- a two digit number running consecutively from 01 to 99 identifying the issuing office,
- a five digit number running consecutively from 00001 to 99999 allocated to the country of destination.

Article 14

The export certificate and certificate of origin may be issued after the shipment of the products which they relate. In such cases they shall bear either the endorsement 'delivrée a posteriori' or the endorsement 'issued retrospectively'.

Article 15

1. In the event of theft, loss or destruction of an export certificate or a certificate of origin, the exporter may apply to the competent governmental authority which issued the document for a duplicate to be made out on the basis of the export documents in his possession. The duplicate of any such certificate so issued shall bear the endorsement 'duplicata'.

2. The duplicate must bear the date of the original export certificate or certificate of origin.

TITLE V

ADMINISTRATIVE COOPERATION

Article 16

The Community and Singapore shall cooperate closely to implement the provisions of the Agreement. To this end, contacts and exchanges of views (including on technical matters) shall be facilitated by both parties.

Article 17

In order to ensure the proper application of the Agreement, the Community and Singapore shall assist each other in checking the authenticity and accuracy of export certificates and certificates of origin issued under this Protocol.

Article 18

Singapore shall send the Commission of the European Communities the names and addresses of the governmental authorities competent for the issue and verification of export certificates and certificates of origin together with specimens of the stamps used by these authorities. Singapore shall also notify the Commission of any change in this information.

Article 19

1. Subsequent verification of certificates of origin or export certificates carried out at random, or whenever the competent Community authorities have reasonable doubt as to the authenticity of a certificate or as to the accuracy of the information regarding the products in question.

2. In such cases, the competent authorities in the Community shall return the certificate of origin or export certificate or a copy thereof to the competent governmental authority in Singapore giving, where appropriate, the reasons of form or substance for an inquiry. If the invoice has been submitted, such invoice or a copy thereof shall be attached to the certificate or its copy. The authorities shall also forward any information that has been obtained suggesting that the particulars given on the said certificates are inaccurate.

3. The results of the subsequent verifications carried out in accordance with paragraphs 1 and 2 shall be communicated to the competent authorities of the Community within three months at the latest together with any other pertinent information.

4. For the purpose of subsequent verification of certificates of origin, copies of the certificates as well as any

export documents referring to them shall be kept for at least a period of two years by the competent governmental authority in Singapore.

5. Recourse to the random verification procedure specified in this Article must not constitute an obstacle to the release for home use of the products in question.

Article 20

1. Where the verification procedure referred to in Article 19 or where information available to the Community or to Singapore indicates, or appears to indicate, that the provisions of the Agreement are being contravened, both Parties shall cooperate closely and with the appropriate urgency to prevent such contravention.

2. To this end, appropriate inquiries shall be carried out, if necessary, concerning operations which are or appear to be in contravention of the Agreement. The results of these inquiries shall be communicated together with other pertinent information.

3. By agreement between the Community and Singapore, officials designated by the Community may be present at the inquiries referred to in paragraph 2.

4. In pursuance of the cooperation referred to in paragraph 1, Singapore and the Community shall exchange any information considered by either party to be of use in preventing the contravention of the provisions of the Agreement.

5. Where it is established that the provisions of the Agreement have been contravened, Singapore and the Community may agree to take such measures as are necessary to prevent a recurrence of such contravention.

PROTOCOL B

1. The exemption provided for in Article 5 of the Agreement in respect of cottage industry products shall apply only to the following products:

- (a) fabrics woven on hand- or foot-operated looms, being fabrics of a kind traditionally made in the cottage industry of Singapore;
- (b) garments or other textile articles of a kind traditionally made in the cottage industry of Singapore obtained manually from the fabrics referred to above and sewn exclusively by hand without the aid of any machine;
- (c) traditional folklore textile products of Singapore made by hand in the cottage industry of Singapore as defined in a list to be agreed between both Parties and annexed to this Protocol.

Exemption shall be granted only for products accompanied by a certificate issued by the competent Singapore authorities in accordance with the specimen annexed to this Protocol. Such certificates shall state the ground on which exemption is based and shall be accepted by the competent Community authorities provided that they are satisfied that the products concerned conform to the conditions set out in this Protocol. Certificates covering the products referred to in paragraph (c) above shall bear a conspicuous stamp: 'FOLKLORE'. In case of divergent opinion between Singapore and the competent Community authorities at the point of entry into the Community as to the nature of such products, consultations shall be held within one month with a view to resolving such divergences. Should imports of any of the above products reach such proportions as to cause difficulties to the Community, the two Parties shall open consultations forthwith in accordance with the procedure laid down in Article 17 of the Agreement with a view to finding a quantitative solution to the problem.

2. The provisions of Title IV and V of Protocol A shall apply *mutatis mutandis* to the products referred to in paragraph 1.

PROTOCOL C

Under Article 8 (6) of the Agreement, a quantitative limit may be fixed on a regional basis where imports of a given product into any region of the Community in relation to the amounts determined in accordance with paragraph 2 of the said Article 8 exceed the following regional percentage:

Germany	28,5 %,
Benelux	10,5 %,
France	18,5 %,
Italy	15,0 %,
Denmark	3,0 %,
Ireland	1,0 %,
United Kingdom	23,5 %,
Greece	2,0 %.

PROTOCOL D

The annual growth rate for the quantitative limits introduced under Article 8 of the Agreement shall be determined as follows:

For products in categories falling within Groups I, II and III, the growth rate shall be fixed by agreement between the Parties in accordance with the consultation procedure established in Article 17 of the Agreement. Such growth rate may in no case be lower than the highest rate applied to corresponding products under bilateral agreements concluded under the Geneva Arrangement between the Community and other third countries having a level of trade equal to, or comparable with, that of Singapore.

EXCHANGE OF LETTERS

between the European Economic Community and the Republic of Singapore concerning re-imports referred to in Article 4 of the Agreement

Brussels, . . .

Sir, . . .

I refer to Article 4 (2) of the Agreement between the European Community (hereinafter referred to as 'the Community') and the Republic of Singapore (hereinafter referred to as 'Singapore') on trade in textile products (hereinafter referred to as 'the Agreement'), initialled on 23 November 1982. In this connection, I have the honour to propose that re-imports into the Community of products listed in the Annex should be subject to the provisions of the Agreement except as specifically provided for by the particular provisions set out below:

1. Only re-imports into the Community subject to the specific quantitative limits set out in the Annex, as may be modified by the application of paragraphs 2 and 3 shall be considered re-imports in the sense of Article 4 (2).
2. Re-imports not covered by the Annex may be submitted to specific quantitative limits following consultations in accordance with the procedures set out in Article 17 of the Agreement, provided the products concerned are subject to the quantitative limits established under the Agreement.
3. The Community may, at its own discretion, and bearing in mind the interest of both parties, or in the framework of a request for consultations from Singapore in accordance with the procedures set out in Article 17 of the Agreement:
 - (a) examine the possibilities of transfers between categories and advance use or carry-over of portions of specific quantitative limits from one year to another;
 - (b) consider the scope for reallocating portions of any specific quantitative limits not used in one region of the Community to another region in accordance with the procedures in force in the Community.
4. The Community shall inform Singapore of any measures taken pursuant to the preceding paragraph.
5. Debiting against a specific quantitative limit referred to in paragraph 1 shall be carried out by the competent authorities of the Community at the time of issuing of the prior authorization provided for by the Community Regulation on economic outward processing (Regulation (EEC) No 636/82). A specific quantitative limit shall be debited for the year in which a prior authorization is issued.
6. A certificate of origin shall be issued for all products covered by the present exchange of letters by Singapore in accordance with the provisions of Protocol A of the Agreement, bearing a reference to the prior authorization referred to in paragraph 5 as evidence that the processing operation described in the prior authorization has been carried out in Singapore.
7. The Community shall provide Singapore with the names, addresses and the specimens of stamps used by the competent authorities of the Community for the issue of the prior authorizations referred to in paragraph 5.
8. Notwithstanding the provisions of paragraphs 1 to 7 above, Singapore and the Community will continue to consult together to seek a mutually acceptable means to enable both parties to take advantage of the OPT provisions in the Agreement with a view to effective development of trade in textiles between Singapore and the Community.
